

## Chapter 861.

This kind of thing is so common. Chen Fei did not know what to say. He could only draw a few paper towels and handed it to Yao Yu. He said comfortably: "Yao Yu, weeping for this kind of man. Necessary. Under your conditions, you can definitely find a better boyfriend. "

Yao Yu's tears, but could not stop, shook his head and said:" Chen Fei, I have been disappointed in love. Now I am, no longer Expecting the illusory things like love, my second half of my life, I would rather live alone. "

Looking at Yao Yu's red cheeks and blurred eyes, Chen Fei knew that Yao Yu was a little drunk.

Facing a drunk person, it is useless to reason with her. At this moment, the best way is to follow her words.

"Yao Yu, you are right, a person can live well, don't worry."

"Chen Fei, you can understand me, I'm really-really happy." Yao Yu looked at Chen Feidao drunk, "You said, if you were my boyfriend, how good it would be, I, I

wouldn't— " Yao Yu crooked and almost didn't fall to the floor.

Fortunately, Chen Fei's eyes were quick, and his big hand quickly reached out and hugged Yao Yu who was about to fall.

However, in this way, Chen Fei's hands naturally touched some key parts of Yao Yu, feeling a different kind of warmth and softness.

"Yao Yu, you are drunk. Otherwise, I will send you back!" Chen Fei supported Yao Yu, wanting to take back the hand that was pressing on the key point.

But at the moment, Yao Yu was so drunk that he was a little unstable, and his body crooked again, and the whole person fell directly into Chen Fei's arms. A group of warm incense and soft jade suddenly plunged into Chen Fei's nose and mouth, making Chen Fei feel a soft touch like a hot spring.

"Yao Yu, Yao Yu, you wake up--" Chen Fei shrugged Yao Yu a few times, but nothing happened.

"Really drunk!" Chen Fei shook his head, and then vacated a hand, called the waiter, paid for the bill, and then held Yao Yu, and walked out of the Western restaurant step by step.

When other guests in the restaurant saw this scene, they couldn't help but stare at each other, and the voice of low-pitched discussion also sounded.

"Now the girl is too disobedient. It's just a while before he falls into the man's arms."

"It's not a good thing to look at the woman, a fox, a slapstick!"

"That brother is enough. Hurry, how long it took to get the beauty, envy! "

" Looking at that state, the woman seems to be awake, it won't be medicine. Or, let's call the police! "

" Report What the police, ah, ah you not be enough trouble! Besides, this off what we do? do not Mind your own business. " "

I did not watch the beauty will fall into the clutches of a shame that it? " "

Unfortunately again but this, in turn Without your share, do n't worry about anything. "

Chen Fei's ears are so extraordinary that he listened to all of these people's comments, and he could only sigh silently, and then he helped drunk Yao Yu to the parking lot. , Open the door, take Yao Yu to the passenger seat and sit down.

"Yao Yu, where is your home? I will send you back." Chen Fei asked Yao Yu.

However, at this moment Yao Yu, drunk and dim, made a few humming sounds, and then there was no sound.

Seeing this, Chen Fei knew that from Yao Yu's mouth, it seemed that he could not ask for anything. He could only find out his mobile phone and started to check up the nearby hotel. It 's troublesome. Let 's go to the hotel to open a room and let her rest for one night. "After

a search, Chen Fei quickly found a hotel not far away. Then he immediately got on the bus and drove the car to the hotel.

Ten minutes later, when the car arrived at the hotel, Chen Fei got off the drunk Yao Yu, walked into the hotel, and said to the receptionist lady: "Open a standard room." The

waiter looked at Chen Fei and Yao Yu, His eyebrows could not help but wrinkle slightly, a flash of displeasure flashed in his eyes, hesitated, but he finally got Chen Fei a room card.

Chen Fei looked at the waiter's eyes and knew that the other party must have misunderstood himself. But it is not easy to explain anything. After receiving the room card, he helped Yao Yu walk towards the elevator.

At this time, the receptionist woman murmured with dissatisfaction: "Manager, do you really want to open a room for him? This kind of person is not a serious person at first glance. It must have been drunk or given medicine to the girl. If we get it in our hotel What's wrong, then it's trouble. Or, let's call the police? "The

lobby manager glared at the receptionist and said:" What police! Let your eyes be smart, you didn't see it, the man just opened it. What kind of car, imported Mercedes

Maybach S-class, three million luxury cars! Do you think that this kind of person can be easily afforded by us? Look at the photo of the car, the next three eight, Do you think people who can handle this kind of number plate are ordinary people? "After

listening to the lobby manager, the receptionist suddenly changed color, glanced at Chen Fei, then withdrew his eyes and quickly lowered his head.

These words also fell clearly into Chen Fei's ears. He couldn't help but sigh, "Hey, today, in the eyes of outsiders, really become the unscrupulous rich and the young playing with innocent women!"

Just when Chen Fei was moved, suddenly there was a rapid footstep behind him Then, with a whispering wind, he hit the head of Chen Fei fiercely.

Chen Fei felt the wind coming from the back of the head, and was shocked suddenly, his head turned aside, letting the other party's attack pass.

Immediately, he quickly turned his head, glared at the coming person, and shouted, "What are you doing?"

Behind him, the person who attacked Chen Fei was about 31 or 12 years old. He was wearing a suit, wearing a pair of shiny and slippery leather shoes, and a Tissot watch on his wrist. Image.

Facing Chen Fei's shouting, the man's expression on his face gritted his teeth and slammed his teeth, saying, "What did you do to Yao Yu, do you dare to ask me what I did? I'm going to kill You. "During the

conversation, the other party punched again.

Chen Fei leaned again and avoided the opponent's boxing.

Then he quickly exclaimed: "Yao Yu is drunk. I sent her to the hotel to rest. We didn't happen. Don't misunderstand."

"Misunderstanding? Things have come to this point. Do you want to quibble? "The man shouted and kicked him towards Chen Fei," "Move my girlfriend, I will kill you."

Chen Fei, who was about to avoid again, heard his words, and his eyes were suddenly cold. hum, "you are YAO slag that cheating boyfriend? you have the face to come here, go away."

## **Chapter 862.**

During the speech, Chen Fei slammed and kicked out with one kick, then made a stop, and came to the right with the other man.

The other man suddenly felt as if he had kicked on an iron plate, the bones of his legs were almost broken, and a very painful feeling flooded his heart, causing him to change his complexion. The whole person looked pale and took a few steps back.

"You-Yao Yu is my girlfriend, you dare to move her a hair, I will never let you go." The man stared at Chen Fei fiercely, with a look of resentment in his eyes.

Chen Fei coldly stared, and said coldly: "The scumbag man, Yao Yu has nothing to do with you, you are no longer her boyfriend. If you don't want to be beaten, leave me now.

" You slandered me, when did I split my leg. You— "the man yelled.

Yao Yu, who was in Chen Fei's arms at this moment, seemed to see the man opposite him, suddenly excited and came to him, waving his hands and shouting, "Go, go, I do n't want to see you anymore, never again -"

Wen Yan, Chen Fei looked awkward, staring at the man opposite, coldly said:" I let you get away, haven't you heard? "

" You're so deceiving! "The man rushed over his teeth, so he should be against Chen Flying hands.

But Chen Fei was shocked, and he burst out with a rush of energy. He flew the man in the suit and fell off the steps of the hotel. His head hit several swellings.

Subsequently, Chen Fei hugged Yao Yu and entered the elevator.

On the eighth floor, Chen Fei helped Yao Yu to find the corresponding room, and then helped her in.

Putting Yao Yu on the bed, Chen Fei took off her coat and shoes, and immediately prepared to cover her with a quilt before leaving.

But at this moment, Yao Yu's throat rolled up on the bed and vomited out with a wow.

The vomit mixed with strong alcohol flew on Yao Yu.

At this time, Chen Fei couldn't get away, so he turned to the bathroom to take out the towel and wiped it for Yao Yu.

It was difficult to deal with the stains. When Chen Fei was about to breathe a sigh of relief, he realized that most of Yao Yu's clothes were soiled at the moment.

The unpleasant smell is still the second, mainly because the clothes are wet, if you sleep like this, it is very likely to get sick.

Thinking of this, Chen Fei leaned down and looked at the drunk Yao Yu, saying: "Yao Yu, I am doing this for you, but not to take advantage of you!"

Saying, Chen Fei will be wet for Yao Yu The dirty clothes were taken off.

Suddenly, Yao Yu's perfect figure appeared in front of Chen Fei, which made Chen Fei look a little dazed.

Yao Yu, who is so charming and charming at the moment, her hair is messy, her cheeks are red, smooth skin and perfect curves, so that this kind of charming adds a double power, hitting Chen Fei some helmets and armor.

Contemplating in silence, "Heart is calm and natural cool", Chen Fei twisted the hot towel and wiped Yao Yu's body.

Just after Chen Fei had some hard wipes, he was about to cover Yao Yu with a quilt, and then left.

On the bed, Yao Yu, who was drunk and drunk, suddenly stretched out his arms and mumbled around Chen Fei's neck, pulling him down.

Suddenly, Chen Fei, who was caught off guard, lay directly on Yao Yu.

At this moment, Chen Fei felt as if he was lying on a bed of water, almost comfortably screaming, and did not want to wake up at all.

But, at the critical moment when Chen Fei's eyes were scarlet, about to turn into a beast. A piercing ring of cell phone bells rang.

"Ding Ding Ding, Ling Ling Ling!"

The uninterrupted ringtone of the mobile phone pulled Chen Fei's attention stiffly.

Chen Fei had to touch the phone and glanced. In this regard, the word "wife" on the caller ID instantly surprised Chen Fei and gave him a fierce attack. A coolness rose from the suddenness of the tail vertebrae, spreading all over the body in an instant, and pressing the fiery heat in the body.

In an instant, Chen Fei bounced from the bed and quickly connected the phone: "Hey, wife!"

Over the phone, the wife Lin Qiuhan's voice was a little serious, saying: "Where are you?"

Wen Yan, Chen Fei's heart was empty, forehead A cold sweat came out, glancing at Yao Yu, who was moaning and twisting in bed, and hurriedly walked towards the bathroom. "Wife, I'm outside. What's wrong, are

you okay ?" I have something to talk to you! "Lin Qiuhan said, his voice cold and cold, as if to restore the image of the cold and proud president in front of Chen Fei.

Chen Fei heard that his heart was more empty, and he asked tentatively: "Wife, what's the matter? Or, you tell me in advance, I'm ready to prepare!"

Lin Qiuhan said coldly: "You come back and say. Of course, If you do n't want to go back, forget it. "

After finishing, Lin Qiuhan snapped the phone with a snap.

At this time, Chen Fei was not scared, and he had no other thoughts in his mind. He rushed out of the bathroom, put on his clothes, and rushed out of the room. Even in the room, Yao Yu didn't cover the quilt, he didn't notice at the moment.

Chen Fei went downstairs, went out, drove, and hurried to the house.

At the same time, in the room, Yao Yu lying on the bed, the original drunken eyes, suddenly became clear at the moment, not at all drunk.

The expression on her face also instantly became serious, even with a seemingly sneer. Yao Yu sat up from the bed, put on his coat, walked to the floor-to-ceiling windows of the hotel, looked at the bustling traffic downstairs, squinted slightly, and whispered to himself: "At a critical moment, a phone call broke my good thing. "

It seems that the plan has to be re-formulated." Yao Yu sighed, then took out his mobile phone, dialed a number, and said, "The plan has changed, I"

Yao Yu's strange changes, now shuttle in the traffic Chen Fei, naturally would not know.

Of course, at this time, he was very worried, and he didn't even think about Yao Yu. The closer to home, Chen Fei felt that the more he became more irrational and he couldn't help thinking.

"My wife asked me to come back in such a serious tone, what happened?"

"She said there was something to talk to me, what is it? Is it because he saw me and Yao Yu, so misunderstood?"

" This, how can this be good! "In

anxiety, Chen Fei became more and more restless in his heart, and finally returned to his home in a state of anxiety.

After parking the car, Chen Fei quickly entered the villa and saw Lin Qiuhan sitting on the sofa in the living room with a serious look.

Such a look could not help making Chen Fei even more nervous, barely squeezing a smile, said: "Wife, I am back."

### **Chapter 863.**

Chen Fei and Lin Qiuhan heard the voice, he stood up, walked directly toward the study, "Come!"

"Wife, why go to study ah, there's anything to say, say in the living room, sitting comfortably on the sofa." Watched The wife's face was flat, and Chen Fei became more and more disturbed.

However, Lin Qiuhan looked back and stared at Chen Fei without saying a word.

Chen Fei softened immediately, and hurried up, said, "Wife, I am going to the study."

Entering the study, opposite the desk, Lin Qiuhan had already sat down.

Seeing Chen Fei coming in, she said coldly: "Sit!"

Chen Fei then sat down opposite Lin Qiuhan.

Then, Lin Qiuhan took out a document-like thing from the bookshelf on one side, handed it to Chen Fei, and said coldly: "Sign it!"

"Ah!" Chen Fei was shocked, and the light above his head shook. He felt that at the moment, he seemed to be a prisoner in the interrogation room, and he could hardly withstand Lin Qiuhan's simple interrogation.

"Sign, what's the sign? Wife!" Chen Fei reluctantly squeezed out a smile, and said to Lin Qiu.

Lin Qiuhan said coldly: "You know it when you read it."

Chen Fei was disturbed when he saw this, and the hand that took the document felt a little trembling.

In my heart, there was a huge wave of waves. "Did my wife really see me and Yao Yu, misunderstood, and then want to divorce me?"

"Well, what can I do!

" I do n't want to divorce my wife! "

Chen Fei was more and more anxious, almost almost crying. Finally, I decided to tell the truth and looked at my wife and said, "Wife, you misunderstood me, I didn't--"

"Uh?" Lin Qiuhan was surprised, looking at Chen Fei strangely, his face full of incomprehension.

As soon as Chen Fei looked at his wife's expression, it suddenly felt wrong. It was not like the expression that knew me and Yao Yu.

"Isn't it a divorce agreement?" Chen Fei thought, then looked down at the documents in his hands.

The words "pre-marriage agreement to dissolve the contract" came into view, and they surprised Chen Fei, a little curious, and then looked closely.

Looking down, Chen Fei's face completely changed, and he looked up to Lin Qiuhan, and a smile appeared on the corner of his mouth, saying: "Wife, you, you

are making me-- " Lin Qiuhan at the moment, his face slightly shameful, glared at Chen Fei glanced and said: "If you don't want to sign, then forget it."

Chen Fei hurried to protect the contract, raised a pen, and signed his name on the contract.

Signing his words, Chen Fei feel a light heart, a smile on his face, for Linqiu Han said: "Wife, I am signing this agreement, it is not representative of the contents of that set aside a prenuptial agreement?"

At first, Chen When Fei and Lin Qiuhan got married, they made a prenuptial agreement because it was a fake marriage. Including various restrictions on Chen Fei. For example, Chen Fei is not allowed to touch Lin Qiuhan, and the two will sleep in separate rooms. Lin Qiuhan will give Chen Fei a salary every month.

Although, since this time, the two have violated many of the terms. But this agreement always exists.

Now, Lin Qiuhan and Chen Fei signed this "pre-marriage agreement to terminate the contract", and formally invalidated the pre-marital agreement. The restrictions inside naturally disappear with the signature.

Chen Fei suddenly stared at the star and looked at Lin Qiuhan: "Wife, now, we are really real, a thorough couple!"

Lin Qiuhan heard the words, a flash of shame flashed in his eyes, but he nodded slightly. .

Chen Fei seeing this, is overjoyed about the hand over and held Lin Qiuhan hands, said: "Wife, that restrictions protocols inside, also will be set aside tonight, we can -"

Yuehua Jian, Chen Fei moved towards Lin Qiuhan, and the atmosphere became hot.

Lin Qiuhan noticed Chen Fei 's intention and stood up, pushed away Chen Fei 's salty pig hand and said, "What day is it today, do you remember?"

"What day, this, this—" Chen Fei somewhat He scratched his head and scratched his head. I could n't think of anything special today. He could only look to his wife for help. "Wife,

I— " Lin Qiuhan glared at Chen Fei, then tapped on the document on the table with his finger Tao: "Today is the first anniversary of the signing of the prenuptial agreement document."

"The first anniversary of the signing of the document. Is there anything special about this?" Chen Fei couldn't help whispering.

However, just after whispering, he immediately patted his head and accused himself of being stupid. "Isn't the day when the pre-marriage agreement was signed the day when he and Qiu Han got the certificate? The first anniversary of the pre-marriage agreement was signed, that is to say, Today is the anniversary of the first anniversary of my wife 's marriage. "

Thinking of this, Chen Fei suddenly realized that he finally understood why his wife would choose to sign this contract by himself today.

So, Chen Fei immediately to Lin Qiu Han said: ". My wife, Today is our wedding anniversary a year ago, we combine a hurry today, I want to make up the lack of both"

talk family, Chen Fei knee Kneeling down, he extended a hand to Chen Fei and said, "Qiu Han, marry me and be my wife, will you?"

Lin Qiu Han looked at Chen Fei's proposal and smiled. She had originally planned to hold hands and promised, but suddenly, as if she had thought of something, her eyes rolled, revealing a little girlish cunning, and she grumbled: "Are you proposing to me so empty-handed?"

"Ah, this--" Chen Fei immediately scratched his ears and scratched his cheeks. Where can I get an engagement ring now!

Lin Qiuhan couldn't help laughing when she saw Chen Fei's anxious look, as if the little girl had a mischievous smirk. Then, she reached over and prepared to pull Chen Fei up, "Okay, it's not difficult--"

However, Lin Qiuhan's words were not finished, Chen Fei's eyes fell on a shiny small piece of iron on the bookshelf, and her eyes lit up. , Said to Lin Qiuhan: "Wife, wait a moment, I have a way, I will prepare a proposal ring for you immediately."

"Ah, this-how do you prepare?" Lin Qiuhan was a little surprised, after all, he is also Just talk casually.

Chen Fei was confident at the moment, smiled at Lin Qiuhan, and then reached out and took a small piece of iron from the shelf.

"What are you doing with this iron piece?" Lin Qiuhan asked curiously.

"Wife, you will know when you look at it." Chen Fei smiled mysteriously at Lin Qiuhan.

Then he rubbed his fingertips gently, and an air blade burst from his fingertips. The air blade is as sharp as it can be, and it is extremely sharp across the iron piece, and the oxide layer on the surface of the iron piece is all cut off, exposing the silvery shiny luster inside.

Then, Chen Fei pinched the iron piece with two fingers and pressed it slightly, and immediately pinched the iron piece into a ring shape.

Then, Chen Fei held the iron piece in both hands, and the true breath condensed in the palm of his hand, like a stove, melting and shaping the iron piece in the palm.

Finally, Chen Fei took out the shaped ring in his palm. The right fingertip burst out with a bit of reddish burning real breath, like a carving gun, with a row of words carved on the surface of the ring.

After finishing all this, Chen Fei held this shiny work ring, kneeled down on one knee again, and asked Lin Qiuhan to marry him: "Qiuhan, marry me."

Lin Qiuhan looked at the shiny silver ring and smiled with surprise. Then he took the ring carefully and saw the line of "Chen Fei Love Qiuhan" on the ring, which was filled with tears. He took the ring and nodded. : "I will!"

#### **Chapter 864.**

Hearing the words, Chen Fei was overjoyed, and stood up, hugged Lin Qiuhan, and walked directly outside.

Lin Qiuhan immediately exclaimed, "What are you doing, let me go down!"

Chen Fei did not let Lin Qiuhan down, but walked faster, and walked quickly to Lin Qiuhan's bedroom with a smile: "My wife, today is our wedding anniversary Remembrance Day. Let 's

relive the taste of that night. " Wen Yan, Lin Qiuhan instantly blushed, and thrashed Chen Fei a few times, saying, " Let me go, I do n't want it. "

Listening to the wife's shy words and the corners of her mouth with that faint smile, Chen Fei would not put Lin Qiuhan down, but rushed directly into the bedroom and smiled: "That night, but your wife took the initiative. Tonight, I will take the initiative."

Chen Fei, speaking room put Lin Qiuhan on the big bed.

Then, in Lin Qiuhan's shy eyes, Chen Fei threw himself up.

At the beginning, Lin Qiuhan was still a little shy, but afterwards, the two of them fused into each other and completely merged.

This night, Chen Fei realized the long-lost passion, and had been tossing for most of the night, before embracing Lin Qiuhan and sleeping sweetly.

At noon the next day, Chen Fei, who was tired all night, waited for the sun to shine on his face before slowly opening his eyes and waking up from a deep sleep.

Chen Fei looked sideways at his wife's delicate cheeks, as well as the crazy marks left on her body. She couldn't help but move her hand and gently touched her wife.

Lin Qiuhan seemed to be awakened by Chen Fei's movements and slowly opened his eyes. At first, she was a little confused. She glanced left and right in a dim eye, with a little girl-like ignorance. Chen Fei's heart shook, and the strength of her hand was a bit heavy.

Suddenly, Lin Qiuhan suddenly came awake, felt Chen Fei's big hand, looked down at his body, and suddenly his face was blushing, and a faint blush appeared on his face.

"My wife, my husband and wife, and what else is so shy. It's still early, otherwise, we'll do it again." Chen Fei looked at his wife's shy look and couldn't help but feel more emotional.

Chen Fei Lin Qiuhan white one, then looked at the time, stand up and dressed quickly, "eleven more, all at noon, what early morning. I have to get to the company."

"Wife, too tired last night, today No need to go to the company, take a day off." Chen Fei grabbed Lin Qiuhan's white arm.

Lin Qiuhan glared at Chen Fei, and said with some scorn, "It's not to blame you."

"Near the exhibition, the company's business is very busy, and Wei Ling is also on a business trip. Now if I don't go to the company, many things can't be done. Proceed." Lin Qiuhan explained.

Chen Fei knew that his wife was a workaholic, so she couldn't stop it. Then he turned over and got up, then quickly rushed to the kitchen and cooked for his wife.

After eating, Lin Qiuhan went to the autumn group, Chen Fei cleaned up and went out immediately.

Over the autumn group medical room, Chen Fei hardly went there. In the medical room, Xu Xiaoting has been able to be alone, plus some newly invited doctors, the medical room has been able to function well.

Therefore, Chen Fei came to the side of Chengyao. Prepare to arrange the connection between Longyuan Pharmaceutical Field and Chengcheng Pharmacy.

Now, both of them are Chen Fei's industries. There are so many medicines in Longyuan Pharmaceutical Field. Chen Fei will not be wasted naturally. When connected to Shangcheng Pharmacy, all kinds of medicines are produced in one stop, making full use of the maximum effect of medicine .

However, when Chen Fei came to Cheng Pharmacy, he found that Xu Xiaoting was actually in the pharmacy.

Chen Fei couldn't help but be surprised. He said: "

Xiao Ting , why are you here?" Xu Xiao Ting heard the words and suddenly bulged his mouth like a squirrel. ? "

Chen Fei Xu Xiaoting looked lovely appearance, could not help but gently squeezed her face, and said:" of course not, you come Xiaoting, but I would welcome a. "

Chen Fei this action, it touches Xu Xiaoting Some shy, stomped his feet, glared at Chen Fei, hummed, "Brother Chen, you bullied me again! Humph!"

"Okay, okay, I was wrong. What compensation do you want, Xiaoting, Brother Chen Compensate to you immediately. "Chen Fei smiled.

Xu Xiaoting's eyes turned and smiled at Chen Fei, saying, "Brother Chen, I came here this time, there really is something, I would like to ask you for help."

"Xiaoting, what do you do, despite what it says, what help do you say?" Not helpful, too much. "Chen Fei patted his chest.

Xu Xiaoting said: "Brother Chen, this is the case. I have an aunt in the far room. She called me yesterday and said that her son, my cousin, is a senior this year. Help out. "

" University student, internship! A trivial matter, you ask him, what did you learn, what kind of company do you want to internship, I will arrange for him. "Chen Feidao, this kind of thing is completely new to Chen Fei now Little things.

The entire Longjiang City can be said that any private enterprise, Chen Fei can arrange it in one sentence. Of course, it is impossible for Chen Fei to really shove people in, but still have to look at the other party's expertise and abilities.

Xu Xiaoting heard the words and shouted to the outside, saying, "Qi Peng, you come in."

A young boy in his twenties walked in during the speech. The boy in a casual suit, wearing a pair of New Balance at his feet, made a slightly curly yellow hair, it seems to be more tidy than the average college students.

Xu Xiaoting pulled the boy to Chen Fei and introduced: "Qi Peng, this is Chen Fei, the owner of Chengcheng Pharmacy. Say hello." The

boy looked at Chen Fei and seemed a little surprised by Chen Fei's youth and eyes. Blinking, he said: "Boss Chen is good."

Chen Fei said lightly: "You don't have to be so polite, just call my name."

Xu Xiaoting then introduced this cousin to Chen Fei. Qi Peng, twenty-one years old this year. I also studied Chinese medicine, so I brought him here and wanted him to practice in the pharmacy for one month. "

" Chinese medicine! That's suitable. Then stay here Chengcheng Pharmacy. "Chen Fei nodded.

"Thank Brother Chen!" Xu Xiaoting thanked his cousin, and then told his cousin, "You are here to do a good job. Brother Chen's medical skills are very good, you learn well, if you can learn a trick and a half, it is enough. You've been using it for life. Do you know? "

" Got it. "Qi Peng said indifferently.

"Well, that's good. I went back to the company." Xu Xiaoting said, waving goodbye to Chen Fei immediately.

Chen Fei called in a Chinese Medical Museum, said: "Dr. Wang, who is Qi Peng, college students to intern in this month, you help bring about it"

! "Ah"

Chen Fei called the person in charge of the medical hall and went to the conference room to start arranging the connection between Longyuan and Tiancheng.

## **Chapter 865.**

After the same thing was ordered, I contacted Longyuan Medicine Field by phone and solved some problems on the spot.

It will be over an hour after this, and this is the end.

After making sure things were arranged, Chen Fei got up and walked out of the meeting room.

And just after Chen Fei walked out of the meeting room, he saw that in the lobby, Dr. Wang stood solemnly in front of Qi Peng, and said sharply, "What attitude are you doing, did you do this?"

Chen Fei He couldn't help but stunned, his face sank, and he walked towards them.

At this time, after hearing Dr. Wang's reprimand, Qi Peng put his hands in his pockets and looked like he didn't care. "I just do this, do you have any opinions?"

"How do you talk to me?" "Dr. Wang was really angry. He slapped it on the table and shouted sharply." If you don't want to learn, just leave, don't waste my time here. "

Qi Peng was about to finish. At this time, Chen Fei came over, his face calm, He asked, "What's going on?"

Dr. Wang saw Chen Fei, his face slightly changed, and his expression was a little nervous. After all, this Qi Peng was brought in by Chen Fei just now. It seems that his cousin Xu Xiaoting has a good relationship with Chen Fei.

Therefore, at this moment, Dr. Wang looked at Chen Fei anxiously, and he dared not speak for a while.

When Qi Peng saw it, his eyes flashed, his hands in his pockets, his expression seemed more proud, and he said directly: "Chen Fei, this Doctor Wang, deliberately picked my thorn, I feel I can't do it anymore."

Wang When the doctor heard this, his expression suddenly became angry and wanted to get angry, but when he saw Chen Fei around, he could only hold back.

Chen Fei heard that, frowned, and asked again, "What the hell is going on?"

Qi Peng also wanted to speak, Chen Fei waved him directly, and then looked at Dr. Wang, said: "Dr. Wang, what is the matter, you tell me the truth."

"This, I-- " Dr. Wang is still a little worried .

Chen Fei understood Dr. Wang 's concern and said, "The Chengcheng Pharmacy is the place to treat illnesses and save lives. Anyone here is doing good work first, everything else is behind."

Dr. Wang heard the words and looked better. Some nodded and said, "Mr. Chen, things are like this."

"Aren't you letting me take him? I just introduced him to the things in our hospital, and first arranged for him to sort medicinal materials. Work. "

Chen Fei nodded and listened, feeling no problem.

"As a result, he said that he did not know Chinese medicine and could not do it?" Dr. Wang said angrily.

"What!" Hearing this, Chen Fei immediately frowned, looking at Qi Peng, and said, "Aren't you a graduate of Chinese medicine? Why didn't you even know the medicinal materials, didn't you learn in class?"

Qi Peng heard, a little Ashamed expressions are not there, but a natural look, said: "I don't want to learn those, I didn't listen!"

"I don't want to learn?" Chen Fei felt a little angry, "So what did you learn at school?"

Qi Peng He drew out his hands and spread his hands: "To tell you the truth, I never wanted to study Chinese medicine at all. If I hadn't had a low admission score for that major, wouldn't I report this major?"

"So what do you want to learn?" Chen Fei Hold down the fire and ask.

Qi Peng said: "I want to learn Western medicine, clinical medicine, that is high-tech, and then make money. Chinese medicine, hum, some old-fashioned superstitious things are almost perishing, what's the use of learning!"

As soon as this remark came out, many people in the pharmacy's complexion changed, especially Dr. Wang's TCM doctors. Hearing Qi Peng's slandering of TCM doctors, his cheeks flushed.

He extended his finger, pointed to Qi Peng, and said to Chen Fei: "Mr. Chen, you have seen it. He has this attitude. I will let him do what he does, and let him learn later. Learn

hard and say you do n't bother to learn these things . " " Is this the case? "Chen Fei looked down at Qi Peng and asked with a deep voice.

Qi Peng snorted softly and said, "I just don't want to learn this scammer's traditional Chinese medicine."

"You just don't understand Chinese medicine. If you don't want to learn, what are you doing for this internship?" Chen Fei asked angrily.

Qi Peng saw Chen Fei's anger, but still looked uncomfortable, said: "I originally wanted to go to an internship in the city's first hospital, but I just didn't find a way. So, I'm just looking for something to do for

you ." Where are we, letting you choose the cabbage? "Chen Fei was furious and shouted," Looking at Xiao Ting's face, I will give you one last chance and immediately apologize to Dr. Wang, then learn honestly Otherwise, if you do

n't wait for Chen Fei to finish, Qi Peng directly shook her hand and said, "No, I 'm not even interested in your old pharmacy? If you do n't learn, do n't learn, hum!"

Chen Fei was really angry. He pointed to the door and screamed directly: "Get out!"

Chen Fei can tolerate his poor academic skills, but he can't tolerate his attitude of slandering TCM and disdain. Such a person, Chen Fei is absolutely impossible to stay in the pharmacy.

Qi Peng heard the words, glared at the eyes, an expression of disbelief, stared at Chen Fei, said: "You let me go, how should I calculate the salary for work?"

"Salary?" Dr. Wang directly smirked, "How long have you been here, what did you do and still want a salary?"

Qi Peng raised his face slightly and said, "Then I don't care, anyway, I have already gone to work. Even if you only have a one-minute shift, you should settle my salary. Otherwise, I will go to the Industry and Commerce Bureau to complain to you."

" You— "Dr. Wang was speechless.

Chen Fei's face sank, his expression cold, and without a word, he walked directly to Qi Peng.

Qi Peng felt Chen Fei's anger and looked a little nervous. He took a step back and said, "You want to do--"

As a result, Chen Fei kicked directly on Qi Peng's stomach and kicked him off. Went out.

Qi Peng fell on the ground at the door, his teeth grinned from pain, and he got up from the ground, and the anger was about to rush in to start, "You dare to hit me, from childhood to age, my parents dare not hit me, you dare to hit I, I want to kill you, "

Chen Fei simply ignored him, straight waved and said:" he dared to come out to give me a straight left hand not start, something happens, I am responsible. ".

the voice just fell , Two burly bodyguards approached Qi Peng immediately.

Qi Peng took a look at these burly bodyguards who were more than one meter and nine in height, his eyes shrank suddenly, and he retreated back. However, he said bravely in his mouth, "Huh, you think you are a good place, I am not at all rare."

After that, he rubbed his buttocks and left with a twist.

Chen Fei immediately called Xu Xiaoting and talked about things here.

After hearing the matter, Xu Xiaoting couldn't help but be shocked and immediately apologized to Chen Fei. Chen Fei said that it did not matter, and then hung up.

### **Chapter 866.**

After finishing the call, Chen Fei worked in the pharmacy for a while.

After everything was arranged, Chen Fei saw the entrance of the Du Medical Hall not far away. The crowd was crowded, and the people inside seemed to be busy.

Seeing this, Chen Fei went to Du Medical Center.

Du came to the Medical Center, Du Chang Chen flew a look, suddenly and quickly applauded, and quickly pulled into Chen Fei, said: "Allen, you fits, fast, fast a hand, and help me?"

"I kindly Come to see you, but you are instructing me to do something. "Chen Fei said with a smile, but then began to help.

While he was busy, Chen Fei asked Du Cang, who was also busy, "What's the matter, why are you so busy today? There are too many patients?"

Du Cang sighed and said, "Where, the patients are almost the same as usual, is the main force There were two doctors

missing , and we couldn't see them at all, so naturally we were busy. " " Who is missing two, who? What's wrong, leave? "Chen Fei asked.

Du Cang said: "It's my grandfather and Dong Hao, they are not there. The efficiency is reduced a lot."

Chen Fei heard that and immediately understood. Du Jingjiao Du Lao Needless to say, this Du medical hall is supported by his fame. He is definitely not influential when he is away.

Dong Hao, an old apprentice of Du Du, was talented, but he was talented. After more than a year of polishing, his medical skills are already very good, even if he is not much worse than Du Cang. When there are so few people, it is no wonder that Du Medical Center is too busy.

"What's wrong with them? Is something wrong?" Chen Fei asked.

Asked about this, Du Cang explained: "My grandfather had a guest to receive today, saying that a junior acquaintance came to visit, and he was going to see him."

Speaking of Dong Hao, Du Cang sighed suddenly at the moment, "Dong Hao, the kid, who has taken leave at both ends in the last three days, has not had more days to take leave in the hospital."

"Oh, why is this? Is your body uncomfortable?" Chen Feidao.

Du Cang rolled his eyes and said, "Where is the body uncomfortable? It was Du Cang's kid who was thinking about spring recently. Some time ago, he accidentally saw a beautiful woman and fell into it at once. Now he is chasing that beautiful woman all day long. Running behind the butt, picking up and going to work every day, sending flowers and dinner, etc., never stopped. "

" Oh, so positive. How is the progress?" Chen Fei asked.

Du Cang sighed and said: "To say Dong Hao's conditions, generally beautiful girls, he is also worthy. But what he chased this time is really a big beauty, the conditions of others are not bad, I heard it was in a certain As a teacher in a high-end private elementary school, there is no shortage of family knowledge and money. Therefore, it is difficult to win. "

" But Dong Hao said that the beauty was moved by his persistence, and the relationship seems to have been closer recently. The kid was inspired and chased more fiercely recently. He came to work once a week. "

Chen Fei did n't know what to say after listening. After all, it 's normal to pursue love, and it 's not easy for outsiders to intervene. .

Just as Chen Fei thought about it, a figure walked quickly into the medical hall.

Du Cang saw shadows, meet up, smiled and said:. "? Grandpa, you come back to see how well the guests,"

Chen Fei also laughed: "Du old, you're back."

However, the duo finished greeting, this It was found that Du Jing Cao Du's face was serious at the moment, his expression was heavy, and there was an anger between his eyebrows.

"Grandpa, what's wrong?" Du Cang asked quickly.

Du Lao's words were full of anger and said, "It's too much. I didn't expect that Cao Liqiu was such a shameless man."

"Cao Liqiu!"

Chen Fei heard the name and felt familiar, but for a moment he couldn't remember who it was.

At this moment, Du Cang put down his work and asked, "Grandpa, what happened? What did the Cao family do?"

"That Cao Liqiu sent his grandson this time, just now, We— "Lao Du is about to explain.

But at this time, a loud noise rang at the door of Du Medical Hall.

Everyone's attention was attracted in the past, and they all looked towards the door.

Chen Fei also looked up, and then he saw a group of reporters carrying long guns and short guns, and all of them were crowded towards the entrance of Du Medical Hall at the moment.

Du Cang stepped forward and stopped the reporters who were about to squeeze in,

saying, "What are you doing, we don't accept interviews, please go out." But Du Cang just finished speaking, a young man in his twenties The reporters came out and looked at Du Cang with a smile of evil, and then said: "You are the grandson of Du Jingjing, Du Cang!"

"Who are you?" Du Cang looked at the young man in front of him, his face Some are not pretty.

At this moment, Chen Fei saw the man and instantly recognized him. Because this guy is no one else. It was Chen Fei who was the first man in the first class of the plane when he returned from Yuqing to Longjiang.

Sure enough, the man looked at Du Cang and said: "My name is Cao Huangqi, from Nan'an City, the needle king Cao Liqiu is my grandfather, I was called the little needle king."

"Cao's family!" Very unhappy, after all, my grandfather came back angrily just now, presumably has nothing to do with this Cao Huangqi, "What do you bring so many reporters to do, our Du Medical Museum will not accept interviews!"

Cao Huangqi snorted, waved his hand and said, "I'm sorry, they didn't come to interview Du Medical Hall, but to interview me."

"Interview you! Then what are you doing in front of our hospital, please leave, don't disturb us to do Business. "Du Cang said coldly that he was about to catch up.

But at this time, Cao Huangqi pointed at the plaque on the top of the "Medical Needle King" on the Du Medical Center and said with pride: "I came to the Du Medical Center today to remove this plaque. Because your Du family is not worthy of hanging This plaque. "

" What do you say! "This time, not only Du Cang, the doctor apprentices in the entire Du Medical Hall were all angry and stared fiercely.

But Cao Huangqi didn't change his face, but instead became more proud and arrogant. He found a good shot of the reporters and said to Du Cang: "I said, I Cao Huangqi, I will challenge you to Du Medical Center, defeat you, and let you take this piece. Plaque. "

" Challenge our Du Medical Hall! "Du Cang's eyes narrowed, with anger in his eyes, about to explode.

But at this time, Du Lao came out, took a handful of Du Cang, and then looked at Cao Huangqi, said coldly: "Don't play these tricks, what you Cao family wants, I know everything. That thing, I don't I will hand it over to you, because your Cao family is not worthy of possession. "Cao

Huangqi heard the words, his eyes narrowed, and a flash of light flashed in his eyes, ignoring the corners of his mouth with a smile, and said:" Old Du, you are also a famous Chinese medical holy man anyway. The famous doctor named Du Sanzhen. Are you afraid of my challenge? "

" If this is the case, you, Du, in front of so many reporters, personally admit that it is not as good as my king Cao's family. Then I can stop this challenge. "" Cao Huangqi pointed to the reporter behind him and said with a smile.

"This is impossible!" Before Du Lao opened his mouth, Du Cang stared at Cao Huangqi and shouted excitedly.

"Impossible, what do you mean, you Du Medical Hall, have accepted my challenge?" Cao Huangqi looked at Du Cang and smiled.

Du Cang wanted to say yes, but at this time Du Lao was sullen and held Du Cang.

## **Chapter 867.**

Mr. Du stood up, looked at Cao Huangqi with a cold face, and said in a deep voice: "Your Cao family's thoughts, I know everything. Go back and tell Cao Liqiu, let him die of this heart, Master's things, I will never let it be in his hands. "

Wen Yan, Chen Fei and Du Cang looked at Du Lao with some surprise, with a curious look in their eyes.

On the opposite side, Cao Huangqi's face sank, but then a smile appeared, and he said: "Since Du Duo said so, then I have a sentence to tell Du Duo you. This is what my grandpa told me to tell you. "

What's the matter?" Du Lao's eyes were cold, and he felt something wrong.

Caohuang Qi smiling mouth, and said: "My grandfather said, that old grave Nanyuan mountains, it seems a little too broken, he was ready to start the renovation a bit, move to a better place to go."

His words, people I didn't think anything, but Du's face changed drastically, and he drank directly: "You dare. He Cao Liqiu dare to touch Master's ancestral tomb. Even if Du Jingqian fights this old

bone, he should die with him." Dao: "Old Du, you can say this seriously. My grandfather is kind enough to want to repair a

few ancestral tombs. This is also a good thing!" "I definitely don't allow him to stir up Master Cao Liqiu's troubles Zu Grave!" Du Lao shouted sharply.

Cao Huangqi said: "The land on the mountain has already been bought by our Cao family. As long as my grandfather gives an order, it can be started at any time."

"You--" Du Lao was very angry.

Cao Huangqi narrowed his eyes slightly and said with a smile: "However, my grandfather also said. If Mr. Du returns the master's picture back, he is willing to worship the picture in front of the master's grave and worship with all his heart."

"Do n't think about it!" Du Lao shouted angrily.

Cao Huangqi looked like he was sorry, he took out his mobile phone, and looked like he was going to call. "Since Du Du doesn't agree, then I can only regret telling my grandpa."

Du Lao was very angry, but at the moment But there is some helplessness.

Du Cang hurriedly supported Du Lao and asked with concern, "Grandpa, what the hell is going on?"

Du Lao sighed and said slowly. "

Chen Fei and listening to Du Du Cang old talk, but also generally understand how it was.

At that time, Du Jing Cao Du Lao visited a local old Chinese medicine art in the south, and the old Chinese medicine had several apprentices. One of them was Cao Liqiu, now the head of the Cao family.

Cao Liqiu was a close disciple of old Chinese medicine. His talents were not bad, and his ability to speak well was very popular at the time. Du Jing must also have a very good relationship with him.

After learning art for several years, Cao Liqiu's medical skills have made rapid progress, especially his acupuncture skills.

Under such circumstances, Cao Liqiu was touted by people, and coupled with the dazzling outside world, he was no longer in the remote mountain gate.

So, in the background, Cao Liqiu worked with local businessmen to get a medical hall at the foot of the mountain to sell medicines to nearby villagers.

If it is just a cure, it is a good thing. But Cao Liqiu was eager for money, secretly substituting it with merchants, impersonating real medicine with various ineffective medicinal materials, and exaggerating the patient's condition, allowing them to see the doctor many times in order to earn medical expenses.

This kind of thing was finally discovered by Master. He was furious and severely reprimanded Cao Liqiu, let him close the medical hall, return the money, and then retreat on the mountain for a year.

In fact, in doing so, the old people are already more generous and considerate of Cao Li's good fortune in autumn.

But Cao Liqiu was at the time, making money, eating spicy and hot, highly sought-after, how could he be willing to give up everything he had. Therefore, Cao Liqiu finally broke up with Master, directly withdrew from the master, and went down the mountain to develop independently.

Independently developing Cao Liqiu, without Master's restraint, even more unscrupulously used various means to gather money and make money.

Master couldn't stand it anymore, took Du Jingkuo and his disciples, went down the mountain to treat the villagers, and at the same time promoted counterfeiting to the people, so that Cao Liqiu's reputation deteriorated a lot.

Cao Liqiu refused to accept it and wanted to fight, but found that Master's medical skills were superior to him, especially the unpredictable "Tong Ren Nine Needles" acupuncture technique, Cao Liqiu did not know at all.

Under such a situation, Cao Liqiu was naturally dissatisfied. Master Dao secretly hid himself and did not pass on all his skills to himself.

At the same time, he secretly inquired and finally learned that Master has an acupuncture map of the Tongren handed down from ancient times.

This picture is a book of acupuncture and moxibustion compiled by Song Renzong of the Song Dynasty ordered by the royal doctor Wang Weide. It contains various acupuncture and moxibustion treatments for intractable diseases, and is a rare book in acupuncture and moxibustion in traditional Chinese medicine.

Cao Liqiu, who was informed of the incident, was naturally coveted and wanted to get the bronze figure of acupuncture, but after several attempts, he didn't succeed.

At this time, Master is getting older, and these disturbing and troublesome things finally make the old man feel sorry for him. Before his death, Master passed on the bronze figure of acupuncture to Du Jingkui, instructing him to make good use of this medical book, especially not to fall into the hands of Cao Liqiu.

After Du Jingtian got the medical book, he and Cao Liqiu continued to fight for a while. In the end, Cao Liqiu and the local businessman, the rich, Du Jing must not fight. So he left Nanan City with a medical book, and finally came to fight in Longjiang City and settled down.

And, during these years, rely on the Tongren acupuncture diagram to practice acupuncture. Eventually, he became a famous doctor and won the title of "Du Sanzhen".

In Nan'an City, Cao Liqiu continued to rely on the previous methods, rapid development and growth, and also won the title of "Needle King" in Nan'an City.

Cao Liqiu, after his fame and wealth, was still unable to put down the medical book of "Tong Ren Nine Needles" and Tong Ren Acupuncture and Moxibustion that he had not learned. Therefore, he had found Du Jingcai several times and wanted to get medical books in various ways.

However, in the end they were all repelled by Du Jingcai. Moreover, Du Jing Cao is also well mixed in Longjiang City. Cao Liqiu did not dare to use force.

Now, decades later, Cao Liqiu has become a veritable needle king in Nan'an City, and the Cao family has also developed into a large local family. The dirty things of the time when he started his family were gradually buried in the dust of history with the passage of time and the blockade of the Cao family. Few people mentioned it.

Today, he is very old, and he is almost at the age of entering the earth, so he has an idea in his heart again, and wants to get the Tongren acupuncture diagram before his death, let him inherit the Cao family, consolidate the king The title of the Cao family.

### **Chapter 868.**

Therefore, this time Cao Liqiu asked his grandson Cao Huangqi to rush to Longjiang City to make a private appointment with Du Jingcai. But secretly, many reporters were invited to take advantage of the offensive offensive and continue to whitewash themselves. Wrapped himself as a proselytized disciple of the old Chinese medicine doctor, he said he wanted to carry forward Master's skills and let this craft continue to be passed on forever.

At the same time, he secretly released a lot of false news and fake news in his back, defiled Du Jingwei as a traitor, and stolen Master's medical books.

Du Lao understood the thoughts of the Cao family, so when Cao Huangqi put forward the idea of the contest, he refused without hesitation.

But now, this Cao Liqiu shamelessly used Master's ancestral tomb to persuade Du Jingwei to soften.

Perhaps for young people, moving the ancestral grave is not a big deal. But for an old man like Du, moving the ancestral tomb is definitely a significant matter. Moreover, the location of Master's ancestral tomb is also the location of the mountain gate at that time.

Mr. Du did not want to see Master's ancestral tomb disturbed by Cao Liqiu anyway.

Therefore, Du Lao at the moment, after hearing Cao Huangqi's position, instantly became furious.

"It's too much." Du Cang heard the expression, his expression also cooled down, his face full of anger.

At the moment, Cao Huangqi, with a proud face on his face, shook the phone in his hand, looked at Du Cang and Du Jingjing, and said, "Old Du, have you considered it? If you don't think about it again, I will call my grandfather "

You--" Du was so angry that his old face flushed.

Du Cang is very atmosphere of Du seasoned: "Grandpa, what they fear, than to than, I do not believe we will lose them Du Cao."

Heard, Caohuang Qi eyes lit up, and said: "So, you Are you willing to compare? "

Du Lao looked a little hesitant. He didn't want to take any risks and let the Tongren acupuncture map fall into the hands of Cao's family.

However, Du Cang said confidently and said: "Grandpa, don't be afraid of him. You know my medicine. Besides, I have learned a lot by Fei Ge this year. My current medicine, I will never lose. "

Speaking of which, Du Lao had a little more confidence, and finally nodded, saying: "Okay! "

Du Cang smiled and looked at Cao Huangqi, saying: " My grandpa agrees, Can accept the challenge of your Cao family. "

" Very good! "Cao Huangqi smiled," Then start? "

" Wait! "Du Cang said coldly.

"Why, regret it?" Cao Huangqi sneered.

"Repentance? Since I agreed, I won't regret it." Du Cang said, "It's just that you won and want to take off the plaque of the " Medical Needle King "at Du Medical Center. What if I win?"

Cao Huangqi was confident. ,

Said : "What do you want?" Du Cang's eyes were cold, and he looked at Du Lao, then Shen Sheng said to Cao Huangqi: "If I win, you Cao family, you will never be allowed to raise the title of King of Pins. Grandpa Cao Liqiu must go to my grandpa 's master 's grave and kowtow to admit that he was wrong, and then announce to the public what he did that year. "

Even when Cao Huangqi said this, his face changed a little.

However, after a slight change of color, Cao Huangqi grinned and said with a sneer: "I think the plaques of the" Medical Needle King "in Du Medical Hall are not worth so much."

"It's just the name of my Cao family" Needle King " It is better than the title of "Medical Needle King" of Du Medical Museum. As for the latter conditions, it is even more nonsense. "

" You-"Du Cang's face sank.

However, at this moment Cao Huangqi narrowed his eyes and said, "However, if you really want to bet, it is not impossible. But, you have to raise the Du family's bet. My request is not high, that is, to acupuncture the Tongren The picture returned to the original owner, and returned to my Cao family. "

" The thing returned to the original owner, what nonsense you are. When was that medical book your Cao family's thing? "Du was scolded directly.

Cao Huangqi was quite astonished. "Who the medical book belongs to, everyone knows, everyone has their own arbitration."

Du Cang snorted and said: "When I win, you hypocrite, there will be no one Believe it. "

After that, Du Cang looked at Grandpa and said," Grandpa, believe me. "

Old Du hesitated for a few seconds and finally nodded.

Du Cang immediately looked at Cao Huangqi and said, "Okay, my Du family added a bronze figure of acupuncture as a bet. Do you dare this bet?"

Cao Huangqi heard the words, his eyes narrowed slightly, and a smile appeared on his face, How dare you. "

" Well, how do you want to compare? "Du Cang said.

Cao Huangqi has been prepared and said: "Since you Du family and ours Cao family are known for Chinese medicine acupuncture, you and I have the titles of" small three needles "and" small needle king "respectively. The natural

comparison is acupuncture. Acupuncture, yes! "Du Cang nodded.

Cao Huangqi waved his hand and immediately came out from behind several people. "These are famous Chinese medicine experts in China. There are you from Longjiang City, from Nan'an City and from Beijing. Let them be referees. How?"

Du Seeing this, he looked a little hesitant. After all, these people were brought by Cao Huangqi, and he was not sure whether the other party was getting tired.

Cao Huangqi saw this and smiled, "Why, Du Cang, you can't believe me, or these experts and scholars! Among them, there is Di Lao from Beijing."

As soon as this remark came out, these experts suddenly looked a little ugly. After all, most of them are people with heads and faces, at least they are all doctors at the expert level of a large hospital at the city level. Mr. Di is a well-known old Chinese doctor in Beijing.

"I didn't!" Du Cang explained quickly.

By this time, Cao Huangqi continue smiled and said: "There is no best, of course, if you do not worry, you can also let the old Du Du old when referee my medical skills and character, is still very much believe in.."

So With a few words of words, he immediately raised his image of Cao Huangqi a lot, and he seemed grand and confident. In contrast, Du Cang seemed more timid and cringed.

I have to say that this way of playing with public opinion and guiding psychology by Cao Huangqi really makes Du Cang undefeated.

Du Cang didn't want to struggle anymore, nodded and said: "Yes, I have no problem with the referee. Then, what is the question of how to compare?"

Cao Huangqi said: "How to compare, I make a suggestion, isn't it a medical clinic? We selected patients with similar symptoms and treated them with needles separately, and whoever had the best results would win. How ??

Du Cang thought for a while and thought that the patients were all from Longjiang City and came over randomly. Cao Huangqi is unlikely to move. Moreover, it is more reliable than acupuncture.

So Du Cang nodded and said, "Yes, just like that."

"That's good, first let the referees choose people together!" Cao Huangqi said.

## **Chapter 869.**

Several referees and Du Du explained the situation to the patients.

The patients learned that the "Little Three Needles" and "Little Needle King" personally took care of the disease, and it was also free, and many people suddenly signed up.

Soon, several referees selected 20 patients, divided into two groups, each group of 10 people, were divided into Du Cang and Cao Huangqi.

The symptoms and severity of the patients on both sides are very similar. In terms of illnesses, there are common colds and fevers as well as small joint diseases such as cervical spondylosis and arthritis. There are also internal diseases such as pneumonia and irregular heart disease.

It can be said that the patients on both sides cover most of the common diseases, and they can assess the effectiveness of their treatment of different diseases.

The two sides determined the situation of their respective patients, and after the referee finally checked again, the comparison test began immediately.

For a time, countless reporters and cameras in front of the door came clamoring over, and the sound of clicks and clicks kept coming. Some people even made a live webcast directly and broadcast the live video.

At this moment, the contest between Du Cang and Cao Huangqi also carried on fiercely.

With the sound of the start of the comparison, both parties quickly started to get up, first diagnose the pulse and determine the patient's patient. Then use the silver needle to directly acupuncture on site.

Both of them are very skilled in movements, they move the needles, and the movements are like clouds and water, like dancing, and the other people on the scene are dazzled. Many reporters even praised it with a crackle.

Looking at the techniques and speed of Du Cang and Cao Huangqi, Du Lao could not help raising the corners of his mouth slightly, showing a smile, and he felt a lot settled in his heart.

Cao Huangqi's technique is very good, light and spiritual, and he can be seen that his talent is very good. However, he has one of the biggest problems, and that is the same problem as his grandfather Cao Liqiu.

Because of their high talent, they are not so solid in their basic exercises.

Although many movements do not seem to have much problem, but the subtlety, the more accurate use of needles brought by solid movements, the final effect is that solid treatments are faster and more accurate.

Originally, Du Cang once had similar problems. But since he was hit by Chen Fei once in Longan City, he has done a lot of hard work on the basics, and he has made great progress now.

According to the effect on the spot, Du Lao is almost certain that Du Cang can win this competition.

Thinking of this, the smile on Du Lao's mouth became more and more obvious.

In this way, the two acted quickly, and the superb needlework dazzled the layman, making it impossible to tell who was good and who was bad. On the live broadcast network, there is a group of netizens who simply view this scene as an acrobatics and double-click 666 constantly.

In less than an hour, all ten patients on both sides had finished acupuncture treatment.

The acupuncture techniques and movements of the two are very skilled, and there are no mistakes or mistakes. So, next, the most important criterion is to see the treatment effect of patients on both sides.

For similar diseases, who has better treatment effect and faster recovery will naturally be the one who wins.

So, next, the referee came over and started to check the physical condition of these twenty patients.

Du Cang's mouth smiled, with a confident smile on his face. He also saw Cao Huangqi's problems, so he was extremely confident.

At the moment, Cao Huangqi also smiled and seemed very confident.

The two sides glanced at each other, and they looked like no one was satisfied. They said, "Wait and see the result!"

Du Lao followed the judges and watched them examine the patient. At the beginning, he did not participate.

But after looking at the condition of several patients, Du Lao's face could not help but sink, and he also began to check the condition of the patients.

After the inspection, the referee and Du Lao came back. It was just Du Lao at the moment, his face was very ugly, frowned, and his face was puzzled.

Du Cang seeing this, could not help but heart thump a bit, and said: "Grandpa, so the?"

Ranging from opening old Du, Cao Huangqi direct broke and said: "Ladies and gentlemen referee, now ask you to announce the results of it."

His words, the crowd scene The eyes and the reporter's lens were all aimed at several referees.

One of the old Chinese doctors from the capital, Di Lao, stood up and said loudly: "Just now, we checked the physical conditions of 20 patients on both sides."

"Twenty patients' illnesses have all been effectively treated without any Mistakes and mistakes. It can be said that Du Cang and Cao Huangqi, the two little doctors, are worthy of being famous doctors. The medicine is really good. "After

these beautiful words were finished, Di Lao paused and continued:" Because all the diagnosis and treatment are all right, so the judge's criteria, only one, that is, whose treatment is better. so that patients recover better and faster, then who the medicine will have an edge. "

This statement will be simple to understand, even The layman nodded their heads at the moment, which made sense.

Subsequently, Di Lao announced: "According to our examination, there are ten patients on each side. Two of them are of similar recovery. Du Cang's patients are slightly better and recover better."

Hearing this, Du A smile appeared at the corner of Cangzui's mouth.

However, the opposite Cao Huangqi did not feel a little nervous, but became more proud.

At this time, Du Lao continued to announce: "However, the recovery of the other eight patients is all Cao Huangqi's patients. It is obviously better. So, this is the test. I announced that Cao Huangqi won."

As soon as this remark came out, there was an uproar at the scene.

Du Cang's face changed drastically, and he said, "This is impossible, how could it be?"

Du Lao's face sank suddenly, his heart seemed to sink to the bottom.

Cao Huangqi smiled, as if there was no surprise at this result, "Brother Du, do you not want to admit the account? Or, do you doubt the judgment of the referees."

" I-- " Du Cang was really not for a while How to answer it.

At this time, Cao Huangqi continued: "If you don't agree, I would like to trouble Di Lao to explain to you in detail. Why do I judge my patients to recover better."

Di Lao nodded and started a patient Analysis, let everyone judge from different symptoms, which patient recovered better.

After some analysis, many laymen can hear the truth and feel very reasonable.

Even Du Cang own, at the moment are incredibly frowned, his mouth murmured: "how could this impossible, his technique, will not beat me, how can -?"

Even Du Old, at the moment, his brows were closed, his face filled with inexplicable colors.

Cao Huangqi didn't care about this. He looked at it with a smile and said loudly: "The result of the test has been fixed. Du Lao and Du Du, you should honor your bets!"

### **Chapter 870.**

Hearing this, Du Lao and Du Cang woke up from their doubts, their faces changed suddenly, and they quickly gloomed, glancing at each other without saying a word.

Cao Huangqi saw this, smiling, and said with a smile: "Old Du, brother Du, what do you mean? Don't you two, don't you want to admit it?"

Du Cang looked stiff and wanted to refute, but said no at the moment Words come.

Du Lao looked very gloomy, silent, his expression constantly changing.

In the end, he looked at Cao Huangqi and said, "We will admit defeat in this competition. I can also remove the plaque of the" Medical Needle King "at Du Medical Center, but I can't give you the acupuncture diagram of the Tongren. I can change it. Other conditions, as long as my old bone can do it, I will never refuse it. "

" Grandpa, I-- "Du Cang couldn't bear to look at it and couldn't help but get a voice.

Du Lao shook his head and said to Du Cang: "Cang'er, needless to say. Since we lost, our Du family will pay the price."

This look of the two was shot by the reporters. In the live broadcast, it caused a stir and discussion.

Some people praised Du Lao dare to take the responsibility. After all, in this society, all the people who owe debts are uncles. Du Lao dare to admit that it is already pretty good.

However, some people said that Mr. Du did n't talk about credit. He clearly agreed to the Tongren acupuncture chart, but now he wants to change it to something else.

For a time, there was a lot of noise on the Internet.

At this time, Cao Huangqi shook his head and said to Du Lao: "Lao Du, I admire your behavior. However, IMHO, Du Lao, you can do it, and my Cao family can do it. So, you are right. As far as my Cao family is concerned, it is not very useful. "

"You--" Du Cang heard Cao Huangqi so insulting his grandfather, suddenly angry, almost rushed out, but eventually was pulled by Du Lao.

Cao Huangqi continued: "So, with regard to the gambling of this written test, my Cao family doesn't want to change it to something else, we need a bronze figure of acupuncture. Of course, looking at Du Du, you used to be with my grandfather, 'The plaque of the world's needle king's, I can keep it for you Du's family. "

Du Lao was silent for a while, there was not much expression on his face, but in the trembling muscles and flashing eyes, it was very old Du Du at this moment. Calm mood.

Du Cang couldn't bear it anymore and said, "Grandpa, I'm comparing this competition. I will take care of all the things. I don't care what the Cao family wants to do to me. It's just Grandpa your bronze figure of acupuncture. You can't give it to you—" Before he finished, Mr. Du

sighed and shook his head. He

said, "Master, I'm incompetent, I'm sorry for you." After that, Mr. Du looked coldly at Cao Huangqi and said: "

Tongren acupuncture diagram, I can give it to you Cao's family." Wen Yan, Cao Huangqi was overjoyed, with a clear smile on his face, and came over, "Then come out!"

Du Lao originally wanted to say something, but in the end sighed, said nothing, turned around and entered the house, ready to get the Tongren acupuncture chart.

Upon seeing this, everyone in the Du Medical Hall was downcast, and his face was gloomy. Cao Huangqi was very proud and seemed very proud. The reporters behind were even more excited and snapped.

After all, for them. No matter who wins or loses, the names of Du Sanzhen and King Nan'an are enough for them to make headlines.

At this moment, a cold voice rang out, "Old Du, please wait."

Du Old heard the voice of Chen Fei and could not help turning his head, saying: "Doctor Xiao Chen, what are you doing? ? "

Chen Feidao: "Old Du, I have some interesting discoveries just now, and I want to show it to you now. So, I would like to ask you to make a decision after reading my show."

"Little discovery?" Old Du is puzzled.

Du Cang was excited, and leaned directly next to Chen Fei, saying: "Brother Fei, did you find something, you have a way to save the Tongren acupuncture chart, right?"

Chen Fei didn't say much, Just made a reassuring look at Du Cang, and then came out.

On Cao Huangqi's side, when he saw good things being interrupted, he immediately frowned, and there was a hint of anger on his face. Then, he looked at Chen Fei, frowning his cheeks, and turned into anger. He glared at Chen Fei and gritted his teeth: "It's you!"

He remembered what happened on the plane the previous two days. It was because of this guy. Finally, he was held down by the air police. After finally getting off the plane, he was taken to the police station to ask about education.

"It's me. If there are only things on the plane, I thought you were just a little bit cumbersome, but I didn't expect you to be so shameless besides the crap." Chen Feidao.

Cao Huangqi heard his words and couldn't help but look stiff, a flash of panic flashed in his eyes. After all, he was worried about Chen Fei telling himself about the scandal on the plane, so he immediately began to talk about the topic and said, "You are talking nonsense. I don't care what your origin is. Now it's a comparison between my Cao family and Du family. It has nothing to do with you. "

"Your competition, it really has nothing to do with me." Chen Fei smiled faintly.

"Then you—" Cao Huangqi interjected.

Chen Fei interrupted him directly and said, "I haven't

finished talking. What are you doing so anxiously, are you guilty?" During the speech, Chen Fei glanced at Cao Huangqi.

Cao Huangqi glanced at Chen Fei's eyes, and suddenly felt a pucker in his heart, giving birth to an inexplicable ominous feeling, and his heart was uneasy.

"I have any guilty conscience." Cao Huangqi looked confident.

"Are you sure you won?" Chen Fei looked at Cao Huangqi with a strange smile.

Cao Huangqi gave a sigh in his heart and said, "As a result of the competition, so many expert referees on the scene decided that I won, and even Du Lao himself admitted that I won. What do you mean by this?"

Chen Fei came out and looked at the reporters The camera shook his head and said: "On the surface, you did win. But in fact, you lost Cao Huangqi in this competition." The

words suddenly caused an uproar.

Cao Huangqi even sneered and said, "Oh, you said that I lost, I lost, who do you think you are? Or, are you going to

be fooled and scornful?" Not only Cao Huangqi, including Di Lao Several of the referees, after listening to Chen Fei's words, his face suddenly sank and his expression was ugly. Looking at Chen Fei's eyes, it was gloomy.

After all, Chen Fei said that Cao Huangqi lost, is it not that their judges' judgments are wrong. For those who are quite prestigious, this is absolutely intolerable.
