

## Chapter 160

Jason ran over and squeezed into the crowd. He pulled Ivy back and asked with concern, 'Ivy, are you all right?'

Ivy was crying loudly. She threw herself into Jason's arms, "Cousin-in-law, he... they want to take me away to 'have fun'. They also said that if I don't sleep with them, I have to pay twenty million yuan.'

Uwah!

Ivy cried sadly.

Jason comforted her for a while, 'All right, all right. Leave it to me. It's all right.'

Ivy rubbed her tearful eyes and asked cautiously, 'Really? Twenty million? Cousin-in-law, do you have so much money?'

Jason shrugged. He turned to look at the arrogant young people and said coldly, 'It's just twenty million yuan. Who said you could take her away like this?'

The leader in a white shirt sneered and sized Jason up. He pointed at Jason and scolded, 'Who the f\*ck are you?! How dare you f\*cking peasant poke your nose in where it doesn't belong!'

'What the f\*ck! Is that guy f\*cking blind?!'

'The f\*ck you saying? Take a good f\*cking look. Our Brother Lang just bought this Ferrari Enzo, and your cousin-in-law totaled it!'

The young men started chastising Jason arrogantly.

Not only them, a lot of onlookers also joined in.

'This is the girl's brother-in-law. I think he's also a loser. What is he wearing?'

'Holy cr\*p! How could a poor man like him afford twenty million yuan?'

'No way he can! I remember seeing the famous prodigal son, Leander, buying a used Enzo for forty-five million yuan this morning on TikTok!'

Everyone's eyes widened. They looked at the man in the white shirt. 'F\*ck, he's Leander the prodigal son? Then these two are finished!'

'That's right. I remember there was a rich kid's son

who offended Leander. He was beaten into a pulp. His family also went bankrupt.'

The crowd gossiped.

Jason looked at the broken Ferrari Enzo next to him and frowned.

'It's really an Enzo!'

And it was the Enzo Jason sold.

If he was not mistaken, this car had been specially customized for him by Ferrari themselves. There were some car parts that was engraved with his own name.

Jason bought all the Enzos in China. Some were given away, and some were sold after he ruined a part of it.

Jason felt a little helpless. He knew what was probably going on.

Ivy was hiding behind Jason like a frightened child.

Now she was counting on Jason. After all, Jason knew Bruce.

'How do you want to deal with this?' Jason also knew that Ivy had done something wrong, so he

said humbly.

Leander snorted and then stepped up to Jason. He grabbed Jason's collar very provocatively and said ferociously, 'You don't have the f\*cking right to speak here. Your cousin-in-law crashed my car. Who do you think you are? Scram!'

As he scolded, Leander suddenly pushed Jason away. 'You da\*mn peasant f\*cking pretending to be rich!'

'F\*\*k! What are you staring at? F\*\*k you! Get out!'

'Why are you looking at me? Imma mess you up!'

Leander's followers spat at Jason and cursed him.

They chose to ignore Jason. They walked to Ivy and said with a smile, 'Let's go, hottie. If you don't sleep with Brother Lang today, I'm afraid we won't let you leave. Are you really going to ask your loser cousin-in-law to pay your twenty million yuan? Look at him. He doesn't look like someone who can afford even twenty yuan.'

Ivy looked at Jason with fear. She stamped her feet and shouted, 'Don't you know Bruce? Call him over!'

'What is Jason doing? Why is he dawdling?!'

'He isn't trying to see me make a fool out of myself, right?'

Ivy was irritated at him because Jason came alone.

'No way! I told him it was a big deal. How could he have come here alone? He didn't even bring anyone to help.'

'What the h\*ll? An idiot like him, knowing Bruce Scott?' Several of them laughed.

Leander also shook his head. He thought it was a joke

Jason practically had 'loser' written all over him. A glance was enough to know that he was incompetent.

How could such a guy know Bruce?

'Are you kidding me?'

'Yes, my cousin-in-law knows Bruce! Are you scared? Let me go quickly! If you want money, you can ask it from him. Anyway, this car is not mine. My cousin-in-law lent it to me.'

Ivy did not care about it. She was really scared

and put all the blame on Jason.

If they managed to find her parents and asked for twenty million yuan, her dad and mom would kill her!

Jason was stunned. He didn't expect Ivy betraying him all of a sudden.

She looked like someone who betrayed her boyfriend.

Leander and others burst into laughter.

'Buddy, did you hear that? Your cousin-in-law has sold you out.'

'Holy cr\*p! You're really so pathetic. Such a loser. You rushed here just to be abandoned by your cousin-in-law. What a joke.'

Jason shook his head in disappointment as he faced their mockery.

He wanted to help Ivy, but now, Jason didn't want to.

Jason stood aside and did nothing.

Ivy was anxious now. She quickly twisted her hips and walked over. She said unhappily, 'What are you doing? I called you to help me solve the

problem. I thought you know Bruce Scott. Hurry up and call him over, or I'll tell my cousin about that!

Jason was impressed. With how stupid Ivy was, Jason was impressed that she knew she was asking for help. She could ask in a better way.

'Sorry, I don't know Bruce. What you saw last time was purely a coincidence.' Jason shrugged.

'What? You don't know him?!

Ivy's hairs stood on end and her mouth was wide open. Her eyes were full of doubt and anger!

Could it be that Jason had lied to her the whole time?

'He didn't know Bruce at all!

'Then how did he get the Ferrari?'

'You're lying! Then how did you get this Ferrari?'

Ivy was about to go crazy.

If Jason didn't know Bruce, she would be dragged to 'have fun' with Leander today!

'Oh, my God!

'I'm just a fragile girl. How can I take on so many...'

'I have told you that this car is not mine, but you

don't believe me. Now, not only do you have to pay twenty million yuan, you also have to pay for the repair fees.' Jason shrugged. He didn't want to help Ivy anymore.

It was time to teach this mean cousin-in-law a lesson. Otherwise, she would never learn.

She would be dead if she went into the real world with that kind of arrogant attitude.

'Ah!'

Ivy was stunned and stamped her feet in a hurry. 'Why didn't you tell me earlier? What should I do now? It's more than twenty million yuan, uwah...'

Ivy was terrified. She squatted on the street and cried with no regard for her image.

Jason waited for her to cry for a while and sighed. He was just about to go over and negotiate with the young men again.

However, Ivy suddenly stood up and ran away. She shouted as she ran, 'The car belongs to him. You can ask him for compensation!'

Everyone was dumbfounded.

In that instant, Ivy was gone.

'What the f\*ck!'

'D\*mn it!'

Jason cursed. He saw Leander leading the young men coming to him. They didn't look like they were going to ask Jason for a tea session. Their fists were clenched.

'Hey, bro, your cousin-in-law has run away. It's twenty million yuan. Are you going to pay for it?' Leander said fiercely.

Jason hurriedly took a few steps back and said with a smile, 'Hey... Let's talk it over calmly. No need for violence...'

'Calm my a\*\*? Mess him up! F\*\*k!'

As soon as Leander shouted, the young men pounced on Jason.

Thump!

'Ah!'

Wrong choice.

In less than three minutes.

'F\*ck, f\*ck, f\*ck. Alright, alright. Stop beating me up. I was wrong...'

Leander and others were beaten to the ground by Jason. He grabbed Leander's arm and pressed him to the ground. Then he took out his mobile phone from his pocket and asked, 'Is Colton Fan your father?'

'That's right! You better f\*cking let go of me! Hurry up and kneel down to apologize to my brothers, or I will kill you!' Leander immediately said fiercely. He didn't want to yield to Jason.

Jason pressed down harder and Leander immediately screamed, 'Ouch, it hurts. Brother, be gentle!'

Jason didn't want to talk to him, so he dialed Colton's number. A shout came from the other end of the phone. 'You d\*mned brat, did you make trouble for me again?'

'It's me, Jason,' Jason said awkwardly.

'Mr... Mr. Smith?!'

Colton, who was at the Rock Dragon Mount racing track, stood up from the second floor office with excitement on his face. 'Mr. Smith, what do you want to see me about?'

Now Colton was very sure that Jason was the

mysterious God of Cars who disappeared seven years ago.

Colton did a lot of investigations, and yet he only gleaned little news.

The mysterious God of Cars came from a big family!

And this family was powerful!

'I crashed your son's car. You want to take care of it?' Jason said.

'Okay, okay, I'll be right there.'

Colton hung up in a hurry and drove to the scene of the accident.

Meanwhile, in the Dragon City Villa's Palace No.1.

Amanda and others had been looking around for more than half a day. The whole time they did, they screamed at everything they saw. It was just like a country bumpkin entering the city for the first time.

It was a standard Roman courtyard combined with pillar yards. The elegant columns in the courtyard were built from white Greek marble. In the middle of the courtyard, there was a small

bronze sculpture fountain. The crystal water droplets splashed on the surrounding roses, shining charmingly in the sun.

The whole courtyard was filled with a romantic and luxurious atmosphere.

The magnificent ancient castle was extremely extravagant. Anyone who stayed there would feel like they were living in the Imperial Castle.

The floor was paved with black marble and the tiles were as bright as mirrors. Besides that, the villa also had gorgeous crystal chandeliers, pure black sandalwood tables made of glass, and imported famous branded cushions. It had exquisite carved wardrobes and all other kinds of world famous luxury brands.

Even a rich lady like Luciana, screamed after seeing the internal design of Palace No.1. She wished she could live there.

'Oh, I'm going to the restroom.'

Amanda suddenly clutched her stomach and asked the maid who had been following them around.

Luciana turned up her nose in disgust, 'Filthy

peasant.'

Then her and Jasephine continued to look around with their arms around each other's shoulders.

On the other hand, Amanda finally finished peeing. When she came out of the bathroom, she lost her way.

The house was too big for her to recognize. She walked through the door of a room on the second floor in a daze.

Amanda gently pushed open the door and was attracted by the luxurious decorations in the room.

Only an ancient imperial concubine could live in this kind of room.

Amanda was moved. She glanced at it and saw the custom made Chanel bedhead of the luxury large double bed with a wedding photo hanging over it.

The man was handsome, and the woman was beautiful. They looked very affectionate.

Thud!

Amanda was shocked!

This... why were the wedding photos of Cindy and Jason here?!
