

Billionsaire God of War

Novel Chapter 2487 – 2488

Chapter 2487

Jiang Ning's feet slammed, and in a short time, the entire nine-star radiance burst and buzzed!

Rumble—The

ground was trembling, and the formations radiated dazzling light, which made people excited.

Jiang Yao was right in front of him, and she couldn't help feeling a little excited when she saw this scene.

She is a playful child herself. Seeing such an amazing scene, instead of being nervous, she felt a little excited. The look in Jiang Ning's eyes became more admired.

It turns out that his dad? Fu Ranran covering the service of Yi Ranyi? Dad is so powerful!

Andrew didn't have the time to enjoy the feeling of being worshipped by his daughter at the moment. He concentrated on his mind and immediately activated the formation pattern to construct a new formation, which was linked with this nine-star formation.

Buzzing-the

ground trembled fiercely, rays of light rushed to the sky, lasing towards the distance, like meteors, fleeting, and you can't see it for a while.

"Yaoyao, stand still, it will be your turn to show off soon."

"Good!"

Jiang Yao looked eager to try.

And the other side.

The old naughty boy is going to kill Yumeng!

The strength of the two people belonged to the top powerhouses of their era, and they are still young.

"Seven kills punch!" The

old naughty boy roared, his punches opened and closed, unmatched in strength.

When things reached this point, he would not have any reservations, and would never allow any rubbish to influence Andrew to do things.

Even if Yumeng has injuries, it is more than enough to deal with these small characters.

“Stop them!”

she yelled, “Andrew has already started, don’t let them pass!”

The old naughty boy is like a human-shaped tyrannosaurus. Even if he is not too young, his strength exploded and it was too amazing. After drinking the water of the longevity pond, he was like rebuilding his vitality, full of blood and energy!

His seven kills punches are even more powerful, fighting against a group alone!

“Who else?” The

old naughty boy yelled, “Come on!”

He stood there, like a gate, no one could go beyond half a step, even the masters of the crypt.

Those people were confused, controlled by the greedy wolf, and didn’t even know what they were doing, but that didn’t mean that the old naughty boy would keep his hands and be kind to them.

Andrew is doing important things now, and no one can tolerate any mistakes, so no one wants to get close!

He and Yumeng stood in front of the border, and no one could move forward.

And at the moment.

Andrew has already started.

The Nine Stars Array was activated in exactly the same way as before, but the difference was that before the Nine Stars Array, Greedy Wolf used it to increase its amplification and spread the ghosts out. What Andrew has to do now is to capture those ghosts back!

The stars glowed and turned into meteors, rushing all over the world...

A ghost was looking for the next target, and when he saw it, he wanted to do it, but was suddenly shot by a beam of light, and then it was taken away. There was nothing at all. The slightest chance of escape.

At the same time, such things are happening all over the world.

Those ghosts who wandered everywhere, looking for opportunities, were all captured by the light of the nine-star array, one by one, and quickly brought back into the crypt.

Time, one minute and one second passed, and the big array continued to glow, and continued to shoot out those lights, as if they were turned

into quick catches, to chase down all the ghosts, detain them, and put them in the cave.

Andrew looked up and looked at the dark clouds in the sky. Many ghosts have already been captured. At this moment, they are locked in this big formation. It is impossible to escape again.

“Wow—“

The sound of ghosts crying and wolf howling made people’s scalp numb and crushed a group of ghosts, and even kept rushing towards Andrew and Jiang Yao.

Hum!

In front of Jiang Ning, there was a huge protective shield, those ghosts could not get close at all, but Jiang Yao sat there, looking up at the roaring storm, motionless.

Chapter 2488

Those ghosts couldn’t affect her at all. On the contrary, as long as the ghosts passed through Jiang Yao’s body, their movements would become sluggish, as if they were affected by Jiang Yao.

“Sure enough, as I guessed, Yaoyao has a special physique and can purify these ghosts.”

Andrew secretly said in her heart.

In this case, things will be easier to handle.

“Yaoyao, are you nervous?”

He looked at Jiang Yao.

“Not nervous.”

Jiang Yao shook her head, but was a little excited, “What are those things?”

“It’s all bad things, wait a minute, Yaoyao, can you help Dad beat them? Zero Er Er Yi Wu Er Shan Er ?Good?”

” Good, good !”

Jiang Yao was so excited, she couldn’t wait.

The nine-star mang array was still shining, bringing back one after another, and shutting in this array, Andrew turned a deaf ear to the harsh sounds, and didn’t care about it at all.

Soon, in the big formation, it was already overwhelming!

Countless ghosts ran around, but they were helpless. They could neither affect Andrew nor Jiang Yao. It became impossible to escape anymore.

On the periphery, the old naughty boy and Yumeng have cleaned up all those smashed pieces.

Looking back, the wind was screaming in the big array. I am afraid that I would be frightened if I changed to another person, but Andrew was there, but relaxed, even Jiang Yao, such a little girl, did not have a trace of tension.

Anyway, as long as she is with her father, there is nothing to be afraid of.

“Unexpectedly, there are so many.” The

old naughty boy couldn't help cursing, “The wolf greedy beast, he really did this thing!”

How many people have been harmed by this.

He didn't know how so many ghosts came, but Yumeng had some guesses.

She looked at this mass grave and thought of Greedy Wolf as saying before that she was looking for a place. I am afraid that those ghosts and corpses were all obtained by Greedy Wolf.

He is really a lunatic, how could he do such a thing.

Yumeng couldn't help wondering what Greedy Wolf wanted to do.

Today's greedy wolf is no longer the greedy wolf of the past. The current greedy wolf has become a new generation of demon kings. Their temperament and temperament are all affected, but what remains unchanged is definitely what the greedy wolf has always wanted to do. one thing.

But what exactly it is, Yumeng doesn't know, but no one knows now.

"It's going to start." The

old naughty boy said.

Hearing the sound, Yumeng threw all these thoughts behind her head, took a deep breath, and got ready.

In case Andrew needs her own help, she must do her best!

At this moment, Andrew has already begun to do it.

Almost all the ghosts have been captured. Now in the entire nine-star formation, tens of thousands of ghosts are all here, and Andrew will deal with these ghosts.

"It's going! Yaoyao!"

"Yeah!"

Jiang Yao nodded.

She doesn't need to do anything, as long as she sits quietly.

Andrew pointed a finger, and the two formation patterns immediately landed on Jiang Yao, connecting her with the nine-star mang array.

At the moment of Unicom, the light of the nine-star mansions changed from milky white to a hint of cyan!

The light was great, Jiang Yao was like the sun, and the light that came out instantly covered all the ghosts, as if the sky was suddenly bright.

Those ghosts rolled frantically, seemingly afraid of these cyan rays, and wanted to avoid them, but there was nowhere to hide.

Under the cyan light, the ghost suddenly became quiet. From the previous irritable, cold, and crazy, it seemed to become obedient all at once, quietly there, motionless, and purified without any grievances.

that's amazing.

All the effects of the increase built by Andrew have come out.

Both Yumeng and the old naughty boy were dumbfounded, but Zhenwen could still be used like this.

They were even more surprised. Jiang Yao's physique was so special that it could purify these ghosts, which really surprised them.

“Om——”

Suddenly, the nine-star mang array trembled suddenly.

Billionaire God of War Novel Chapter 2489 – 2490

Chapter 2489

Almost all the ghosts were pushed into the ground in an instant, buried by yellow sand!

They returned to where they should be.

The crisis was finally resolved, and the old naughty boy breathed a sigh of relief. He didn't expect Jiang Yao to have this kind of ability. He deserves to be his apprentice.

“Master, am I good?”

Jiang Yao giggled.

Although she didn't know what she had done, she didn't feel anything at all, but at least, she helped Jiang Ning, that was amazing.

"Awesome!" The

old naughty boy

gave a thumbs up and praised, "My apprentice, how can I not be amazing." He hugged Jiang Yao up and praised.

"These ghosts have been purified and are more peaceful."

Yumeng can feel that those ghosts have returned to the place where they should exist. In a short time, it is impossible for any more problems.

The biggest hidden danger now is still greed of wolves.

The greedy wolf who turned into a new demon king was the most difficult and troublesome person.

Andrew took a deep breath and sealed these ghosts with formation patterns to ensure that they would not come out to harm others. Of course, the most important thing was to catch the perpetrators out.

Greedy wolf must die!

He looked at Yumeng: “Do you know where the wolf will go?” If

time goes on, the wolf will only become more and more difficult to deal with. He is not just a wolf. He is mixed with the character of the devil. influence.

The current Greed Wolf can be said to be a real complex, with the terrifying power of the Demon King and the mind of the wolf itself, cunning and treacherous!

Yumeng frowned slightly: “Maybe, he will go there.”

She wasn’t sure, but if Greedy Wolf would want to go, it must be there, and he would check it out again.

“But how should we deal with him now?”

she asked.

The strength of Greed Wolf is obvious to all, and it is not easy to kill him.

What’s more, Greed Wolf will no longer be fooled easily, and will not put himself in any danger.

They took the initiative to find greedy wolves, and there was no big chance of winning.

“Even if the strength is not as good as him, you can’t just sit back and ignore it.”

“He is a time bomb, which may explode at any time. Killing him is something that must be done, even if there is a price to pay.”

Andrew did not hesitate.

He has no retreat.

Just for the first time, how many terrible things has greedy wolves brought to this world, and how many people have been hurt?

If this child is not killed, there will be endless troubles!

“Yes, this guy has become frenzied, even more annoying than the greedy wolf before!” The

old naughty boy angrily said, “I will kill him by myself!”

The scourge of greedy wolf has killed many people. It’s not the greedy wolf at the beginning.

The old naughty boy, they all have known Greed Wolf for a long time, knowing that this person is not righteous, but they also know that Greed Wolf is only selfish, just longing for power.

But the current greedy wolf is completely dominated by power, not that he dominates those powers.

“I know that I am responsible for this matter, and I will work with you to solve this trouble.”

Yu Meng nodded, no longer indecisive.

She is very aware of the consequences of this matter, and it will be very troublesome if it is not resolved properly.

“Let’s send Jiang Yao back first, and then discuss how to do it.”

She looked at Jiang Ning, “If I guessed correctly, Greed Wolf hasn’t completely integrated with the devil’s remnant soul, he will find a quiet place to recuperate.”

” Where is he? The purpose of creating these ghosts is to delay time and buy time for himself to fuse the remnant souls of the Demon King.”

Greedy Wolf may know that this nine-star glow formation will definitely be cracked by Jiang Ning, but he didn’t expect it to be so fast.

He didn’t buy enough time for himself, and they must also seize this opportunity to solve him before the wolf’s strength did not reach the peak.

This is the only chance.

Chapter 2490

It is also their greatest opportunity.

Andrew nodded and didn't say much.

He immediately took everyone back to the South Estopia.

Restoring calm in the South Estopia gave Andrew a lot of peace of mind.

Daniel immediately cooperated with the people in the circle on the ground to quickly restore the damaged place in the South Estopia. This is their home and cannot tolerate any damage.

"The South Estopia hasn't had that much impact. Some cities are really devastated, and it takes a certain amount of time to recover."

Daniel said with emotion, "but fortunately, the source has been resolved, and that is the best thing.

"Well, I have you in the South Estopia, I feel relieved."

Andrew said.

He sent Jiang Yao home, but he didn't let Harrison and the others follow.

They haven't recovered from their injuries, and it doesn't make much sense to follow them. It is better to stay in the South Estopia to recover from their injuries.

Jiang Ning, the old naughty boy, and Yu Meng directly left the South Estopia to find the greedy wolf.

This time, their goal is very straightforward, that is to kill the greedy wolf and solve the biggest scourge!

According to Yumeng, the place where Greedy Wolf might go is Fairy Island. This is not the real Fairy Island. It's just called that. She was placed on the Fairy Island by the Greedy Wolf and kept her breath.

That place, it sounds like a paradise, deserted, hidden in the sea, and most people would never go to this kind of island.

The three of them went by boat, and when they got ashore, they walked directly toward the mountains.

"Do you look familiar with this environment?" Yumeng saw the old naughty boy looking around and said.

"It's a bit familiar, very much like where we stayed."

Back then, the four of them often got together. The environment there is similar to here, but time has passed and things are people and cars. The good friends back then are now going to fight.

They came to kill the greedy wolf, a friend they had known for many years.

But in their hearts, there will be no more hesitation.

Andrew looked around, but he didn't expect Greedy Wolf would still take care of this place. It seemed that he really cared about some things back then.

The character of this guy is complicated, and he can't understand it with ordinary people's thinking.

To say that he is cold and ruthless is not wrong, and that he is cold and cunning is also not wrong, but it seems that he is thinking about old feelings.

Greedy Wolf is such a complicated person.

"Huh?"

Suddenly, Andrew stopped, and the old naughty boy and Yu Meng also stopped talking immediately.

All three of them have serious expressions on their faces.

"The greedy wolf should be here!"

Andrew saw that there was a footprint on the ground, which was just not long ago. With his memory, this is Greedy Wolf, and there is nothing wrong with it!

Unexpectedly, Greedy Wolf is really here.

Yumeng looked at each other with the old naughty boy, and both nodded. The two of them didn't speak, and immediately separated, and went to both sides. If Greedy Wolf were really arranged as before, then the terrain would be familiar to them.

Seeing the two people rushing out directly, Andrew was not in a hurry.

The two of them outflanked both sides, and he went straight over.

"Greedy wolf, you'd better be here, I'll find you if I save it."

Andrew said lightly, "A few of us, let's stop it." After

speaking, he suddenly speeded up, and the whole person turned into a ray of light. Speeding away.

at the same time.

In the depths of this fairy island, there is a wooden house.

Greedy wolf is indeed here.

Just like Yu's dream, Greedy Wolf is here to completely integrate the remnant soul of the Demon King, so that his strength can reach the true peak.

He is now greatly influenced by the Demon King, not only for his strength, but also for his character and temper, but deep down in his heart, he is still greedy for the wolf.

In his impression, the original fairy island was like this, and the surrounding plants and trees should be like this.

It would be great if I could go back in time
