

Chapter 525 – 530 of A Dish Best Served Cold Novel

Chapter 525

“Jerom son-in-law, come here quickly.”

“I and Helen are here waiting for you?” “Mark’s wretchedness is also by the side. When you come, I will let you watch Helen and the wretchedness Divorce, and then let you get the certificate right away.”

“I know, you definitely can’t wait to get the certificate of marriage with my daughter.”

“When the time comes, when your bride price arrives in the future, I will let you hold the wedding immediately.”

Outside, Sherry Han took the phone and spoke to Jerom Sun with a gentle smile.

Thinking of the extravagant betrothal gift that the Sun family would send in the future, Sherry Han’s old face smiled like honey.

When Terrisa Qiu got engaged, Leonard Chu's family sent a million-dollar sports car. Sherry Han thought that Jiang Haisun's family was richer than Leonard Chu's family. Up.

Sherry Han has already decided that Jerom Sun will have to give her daughter a salary of 1.01 million.

My daughter, she is one of a million!

If you want to marry, of course you have to get a million!

Of course, this is just a bride price, and the rest of the bride price, three gold jewellery, luxury cars, etc., cannot be omitted.

Sherry Han has almost thought about her family's future rich and luxurious life after her daughter married Jerom Sun.

However, just when Sherry Han was immersed in the fantasy of the future.

The voice over the phone smashed Sherry Han's dreams in an instant.

"Beauty gift?" "Hire your mother!" "You old lady, old shaman, I am really the ancestor of the eight generations?" "You really want to die, don't hurt me!" On the other side of the phone, Jerom Sun is almost Cried.

He didn't expect that Sherry Han, an old immortal, would dare to call him to cheat him?

Calling his son-in-law?

Let him marry Helen Qiu?

Still in front of Mark?

Let me go!

Jerom Sun was frightened mad at the time, and his heart slaughtered Sherry Han.

Before, he didn't know Mark was Mr. Chu, he was ignorant and fearless.

He already knew Mark's identity.

Who is that?

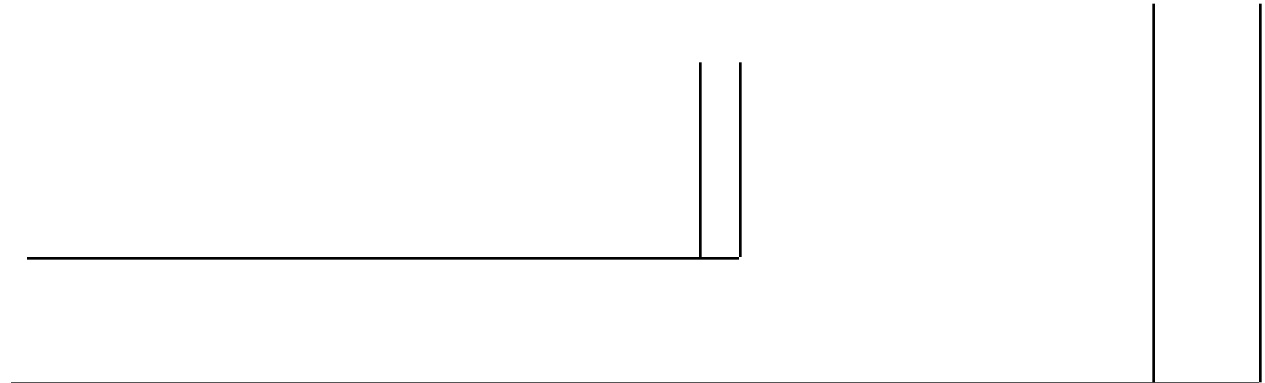

That's Mr. Chu, God of Noirfork b10d29a1?

But Sherry Han, let him keep persuading him to snatch his wife from Mr. Chu?

Didn't it hurt him?

Didn't this make him Jerom Sun die?

Jerom Sun had no doubt that if he really went today, he would never see tomorrow's sun again.

“Yu... Son-in-law Jerom, did you admit the wrong person?” “I’m your mother, Helen’s mother, and your uncle’s sister Sherry Han.”

Jerom Sun scolded him, Sherry Han was also the same at the time. Face dumbfounded.

I thought that Jerom Sun had admitted the wrong person, otherwise, he would be his mother-in-law, and he, the son-in-law, would have the courage to scold her.

So Sherry Han deliberately reiterated her identity.

“Return to my mother?” “Mom peat!” “You are what I scolded.”

“You b*tch, I was almost killed by you bastard.”

“You have no eyes, who Do you dare to provoke me?” “You want me to marry your daughter and call my son-in-law, do you want to cheat me?”

“Caomu Ma, you dare to call me again, I will let you kill you!” I want to find someone to be your son-in-law. Who do you like to find? Don’t come to me any more. I want to live a few more years. Don’t cheat me if you pit anyone.”

“Damn~”

Chapter 526

On the other end of the phone, Jerom Sun cursed frantically.

Almost exhausted all kinds of vicious words, and greeted Sherry Han 1cdb46dc’s eight generations of ancestors.

Obviously, Jerom Sun at this time vented all the fear that Mark had brought to him before on Sherry Han.

After all, if it weren’t for Sherry Han, an old lady who kept persuading him to marry her daughter, and kept him getting married with Helen Qiu, his Jerom Sun wouldn’t be where he is today.

Although Mark let him go yesterday, Jerom Sun was still very frightened, and now he was too scared to go out.

After all, what he coveted was Mark’s wife. He had destroyed Mr. Chu’s marriage before. He was really scared. Mark would be in a bad mood and settle accounts after the autumn.

At that time, I am afraid that it is not only his Jerom Sun, but even their entire Sun family will be finished!

“Woo...

Jerom, what are you doing~” Sherry Han was completely stunned by the scolding at the time, her old face was flushed, and her arms holding the mobile phone were shaking. Sherry Han didn’t expect that she was so close and kind to her mother yesterday. Jerom Sun, why did such a big change happen overnight. Not only scolded her, but also said that she was going to kill her? Sherry Han’s face turned pale with fright, and her whole body trembled. Little, the earpiece of Sherry Han’s mobile phone opened loudly again. Melson on the side apparently heard it too. Suddenly complained to Sherry Han: “You must be a stinky lady who is asking for something from Master Sun again. Up!

“I am scolded now, deserve it!”

“Don’t be so stunned, please call your brother and ask your brother to persuade Master Sun.

“The couple were obviously not reconciled, so they missed a golden turtle son-in-law, so Sherry Han really shot Han Hai over again.

“Brother~” “Brother, your mother!

Sherry Han ah Sherry Han, you idiot with no bead, I was almost killed by you.

“You stupid girl, don’t call me anymore. I am not your brother, and I am not such a stupid sister.

“There are things with no bead, you dare to offend anyone, so you are so cheating on us!”

“If it’s because of Helen, you’re afraid that nine lives won’t be enough to kill.”

“I advise you to do it for yourself.”

“Otherwise, wait for you to die~” Han Hai was also full of anger and resentment towards the sister Sherry Han. If she hadn’t kept saying that Mark had no abilities, he was just a farm turtle and poor dick, he wouldn’t be Han Hai. I look down on Mark so much, let alone offend him. Now I almost lost my life. How could Han Hai not be angry? Naturally, I cursed at Sherry Han wildly. If he is not in Wrifill now, otherwise, Han Hai Had to kick Sherry Han, an eyeless idiot! With a bang. Han Hai also hung up the phone. But Sherry Han and his wife were completely shocked. The feeling was like thunder smashing on the forehead. The couple stayed where they were at that time, their brains were blank. All of a sudden, everything changed! Jerom Sun scolded her, and now his brother is scolding her. Let her wait to die so that she can do it for herself. Is she really offended by Sherry Han? Can’t you become someone?

Sherry Han was so scared that she cried, staggering almost on the ground.

Melson was even more frightened, and slapped Sherry Han’s face in anger: “You silly girl, let you clean your mouth and curse less. How is it now?” “Even Young Master Sun ran away in fright. What the hell did you do, you prodigal girl?” “Who did you provoke?” “Sooner or later, my Qiu family was killed by your wicked girl!” Melson Qiu was also scared to cry

at the time. Behave with your tail between your tails, and never cause trouble, you are afraid that you will provoke something terrible.

But who would have thought that the thing he worries most now has happened.

Sherry Han was in tears, crying in panic, and shook her head: “Brother Lei, I...I don’t know, I really don’t know.”

“You have to believe me, I really didn’t provoke anyone, I really didn’t cause trouble. , I’m just swearing at others~” “Brother Lei, you have to save me, you have to help me, you can’t ignore me~”

Chapter 527 – 528 of A Dish Best Served Cold Novel

Chapter 527

Jerom Sun didn’t come, and encountered this kind of thing again. Naturally, the two Sherry Han and his wife didn’t bother to care about Helen Qiu and Mark.

The two people panicked quickly went home, leaving only Mark and Helen Qiu here.

“Mom, Dad, what’s the matter with you?” “What happened?” Helen Qiu was obviously also very puzzled. She didn’t know what happened to her parents. How could it be like this after answering the phone.

However, when Ren Helen Qiu called, Sherry Han and his wife couldn’t care about Helen Qiu and the others, and the scared two immediately returned home.

Helen Qiu was just like that, with a look of error, standing at the door of the Civil Affairs Bureau at a loss.

“Helen, don’t worry about it.”

“It’s nothing big.”

“I guess we know that Jerom Sun is not coming. My parents are angry.”

At this moment, Mark’s faint laughter came from behind.

Helen Qiu was obviously still angry with Mark. Hearing Mark’s voice, she suddenly snorted: “Who will give you our parents? That is my parents. It has nothing to do with you.”

“You don’t want to divorce. Is it?” “Let’s go now.”

Helen Qiu said angrily.

Helen Qiu became very angry when she thought of Mark's ruthlessness last night.

She had already planned to bow her head with Mark, but who knew that her news hadn't been sent, Mark actually sent it first, which directly explained that she would divorce at nine o'clock on the day.

Helen Qiu had such a strong and arrogant personality, even though she cried so miserably last night, she still stubbornly came to divorce Mark the next day.

She must not let this bastard look down on her!

Upon seeing this, Mark suddenly smiled bitterly: "Helen, you see that Jerom Sun hasn't come, you are afraid that you won't be a rich lady. Now if I divorce you again, you won't become an unwanted woman. Is it?" "I see, or we won't leave this marriage."

"Let's get together to live together, don't worry, although you are not tall, your chest is small, you are not smart, and you have a lot of shit, but I won't despise you."

Mark smiled.

When Helen Qiu heard it, her nose was almost crooked with anger.

Will this bastard comfort people?

This lady is more than 1.7 meters tall, and she is taller than him in high heels. This bastard actually said she is young?

What made Helen Qiu more angry, Mark even said that she had a small chest.

This lady is c-level!

Finally, in anger, Helen Qiu held up her delicate chest, and retorted in anger: "You are not wanted, you are not tall, and you are small?" "You are a complete man. Bastard~" Helen Qiu angered, and she stretched out her jade feet to kick Mark lightly. Of course, she didn't use any force, just like a young couple was awkward and acting like a baby.

Cursing and cursing, Helen Qiu's beautiful eyes turned red. In the end, she didn't know if it was because of grievance or fear. Two lines of tears flowed from Helen Qiu's eyebrows.

Upon seeing this, Mark felt an inexplicable touch and pity in his heart.

Finally, he stretched out his hand and gently wiped the tears from the corners of Helen Qiu's eyes, and smiled lightly: "How old are you still crying? I don't really want you anymore!" "My wife is so good-looking and in good shape. He is thin, gentle, with big eyes, and has dimples when he smiles, like a fairy, how am I willing to divorce you?" Mark kept comforting, speaking nice and moving words.

In fact, from the very beginning, Mark did not intend to divorce Helen Qiu.

The reason why he did this was purely to silence Sherry Han and Melson.

Chapter 528: Wife Is Right

Now that Jerom Sun has returned to Edensberg, they are even more frightened, and promised that Mark would never enter the land of Wrilfill all his life, and would never dare to covet Helen Qiu again.

Under this situation, Sherry Han's idea of recruiting Jerom Sun as his son-in-law was lost.

With such a lesson, Sherry Han and his wife will probably never force Helen Qiu to marry Jerom Sun in the future.

“Huh~” “Mark, I warn you, you are not allowed to mention divorce to me in the future.”

“I can only do not want you, and you are not allowed to not want me~” Helen Qiu's beautiful eyes were still red, and she said angrily .

To be honest, she really thought that after today, she would be completely separated from Mark b79d4eb0.

But fortunately, this stinky guy still had some conscience, and finally changed his mind.

Although there was an inexplicable joy in her heart, the arrogant woman in front of her still looked very angry, and her gaze toward Mark was full of resentment.

What else can Mark say?

I can only nod and say yes, while smiling: "My wife, I know that you can't live without me anymore."

"You fart! Who can't live without you?" "If it weren't for pitying you, I would have been Divorced with you!" In the face of Mark's shameless words, Helen Qiu still said the most against her heart in the most ruthless tone.

Having been with Helen Qiu for so long, how could Mark not know what this woman was thinking.

Seeing Helen Qiu's stiff beak, Mark just smiled without talking.

After a long time, he sighed.

“Women, I really want to face and suffer~” Just like that, a farce of divorce, Jerom Sun and others fled in embarrassment and came to an end.

After that, life was restored to the way it was before.

Helen Qiu still gets up early to work every day to make money to support her family.

And Mark, doing housework and preparing meals as before.

After the Mid-Autumn Festival, the life of Helen Qiu’s family has once again returned to its former calm.

The Sherry Han and his wife wanted to marry their daughter into a wealthy family. Instead, they inexplicably offended Jerom Sun and their brother Han Hai. In the first few days, Sherry Han and his wife were indeed panicked.

At that time, they really thought they had offended a big man. At that time, they were scared to pack their things and checked into the hotel overnight.

I stayed outside for seven days, and every day I called Helen Qiu to ask if anyone had gone to the house.

As a result, everything went as usual, and nothing happened.

Sherry Han and Melson were relieved, and the worries in their hearts suddenly faded a lot.

I thought to myself, it is estimated that they are unreasonably worried.

In this way, after a few more days of observation, and after confirming that there was no enemy, the couple moved back home again, and continued the leisurely life of rubbing mahjong and dancing square dances as if they were okay.

Although he was still dissatisfied and scolded Mark on weekdays, he didn't force his daughter to divorce Mark anymore.

Of course, they didn't really admit that Mark was the son-in-law, but they wanted to find a horse on a donkey.

After all, although Mark has no money and skills, he still has a lot of use in this family. At least if he is there, he will not worry about food and drink, and the housework will be taken care of.

Since it is useful, just use it first.

In the future, when my daughter met someone better, I would kick Mark again.

Mark actually knew this idea of his mother-in-law.

But he didn't care. Since he could get a Jerom Sun, he was not afraid of not getting the second and third.

Anyway, in this world, no matter who it is, there is no door to steal Mark's wife.

Chapter 529 – 530 of A Dish Best Served Cold Novel

Chapter 529

Just like that, half a month passed in a flash.

Seeing that it is October, the whole country is celebrating the National Day together.

But Helen Qiu was not in this mood.

The family affairs came to an end, and the company's affairs were busy with him again.

Every day, I frowned, worked overtime every night, even when I got home, I was busy until late at night.

“Daughter, what’s the matter with you? You are still so busy on National Day?” “Is there something wrong with the company?” Sherry Han asked in confusion during dinner at night.

Melson on the side was also a little curious: “Yes, Helen. I remember that before the Mid-Autumn Festival, you said that the company was going to have an opening ceremony. It’s been half a month, why didn’t we believe it?” “We are still thinking about getting together. Join in the fun and get some light from you to get out of the limelight?” “I don’t know that the opening ceremony is over, right? Why don’t you call us to join in?” Melson Qiu asked in a deep voice.

Sherry Han on the side kicked Melson: “You old thing, which pot is not open or not. There must be a reason why Helen didn’t call us when the company opened.”

“Think about it, they are one of them. The small broken company, it is estimated that no one would join in on the day it opened. It was deserted, and it was pure shame to call our old couple to go over.”

“Yes.”

Hearing Sherry Han’s words, Melson was very impressed. Nodded.

I guess my daughter was afraid that they would be embarrassed in the past, so I didn’t feel embarrassed to call them on the opening day.

“Let me say Helen, this Mufan real estate is probably a fur company, and it’s unreliable. Listen to my mother’s advice, and make plans early.”

“If there is a good place to go, then go quickly.”

Sherry Han side While eating, he persuaded Helen Qiu.

“Mom, what are you talking about? In our most difficult time, it was Mufan Real Estate who took us in. This time, just one month after joining the company, why did you persuade me to leave? Doesn’t it seem that we are very unjust? Helen Qiu retorted immediately.

Sherry Han was immediately unhappy when he heard these words: “What am I talking about? I am good to you!” “Good birds choose the woods and live, and good ministers choose the master.”

“The company is not good, so don’t stay. What does this have to do with you? You can’t blame us for being ruthless, but for their company’s failure!” “The real estate business is very deep, it doesn’t matter, it doesn’t have any connections, it’s impossible to make money.”

“I’m afraid right now. You worked in that small broken company for a year or two. In the end, the company went bankrupt, and you couldn’t get a dime in your salary!” Sherry Han kept pouring cold water on Helen Qiu. During this time, Qiu Mu Cheng was bored, but now that her mother was not saying good things here, Helen Qiu naturally became more irritable, and she put down her chopsticks and went back to her room to continue working.

“This Nizi, don’t listen to good and bad things~” Sherry Han was also very angry, swearing in the living room.

After dinner, Mark deliberately cooked a bowl of porridge and brought it to Helen Qiu.

“Helen, don’t be anxious, and don’t be angry with your parents. Work, just take your time.”

“First eat something and work hungry.”

Mark was always calm.

Helen Qiu seldom saw Mark get angry, and that kind of insulting mentality has always made Helen Qiu envious of her b67b5f74.

Helen Qiu rubbed her aching eyes, said thank you to Mark, and then whispered: “Mark, I am not angry with my parents, I am just angry with myself. I can do everything. Not good.”

“Before in QMove Logistics, it was because Terrisa Qiu and the others were stigmatizing it and constraining me everywhere, but now, when I come to a new company, the people underneath are obedient to my orders, but they still do not do well. It’s been a month, and the company hasn’t opened for a long time.” “I’m really under a lot of pressure, and sometimes I feel that I may not have enough abilities to support a company. I also think that like my mother said, it’s a big deal. Resign and change another family.”

“But I’m really not reconciled.”

“I know, many people in the Qiu family are waiting to see me jokes.”

“My grandfather, my uncle, and Terrisa Qiu and others are all waiting. Look at the way I failed.”

“When I think of this, I am very unwilling. I can’t let them look down on me.”

“I must make a look to show them and let them drive me out of the Qiu family. And regret it!”

Chapter 530

When she said these words, Helen Qiu clenched her jade hands tightly, and there was an inexplicable determination in her beautiful eyes.

The moonlight is like water, faintly falling.

At this moment, under the moonlight, Mark only felt that the woman in front of him was so charming.

What he admired most was not Helen Qiu’s stubborn and arrogant qualities?

Like an arrogant and glamorous Xuemei, Aoshuang Douxue, left alone.

To be able to conquer such a woman, for Mark, is it more sense of accomplishment, right?

“Sorry, I said too much.”

At the end of the conversation, Helen Qiu seemed to realize that she had said too much.

On weekdays, she has always been that kind of cold and arrogant temperament, and rarely shows her heart to others, even to her parents.

But I don't know why, when facing the man in front of her, she will unconsciously remove the pretense in her heart and reveal to him the softest part of her heart.

Mark chuckled: “Fool, there is nothing between you and me.”

“As long as you know, at any time, there will be someone standing behind you and supporting you.”

“You have never been alone. “Okay, it's late, so you can rest earlier. I won't bother you.”

After Mark finished speaking, he went back to the study.

This made Helen Qiu behind her teeth tickled with anger.

This bastard, does he like to sleep alone in the study?

One night passed quickly.

Before going to work, Helen Qiu asked Mark if he had anything to do at noon today, and accompanied him to a dinner.

When his wife spoke, Mark naturally agreed.

Therefore, at eleven o'clock at noon, Mark was already waiting at the door of Helen Qiu's company.

Ten minutes later, Helen Qiu also got off work, and went to the agreed place for dinner with Mark.

"Mark, you will listen more and talk less in a while."

"This meal is very important to me, and it is related to an important approval."

"This approval cannot be taken down. I am afraid that the opening ceremony of our Mufan Real Estate will have to be postponed!" On the way, Helen Qiu told Mark.

She asked Mark to accompany her mainly for safety reasons.

After all, a woman attending a dinner alone is always a bit risky.

Helen Qiu couldn't believe it for others to accompany him. After thinking about it, it would be best for Mark to accompany him.

"Yeah."

Mark nodded, "But it's been almost a month. Hasn't the company's license and other things been done yet?" Speaking of this, Helen Qiu was helpless.

"Now the real estate market is tightening, and all kinds of qualification examinations are much stricter than before."

"It's not so easy to be a firm company."
