Chapter 2321

Jiang Ning's eyes flickered, his face was incredible, and he couldn't believe his eyes. He saw this Kind of stuff!

“That's...”

His lips moved without saying anything.

Just at the end of his line of sight, it was the highest point of the steps. There was a small platform. At the very center, it turned out to be a dragon chair!

The whole body is carved with white jade, exuding a simple atmosphere. On the armrest of the dragon chair, there are two flying dragons winding around!

The two dragon heads are facing Andrew at the moment, and the longan seems to be shining!

Why is there a dragon chair here?

And looking at this material, I am afraid it is not ordinary. Even though there has been war and killing, the dragon chair still exudes a unique atmosphere.

He seemed to see a king sitting on the dragon chair, looking around!

Andrew was shocked.

He didn't expect that above the thirty-three steps, there was a hall, and above the hall, there was a dragon chair.

He seems to be able to imagine that at some time there was a king here, sitting under the dragon chair, and below, standing a group of people, respectfully worshipping!

This feeling is very strong!

It seems to be on the scene!

Andrew stood there, looking at the dragon chair, looking at the two flying dragons on the dragon chair, looking at the longan staring at him, motionless.

It's very quiet here. I can't hear anything. Andrew looks at the dragon chair like a stone sculpture, as if looking at the person sitting on the dragon chair.

Everything is too weird.

He and Greedy Wolf walked all the way here, and what they found was enough to change the whole person's cognition.

The mystery is not just the longevity pond, every place here is very mysterious.

Andrew moved, as if unconsciously, he walked up the steps, his eyes were always looking at the dragon chair, like a ghost, walked to the dragon chair and looked down at this chair.

It seems that this is his thing.

“This dragon chair...”

Andrew has a strange feeling, as if this chair is pulling him, and there is a voice in his heart, asking him to sit on it!

He walked step by step, stood in front of the dragon chair, stretched out his hand, and gently stroked the dragon head on the armrest. The tentacle felt warm.

As the saying goes, the top-grade beautiful jade, that's it.

But like this, the jade that can carve a dragon chair is invaluable!

Not to mention the grade, just this size, I am afraid it will be difficult to find another piece.

At this moment, Andrew had no intention to understand this. His fingers walked on the armrest of the dragon's body, touching the scales of the dragon. The delicate feeling made Jiang Ning's soul tremble.

It was as if there was a resonance that made Andrew have? Lola Aixi Shi Shan Ran Shan? Something could not control him. This was something he had never happened before.

“Where is this place?”

Andrew couldn't help but ask.

There is no one else here, he can only talk to himself, even if he asks, no one will answer him.

His finger touched the scales of the dragon lightly, the real feeling, as if the two dragons were not carved up, but two living dragons, entwining themselves.

It's amazing!

This feeling is really amazing!

Andrew took the opportunity to sit down, and at the moment his hands were placed on the armrests, suddenly—

the entire dragon chair burst into a burst of terrifying white light!

All Andrew was wrapped in an instant!

“Ahhhh Every cell of him!

“Ah!”

Even though he has a strong will, he has no consciousness at this moment. He only feels the tingling sensation at the end...

The loud roar made the ground tremble and the clouds rolled!

The terrible movement made the entire space boil, and those clouds and mist were rolling and roaring, like the sound of a war drum, deafening!

Chapter 2322

“Om——”

The terrifying light pierced the sky, like a nuclear bomb exploding, setting off huge dust.

At the same time.

The other direction not far from this dragon chair.

The Greedy Wolf suddenly opened his eyes, the double pupils remained the same, but they were more terrifying and gloomier than before, and the light that radiated from it made people shudder!

He sat up, looking at the white light rising into the sky in the distance, his face blank.

“Jiang Ning.”

He opened his mouth, looking at the white light beam, his eyes were a little complicated.

But being able to call out this name proves that Greedy Wolf has won and he has not been taken away. This body still belongs to him.

He got up, patted the dust off his body, and walked in the direction where Andrew was.

On the ground, the remaining black air was blown by the wind, and the smoke disappeared!

On the 33rd floor of the hall.

Andrew is still sitting on the dragon chair. There is a white mist on his body, as if blood has evaporated. The white glow still envelopes him, but the light is getting weaker and weaker.

He closed his eyes and didn't respond. The expression on his face was calm, as if the terrifying pain just now was just a momentary thing, and he hadn't had time to react.

Gradually, the white light disappeared, and everything returned to peace.

But Andrew still did not respond, sitting on the dragon chair, without a trace of anger.

DaDaDa!

The greedy wolf stepped forward and walked up, staring at Andrew with a pair of pupils, and slowly walked in front of him.

"I didn't expect you to die here."

He looked at Andrew with a hoarse voice. Judging from his double pupil, Jiang Ning's heart still stopped beating, even he didn't feel it. There was blood flowing on Jiang Ning, and he was still dead.

Two people entered this passage together, looking for the longevity pond. Now the longevity pond is still not found, but he has encountered another good fortune.

The black bead was swallowed by him, enough to make him live longer, even if there is no longevity pond?

Greedy wolf can feel his own vitality, exuberant to the extreme, longevity is not impossible.

Ke Jiang Ning, died here.

“Huh,”

He sneered, without sympathy, on the contrary, saving him from doing it himself, “Goodbye, Jiang Ning, this world will soon forget you.”

After speaking, Greedy Wolf turned around and left, not staying in such a weird place for a long time, lest there be any more accidents.

Even Andrew will die here, which is enough to show that this place is dangerous enough. He can escape from the dead and plunder the black bead. There is a component of luck, but this kind of thing is absolutely impossible to have a second chance.

Soon, Greedy Wolf left.

On the dragon chair, Andrew is still there, motionless.

Time, one minute and one second passed, Andrew still did not respond, and the fog in the whole hall floated up and down again, as if nothing had happened here.

Suddenly—

a dragon chant sounded!

Roar——

Deafening!

The whole hall trembles abruptly, and the pillars that fell on the ground are on the ground, trembling.

The dragon chant seemed to come from the mouths of the two dragons under the armrest under Jiang Ning's body. It immediately triggered the reaction of the entire hall. A terrible breath gradually awakened.

The thick fog begins? The land loves to close Lu Wushanlu? It rolls, as if it's boiled!

It makes a sizzling noise, and it gets more and more boiling!

The whole space is shaking!

Andrews sat on the dragon chair, suddenly opened his eyes and took a deep breath.

“Ah—”

He roared, his hands tightly grasping the handrail, his muscles were tight every inch, his eyes contracted and his face was full of horror.

A majestic voice sounded in his mind.

“I have been waiting for you... a long time.”
