## Chapter 531

“What’s more, the real estate development in Wrilfill is now close to saturation, and the state has strictly controlled the supply of land.”

“Now this qualification approval is even more difficult.”

“These days, the reason why the company has not opened for a long time is completely Because this last approval was not obtained, I was stuck.” “Today I got news that the leader of the Administration for Industry and Commerce in charge of real estate approval will eat at the Meinian Hotel. Can you get this approval as soon as possible to get the company on track? It all depends on today.”

On the way to the beautiful hotel in the year a6dfd050, Helen Qiu talked to Mark worriedly.

While Mark listened, he couldn’t help frowning, “Why haven’t you gotten the qualification approval? Didn’t you all plan to open the business before?” Helen Qiu sighed, “Yes, Mr. Zhang also said before. People from the Industrial and Commercial Bureau are already doing it, and they

can get it right away. But then I didn't know what was going on, and suddenly said that we did not have the qualifications for real estate development, so they refused to accept our qualification application.”

I contacted the leaders of the Industry and Commerce Bureau, but couldn't get in touch with us at all. They ignored us. Today, I finally got the whereabouts of the leaders of the Industry and Commerce Bureau, so I came here quickly.”

Helen Qiu said heavy, because of this matter, The entire company's operating plan has undoubtedly been disrupted.

Without this qualification certificate, Mufan Real Estate will not be qualified to develop real estate, and the company will naturally be unable to officially operate.

However, when Helen Qiu said these words, she didn't even notice, Mark's gloomy eyes.

At the beginning, this Mufan real estate was established by Mark's request to Xu Lei, the beauty president of Hongqi Group.

With Xu Lei's skill, it is impossible not to get a qualification certificate.

Now that this kind of disorder has suddenly appeared, then in Mark's view, there is only one possibility, that is, someone is making trouble!

“Helen, has the company offended anyone or company recently?” Mark asked in a deep voice.

Helen Qiu shook her head: “No. Not long after the registration of Mufan Real Estate, it didn’t start official operations. It is impossible to offend anyone.”

After that, there was a long silence in the car.

Mark’s brows were still frowning, and he had to wonder.

If someone is making trouble, who will it be?

And when Mark was puzzled, not far from them, there was an Audi a6l driving slowly along the road.

Inside the car, Simon Qiu, the boss of the Qiu family, was driving, and Terrisa Qiu and his wife were sitting in the back.

Now relying on the cooperation with the Hongqi Group, Qiu’s family has made a lot of money, and even the car has been replaced with a new one.

“Terrisa, Leonard, you still have a lot of face. This Director Wang Xingduo, I have invited him several times, but I have not invited him. Now you have just asked me to come out after a phone call.”

“It looks like we are qualified for QMove Real Estate. Whether you can get the approval, you have to count on your husband and wife.”

Simon Qiu’s compliment came from inside the car.

Terrisa Qiu tilted Erlang’s legs, leaning on her husband at this moment, with a smug look on her face.

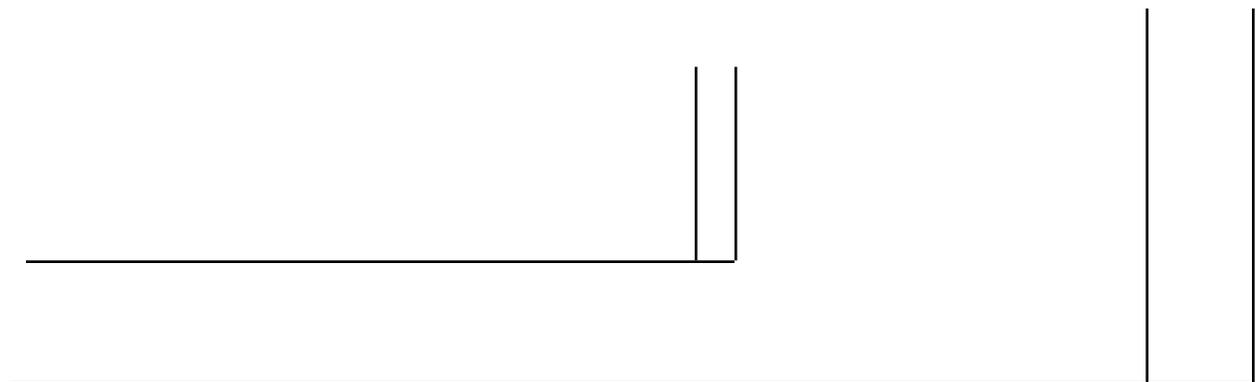

“Uncle, it’s all trivial things.”

“Now that you and Grandpa plan to enter the real estate market, of course Leonard and I must fully support it.”

“As for today’s meal, you and Grandpa don’t have to worry. Although we are not familiar with Wang Xingduo, I The father-in-law knows him well.”

“Acquaintances are easy to handle.”

“Since we can remove the qualification for real estate development of Mufan Real Estate, we can naturally obtain the qualification for real estate development for our QMove Real Estate!” “So, this approval matter, You and Grandpa can put a hundred hearts on me and my husband.”

Terrisa Qiu promised, patting her chest.

# Chapter 532

Of course, Terrisa Qiu's remarks were by no means purely rhetorical. For today's dinner, Terrisa Qiu also did her homework. She asked Leonard Chu to investigate Wang Xingduo's preferences from his father. .

If you ask for something like this, of course you have to do what you like.

When people are happy, some things are easier.

"Haha~" "Father, did you hear what your granddaughter said?" "Just put a hundred hearts on you."

"There are such promising granddaughters and grandson-in-laws, this month, our Qiu family's Qiu Shui property will definitely be able to do it. Get up!" Simon Qiu laughed.

The old man Qiu on the side also laughed from ear to ear, and said good words again and again.

In fact, as early as many years ago, Mr. Qiu wanted to enter real estate.

After all, the ceiling of the logistics industry is too low, and the industry is highly competitive.

However, it is a pity that Mr. Qiu has always suffered from insufficient funds, so for so many years, Qiu Shui Real Estate has only stayed in the imagination.

Now, relying on the previous capital injection and loans of cb112304 Hongqi Group, Qiu's family undoubtedly has a lot of funds.

With the money, Old Man Qiu also began to restless in his heart.

Especially after learning that Helen Qiu had become the boss of a real estate company, Mr. Qiu couldn't sit still even more. Helen Qiu couldn't make money for this money, so he made a decisive decision and decided to formally enter real estate.

"But Terrisa, Helen is a bit rebellious, but the blood of my Qiu family is still in her body. We used to be a stalker and smashed her Mufan real estate qualification certificate. You said this, we are It's not that you did a little too much."

After laughing, the old man Qiu remembered the things before, and he couldn't help feeling a little guilty in his heart, and said with a sigh.

Yes, the reason why the qualification certificate of Mufan real estate suddenly stopped approving was because the Qiu family was in trouble.

Leonard Chu's family is engaged in real estate, and Wang Xingduo is in charge of this in the Industrial and Commercial Bureau. Both parties are acquaintances.

With this relationship, it is undoubtedly easy for Terrisa Qiu to pass her husband's qualification review for Huang Mufan Group.

“Grandpa, what’s wrong with this?” “The Mufan Group, a small broken company, also let Helen Qiu, an inexperienced woman manage it, with a registered capital of only a few million. This kind of enterprise has nothing to enter into real estate. Industry qualifications.”

“Moreover, how strict the real estate approval is now. The Bureau of Industry and Commerce only places six places in half a year. Now there is only the last place left, and of course those who can get it.”

“If they pass the approval, our QMove Real Estate can only do it again. I’ll wait for the review next year.”

“Can you count this time cost?” “The shopping mall is like a battlefield, and there is no relationship between competitors.”

“Starting a business, building a company, making waves, and having people who can In order to have the last laugh.”

“She Helen Qiu didn’t get approval, so she could only say that she was not capable. No wonder we.”

“Even if we don’t engage her, there will definitely be other companies engaging them.”

“Also, that Helen Qiu deceived her master to destroy her ancestor. That day, for a broken stone, I questioned you in public? You didn’t have half respect for Grandpa.”

“This kind of unfilial daughter, Grandpa, what guilt do you have.”

“To blame, you can only blame me for those three. Sister herself, if she doesn’t have the ability, she can still be the leader, she can do it in a random way, and she doesn’t pay her death. What’s wrong?” “Just like her, she still runs a company and does not look at her own virtues.”

Terrisa Qiu said coldly, sneer and sneer all over .

Deep down in my heart, it is full of pride.

She estimated that Helen Qiu would never have thought that they were responsible for the approval of Mufan’s company!

## **Chapter 533**

“Helen Qiu, Helen Qiu, do you really think that if you leave the Qiu family and become the boss, you can completely turn over?” “Don’t dream!” “Your husband is a wasteful, you are just a woman, take it Why fight with me?” “You Helen Qiu, you are destined to be stepped under my feet forever!” Wow~ The wheels galloped, the black Audi ripped open the sky, and swept towards the distant Tianhe.

Inside the car, Qiu Mu's eyes were full of gloom, and deep in her heart, she was full of arrogant smiles.

That arrogant and proud look is as if a generation of queens had gained the entire world.

When she was young, because of her outstanding beauty, it can be said that she was extremely favored in the Qiu family.

Not only grandpa favored her, but even her uncle and aunt had various preferences for Helen Qiu.

Many times, when attending some banquets, Mr. Qiu did not bring anyone, not even his eldest grandson, only Helen Qiu alone.

It can be said that when she was a child, Helen Qiu grew up with a halo of glory.

She is like a star, aloof.

Many people in the Qiu family who were of the same age as Helen Qiu grew up with infinite envy of her.

There is no doubt that Terrisa Qiu is naturally one of them.

However, no one wants to be a foil to others, and Terrisa Qiu is no exception.

As she grew older, Terrisa Qiu became more jealous of her cousin. Many years ago, Terrisa Qiu vowed to herself that one day she would step on Helen Qiu under her feet.

She is the only protagonist in the Qiu family!

Later, Terrisa Qiu undoubtedly did it.

As Helen Qiu's family made a big mistake, Helen Qiu married Mark, and her family fell out of favor completely.

Now, Terrisa Qiu relies on the strength of her husband's family to control the most profitable projects of the Qiu family.

It can be said that now except for Mr. Qiu, Terrisa Qiu is the most flattered of the Qiu family.

After waiting for so many years, Terrisa Qiu finally stepped on Helen Qiu completely. Of course she would not tolerate Helen Qiu's family turning over.

Therefore, in the Shanshui Guild Hall, after seeing Mark and his wife drive out a rough stone worth hundreds of millions of dollars, Terrisa Qiu's eyes were red at the time, and she encouraged Elder Qiu to take the rough stone.

Although all the agencies were exhausted, in the end, she was beaten up with the bamboo basket.

But as long as the rough stone did not fall into the hands of Helen Qiu's family, Terrisa Qiu would be happy to see this action.

At least, Mark was still a pauper, and Helen Qiu's family did not get 200 million Dollar.

The family did not turn over.

This time, Terrisa Qiu's approval of Mufan's real estate was also for this purpose.

She wanted to set up Huang Helen Qiu's company, she wanted to make Helen Qiu's family unable to turn around forever, and she wanted to make Helen Qiu look up to her forever.

In their hearts, Terrisa Qiu and others have already arrived at the Millian Hotel.

Originally, at this banquet, Mr. Qiu and others planned to go to The Twinfill.

The high grade there shows that they attach great importance to Director Wang Xingduo.

However, Wang Xingduo said that he likes to eat the food here. Elder Qiu and others have no choice but to put the banquet here.

---

## Chapter 534

“Terrisa, QMove Real Estate has been my grandfather’s wish for decades. I used to suffer from lack of funds, but now I have money and people, so I’m just short of the approval.”

“Your uncle and I have contacted Director Wang several times before. , Although it hasn’t been negotiated yet, but it’s not far from ten.”

“I’m here for you. Can you kick it out? Grandpa counts on you and Leonard.”

Before entering the hotel, Mr. Qiu deliberately held Chu Wen. Fei and Terrisa Qiu both spoke hopefully.

From this it can also be seen how much the father paid this banquet.

Terrisa Qiu smiled: “Grandpa, I’m doing things, so don’t worry.”

“Today’s matter must be handled properly for you.”

Helen Qiu said vowedly, with a haughty smile on her lips.

Then, the group of four people walked towards the agreed place.

Hotel 64679f46 lobby.

“Director Wang, why don’t you go to the private room?” “How to choose it in the lobby?” “There are noisy people here, and the price is lower.”

“The waiter, quickly open the best private room for Director Wang and his wife!” Simon Qiu and others After walking in, I quickly saw Wang Xingduo and his wife.

This Wang Xingduo is tall and thin, wearing glasses with a metal frame, and his hair is very delicately arranged, and he has a gentle look.

Although the woman who accompanied Wang Xingduo to the banquet was not particularly outstanding, her fair complexion, thick eyebrows and big eyes were also extremely attractive.

At this time, I saw Simon Qiu and others, smiled and greeted them, giving people a gentle and virtuous feeling.

At this time, Simon Qiu was calling the waiter and asked them to open a private room.

But Wang Xingduo reached out his hand to stop it.

“Ms. Qiu, don’t bother. This position is good.”

“The first time I dated Qingya, I was sitting here.”

When Wang Xingduo said this, he looked at his wife aside, his eyes full of affection.

When Simon Qiu and the others saw this, they immediately laughed:  
“That’s it, that’s how it is.”

“Haha~ Director Wang is really a good man.”

Simon Qiu and the others immediately laughed and sat down here.

“Mrs. Wang, you are really blessed to find a good home. I look at it, and they are all envious.”

Terrisa Qiu and Leonard Chu also sat down next to Wang Xingduo and his wife, with a smile on their faces and compliments. Talking.

“Huh? Mr. Qiu, who are these two?” Simon Qiu and Mr. Qiu had always been in contact with Wang Xingduo before.

It was the first time I saw Terrisa Qiu and Leonard Chu, and I naturally felt uncomfortable.

“Director Wang, I am Terrisa Qiu, the general manager of the Qiu Group. This is my husband Leonard Chu. You may not know my husband’s

name, but you must know my father-in-law~” Terrisa Qiu soon introduce yourself.

He introduced his husband Leonard Chu emphatically, and even took out the name of Leonard Chu’s father Friedman Chu to establish a relationship with Wang Xingduo.

After Wang Xingduo understood, he was obviously surprised.

“It turned out to be the son of President Chu’s family.”

“I didn’t expect to have married and set up a business.”

“I and President Chu are acquainted with each other, and President Chu didn’t tell me that this son was engaged?” “Leonard, don’t you I’m angry with my uncle, and I will make it up on the day of your wedding.”

“Come on, Leonard, Terrisa, I will toast you with this glass of wine, and treat it as an uncle’s apologize.”

“Haha~” Acquaintances are easy to handle. After learning of this relationship, the tone of Wang Xingduo’s speech with Leonard Chu and others is undoubtedly a little closer in an instant.

Now he punished himself for a cup, in order to apologize to Leonard Chu for not joining in.

Leonard Chu drank this glass of wine with a guilty conscience, and had to laugh with it.

After all, when he was engaged to Terrisa Qiu, his parents opposed it, so none of his father's relatives and friends came.

As for Wang Xingduo, he didn't get any news, and it was really normal.

"Haha~" "Dad, it looks like, the approval will be stable!" While chatting with Wang Xingduo at Leonard Chu's side, Melson and Mr. Qiu on the side saw this, and the stone in their hearts fell to the ground. .

Feeling proud, I thought they didn't expect the wrong person this time.

"Unexpectedly, they both got married and started a business."

"I and Mr. Chu are still friends. Mr. Chu didn't tell me about this son's engagement?" "Leonard, don't be angry with your uncle, wait for your wedding day. , I must make it up."

"Come on, Leonard, Terrisa, I will toast you for this glass of wine, and treat it as an uncle's apologize."

"Haha~" As the saying goes, acquaintances are easy to handle. After that, the tone of Wang Xingduo's speech with Leonard Chu and others was undoubtedly a bit close in an instant.

Now he punished himself for a cup, in order to apologize to Leonard Chu for not joining in.

Leonard Chu drank this glass of wine with a guilty conscience, and had to laugh with it.

## **Chapter 535**

However, just as Wang Xingduo was chatting with Leonard Chu and the others, suddenly two figures of a man and a woman appeared at the entrance of the hotel.

One of them was thin and plainly dressed.

But the other woman is outstanding in appearance and temperament.

An old fashion outlines her perfect figure exquisitely.

After the beautiful woman entered the hotel, a waiter came to receive him: "Miss, what do you need?" The woman shook her head: "I'm here to find a friend. Which room does Director Wang Xingduo eat in?"

"Director?" The waiter frowned and thought about it, as if he was thinking of something, and then said, "Excuse me, are you talking about the gentleman over there?" The beautiful woman looked in the direction of the waiter's fingers, and she saw that she was with her. Wang Xingduo sitting at the table for dinner.

"Thank you."

The woman was overjoyed, and then walked over.

"Director Wang, I finally saw you."

"I am Helen Qiu, the president of Mufan Real Estate. I don't know if it can take you a few minutes. I want to talk to Director Wang."

After meeting Wang Xingduo, Helen Qiu He smiled politely, and then declared himself.

"Huh?" "Helen Qiu?" However, as soon as Helen Qiu's words fell, before Wang Xingduo had time to answer, Terrisa Qiu and others on the side were shocked, and then their brows frowned.

“Uncle, Lord...

grandfather?

“Why are you here?”

“Helen Qiu was also surprised. She received the news that Wang Xingduo would be attending a wine bureau today. But she didn't expect that her grandfather would also be at this wine bureau. At that time, Helen Qiu couldn't help but wonder. What is the intersection of Wang Xingduo's business with Wang Xingduo? Wang Xingduo is not in charge of this part in the Administration for Industry and Commerce. “Helen Qiu, shouldn't we ask you this sentence?”

“I didn't see that we were having dinner with Director Wang, what are you doing?”

“I disturbed Director Wang and delayed Grandpa's major events. Can you bear it?”

“Such an adult, there is no wink and no education!”

“C0d48251, don't you get out?”

“Don't be an eyesore here!”

“Terrisa Qiu was disgusted with Helen Qiu, but now that she saw it, she was not polite and let Helen Qiu roll. Simon Qiu also looked at Helen Qiu coldly, “Qiu Mu” Helen, what are you doing here?”

Is it to make trouble?

“Director Wang is the distinguished guest we invited, and you can’t tolerate you in the wild here.”

Those who are acquainted should leave quickly.

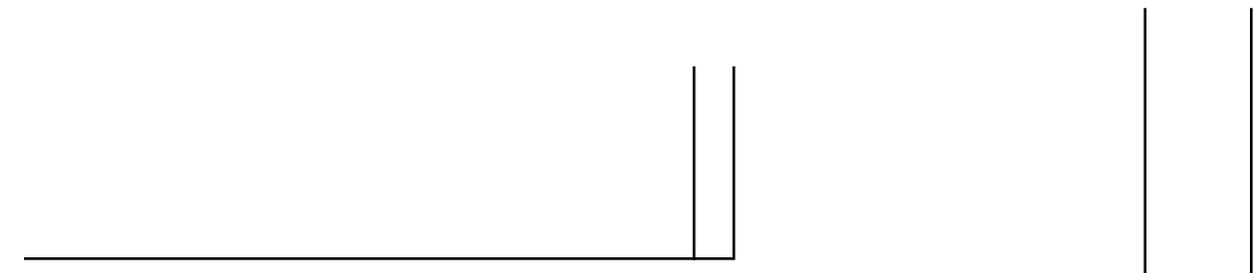

“Otherwise, if we call the security guard in a while, it will only make you more unbearable.”

“Simon Qiu’s cold words sounded, and Helen Qiu’s pretty face went white by three points. Elder Qiu also snorted, but he didn’t pay attention to Helen Qiu at all. “Uncle, Grandpa, I’m not here to make trouble, I just because I want to find Director Wang for company affairs.

You just let me talk to Director Wang for a while, right?

“After all, it is her uncle’s elder, even if she has fallen out with the Qiu family now, but in the face of grandfather and Simon Qiu and others, Helen Qiu still dare not disobey. “Heh, you are here for the approval of your company.”

Right?

---

“At this moment, Terrisa Qiu on the side suddenly smiled, eyes full of triumph and sarcasm, “Helen Qiu, I advise you, you still have to die.

Your company does not have this qualification at all. If you want to get approval, wait for next year.

“Now Grandpa’s QMove Real Estate is about to open, and this year’s last approval quota can only be ours.

As for you, stop thinking about it!

Terrisa Qiu’s sneer echoed quietly. “Qiu Shui Real Estate?”

Helen Qiu was stunned for a moment, then looked at her grandfather and said in disbelief, “Grandpa, you also want to engage in real estate?”

“

## **Chapter 536**

Listening to Mr. Qiu’s words, Helen Qiu’s pretty face became paler.

She looked at the old man and asked again: “Then grandpa, so to speak, the approval of Mufan’s real estate was suddenly suspended

before, and grandpa did your tricks?" Helen Qiu is not a fool, when she saw Wang Xingduo and Leonard Chu talking about it. Laughing, when I learned that Qiu's family was also engaged in real estate, Helen Qiu had guessed many things in an instant.

Elder Qiu turned his head and ignored Helen Qiu's question.

In the end, Terrisa Qiu smiled and said, "Sister, don't you seem to be stupid?" "However, there is a problem with your Mufan property. We just reported it to Director Wang."

"Qualification review."

But, no wonder others, you can only blame yourself for not having that ability!" "Okay, I don't want to talk nonsense with you, do you want to go by yourself or let the security guard drive you away?" "Dare you disturb Director Wang's dinner? You are really good too Dare!" Terrisa Qiu was already impatient, ready to call the security guard to rush Helen Qiu away.

At this time, Helen Qiu's pretty face was pale and her eyes were a bit flushed. She looked at her grandfather in a puzzled way: "Grandpa, how can you be so cruel?" "I have already left the Qiu family, and I have put the red flag. The results of the group's negotiations gave way."

"But why are you still targeting me like this?" "It would be fine if other rivals stabbed in the back, but I really didn't expect that the knife in the back was actually related to me. The relatives of my relatives are the grandpa I once respected most!" "The Red Flag Group's cooperation

was robbed by you, and you also grabbed the rough jadeite that Mark opened, and even now you don't even let this approval go."

"Grandpa, don't you have to force our family to have nowhere to be reconciled?" Helen Qiu's brows were red, and she yelled unwillingly at the old man Qiu.

For so many days, the grievances suppressed in my heart all broke out at this moment.

Helen Qiu really didn't expect the Qiu family to be so cruel?

"Enough!" "Helen Qiu, when do you want to make trouble?" "28675567 Shopping mall is like a battlefield, there is no love at all!" "If you don't even know this, what else are you doing? What kind of boss is an enterprise?" "If you do it, it will also harm others and yourself and entrap investors' money!" "What about the security guards, drive them away?"

Simon Qiu patted the table, stood up with a squeak, and asked the security guard to rush the people.

For a good meal, who would have thought that Helen Qiu would actually come to disrupt the situation. What if Wang Xingduo's interest was swept away and the approval of their QMove real estate was also impaired?

Thinking of this, Simon Qiu is of course angry!
