

Chapter 971

The conflict of words was obviously useless. Jiangchuan directly started the bidding, "170 million!"

Boss Hu was also unequivocal, "180 million!"

.....

Such a bid, many rich businessmen have been unable to follow up too. After all, at this price, they have exceeded their capabilities.

After all, many of the bosses present have an overall worth of more than one billion yuan. It is obviously impossible to ask them to spend nearly 200 million yuan to bid for Fuzhuan.

Therefore, by this time, the auction seemed to become a direct competition between Jiang Chuan and Hu Boss.

At this moment, after Boss Hu made a quote, Jiang Chuan paused, glanced at Boss, and then directly said: "200 million."

"200 million!" This price made Boss hesitant. However, after thinking about it, he still gritted his teeth and prepared to raise his card to continue the auction.

But at this moment, Jiang Chuan said: "Boss Hu, you Hu Group, the recent business in chemical raw materials seems to have encountered some troubles, and there are some minor problems with the flow of funds. Working capital, come to shoot these nine days of mountain and sea symbols. If you let other major shareholders know, I am afraid it is not very easy to explain. "As

soon as this word came out, boss Hu looked a little ugly.

This situation made Jiang Chuan proud, and said again: "Boss Hu, this time you let me take the Jiutian Mountain and Haifu, I will remember your feelings."

This is a complete dissolution of Boss Hu. Fighting spirit. Finally, the half-raised hand was dropped.

Jiang Chuan immediately smiled, looked at Qiu Hai, and said, "Chou Gongzi, my price of two hundred million yuan is already the highest. Can we drop the hammer?"

Qiu Hai seems to want to earn more, so instead of dropping the hammer, he glanced at the wealthy merchants and continued to say: "Everyone, these nine days of mountain and sea symbols, but my master carefully crafted it. The hard work is definitely your I can't imagine it. After this time, I want to get a Jiutian Mountain and Sea Rune, which is almost impossible. "

Such words make some rich businessmen start to move again and again. After all, with hundreds of millions of dollars spent, if they can really buy a life, they are still willing to sell.

Even for Anita, she couldn't sit still at this moment, biting her lip, and she seemed to be thinking about whether or not to bid for a bid.

However, just when Anita hesitated, she kept staring at Chen Fei, who looked closely at Fu Zhuan. At this moment, she withdrew her gaze, held Anita's hand, and shook her head at her, saying, "Xiao An, don't shoot.

"A Fei, I think— "Anita is puzzled.

At this time, Jiang Chuan glanced at those bidding bids, which were threatening and tempting.

In the end, no one showed up to bid with Jiang Chuan.

Qiu Hai had some unsettled hammers, and finally sold this precious Jiutian Mountain and Sea Rune to Jiangchuan at a sky-high price of 200 million yuan.

Jiang Chuan took Fu Zhuan, with a look of excitement on his face, and the whole person looked very excited. At the same time, there was a flamboyant look on his face.

After all, his ability to overwhelm everyone and photographing this treasure is itself a symbol of financial strength and identity.

At the moment on the stage, Qiu Hai, who had received money, exchanged a few words with the rich businessmen, his face was slightly full, and he was about to leave.

Anita still looked at Chen Fei with a puzzled expression,

with a hint of regret in her eyebrows .

Chen Fei looked solemn and explained to Anita in a low voice: "Although I don't know what the Jiutian Mountain and Sea Rune is! But I can conclude that this seal is absolutely not as effective as the Jiutian Mountain and Sea Rune they just mentioned. "

"? reach "Anita surprised, Di Hu out," you mean hooligan, this nine days Fu Shan Hai, is false? "

Chen Fei said:" To some extent, nine days Fu Shan Hai, It 's fake. Because this seal is absolutely impossible to achieve the effect of rescuing the life-hanging patients. According to my judgment, this seal is just a kind of nourishing and moisturizing effect, and it is just like Ordinary items with a genuine breath have been nourished. "

" This, is this true? "Anita was a little surprised.

Wei Ling was also persuaded to say at this time: "Xiao An, you must believe Chen Fei's words. Because Chen Fei is also a martial artist, and his strength is very strong, even stronger than Qiu Hai's master Qiu Tianjiu."

"So Awesome! "Anita was a little surprised, then nodded and said," A Fei, thank you for your reminder. Otherwise, I'm going bankrupt, I'm afraid I will buy a fake. "

Chen Fei said with a deep voice : " For this kind of thing, It's better to be cautious. Don't believe it easily if you don't have the judgment of an expert. "

Anita nodded and said," I remember, A Fei. "

Then she said with emotion:" Just, I did not think nine days Pavilion less dignified Lord, hatred nine days old hatred of the pro-disciple, went so far as sale of counterfeits in the face of so many wealthy. ".

Chen Fei Chen Sheng said:" you just say, this hatred is the sea That kind of playboy. He used to pay hundreds of millions of yuan on credit, and even stole his master's things for sale. These things have been done. Selling fakes to you is not impossible. "

" It's too easy for me to be fooled. "" Anita , Then got up, ready to leave with them, and Chen Fei.

But at this time, Jiang Chuan, who was sitting in a row behind Chen Fei, listened to the conversation between the two of them. What people say. But they ca n't afford it, but privately say that others are selling fakes. That 's a bit excessive! "

Jiang Chuan 's voice was not low. With such an exit, everyone 's attention was attracted.

"Fake! What kind of fake?"

"How can there be fake in this kind of auction?"

"Jiang Shao, who are you talking about?"

..... In

the voice of everyone, Jiang Chuan smiled with a disdainful smile. , Directly pointed at Chen Fei, and said loudly to everyone: "Everyone, I heard clearly behind Mr. Chen just now. He said to Miss Anita, these nine heavens and sea symbols are fake." As

soon as the words came out, everyone suddenly Surprised.

"How come, this is something of Qiu Gongzi!"

"That is, don't know nonsense if you don't know."

"Oh, an outsider, know what."

.....

Faced with ridicule and confusion.

Chen Fei frowned, not paying much attention to it, and took Anita and Wei Ling directly, preparing to leave.

But Jiang Chuan was not going to let them go, and stopped in front of Chen Fei, said: "Why, Mr. Chen wants to leave like this?"

Chen Fei frowned: "Why can't I leave? Why should you stop me?"

Chapter 972

Jiang Chuan snorted and said, "Why should I stop you? You don't count in your own heart? Do you think you can just blame your son Qiu for no reason?" When

this remark came out, many people around it also coaxed.

"How dare slander Chougong Zi, court death stuff."

"Chou Gongzai what capacity, so that he would be willing to talk nonsense, full court death is something."

"Oh, look Chougong Zi how to deal with him."

.....

a voice in Qiu Hai, who was originally with a different color and was about to leave, had to stop at this moment. His eyes were a little more complicated, and his face was a bit gloomy, and he walked over.

Jiang Chuan didn't find the complex look in Qiu Hai's eyes at all, only saw his gloomy cheeks.

So he even color with a touch of pride, hatred conspire sea side, exaggeration and said: "Chougong Zi, the continent slander people for no reason, you have to take to teach him a"

kick up a fuss ambient sound also will be sounded .

"Teach

me a lesson!"

"Teach him a lesson!" "Apology, kneel and apology!"

.....

The atmosphere at the scene was a little different, even the boss Xie of the cruise ship had a strange expression at the moment. Quickly ran over, and said to Chen Fei with some embarrassment: "Mr. Chen, this time, you may have misunderstood. Qiu Gongzi he will not, you should apologize to Qiu Gongzi."

After finishing the talk, boss Xie looked at Qiu Hai again and said: "Chou Gongzi, this time, there are some misunderstandings. Mr. Chen is my friend and also Mr. Xu's friend. He also asked Qiu Gongzi to give me a face. "

However, without waiting for Boss Xie's words to finish, Jiang Chuan interrupted him directly and said coldly: "Boss Xie, are you here to fight against our Xiangjiang locals for a foreigner? "

"I, I didn't — "Boss Xie, with a bitter face, hurried to explain.

But at this time, Qiu Hai was also angry, and said coldly: "Do you want to use Director Xu to suppress me?"

Although boss Xie has some provinces, it is not the top rich man like Xiangjiang after all. In front of Qiu Hai, there was still some lack of confidence. So, immediately squeezed out his smiley face and waved his hand to explain, "Chou Gongzi, I don't mean that, I just want to--"

"You don't have to think about this, I know how to solve it!" Qiu Hai interrupted Boss Xie's words Then, I stepped forward a few steps again and looked at Chen Fei, coldly, "You said that what I sell is fake?"

Chen Fei's eyes changed and he was ready to speak. But at this time, boss Xie kept gesturing at Chen Fei to make him wink, and let Chen Fei not make things big.

With a sigh in his heart, Chen Fei didn't say it clearly, but said lightly: "Is the sale of fakes, you know it in your heart. I just talk about it."

Chen Fei has already given this face, and he hasn't said that the other party bought it The thing is fake.

But Qiu Hai was put up by so many wealthy businessmen, and he was domineering in Xiangjiang. At this time, Chen Fei questioned the sale of counterfeit goods, naturally looking for a place to return.

Therefore, Qiu Hai continued to approach, coldly said: "Just talk about it? Can you talk about this kind of thing casually?"

"In that case, Lao Tzu also said, your dad is a duck, your mom is a chicken. Lao Tzu is just talking about it, is it okay?" Qiu Hai was rude, almost scolded Chen Fei's chest, "Now, give Lao Zi knelt down and apologized for admitting the mistake. "

& E

msp; Chen Fei heard the words, suddenly furious, his eyes chilled.

Originally, for the sake of Mr. Xie's pleading, he was prepared to bear it. But this Qiu Hai, such rude insults, made Chen Fei really angry.

He glanced at boss Xie and cast an apologetic look. Then looked back, looked at Qiu Hai coldly, and said: "You better shut up immediately, otherwise, don't blame me for being unkind."

"Oh, you are welcome. You are unkind to me!" Qiu Haixiao After that, my fingers squeaked and said coldly, "I Qiu Hai, no one dared to say such a thing to me in Xiangjiang."

The rich Jiang Chuan and other merchants at the moment also looked at the joke, and talked about it. Got up.

"This kid is so stupid, how dare he say hello in front of Qiu Gongzi! Ha ha!"

"Doesn't he know that Qiu Gongzi is a master of martial arts in the middle of Xuan level?"

"It's totally his own death, no one can save him. "

...

" "Now, you still have the last chance. Kneel down, kowtow for mercy, and then drill under my crotch. I may be in a good mood and can save you a life." Qiu Hai looked at Chen with pride. Fei, a condescending attitude.

Chen Fei's eyes were cold, and his tone was even colder. He frowned lightly and said coldly: "I have warned you, this is what you asked for." As

soon as the words fell, Chen Fei shook his hand and slammed, Pumped on Qiu Hai's face.

This time, Qiu Hai and Jiang Chuan were all stunned.

They didn't even think that Chen Fei dared to do anything against Qiu Hai, and it really succeeded.

For a time, everyone was stunned.

Qiu Hai, who was originally still a little playful, was sullen at the moment, and his expression was completely angry. Eyes Yuan Deng, bloodshot eyes bright red cloth, glared fiercely Chen Fei, teeth and said: "!. I dare you, how dare you hit me I will kill you, kill you,"

so furious state Qiu Hai, but everyone has not seen.

For a time, Anita and Wei Ling could not help but look worried.

Jiang Chuan and others, at the moment, have an expression of gloating and misfortune, wishing Qiu Hai would teach Chen Fei a hard meal.

"Continent, let's die!" Qiu Hai shook with a loud sigh, and a burst of true vitality spewed out.

Qiu Hai's fist, haunting a thick force, bombarded Chen Fei's chest fiercely.

Such a momentum, such an offensive, Jiang Jiang they burst into joy, almost clap their hands.

"It's worthy of being a master of the middle stage of Xuan level. This momentum is too powerful."

"Haha, that kid named Chen, can you catch Chou Gongzi's punch."

"One punch? Don't think about it, Chou Gongzi's A punch, but that can kill a cow. Can that guy's thin body stand up to a cow? "

" Don't kill him directly with a punch, then there's nothing good about it. "

.....

call Huh, Qiu Hai's momentum is strong, and the banging fist, accompanied by the fierce face, came fiercely.

At this moment, Chen Fei, with a solemn and indifferent look, gathered his eyes and watched the fist that Qiu Hai bombarded. Gently shook his head, his lips flicked lightly, revealing a disdainful smile, and whispered:

"Just a little worm." "You—arrogant guy, I'm going to kill you!" Qiu Hai heard Chen Fei's words , Even more angry, gritted his teeth and screamed, almost bursting out the strongest momentum, fiercely bombarded Chen Fei.

Chapter 973

With such a punch, Jiang Chuan and others were exclaimed, their eyes widened and their mouths widened, waiting to see Chen Fei knocked down.

But at this moment, Chen Fei's right hand gently probed forward, a simple action could not be shot. "Slap" directly, grabbing Qiu Hai's right hand.

The original Qiu Hai was pinched at once, and suddenly seemed like a turbulent river, suddenly cut off.

The warm atmosphere of Jiang Chuan and others seemed to mention cheers in the eyes of his throat. He was choked in his throat at once, unable to scream or swallow, and felt very uncomfortable.

"Why!"

"This, what's wrong with this?"

"That kid, who is also a master of martial arts?"

...

When everyone was in doubt, Qiu Hai gritted his teeth and increased his strength, trying to get Chen Fei's Palm pressed back.

But soon, he discovered that all the forces that he forced out of his teeth were completely useless in front of Chen Fei's palm.

The palm that blocked his fist seemed to turn into an insurmountable high wall, so that Qiu Hai couldn't shake it at all.

For a time, Qiu Hai raised a sense of fear in his heart, looked up at Chen Fei, his eyes flickered, and asked aloud, "You, in the end

are--" Chen Fei's palm was gently held until he finished asking. He grabbed Qiu Hai's fist and then twisted it.

Suddenly, there was a clicking sound. Qiu Hai's right-hand arm, long-sleeved clothes burst apart, turned into countless pieces, and flew around.

The muscular arm under the clothing was now twisted into a terrible angle. The muscles were twisted, the bones shattered, and blood spewed. The scene was very horrifying.

Qiu Hai even made an extremely miserable howl, and the whole person's forehead was bruised with blue muscles, and the screams were more than screaming.

Seeing this, Chen Fei frowned, let go of Qiu Hai, then kicked it out, kicked Qiu Hai to the ground, stepped directly on his feet, and said coldly: "No more calls, otherwise, I will give you up

Qiu Hai's feelings . " Feeling Chen Fei's big foot on Dantian's lower abdomen, Qiu Hai dared not make any more moves. Can only grind his teeth to resist the severe pain from the right arm.

All this, in just a few seconds, has developed very quickly. The people beside him didn't recover until Qiu Hai was stepped on by Chen Fei, and looked at the scene in mysterious way.

In particular, Jiang Chuan, who was the most excited just now, was completely stunned at this moment, so dumbfounded that he didn't know what to say.

For a few seconds, Jiang Chuan looked at Chen Fei with surprise and shock, and said, "You, how dare you take a shot at Qiu Gongzi?" With

such a voice, many people immediately echoed.

"Chou Gongzi is a man in Tianjiu Pavilion, you are

looking for death." "Qiu Lao loves Qiu Gongzi most, and you will be done when Qiu Lao knows this."

"To Qiu Gongzi, you are our Xiangjiang whole The enemies of the martial arts world. "

" Come on, let go of Chou Gongzi, or else

... "

Chen Fei frowned and waved his hands to interrupt these stereotypical threats. He is like Qiu Hai. Do you want to try it? "

In this way, Jiang Chuan and others suddenly closed their mouths and dared not say much.

& e

msp; It's just that their blinking eyes still show their hearts.

They were determined in their hearts, although Chen Fei defeated Qiu Hai. But it is equivalent to angering Tianjiu Pavilion and angering Qiu Tianjiu. He has already played, unless he returns directly to the mainland now. Otherwise, as long as Xiangjiang once, he will definitely not have good fruit to eat.

However, what they do not know is that the so-called revenge in their hearts is not worth mentioning to Chen Fei at all. Not to mention one Qiu Tianjiu and one Tianjiu Pavilion, even if the Xiangjiang martial arts world is together, they cannot be Chen Fei's opponents.

However, Chen Fei is too lazy to explain these to them.

Stepping on Qiu Hai under his feet, Chen Fei sneered and said, "Look at their words, if I let you go, you will revenge me!"

Qiu Hai was full of resentment in his heart, but at the moment facing Chen Fei, how dare to mention Two words of revenge, quickly shook his head and said: "No, no. I will not get revenge."

"Is it? How do I believe you?" Chen Feidao, "Looking at their posture, you Tianjiuge, it seems absolutely Would n't be good enough! If that 's the case, then it 's better, I 'll kill you now and throw it into the sea to feed the sharks, the result is the same anyway. "

Qiu Hai was trembling with fright, and quickly gave Jiangchuan and others a glance, Warn them not to talk nonsense, and then quickly explained: "Mr. Chen, no, no such thing will happen in the Jedi. This time, I was wrong, I was taught by you, and I deserved punishment. "

Chen Fei heard the words and couldn't help laughing." You're smart, you can bend and stretch. "

" I really know what I'm wrong and want to apologize. "Qiu Hai said quickly.

The surrounding Jiangchuan and others all looked silly at this time. They simply couldn't imagine that there was such a side to the overbearing and domineering son Qiu Haiqiu in the Xiangjiang River.

At this moment, Chen Fei seemed to be moved by Qiu Hai's words, raised his leg, and removed his right foot stepped on Qiu Hai's abdomen.

Such a situation finally let Qiu Hai relieved.

But Chen Fei, who was about to turn around and leave, suddenly thought of something, turned around again, and fell to Qiu Hai's abdomen again.

At this time, Qiu Hai, who was just relieved, felt bitter again. "Mr. Chen, I know the wrong, I really know the wrong, I must ..."

Qiu Hai kept crying and confessing. Chen Fei was a little speechless and hurriedly waved his hand and said: "Don't talk nonsense, I have something to ask you."

Qiu Hai quickly nodded and said: "Mr. Chen, if you know what I say, I will not lie "

" Since that is the case, then you can talk about the Jiutian Mountain and Sea Rune you just auctioned! "Chen Feidao.

When this remark came out, everyone was a little surprised, especially Jiang Chuan. After all, the reason for the hands-on conflict between the two sides is because Chen Fei said that the Jiutianshanhaifu is false.

For a time, everyone's eyes fell on Qiu Hai.

Qiu Hai's face changed for a while, and it seemed a bit unnatural. However, in the face of Chen Fei's intimidation, he dared not have any thoughts, and quickly said: "I said, I said all."

"Then say it." Chen Feidao.

Qiu Haidao: "That Jiutian Mountain and Sea Rune is indeed fake." As soon as this remark came out, the scene was shocked. Jiangchuan in particular, at this moment, his eyes were rounded, and he looked at Qiu Hai tremblingly, "Chou Gongzi, this, this can't be a joke, |--"

Qiu Hai didn't pay any attention to Jiang Chuan, but looked at Chen Feidao, "I have spent a lot of money on consumption recently, and I have a tight time. I didn't ask for money to go up the mountain. So, I started thinking about it and I was going to get some fakes out. Auction."

Chapter 974

The word "Zai" in Qiu Haikou heard many rich businessmen shake their bodies, and the muscles on their faces twitched fiercely.

This word does not mean that Qiu Hai is not the first time he has sold fakes, but is a habitual offender. Among the wealthy merchants present, many people were scrambling to buy things from Qiu Hai.

For a time, everyone's face was blue.

At this time, Qiu Hai couldn't take care of so much, and continued: "This time, I went back to Jiutian Pavilion, preparing to get some of my Master's things, and selling them out in a mixed way. I didn't get anything valuable. "

" And it was at this time that the people of the Li family came to my master to ask for Jiutianshanhaifu, to support Li Fuhua's life. But my master refused them and said that he was old and unable to practice anymore. " Make Jiutian Mountain and Sea Rune. "

" Hearing this, I moved my heart and thought of the fake Jiutian Mountain and Sea Rune. "

" But I know that with my own strength, I can't imitate the fake Jiutian Mountain and Sea Rune. , Using another 'five side nourishing amulet' drawn by my master as a basis to imitate it. "

" The five side nourishing amulet itself has the effect of nourishing and nourishing, and its quality is also good. Moreover, it has Some similar effects. So, I asked my master to ask for a few Wufang Ziling Rune, and then I added it on my own to form the style of the Jiutian Mountain and Sea Rune. "

" Because there are few Jiutian Mountain and Sea Runes . " , Everyone is unfamiliar. In addition, my drawing does not destroy the original structure of the Wufang Ziling Rune, so this rune looks completely effective, and it is difficult for ordinary people to distinguish. "

" After it is done, I will The fake Jiutianshanhaifu was taken out and auctioned to make money. "

Qiu Hai spoke about the process of making and counterfeiting himself in one breath.

After listening, Chen Fei had to sigh that this guy didn't need to be on the right path with a little thought. Instead, they are trying to use these evil ways.

Anita couldn't help worrying at the moment. Fortunately, she was reminded by Chen Fei at the time and did not participate in the auction. Otherwise, would n't it be a big loss to buy fakes?

As for Jiangchuan, it was really dumbfounded at the moment.

He just received good gingerly touched the charms out, placed in the hands caress a moment, his face can not tell what the expression, "That which charms -"

other merchants around, especially those involved in the auction Merchants, they are fearful and happy at the moment.

Fortunately, I didn't take a picture, otherwise, I would really lose.

But Jiang Chuan was crying without tears. I spent 200 million yuan on the sky, photographed these nine days of mountain and sea symbols, but the result was a fake. Even if his Jiang family is rich, even if his Jiangchuan is the youngest of the Jiang family, he cannot waste such money!

For a time, Jiang Chuan looked depressed, almost crying.

Chen Fei didn't care to look at Jiang Chuan's mourning cheek, turned around, and left Anita and Wei Ling directly.

Qiu Hai hurriedly called over, lifted himself up from the ground, his face was somber and he was hobbled and ready to leave.

At this time, Jiang Chuan held Fu Zhuan, with a bitter face, leaned in front of Qiu Hai and said, "Chou Gongzi, this Fu Zhuan, you--"

This means that Qiu Hai wants to return the money.

However, the bite of meat in his mouth, how could spit hatred sea, Lengheng a sound, said: "buy a set from the hand, what do you mean you want to return??"

Jiang Chuan grimaced and said: "Chou Gongzi, this, this seal is a bit inconsistent, I--"

Qiu Hai's right arm twisted like a twist, and it was already painful. He had no intention of entanglement with Jiang Chuan, drinking Suddenly said, "Whatever does not match, I have said that if you buy your hand, you will buy your hand. Don't pull it for me, otherwise, I will use this as your Jiang's declaration of war on my Jiutian Pavilion . "

Against the Jiutian Pavilion, Jiang Chuan was afraid of such a thing. He quickly stepped back a few steps and waved his hand: "Chou Gongzi, I definitely don't mean that, I just--"

"If you don't, just get away, I'll go back to heal!" After that, Qiu Hai pushed away from Jiangchuan and strode away.

Jiang Chuan looked at the back of Qiu Hai's departure, and the bitter water in his heart could only be swallowed back into his stomach.

Immediately, his eyes darkened, looking away from the direction of Chen Fei, teeth and said:. "Surnamed Chen, are you've done the whole thing, blame you, I will not let you."

This guy , Dare not offend Qiu Hai, dare to offend Jiutian Pavilion. So he blamed Chen Fei for the deception. This can be regarded as finding a soft persimmon goal for yourself. In your heart, deceive yourself.

But what he didn't know was how powerful the soft persimmon he thought he was.

After the storm of the auction, the entire cruise ship dinner has become a bit confusing, and everyone has no idea of continuing to play.

So, boss Xie simply announced the end of the dinner, ordered the cruise ship to change direction, and began to return.

After twelve in the night, the cruise ship returned to the pier.

This group of Xiangjiang's top rich businessmen and dignitaries came out of the boat in a hurry, and hurried home.

Chen Fei and Anita Weiling returned to the hotel together.

Although this cruise trip did not reach the business cooperation previously imagined. However, for Chen Fei, it is considered a benefit.

After all, with the low price of four million, you directly get the ground-level herbal dragon root. That is even more beneficial to his wife Qiu Han's condition.

Moreover, on the other hand, Li Yuanfei of the Li family still owes his bet of 100 million yuan. If there is time, Chen Fei doesn't mind taking a trip to give the debt back.

Autumn came to Han's room, quietly Chen Fei is already asleep autumn Han pulse diagnosis a lot, and whispered: "My wife, I will find a way to cure your illness, must"

immediately Chen Fei saved the quilt for Lin Qiuhan, then quietly walked out of the room, washed himself, and returned to his room to rest.

And just after he left, Lin Qiuhan, who was asleep, opened his eyes, tilted his head, looked at the quilt that Chen Fei had saved, raised a smile at the corner of his mouth, then closed his eyes and fell asleep Too.

Although he slept in the early hours of last night, Chen Fei got up early the next day.

After handling his wife's breakfast and medicine, Chen Fei answered the phone and went out immediately.

This time, it was no one else who called him. It was precisely on the cruise ship yesterday that Bai Feichuan, Bai Xiangchuan, the old Chinese doctor of Xiangjiang who Chen Fei met

After obtaining the prescription of Chen Fei last night, Bai Lao hurried back to give his son a trial. As a result, the effect of the prescription was better than Bai Lao expected. The old man called Chen Fei early in the morning to express his thanks and said he would take his son to visit the house to thank him.

Chapter 975

Chen Fei considers that the age of the elderly is high, and the other son's son is recovering from a serious illness. So I didn't let Bai Lao's father and son come to the door. Instead, I went to see it by myself. By the way, I can also personally check Bai Lao's son Bai Yan.

Originally, Chen Fei thought that Bai Lao, a well-known figure, lived in a high-end community, even if it was not a quiet mountain villa.

As a result, I didn't expect that when Chen Fei arrived at the place, he found out that the place where Bai's home was was actually in an ordinary downtown residential building.

Even because of the age, the building has become dilapidated and crowded. It doesn't seem to be the place where the big figures of the white old level live.

Bai Lao was very polite and met Chen Fei outside the community early.

After looking for a place outside the car to stop, with white old Chen Fei walked toward the inside, "Mr. Chen, I'm sorry, this place is too narrow, open the car does not go, only trouble you went in."

Chen Fei waved his hand and said: "Lao Bai, it's nothing. I'm young and strong. It's nothing."

Bai Lao said immediately: "Mr. Chen, we should have thanked you at the door, and you have to come here to run. It's so rude."

Chen Fei smiled and said, "It is my blessing to be able to make friends with Bai Laoyou, a big man."

"I am a big man, just an old man." Bai Lao lamented, "If it were not Mr. Chen, this time I am afraid that even my son's illness will not be cured. "

When it comes to this, Bai Lao's tone inevitably shows some emotion.

Chen Fei was slightly silent, and then asked, "Bai Lao, I have a question. It stands to reason that you are so famous and medical is so good. Why-still live in such a place? If you want, whether it is a rich The private doctor at home or an expert in a large hospital should be able to do it! "

Wen Yan, Bai Lao's eyes turned, and a different emotion appeared in his eyes. He looked around and said, " This place, I already live It 's been more than thirty years. It 's my home, and I 'm used to it. "

" And, most of the people who live here are not in good condition. My Forbidden City is here, and it will be more convenient for them. As for those rich people, without me, they can still find other people. The poor people here, without me, some people have no way out. "

Wen Yan, Chen Fei could not help but a burst of silence, a sense of admiration surged in his heart.

Seeing that Chen Fei was speechless, Bai Lao waved his hand and smiled: "If you are old, you like to nag. If you young people don't listen, you don't have to take it seriously, it's okay."

Chen Fei quickly shook his head, and then looked solemnly. The old man bowed to Bai Bai and said, "Bai Lao, your behavior is really admirable. I am here to pay tribute to you."

Bai Lao saw this and quickly wanted to lift Chen Fei up, "Chen Sir, you are the life-saving benefactor of my family. How can I make you worship me? Get up,

I-- " Chen Fei shook his head and looked at Bai Lao seriously and firmly, said:" Bai Lao, this has nothing to do with saving your son. I Now I worship you, as a Chinese medicine practitioner, I admire your behavior. "

After that, Chen Fei bowed solemnly and deeply.

Bai Lao also looked serious and accepted Chen Fei's respect.

Then, the two walked and talked, and went deeper.

On this road, many residents who appeared on the roadside saw Bai Lao and all greeted them enthusiastically. Some even send various small gifts. It can be seen from this that Bai Lao's popularity in this place.

After walking for about a quarter of an hour, the two came to a five-story old building.

On the second floor of the building, there is a neon signboard with three colorful words of "Forget Chuanguan" flashing on it.

"Mr. Chen, this is my home, please come in!" Bai Lao greeted Chen Fei with a smile.

In this way, if it is not confirmed by Bai Lao, Chen Fei may not be able to believe that this place is the Forgotten Museum famous for Xiangjiang.

Nodding, Chen Fei walked into the building.

On the first floor of the lobby, Chen Fei smelled a familiar Chinese herbal medicine as soon as he walked in. On the front is a row of medicine cabinets. Two young men and women are grabbing medicine in the medicine cabinet.

Directly above the medicine cabinet, there is a handwritten plaque with the three characters "Forget Chuanguan" on it. The center is peaceful and the atmosphere is thick.

With a sense of awe-inspiring righteousness, it was written by a person with profound knowledge.

This kind of background made Chen Fei feel that this pharmacy is not an ordinary small shop, but the first traditional Chinese medicine store in Xiangjiang with profound background.

Bai Lao brought Chen Fei in, and then introduced to the two men and women who dispensed medicine: "Zi Han, Zi Xiao, have met Mr. Chen soon." The

two of them immediately put down their hands and respectfully respected Chen Feili, who was full of face. Grateful.

"

Have seen Mr. Chen." "Thank you Mr. Chen for saving my father."

... ..

"No need to thank you, please hurry up!" Chen Fei said quickly, and then looked at Bai Lao, "These two are?"

Bai Lao smiled and introduced: "They are my granddaughter Bai Zihan and grandson Bai Zi Xiao. Bai Yan is their father."

"So it is! Bai Lao, your traditional Chinese medicine, the same heritage, is really admirable."

Bai Lao waved his hands helplessly and said, "Mr. Chen praised it. In fact, this is also something that can't be done. In this day and age, traditional Chinese medicine is declining, the learning progress is very slow, and there are few young people willing to learn.

" I worry about my medicine lost, eventually forcing them to learn. At first, these two little guys, because things are forcing learn traditional Chinese medicine, I hit no less crying! "

Baizi Han Xiao got a little embarrassed and white "Grandpa, when we were young, do not know that you care and thought thing! now, we have to understand, we will certainly Lethe white house handed down the hall."

Wen Yan, white old not help but feel happy face Smile.

Chen Fei also expressed a different emotion in his heart. At first, he was gratified by the inheritance of Baijia's medical technique, and secondly, he was worried about the decline of many Chinese medicine.

At this time, several patients came in from the outside and asked at the door: "Dr. Bai, do you forget to see the doctor today?"

Bai Lao turned his head and said: "Today I still have something, I may not be able to see a doctor. Xiao 's diagnosis, but— "

Waiting for Bai Lao to finish his speech, the people outside came in with a smile and said, " Do not mind, do n't mind. It 's just a symptom of coughing and getting angry. Miss Bai and Master Bai will be able to do well. All right. "

" Zi Han, Zi Xiao, please go and see! "Bai Lao ordered and then said to Chen Fei," Mr. Chen, please go upstairs! "

.

Chapter 976

The two went upstairs, and the second floor was still the layout of the medical hall, just not like the big clinic on the first floor below, but one small ward separated.

Going up and coming to the third floor, this is the home layout. The living room, bedroom and kitchen are all here.

White old Chen Fei seated while greeting, while introduced: "... This building, are my two lower tiers, as Medical Center clinic, saving lives the top three, that we live in their own family,"

"I see," Chen Fei! Nodded and took the tea from Bai Lao.

At this moment, there was a sound of footsteps above, two middle-aged men with messy hair and shabby clothes walked down.

When they saw Bai Lao, they bowed respectfully and said, "Hello, Bai Lao!"

" Hello , go out!" Bai Lao greeted kindly.

The two nodded quickly and then left.

Chen Fei looked at them and felt a little strange. After all, the two of them were not like Bai Lao's family. So I couldn't help asking, "Bai Lao, these two are--"

Bai Lao chuckled and said, "This is my tenant."

"Tenant!" Chen Fei was a little surprised.

Bai Lao said: "My building has three floors above it. But my juniors, except for Zi Han and Zi Xiao downstairs, have not inherited this traditional Chinese medicine. They go to work outside school and do not live at home. So, upstairs The room will be free. "

" Sometimes, I meet some people who are embarrassed in life. I will rent the house upstairs to them, and I can help them. "Bai Lao said.

It is said that Chen Fei admired Bai Lao even more. The two tenants just now are obviously not like rich people, and Bai Lao is definitely not the one who lacks their rent. But Bai Lao still did it, completely holding a dedicated heart and helping others.

Such deeds could not help Chen Fei admiring Bai Lao once again.

After drinking tea, Bai Lao went to the room and took his son Bai Yan out to thank Chen Fei.

Bai Yan, in his forties, is pure and clean, with a pair of glasses, looking very gentle. Perhaps it was because of the illness that made his body look extra thin.

"Mr. Chen, I really thank you very much." Bai Yan thanked Chen Fei.

Chen Fei quickly helped Baiyan, and then diagnosed the condition of Baiyan's veins, and determined that the medicine he prescribed worked. Chen Fei couldn't help but feel relieved, and then prescribed another medicine to Bai Yan to nourish his body while removing some of the small side effects of the medicine.

After reading the prescription, Bai Lao couldn't help but be amazed and shouted several "miao" characters in succession.

"Mr. Chen, your medical skills really make me stand up in the mountains! My medical skills are totally worthless in front of you!" Bai Lao sighed.

Chen Fei smiled and said: "Bai Lao, you are too polite. The level of medical skills is nothing. Your spirit of saving lives and helping the wounds is what I admire!" When the

two were talking, the following suddenly sounded There was a fierce "bang" sound, and then a middle-aged man cried out, "Are your grandfather at home?"

"My grandfather is seeing guests, what are you doing?" This is the voice of Bai Zihan, the granddaughter of Bai .

Then the middle-aged man's voice rang again, "See what guests, let your grandpa come down. My wife's

The disease is getting worse, let him come to cure soon. "

Speaking of the sound

of pedaling , the other party seems to be going directly upstairs. Then, the voice blocked by Bai Zihan and Bai Zixiao.

" Mr. Huang, you can't go up. " "

Mr. Huang, Mrs. Huang's condition, my grandfather has made it very clear, let you go to the big hospital, you don't want to mess with it anymore." "

...

" "I don't care, my wife's illness is caused by your grandfather, he must be responsible." "The voice of Mr. Huang shouted again, and there was also a hands-on voice.

Under such circumstances, Bai Lao and Bai Yan could not help changing their faces at the same time, and all stood up

at once . Bai Lao glanced at Chen Fei and said:" Chen Sir, I'm really sorry. You sit here for a while, and I go down to solve things. "

Chen Fei then got up and said:" White old, I go with you to see it. "

Bai Lao still wanted to say something, but Chen Fei had reached the stairs. The two quickly came downstairs and came to the first floor, they saw Bai Zi Xiao and Bai Zihan, and they were talking with a full-faced, bearded man The middle-aged man was

pulling and pulling . On the other side, there was a fat middle-aged woman sitting on a chair with a sallow face.

"What are you doing here?" "Lao Bai went downstairs and stared at Mr. Huang with that beard, and he screamed.

Mr. Huang saw Bai Lao and smiled suddenly . He said," Dr. Bai, what am I doing, don't you know for yourself? " "

My wife was made like this by your medicine. You are responsible!" "Mr. Huang stared at Bai Bai, a threatening look."

Bai Lao was very angry and shouted: "Your wife's illness has nothing to do with me. It wasn't caused by me."

"You said it wasn't it. Was it just for fun?" Mr. Huang said. My wife came to see you, but many people have seen it. "

" If you are not responsible for this matter, I will go to the TV station to find a reporter to expose you. When the time comes, see your name of Xiangjiang No. 1 Chinese Medicine No matter how stable it is, "Mr. Huang threatened.

Bai Zi Xiao angry shouted: "What the hell do you want?"

Mr. Huang's eyes turned, said: "I don't want to do anything, just want to cure my wife's illness. In addition, my wife is made like this, physical and mental suffering It 's not a small trauma. I have to make some compensation. I do n't need much, it 's just half a million

yuan . " Bai Zihan shivered with anger and said, " Huang Wu, do n't be too shameless. My grandpa helped you More, you have to come to blackmail our pharmacy now, do you still have a conscience! "

Mr. Huang glared: " Help me a lot? Don't laugh, treat my wife as he is now, did he help us? This One thing, if you do n't lose money, it 's gone. "

" You, you— "Bai Zihan and Bai Zixiao were almost speechless.

Bai Lao's complexion was also ugly, but he still resisted his anger and looked at this Mr. Huang, and said: "Mr. Huang, I have already said that your wife's illness has nothing to do with me. This is another illness. It 's better to take her to the hospital to see a doctor, otherwise, the condition will deteriorate, and it will be too late.

You— " Mr. Huang, who can listen in, said directly: " Old man, he was shirked. My wife is here After taking the medicine, I got sick within three days of going back. It was n't your cause, who 's the cause? You lose money immediately, otherwise, I will definitely expose you. "

Chapter 977

Lao Bai is still persuading, and at this time, Chen Fei asked Bai Zihan and Bai Zixiao next to him, "What the hell is going on?" The

two quickly explained to Chen Fei, "Mr. Chen, this is the case. My grandfather ... "

After listening to the two, Chen Fei looked downcast and looked at Mr. Huang's expression with a chill.

It turned out that Bai Lao Jiang Medical Center was opened in this civilian area, in order to serve everyone, to see as many ordinary people and poor people as possible, so that their burden should not be too heavy.

Because of this, Bai Lao's Fortune Museum has always been very cheap to see a doctor. Among the poor civilian population, the word of mouth has always been very good.

In some cases, the fees charged are not enough for the cost of medicines, and you have to forget to put the money in by yourself.

Bai Lao's original intention of serving the public is naturally good.

But once the matter spread, it attracted some greedy and cheap people.

They heard that Bai Lao had good results in seeing a doctor, and the medical expenses were very cheap. So, almost as long as it was a little uncomfortable, they all squeezed into the Forget Chuanguan.

In this way, even if Bai Lao's intentions are good, he can't serve so many people. After all, Bai Lao has limited energy. Moreover, if the medical hall is going to operate, it can't always lose money.

Therefore, Bai Lao had to re-enact the rules. On the one hand, it will increase the prices of some higher-cost herbal medicines, and try to keep the pharmacy from losing money. On the other hand, select and distinguish patients who come to the clinic.

If the patient's family conditions are good and the hospital's medical expenses can be afforded, don't come here to compete with the poor for medical resources.

Of course, if the condition is good and you have to come to Bai Lao for treatment, then you will be charged according to the normal hospital charges. Bai Lao cannot use his own money to subsidize these conditional people. He can only try to help those who cannot afford it.

Such a rule, the idea is naturally very good. However, after implementing it, I encountered a lot of difficulties.

In terms of increasing the cost of herbs, it is relatively easy to operate. Although many times, Bai Lao encounters poor patients, he still takes the initiative to lower prices.

But another measure, screening the patient's family conditions, is more difficult to implement. People nearby, Bai Lao and everyone are more familiar with it, and they are easier to screen.

For those who come from other places, if they are not familiar with the situation, Bai Lao will be difficult to screen. Under such circumstances, the kind-hearted Bai Lao naturally regards them as poor patients.

This Mr. Huang rushed to see a doctor from other places just a month ago.

At that time, he was in shabby clothes and ragged clothes, and he looked very poor indeed. At that time, Bai Lao was kind-hearted and hardly asked for medicine to cure the disease.

As a result, then, Mr. Huang, coming over continuously, came almost two or three times a week.

Sometimes I am ill, and sometimes I bring sick relatives and friends. After a while, a cold and a cough, and a moment of inflammation and inflammation, in short, various diseases emerge endlessly.

This situation is fine once or twice, but this guy, seven or eight times in a month, naturally caused Bai Lao's suspicion.

So, Bai Lao people secretly inquired about the situation of Mr. Huang.

In the end, the results of the investigation made Mr. Bai angry.

This guy didn't come to see a doctor at all. Instead, he used Bai Lao's kindness to make money.

He first used himself or some other patients, dressed poorly and forgot to see the doctor. Mr. Bai sees that he is poor. After prescribing a good medicine, he hardly collects money, or receives very little money.

Subsequently, Huang Wu left the pharmacy and directly sold the newly prescribed medicine to other patients for profit.

& ems

p; Because almost all of the patients he brought were some common diseases, and the medicines forgotten by Chuanguan were very effective. He sold the medicine almost without cost, almost in short supply.

In just one month, this guy made tens of thousands of dollars by selling drugs like this.

Moreover, what makes Bai Lao angry is that the result of the investigation is. This Huang Wu is not a poor man at all, but has his own real estate and shops, and his family property is millions.

As a result, Bai Lao naturally became very angry and added Huang Wu to the blacklist of the Forgotten Museum. The patients he brought will never be diagnosed again.

After Huang Wu learned that his conspiracy and tricks had been seen, he simply took the patient who was last seen in the Forgotten Pavilion, the wife in his mouth, and went directly to the hospital to blackmail.

Chen Fei at the moment, looking very gloomy, and white look is entangled old was feeding Hwang, direct, stepping pumping a slap in the face each other, the cold channel: "! Go away"

for such scum, Chen Fei will not be polite.

Such people, don't tell money. Even worse, he is overdrawing the public's kindness. If there are too many of these people, it will only make fewer and fewer people do good. Finally, in the whole society, no one wants to be a good person or a good deed.

The burly Huang Wu was almost pulled to the ground by Chen Fei with a slap, and his face was hot.

Then he looked angry and stared at Chen Fei fiercely, with a fierce color in his eyes, "Boy, what are you, dare to hit me. I want to kill you."

Huang Wu showed his thick arms during the speech, Holding his fist, he will hit Chen Fei.

Upon seeing this, Bai Zihan and Bai Zi Xiao couldn't help but rushed up quickly, trying to stop Chen Fei from attacking, "Mr. Chen, be careful!"

Chen Fei turned around and smiled at them, saying: "Relax, I won't be okay This kind of scum can't move even one of my hairs. "During the speech

, Chen Fei kicked out, and directly hit the target, kicking hard on Huang Wu's stomach, kicking him out of the air Smashed on the ground and a sip of blood spewed out of his mouth.

"Ah, husband. You dare to beat my husband, I fight with you." The fat woman with waxy yellow color, seeing Huang Wu injured, stood up from the seat and rushed to Chen Fei.

In this regard, Chen Fei was a little surprised, did not expect this woman to react so strongly. I thought she was a liar invited by Huang Wu. Looking at this posture, it might be his wife.

Of course, from another aspect. This Huang Wu was really cruel enough to let his wife deliberately fall ill and used to defraud money and blackmail.

Looking at the fat waxy woman, Chen Fei frowned and was about to shoot. But when she looked at her waxy cheeks and her sweaty forehead, she couldn't help but withdraw her fists and slammed with a stern cry: "Stop!" The

obese woman was immediately frightened by Chen Fei's momentum, standing in place, no Dare to move.

Chen Fei looked at her coldly and said, "The fraudulent money is small. If you really make yourself seriously ill, you will lose the reward."

"You, what do you mean?" The fat woman looked nervous .

Chen Fei said coldly: "You will know if you go to the hospital for inspection."

"I, I--" The woman hesitated for a while, doubting the truth of Chen Fei's words.

But at this time, Huang Wu outside said, "Wife, don't listen to his nonsense, he lied to you. Hurry up and help me." The

fat woman's eyes changed quickly and rushed out to support Huang Wu , Leave and walk away.

It was only when he left that Huang Wu pointed at the medical hall and said, "You wait for me, I will come back."

Facing these threats, Chen Fei didn't take it seriously, and It's a bit sad for his wife, "Look at the symptoms, the condition is no longer light. Next, how, look at themselves."

.

Chapter 978

Back at the pharmacy, Bai Lao and they thanked Chen Fei again.

Chen Fei immediately said to Bai Lao: "Bai Lao, you are a good person. But when faced with some mischievous guys, you should still be tough when you are tough. For them, you can't be soft-hearted. Otherwise, they will not only think you If you are kind-hearted, you will be oppressed by you. "

Bai Lao sighed and said:" Thank you Mr. Chen for teaching. "

Chen Fei waved his hand and said," I can't talk about any teaching. I just hope Bai Lao is a good person like you and less affected Some injuries and grievances. "

Suddenly, Chen Fei thought of something, immediately touched the phone, dialed a number, and quickly spoke. Afterwards, Chen Fei said to Bai Lao: "Bai Lao, I just said to Director Xu of the police station to help him pay more attention to the things in the pharmacy. If something similar happens in the future, you will tell Director Xu ""

During the speech, Chen Fei left Director Xu's mobile phone number to Bai Lao. The old Bai family is very grateful again.

Afterwards, Chen Fei and Bai Lao went upstairs and chatted for a while. It was almost time to see Chen Fei got up and said goodbye.

Bai Lao and Bai Yan personally sent Chen Fei out.

Chen Fei waved goodbye to the two and drove home.

When the car drove out of this crowded community, Chen Fei was about to accelerate. Suddenly, he saw a beautiful young girl on the roadside.

The girl is no one else, it is Bai Zihan, the granddaughter of Bai Lao, who Chen Fei has just seen in the Forget Museum.

At the moment, Bai Zihan, wearing a cotton beige dress, carrying a messenger bag, was waiting at the roadside bus station, his eyes constantly looking forward, as if waiting for the bus.

Upon seeing this, Chen Fei slowed down, stopped the car in front of the bus stop, lowered the window, and said to Bai Zihan: "Bai Zihan, where are you going to take me?"

Bai Zihan heard the voice, I looked over and found that it was Chen Fei, I was a little surprised. Standing straight, he bowed slightly to Chen Fei with a respectful tone, "Mr. Chen, it's you! I, I am going to Xiangjiang University."

"Xiangjiang University!" Chen Fei pondered the route, then said, "Just Not far from the hotel I stayed in, let me take you there. "

" This-- "Bai Zihan was a little restrained.

Chen Fei laughed: "Are you afraid I'm not a bad person?"

Baizi Han quickly shook his head and said: "?". He is the White House helped me so much busy, how could be bad I did not mean it."

"That's on the train Well! Otherwise, the driver in the back will come over and beat me. "Chen Fei made a small joke.

Bai Zihan nodded, then boarded the car, and sat in Chen Fei's co-pilot position.

Fastening his seat belt, Chen Fei immediately started the car. Side open, Baizi Han Chen Fei side and chatted up, "Baizi Han, all this point in time, you go to the University of Hong Kong do?"

Baizi Han said:. "Tomorrow On Monday, there is a lesson to be so, I have to catch this afternoon Go back to school. "

" You are still a student! "Chen Yan was surprised when he heard the words.

Bai Zihan nodded and said, "Mr. Chen, I am studying at Xiangjiang University. I am a senior in this year, and I will graduate in half a year."

"That's the case. I think you work in a pharmacy at home and think you have graduated!" Chen Fei laughed.

"Mr. Chen. My family is understaffed. If I have time, I will come back

help. Bai Zihan said.

Chen Fei nodded and said: "As a student, I can help in the pharmacy. The medical technique is very good." "

Mr. Chen is polite. My medical skills are not worth mentioning in front of you, Mr. Chen. "Bai Zihan is a little shy.

Chen Fei said: " Zihan , don't mind if I call you like this! "

Bai Zihan was a little surprised, but he nodded his head, and" Yeah "

responded . Then Chen Fei looked at Bai Zihan, who was nervous, and said," Zihan, don't be so strict in front of me. Relax, just as everyone is a friend. You can call me Chen Fei or A Fei. "

But-Mr. Chen-" Bai Zihan is still not used to it.

Chen Fei pretended to be angry and said: "Zi Han, if you call me that again, I will be angry. After all, I am only 22 years old, not much older than you. You call me so old. "

" Twenty-two! So young, you— "Bai Zihan looked at Chen Fei with some surprise, but Chen Fei was so young, his eyes were rounded, and her mouth was covered. In

this way, she was a little more cute than the restrained she just now. He Hezheng made Chen Fei smile, "Yes, that's it. There is no ideological burden, just say it. "

This, um—well, A Fei!" "Bai Zihan suffocated himself and tried to

talk with Chen Fei in a calm tone. Immediately, the two were chatting, basically Chen Fei was asking, Bai Zihan was answering. Chen Fei also learned from her mouth that Bai family The matter, and Bai Zihan at school. After

about an hour and a half, when the vehicle drove to Xiangjiang University, the relationship between the two finally got acquainted. Bai Zihan was not so restrained in front of Chen Fei. .

"Which dormitory building do you live in? I'll take you in." Chen Fei drove the car into the campus and asked, facing the fork.

Bai Zihan said: "A Fei, don't need it. Just go. Next, I just walk in."

Chen Fei smiled and said: "Send it all in, don't care about this distance. I will take you to the dormitory building, It 's also considered sending the Buddha to the West! "

Bai Zihan no longer refused, nodded, and pointed out the road." The eighth dormitory building, walk from there, turn right in front ... "

Soon, Chen Fei drove the car to the dormitory Downstairs, stopped.

The dormitory building is not luxurious, or even a bit old. But it is full of youthful vitality, and the young girls who come in and go out make the surroundings full of youth.

Many of them are in and out of the dormitory, and many of them are in pairs with female students. The management of the dormitory building of Xiangjiang University is similar to the Western model, so it is normal for boys to enter and exit.

The car parked well, Bai Zihan thanked to get off.

Seeing this scene, the students around them suddenly showed surprise, and many people talked in a low voice.

"Isn't this Bai Zihan? Why did she come in a luxury car?"

"Could Bai Xiaohua also be attracted by wealthy businessmen and have fallen?"

"No, Bai Xiaohua is the goddess in my heart and can't be defiled. "

" Take a picture of the license plate and post it online to see if anyone knows, which rich businessman? "

.....

These arguments made Chen Fei somewhat surprised and frowned.

He wanted to leave directly, but now he opened the door and walked straight down.

Chapter 979

Seeing this, Bai Zihan said strangely, "A Fei, why did you get off the bus?"

Chen Fei glanced at the students who were talking in a low voice and spread his hand. , So I can only stand up and let them look at my young and handsome cheeks. "

This half-joking remark made Bai Zihan laugh, and then glanced unpleasantly at the students who chewed around the tongue, frowning gently: "A Fei, these people like to talk nonsense, don't care about them."

"Well, I understand. Well, I'm fine. You go in, I see you go in, and leave." Chen Fei waved.

Bai Zihan nodded with a smile, and waved to Chen Fei, then walked towards the dormitory building.

And this situation has fallen into the mouth of those who are talking about it, and now it has become another direction.

"It's not a rich businessman, it looks very young, is it because Bai Xiaohua's boyfriend is not successful?"

"Unlike it, there were so many suitors before, and many conditions were good. Bai Xiaohua never agreed, how could there be suddenly more A boyfriend? "

" I think that the kid must be a rich second generation. Looking at his proud look, he soaked our white school flowers, sent them to the school, and also came out deliberately. I can't wait to beat him up. Two punches. "

.....

Chen Fei felt a little speechless about the malicious conjecture of these people. He shook his head, preparing to drill back into the car and drive home.

But at this moment, a thick and loud voice rang out, "Zi Han, you are back. I have waited for you for three hours. This is the flower I gave you. Please accept it."

Then, a while The echo sounded.

"Bai Xiaohua, accept it!"

"Bai Xiaohua, promise him!"

..... In

this situation, Chen Fei suffocated and got up and looked at the source of the sound.

I saw that at the door of the dormitory building, Bai Zihan who had to go in was stopped by a burly young man.

This man is more than one meter eighty-five, and his muscular muscles have collapsed his clothes. It looks like a big man.

At this moment, the fierce man holding a bunch of bright roses, an affectionate look, confessed to Bai Zihan. Beside the macho, there are four or five men who look similar to him, except that they are smaller and clap their hands.

This group of people was very excited and their expressions were excited.

But Bai Zihan at the moment is frowning, and his face is full of displeasure.

She did not receive the flowers of the macho, took two steps back, took a breath, and said to the macho with the calmest tone possible: "Song Qiang, I'm sorry, I really don't feel for you, I can't receive your flowers, please return "

After finishing talking, Bai Zihan wanted to enter the dormitory from the side.

But Song Qiang rushed over and stared at Bai Zihan, saying, "Zi Han, where do you feel about me? I must change, I will make you like me."

Bai Zihan felt a little speechless, "Song Strong classmates, emotional things can't be forced. Really sorry, we are impossible. "

" No, I don't believe it. Zihan, I'm sincere to you, I-- "Excited Song Qiang, When he rushed over, his thick arm was about to grab Bai Zihan's hand.

Seeing this, Bai Zihan was so scared that he turned pale, and he stepped back two steps, and quickly said: "Student Song Qiang, don't mess with me, I--"

However, this Song Qiang is already a little irrational, and his strong arms are directly Hug over. That posture, like pursuing a girl, is clearly like beating someone.

Where did Bai Zihan see this posture of pursuing people, he was scared to move a bit.

At this moment, a figure appeared in front of Bai Zihan in time, blocking the burly Song Qiang. At the same time, the indifferent but indifferent voice rang, "Zi Han said it, didn't feel it to you. Is it fun to fight like this?"

"A Fei, you--" For Chen Fei who suddenly appeared in front of him , Bai Zihan looked surprised.

Chen Fei smiled lightly at her, and said, "With me there will be

nothing wrong ." This faint words, with a gentle smile, gave Bai Zihan a touch in his heart, as if the electric current flashed, a light appeared on his face. Light blush.

But at this time, the strong man Song Qiang was surprised, staring at Chen Fei, coldly said: "Who are you? Give me back."

Chen Fei said lightly: "I am Zihan's friend. You harassed me Friend, it's you who wants to let go. "

" Friend-"Song Qiang stared at Chen Fei.

At this time, the little brother next to him whispered in Song Qiang's ear.

After listening, Song Qiang suddenly glared, looking at Chen Fei's eyes, full of anger, "Zi Han came back in your car? What is your relationship with Zi Han?"

Chen Fei said lightly: "I As already said, we are friends. "

"I don't believe it. Zi Han has never taken another man's car to come to school. What did you do to Zi Han, please recruit me." Song Qiang shouted, and his strong body approached Chen Fei.

For this guy, Chen Fei felt a little speechless.

Bai Zihan was also a little angry, and said, "Student Song Qiang, don't make trouble for no reason anymore. I have clearly rejected you, you are not mine. I took Afei's car back to school, what is my relationship with Afei, It has nothing to do with you! "

This word came out of Bai Zihan's mouth and surprised many people.

At the same time, Song Qiang's complexion became more and more ugly.

Because, in his view, he pursued Bai Zihan for several months, and Bai Zihan did not care about him so much. And now, to this little white face, it is so maintained. This clearly recognizes the great relationship between them.

Thinking of this, Song Qiang couldn't help but feel extremely angry, his eyes were scarlet, he stared at Chen Fei fiercely, and threatened with his teeth gritted: "Zi Han is mine. I don't care what background your little white face has. I will leave now. Do n't blame me for being rude. "During the

speech, Song Qiang raised his fist with a big mouth and threatened Chen Fei fiercely.

Seeing this, Bai Zihan couldn't help worrying and angry. After all, Song Qiang was the president of the Martial Arts Society of Xiangjiang University. He also won the championship at the Xiangjiang University Martial Arts Conference on behalf of the Martial Arts Society of Xiangjiang University. His strength cannot be underestimated.

Thinking of this, Bai Zihan involuntarily raised his tone, rounded his beautiful eyes, looked at Song Qiang, and shouted sharply: "Song Qiang, what are you doing? Let go of A Fei."

Bai Zihan maintains Chen Fei so much, even more Song Qiang was furious. His eyes are scarlet, he grasps Chen Fei's collar tightly with his left hand, and holds a fist in his right hand, ready to give Chen Fei a hand, "Boy, I will give you the last chance, get away immediately, and never approach Zi Han. Otherwise- "

Chapter 980

Song Qiang's younger brother also shouted beside him.

"Boy, we better brother but champion Hong Kong students Budokai, you TIPS, then get out of it."

"Not only that, our strong brother, but outside people learn for the real Hyun-class Warrior had martial. You do not court death. "

Bai Xiaohua is our strong brother, don't worry about it."

.....

Some other students who looked at the bustling also persuaded at this moment, some girls even ran to Bai Zihan and said in a low voice.

"Zi Han, let your boyfriend stop."

"Yeah, angering Song Qiang, there is really no good fruit to eat."

"But, I don't feel Song Qiang at all, I--" Tao, but in a hurry, he forgot to explain that Chen Fei was not his boyfriend at all.

The girl next to him continued to persuade.

"Zi Han, I know you have no feelings for Song Qiang. But now that the circumstances are special, you just agree with him, and calm down and talk about it."

"Yeah, otherwise Song Qiang really started. Your boyfriend really Suffered. "

" You don't know Zihan, the strength of Song Qiang's guy, once punched a student in the physical education department with a broken rib. "

" Zihan, please speak quickly, otherwise, your boyfriend It's really dangerous. "

.....

The words of the girls made Bai Zihan really worried at the moment, stepped forward and said," A Fei, I-- "

At the moment, Chen Fei looked indifferent, smiled at Bai Zihan, and said confidently: "Zi Han, don't worry, this big guy

won't hurt me." "You don't have to grieve yourself. Of course, It won't make you wronged. "In

this way, Bai Zihan and the girls around her were intoxicated for a while.

However, Song Qiang was also really irritated at this time, shouting, fists with a big bowl mouth, and hit the door of Chen Fei's face fiercely, "Ah, I will kill you, kill you. Han is mine

, it's mine— " " Brother Qiang, come on, beating this little white face. "

" Bai Xiaohua is our strong brother, whoever dares to play Bai Xiaohua's idea is only a dead end. "

" Qiang Brother is invincible! "

..... In

such a posture, the drunken Bai Zihan and other girls suddenly woke up and suddenly turned pale, and their faces were worried.

"Zi Han, it's not good, Song Qiang started."

" Call the police!"

...

In a noisy noise, Chen Fei looked at Song Qiang, who was struck by rage, shook his head, and raised a disdain in his mouth Smiled, said: "Xiangjiang university student martial arts champion, is it at this level? There is no strength!"

Chen Fei lifted his left hand gently, blocking Song Qiang's ferocious right fist.

"What are you talking about-looking for dead things!" Song Qiang heard that he was so angry that he gritted his teeth and drank so hard that he almost exerted his energy to suck up milk and increased his strength, and his fists pressed.

However, at this moment Chen Fei left button lightly, grabbed Song Qiang's right wrist.

Then, an unstoppable force was uploaded from Chen Fei's arm, and he even brought up the powerful Song Qiang directly. Then, Chen Fei, like a mallet, moved Song Qiang directly into the air.

In this situation, everyone around me was dumbfounded.

After all, Song Qiang is half a head taller than Chen Fei, and his figure is more than one size.

Originally, everyone thought that Song Qiang could crush Chen Fei with a punch. The results did not want

to, Chen Fei little man, even to Song Qiang whirl up, but also light-hearted expression.

For a time, all the students in front of the dormitory looked stupid.

At this time, Chen Fei also "banged" and shook the dizzy Song Qiang directly on the ground.

Suddenly, there was blood spewing on Song Qiang's face and a swollen nose and blue face. The whole person was lying on the ground, motionless, as if fainted.

Several of his men met with his classmates, and they were all astonished. His gaze to Chen Fei was full of fear, and he almost dared not come close.

It wasn't until Chen Fei waved his hand that they hurried over, helped Song Qiang up, and walked away in vain.

The students who looked around dumbfounded, and then recovered, and suddenly exclaimed one by one.

"It's too fierce, and it put Song Qiang down."

"Bai Xiaohua's boyfriend, it really is extraordinary!"

"Hey, Bai Xiaohua has such a boyfriend, I have no chance."

.....

The girls next to Bai Zihan were all squeezed, and surrounded by Bai Zihan, there was a lot of discussion.

"Zi Han, you're so indifferent! If you don't pay attention, you have found such a good boyfriend."

"Yeah, not only are they rich, they are handsome, they can fight, it's amazing."

"Zi Han, such a fierce boyfriend, no wonder you like it! "

" That is, this body, this physical strength, Zi Han must be very sexually

friendly ! " " If my boyfriend has this half of the toughness, I will be satisfied, hey "

.....

Listening to the words of the " sexy girls "around her, Bai Zihan suddenly had a blushing cheek and quickly waved her hand to explain:" No, no. You misunderstood, A Fei is not my boyfriend, I and him are just ordinary Friend. "

But this explanation, at this moment, almost no one would believe it.

"Zi Han, are you okay!" At this time, Chen Fei came over and asked softly.

"It's okay!" Bai Zihan shook his head blushing, and then said to Chen Feidao, "A Fei, thank you very much. I, I don't

even know-- " Chen Fei reached out and touched Bai Zihan's head, laughing. "Didn't you say everything in the car? You don't have to be so polite to me. "

Bai Zihan didn't expect Chen Fei to have such a slightly intimate movement in public, his face was ashamed and blushing, and he was speechless.

The girls around were again coaxing.

"Zi Han, what's your politeness with your boyfriend!"

"Little handsome guy, when did you associate with our Zi Han?"

"Handsome, what's your name, how old are you, what did you do?"

"These two days, we did not sub-Han back to the dorm. Is not going to go that little guy you ah?"

.....

"Do not talk nonsense, I, I and the hooligan nothing." Baizi Han flushed explains stand up.

The girls were coaxing again.

Chen Fei and they cackle a few, and then Baizi Han said:. "Well, the thing is resolved, sub-Han you back to the dorm and then take a rest if there is anything you need help, call me as soon as possible."

"Ah, Thank you, Fei. "Bai Zihan nodded his thanks.

The girls laughed for a while.

"Sub Han, and your boyfriend, also so kind to do?"

"Punk, tonight or not to enter the dormitory to live with ah! Few of us, find another place to live, you will not disturb the good things."

"Child Han, It's still early, don't you linger with your boyfriend for a while? "

... ..

Amidst a laugh, suddenly, a rush of footsteps approached quickly.

Chapter 981

Hearing this rapid footsteps, everyone could not help turning their heads for a while, and all looked over.

At this glance, they found that a group of short and well-dressed men in their twenties and thirties rushed over fiercely.

Almost all of the students present were college students. When they saw this posture, they were so scared that they turned pale and could not help avoiding it.

Bai Zihan and several sisters around him were shocked to see the other party coming over aggressively.

Some people seem to think of something and are extremely worried.

"These people, wouldn't it be Song Qiang's helper!"

"No, Song Qiang is just the president of our school's martial arts society. These people are obviously people in the society, unlike

you!" "You have As I do n't know, I heard that Song Qiang worshipped a real martial art master outside the school as a teacher. Would these people be the ones brought by his master? "

.....

So, Bai Zihan could n't help it. His face was pale, and he was worried.

"Sub Han, we fast-forward quarters to hide a hide it."

"Fast alarm, call the police."

"Sub Han, still stunned with what you told your boyfriend to hide ah!"

.....

few women hurried Hiding in the dormitory building, seeing Bai Zihan and Chen Fei still standing in the same place, could not help shouting anxiously.

Bai Zihan also seemed a little nervous at this time, pulling Chen Fei's sleeves and saying, "A Fei, let's go in and hide. We--"

Chen Fei smiled and said, "No, these people, you can't take me like that. You go in and hide!"

"But-" Bai Zihan was hesitating when the other party had arrived in front of Chen Fei, and then fled , Too late.

Seeing such a situation, Bai Zihan shook his lips and did not escape. Instead, he took a step forward and stood next to Chen Fei, "A Fei, I will stay."

"Zi Han, what are you doing here? Go in quickly. "Chen Feidao."

Bai Zihan shook his head and said firmly to Chen Fei: "I can't go, this whole thing is caused by me. I can't just run away and let you face them alone. I'm with you!"

Said At the same time, Bai Zihan looked firm, staring at the group of fierce men opposite him, enduring instinctive fear, and said: "I tell you, this matter has nothing to do with A Fei, he just helped me. You have to do it. , Come to me! "

Bai Zihan behaved like this, and the students around him were shocked.

They have never seen such a firm and bold scene of Bai Xiaohua. Moreover, in this critical situation, they stood up for their boyfriends.

For a time, many students were encouraged and their eyes shined, and they all stood up one after another.

"We are also together, we support Zihan."

"You villains, you want to move Zihan to move us first."

"Song Qiang, don't go too far. The whole thing is that he has the mistake first."

..... ... for

a time, the group was indignant, and hundreds of students stood up excitedly, staring fiercely at this group of people.

Under such circumstances, this group of short-dressed brawny men is a little puzzled.

The leader was a middle-aged man in his forties. He glanced and glared

at the student who stood up , shouting coldly, "We, the head of the flame door, Wan Heng, came over to find Chen Fei. All go away. "

" Ah! "Wen Yan, the students were surprised," What flame door, are you not Song Qiang's master? "

" What Song Qiang, Lao Tzu does not have such an apprentice. "The leading middle-aged man After shouting, he immediately glared, "A group of little boys, the hair is not growing up, and they dare to be heroes here, all get away." With

a scream, the angry students flashed their eyes a little.

But Bai Zihan was still firm and said: "I don't care who you are, Afei is my benefactor and my friend. You are not allowed to shoot him."

"Yes, this is at Xiangjiang University, you are not allowed to come. "The remaining students are still insisting.

The leading middle-aged man, seeing this, was a little impatient. He shot it directly with a palm and snapped it, hitting a thick cypress tree in front of the dormitory.

The straight and sturdy tree trunk immediately broke with a click. In front of the students, the waist was broken and slammed down.

The middle-aged man swept his gaze and shouted again, "Does the guy who doesn't want to let go, wants to taste the taste of my palm?"

Faced with such terrifying strength, these angry college students were really scared. Living. His eyes flickered, and then he bowed his head and backed away, hiding in the dormitory.

In the end, hundreds of college students just now, only Bai Zihan and a few sisters with hesitation behind him were left.

Obviously, these bloody college students can be indignant for a while. But in the face of real threats, it would be a little difficult for them to take risks for Chen Fei, a stranger.

Middle-aged man rushed across, sneer, disdain: ".. Reading group read silly fool of, really think he is a hero in the book ah I was a scared, scared the crap out of two is not a"

finished The middle-aged man looked back, looked at Bai Zihan and the remaining girls, and said, "A few of you, don't you go away?"

Bai Zihan saw the strength of the middle-aged man Wan Heng, and naturally felt in his heart fear. But she is more worried about Chen Fei. After all, the other party's strength is so strong. If Chen Fei is taken away by them, they don't know what will happen.

Therefore, Bai Zihan firmly said: "I said, A Fei is my friend, and I don't allow you to do anything with him."

"Oh, this little girl, it's still a bit courageous! It's much stronger than those boys. "The leading middle-aged man Wan Heng laughed, but then his face fell, and he said coldly," However, if you dare to be dare, if you dare to spoil me, I don't mind working on you. "

" It 's just that it 's a pity if this little girl with water spirits is directly disabled. I think it 's better to take it back and let my brothers and I be happy and happy. "The

middle-aged man said, a group of teachers behind him The apprentice suddenly burst into laughter one by one, and looked at Bai Zihan's gaze, which was also full of various desires.

"Head, this is a genuine college student, not the fakes of the nightclub."

"Brother, this little girl, tender and tender, I can't help it."

"This face, this figure, good, very good. Not bad. "

.....

A burst of wicked laughter made Bai Zihan's face red, and a thin blood stain on his lips.

Several classmates behind Bai Zihan were also worried at the moment, and whispered to persuade: "Zi Han, come back soon. You do n't need to be in danger. They are real warriors. It 's useless for you to stand out."

Chapter 982

"Little beauty, why don't you step back. It seems that you really want to have fun with us!" The middle-aged man laughed out loud, then stretched out his rough salty pig hand and touched Bai Zihan's face. Come over, "Since that is the case, then I will satisfy you brother." In

such a situation, Bai Zihan could not help but tremble, pale, and could not help but take a few steps back.

At the critical moment, Chen Fei quick shot, snapped it open groping middle-aged man, the cold channel, "in front of me, bully my friends, when I was air it?"

His words, what It instantly attracted everyone's attention to Chen Fei.

The middle-aged man's face sank, and he stared at Chen Fei fiercely, and said, "Look for the dead, originally, I want to give you more time. But if you don't know what to do, don't blame me "

Speaking, the middle-aged man waved his hand and ordered:" Go together, take this guy down, send it to Jiutian Pavilion, and avenge the hatred of Qiu Gongzi. "

Chen Fei said, but his eyes were slightly surprised, saying : " You sea of hatred is to come "?

middle-aged man WanHeng cold shouted:" it is natural that you wounded Chou Gongzai we Lights whole martial arts community, you are wanted. "

then, a man waved an instant More than a dozen younger brothers threw their hands, one after another, surrounded by Chen Fei.

Chen Fei looked at these thugs, almost all of them were in the middle and late stages of the Huang class. For this kind of thug, Chen Fei is really not enough to watch.

Shaking his head, Chen Fei looked disappointed and said, "On your level, I also want to come to hate posters and hate Xue Hou. Your so-called flame door is really too disappointing!"

"Crazy kid , You are looking for death! "The ridiculed Huomen disciple, angry at the words, waved his hands and attacked Chen Fei.

Chen Fei shook his head, a casual look, and sighed, "It's a bit of a meaningless waste of punches and feet on you guys!"

"Damn, it's time to die, and it's still a big deal. Let's focus on it and give He gave a lesson. "The leading Wan Heng's face sank, and he waved and shouted.

The Flame Gate disciples swarmed in an instant, and the students who were so frightened that they were watching in the dormitory building could not bear to look directly at them.

But at this moment, Chen Fei sighed, and then his figure moved.

In the eyes of everyone, Chen Fei, who was standing on the spot without moving. At this instant, it seemed to flash, suddenly turned into a residual image, and rushed directly into those martial artists.

He could hardly see any traces of his hands, only heard a blow of fists and feet, and the sound of thunder and pop. Then, in less than three minutes, all the more than ten Flame Gate disciples fell to the ground in wailing, their noses and faces were swollen, and hey, hey, he had lost his fighting power.

Looking at Chen Fei again, he returned to his original position, standing straight in place, his face light and calm, as if nothing had happened.

Such a situation makes the onlookers all dumbfounded.

"Here, what's the situation? What happened just now?"

"Don't I be dazzled? A person has knocked down dozens of people, and he was unscathed."

"And, these dozen people are all martial artists!"

"Bai Xiaohua's boyfriend is stronger than we thought!"

.....

Wan Heng, a middle-aged man with a smile on his lips and a confident self-confidence, now looked at the apprentices everywhere, and he was a little dumbfounded, " How dare you, you— "

Chen Fei shook his head, stepped towards him, and said coldly, "You come to avenge, did you not know my strength from Qiu Hai, and you dare to come out and deal with me like you?"

Looking at Chen approaching himself. Fei, the middle-aged man Wan Heng felt a great pressure.

A few days ago, Qiu Haiqiu and his son participated in the cruise party and eventually returned to their wounds. This incident caused a considerable earthquake in the Jiutian Pavilion and the entire Xiangjiang martial arts community.

Almost all the Xiangjiang martial arts circles were moving, shouting to avenge Qiu Gongzi.

After all, most of the Xiangjiang martial arts world is inseparable from Jiutian Pavilion. Even if it doesn't matter, I would like to take this opportunity to show good to Jiutian Pavilion and take advantage of the opportunity to win over the relationship.

This Wanheng, hit this idea. Their Flame Gate, if they are studied in detail, the previous generation can be regarded as having some relationship with Jiutian Pavilion, but in this generation, the relationship is already very shallow. The Flame Gate is not in the Jiangwu martial arts world.

In order to seize this opportunity, show his favor to Jiutian Pavilion and redevelop and strengthen himself. Therefore, after learning the news of Chen Fei, Wan Heng rushed over with people as soon as possible, preparing to press Chen Fei back and send it to Jiutian Pavilion for reward.

Moreover, before coming, he did not consider Chen Fei's strength.

You know, Qiu Haiqiu Gongzi himself is a warrior in the middle of Xuan level. He Wanheng, also has the mid-level strength of the Xuan level, plus more than a dozen of the middle- and late-level apprentices of the Huang level, if they go together, the chance is still great.

But what he didn't expect at all was that Chen Fei's effort, which took no more than a minute, knocked down all the dozens of people he brought.

At the moment, looking at Chen Fei, Wan Heng felt that he was a bit miscalculated, and Sei Nei said, "You, you don't want to mess up. Our Flame Gate, and Jiutian Pavilion are very related, you, if you dare to move me ,!--"

Chen Fei shook his head speechlessly and said, "You use your brains, okay. I even moved Qiu Hai from Jiutian Pavilion, don't you dare to touch you? Your relationship between Flame Gate and Jiutian Pavilion is so great that you can compare with Qiu Hai. Still very relevant? "

" This-- "Wan Heng was speechless for a moment.

"You, the leader, can't do it by force, not the brain. I really don't know how you are the leader." Chen Fei looked at Wan Heng with a feeling of emotion.

Wan Heng gritted his teeth and prepared to stop Chen Fei's attack.

Even if he knew that he was defeated by Chen Fei, he still thought that his mid-level strength of Xuan level could still stop Chen Fei's attack.

However, when Chen Fei shot him on the palm, he suddenly became stupid.

Because that violent force is not something he can resist.

The violent momentum followed Chen Fei's palm, directly patting Wanheng's chest fiercely, and flew him directly. He slammed heavily on the courtyard wall of the dormitory building, puffed out a bit of blood, and then slid to the ground, almost unable to move.

At this point, the onlookers looked even more dumbfounded. After a moment of stunned god, a burst of warm applause and cheers broke out.

Chapter 983

"I'm leaning, it's too good, too good."

"I'm going to blow people away, am I not watching a movie?"

"Too fierce, no wonder Bai Xiaohua likes him!"

"I know this flame The door, their master, but the meta-level master of the Xuan class, was defeated in this way. "

" It's too powerful, so handsome. "

.....

in this warm cheering and discussion.

On the road not far away, Song Qiang, who had just been beaten by Chen Fei, had a swollen nose and a hated face walking next to a bald man in his thirties, constantly adding fuel and vinegar to say something, "Master, that The kid is too arrogant, this time, you must revenge for me! "The

bald man said with a self-talk:" I know, since I came with you, I must revenge for you. "

" Thank you Master! " Song Qiang quickly thanked.

The bald man snorted coldly and glared at Song Qiang. He said, "Don't give me a hippie smile. You usually don't practice well. Now you have been defeated. Looking back, I have to practice again for you."

Song Qiang heard, suddenly. His face was bitter and he said, "Master, this time it's really not that I didn't practice hard. It's that kid, it's weird, looks thin and weak, but the strength is terrifying."

"You can't beat it if you are too strong ." What skills do I usually teach you? Martial arts are not tug-of-war, not light-hearted. You have to learn to fight with your brain. "Master taught.

Song Qiang nodded quickly, "Yes, Master, I must practice well when I go back. This is how we hurry up. Otherwise, the kid ran away, so I do n't know where to find him."

In the speaking room, the two had already come to the dormitory side. Hearing the warm cheers here, they couldn't help but wonder.

"What's the matter, cheers so lively? Is there anything good?" The bald man questioned.

Song Qiang rolled his eyes and said: "Master, maybe everyone knows that you are coming, come and greet you."

"It will flatter!" The bald man glared at Song Qiang, but there were still many expressions on his face. A little smile.

The two came to the dormitory building, looked at the students who were cheering enthusiastically, and saw Chen Fei, who was all smiles, and could not help but look down.

Especially when Song Qiang saw Bai Zihan intimately leaning against Chen Fei, Song Qiang's eyes almost burst into flames.

Suddenly, Song Qiang was furious and pointed at Chen Fei. He said to Master: "Master, it's the boy who beat me. You will teach him a meal and avenge me."

After that, Song Qiang turned towards Chen Fei. With a stern

drink , "Chen Fei, get over here for me. My Master is here!" With such a drink, everyone's attention was drawn to them in the past, and they all looked over.

When everyone saw that Song Qiang was back again, they couldn't help but look strange, and they all started talking about it.

"Song Qiang actually came back?"

"He dare to come back, wasn't the lesson just enough?"

"Competing with Mr. Chen for white school flowers, he didn't have a chance."

.....

Listening to the discussion around, Song Qiang couldn't help but frown. More than one, he glared at everyone fiercely, and then said loudly: "My master is a real warrior, a kid named Chen, come and die."

Originally, this kind of shouting, in the school, will certainly arouse a lot of sought after. After all, for students, real warriors are very rare.

Only now that the situation is

special, Song Qiang not only did not arouse envy and pursuit. Instead, it attracted a sigh and a strange look.

This look made Song Qiang feel very uncomfortable, and his anger towards Chen Fei became more and more prosperous.

So, Song Qiang of Chen Fei Li He said: "surnamed Chen kid, kneel down to admit, if you are sincere attitude, I and my master, it touches can spare your life."

Song Qiang full of domineering threat sound level, at the moment is not only In Chen Fei's ears, and also in the ears of these college students around, it also looks particularly ridiculous.

Some students shouted directly.

"Song Qiang, don't be brave, just take your master away."

"That is, otherwise, it will be too late to regret."

.....

"You nonsense, my master is a warrior, the real warrior. Has reached After reaching the peak of Huang level, you will soon be able to enter the level of Xuan level. Do you know what Xuan level represents?" Song Qiang smirked.

However, there was a greater mockery.

"Huang level peak, this kind of strength should not be used to talk about things. In front of Mr. Chen, it is not worth mentioning."

"Oh, Song Qiang, don't you see what happened to these people on the ground?"

.....

"Why, how could--" Song Qiang just started, and he really didn't notice these people who were sloppy on the ground and had swollen noses and blue faces. At this moment, I was reminded and swept away, and I was shocked.

The students shouted again.

"These people are also martial artists. They just came to see Mr. Chen just now, and it turned out to be the case. You must weigh the consequences yourself!"

"If I were you, then apologize quickly, otherwise, I will regret it later."

... ..

"They are all martial arts, Chen Fei defeated so many martial arts? How is it possible, you do not want to lie to me?" Song Qiang looked disbelieved.

The bald man is also very unhappy at the moment. After all, his apprentice and himself are looked down upon by this group of college students. How could he be happy.

A glance at the people on the ground, the bald man sneered, disdainful: "Don't compare these crooked melons and jujubes with me, they are not worthy of the word" warrior "in front of my masters of this level."

"Wait a minute, I will let you know what is the real warrior!" The bald man looked proud, and walked up to Chen Fei.

Song Qiang was also very proud, looking at Chen Fei angrily and proudly, said coldly: "Boy, I warned you, don't fight with me for Zi Han. Now, kneel down and apologize for admitting mistakes."

"Are you real?" Chen Fei looked at Song Qiang and found it ridiculous.

The bald man raised his head and looked at Chen Fei with a deep voice. I beg for mercy, I can't abolish you. "

After that, the bald man's hands were behind his back with a smile and proud expression.

But at this moment, he proudly glanced at Wan Heng who slid against the wall and fell to the ground. He could not help blinking his eyes, his face was surprised, "Wan Zhang, why are you here?"

After that, the bald man ran Wan Heng vomiting blood.

The soaring Song Qiang couldn't help but stunned, but then ran over, "Master, what are you doing here? Who is he? What do he do!" The

bald man gave Song Qiang a hard look. And shouted, "You know what, this is the master of the flame door. The master of the mid-level Xuan level, my predecessor."

Chapter 984

Song Qiang heard that his complexion suddenly changed, and he quickly calmed down the proud look just now. He bowed respectfully and said, "Wan Zhang, it's you! I just didn't know Taishan, nonsense, don't be surprised, I ... "

No wonder Song Qiang has such a drastic change in attitude. You must know that the head of the flame door, Wan Heng, is also regarded as the number one figure in the circle. Song Qiang and his master, in front of Wan Heng, is just an unknown pawn.

Therefore, in front of Wan Heng, Song Qiang naturally dare not wanton.

The mentor and apprentice helped Wan Heng up with respect.

Meanwhile, the bald man asked with concern: "Wan head, how do you hurt to be so in the end who did it, dare Wan head of your hand, is simply seeking death I would not let him?.."

To speak In the meantime, the bald man snapped his chest, a guaranteed look.

Of course, he just said that. After all, he has no power to avenge Wan Heng even if he cannot beat Wan Heng.

Song Qiang also inherited his master's character. At the moment, he was very pleased and said: "Wan Zhang, I still have a reputation in Xiangjiang University. You tell me, who moved the hand, I will immediately give him Grab it and let Master Wan teach you a good lesson. "

Wan Heng heard this and couldn't help but glance at Chen Fei, his eyes showing a strange color.

But at this time, the college students around heard the words of the master and apprentice, and could not help but discuss with a smile.

Some students who have a poor perception of Song Qiang, even fearing that the world is not messed up, shouted: "Song Qiang, you have such a great ability to avenge the head of the million?"

Song Qiang changed his face, but then still I patted my chest and said, "If I don't say anything else, I am Qiang Song at Xiangjiang University. If I don't say a word, I will say that there is one thing. Do you have any objections?"

The student said: "I have no objection! I just want to tell you that he is the one who hurt Wan Wan's master!" As he

said, the other party pointed to Chen Fei.

Song Qiang looked down the past and found that Chen Fei could not help but surprised a moment, then shook his head and said: "?? How could he, your kid nonsense fool me, do you think I'm a fool."

Then, Song Qiang look of disdain on Chen Fei beckoned and said, "My son named Chen, my master is here, and I won't roll over and kneel to apologize."

Immediately, Song Qiang went to Fu Wanheng again.

At this time, the bald man also looked at Chen Fei seriously, ready to shout and let him kneel to admit his mistake.

The two of them did not scare Chen Fei in such an attitude, but scared Wan Heng to his face pale.

After all, Chen Fei has just learned the strength of Chen Fei. If Chen Fei was really irritated and Chen Fei shot again, he would suffer.

Thinking of this, Wan Heng didn't care about his injuries, and slammed directly at the bald man and Song Qiang, "Shut up for me." The

two dumbfounded, and then looked at Wan Heng, puzzled: "Wan Zhang , Did we say something wrong? "

Wan Heng said with a cold face," You all shut your mouth, don't cause me trouble.
"

" Wan Zhang, why is this trouble, we just want to— " People are puzzled.

Wan Heng looked gloomy and looked at Chen Fei,

saying : "The people of our flame gate were knocked down by him." "What!" Song Qiang and Master heard the words in shock, and they were startled, "

How come? How could this kid hurt you, Wan Wan? This is not— "

Immediately, Wan Heng said coldly: "What's impossible? Do you know who he is?"

"Who? Isn't it just a rich second generation with little money?" Song Qiang looked puzzled.

"The second generation of rich? Huh!" Wan Heng snorted coldly. "His name is Chen Fei. A few days ago, the thing that Qiu Haiqiu Gongzi was beaten was his hand. It was really because of this that our Flame Gate came forward to deal with it. His. Such a person, you said that it is just a rich second generation? "

" What, he, he is the one who hurt Qiu Gongzi! "At this time, the bald man was startled, his face was horrified, and he stared fiercely. To Song Qiang, Li said, "How dare you offend this kind of person?"

Song Qiang was still confused and puzzled. "Master, what kind of son, what? I Some don't understand. "

" I don't understand? Tianjiuge, Qiu Tianjiu's closed disciple, Qiu Haiqiu Gongzi. Now, do you understand? "The bald man shouted sharply.

Hearing the words, Song Qiang suddenly realized, his face was astonished, "Hey, Qiu Gongzi of Tianjiu Pavilion, how is this possible? Qiu Gongzi is so powerful, how could he--"

Song Qiang was really shocked.

After all, he is a little bully on the campus overlord level, and it is a little too far away from the brother-in-law at the level of Qiu Hai. Therefore, when he first heard the title of Qiu Gongzi, he did not think of going to Tianjiu Pavilion. He didn't understand until Master revealed his identity.

And understand that, he was dumbfounded. Looking at Chen Fei's gaze, at this moment, it also appeared particularly shocked and complicated.

Song Qiang's bald master was even more angry. He slapped directly on Song Qiang's face, and his face was full of anger, "You are trying to kill me, even let me deal with Mr. Chen, you can find yourself, don't pull me. "

After that, the bald man nodded his head and leaned in front of Chen Fei, stooping and bowing: "Mr. Chen, I do n't know Taishan. Please forgive me. Such a thing will never happen again."

Immediately, the bald man Song Qiang, who glared stunned, said coldly: "I can't apologize to Mr. Chen!"

Song Qiang turned pale and hurried over to bow down. "Mr. Chen, I'm sorry, I was wrong."

"I was wrong. "Is it all right?" Chen Fei said coldly, "Just now, some people asked me to kneel and kowtow to apologize!"

Wen Yan said, the bald man knelt on the ground without hesitation. Chen Fei kowtowed to admit his mistake.

When Song Qiang saw that Master had done so, he dare to hesitate and knelt down, slamming his head at Chen Fei, and then apologized for admitting his mistake.

Chen Fei snorted, silenced for a moment, and glanced at Bai Zihan, "Zi Han, what do you think, how to deal with them?"

Bai Zihan was kind after all, beside Chen Fei, whispered: "As long as Song Qiang doesn't want it's okay to haunt me again. "

" Zihan's words, did you hear? "Chen Fei said.

Song Qiang nodded quickly, "I heard, I heard. I will never dare to mess with Miss Bai again, and will not appear within ten meters of her again."

Chen Feidao said: "In this way, if Zi Han met on campus Anything, I will come to you Song Qiang. Whether you do it or not, you have to be responsible, understand? "

" This-"Song Qiang hesitated a little, but then he was ruthlessly on the back of the head by Master I slapped and quickly nodded and said, "Yes, yes. I must guarantee the safety of Miss Bai."

.

Chapter 985

In this way, Song Qiang not only did not dare to entangle Bai Zihan. Even other people who are entangled in Bai Zihan have to ask Song Qiang to block the process. It can be said that Chen Fei found a bodyguard for Bai Zihan on campus.

"Well, okay, get up!" Chen Fei nodded.

Song Qiang and Master were suddenly forgiven, and they were scared from the ground gratefully.

Immediately, Chen Fei pointed to the flame door and others who fell down and said, "Take them away, don't stop me from seeing here."

"Yes, yes!" Song Qiang and Master immediately took action.

After some busy work, they cleaned up the scene and then left away in disgrace.

Walking away from the dormitory, Song Qiang, who has been straining his heart, can only relax a little at this moment.

Song Qiang felt aggrieved at the thought of the matter just now. A few hours ago, at Xiangjiang University, I was still a terrible one. As a result, it has become a laughing stock for everyone, and I must always pay attention to protecting Bai Zihan.

This huge change of identity made Song Qiang somewhat unacceptable, and could not help but pouted and complained: "This Chen Fei, a mainlander, is rampant in our Xiangjiang, which is too much."

Song Qiang's bald master heard the words and was ruthless Glared at Song Qiang and shouted, "Shut up, don't talk nonsense."

Song Qiang lowered his voice, but still dissatisfied: "Master, why are we so afraid of him?"

Bald man said: "He can beat Qiu Hai, there are so many people who defeated the Flame Gate, and their strength is at least around the late Xuan level. The warrior of this level, why do you say we should be afraid? "

"This--" Song Qiang was speechless for a while, but he paused and still pouted, "But, but he beat Qiu Gongzi. Now, Jiutiange will never let him go. He is even mysterious. Masters in the later stages of the class will certainly not be able to fight Jiutiange. "

" How can you not fight Jiutiange, then? "The bald man stared at Song Qiang Road," Does it have much to do with us? Now, Jiutiange has not yet come to the door, You went to offend the surnamed Chen, he directly slaughtered us, don't you think he dare? "

" This, this-- "Song Qiang was speechless for a while, after all, the other party was a person who even dared to fight against the son of Qiu Haiqiu. How can he not dare to deal with him and the two small figures of Master.

The bald man said in a deep voice: "In short, the entanglement of these high-powered characters is not something that our low-level characters can intervene. When we meet them, we can only serve soft, do you understand?"

"Understood!" Song Qiang was weak.

The bald master shouted, "Do n't let me down, protect the little girl, you 'll do it for me. If something goes wrong, do n't let Chen Fei do it, I 'll beat you first. . " "

Yes, Master! "Song of how strong can only be strong cheer, a nod.

On the campus dormitory building, Chen Fei drove away Song Qiang and the students who had been frightened came out of the dormitory building at the moment.

The girls next to Bai Zihan tweeted around again, gazing at Chen Fei constantly, laughing and teasing Bai Zihan one by one.

"Zi Han, your boyfriend is more fierce than we thought!"

"It's so handsome, if I could have such a handsome boyfriend, I would die without regret."

"Handsome guy, can you tell me, How did you catch up with our Zihan? "

.....

msp; After a lively chatter, Chen Fei and Bai Zihan said goodbye and drove back to the hotel.

When Chen Fei returned to the hotel to rest, almost all the important members of the Jianghu family of Jianghuhai Pharmaceutical Group gathered at the moment and appeared in the lobby with a serious face.

Above the first, Jiang Chongming, an old man with white hair, glanced at everyone present, and finally his eyes fell on Jiang Chuan. He looked cold and asked with cold voice: "Jiang Chuan, you talk about the recent overrun of 200 million yuan in the accounts. What's the matter? "

Jiang Chuan couldn't help but look white when he mentioned this matter, and said, "Grandpa, this thing, I, I was deceived. "

" I was deceived , who Dare to deceive my Jiang family? Tell me, what is going on? "Jiang Chongming said coldly.

Jiang Chuan did not dare to hide, and he immediately participated in the cruise party, and spent 200 million yuan to shoot a fake Jiutianshanhaifu, all told.

After listening, there was silence in the Jiang family hall.

Even the old man Jiang Chongming, who was going to be angry, was silent at the moment.

If an ordinary liar, he will never let go. But now, Qiu Haiqiu son of Jiutiange is cheating this time. Even if it is the Jiang family, in the face of Jiu Tiange, the leader of the Xiangjiang martial arts world, that dare not act rashly.

At the thought of this, the old man's face was even more gloomy. After all, ordinary scammers, their Jiang family can still recover money. But now, when I meet the Jiutian Pavilion, the two hundred million yuan is almost hit.

Jiangchuan saw this, trembling in his heart, and quickly made excuses: "Grandpa, in fact, this matter still blames Chen Fei. If it were not for him, I wouldn't--"

With that said, Jiang Chuan was endless and almost all the responsibilities were pushed onto Chen Fei.

Old man Jiang Chongming heard the words, his face could not help but became heavy.

Jiang Chuan's father, Jiang Lingzhi, also stood up at the moment and made a sound for his son, "Father, this Chen Fei was the guy who had broken our good deeds in Longjiang City before."

"And, Jiang Lingyun's death, and He can't get rid of the relationship. "Jiang Lingzhi said.

Mentioning the death of his youngest son, Jiang Chongming couldn't help but anger, and slapped a hand on the arm of the mahogany table and chair, angrily said: "It's that kid, he even dare to come to Xiangjiang. This time, we have new accounts together. Fortunately, he must pay the price. "

Jiang Lingzhi saw this and gave his son Jiang Chuan a look.

Jiang Chuan immediately stood up and said, "Grandpa, in fact, I have a plan to deal with Chen Fei."

"You have a plan, let's talk about it!" Jiang Chongming said.

Jiang Chuan immediately said: "Grandpa, Chen Fei recently entered Xiangjiang and opened a cosmetics company called Autumn Group in Xiangjiang. The sales are very hot. We can ..."

Among the Jiang family, plotting to deal with revenge, Chen Feichao Without knowing it, after taking a day off, it was still early in the morning.

As a result, Chen Fei received a fiery call from Director Xu before breakfast in the early morning.

Quickly answering the phone, Chen Fei said: "Director Xu, what's the matter?"

Xu Director said anxiously, and said: "Mr. Chen, can you come to Xiangjiang Central Hospital immediately?"

"Go to the hospital!" Chen Fei was a little surprised. But I didn't ask much, and immediately said, "Okay, Director Xu, wait a moment, I'll go right away."

"Trouble Mr. Chen!" Xu Director said.

Chapter 986

Hang up the phone, Chen Fei explained to Wei Ling Qiu Han, and then drove to Xiangjiang Central Hospital.

At the entrance of the hospital, Chen Fei just got off the bus and saw Director Xu who was looking anxiously greeted him.

"Mr. Chen, you are here!" Director Xu quickly stepped forward and greeted Chen Fei to walk inside the hospital.

As Chen Fei walked into the hospital, he asked, "Director Xu, what the hell happened, are you in such a hurry?"

Director Xu looked a little ugly and said, "Mr Chen, some time ago you reminded me of seafood poisoning The incident. "

" Why, have you found relevant information? "Chen Feidao said.

Director Xu nodded and said: "Some information has been found, but now, the situation is a bit out of control. The products of Beibeixian Seafood Company, although we ordered the withdrawal of the remaining products, have sold a lot. Since yesterday Starting in the afternoon, some people have poisoning symptoms such as vomiting, sweating, and stomach pain, which are very similar to the symptoms you have said about Mr. Chen. "

" What, what scale poisoning incident occurred! "This is the thing that Chen Fei worried about most.

Director Xu's face was also very ugly. "From yesterday afternoon to early morning, thirty-six patients had become ill, and all were sent to Xiangjiang Central Hospital. Moreover, how many people remain poisoned is unpredictable.

" Mr. Chen, you are the only doctor who knows the disease and has cured it. So, I invite you to come and diagnose these patients to see if they are caused by seafood poisoning? "

Chen Fei listened carefully and then nodded. Dao: "I know, let's go in and see it!"

Immediately, Director Xu took Chen Fei into the ward of the hospital and let Chen Fei begin to examine these patients.

After some inspections, Chen Fei's face sank, and he nodded to Director Xu: "It can be confirmed that the symptoms of these patients are seafood poisoning. It is very similar to the symptoms of Eric's previous poisoning."

"And, these patients They are all adults and have strong resistance. Therefore, at the time of the attack, there were more illnesses accumulated in the body than Eric. "

Although he had expected it in his heart, Xu Xu still looked a while at the moment and quickly asked: "Chen Doctor, then, is there a way to treat? "

Chen Fei glanced at the patient in the ward and said, "I can be treated according to the method given to Eric before. But now, it is okay if there are few people. If there are too many people, it will be difficult for me to take care of myself. "

"This-" Director Xu heard that his face became more and more ugly, and he could only deal with Chen Feidao, "Thank you Mr. Chen, treat them first Let's

nod ! " Chen Fei nodded and immediately ordered the hospital staff to prepare equipment and medicines, and began busy treatment in the ward.

After being busy for a long time, Chen Fei finally diagnosed and prescribed medicine for all 36 patients in the ward.

But during this time, Xiangjiang Hospital received 32 more patients, and the rate of this spread was even faster than yesterday.

Under such circumstances, large-scale poisoning incidents are already inevitable.

Moreover, at this time, Chen Fei examined the newly-income 32 patients and had to bring bad news to Director Xu, "The previous 36 patients, the general symptoms and the previous Alec is almost the same, and it can be cured basically with the previous drugs. However, a

few of the second batch of patients are extremely sick and contain an indeterminate toxin in the body. I can't treat it now. "

Why? You can't treat Mr. Chen?" Director Xu felt a little collapsed.

Chen Fei looked dignified and said, "I can't determine the ingredients of the special toxin, and I can't take the right medicine. I can only use the elimination method to try one by one. In this case, I am worried that it is too late."

Xu Xu was silent for a while, worried, but tried Calm yourself down.

After a moment, he looked at Chen Fei and said, "Mr. Chen, you mean, if you want to cure these patients quickly and accurately. You must figure out the composition of the toxin."

"Yes!" Chen Fei nodded.

Director Xu said: "We have sent the related batch of products of Beibeixian to the laboratory for inspection. From them, you should be able to get the answer!"

"Maybe!" Chen Feidao.

Director Xu did not delay and immediately called to inquire about the test results.

However, after some inquiries, he hangs up the phone with a somber complexion.

"Director Xu, how is it?" Chen Fei asked immediately.

Director Xu said: "Most of the toxin test results are out, but one of the batches of seafood contains a compound toxin that has not been seen before. In a short time, the laboratory has not been able to figure out the composition of the toxin.

Chen Fei heard that, his face could not help but sink, and the whole person was silent.

At this moment, Director Xu's forehead sweated, if he could not figure out the ingredients, then this group of poisoned people might have only one dead end. And once such a thing really happens, it is international big news.

Thinking of this, Director Xu felt dizzy for a while, and the whole person almost fell to the ground.

But at this moment, Chen Fei thought of something and said to Secretary Xu: "Secretary Xu, there is another way."

"What way?" Director Xu immediately said.

Chen Feidao: "Different batches of seafood have different toxins. So that means that the production of this group of seafood is different. We can go back to the production of the special batch of seafood and start from the production place to see if we can start from them. Over there, get the ingredients of the toxin directly. "

" Yes, yes, this is a good way, a good way. "Director Xu quickly clapped and applauded, and then touched the phone," We have checked the origin of the seafood, I will go immediately "Ask."

Soon, Mr. Xu called and asked about the origin of the batch of special toxin seafood, and then hung up.

It's just that Director Xu, after hanging up the phone, looks a little somber.

Upon seeing this, Chen Fei immediately asked: "Director Xu, what's wrong? No information was found?"

Director Xu shook his head and said, "I found it. The production area of the batch of seafood is an aquaculture base called Jianghai."

" What are you waiting for, let's check it out! "Chen Fei said urgently.

Director Xu looked ugly, and said in a deep voice: "Check, I can't check."

"Why can't I check?" Chen Fei stared at his eyes and frowned.

Director Xu said: "That breeding base is Jiangjia's industry."

"Jiangjia's industry? Which Jiangjia?" Chen Fei just asked, and then he thought of something, and his face sank, "Jianghai, Jiangjia. You said Is the Jiang family of

Jianghuhai Pharmaceutical? " Xu Director nodded and said:" This is the Jiang family. "

.

Chapter 987

After a moment of silence, Chen Fei said solemnly: "Even if it is the Jiang family, can't stop the police from handling the case?"

Director Xu was so embarrassed that he explained to Chen Fei: "Mr. Chen, you know, a big family like the Jiang family In large companies, many well-known lawyers are hired internally. "

" These lawyers are very clever and good at the law. If we used to seize it, they would be able to find out laws from various legal clauses to prevent Our seizure. "

" And, on the other hand, Jiangjia's industry, which has shares in Bald Eagle Pharmaceuticals of the United States, is also considered a part of foreign-funded enterprises. In response to foreign-funded enterprises, what we can do is more limited. Sometimes, It's really powerless. "

Chen Fei didn't think there was such a thing. He couldn't help being silent, and the expression on his face seemed a bit gloomy.

After a while, Chen Fei said: "Does this kind of big family company, Xiangjiang Police, really have no way to let them wantonly want to do it?"

Xu Director said: "It's definitely not acceptable to wantonly, but deal with it These big-family companies are still more strenuous than ordinary people. In general, we will only deal with them if we have the definite evidence, and they will be wiped out. "

" Otherwise, people from these big families , I will find various excuses and eventually take advantage of the legal loopholes to get out of myself. "

Chen Feidao:" Director Xu you mean that you must collect the Jiang family's exact evidence before you can

deal with them? " Xu Director nodded and said:" Tack The Jiang family, this method is the most secure. "

Chen Fei looked a little serious, saying:" If it is other cases, you can slowly gather evidence and then wipe them out. But now it is a food poisoning incident, and there are still a group of patients who are unable to Treatment, at this time, we simply don't have time to take it slowly. "

Hearing the words, Director Xu was also speechless, but he really didn't have a better way. He could only be silent for a while, and he was speechless. "This,

we-- " At that time, Chen Fei thought of something and looked up to Director Xu. He solemnly said: "Director Xu, the biggest problem now is insufficient evidence? Can't do

anything with the Jiang family?" "Yes!" Director Xu nodded, "Although we I traced the source and suspected that the special batch of toxin seafood came from the Jianghai aquaculture base of the Jiang family. But our people could not confirm it at all, so now it is just speculation, not evidence. "

Chen Fei looked serious and said sharply : "Since you can't go in and search in a fair and honest way, then use other methods."

"Mr. Chen, the other method you said is-secret interviews." Xu Xu looked sullen.

Chen Fei nodded and said, "If it's not clear, then come secretly. We secretly sent people in, collected the evidence, and then went straight to smash the Jiang family."

"But the Jiang family is not easy to enter. The Jiang family protection has always been very strict, and there are many masters in it, and it is almost impossible for our personnel to sneak in directly. This— "Director Xu said.

Chen Fei patted his chest and said, "You don't have to worry about this, just give it to me."

"Mr. Chen, you mean, you have to enter the Jiang family for a secret visit." Director Xu surprised.

Chen Fei nodded and said,

"Yes, this action, I will go!"

"But, this action is very dangerous. You are Mr. Chen, Mr. Chen—" Director Xu said.

Chen Fei waved his hand and said, "You know exactly how the spirit dragon is organized. Such a thing is not dangerous to me."

"But--" Director Xu still hesitated.

However, Chen Fei said sharply: "This is an order and no rebuttal is allowed. Now, prepare relevant things for me immediately."

"Yes, sir!" Xu Director Li Zheng said with respect.

Immediately, Chen Fei asked him to ask Director Xu to make related preparations. Chen Fei also contacted the staff of the Linglong Xiangjiang branch by phone and called the captain Wan Lei who had previously dealt with him.

At the same time, Chen Fei also left a blind prescription in the hospital for doctors to take the medicine according to the prescription for patients. Although it cannot be cured, the effect of the prescription can still relieve the majority of patients.

After handling these matters, Chen Fei came to the police station, met Wan Lei, took the information prepared by Director Xu, and set off.

At the same time, the incident of seafood food poisoning also quickly fermented in Xiangjiang, many related media have reported, and Xiangjiang Central Hospital was surrounded by reporters.

Director Xu and the leaders of the hospital stayed in the hospital to deal with the situation at the scene and answered everyone's questions.

Of course, in order to avoid getting caught in the grass, some information, Director Xu still has reservations.

When the poisoning incident became more and more serious, Chen Fei and Wan Lei, with simple equipment, came to a chaotic rocky slope by the sea.

The two were hidden in the cracks of the rocks on the chaotic slope, watching the scene below with a telescope.

Below is a gentle slope all the way down, which eventually extends into the water.

On the shore, there are several buildings surrounded by tall courtyard walls, and that is the factory building of Jianghai Aquaculture Base.

Extending towards the sea, you can see densely arranged buoys and nets on the sea. A lot of ships come and go among them, carrying goods, a busy scene.

This situation made Chen Fei frown, and said coldly: "The incidents of seafood poisoning have all erupted, and this aquatic product base has not stopped production inspection. This Jiang family is also too lustful."

Wan Lei said next to him: " The Jiang family accounted for almost 70% of our Xiangjiang pharmaceutical industry and almost reached a monopoly position. They have always done whatever they want. In the past two years, the price of pharmaceutical products

has risen by nearly 40%. Many Xiangjiang residents I was dissatisfied, but there was no way.

" Relevant officials of our government have also visited the Jiang family to discuss the relevant matters. But the Jiang family is very arrogant, and it is supported by the bald eagle pharmacy of the United States, so it has not been withdrawn. Instead, by the last thing about Alstom antibiotics, it in turn threatened the relevant departments of Xiangjiang. Eventually, if it were not for Mr. Chen who invented your ephedra oral liquid, Xiangjiang 's current pharmaceutical prices would probably rise by another 20%. "

Listen With Wan Lei's words, Chen Fei's expression cooled down and said: "This time, the Jiang family like the bloodsucker must be pulled down and let them pay The price is due. "

" Well! "Wan Lei nodded and asked," Mr. Chen, the defense inside is very strict. Are we going to wait for the evening to leave? "

Chapter 988

Chen Fei glanced at the high-wall compound of the farm and the security hounds who were patrolling inside, and there was a disdainful smile at the corner of his mouth. Follow me. "

Wan Lei, a member of the Linglong organization, knows what the position of" special instructor "means in Linglong. Chen Fei heard the words, the eyes could not help but reveal the color excitement, nodded and said: "! Is"

put away the telescope, Chen Fei said: "! Well, let's go,"

then, Chen Fei agile climb up the rocks On the rugged ramp, the movement was extremely fast, and in a few flashes, it reached the beach.

"The special instructor is the special instructor, Mr. Chen is too powerful." Wan Lei saw this, and there was a trace of excitement in his eyes, and he quickly accelerated his actions and followed.

The two acted lightly, like a cat, quietly approaching the courtyard wall of the aquatic base.

The courtyard wall has a distance of three meters high, and there are also barbed wire and the like on it. Every other distance, there is a constantly rotating camera. Such defensive efforts can be described as strict.

However, it has little effect on Chen Fei.

After observing it, Chen Fei keenly captured the vacant time of two near cameras. He grabbed Wan Lei in one hand and jumped out of thin air. He directly led Wan Lei over the three-meter-high courtyard wall and entered the factory.

Wan Lei was astonished at such a bounce.

The two had already optimised their location on the chaotic slope before. The place they entered was a corner of the factory where debris was piled up.

Therefore, when they jumped in, no one was found around.

Confirming the layout of the factory in the corner, the two confirmed the position again, then shook their bodies and rushed out.

The two act very keenly, marching along the edges of the building, and hiding their bodies through various corners and buildings.

Occasionally encounter unexpected situations, such as bodyguards that appear suddenly, workers in work clothes and the like. With Chen Fei's keen exploration ability, almost all can be found in advance and find the location to hide.

In this way, the two came to the factory's production workshop smoothly.

The production workshop is large, but because all are equipped with large production lines, there are not many workers.

Chen Fei and Wan Lei successfully obtained some seafood products on the assembly line, packed them with evidence bags, and included them in their backpacks.

Afterwards, they dug into the factory manager's office, searched for some information, and photographed all the important contents.

In half an hour, the two were already full. With these things at hand, it is already very complete information, enough to seal off the seawater aquaculture base.

But as the two of Chen Fei were about to leave, all of a sudden, the two workers passed by from their hidden location and talked while walking.

"Fat boy, it's your turn to check the feed pond. Go ahead!" A thin worker said to another fat worker.

The obese worker heard the words and immediately dissatisfied said: "Why is it me again, haven't I just been there last week?" The

thin worker said: "Captain Wang is on leave, it's your turn. Don't talk nonsense, go quickly." R /> The obese worker sighed and was full of dissatisfaction, but he only promised, "That ghost place, it smells bad. Every time I go in and out, I can't eat for three days. Use that kind of thing The feed is too ethical. "

The lean worker heard the words and hurriedly lowered his voice. He said to the obese worker: "Fat boy, don't

talk nonsense. If it is heard by the people above, we will suffer." "I just talk casually! They are too Deficient in virtue, feeding seafood with that kind of food, and finally giving it back to people, is to make money and kill lives!" Obese worker said.

The lean worker sighed and said: "We eat our own meals, and we don't have to deal with the

extras . This is not something we can manage." "Hey!" The obese worker shook his head helplessly and only waved, "That I went. "

Immediately, the two separated, and the obese worker walked towards a square box-like building outside.

Chen Fei and Wan Lei, who overheard all this in the dark, could not help but glance at each other, then said: "Let's go and see."

Without any hesitation, the two figures followed the obese worker and quickly approached the past .

The obese worker changed a set of clothing similar to hospital protective clothing outside, and then was carefully inspected by two security guards at the door, before being released into the building.

Chen Fei and Wan Lei were even more curious when they saw this scene outside. Because the guards in this place are even stricter than in the previous place. Moreover, this building has almost no entrance other than the main entrance.

This made Wan Lei a little embarrassed. After all, if you want to enter, you must enter from the main entrance. At the main entrance, two security guards stared at each other, and it was almost impossible to enter directly under their eyelids.

This situation caused Wan Lei to frown, and was wondering what way to enter the building silently.

However, just when Wan Lei frowned, Chen Fei got up and walked over there with a big swing.

This situation surprised Wan Lei and almost shouted, "Mr. Chen, you are--"

But at this moment, a surprising scene happened, and Chen Fei walked directly in front of the two security guards into the building. The two security guards looked dull as if they didn't see Chen Fei at all.

This really shocked Wan Lei, with an incredible look on his face, dumbfounded: "This, what's going on? Mr. Chen,

you-- " Chen Fei came out again at this moment and waved his hand, saying: Wan Lei, what are you doing stunned, come in now! "

Wan Lei recovered, and hurriedly rushed over.

When he rushed in front of the two security guards, they still had that dull expression, without any response, really as if they hadn't seen them.

"This, does Chen Changzheng make people invisible?" For a time, Wan Lei felt a little weird.

However, without delaying time, he quickly rushed into the building.

Coming to Chen Fei, Wan Lei couldn't help but be curious and asked out loudly, "Sir, this, what happened just now? How did the two bodyguards seem not to see us. Are we invisible?"

Chen Fei smiled and said: "Incognito, how is it possible? You are watching more movies!"

"Not incognito. Then, how can we just--" Wan Lei puzzled.

.

Chapter 989

"It's just a means of high-level warriors. You will understand when your strength reaches this level." Chen Fei laughed. In fact, the two security guards can't see them, the method is very simple.

That is, Chen Fei used his powerful strength to exert pressure on the two, creating an oppressive momentum for the two of them, making them all sluggish, and naturally they would not notice the people in front of them.

In this case, when confronted with the martial arts against ordinary people, the feeling of oppression is similar. That kind of coercion makes people feel breathless and tight.

If this kind of coercion is so strong, it can produce the effect Chen Fei had just made, and directly oppressed the two security guards in a sluggish and distracted manner, and the people in front of them could not be noticed at all.

Of course, this kind of coercion requires deep martial arts cultivation as the basis. Moreover, if you are a little careless, if you don't know how to master it, you may have an accident.

Therefore, this situation is rare. After all, those with the ability to perform, in general, would never use such a method. If you can't use it, you can't use it.

After listening to Chen Fei's explanation, Wan Lei couldn't help but yearn for the promotion of strength. For a time, I felt full of motivation in my heart.

"Okay, don't be excited, now the task is important." Chen Fei reminded Wan Lei.

Immediately, the two walked through the passage and into the building.

Through a walkway, a narrow door appeared in front of them. The door is not big, and the surroundings are tightly sealed, almost like a high-tech laboratory.

"Did they make a special laboratory here and used prohibited drugs or the like?" Wan Lei saw it and couldn't help guessing.

At this time, Chen Fei had opened the door.

The door just opened, and a strong wind sucked in. Chen Fei and Wan Lei could not help being surprised, then quickly rushed in and closed the door.

"What's going on? There is a huge exhaust fan here. Is it really a laboratory?" Wan Lei wondered.

Immediately, the two went on for a while and passed the exhaust fan, and immediately understood why.

Because, when they came over, the two felt a strong and pungent impact, which was an indescribable taste.

It seemed that the smell of countless rubbish mixed together and fermented into the nose, making Wan Lei almost spit out.

Even Chen Fei, who smelled this smell, couldn't help rolling his eyes at the moment, quickly blocked the breath of his nose and nose, and maintained his physical function during this time with a real breath.

"It's a real breath, and seal your nose and mouth!" Chen Fei reminded.

Wan Lei hurried to do it, and this finally got better, and did not spit it out.

At the moment, the two finally understood why the obese worker had to wear protective clothing when he entered here. I finally know why the sealing of this building is so good, and the necessity of the exhaust fan.

Without these unpleasant smells, people would not be able to come in without them.

Resisting the vomiting in his heart, the two walked forward.

The scene that I saw next made them dull and their expressions serious.

Because, below them, is a huge sewage pond. In the pool, the black sewage exuded a strong smell, and various garbage and debris swelled in the sewage tank.

The first to come in

The obese worker, wearing protective clothing at the moment, inserted something into the sewage with something similar to a detector, recorded various data, and then adjusted accordingly.

The sewage in the pool was constantly surging, passing through the equipment, removing the garbage, adding a variety of different chemicals, and finally flowing out from a pipe.

Chen Fei and Wan Lei, who have been very clear about the layout of the factory, clearly know that the pipe that leads to it is in the sea water, which is the water area where seafood is cultivated.

This result made Chen Fei and Wan Lei look dark.

Wan Lei gritted his teeth and said, "They, even use sewage as feed to grow seafood. Isn't that too much?"

Chen Fei was also very gloomy. He used the camera to record the status of the sewage tank. Take out some sewage and prepare it for inspection as evidence.

And just when Chen Fei took the sewage, he suddenly saw something, and suddenly his face was dull, his expression more and more gloomy, "Jiang Family, it's too much."

"Mr Chen, what's wrong?" Wan Lei said.

Chen Fei pointed to the garbage in the sewage and said, "You look at the garbage carefully."

Wan Lei was puzzled and immediately looked at it. Soon, he also found an anomaly, and could not help grinning, "These garbages are all Jianghuhai Pharmaceutical packaging."

"Yes, Jianghuhai Pharmaceutical packaging bags and boxes." Chen Fei black face, expression Very gloomy, "This means that the sewage is not ordinary sewage, but from the factory of Jianghuhai Pharmaceutical."

"This is not just a matter of a factory in the Jianghai Sea Aquaculture Base. And the entire Jianghuhai Pharmaceutical, both There is an inextricable connection. "Chen Fei gritted his teeth.

Wan Lei also hated his teeth, "They not only use sewage to grow seafood, but pharmaceutical factories are also suspected of illegally discharging sewage."

"These sewage from pharmaceutical factories are more polluted than ordinary sewage. They are discharged without treatment. It came out and was also used to grow aquatic products. "

" It really will be recycled! "Chen Fei's eyes were scarlet, his eyes filled with anger.

If the former Jiang family, in Chen Fei's mind, is just that typical greedy merchant. So now the Jiang family has become a demon who eats people.

This is not just a matter of raising drug prices and making money. It is a major issue related to personal safety.

Such things must not be tolerated. Chen Fei refrained from the violent anger on the spot and collected the evidence on the spot.

Then, in the same way, Chen Fei and Wan Lei quickly left the factory and hurried back to Xiangjiang Police Station.

After explaining the situation in the factory to Director Xu, Director Xu was shocked, and immediately contacted the senior officials of the Xiangjiang government to quickly meet and make a resolution to seal and search all the Jiang family's industries.

The gathering of evidence was completed, but Chen Fei was furious, and he wished to rush to the Jiang family and beat them up.

At this moment, Sister Ling called and was anxious. "Chen Fei, where are you? There is something wrong with the company, can you come back?"

"Sister Ling, what happened to the company, I will come back immediately?" Chen Fei was shocked and said quickly.

Wei Ling said: "Just now, Jiang Chuan brought a group of reporters to the door of our branch to find faults and not to leave."

"Jiang Chuan, he dare to come and find faults!" Fly burst into rage, "Sister Ling, you protect yourself, I will come back immediately!"

Chapter 990

Chen Fei returned to the branch in a hurry. At the door of the company, he had just got off the bus and saw several security guards clamoring with a group of journalists carrying long guns and short guns.

Among them, in a position on one side, Jiang Chuan is very serious and is being interviewed by reporters.

Moreover, Chen Fei also heard the interview clearly.

"I came here this time to get justice for our Xiangjiang people. It was their responsible person, Chen Fei, who came out to be responsible. He used drugs privately and the consequences were serious, and we

must— " Jiang Chuan was still talking eloquently. At that time, Chen Fei stepped forward, staring coldly at Jiang Chuan and slammed: "You dare to come over!"

Jiang Chuan looked up and heard Chen Fei's anger came over. Suddenly, a strange flash of light flashed in his eyes, but when he thought of the bodyguard behind him, he felt confident again.

So, he pointed to Chen Fei's direction and said, "He is Chen Fei, everyone will stop him."

Suddenly, there was a loud clatter, and the group of reporters at the door rushed towards Chen Feiwei. , All kinds of problems endlessly.

"Mr. Chen, what do you think of the previous news?"

"Do you have any response to Mr. Eric's condition?"

"Mr. Chen, please give us an explanation."

... ..

Various The problem swarmed, and Chen Fei's face sank, and there was no response.

At this time, under the protection of the security guard, Wei Ling squeezed from the crowd and took Chen Fei to the door of the company.

"Sister Ling, what is going on?" Chen Fei asked aloud.

Wei Ling looked a little ugly, glanced in the direction of Jiang Chuan, and quickly explained to Chen Fei: "This Jiang Chuan turned over the affairs of Wen Ni's son and wife Erik again, and then called these reporters and wanted to tell us

Carrying out public opinion offensive. " After listening, Chen Fei immediately understood what was going on, and could not help but coldly drink, and immediately slammed," Be quiet to me. "

This voice contains a real breath, and the reporters who were chatting on the spot They were pressed down and all were quiet.

Immediately, Chen Fei stepped out, looked at Jiang Chuan, and said coldly: "What do you want to do today?"

Jiang Chuan looked at Chen Fei's cold eyes, and there was a strange color on his face, but he still said aloud: "Chen In general, I came here this time to get a fair deal for our Xiangjiang citizens. "

" What fair? "Chen Fei said coldly.

Jiang Chuan waved his hand, and his follower had already brought out a tablet computer and played the video screen.

The content of the video is not new, that is, the two of Winnie and Anthony were interviewed on TV and accused Chen Fei of targeting them in Longjiang City.

No need to finish the broadcast, everyone on the scene knows what the video is about.

Jiang Chuan immediately glanced at the corner of his mouth, and said with a smile: "This news, President Chen should be no stranger."

Chen Fei coldly, no response.

Jiang Chuan looked dull and continued to say: "This news has been around for a short time. President Chen has been in Xiangjiang for some time. What I would like to ask is, President Chen, what is your response to this matter? How are you? this couple and their son in charge? "

his words, around one of the reporters are the mirror

head pointed Chen Fei, waiting for his response.

However, Chen Fei snorted and asked directly: "Why should I be responsible for them?"

Wen Yan, everyone at the scene could not help but be surprised, and then his face changed.

Jiang Chuan showed a smile, and secretly said that Chen Fei died on his own. The corner of his mouth flicked away, and he continued to say: "What does President Chen mean, don't you want to be responsible for this matter?" The

reporters' expressions became more serious at the moment, staring at Chen Fei, as if preparing to record his. Each sentence is then analyzed and reported.

In general, in the face of such incidents, entrepreneurs will respond smoothly.

Chen Fei said without thinking, "Yes, I just don't want to be responsible for this matter. Because, this matter is a complete lie."

"Wow!" The

scene was full of uproar, and many reporters showed up on the face Unbelieving expression.

Jiang Chuan also pouted, and said, "Is President Chen not ready to admit it?"

Chen Fei coldly said: "It's completely a fictional thing, why should I admit it?"

"Fictional thing?" Jiangchuan sneered, "Mr. Chen's argument is too weak! Winnie and Anthony couple, but provided a lot of evidence. Is it, Mr. Chen, you just verbally denied it?"

"Evidence? I want to ask, what did they provide? Evidence, do they just talk casually on TV?" Chen Fei asked.

Jiang Chuan was choked, paused for a few seconds, and continued: "Of course not. Both of them provided the corresponding voucher and also showed the wounds on Eric's body. Should these be denied by President Chen? "

"Those are the evidence?" Chen Fei shook his head and smiled. "Jiang Shao, don't you understand it. The bill just shows that they have been treated in my pharmacy, and the so-called wound is even more ridiculous. It 's just a trace of acupuncture that I gave to the child. Is n't it a wound if you get a needle? "

Jiang Chuan paused and said :“ These are just words on your side. ”

“ Then what you said just now is not you. "Side words?" Chen Fei asked rhetorically.

Jiangchuan eyes of a cold, then said: ".. No matter what, Eric doctor in your medicine shop, the final physical problems, is the fact that iron, you can not deny that I ask you to give a reasonable explanation,"

"interpretation What I said just now is an explanation. And, who are you and why should I explain it to you?" Chen Fei asked back.

Jiang Chuan said: "I represent the general public of Xiangjiang and also the counterparts of the Xiangjiang business community. If President Chen treats patients in the Mainland like this, then we are very skeptical about how President Chen's company will treat customers in our Xiangjiang "The

unrelated things were forcibly related to Jiang Chuan, and then caused a lot of echoes.

"Mr. Chen, this is the wish of our Xiangjiang people, please make sure to respond!"

"Autumn Group Xiangjiang Branch is also Mr. Chen your company, what happened in Chengyao will be staged again in the branch. right? " "

President Chen, answer our questions and give us Hong Kong people an explanation, an explanation of innocent children. "

.....

a group of people aggressive, just like Chen Fei will not admit his torn face .

Jiang Chuan saw all this behind him, with a smile on his lips, a confident smile on his face, arms folded across his chest, and looked at Chen Fei proudly.
