## Chapter 519

In this way, Mark headed to the dinner party amidst the greetings of Ericson and others.

Some of the people present who saw Mark for the first time were shocked in their hearts.

They obviously didn't expect that the young man in front of them was really Mr. Chu, who was respected by the famous Noirfork, Wrilfill Ericson, Noirfork Chen Ao and others?

"But, this is too young to be too young?" "I don't know if you are married?" "Why, your old Li still wants to marry your daughter to Mr. Chu?" "Can't it? My old Li's daughter is extremely talented and talented. She has both good looks, and I don't know how many people step through the threshold to propose marriage every year. Maybe Mr. Chu just fell in love with my daughter?" Everyone talked about each other.

But speaking of it, he was shocked at Mark's age.

“When you are in your early twenties, you are already famous as Noirfork.”

“If you are in ten or twenty years, Mr. Chu’s name will not be crowned Huaxia?” Many people couldn’t help but sigh with emotion.

However, it is estimated that they would never have thought that for Mark, why does it take ten years to be famous in Vietnam?

Two or three years is enough!

Soon, under the leadership of Ericson and others, Mark entered the supreme private room and took a seat.

Jerom Sun and others were also led by Ericson.

“Mr. Sun, sit down?” “Why stand alone?” “Didn’t you always look forward to seeing Mr. Chu before, now that Mr. Chu is here, why is Mr. Sun stunned?” Ericson was puzzled and asked. Said the voice.

However, Jerom Sun and Han Hai and his daughter remained silent.

The old face was gloomy, just standing there with his head down, but he didn’t dare to look at Mark at all.

Let alone sit down and have a dinner with Mark.

“You are...

“The more Ericson looked at, the more confused he was. At the dinner that he bought for 200 million, this Jerom Sun was completely stunned and didn’t speak. But Mark was sitting at the table with a faint smile on his mouth, he thought of himself. He poured himself a glass of wine. The next moment, he raised his glass and turned to Han Hai in front of him: “Uncle, before in Edensberg City, you said I couldn’t give Helen happiness.

Remember how I got back to you?

“Mark’s faint voice sounded quietly in the room. Ericson was taken aback when he heard that uncle’s name, and he immediately understood. It seems that the three in front of him, Mr. Genchu knows. Han Hai He didn’t answer, and didn’t dare to reply. When Mark’s gaze came over, Han Hai’s body trembled unconsciously. But Mark still said: “Now, what I said at the beginning, I will say it again.

“I know, in your eyes, perhaps Jiang Hai is the land of prosperity.”

To become a celebrity in the world is a pursuit!

“But how would you know what Jiang Hai is in my eyes?”

What is Noirfork?

“I can give Helen to the whole world!”

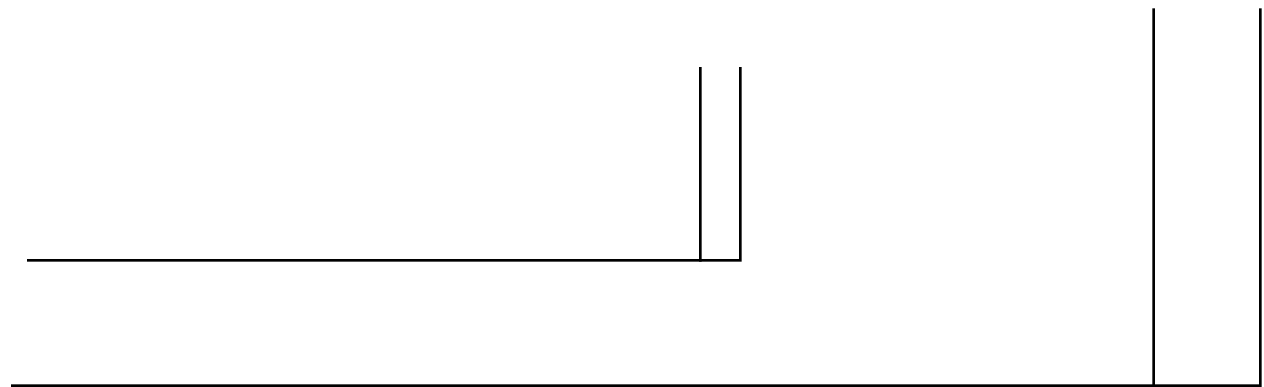

“I, Mark, will eventually be this————The Honorable One!

“At the beginning, you didn’t believe it.

“Now, I ask you, can you believe this?”

“Now, do you still think that I, Mark, are humble and contemptible, not as good as others?”

“Now, do you still think that I am not good for Helen?”

Can’t give Helen happiness to 55105f46?

When Mark said this, his words were strong and heroic. Only if the stone fell to the ground, there was a sound. For a time, the whole restaurant was full of Mark’s anger! The next moment, Mark raised the overflowing wine glass, With great pride in his eyebrows, he raised his glass to Han Hai, Jerom Sun, and everyone in front of him. Then, Mark raised his head and drank!

“I, Mark, will eventually be this—the lord of the first generation!” “You didn’t believe this at the beginning.”

“Now, I ask you, can you believe this?” “Now, do you still think, I, Mark, are humble and contemptible, not as good as others?” “Now, do you still think that I am not worthy of Helen? Give 55105f46 to Helen’s happiness?” When Mark said this, his words were strong and proud.

Only if the stone falls to the ground, there is a sound.

For a while, Mark’s anger in the entire restaurant!

At the next moment, Mark raised the overflowing wine glass, with great pride in his eyebrows, toasting to Han Hai, to Jerom Sun, and to everyone in front of him.

Then, Mark raised his head and took a drink!

## Chapter 520

It is as if the previous humiliation and all past grievances and entanglements were gathered in the cup.

Full-bodied liquor, all in one drink!

Boom~ Han Hai and the others could no longer bear the panic in their hearts. At the next moment, they finally banded and spread out on the ground.

With full of trepidation and endless regret, he knelt down to beg for mercy and apologized to Mark.

I hope that Mark can see Helen Qiu's face and forgive them for all the offenses and insults they had to Mark in the past.

Facing Han Hai and the others' pitiful begging for mercy, Mark was expressionless and indifferent.

He sneered, but got up, drank another glass of strong wine, and then turned away.

Only Han Hai and others are left behind, filled with despair!

However, just when Han Hai, Jerom Sun and others thought they were in danger this time.

Mark, who had walked to the door, stopped suddenly.

The low voice, but it sounded quietly in the room.

It was like a breeze blowing through the room.

“I won’t pursue everything before.”

“You can go.”

“I hope you won’t come to Wrifill again in the future. Don’t disturb me and Helen’s life.”

“What I said, do you understand?” Ye The cold voice immediately rang in the ears of Han Hai and others.

The three of Han Hai, Alina, and Jerom Sun suddenly fell like garlic.

He said that he knew that he was wrong, and would never come to Wrifill again in the future, and he never dared to covet Helen Qiu again, and would never disturb the lives of Mark and Helen Qiu.

When Mark spoke, Ericson naturally didn't embarrass them and let them go.

That night, Jerom Sun, Alina, and Han Hai fled Wrifill overnight like mourning dogs, rushing towards the sea like crazy.

It seemed that for fear that Mark would repent and find someone to avenge them.

After all, Mark is Noirfork's God.

This kind of people, don't say deal with the three of them, it is estimated that the destruction of their whole family is also a matter of one sentence.

It is only now that Han Hai and others understand what kind of character they offended before.

In retrospect, Jerom Sun was even more afraid.

What he coveted during this period turned out to be Mr. Chu's wife?

Fortunately, Mr. Chu has a large number of adults. Otherwise, Jerom Sun estimated that he would not be able to return to Edensberg in his life.

And now that Han Hai was both apprehensive and annoyed after learning Mark's true identity.

What he should have thought of, he should have thought that Mark is Mr. Chu's!

After all, when his old mother was born, Ericson, Chen Ao and others personally went to join him, and they also honored Mr. Markchu.

At the time, they thought that Ericson and they had admitted wrong, but now think about it, they have always been deceiving themselves!

There are obviously many signs that Mark is no ordinary person.

Not only that birthday banquet, but the last time Peng Zhenhua from The Twinfill gave wine to Mark.

However, because of their prejudice against Mark, they were finally allowed to look down on Mark.

Prejudice is a very strange psychology.

Once there is a prejudice against someone, people will always find various reasons to confirm him.

Even if they encounter things contrary to their prejudices, they will automatically ignore them or find various reasons to explain them.

Just like, Han Hai and them.

In the end, Han Hai and Jerom Sun made a big joke today because of their prejudice against Mark.

Nowadays, he ran back to Jiang Hai in shock all night, and didn't even say hello to Sherry Han and his wife.

# **Chapter 521 – 522 of A Dish Best Served Cold Novel**

Rivera District, Wrifill City.

Since Helen Qiu came home from get off work, her whole body has been depressed.

The look of despair was very haggard.

Helen Qiu has always been like this since meeting Mark by the Trivan Lake yesterday.

That kind of feeling, as if the heart is dead.

Even Helen Qiu didn't expect that before she knew it, that bastard would have such an important place in her heart.

Now that she thinks that tomorrow will be completely separated from him, Helen Qiu only feels an inexplicable tingling in her heart.

People are like this, only when they are about to lose, will they know how to cherish.

Just like Helen Qiu now, her mind is almost full of the man's shadow today, and it is the calendar of the past three years and thousands of days and nights.

Every night, Mark took care of him silently.

Wake up every day, warm milk on the table.

The last glance before going to sleep was him, and the first glance when waking up in the morning was him.

However, this kind of person who has almost completely integrated into Helen Qiu's life, after tonight, will be completely cut off from her life.

Qiu 72cb4731 Helen knew very well that many couples would never see each other once they divorced.

Just like Mark, he left the Qiu family, where can he go?

It is estimated that he will go back to his hometown in the country, and then look for a woman and child in the country to pass on from generation to generation. Since then, he will face the loess with his back

to the sky. After spending the rest of his life in his hometown, he will not come to Wrillfill for the rest of his life. This sad place.

Think about it, if Mark divorced her, no matter how big Wrillfill City is, it might have nothing to do with Mark.

After all, if a city does not have a person he cares about, then what is the point of staying here?

Because of this, Helen Qiu knew better that she and Mark will be farewell tomorrow if she and Mark are gone!

Before she knew it, Helen Qiu's eyes reddened again, and tears rolled in her eyes.

But even so, she still held her phone tightly.

Helen Qiu has been like this for a whole day, holding her mobile phone all the time.

She is waiting, waiting for Mark's call, waiting for Mark's WhatsApp, waiting for Mark to tell her that he regrets it, he doesn't want to get divorced, and he wants to accompany her to go down firmly, no matter the ups and downs, just want Walked with her.

If she had received these words from Mark, Helen Qiu felt that she would definitely hold his hand without hesitation and walk along with him desperately.

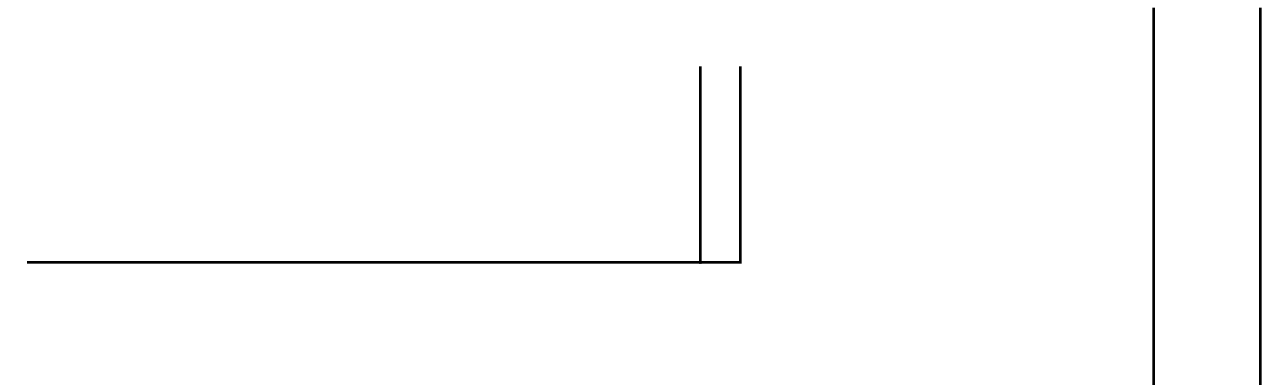

However, it has been a day, but the call Helen Qiu was waiting for hasn't come.

Did he really give up this relationship?

Does he really want to save it at all?

Could it be that he is really so ruthless!

The more Helen Qiu thought about it, the more heartache she felt. The feeling was as if there was a crack in her heart, and sorrowful water flowed out.

In this way, time passed gradually, the night got deeper and deeper, and Helen Qiu's mood became heavier.

In the past few hours, she picked up the phone and put it down again, seeming to be struggling with something in her heart.

In the end, she gritted her teeth as if she had made a lot of determination, and then picked up the phone, opened WhatsApp, and clicked on Mark's portrait.

If Mark doesn't take the initiative to find herself, then she will take the initiative to find him!

Happiness is something you must strive for by yourself.

I have been passively waiting, and I often end up missing a lot of things.

## Chapter 522

"Mark, I don't want to divorce you."

Helen Qiu typed this sentence on her mobile phone very quickly, but she deleted it soon after finishing the call. She felt that this was too humble, as if she was stubborn. Fighting against Mark seemed to be not her character.

"Mark, I don't allow you to divorce me! Otherwise, I will definitely make you look good!" Helen Qiu changed a tough tone, but after thinking about it, she deleted it.

Although Mark usually accepts it, Helen Qiu knows that his heart is actually aloof.

My own tone of f19b8b2d commands might irritate Mark, but it would be counterproductive.

“Mark, your boss is no longer young, and the conditions are not good. Besides I want you, who else wants you? You divorced me. You must be a bachelor for a lifetime. You have to think about it, and you really want to follow me Divorce? Don’t regret it!” This time, Helen Qiu’s tone was a bit more euphemistic, but she still couldn’t think about it, for fear of hurting Mark’s self-esteem.

At that time, Mark would be angry with him again, and really divorced, that would not be what Helen Qiu wanted to see.

After Helen Qiu overturned countless times back and forth, she finally confirmed the message to Mark.

“I have a cold, and I feel unwell. I can’t go tomorrow. Let’s go to the Civil Affairs Bureau another day.”

Helen Qiu thought this sentence carefully.

If Mark had himself in his heart, he would definitely feel soft when he saw that he was sick.

Once my heart is softened, naturally I will never divorce myself again.

And if you go another day, you can also delay the time. After this time, maybe Mark’s impulse to divorce him will fade.

The more Helen Qiu read these words, the more she felt witty. Not only did she protect her face, she also gave Mark down the stairs.

“That’s it.”

After Helen Qiu made up her mind, she was going to send this sentence to Mark.

But at this time, the dialog box flashed, but Mark’s words were sent over first.

“I’ll see you at the Civil Affairs Bureau at nine tomorrow.”

Helen Qiu was stunned when she saw these words.

Jiao’s body trembled, and her heart immediately stabbed, her beautiful eyes flushed immediately, and finally, Helen Qiu bit her red lips tightly, deleted the typed words, and only returned the word “good”!

After returning, Helen Qiu threw away the phone and threw herself on the bed, crying with tears.

“I think Miss Ben can’t do without you?”

“You don’t want to live with me, I don’t want to live with you yet?” “You are a pauper, who cares about you~” “I wanted to leave you a long time ago!” Helen Qiu said puffedly, but How strong her words were at this time, how sad she was.

She knew that the man really didn't want her anymore~ "Uuuuu~" Helen Qiu covered the quilt, but the sound of sobbing still echoed in the whole room.

After Sherry Han heard them, they were suddenly furious.

"This damn Nizi, can you be a little prosperous?" "Still crying? What are you crying for?" "A redneck, really took your heart away?" "Your heart is too worthless, right?" ... "I'm really mad at me!" "Why did Sherry Han give birth to such a worthless daughter like you."

"A poor dick in the country, do you really like him?" "Divorced, crying like this?" "You shut up!" "Have you heard?" "Don't be ashamed of me here!"

.....

"It's useless to cry, you must go to divorce me tomorrow! Then get the certificate from Jerom Sun immediately!" Sherry Han's angry voice came from outside, and she was almost mad at this moment.

She really did not expect that her daughter was really taken away by Mark's poor dick.

"Okay, you don't need to say a few words."

"After all, they are husband and wife for three years, and they have a dog for three years, and they have feelings. What's more, Mark has been really good to our family Helen for the past three years. Now he is divorced. It's normal for Helen to feel a little lost."

“But don’t worry, after divorce, Helen will be fine in a few days.”

“Okay, it’s past eight o’clock, let’s go to dinner soon, I’m starving to death. “Melson Qiu persuaded from the side.

After that, he took Sherry Han to eat in the living room.

However, when Sherry Han and the others sat down, they found that the table was empty.

“Damn, you useless, the food is not ready yet?” “What time is this!” “Do you want to starve us to death?” Sherry Han almost subconsciously scolded in the direction of the kitchen.

For so many years, Sherry Han’s family has eaten at eight.

Therefore, when it was eight o’clock, Sherry Han and his wife subconsciously sat at the table and waited for Mark to bring the food.

In the past, when Sherry Han and others urged Mark like this, they would hear the voice of “It’s ready soon” from the kitchen.

But today, after Sherry Han finished cursing, no one responded.

Sherry Han turned her head and looked around. Only then did she realize that the kitchen was...empty.

Where is the food?

The cook is gone!

At that moment, both Sherry Han and Melson were slightly stunned.

Only then did the two of them realize that the uselessness in their mouths was unknowingly integrated into their lives.

# **Chapter 523 – 524 of A Dish Best Served Cold Novel**

“This guy didn’t care much when he was at home. Now that he is suddenly gone, he is really uncomfortable.”

“Or, Xiaoli, don’t let Helen divorce him.”

In the room, Sherry Han and Melson and the two were sitting dry at the dining table, looking at the empty kitchen, Melson said with emotion and whispered.

However, Sherry Han shook her head and said, “Although Mark has indeed been useful in our family in the past few years. But we can’t delay the happiness of our Helen family just because of this convenience.”

The third child, think about it, wait for Helen to divorce Mark tomorrow, and then immediately get the certificate from Jerom. At that time, our old couple will be Sun's in-laws."

"Jerom's family is so rich, let him Find a gold medal nanny for our old couple. Cooking is not as fragrant as Mark?" "Moreover, we will have son-in-laws like Jerom in the future. Wouldn't it be better for us to go out?" "Look who else will look down on our family in the future? When Sherry Han said this, her waist straightened a bit unconsciously, as if she was about to raise her eyebrows.

When Melson Qiu heard it, he nodded in agreement: "Well, Xiaoli, you are right!" "I am short-sighted."

"In order for our family to be able to raise their eyebrows thoroughly in the future, this bit of pain in front of me , What's the point?" "Tomorrow, Helen must divorce Mark!" Melson also clenched his fists and said firmly.

Afterwards, the couple soaked a pack of instant noodles and went back to their room to rest.

One night passed quickly.

Early the next morning, Sherry Han and his wife called Helen Qiu and went to the Civil Affairs Bureau.

Helen Qiu seemed to cry for a long time last night, and her eyes were a little red and swollen at this moment.

Facing the urging of her parents, Helen Qiu did not resist, so she followed them.

It seemed that Helen Qiu had accepted the reality in front of her.

“Mark’s uselessness, why hasn’t it arrived yet?” “You won’t regret it again?” “Helen, call him and ask him to come over quickly.”

After arriving at the Civil Affairs Bureau, Sherry Han discovered that Mark hadn’t arrived yet. , Suddenly became angry, and then urged Xiang Helen Qiu.

However, Helen Qiu didn’t fight, as if he hadn’t heard Sherry Han’s words.

Until now, Helen Qiu seemed to have a little hope.

She even hoped that Mark would never come.

“You Nizi, what’s the matter?” “Take my ears aside, right?” Sherry Han suddenly became even more angry when she saw Helen Qiu didn’t listen to her.

I just feel that my daughter is so unprosperous, and it’s here that she still has illusions and is so reluctant.

In the end, Sherry Han had no choice but to call Mark herself: “Mark, why haven’t you here yet?” “I’m telling you, you don’t have to delay, it’s useless to delay.”

“Today you The marriage with Helen is divorced.”

“It would be boring if you were entangled with Helen and didn’t let go.”

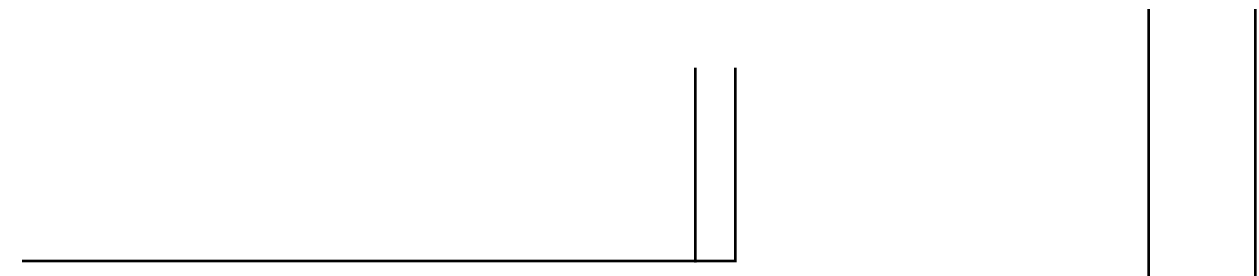

“After all, we have lived under one roof for three years, so we can get together and relax. There are some things I don’t want to do too much. Absolutely, we don’t have to go to the court to sue for divorce, right? You will be even more embarrassed then. Now you can be more decent for divorce.”

“You should know what you are like in your heart.”

“I always let you live in my house before. , We see you pitiful. But now, Helen has met a better person, and also met her own happiness. If you keep entangled, it will be a delay for Helen. We must have a conscience. We need to feed you for nothing. In three years, even if you don’t thank us, you can’t delay us.”

.....

Regret for the 524th Sherry Han thinks Mark regrets and doesn’t want to come, so she immediately scolded Mark on the phone.

--	--

---

What she said was awful, and she didn't save Mark any face.

But Mark is also used to it. For the past three years, Sherry Han has always treated him like this.

"Mom, you misunderstood, I didn't delay, I will be here soon."

Facing Sherry Han's cold words, Mark was calm from beginning to end, and finally gave a faint smile and slowly replied.

Sure enough, Mark had just hung up, and a thin figure appeared quietly around the corner.

This time, Mark put on a decent dress.

It was the suit that Helen Qiu had bought for him before.

For so many years, this was the only piece of clothing Helen Qiu gave him.

Mark hasn't worn it all the time, but today, he has worn it.

"Mom, Dad, I'm sorry, I kept you waiting for a long time."

Mark apologized to Sherry Han very politely.

“Heh, are you still wearing a suit?” “What’s the use?” “Is it a successful person? Is it a white-collar executive?” “You have to be hard at ironing, and your own ability is the most important thing.”

“Otherwise. If you don’t, it’s just putting on your best clothes and a pool of mud, so you can’t hold on to the wall?!” “Mark, I beg you, after losing my family Helen, it is better to be less vanity and more down-to-earth. “Sherry Han and his wife looked at Mark and said contemptuously.

People are really weird sometimes. When Mark doesn’t wear well, he says that Mark is poor and incapable, which is embarrassing.

Now that he is dressed, he says that Mark is vanity, which has only appearance but no connotation.

Perhaps, in their eyes, what Mark did was wrong.

In response to this, Mark just smiled faintly, without rebutting anything, but turned and walked towards Helen Qiu.

“Helen, I...

Just as Mark was about to speak, Helen Qiu turned her head and walked to the side, coldly said: “There is nothing to say, we are about to divorce, and we will be strangers in the future.”

I don’t know you, so better than don’t call me Helen.

“Helen Qiu said coldly, but when she said this, tears still fluttered in her eyes. At this moment, Helen Qiu had turned her back, completely as if she didn’t want to pay attention to Mark or talk to Mark. Upon seeing this, Mark suddenly shook his head helplessly, sighing in his heart. “Helen, you will understand soon.

After Mark arrived, he didn’t immediately go in with Helen Qiu to get a divorce. Instead, he waited outside. “It’s strange, why didn’t Jerom and the others still have it yet?

“I said it yesterday. I came over to get the certificate from Helen this morning.”

I also told my brother specifically, let him remind Yu Hao at that time, what time is this, why not?

Outside the Civil Affairs Bureau, Sherry Han and his wife looked anxious and confused. Melson was even more worried: “Do you think Jerom will change his mind and dislike our Helen again?”

“Impossible!”

“Sherry Han immediately replied, “I know Yu Hao’s feelings for our Helen. He can’t change his mind. Either he forgot or there is a traffic jam on the road.

“Ec64b0cf wait a minute.”

“In this way, Sherry Han and the others waited another half an hour, and finally couldn’t wait any longer, so Sherry Han called Jerom Sun and dialed it. “Sir-in-law Jerom, why haven’t you arrived yet?

“Are we all waiting for you in the Civil Affairs Bureau?”

“And I have already booked the banquet. After you and Helen get the certificate, we will go to the hotel to celebrate.

“You come here quickly.”

The flattering smile on Sherry Han’s face was in stark contrast to the way Mark was talking on the phone just now!

## Chapter 524

Sherry Han thought that Mark regretted not coming, and immediately slapped Mark on the phone.

What she said was awful, and she didn’t save Mark any face.

But Mark is also used to it. For the past three years, Sherry Han has always treated him like this.

“Wait.”

In this way, Sherry Han and the others waited for another half an hour, and finally couldn’t wait any longer, so Sherry Han called Jerom Sun.

“Jerom son-in-law, why haven’t you arrived yet?” “Are we all waiting for you in the Civil Affairs Bureau?” “And I have already booked the banquet. We will go right away when you and Helen get the certificate. The hotel has a good celebration.”
