

The Best Son in Law Chapter 45 – 47

Chapter 45

The three cousin girls forgot to even stand up to say thank you after hearing Principal Zhang's words, their eyes filled with surprise and excitement.

"Thank you Headmaster Zhang, I will definitely thank you when I have time!" Haoden Ye was heartily grateful.

"Haha, how big of a deal!" Principal Zhang waved his hand and said politely, "Since you have something to do this afternoon, let's eat together some other day!"

Haoden Ye nodded and sent Principal Zhang away.

When they returned to the private room, the third cousin aunt looked very embarrassed, while the Shen family was surprised.

Haoden Ye just said that Haoden Ye was not highly educated, but as a result, he became the academic advisor of Fu Ri University, and casually arranged the school for the two girls of the third cousin aunt's family.

And the third cousin aunt's two girls were both happy and regretful in their hearts at this time, how come they didn't see that Haoden Ye was deep in hiding earlier and got him first?

"Haoden Ye, what's going on, how come you're so familiar with President Zhang of Fosun University!" Robert Shen was surprised to Haoden Ye.

Haoden Ye scratched his head and smiled apologetically, "Yesterday, I saw that there was a problem with the feng shui of Fosun University and helped them solve it!"

Robert Shen came to a sudden realization, and his appearance immediately cooled down.

As a history professor, he had also studied feng shui and didn't think it was really useful, what he was thinking was that Haoden Ye must have used some kind of trick to deceive Principal Zhang.

"Haoden Ye! You should learn a little useful knowledge at a young age, never go astray, quickly say, what method did you use to coax Headmaster Zhang!" Robert Shen reprimanded with an icy look.

"Dad! Haoden Ye is an honest man, it's not like you don't know what astray he can go!" Maya Shen was not happy to hear this, although she also felt that Headmaster Zhang was definitely not so enthusiastic about him because Haoden Ye was capable, she didn't think that Haoden Ye had really used any means to deceive Headmaster Zhang.

"Exactly! Old Shen, Haoden Ye Tian Tian guards a shitty second hand shop, not to mention lying, he would even blush if he lied, can he fool a person like Principal Zhang?" Milda Hao was also on the side to help out.

Robert Shen thought about it and thought that Haoden Ye should just be lucky.

"Hmph, I'm just warning him, don't lose face to our Shen family!" Robert Shen grunted, not dwelling on the matter anymore.

"Come come come! Let's congratulate Mei Mei and Xiao Xian, tomorrow will be a top student of Fuxing University!" Milda Hao lifted her wine cup and smiled.

The third cousin's family was also very happy, and they even raised their wine cups in response, and of course their attitude towards Haoden Ye was cold again, and the family was happy again, and no one paid any attention to Haoden Ye.

At the same time, at the entrance of Dan City Prison, Sun Yuxuan and Master Zhang came out from inside and got into a bright Bentley car.

"Outrageous, I'm the heir of the hallowed Sun Clan, but I've been made such a mess by a brat!" Sun Yuxuan clenched his fist fiercely, his eyes shining with a sinister light.

"Sun Shao, it's all my fault for underestimating this brat!" Master Zhang looked apologetic, and his eyes were also filled with hatred for Haoden Ye.

Sun Yuxuan admitted to his evil deeds and was arrested by the police, but with the power of the Sun family, how could the heir of his family be allowed to stay in prison?

Sun Yuxuan's crime was verbal blackmail without any actual action, although it led to Li Mingyue's suicide, the Sun family only needed a little activity and he was released the same day, with no case record left.

"Don't worry Sun, I'll make sure this kid knows what's going on!" With a cold smile, Master Zhang.

On this side of the restaurant, the family finished their meal and came out of the restaurant.

Just as they reached the entrance of the restaurant, a figure chased after them, and it was the restaurant waiter.

"Sir, you forgot to take your spending gold card!" The waiter walked up to Haoden Ye and smiled.

Haoden Ye was stunned, he didn't have any gold card, he was busy waving his hand, "I don't have a card!" And when Robert Shen saw this gold card, the inside of his eyes immediately began to glow!

The waiter smiled and said: "We at Longsheng Restaurant receive professors and scholars from the city university, and this gold card is given to those who have professional achievements in academics, you are recommended by President Zhang, so the hotel will naturally give you a gold card. With this gold card, in the future, you will get 20% off all meals here, and enjoy all kinds of priority treatment."

Haoden Ye listened half-heartedly, took the gold card and turned it over to Robert Shen, "Dad, you like to eat here, so this card is for you."

Robert Shen received the golden card, and his face couldn't help but smile.

Haoden Ye didn't know how important this gold card was to a scholar, it was equivalent to a kind of recognition in Dan City's academic community.

Robert Shen had been engaged in academic research for so long, and he wasn't even eligible to receive this golden card.

"Little Ye, this gold card is for you, so it wouldn't be appropriate for you to give it to me!" Robert Shen took the golden card and looked a little embarrassed.

"We're all family, this is a little bit of Xiao Ye's heart, so just take it!" Milda Hao saw that her husband liked this card very much and smiled to persuade him.

"Yes dad, what academic research can Haoden Ye do, I guess Principal Zhang gave him the gold card because of your face!" Maya Shen also started to persuade.

Robert Shen smilingly put away the gold card, and the look in Haoden Ye's eyes was also a little satisfied.

Getting in the car to go home, just arrived at the door of the house, Milda Hao's phone rang.

"What! What time is this!" Hearing all the voices on the other end of the phone, Milda Hao just turned pale, "Okay, I'll go to the business bureau first thing in the morning!"

Hanging up the phone, Milda Hao looked gloomy and Robert Shen was concerned, "What's happening!"

Milda Hao huffed with an exasperated face and said angrily, "The Bureau of Industry and Commerce just brought someone to seal my shop and told me to straighten it out!"

Robert Shen frowned at the news, but Maya Shen's face changed dramatically.

You know, the restaurant industry signboard is everything, if Milda Hao's shop was seized by the Bureau of Industry and Commerce, this matter spread out will definitely make the restaurant's reputation have a major loss.

Moreover, after a few days of seizure, the old customers would choose a new place to dine if they came to see the store not open.

"Mom! Don't worry, there must be some misunderstanding!" Maya Shen quickly consoled.

Milda Hao snorted, "What misunderstanding, it's not the Szechuan food next door that's causing the trouble!"

The last time Milda Hao had said that the daughter of the next door Sichuan food owner was married to a director of the Servcorp law firm, and this director had been using his connections in the industrial and commercial bureau to find trouble for Milda Hao.

Haoden Ye listened to them talk and thought of Lawyer Jin, busy saying, “Mom, I might be able to help with this!”

“You?” The family heard and turned their heads to look at Haoden Ye.

“Don’t you add to the mess!” Maya Shen frowned, unhappy, “What can you do to help? Did you go and ask Principal Zhang for help?”

“You’re just an academic advisor at Fosun University, why should people help you!” Robert Shen also raged.

“Don’t think that you’re powerful just because you know Principal Zhang, you mustn’t give me any trouble!” Milda Hao was unhappy.

Chapter 46

Haoden Ye nodded gently, making up his mind to call Lawyer Jin later.

At the end of the night, when Maya Shen went to take a shower, Haoden Ye pulled out his phone.

“Hello, Lawyer Jin?” The call was answered, and Haoden Ye immediately said.

“It’s Mr. Ye, what can I do for you?” Lawyer Jin’s side was a bit noisy, it seemed like a banquet was going on, and after Lawyer Jin finished speaking to Haoden Ye, he immediately spoke too loudly to the people at the table, “Everyone keep your voices down, I have an important guest here!”

“Lawyer Kim is busy, or I’ll call you later!” Haoden Ye heard that he was busy and quickly said.

“It’s nothing important, we have two poverty alleviation projects in the suburbs, and the chairman asked me to come and take up with the district leaders!” Lawyer Jin smiled slightly.

Obviously, the people at the wine table were all leading figures of a district-level unit, but when he received Haoden Ye’s call, Lawyer Jin immediately and unceremoniously told them to keep their voices down.

When Haoden Ye heard his words, he didn’t dare to waste anyone’s time, and quickly said, “My mother-in-law’s restaurant is besides a point problem, and the people from the Bureau of Industry and Commerce closed her shop!”

“Is there something wrong with the food in the store?” Lawyer Kim spoke seriously, “As long as it doesn’t cause too serious an accident, it’s all easy to solve! But you better not eat the dead, or you’ll have a big problem!”

Haoden Ye quickly said, “It’s either a food problem or a bit of a conflict with the restaurant next door, they have a relationship with the Bureau of Industry and Commerce!”

“So that’s it!” Lawyer Jin smiled and nodded, “Well, this little matter is just a word!”

Haoden Ye quickly said thank you and hung up the phone.

“Who are you talking to on the phone again!” Just put away the phone, Maya Shen’s voice came from behind.

Haoden Ye was shocked, quickly turned around, but saw Maya Shen wearing a bathrobe, wet hair, look sexy and charming.

No thought, his wife is a superb beauty, at this time is even more sexy and alluring.

Haoden Ye's heart jumped, before Maya Shen after the bath, are dressed in pajamas before coming out, and must Haoden Ye must first turn off the lights, today how so out?

"No...nothing, just a friend!" Haoden Ye quickly averted his gaze, afraid that Maya Shen would be upset by this.

Maya Shen's eyes flashed with an intense disappointment, and then looked at Haoden Ye curiously, "Haoden Ye, what's wrong with you lately?"

Haoden Ye was stunned and looked at his wife in confusion, Maya Shen thought, "I feel, you're a bit different, I hope you'll be able to grasp your life in the future!" After saying that, Maya Shen turned to the bed.

Haoden Ye quietly swallowed his saliva, the beautiful scenery in front of him made him unable to look away.

"Turn off the lights!" When Haoden Ye was dazed, Maya Shen's angry voice rang out, and he quickly got up to turn off the lights and went to rest on his bunk.

"Lawyer Liu, I've already prepared the money, I must ask you for this matter!" The next morning, when Haoden Ye got up to cook, he heard his mother-in-law, Milda Hao, calling Lawyer Liu.

Haoden Ye put the prepared meal on the table, and the family also went on the table.

"People nowadays are really black-hearted, a stretch of 700,000, where am I going to get so much money!" Milda Hao was in a very bad mood and took a sip of the soup Haoden Ye made, her eyebrows immediately furrowed and slammed the bowl on the table "Didn't I tell you not to cook so salty?"

Haoden Ye knew that his mother-in-law was in a bad mood and didn't dare to argue, quickly saying, "Sorry mom, I'll pay more attention next time!"

“Mom, does it have to cost that much? How about we get another lawyer?” When Maya Shen heard that it would cost seven hundred thousand, she also felt that it was a bit much.

“Do you think I don’t know?” Milda Hao was in a bad mood, and even her daughter didn’t give a good face: “The problem is not with the lawyers, but with the Business Bureau, and this matter must rely on their relationship with the Business Bureau!”

Haoden Ye listened to their mother and daughter talk and thought about Lawyer Jin and whispered, “Mom, I know a lawyer who’s pretty good!”

Both mother and daughter looked over at the same time, with some disdain in their eyes.

“You? What can you have to do with it, don’t mess with me!” Milda Hao was impatient.

“Haoden Ye, when did you catch the bug of bragging!” Maya Shen frowned and looked very unhappy.

Haoden Ye saw them like this, so he didn’t continue.

“Mom, I’ll go to the business bureau with you later and see if we can spend less money!” Maya Shen turned her head to Milda Hao.

Milda Hao nodded gently, but didn’t seem to have much hope.

After dinner, the mother and daughter drove to the Industry and Commerce Bureau.

At the entrance of the Bureau of Industry and Commerce, lawyer Liu was waiting with his briefcase.

Today he wore a straight suit, a gentle and elegant appearance, with a pair of gold wire glasses, giving people a sense of gracefulness.

Seeing Maya Shen, who was accompanying her mother, Lawyer Liu's eyes flashed with a touch of amazement.

"Mr. Hao, why have you brought your assistant with you today!" Lawyer Liu stepped forward and gave a dashing smile.

"Lawyer Liu is mistaken!" Milda Hao smiled slightly, "This is my daughter, not my assistant!"

Lawyer Liu's eyes glowed, he already knew that Milda Hao had a beautiful daughter but had never met her, and he also knew that Maya Shen's husband was a loser.

"So it's your daughter!" Lawyer Liu revealed a handsome smile and said to Maya Shen, "Hello, my name is Liu Jinfa, I'm a gold medalist at Guangyuan Law Firm!"

"Lawyer Liu is welcome, I'm here today to talk to you about tariffs!" Maya Shen revealed a professional smile, beautiful and touching.

Lawyer Liu smiled in his heart, half a million of the benefit fee can actually be more or less, if it is Milda Hao himself to talk, he can reduce some, but Maya Shen raised this issue, he has another idea.

He could take about 200,000 out of 500,000, which might be a big amount for others, but it was just one less business for him, and if he could get a beautiful woman like Maya Shen, 200,000 wouldn't be worth it.

Of course, he wouldn't say it to his face, but rather as a reason for the difficulty: "It's a bit difficult, to be honest, half a million is not for me, I'd better take you to talk to the leaders of the Industry and Commerce Bureau first."

Milda Hao listened to his words, thought there was hope for a reduction in fees, nodded quickly, the three people together upstairs.

When they arrived at a door with the words "Office of the Deputy Director", the three people stopped.

The first time I saw it, I was stunned when I saw the three words "deputy director" written on it, and I wondered, "Didn't you say last time that you were looking for the director of the Bureau of Industry and Commerce to talk about this? Why are we here to see the assistant director?"

Of course Lawyer Liu won't tell her that the one who wants to fix Milda Hao restaurant is this deputy director, and the relationship he is looking for is the director.

Chapter 47

If you go to the director directly, I'm afraid the matter will be solved immediately, but if you go to the deputy director, his attitude must be very bad, Milda Hao will know that it is very difficult to solve the matter, and then he is looking for the director to solve the matter, Milda Hao mother and daughter will not be doubly grateful to him.

"Oh, last time it was careless of me, I think the bigger the leader the better to do things, yesterday carefully thought about it, your restaurant this kind of thing is not big, if you look directly to the big leaders, may not be as a big deal to do, spend more money!" Lawyer Liu was busy explaining.

Only then did it dawn on Milda Hao that Lawyer Liu knocked on the door and a cheerful voice came from inside, "Come in!"

"Director Song!" As soon as he entered, Lawyer Liu greeted him warmly.

"Ah Liu!" Song director 40 up and down, looks quite a bit of elegant, saber eyebrows, tiger eyes, a glance gives people a feeling of decency.

Listen to his tone and lawyer Liu obviously know each other, and speaks in a very easygoing tone.

“Director Song, this is the owner of Hao’s restaurant, Mr. Hao!” Lawyer Liu pointed at Milda Hao and smiled, “Today we’re here to talk about the restaurant being shut down!”

Upon hearing this, Director Song’s face instantly flashed gloom and his eyes narrowed.

“So it’s this matter!” Director Song revealed a difficult look: “This is very difficult to do ah, someone reported, we have to investigate, this matter policy, I can not blatantly violate the policy ah! As you know, the media is powerful these days!”

Milda Hao was full of hope, but her heart went cold when she heard this, and she quickly said, “Director Song, my restaurant is indeed fine, so why don’t you go check it out!”

“What kind of talk is that!” Director Song’s face showed anger as he said, “I only care about sealing here, and the investigation will naturally be done by the relevant departments!”

This angry shout startled Milda Hao, and she quickly showed a pleasing look, “Of course I didn’t mean that, I meant to say that there’s no problem with our restaurant at all!”

“So you’re saying that we’re unreliable in our business bureau and deliberately screwed you!” Director Song smiled coldly and spoke harshly.

Milda Hao was dumbfounded, why did it feel like this Director Song spoke so rudely.

“Mr. Hao! Don’t talk yet, let me talk to Director Song!” Lawyer Liu smiled in his heart, but his face pretended to be relieved, and turned to Director Song and smiled, “Director Song, Hao is always a businessman and doesn’t know the rules, don’t mind!”

“We deal with businessmen,” seeing Milda Hao panicking a bit, Director Song’s face also flashed with a contemptuous smile, “How come other businessmen aren’t as unruly as her? I also know that her restaurant is very problematic, it’s only being closed down, and if the inspection reveals any problems, the license will probably be revoked completely!”

As soon as she heard this, Milda Hao’s face went white, and Maya Shen’s brows furrowed as she detected the situation.

She had a sneaking feeling that this Director Song didn’t seem like a favor to her, but rather like a counterpart.

In the past, she had seen people who didn’t give a good face to do things, but she was just taking the opportunity to raise the price of doing things.

“Director Song, open people don’t speak in secret, the accident at our ma restaurant was someone deliberately fixing him, we came here today just to ask you to be kind and help, as long as you are willing to help, we will naturally thank you properly!” Maya Shen smiled slightly and stepped forward.

When Director Song saw Maya Shen, his eyes lit up slightly, but his face was icy cold: “Are you guys trying to bribe me? Believe it or not I’ll have your business license revoked right now!”

Liu lawyer was to let Song director to scare Milda Hao, don’t want to make a big deal, quickly compensate for the smile: “Song director don’t get angry, your character who doesn’t know? How dare we bribe you, just look into this matter with your friends from the Bureau of Industry and Commerce, we’ll come back another day!” After saying that, she pulled Milda Hao out.

Milda Hao heart very anxious at this time, but look at director Song this way, also have to follow out.

Just out of the office, Milda Hao anxiously said: "Lawyer Liu, what is going on, how Director Song so big fire!"

Liu lawyer eyes sneak a glance at the same anxious Maya Shen, heart a smile, face special do for the difficult way: "this can be difficult to do, reckon your opponent also pulled out of the money, I'm afraid not hundreds of thousands of yuan can solve the problem, even worse, you may also because of this matter in court!"

Milda Hao's face went white as soon as she heard it, and Maya Shen frowned as well.

The legal matters were very clear to Maya Shen, but if the people from the Bureau of Industry and Commerce really wanted to make trouble, they could always still make up evidence.

"Lawyer Liu, you help think of a way, we're counting on you for this matter!" Maya Shen was busy with Lawyer Liu.

Seeing the two women looking panicked, Lawyer Liu laughed coldly in his heart and was about to hint at Maya Shen's own affection for her, when suddenly a deep voice came: "Little Liu! Why are you here!"

Upon hearing this, Lawyer Liu hurriedly raised his head and saw that the visitor could not help but change his face: "Jin... Lawyer Jin!"

Milda Hao and Maya also raised their heads, the person to see, but see the person in his early thirties, handsome and unusual looks, and the body exudes a kind of convincing air of power, age than Liu lawyer to be small, but call him a small Liu.

Looking at Lawyer Liu's expression, it was clear that the other party was a big man, and Milda Hao and Maya Shen hurriedly stepped back to make way for the other party.

"I'm asking you something!" Lawyer Jin walked up to Lawyer Liu and didn't even look at him squarely in the eye, faintly.

“I’m working on a case of Hao’s restaurant, and I came to see what’s going on at the Bureau of Industry and Commerce!” Lawyer Liu hurriedly replied.

Lawyer Jin nodded gently and turned his head to look at Milda Hao and Maya Shen, “Are the two of you also related to the case?”

Milda Hao nodded quickly, “I’m the owner of Hao’s restaurant, Milda Hao!”

Originally it was self-introduction, could not have imagined that the words, Jin lawyer face immediately revealed an enthusiastic smile: “I see, you do not have to worry about this matter, someone has entrusted me to do!”

Milda Hao was stunned, and before she could react, Lawyer Jin had already knocked on the office door and said under his breath, “Is Director Song here? I’m Jin Fei Ming!”

As soon as the words died down, the door quickly opened as a rush of footsteps could be heard inside.

Director Song, who was cold to Milda Hao and the others just now, piled up a smile on his face and said respectfully, “Lawyer Jin, how come you’re here!”

Faced with his compensatory smile, but the lawyer Jin is a loving, indifferent look, the tone of light: “Hao’s restaurant was closed by you, right? What exactly is going on please Song director in detail, but as soon as possible, I still have to eat with the municipal party committee leaders later.”

The words, director Song boarded up, look at lawyer Liu, and look at Milda Hao and Maya Shen, the heart said: “You can hire lawyer Jin, why just now also came to plead with me, this is not to embarrass me!”
