

CHAPTER 821

"Let's go!" The family of three supported each other at this moment and turned to leave.

But at this moment, Chen Fei said, "Wait a minute! Things are not over yet!" As soon as this remark came out, everyone's eyes focused on Chen Fei.

Yu Baiyun shouted sharply: "What do you want to do with the surname Chen?"

Yu Baihai and Ren Rong were also puzzled at the moment.

Yu Cangshan was even more serious with an old face, staring at Chen Fei with a vigilant face, and said with a deep

voice : "You, what do you want to say?" Chen Fei snorted, saying : "Sister Qing Mei, leave your Yu family. It 's not something that goes out of the house. "

" And, Qingmei's family of three has contributed to the Yu family for so many years. Do you want to seize it? "

" What do you mean by this? " Yu Baiyun immediately became sensitive.

Chen Fei politely said, "What does it mean? Sister Qing Mei left Yu's house, she should also leave with what she deserves."

"Family traitor, but also want to take property away! This is impossible!" Yu Baiyun Drink immediately.

Chen Fei heard and sneered: "Traitor? It's ridiculous. Do you think I don't know the situation of the Yu family? Over the years, the Yu family's business is not at its peak, and the situation is constantly deteriorating. The status of the Yu family, the Yu family has long since fallen. "

" Now, Sister Qing Mei is leaving. Then she should give her Ome Jewelry Company to her and leave together! "

" This

is impossible! "

Yu Baiyun and Yu Qingshan father and son spoke excitedly.

Yu Cangshan's face also sank at the moment, staring at Chen Feidao: "Ome Jewelry is an industry I created, and my property, no one can take it away."

"You created it?" Chen Fei sneered sarcastically, "You are sorry to say Qingmei Jewelry is your property? Who did n't know that the original Ome Jewelry was just a small company.

For so many years, Ome Jewelry was developed and strengthened by Sister Qing Mei 's one person. ”

“ You now say Ome Jewelry The company is your property, do you still need an old face? ”

" Bold! "Yu Baiyun and Yu Qingshan shouted sharply.

Chen Fei froze his eyes and said, "Do you want to start?"

Suddenly, the excited two were directly frightened back.

At this time, Yu Qingmei gently pulled Chen Fei and whispered: "Chen Fei, I don't want to stay in this place anymore. Qingmei Jewelry Company, just don't get it back."

Chen Fei squeezed gently Yu Qingmei's hand said softly, "Okay, let's leave. But I assure you, Qingmei Jewelry Company must be Qingmei's sister, no one can take it away."

Yu Cangshan said with a cold snort. Shen Shen said: "Green plum jewelry is the property of my Yu family, and no one can take it away."

"Yes, then you can give it a try!" Chen Fei was right.

Yu Cangshan said: "Young people, martial arts strength is martial arts strength, and commercial ability is commercial ability. Do n't think that you can do whatever you want with two

subordinates . The world of business, you do n't understand!" I seem to have heard that this Mr. Chen has opened several companies in Longjiang City. It seems that there is some intersection between the business and my Yujia business. I think that Longjiang City is quite good. Development and development there. ”

Yu Cangshan nodded and said:“ This is a good suggestion, and I will consider it carefully. ”

This statement is already a clear threat, and we must fight Chen Fei for business.

Chen Fei was not afraid, and said coldly: "If you want to fight business, then come, I am waiting for you."

After that, Chen Fei turned and took Yu Qingmei's hand, ready to leave.

Yu Cangshan and others looked at their backs, their faces varied, and their expressions changed.

But at this moment, someone from outside stepped forward quickly and said anxiously: "Master, there is a guest."

"What kind of guest? Such a panic." Yu Cangshan said coldly.

The next person breathlessly said: "Yes, it is Yue Qiaoxi and Yue Lao, the masters of the Yue family."

Upon hearing these two names, Yu Cangshan, who was originally looking serious, was suddenly taken aback. Waving, "Yue Family Master and Yue Lao, what are you still doing stunned. Hurry up, please come in!" The

next man quickly turned around and ran back.

And what Yu Cangshan thought of, walked quickly out of the hall, "No, I have to greet myself. You all follow me to go out to greet

Master Yue and Yue Lao." At this time, Yu Baiyun glanced at Chen Fei and his party, and moved to Yu Cangshan: "Dad, this time the Yue family is coming, I am afraid it is because of Qing Mei's confession of marriage. If the second brother and his family leave now, etc. We can't explain to the Yue family now. "

Yu Cangshan heard the discoloration and immediately said: "Stop them and don't allow them to leave! "

"Yes!" Yu Baiyun nodded and immediately gave his son Yu Qingshan a glance. .

Yu Qingshan quickly ran out, and led people to stop Chen Fei, "You, don't go."

"What do you mean? We have nothing to do with the Yu family, why can't we leave!" Yu Qingmei was angry, meaning.

Yu Qingshan said: "Yuejia's head and Yuelao are here to blame, it's all Qing Ma's responsibility. Before you coax the Yue family, don't want to go anywhere!"

"Go back with me now!"

At this time, Yue Qiaoxi and Yue Qingwu had entered the courtyard, and Yu Cangshan greeted him with a smile. At the same time, I did not forget to quickly wink at this side, prompting Yu Qingshan to quickly bring Yu Qingmei over to make a guilt.

"Yue's master, Yue Lao, the two of them are here, Peng Xun Shenghui!" Yu Lao nodded and bowed in compliment.

This man who seemed very tough in front of his family just now, in front of Yue's family, bowed his knees as if he were laid off.

Yue Qingwu groaned, but was a little surprised, "When did Yu Cangshan come to Yuqing City?"

Yu Cangshan worried about Yue Qingwu's blame for the marriage and quickly took the initiative to say: "Lao Yue, I have no way to discipline, let the younger generation to make such outrageous things. " "

I learned things Huihun Mae green, immediately rush over. Mae green was about to take his wife's family to abject apology, I did not expect Yue old you personally come. "

then, Yu Cangshan looked over and shouted, "What did he do, but he didn't come to ask Yue Lao for

guilt ." Yue Qiaoxi and Yue Qingwu heard the shouts, and their eyes naturally looked over.

Aoyama seeing Yu, greatly worried, teeth and whispered: "? . Come on, you did not hear the words of my grandfather quickly in the past to apologize,"

Yu Qing Mei did not speak, but added Chen Fei Yu directly slapped the face of Castle Peak, the He fell to the ground, then looked at Yue Qiaoxi and Yue Qingwu, ordering lightly: "You are here, come here!"

CHAPTER 822

Everyone in the Yu family was shocked when they saw Chen Fei's attitude. After being surprised, what rushed from my heart was boundless anger and fear.

They were angry that Chen Fei did not know what to do, so dare to have such an attitude towards the Yue family. The fear is that Chen Fei annoys the Yue family, I am afraid that they will be involved in the Yu family.

Suddenly, almost all the men of Yu's family drank hard.

Yu Baiyun raised his son Yu Qingshan and stared at Chen Fei fiercely, saying: "Bold fanatics, do you dare to beat my son, looking for death?"

Yu Cangshan sternly shouted, "Come here, catch this rude person He got up and escorted to Yue Lao to admit his mistake. "

Just as they shouted, the Yus were ready to start their hands on Chen Fei.

At this time, Yue Qiaoxi and Yue Qingwu suddenly stood up and yelled to Yu Cangshan and Yu Baiyun: "Stop it!"

Such a drink made Yu Baiyun and Yu Cangshan stunned. Somehow, they looked at the Yue family. With cautious worries, he said: "Yue's master, Yue Lao, this kid is very arrogant and offended the two of

us-- " After waiting for the two of them to finish, Yue Qingwu stared at him fiercely and shouted, "Give me Shut up! "

Then, Yue Qingwu stepped towards Chen Fei step by step.

In such a situation, Yu Cangshan could not help but be puzzled and puzzled.

However, Yu Baiyun immediately opened his eyes and said smartly: "Father, don't worry. It must be the guy who angered Yue Lao. Yue Lao is going to teach him by his own hands."

Yu Cangshan couldn't help but nodded with a smile. With a complacency on his face, he whispered: "I am looking for my own way. Now, no one can save him."

After that, Yu Cangshan said with some worry: "It's better not to involve our Yu's family."

Just when his words fell, Yue Qingwu and Yue Qiaoxi had come to Chen Fei.

The eyes of everyone in the Yu family also looked at it, preparing to see how the two learned Chen Fei.

But immediately, a scene that surprised them happened.

Yue Qiaoxi and Yue Qingwu did not teach Chen Fei as they imagined. Instead, he stood respectfully in front of Chen Fei, bowed and bowed and said, "Mr. Chen is good!"

"Ah, what the hell is going on?" Yu Qingshan dumbfounded.

"Isn't it wrong, Master Yue and Yue Lao, how did you fly to Chen Fei?" Yu Baiyun was also surprised at this time.

"This, this—" Yu Cangshan was completely speechless, and his face was full of surprise.

Even Yu Baihai, who was standing with Chen Fei, was surprised at the moment. He looked at Chen Fei incredulously, and the glasses on the bridge of his nose had to slide down. "What the hell happened, how could Qing Mei, Mr. Chen— "

Yu Qingmei looked at his father with a smile and said, "Dad, Mr. Chen's identity and strength are far beyond your imagination. "

At this moment, Yu Cangshan walked briskly with surprise Come over, cautiously ringing Yue Qiaoxi and Yue Qingwu asked, "Yue's master, Yue Lao, how are you going to treat him like this? Is there something wrong?"

Yue Qingwu heard the words and suddenly stared at him hard. Li Li said: "What are you talking about? In front of Mr. Chen, you can't just salute."

"Mr. Chen? Confused.

Yue Qiaoxi looked at them, sneered, and said, "Lao Yu, Master Yu. Don't you know what happened at the wedding?"

Yu Cangshan, they were confused, and did not know what was going on. Can only turn his head to look at Kang Bihua and Yu Qin who attended the Yue family wedding. "What happened at the wedding?"

Kang Bihua and Yu Qin looked nervous and ugly, and quickly explained to Yu Cangshan, "At the wedding day, "Mr. Chen He"

waited for Yu Cangshan to listen to the explanations of Kang Bihua and Yu Qin. The whole person was completely stupid, and looked at Chen Fei's eyes, full of incredible colors.

"He, he turned out to be a special instructor of the Linglong organization. Even our leader of the Linglong in Yuxi province, Captain Xu, was his subordinate!"

"And the Zhong family was even swayed by him. His product turned out It was valued by Director Qi. "

" Not only that, he actually defeated Yue Lao. That's how old Yue Yue

at the prefecture level is. How old is he, and he is actually a master at the prefecture level. " Qin added another sentence at this time, saying: "Now, 80% of the Yue family's property is already owned by Mr. Chen. It can be said that the Yue family is now owned by Mr. Chen."

"And, the Longyuan medicine at Perak Gate Tian was also transferred to Mr. Chen by Chang

Zhang . " Hearing this, Yu Cangshan was even more shocked. They opened their mouths at the moment, and they couldn't close at the moment.

Yue Family, Perak Gate. These two forces are the top two forces in the west of Chongqing. As a result, now they are all in Chen Fei's pocket.

For a time, Yu's family looked at Chen Fei, his face was shocked, and he had no idea what to say.

Yu Baiyun couldn't help but blame Kang Bihua and Yu Qin: "Why don't you tell us such a big thing early?"

Kang Bihua couldn't help but look at Old Yu, and he was somewhat dissatisfied and said: "What happened at noon, you were already on the plane at that time. After you arrived, we wanted to say that at the time. But dad he would not let us women We could n't find a chance to talk about the family 's affairs. "

Yu Baiyun suddenly looked stiff, glanced at his father, his mouth moved, and finally he could n't say anything.

At this moment, Grandpa Yu's serious cheeks changed indefinitely, and finally he sighed and walked towards Chen Fei, bowing his head and bending down: "Mr. Chen, I'm sorry,

I-- " Chen Fei looked at Grandpa Yu who apologized , His face was cold, and he directly waved a real breath, holding up Mr. Yu, and then said coldly: "You don't have to worship me, I have nothing to do with your Yu's family." Mr.

Yu was choked, saying no Speak up.

Yu Baiyun also stepped forward at this time, with

a flattering opening, saying : "Mr. Chen, Qing Mei ---" Chen Fei said coldly, directly interrupting Yu Baiyun's words, saying: "Sister Qing Mei has already been with you The Yu family has nothing to do with it. It was very clear just now. "

" Of course, I said, I will definitely get it back for Qingmei Jewelry Company of Qingmei Sister. "

Yu Baiyun's face was stiff, I don't know How to deal with it, can only look at the old man.

Old Lao Yu sighed and said: "Ome Jewelry Company, we will go through the transfer procedures as soon as possible."

Chen Fei nodded, then looked at Yue Qiaoxi and Yue Qingwu, and said, "What are you doing?"

CHAPTER 823

"Mr. Chen, what you asked me to check before now has clues." Yue Qiaoxi said, "Please also ask Mr. Chen to talk to our Yue family."

Chen Fei thought of the missing body of Yue Qiaoyu and the broken domino He couldn't help but moved his head and nodded, "Well, let's go!"

Immediately, Chen Fei took Yu Qingmei's family of three, and left with the respectful companionship of Yue Qiaoxi and Yue Qingwu.

In the villa, Yu Cangshan and others looked at the back of Chen Fei's group and left, standing blankly at the same place.

Yu Qingshan hadn't recovered from the shock just now, murmured: "How come, that Chen Fei, how is it possible?"

Kang Bihua looked at Ren Rong, envious, "The second brother raised a family Good daughter, even climbed to this level of gangster. Later, they developed. "

Yu Qin heard, could not help but whispered: "Originally, we also have the opportunity to climb this big tree. But now, trouble to do so, we - "

Yu Baiyun suddenly frowning, unhappy, said: "to say this, what is there now things are now, we can only manage their up. "

Yu Qin said: "Chen Fei manage their easier said than done it?. is already dominant in the province we WESTERN. if anyone else we know well and Chen Fei Yu family relations, without opening his many partners, I am afraid we will take the initiative and cut off relations with it! "

Hearing this, even Yu Bai Yun couldn't help but change his complexion, vaguely thinking of something terrible.

"Three sisters, you can speak these cool words now. When the family decided Qingmei married Yue Qiaoyu before. You haven't fully supported it." Yu Baiyun said displeasedly.

"Brother, what do you mean? Do you blame me for this?" Yu Qin said displeasedly.

Seeing that the two were about to quarrel, at this time, Yu Lao shouted loudly, "Shut up for me."

The crowd fell silent and all looked at the old man.

The old man was silent for a while, and finally gave a long sigh, always with a serious face, and now he sank, "Don't be noisy anymore, it's all my fault. It's my fault. It's my fault. It's also deserving of such a result. "

Dad, don't say that, we--" Yu Baiyun persuaded.

Yu Qin also hurriedly said, "Dad, we still have a chance. We

can-- " Old Mr. Yu shook his head and said: "This level of people is not something we can compete with. Next, everything about the family company is all I '

“I’ll leave it to you. I’ll go back to the country.” After saying this, old man Yu supported his cane and turned to leave.

At this moment, this stubborn and tough old man seemed to be a lot older, and the pace of supporting crutches was a little shaky.

Everyone in the Yu family sighed in the end, and finally could only silently follow the old man and turned away.

On the other side, Chen Fei and they came to the Yue family. Settling in, the Qingmei family, Chen Fei, Yue Qiaoxi, and Yue Qingwu came to the meeting room.

Without turning around, Chen Fei directly asked about the disappearance of Yue Qiaoyu’s body. “Say, what did you investigate?”

Yue Qiaoxi immediately took out a stack of information and said: “We launched the forces that the whole province can launch and consulted. Camera information. Eventually captured the situation at that time!”

Then, Yue Qiaoxi opened a video and played it directly.

Chen Fei looked at the video screen, it was Yue’s backyard. It was not long after Chen Fei’s wedding, and the Yue family was in chaos. Yue Qiaoyu’s body was carried into the backyard and placed next to a pool of water, ready to be processed again.

As a result, in the short time when the next man left, two black shadows suddenly appeared in the backyard, directly rolled up the body of Yue Qiaoyu with a roll of black cloth, and then quickly crossed the courtyard wall and disappeared quickly.

The whole action came down, only less than three minutes, fast and process, at first glance is the master’s action.

A few minutes later, the next man came back and found the missing body of Yue Qiaoyu, and at the same time found the broken domino beside the pool. This is what happened afterwards.

Chen Fei looked at the skull masks of the two men in black in the video, his eyes condensed, and there was a little more seriousness in his expression.

There is no doubt that the man in black who snatched Yue Qiaoyu’s body is the one from the Skull and Bones Society.

Moving his eyes away from the video, Chen Fei asked: “Now, where did they find them?”

Yue Qiaoxi nodded and said, “We found the local traffic control department in Yuxi Province and used traffic cameras to capture their tracks.”

" After they stole Yue Qiaoyu's body, they immediately drove away from Yuqing City. Not long ago, someone sent a message saying that they finally stayed in Xiwu City. Now, we have told the people in Xiwu City , Staring at them. "

" Xiwu City! "

Chen Fei felt somewhat familiar with the name. After thinking for a while, I thought of this city of Xiwu, which happened to be Yang Miaomiao's hometown.

Thinking of this, Chen Fei said: "Since that is the case, then I will go to Xiwu City."

Yue Qiaoxi immediately said: "Mr. Chen, I will go with you."

Chen Fei shook his head and said: "No, just go by myself. Your goal is too big. If you go together, you may be surprised. "

" You will do information security work later . If you have any news, please notify me as soon as possible. "

"Yes!" Yue Qiaoxi nodded, "I will let the people in Xiwu City do the welcoming work."

"Well! That's it! Without further ado, I'll leave today." Chen Feidao.

Yue Qiaoxi and Yue Qingwu nodded, then got up and prepared to leave.

At this time, Chen Fei thought of something, and wrote a prescription, and handed it to Yue Qiaoxi, saying: "By the way, help me catch the auxiliary medicine, I am useful."

"Yes!" Although Yue Qiaoxi was puzzled, he still accepted After the prescription, he left immediately.

After the matter was confirmed, Chen Fei did not delay time and came out to explain the situation with Yu Qingmei.

Then, Chen Fei took Yue Qiaoxi to grab the medicine, went directly to the hotel, found Yang Miaomiao and handed the medicine to Yang Miaomiao.

"Thank you Brother Chen!" Yang Miaomiao was very grateful and immediately prepared to leave.

But at this time, Chen Fei stopped her and said, "Miao Miao, wait a minute, I will go with you."

"Let's go together?" Yang Miaomiao was puzzled and looked at Chen Fei in a puzzled way.

Chen Feidao: "Your home is in Xiwu City, I will go there too."

"Brother Chen, you are going to Xiwu City!" Yang Miaomiao looked at Chen Fei in surprise and asked aloud, "Brother Chen, What are you doing in Xiwu City? "

Chen Fei said:" Some things have to be dealt with. It's not too late. I'm going to start now. Can you be ready? "

Yang Miaomiao nodded again and again," Well, my luggage is ready You can go at any time. "

" Okay! Then let's go! "Chen Fei said, and the two left immediately.

CHAPTER 824

Xiwu City is a small city on the border of Western Chongqing Province, and there is no airport, so Chen Fei and Yang Miaomiao can only go by train.

It took about six hours by train. When Chen Fei and Yang Miaomiao arrived in Xiwu City, it was already night.

Yang Miaomiao's home is in a town called Heinigou below Xiwu City. It's getting late and there are no cars driving to the town.

Therefore, the two planned to find a small hotel near the train station for one night, and then take the bus back to Heinigou tomorrow.

On the way, Yang Miaomiao called the family and wanted to inform her mother in advance. However, the phone has been turned off, maybe the parents have fallen asleep. Yang Miaomiao didn't think much, and walked to the small hotel next to him with Chen Fei.

The small hotels around the train station are full of bright lights, and some girls in exposed clothes are leaning against the door. They are constantly flirting with passers-by who come and go, obviously doing that kind of business.

Chen Fei will not choose this kind of small hotel. Instead, I walked a little longer and found a small three-story hotel that looked pretty good at a distance.

The hotel in Xiaocheng didn't have so many troublesome procedures. When Chen Fei and Yang Miaomiao came in and didn't take out the documents, they directly paid to open two rooms.

When Yang Miaomiao was sent into the room, Chen Fei told him, "Resume early, and we will start early tomorrow."

Then, Chen Fei returned to the room, took a shower, and prepared to go to bed.

But at this moment, there was a knock on the door outside the door. Chen Fei thought Yang Miaomiao had something to do, so he stepped forward and opened the door.

As a result, a girl with thick makeup and bright makeup leaned on the door and spoke Mandarin in a dialect, saying: "Brother, do you need service?"

Chen Fei did not expect to find a regular hotel as much as possible. In fact, I frowned, and then waved my hand: "No, I don't need service."

With that said, Chen Fei will close the door. But the girl grabbed the door with one hand. The charming woman threw a glamorous look towards Chen Fei, deliberately pulled the collar, revealing a white, saying: "Brother, we have many service items, you can also choose according to your needs! Price It 's not expensive, just four hundred yuan a night. "

Chen Fei said a little louder, " I said, no. You do n't want to go anymore, I called the police. "When

Chen Fei called the police, the girl suddenly Can only let go. At the same time, he glanced at Chen Fei obliquely, whispering: "Fake man,"

said the girl, knocking on the door of the other room.

Chen Fei closed the door, shook his head, and lay in bed, ready to fall asleep.

I don't know how long it took, when Chen Fei was about to fall asleep. Suddenly, a slight click sound rang, and then a figure touched it quietly, walked to Chen Fei's bed, and lay down on the bed.

Chen Fei woke up instantly and sat up suddenly, pushing the other side away and shouting, "Who is it!"

At the same time, Chen Fei turned on the light in the room, and suddenly saw a woman lying beside her bed. Looking closer, it was the exposed girl who knocked on the door.

"How did you come in? What do you want to do?" Chen Fei stared at the girl and snorted sharply.

The girl was shocked, her complexion changed, and then she ignored the others. She rushed towards Chen Fei's bed and shouted, "Come in!"

Suddenly, three strong men rushed in from outside the room, one of them holding the camera , Clicked to shoot. The other two came towards Chen Fei fiercely, drinking vigorously.

"Damn, who are you, and dare to bully my sister!"

"What's the matter with this woman who bullied me?"

"Do you want to call the police or lose money?"

The three men gathered around and snarled Chen Fei.

The girl, with a sullen look, cried and said: "He, he bullied me. He tears my clothes to force me"

"Boy, lose money, otherwise, we call the police, tell you to rape, let you enter Squatted for decades. "One person shouted fiercely while striking the table with a steel pipe, his attitude was very fierce.

Seeing this scene, Chen Fei could not understand what was going on, which was obviously a fairy jump.

The girl approached deliberately, and then a group of men came back to catch the rape and demanded a loss of money.

Moreover, the door of his room was locked, but he was opened by the other party. Explain that this group of people is clearly colluded with the hotel, maybe they have given them the room card, and directly open the door to come in and blackmail.

Chen Fei looked at the silent appearance, the other some displeasure, and was another pounding steel, shouted: "?! Boy, talk ah is losing money or alarm,"

"forced my sister about it, I tell you, It's not a small one. Without 50,000 yuan, things are not settled. "Several men threatened fiercely.

But at the moment, Chen Fei looked exceptionally calm. He looked at them coldly and said, "The fairy jumps, so old-fashioned means, are you sure you want to blackmail me?"

"Boy, what nonsense, lose money to Lao Tzu!" Already impatient, he reached over and prepared to grab Chen Fei's bag and clothes directly.

Seeing this, Chen Fei dropped his eyes and shouted, "You'd better let go, otherwise, you'll regret it."

"Boy, it's time for this, and dare to speak harshly. Lao Tzu abolishes you!" The other party's steel pipe smashed towards Chen Fei.

Chen Fei banged directly with a punch, and with a bang, Chen Fei's fist collided with the opponent's steel pipe.

Immediately afterwards, the steel pipe of the other party's arm's thickness was hit by Chen Fei's fist, and Chen Fei's fist was unscathed.

At this time, the other party was suddenly stunned. "This, so possible, the steel pipes are all--"

"No matter, go together!" The other party gritted his teeth.

The three strong men threw over and wanted to beat Chen Fei. But Chen Fei snorted with a snort, and directly bombarded with fists and feet.

After a crackling sound, the three of them were beaten and their faces were swollen, and they fell to the ground in wailing, their faces covered with fear.

The last girl looked at Chen Fei in horror at the moment, her face was full of fear, begging for mercy: "Brother, brother. I am forced, I am not with them, you do n't want to beat me, Brother,

I-- " Chen Fei will ignore it and will start.

And at this moment, a figure appeared

at the door and shouted : "Brother Chen, are you okay!" Chen Fei looked up and saw Yang Miaomiao standing carefully at the door, with a worried expression on his face Looked over.

"Miao Miao, I'm fine." Chen Fei said.

Yang Miaomiao came in, looked at the ground brawny, his face still some lingering fear of color, "I have just heard here was feeding the sound of fighting, fear Chen brother you, so take a look."

Chen Fei Yang Miao Miao said: "Don't worry, it's just a few little thieves playing fairy jumps."

CHAPTER 825

After that, Chen Fei would throw out the girl and beat it up.

But when Chen Fei upcoming hands, he girl looked up Yang Miaomiao, suddenly stumbled rushed towards Yang Miaomiao, "Miao Miao, I, you quickly save me!"

Hear the voice Yang Miaomiao couldn't help but stunned, staring at the girl for a few moments, frowning slightly, as if identifying the other party.

Girl seeing this, quickly shouted: ".. Yangmiao Miao, Xu Ling I was your junior high school students sitting behind you that I remember the days when you and your squad leader Yang Fei sit together"

to hear the girl say In such detail, Yang Miaomiao's complexion suddenly changed. She thought of something and was surprised: "You are Xu Ling, I remembered it."

"Yes, yes, I am Xu Ling. Miao Miao, save me, I don't— — "Xu Ling quickly said.

At this time, Yang Miaomiao looked at Chen Fei.

Chen Fei also looked over and said: "She is really your classmate."

Yang Miaomiao nodded and said: "It is a junior high school classmate."

Xu Ling quickly said: "This big brother, I know Miao Miao. Please Please, forgive me once. "

Chen Fei still looked cold, looking at Xu Ling coldly, and said:" Take your business and call me truthfully. "During the

speech, Chen Fei called the police and opened it at the same time. Mobile phone recording function.

Seeing this, Xu Ling couldn't help but change her complexion, her expression was a bit ugly. After all, Chen Fei's posture clearly wants to send her in!

Suddenly, Xu Ling looked at Yang Miaomiao again, showing a pleading look. Yang Miaomiao glanced at Chen Fei, then turned his head back, and finally shook his head, saying: "Xu Ling, if you really do something wrong, you must be responsible. Brother Chen will not injustice good people, you say it! "

Xu Ling's face sank, and a touch of hatred flashed in her eyes. But immediately seeing Chen Fei's cold eyes, he hurriedly bowed his head, and then spoke about how his gang colluded with the hotel, how to cheat guests, and how to divide the stolen goods.

After talking, Yang Miaomiao couldn't help but look surprised, looked at Xu Ling, and said: "Xu Ling, how can you do this kind of deceiving thing, you--"

Xu Ling was disgruntled at the moment. Xiang Yang Miaomiao said displeasurly: "Yang Miaomiao, you can't save it if you die. Now you still say these rhetoric in front of me, what's that!"

"Xu Ling, I don't, I just--" Miao wants to defend.

But Xu Ling at this time only had resentment in her heart and could not listen to Yang Miaomiao's words at all. "You don't need to be hypocritical. For so many years, you still have such a fake and

compassionate look. Disgusting." .

"Miao Miao, there is no need to cry for such a person." Chen Fei comforted.

Yang Miaomiao nodded, and by this time, the police had arrived. Chen Fei and the police explained the situation, and the police took Xu Ling away.

Just as Xu Ling was about to be taken away, she turned her head and stared at Yang Miaomiao resentfully, saying: "Yang Miaomiao, you are back this time to prepare to see your dad. But, you may see you again

"I ca n't reach her anymore." "What!" Yang Miaomiao was shocked and couldn't help but rushed over. "Xu Ling, what do you mean? What happened to my dad, you

said— " But Xu Ling at the moment , But shut his mouth tightly and said nothing, saying nothing. Immediately, she was taken away by the police.

At the moment, Yang Miaomiao was restless, and his face was full of anxiety, "Brother Chen, my father,

I-- " Chen Fei patted Yang Miaomiao's shoulder and said calmly: "Don't worry, first Call someone familiar to ask about the situation. "

"Yes, yes, make a call, make a call!" Yang Miaomiao recovered and quickly returned to her room to take out her mobile phone and started calling.

The mother's phone was still shut down, and Yang Miaomiao called her relatives immediately.

Finally, a call is connected, Yang Miaomiao anxious father asked about the situation, "Uncle, I'm Miao Miao. I returned to the city of West Hollywood, and my dad at home? How about his illness?"

Phone that Head, Erbo was a little surprised: "Miao Miao, your dad went to the hospital to see a doctor, don't you know? Your mom didn't tell you?"

"What, my dad was hospitalized! My mom didn't tell me ! Erbo, what is going on? "Yang Miaomiao asked anxiously.

Erbodao: "Three days ago, your dad's condition suddenly deteriorated, and our town's health clinic couldn't cure it, so I sent it to the city. I lived in the city's first hospital and hit the bottle, which was finally stable.

My condition. Now, your parents are still in the first hospital in the city! " " The first hospital in the city, I know, Erbo, thank you. "Yang Miaomiao thanked, and then hung up.

"How is it? Miao Miao!" Chen Fei asked.

Yang Miaomiao side rushed back to the room to collect her things, side and said: "Chen brother, my dad disease progression, just hospitalized in a city hospital, I would go to him."

Chen Fei heard this, quickly said: "Do not worry, I'm with you

Let's go together. " Immediately, Chen Fei and Yang Miaomiao packed their bags and left the hotel directly. They quickly rushed to the first hospital in Xiwu City.

At the same time, Xu Ling, who was taken to the police station, said: "Comrade police, I asked to make a phone call to contact my family."

Subsequently, Xu Ling made a call, "Lei Shao, I am Xiao Ling. I have A message is for you. "

"Yang Miaomiao is back and back to Xiwu City. I just saw her in the hotel next to the train station and was with a young man. Now, I should go to the first hospital of the city now."

"I, I'm at the police station! Lei Shao, please! Thank you so much! "

Chen Fei and Yang Miaomiao arrived at the first hospital in the city, it was already over eleven o'clock in the night. However, the hospital is still brightly lit, and people are busy.

Two people came to the hospital, Yang Miaomiao went straight to the front desk, asked: "?? Hello, may I ask, is there no one called Young red flag of the patients in your hospital ward where he is,"

the front desk nurse was dozing Yang Miao Miao's anxiety gave a shock, showing an unpleasant expression, pointing to the registration window next to it, formulating the opening: "To see a doctor, first go to the window to register."

"I don't see a doctor, I come to find someone Yang Hongqi, 42 years old, from Heinigou, Xiwu City. "Yang Miaomiao said anxiously.

The nurse waved impatiently: "Without this person, you need to find someone, go to the police station, we are a hospital!"

"No, no, my second uncle said, my dad lives in a hospital in the city—" Yang Miaomiao said anxiously.

"I don't know your second uncle, nor your dad. If you don't leave, I will call the security guard." The nurse said impatiently.

Yang Miaomiao was anxious, and Chen Fei was angry, clapping his hands on the desk in the front desk, making a bang, "Is this your hospital service attitude? We are family members of patients, we need to see patients!"

CHAPTER 826

The nurse at the front desk was startled, but then stared at him fiercely and said, "You are making trouble again, I'm calling the police!"

Chen Fei was really angry when he saw this, and no matter what else, he leaned forward straight forward Holding the nurse's neck, shouted sharply: "I will ask you to check Yang Hongqi, did

you hear that?" "You let me go, let me go!" The nurse struggled.

Chen Fei's eyes were scarlet, and the hand that strangled the other's neck was harder. He said coldly: "Can't check!"

Feeling more and more tight, I felt that my breathing became more and more difficult. The little nurse was really scared. He nodded quickly and squeezed a word from his throat. "

Check- " Chen Fei suddenly let go and put her down.

The nurse suddenly coughed violently and couldn't help but glared at Chen Fei, but after being glared by Chen Fei's fierce eyes, he hurriedly bowed his head and started to query on the computer.

In less than half a minute, the results of the inquiry came out. The nurse said: "There is indeed a patient named Yang Hongqi, on the third floor."

"Which ward?" Yang Miaomiao asked hurriedly.

The nurse's face changed and said, "No, there is no ward."

"No ward, what does that mean?" Yang Miaomiao wondered.

Chen Fei vaguely thought of something, and pulled Yang Miaomiao upstairs and said, "Go up and see and you will know."

Immediately, the two flew upstairs. And the nurse at the front desk, looking at the back of the two leaving, filled his face with resentment, and called out angrily.

Arriving on the third floor, the two found the ward directly from the nearest ward.

However, several wards were found, but no trace of Yang Miaomiao's father was found.

While the two were in doubt, suddenly there was a clamoring noise in the front corridor.

"Dr. Qi, please, let my husband live this night! Tomorrow, we will pay the money."

"Tomorrow, then come to live tomorrow!"

Hearing the sound, the two quickly walked towards the front corridor. Walked over.

Turning over an aisle, they found out that in the back row of corridors, many beds were placed in the corridors, and some patients just hung water on the corridors.

Some patients don't even have beds, they can only put some cardboard and newspapers in the corner of the corridor and sit on the ground to get an injection.

At this time, in the corner at the end of the corridor, a young doctor in his thirties was arguing with a plain-dressed peasant woman.

The peasant woman pleaded with her voice and said to the doctor: "Dr. Qi, it's cold this day. It's so late again. My husband's physical condition is not good. You drove us out, what should we do?"

Dr. Qi Putting his hands in the pockets of the white coat, his voice said coldly: "That's your business, what does it have to do with me. Pack up and move out immediately."

"Doctor Qi, I beg you!" The peasant woman almost knelt down. Too.

At this time, some of the patients and their families could not see it anymore, and they began to speak out.

"Doctor, would no longer night, no big deal, right!"

"Yes ah, this time, will be taken away, that is to human life ah!" "That

is, you this doctor, how such a cold-blooded ah?"

This Qi As soon as the doctor heard everyone's words, he turned his head and sneered, saying, "You remember, this is a hospital, a place to collect money for treatment, not a charity, we are not obliged to help the poor."

"Also, who dare to say one more word, I let him go out together. The bed in our hospital in the city can be precious, there is no shortage of patients." Doctor Qi said with pride in his voice.

All the patients and their families could not help expressing anger in their eyes, but they dared not say anything. After all, they were really afraid that Dr. Qi would drive them away.

For a time, the corridor was quiet.

Dr. Qi snorted, looked at the peasant woman again, and waved: "I will give you a quarter of an hour to pack up and leave. Otherwise, then I will call the security guards to catch up."

Then, Dr. Qi turned around Going to leave.

Behind him, the peasant woman looked desperate and her tears shed silently.

But at this time, when I walked over here, I just saw Yang Miaomiao in this scene and saw the peasant woman's cheek, and my face suddenly changed. I shouted and rushed up, "Mom!" The

peasant woman heard the sound and looked up. Ben came to see Yang Miaomiao, suddenly extremely surprised, "Miao Miao, you, how do you come back?"

Miao Miao face tears, nodded and said: "mom, I'm home dad, how he was?"

Yuehua Jian, Yang Miaomiao looked at the hospital bed behind her mother. Above the bed, his father Yang Hongqi's face was sallow, his body was skinny, his brows were closed, and his expression looked very painful.

Yang Miaomiao's mother was also shocked at the moment, and quickly said: "Miao Miao, do you have money? Hurry to pay the hospital money, if not, the hospital will drive us away."

Yang Miaomiao couldn't care about the doctor's Angriely, he nodded quickly, took out a stack of banknotes from the bag, and approached Dr. Qi, saying: "Doctor, I will pay my dad."

Dr. Qi looked at the thick stack in Yang Miaomiao's hands at least ten thousand Many banknotes can't help but be surprised.

At this moment, a white figure came over and joined Dr. Qi. It was the nurse at the front desk just now.

The nurse saw Yang Miaomiao and Chen Fei, her eyes suddenly changed, and then aligned with the doctor quickly said something.

Dr. Qi heard the words, his face sank, and his eyes changed. Looking at Yang Miaomiao, he said coldly: "I won't take the money. Pack up!"

"Doctor, we are willing to pay the money. How can you--" Yang Miaomiao and her mother were both anxious.

Dr. Qi coldly refused: "You are willing to pay, but our hospital is not willing to accept it, understand? We are a hospital in the city, not everyone is qualified to live in."

"There are ten minutes to pack up immediately. Something!" Dr. Qi said coldly.

The nurse at the front desk, with an intimate arm around Dr. Qi at the moment, then looked at Chen Fei and Yang Miaomiao with pride, and said, "Dr. Qi is my boyfriend. Let you dare to deal with me, hum, now know Isn't it

awesome ? " " How can you do this? "Yang Miaomiao almost cried.

Chen Fei also said in a cold voice: "Does your hospital in the city treat patients like this?"

Dr. Qi sneered, looking at Chen Fei's eyes very displeased, "How do we treat patients, it's your turn to manage . " "

I do not believe you really lawlessness of this place. I have no control, police Chief tube wear it! "Chen Fei pulled out his cell phone, going to the police.

Dr. Naqi was fearless, not afraid at all, slightly raised his head, with a sneer on his face, "Despite the police! Your money has expired, I drove you away, righteous thing. Even if the police came, we It also makes sense. "

CHAPTER 827

It is said that Yang Miaomiao and her mother's faces are angry and anxious, but there is no way.

Chen Fei was also silent for a while, but then he thought of something, and looked at Dr. Qi coldly: "You said, the money from Yang Hongqi has arrived, and I can't continue to live tomorrow."

"Yes, that's what I meant "Doctor Qi said.

Chen Fei then pointed to the clock in the corridor and said, "You open your dog's eyes to see clearly. What time is it now, 11:23. Today is not over yet, and the hospitalization money paid by Yang Hongqi has not been consumed. Finished. What qualifications do you have to catch people? "

Dr. Qi heard the words, suddenly stunned, his expression sank. Indeed, if the wording is severe, the twelve o'clock at night will be counted. So to be precise, Yang Hongqi's hospitalization money has not yet expired.

"The time hasn't come yet, and the hospital started to rush people. What's the point?" Chen Fei said coldly.

Dr. Qi looked very ugly, but then sneered, and said: "Even if you are right, then I will wait for more than half an hour. When the time is up, you will get out immediately."

The front desk nurse He also said fiercely: "When the time is up,

leave immediately." "The first hospital in the city is the best hospital in Xiwu City. Seeing you leave this place, where else can you find a cure for his disease?" Dr. Qi proudly said.

The nurse also maliciously said: "Cure the disease, hehe! Maybe, when I left the hospital door, I broke the potion and immediately died."

Wen Yan, Yang Miaomiao and her mother suddenly changed color, and their faces were full of worry.

By this time, Chen Fei Qi harsh glare of doctors and nurses, pulled out his cell phone, make a telephone call: "? I do Yuehong An Chen Fei I went to the city of West Hollywood, one thing, could you arrange it."

It Quickly, there was a nodding voice over the phone. Chen Fei then hung up the phone.

This Yue Hongan, a member of the Yuanfang branch of the Yue family, developed here in Xiwu City. Usually help the Yue family to deal with some things in Xiwu City, and pass on some news.

The thing that Yue Qiaoyu's body was brought to Xiwu City by the Skeleton Society was that Yue Hongan followed up the investigation here.

After making a phone call, Chen Fei walked to Yang Hongqi's bed and said, "I'll take a look!"

Yang Miaomiao's mother looked at Chen Fei with some doubts. Yang Miaomiao quickly introduced: "Mom, this is Chen Fei. A friend I met in Yuqing City. Brother Chen is a good person and helped me a lot. Moreover, Brother Chen is a Chinese medicine

doctor, very powerful. " Hearing Chen Fei as a doctor, Yang Miaomiao's mother immediately dispelled her doubts , Gave way to the position.

Chen Fei came to the hospital bed, grabbed Yang Hongqi's wrist, and began to diagnose the pulse.

And this diagnosis, Chen Fei could not help but look dull. Yang Hongqi's condition is much more serious than Yang Miaomiao's oral description.

Now Yang Hongqi has insufficient blood and blood, and his vitality is very bleak. It seemed to have been taken away from the body.

If it continues, Yang Hongqi will probably die in less than half a month.

Yang Miaomiao could not help worrying when he saw Chen Fei frown, "Brother Chen, my dad--"

Chen Fei said: "It's okay, I can cure it."

Then, Chen Fei started secretly running for Yang Hongqi. Inside the body, warm Yang Yangqi's body. Then he said to Yang Miaomiao: "Go and fry the medicine I gave you before and bring it to your dad."

Although Yang Hongqi's condition exceeds Yang Miaomiao's description, among the medicines of Chen Feikai, There are several kinds of precious medicinal herbs, which are very effective. So at this moment Yang Hongqi's condition is still effective.

Yang Miaomiao heard the words, and quickly took out the medicine from the backpack, and then prepared to go to the hospital's public decoction for decoction.

But at this time, Dr. Qi couldn't help but frown, and stopped Yang Miaomiao directly, saying: "Stop me, don't allow it!"

"What are you doing?" Chen Fei stared coldly at Dr. Qi.

Dr. Qi raised his head slightly, looked at Chen Fei, and said, "I don't know where you are from the liar, and I don't care what your medicine is. But remember, you are in a hospital in our city now. We are responsible for the matter. Without our permission, you will not be allowed to take medication arbitrarily. "

Yang Miaomiao heard the words, and was anxious. The small face was full of anger and unwillingness." What is the reason for you. Your hospital will not give me Dad treats the disease and does n't allow us to treat it myself. "

Dr. Qi said proudly:" What is the reason! I 'm talking about the truth and the rules. If you do n't follow the rules, you can get out now. "

" You— "Yang Miaomiao was anxious.

But Dr. Qi didn't give way at all, and even the nurse at the front desk called the security guards at this moment to block the corridor roads. Yang Miaomiao will not be allowed to go out at all, and the remaining half an hour will be used up.

Such a domineering and cold-blooded behavior can't help making everyone angry. But after the anger, there was deep helplessness. After all, almost all of them were patients and their families. They did not dare to fight against Dr. Qi at all.

Just when the situation was deadlocked, Chen Fei stepped forward and stared at Dr.

Qi, saying: "Give way!" Dr. Qi said with pride, "I don't let it, what? Do you dare to do anything to me?" ""

Just when his words did not fall, Chen Feihong's punch came over and directly hit Dr. Qi's face door. Blood spewed, confusing him.

"Dare you hit my boyfriend! Security, hurry up, hurry up, catch him!" The nurse at the front desk yelled.

Several security guards swarmed up, and Chen Fei was cold-eyed and fierce. Then he grabbed the nurse's collar with his left hand and slapped her in the right hand. Then she threw her out and fell on the hard corridor floor with a cry of pain.

After solving them, Chen Fei said to Yang Miaomiao: "Go to the decoction!"

Yang Miaomiao nodded again and again and trot to go to the decoction.

At this time, Dr. Qi and the nurse climbed up from the ground in horror, staring at Chen Fei fiercely, with a face full of resentment.

Chen Fei glanced coldly and shouted, "Go away!" The

two were so scared that they crawled and crawled back.

The surrounding patients and family members clapped and applauded.

"It's a good fight, boy, let me breathe out, it's too cool!"

"Dr. Qi is usually very arrogant towards us, and his attitude is poor. Boy, you have a meal, I have wanted to fight."

Words Among them, there are also people who are worried.

"However, after the doctor, the hospital will not be willing to give up!"

"The most important thing is the patient, which is only half an hour away now. If they rush, how will it be good then?"

"And they might call the police. The police are here, it will be more troublesome. "

CHAPTER 828

There was a lot of discussion. Yang Miaomiao's mother couldn't help but look worried. She looked at Chen Fei and said: "Xiao Chen, you have helped us a lot. Otherwise, you should leave

first- " Chen Fei said from himself: " Auntie, don't worry, they can't do anything to me!
"So

, Chen Fei asked Yang Miaomiao's mother, some information about Yang Miaomiao's father's illness came. Because Yang Hongqi's condition is really strange, it doesn't seem to be a common illness at all, but a kind of injury.

Mentioning her husband's illness, Yang Miaomiao's mother suddenly sighed. He told Chen Fei about what happened.

Yang Hongqi has been engaged in manual labor, and his previous body is very healthy. But just a few months ago, after going back to work in the mountains, Yang Hongqi said that his leg was bitten by an insect, and it was red and swollen. Then he took the potion and did not take it seriously.

The result was unexpected, and Yang Hongqi fell ill directly after that. The body is getting worse and worse, and the whole person loses weight quickly.

Yang Hongqi, which weighed more than one hundred and fifty kilograms before, has now lost only about eighty kilograms, nearly half as thin.

Hospitals in villages, towns, and cities have all been checked, but doctors cannot find out the specific reasons. I just know that Yang Hongqi's physical condition is constantly deteriorating, and the anemia is very serious. Can only rely on various potions to barely relieve Yang Hongqi's illness.

After listening to Yang Miaomiao's mother, Chen Fei was even more surprised, frowned, and then lifted the quilt to check Yang Hongqi's bitten leg.

Soon, behind Yang Hongqi's left leg, Chen Fei saw a slight wound. The muscles at the wound have become white and stiff at the moment, as if the blood in the muscles had been drained, it looks very weird.

Under such circumstances, Chen Fei frowned, and secretly said in his heart: "That is definitely not an ordinary insect bite, or even caused by venomous snakes or scorpions."

When Chen Fei checked the injury, Yang Miaomiao had returned with the traditional Chinese medicine.

Immediately, Yang Miaomiao and her mother worked together to give Yang Hongqi a potion.

At this moment, Dr. Qi and the nurse, with more security guards, came around again with great force.

Dr. Qi had a hemostatic tape on his nose and looked at the scene fiercely, resenting: "A river and lake liar, just keep coming. Just less than five minutes from twelve, let you get out." The

nurse at the front desk He also said cruelly: "What do you do when you leave the hospital? The old guy is half dead. Now he will die without doubt."

Everyone heard it and couldn't help frowning, displeasing the nurse's maliciousness. But they also have to admit that what the nurse said is very likely to come true. Because

Yang Hongqi's condition is very serious, he was expelled from the hospital in the middle of the night, I am afraid the situation will worsen.

Moreover, the city's first hospital is the best public hospital in Xiwu City. Even if they look for other hospitals, I am afraid it is difficult to be effective.

For a time, many people looked at the Yang Miaomiao family, showing sympathy in their eyes.

The doctor and nurse on the opposite side, staring at the clock on the wall at the moment, began to count down every minute and second.

"Tick, tick!"

Every minute and one second of the clock at this moment is like a deathstroke, making the string of people's hearts stretch more and more tight.

"There are only three minutes left!" Dr. Qi said coldly.

Yang Miaomiao ignored Dr. Qi, but wiped the medicine around Yang Hongqi's mouth.

"Two minutes!" The nurse at the front desk reported that there was even a smile on his lips.

There is still not much reaction on this bed. Everyone felt more and more nervous. Many people sighed helplessly at this moment and turned their heads away. They didn't seem to want to see the scene where Yang Hongqi was driven away.

But at this moment, Yang Hongqi, who was in a coma on the hospital bed, suddenly gave a cough and opened his eyes.

Suddenly, Yang Miaomiao and her mother were shocked, and quickly rushed up, "Dad (Old Yang), you are awake!"

Chen Fei saw this, a smile appeared on the corner of his mouth. At this moment, Chen Fei's cell phone rang.

Chen Fei connected the phone and said a few words quickly, "Okay, you're here, go up to the third floor to pick someone up."

At this time, the smiling doctor and nurse Qi, seeing Yang Hongqi wake up, couldn't help but be surprised. , A stunned look on his face.

However, the nurse immediately sarcastically said: "Who knows what the travel doctor liar used. You know, many illegal drugs, although the stimulation effect is very good, but the side effects are great."

Dr. Qi frowned, his voice was deeper. Then, "I

'm ready in a minute!" He raised his right hand during the speech. The security guards beside him, all muscles were tight now, as if preparing for a fierce battle.

Tick, tick!

The countdown of one second is proceeding. Everyone's heart became tense as well.

"Ten seconds! Start the countdown, ten, nine, eight—" the nurse at the front desk said.

Dr. Qi frowned, and his right hand was about to wave down.

Many patients and their families were also nervous at the moment, looking at the clock on the wall. I wish I could stop the clock at this time and stop walking.

"Six, five, four--"

Just as the countdown was about to end, a burst of footsteps quickly approached from the corridor.

Before everyone understood what was going on, they immediately saw a group of black sunglasses, and the burly and strong man rushed over.

"This way!" Chen Fei pointed to Yang Hongqi's hospital bed.

The men in black immediately rushed over, unfolded a simple stretcher, carried Yang Hongqi onto the stretcher, and left.

Not to mention other people, even Yang Miaomiao and her mother were all in shock at this time, didn't understand what was going on, and all looked at Chen Fei.

Chen Fei said with a smile: "Miao Miao, aunt. Don't worry, I've found a hospital for my uncle, and I will transfer to the hospital immediately."

"

Take care of it, don't forget things, let 's go!" His face was pleasantly surprised, and he immediately picked up the things he had packed up, followed the pace of the man in black, and went downstairs.

Chen Fei followed behind, but when the clock on the wall finally reached the 12 position. Chen Fei Qi glanced at the consternation of doctors and nurses, cold channel: "Before a doctor, you'd better learn how to behave,"

Qi doctors and nurses surprised a moment, and so they recovered, want a few of irony At that time, Chen Fei and they had already left.

Dr. Qi was sullen and gritted his teeth and said in hate: "That kid, dare to talk to me like this!" The

nurse at the front desk said: "Aqi, don't be angry. They are going to the hospital and see what happens next? I don't believe that poor ghost A family can find a good hospital to stay in now. "

" Without hospitals and doctors, going out is a dead end. "The nurse said.

Dr. Qi heard the words, his eyes lit up, and said sternly: "Something to seek death!"

CHAPTER 829.

But just as the two gritted their teeth and resented them, some family members of the patient by the window looked downstairs and could not help crying out at this moment.

"Then, that ambulance, I'm not wrong!"

"What is it, an ambulance, what's worth fussing about."

"I rely, that's the ambulance of Shuguang Hospital. Did they find the people of Shuguang Hospital?" "Isn't it possible!"

"Dawn Hospital, so cow!"

Doctor Qi and nurse heard their comments at this moment, their expressions changed, and they walked towards the window, and said disdainfully.

"How is it possible? Shuguang Hospital? That's the best hospital in Xiwu City. It has better grades than the first hospital in the city. How could they contact Shuguang Hospital?"

"That is, Shuguang Hospital is a private hospital. Almost only Serving some of the richest people in Xiwu City. For example, the level of Jiao Boss, they are so poor, they can catch up with Shuguang Hospital, it is a joke! "

" A group of poor ghosts who have no knowledge, must be looking at the tricks, big Shouting, it's embarrassing! "The

two smiled sarcastically and walked to the window to take a look at the probe.

Suddenly, the smile on their faces froze.

Because, the ambulance parked below actually turned out to be the ambulance of Shuguang Hospital. Moreover, the doctor in white coat standing beside the car turned out to be Zhang Tao, the president of Shuguang Hospital.

"This, what's going on? It's really Shuguang Hospital! And, Director Zhang has appeared! Is there anything special about the guy named Chen Fei?"

Speaking of this, the two remembered a group of black clothes just now. The scene where the bodyguard came to pick him up, he could not help but froze in his heart, and felt a cold rush from his back, a feeling of fear in his back.

"Does that Chen Fei really have a good status?"

"Then we are offending people who should not offend this time?" The

two glanced at each other, and there was fear and consternation in their eyes, and there was a worry in their hearts. Of fear.

At this moment, downstairs, Yang Hongqi had been carried into the ambulance, and Yang Miaomiao and his mother also sat up.

Next to the ambulance, a middle-aged man in a white coat and a suit man in his 30s or 40s walked towards Chen Fei.

The man in a suit bowed respectfully to Chen Fei and said: "Mr. Chen, hello, this is Yue Hongan."

Chen Fei nodded and said: "Well, this time, trouble you."

Yue Hongan quickly said: "It's my pleasure to serve Mr. Chen. You are too polite, Mr. Chen."

The man in the white coat next to him saw the movement of Yue Hongan at the moment, his eyes were horrified, and his expression looked shocked.

Zhang Tao, as the dean of Shuguang Hospital, almost all of them are local rich and powerful in Xiwu City. It can be said that his status in Xiwu City is not low.

But the identity of Mr. Yue Hong Anyue made him have to respect. Because Yue Hong'an is from the Yue family in Yuqing City. Although it is only a branch, the huge power of the Yue family is not comparable to that of a small dean.

So, when Yue Hongan called in the middle of the night to ask Zhang Tao to arrange for an ambulance to pick him up. The dean who had fallen asleep in bed quickly got up and brought someone to pick him up in order to make a good impression in front of Mr. Yue.

Originally, he thought that the person Mr. Yue wanted to pick up was just Mr. Yue's friend or business partner.

As a result, he did not expect that when he arrived at the hospital, Yue Hongan actually came by himself. Moreover, not only that, Yue Hongan also respected this young man even in awe.

This made Zhang Tao's heart turn over the river. Even a person like Yue Hongan is so awesome that the identity of this young man is no longer imaginable.

Thinking of this, Zhang Tao's attitude was extremely respectful. He almost bent down and bowed a 90-degree bow to Chen Fei: "Hello, Mr. Chen, this is Zhang Tao, the dean of Shuguang Hospital. What do you need, despite your orders."

Chen Fei nodded and said, "Well, no more time is wasted, first drive back to the hospital, settle down and talk."

"Yes!" Zhang Tao nodded quickly.

Immediately, the car started and the group left.

At the window on the third floor, Dr. Qi and the nurse at the front desk saw this scene. Before that, they still had doubts in their minds. At this moment, they were fully implemented. They were full of consternation and their hearts were cold.

"Even Dean Zhang of Shuguang Hospital is so respectful to Chen Fei, he is definitely not an ordinary person!"

"Finished, this time, we are finished." The

two of them felt cold at the moment, leaning against the wall and sliding directly to the ground, his eyes were completely lost, and his mouth was muttering, "It's over, it's all over, everything is over."

To Shuguang Hospital, Dean Zhang immediately arranged Yang Hongqi to the best ward. Yang Miaomiao, her mother, and Chen Fei arranged a rest room for them, and they were very respectful.

After resting for one night, and waking up the next morning, Yang Miaomiao's mother felt like she was living in a dream.

After all, a hospital like Shuguang Hospital didn't dare to think about it before. As a result, I did not expect to live in now, and was treated so respectfully.

Yang Miaomiao, not so surprised at the moment. After all, when she was in Yuqing City, she had personally seen the scene where Yue Qiaoxi, the head of the Yue family, respected Chen Fei. She had long known that Chen Fei had a good identity.

A few words of comfort to her mother, let her relax. Immediately, the two came to Yang Hongqi's ward.

After a night of rest, Yang Hongqi looked much better. Moreover, Dean Zhang arranged a doctor's examination overnight, and Yang Hongqi's body was all right. All he needed next was rest and rehabilitation.

A family of three thanked Chen Fei. Chen Fei said nothing, and let them stay well in the hospital.

Later, Chen Fei contacted Yue Hongan by phone and learned about Yue Qiaoyu's body and skeleton society.

Yue Hongan told Chen Fei the news he had now investigated, but more detailed information is still being sent for inquiries.

Hanging up the phone, Chen Fei is thinking about the Skeleton Society. Suddenly, a phone call came in. Chen Fei looked at the number and it was Yang Miaomiao. He couldn't help but stunned and quickly connected the phone. "Miao Miao, what's wrong?"

Yang Miaomiao on the other end of the phone With some crying, he anxiously said: "Brother Chen, I am outside, and someone is following me now."

"What!" Chen Fei was shocked, and immediately said, "Where are you, I will come over immediately!"

Yang Miaomiao Dao: "I'm in the vegetable farm not far from Shuguang Hospital."

"Miao Miao, you find a place to hide, and I will come immediately." Chen Fei hung up the phone, and immediately ran away and ran out quickly The hospital ran towards the opposite vegetable farm.

CHAPTER 830.

At this time, in the market, Yang Miaomiao turned his head to look at the young men who were getting closer and closer, and the fear on his face became stronger and stronger.

Seeing that they had speeded up, Yang Miaomiao could not care about the meat and vegetables he had just bought, just throw them down, and then he ran away.

After seeing him, he shouted, and immediately chased up, "Damn, found by her, hurry up!"

Feeling the chase behind him, Yang Miaomiao ran out while yelling, "Help, there are bad guys Follow me, help! "

The passers-by in the vegetable farm heard the words and couldn't help but looked at them all, with strange looks in their eyes.

Some enthusiastic passers-by, with their angry faces, must help.

But at this time, the leading red-haired man directly drew a dagger and shouted: "We are Lei Shao's people, who dares to spoil our business, I will kill him!"

Such a cry suddenly shocked passersby, Let them bow their heads one by one and withdraw their gaze.

After all, almost everyone in Xiwu City has heard the name Lei Shao.

Lei Shao is a local gangster who gathers a group of young people who have no learning skills and dominates everywhere in Xiwu City. He has done a lot of evil for his neighbors and his neighbors, which has caused many people to resent.

But this guy can play, and the sister is well mixed outside, and it also has a lot to do in Xiwu City. Therefore, although the average person is extremely resentful, he has no way to take him.

Hearing Lei Shao's name at this moment, everyone did not dare to act lightly. After all, they are all from Xiwu City, and they still want to continue living here, naturally they dare not offend Lei Shao.
