

Chapter 401

The eldest uncle and the second uncle completely ignored Qin Ming's attitude, making Mu Xiaoqiao very annoyed.

She said that the nine-eyed dzi is a token of love. It must have been given by Qin Ming, but she has some reserved girls. After all, she has been married for two months and is still a virgin. She is embarrassed, so she didn't name her and said yes. Qin Ming.

As a result, my uncle misunderstood that there was someone outside her?

Isn't this humiliating her? Because of the face of relatives, she is not easy to attack.

Xu Wan'er said in surprise: "Tsk, it turns out that my cousin has a sweetheart. My cousin's life should be miserable, right?"

Xu Kuang smiled: "It's not unexpected at all. The poor cousin-in-law, a hillbilly. If it's not for his life, can he be the son-in-law of the cousin? He can get it honestly, and can he ask the cousin to pursue her own happiness?"

The second aunt said patiently: "Mu Hao, I have to talk about you about this. How can you arrange Xiao Qiao's marriage this way? Although Chongxi is useful and your dad is fine, but our dad also feels distressed that his granddaughter is being treated like this. Spoiled it?"

Mu Hao had a bad face and said, "We have discussed this matter. My dad is much better now, but thanks to Xiao Qin, our family has had a big trouble without Xiao Qin."

Mu Hao believes in Zhang Quanzhen very much, and he doesn't think this is superstition. Daoism is also scientific, right? Didn't Qin Ming help solve the genetic defect disease in their family? The company was almost deceived, didn't it depend on Qin Ming's presence to stabilize it?

Seeing Mu Hao's anger, the uncle immediately turned to the wind and said, "Oh, you can keep your words quiet. Even if the door-to-door son-in-law of Qin Ming is not here, you are afraid that he has ears on the wall, so let him listen. Don't you trouble Xiao Qiao? Xiao Qiao, who is the gentleman you are talking about? Let's call over and talk together."

Mu Xiaoqiao rolled her eyes silently and said, "Okay, I call him over."

The uncle wondered: "Are you here? Isn't that bad? How bad is it to give Qin Ming face?"

The second uncle said in a low voice, "What's the matter? A door-to-door son-in-law, has turned the sky upside down? What does the wife say, he can't listen? This also reflects our Xiao Qiao's status in this family."

Xu Kuang laughed: "Waiting for the younger brother-in-law can't stand it, and rushing down again, it's funny."

The words of these relatives made Mu Xiaoqiao look very unsightly, and she went upstairs to look for Qin Ming.

Qin Ming was trying on clothes, but when he saw Mu Xiaoqiao coming in suddenly, he was embarrassed, so he hurriedly covered two points and said, "What are you doing? Didn't you go down?"

Mu Xiaoqiao looked funny at Qin Ming like this, and said, "They're looking for you, let's go down."

Although Qin Ming didn't want to get involved with the Mu family's affairs, what else could they find him? He said, "Oh, wait, I will change my clothes back."

Mu Xiaoqiao said: "No need, this suit is very nice, I will help you wear it."

After speaking, Mu Xiaoqiao came up and took the initiative to help Qin Ming tidy up his clothes. Mu Xiaoqiao even knelt down to help Qin Ming tidy up his pants, just like a good wife.

Qin Ming looked at Mu Xiaoqiao up close, youthful and beautiful, sniffing her scent, her fingers lightly stroked his body, Qin Ming was inexplicably moved, she is a daughter of a daughter, a person who holds the moon Er, even being so gentle to him, Qin Ming is not hard-hearted, how can he ignore it?

After putting on the clothes, Qin Ming's temperament has changed a bit. Mu Xiaoqiao looked at it, thinking that, as expected, people rely on clothes, horses and saddles. Now Qin Ming is still a bit handsome, she can't help but look more and more. Satisfied.

Mu Xiaoqiao took Qin Ming's hand downstairs.

The two of them walked down the stairs and saw that Qin Ming changed into decent clothes. They looked like dogs, but they matched them well. The older uncles and the second uncles looked sideways. They weren't like poor boys anymore, but rather like them. A rich young master.

A kid from the second uncle's family laughed and said, "Tsk, the cousin is back, and the cousin's husband has new clothes, hahaha."

Xu Kuang said, "Hush, if it's a cousin, at least respect it. But what do you call your cousin to come down for?"

The eldest aunt pretended to scold: "You two boys, no big or small. Your cousin has the ability and can control the family. What about the outside, you also can't control it?"

Mu Xiaoqiao dissatisfied: "Auntie, what do you mean? No matter whether you are at home or outside, I am the same. Qin Ming is my husband. I don't have the time to take care of others."

The aunt was puzzled: "Then you said just now that the nine-eyed dzi you are wearing is a token of love from your boyfriend?"

Qin Ming was taken aback, Mu Xiaoqiao wouldn't say such brainless words, right?

Mu Xiaoqiao immediately retorted: "This is all your own conjecture. I said it was a token of love, but I didn't say who gave it. You thought that there was someone outside of me. Isn't this too disrespectful of me?"

Mu Hao immediately said, "Uncle and second uncle, how can you think of Xiaoqiao like this? Everyone is abnormal relatives, so you can't spread rumors. Otherwise, I'll ask you to go out without caring about your relatives."

The eldest aunt was speechless and stared angrily.

The uncle said, "Is it right? Niece, don't lie to the uncle. You said that these nine-eyed dzi were given to you by someone else. Isn't it your husband?"

Mu Xiaoqiao looked at Qin Ming and said, "My husband gave it to him. Didn't you say that I should bring people down? You don't believe me if you bring them down?"

The atmosphere suddenly became quiet, and then the eldest uncle and the second uncle laughed.

"Hahaha, how could it be possible that he, a poor boy in the countryside, can afford it?"

"Tsk, niece, are you protecting your husband's face? Did he put pressure on you? Alas, your door-to-door son-in-law really has a temper. Xiao Qiao, you have to revive his wife."

"He just wore a stall, and he wants you to buy the clothes. He has the money? Don't tease me."

“You don’t want to give it to us, so you don’t have to lie to us like this?”

“Cousin, we are very sincere. You see our whole family is here. First, we haven’t seen each other for a long time. Second, these nine-eyed dzi are really important to us.”

“Yes, niece, you are being used as a shield against Qin Ming.”

“How poor your husband is, your mother told us a long time ago. Didn’t you get married for the sake of Chongxi? Your mother said that when the limelight is over, your grandpa will help with the divorce when your grandfather is in good health.”

When Xu Shulan heard this, she was anxious, and said, “That was before. I am very satisfied with Xiao Qin now.”

Mu Xiaoqiao hummed heavily, and said, “Enough. Uncle and Uncle, who got the bidding for these nine days? I have the certificate from the auction house and the appraisal letter from the famous domestic antique appraisal expert Mr. Yang, you guys. You can take a look. I didn’t spend a penny when I bid for these nine-eyed dzi beads.

With that said, Mu Xiaoqiao had lost two identification certificates, and the eldest uncle, second uncle and others immediately took them and looked at them with their respective probes.

It was clearly written on the certificate, who the bidder was, the amount of money, and the tax, all of them were Qin Ming.

“This...” The uncle and the second uncle looked at Qin Ming incredibly at the side, isn’t it possible? How could it be a poor boy from the countryside?

They laughed at him fiercely just now, how can this, this be neat?

Xu Kuang suddenly said, "Isn't it? I found that there is a big problem in it."

Chapter 402

The Xu family was a wealthy family in Haishi, and was born to look down upon a country boy like Qin Ming.

After Mu Xiaoqiao took out the certificate, she was very relieved when she saw the shocked uncle and the second uncle, and thought: "Is this dumbfounded? Blind your dog's eyes and dare to humiliate my husband? These nine-eyed dzi beads Still want it? Dreaming?"

Uncle Xu and Uncle Xu looked like they had eaten shit. They laughed at Qin Ming as the son-in-law of the door, and didn't treat him as a human being. They finally found out whether these nine-eyed dzi beads could be shot. Qin Ming nodded.

Isn't that just shooting yourself in the foot?

Turn to ask Qin Ming? The ridicule was so fierce just now, who can pull this face off?

Oh, what can I do now? Uncle Xu and Uncle Xu are sad.

Granny Mu watched, smiled, and watched TV on her own.

Mu Hao smiled triumphantly: "Oh, it was originally from Xiao Qin? I just said, where did you get so much money. Xiao Qin, it's a good husband to give such a good gift to his wife. "

Qin Ming rolled his eyes, walked over to Mu Hao's ear, and said, "Boss Mu, what do you mean? Don't hide today, you can't. I also want to take care of the face of your Mu family. I am here to cooperate with you in acting."

Mu Hao smiled kindly and said, "Don't hide, I will definitely not hide tonight. However, let's solve the matter here first, and then talk about it."

Qin Ming hummed speechlessly, and sat aside. Anyway, he felt that he was a "tool man", what happened to Mu Jiaai.

Xu Shulan said triumphantly: "Ah, brother, are you miserable this time? Are you sorry? Hohohoho, our little Qin is a good son-in-law."

Xu Shulan looked like a villain and smiled so much that there was a gap in her eyes.

However, Xu Shulan dared not laugh immediately when her elder aunt's eyes stared. Obviously she was quite afraid of the people over there.

When Mu Xiaoqiao saw this, a boss scolded the employees and said, "Uncle, don't you know, never judge people by their appearances, and the reason why a hero does not ask about the origin? And I want to correct you a little bit. My husband and I love each other sincerely. Yes, don't slander my reputation anymore."

"In addition, my husband is still a student now, but his grades are number one every year, and the scholarship has never fallen. He also participates in internships and is also a multinational company. It is not certain that his future achievements will be higher than me."

"Don't think he is worthless and eat soft food just because he came from the countryside. As far as I know, our Mu family owes him much less than he helped our Mu family after he has been married for so long. Our whole family is very grateful. he."

“So please don’t stand on my side and humiliate my husband.”

Mu Xiaoqiao’s continuous counterattack made her eldest aunt’s face pale, so she was scolded by a junior who pointed her nose at her. She had lived for more than 50 years and had never tried it!

The eldest aunt couldn’t help it anymore, and said angrily: “Your mother can’t even ride on my head, you little girl dare to talk to me like this? No big or small.”

Saying this is tantamount to tearing the skin.

Now that the skin was torn, the second aunt also said strangely: “A farmer is a farmer. Did we make a mistake? Introducing a family member is a family member, and embarrassing is embarrassing. We are not wrong? As for helping, this is not something that four men can do. What? Ouch, niece, if you have a problem with your vision, don’t teach me Wan’er badly. I’m also looking for a poor boy. I must not come to you to settle the accounts?”

Mu Xiaoqiao was really angry. These people looked down on her men in various ways, and they didn’t know why they really made her upset.

He looked at Qin Ming, Qin Ming had no expression on his face, and he had an attitude of being slandered by others.

Mu Xiaoqiao felt even more uncomfortable. Qin Ming paid so much for their Mu family, and she couldn’t even guarantee Qin Ming’s reputation.

Xu Kuang saw that his parents were frowning, they were angry, and their temper came up, saying: “This is not right, cousin. Isn’t the cousin’s husband doing crimes and crimes? These nine-eyed dzi are more than 100 million yuan, this auction The file at the meeting stated that the cousin’s husband also auctioned a famous painting, a string of blood diamond necklaces, and a dodo skeleton 15 million years ago. Tsk tsk... There must be two or three. My cousin, why do you get so much money? Your family prints money?”

Xu Kuang said that, other people also thought it made sense. One hundred million is not enough. How did Qin Ming take two or three hundred million?

Didn't you say that you were born as a farmer?

If you work in a multinational company as an intern, you won't earn two or three billion yuan, right?

Uncle Xu is also a man who has been in a high position for a long time, and the boss of the company, wherever he has been frustrated by the poor, he can't go back and beg Qin Ming in a low voice. He was also excited when he saw his son caught a loophole today.

Can't buy Dzi beads or lose face and let your brother's junior niece teach you?

Uncle Xu said: "Oh, niece, didn't you deliberately deceive us? If you don't want to sell, just say directly, don't look like you are indifferent, and then take your husband out as a shield."

Xu Wan'er also said: "That's right, cousin, why did you blow your cousin's husband so well? Are you putting gold on your face? Your cousin almost got married. You can admit it generously, so why bother to save face? Are you kidding us?"

With a cold expression on his face, Xu Er's uncle said, "Yes, the dragon begets the dragon, the phoenix begets the phoenix, and the mouse son will make holes. Qin Ming, the son-in-law who comes to the door, has so much money? Didn't you bid in Qin Ming's name? Take care of his face, right? We can understand. It is impossible for Qin Ming to earn it himself."

The second aunt said arrogantly: "Could it be that you want to raise the price? Tsk, anyhow, relatives, Xiao Qiao, we also watched you grow up. Do you have to do this?"

The aunt asked: "Qin Ming, do you say something? We allow you to speak without being cautious. Tell me where your money came from? Isn't it really illegal gains?"

"That's right, cousin, you are telling why, otherwise your income will be tricky."

"Anything tricky, or it's legal or illegal."

"Cousin-in-law, don't you dare to say it?"

The faces of these two parties were torn, and the real relatives were gone, all kinds of speculation and vicious words came.

However, Mu Hao and Mu Xiaoqiao were also very curious. They knew Qin Ming's background very well, and they didn't understand why Qin Ming got so much money? Even Old Lady Mu listened quietly, wanting to hear Qin Ming's secret.

Qin Ming said indifferently, "No, I'm just low-key. I just work for my boss. I did meritorious service before, so my boss gave me a World Bank Knight Card for unlimited number of days, just for those few days. Encountered an auction."

Xu Kuang disdainfully said: "Hoho, brag, you can swipe it indefinitely? The World Bank knight card, which ordinary people can get? Then why don't you do some clothes for yourself? Cousin, I found that you are not good. Pretty good at pretending?"

Uncle Xu sighed and shook his head, and said, "Young people nowadays are not down to earth."

"People are poor and have short ambitions, horses are thin and long. Niece, you man, you don't have the skills, but you have a way of bragging."

The aunt also said: “Wan’er, Qian’er, in the future, you must not find a boyfriend like this cousin. Look at him, poor and incompetent. He still spends his wife’s money and has to help his wife to save face. Looking for other men outside, it’s so generous.”

Qin Ming was in a good mood and caught Mu Hao, but the relatives of the Mu family are really hateful. What does it mean to be aggressive?

Is it because of face?

Because Mu Xiaoqiao slapped them in the face in order to defend Qin Ming, just like this viciously attacking him?

Qin Ming’s good temper was completely wiped out. He smiled and said, “It’s not difficult to prove it. I can prove it to you by calling. I’m afraid you are not willing.”

Uncle Xu disdainfully said; “If you don’t want to, please fight.”

Qin Ming is also getting angry. There are really everyone these days, and he is not easy to bully.

He immediately called Song Ying and said, “Xiaoying, tell me the relatives of the Mu family, how big is the business of the Xu family in Haishi? How big is it for me.”

After speaking, he hung up, and Qin Ming found that other people looked at him like idiots.

Xu Er’s uncle stunned: “Qin Ming, what are you talking about? We are in the Xu family or we are a wealthy family. Can you take down our Xu family with a single call?”

Qin Ming raised Erlang’s legs and said leisurely: “Don’t worry, let the signal float for a while.”

Chapter 403

Qin Ming always thinks that he has a better temper. Being an elegant and easygoing person is to draw a line between him who was a young street gangster.

But this time facing all the insults and suspicions of the Xu family, I really endured it again and again, and almost endured it as a tortoise.

Either withering in silence, or erupting in silence.

Now the other party will arrogantly ask him to prove that he is rich and capable. If this is the case, Qin Ming will not be polite to them.

He immediately called Song Ying and said, "Xiaoying, give me a look at the Mu family's relatives, and how big is the business of the Haishi Xu family? How big is it for me. Buy all shares, cut off all business, let The Xu family erased their names from the wealthy families in the sea."

After speaking, he hung up the phone and Qin Ming found that the air had become quieter.

A mansion in Nuo Da, with orange and yellow lights, the people in the house even the sweeping aunt looked at Qin Ming in amazement, what did this say?

The Xu family looked at him like an idiot.

They thought this was a fool, right?

Second Uncle Xu stunned: "Qin Ming, what are you talking about? Our Xu family is still a wealthy family. Can you bring down our Xu family with a single phone call? You can't even do it."

Indeed, the Xu family has been rooted in the sea market for many years, and the business has been large, and the size is more than that of the Mu family, and even more powerful. Both black and white relationships are good.

Who in this world can directly knock down a giant with a business of hundreds of billions with a single phone call? Just buying the shares of the Xu family will cost you tens of billions. Other business partners have been cooperating for many years, so why do you just break it?

No one thinks Qin Ming is serious.

"Cousin-in-law, are you mad? Being a human being, you have to accept the reality. You are poorer than you are. It is not shameful to rely on your cousin to eat soft meals. I still want to find a rich woman to support me."

"Cousin, is it really good for your husband to be like this? Don't he get into trouble every day, can you wipe your ass?"

"Wan'er, what do you think? Your cousin hid in Beijing. This kind of poor husband who talks about her husband is afraid of losing money when she lives together."

The cynicism of several cousins and cousins made Mu Xiaoqiao really angry, but she didn't know what she could do?

The Xu family is bigger than their Mu family, and their networks are all in the sea market. That is an important area in the Yangtze River Delta. An international metropolis can develop into a wealthy family in the sea market. How good are the intricate interests and relationships in it?

A word from the Xu family has great influence, so the people of the Xu family have enough self-confidence and arrogance to be deceived.

How could it be that Qin Ming, a poor boy who came out of the countryside, took a phone call? Isn't this funny? It's a fantasy.

In the face of these people's ridicule, Qin Ming raised three fingers with disdain, and sneered: "Is it right? I'll know later. You may have to leave later. I will accuse you of three sins before you leave."

"A crime, I have no grievances and no grudges against you, and you have insulted me over and over again."

"The second sin, my parents are farmers, and you insult the farmers are equivalent to insulting my parents."

"Three sins, insulting Mu Xiaoqiao for your so-called face."

"Although I'm just an ordinary person, I'm not a persimmon that is easy to pinch, nor can anyone bully. I..." Qin Ming looked at Mu Xiaoqiao, hesitated for a moment, and said, "My wife is not that you can insult. Yes. People have to pay for what they do."

In the end, Qin Ming chose to preserve the face of the Mu family, calling Mu Xiaoqiao his wife.

When Mu Xiaoqiao heard Qin Ming's words, she felt as though she was eating honey. She felt that Qin Ming still cared about her, maybe men are not very good at expressing their feelings.

The aunt said disgustingly: "Ho ho, ignorant country boy."

The second aunt hugged her hands and said, "How about three times the price? Xiao Qiao, we are determined to win your nine-eyed dzi. Mu Hao, have you forgotten how much help our Xu family gave you in business? But I never asked you for anything in return?"

The aunt said, "No. Isn't it just a magical tool for the son-in-law to make a face? What is it rare? This game is used to celebrate the birthday with the old Qin of the Qin family, and it can be discussed as a tens of billions of dollars. Business. The most important thing is to catch up with the old Qin family. They are world-class giants and have a huge influence. In the future, our Mu family will become prosperous, and we will not forget your benefits."

The uncle also said: "That's right, it would be even more perfect if you can establish relatives with the old Qin family. In this, we will not forget the credit of your Mu family."

The second uncle Xu was still so gloomy, stroked the beard on his face, and said: "We eat meat, brother-in-law and your family have no problem drinking soup. This is definitely a profitable thing. You should ask Mr. Mu, the old Qin's family. What kind of existence is it? The root hairs are thicker than ours."

Qin Ming listened. It turned out that this is a business, and it's what people like.

This relationship is really plastic.

For the benefit, they all ignored Mu Xiaoqiao and his wishes, humiliated him, and had to use strong ones, and used the past favors to force Mu Xiaoqiao to shoot the nine-eyed dzi.

But Qin Ming saw that Mu Hao's face looked embarrassing, and it seemed that he had really relied on the Xu family's help before. This kind of debt made him unable to straighten his waist at a critical moment.

No wonder Xu Shulan can't lift her head up in front of her brother-in-law, you are not good for a man!

Mu Hao, you are not good, your wife naturally can't hold her head up.

Old Mrs. Mu didn't shake the Xu family's expression, she was obviously more confident.

She quietly pulled Qin Ming over and asked, "Xiao Qin, what you said just now is true? If it is true, it is too much. If it is false, it is too much."

Qin Ming said with a smile: "Am I like a liar casually?"

Granny Mu smiled faintly, gave Qin Ming a thumbs up, and then went to watch TV on her own.

It was only five minutes, and in the quite quiet hall, the cell phone rang non-stop, and the phones of all members of Xu Dajiu and Xu Erjiu rang, and none of them were silent.

Uncle Xu found out that it was his secretary's call, and immediately answered, "What's wrong? What's wrong? All the minority shareholders sold their equity? Why are they panic? Those minority shareholders can't get through the storm, the company is still named Xu."

"Huh? All customers canceled their orders? Shelve them indefinitely? How could it be possible? You call me to ask, what? The boss said no more contact? Impossible!"

"What else? Secretary Zhao warned me to pay attention in the future? How could it be possible? Secretary Zhao and I have been old friends for many years. How could he warn me?"

"Huh? The goods were detained at the customs? How could they be detained? Does the other party have a reason?"

"What? The factory violated production regulations, was fined and was also blacked out for rectification?"

Uncle Xu has many problems here, and there are also many second uncles. Either business partners are cut off, or branch offices are merged, or they are warned by an official who once had a good relationship and suddenly turned aside.

Those cousins and cousins are even more miserable. Their relatives and friends have cut off their relations and dare not communicate with each other, and the calls for payment have also been blown up.

Seeing this dramatic scene, the Mu family were stunned. Did Qin Ming's call come true?

Uncle Xu holding two mobile phones yelled: "Cooperation is impossible? Qin, why didn't we suddenly let us bid? Was it good that we didn't talk about it last time? We will definitely get the nine-eyed dzi bead. Here, I will give a congratulatory gift to Mrs. Qin. President Qin will give us another chance, and we will definitely...be able to."

There were too many calls, everyone couldn't answer a few, and finally I was annoyed, and I simply turned off the phones.

In an instant, the room became quiet again.

This time, Qin Ming became the focus of all eyes again.

However, the atmosphere has changed.

Chapter 404

Uncle Xu tremblingly took the call from the top wealthy man in the sea, the head of the old Qin family. This was the first time he had actively received a call from the other party.

Because I heard more than a dozen bad news in succession just now, Uncle Xu has become very sensitive and slender now: "Hey, President Qin? So suddenly, is there anything wrong?"

Mr. Qin on the other end of the phone said, "Boss Xu, you are quite capable, and you dare to offend anyone. Now I can't keep you, you are done, don't burn the fire on me. Our cooperation is also over, and the business is over. Don't come to my grandma's 90th birthday, and I don't want your Nine-Eyed Dzi Beads. So be it."

Uncle Xu's heart sighed, he was pierced, and anxiously said, "Hey, Mr. Qin, don't Mr. Qin, give me a chance Mr. Qin. Hello? Hello?"

But when he called back, Mr. Qin's number could no longer be reached.

Uncle Xu looked around blankly, chilled all over, he sat on the sofa and found that other people were just like him, listening to mobile phones and listening to the bad news from the sea market one after another.

"Sister-in-law, in the name of investment, you lost the company more than one billion yuan, and the money was discovered. You can really make money."

"Sister, it's okay for you to say? You arranged your relatives for the company, and they all arranged to come to my office? Or else the misappropriation of public funds happened, I still don't know it is yours."

"Xu Kuang, you brat, when did you owe \$300 million in gambling in Las Vegas? The company account you still used? All the debt collectors have hit me, you're a prodigal."

"Wan'er, you really make mom heartache, you are a secret lover with this expired male star? He is about the same age as your dad. This report is out, how long do you want to hide it from me?"

“Don’t quarrel, the old Qin’s family is no longer with us, and we don’t need to go to Qin’s birthday. Why did the line that was so easy to catch suddenly turn yellow?”

“What the hell is going on? Are these calls real? Are there any sex calls in our family? What about Secretary Zhao? Dad, let’s go to Commander Ma for help. Someone must have done us.”

The two brothers in the Xu family were overwhelmed by a series of phone calls, one after another, and one after another with bad news. Either the business partners cut off contact, or the line was drawn by the official boss, or the children’s owed phone calls. There is also a large wave of resignations, and one by one company executives call to resign. They quit, and they have a better place to go.

Who can withstand this sudden and complete collapse?

No, it’s incredible, but is this a scam call? But the content of the call is very clear, and the emails in the corporate mailbox cannot be faked.

Even the real-time news started to shake some scandals of the Xu family, and the photos of the young model Xu Dajiu Yehui were turned out.

Compared with Xu’s rush after the shock, the Mu’s side is dumbfounded. What kind of ghost operation is Qin Ming?

A phone call disintegrated the rich family of Haishi, Xu family, or Guangzhou, thousands of miles away? How capable is this?

Mu Hao looked at Qin Ming and muttered to himself: “Sure enough, really Zhang Zhenren said it right, Xiao Qin and my daughter’s horoscope is a match made in heaven.”

At this time, Qin Ming’s mobile phone rang, and Song Ying called: “Master, the Xu family’s acquisition plan has been completed 39, the Xu family’s talent has been hollowed out by 50, and the business

partner has poached 90. Recently, they talked to our main customer of the Universe Group. The old Qin's family in Haishi has close contacts, and I also warned by the way that the people of the old Qin's promised that the Xu family would sever contact."

"As for those behaviors that owe money, secret love affair, and lose the company, they are collected by Keli Olsen through the intelligence system, which is convenient to suppress the Xujia Group's stock price. Now Xujia's stock is plummeting, and it will be able to lower the limit immediately."

"I predict that the acquisition of the Xujia Group will take about a week, and it will cost another 30 billion or so. It will take two or three years to re-operate to recover the cost."

Qin Ming said indifferently: "It's not bad for money, increase your efforts and continue to do it."

When everyone heard Qin Ming's call, they suddenly realized.

Yes, is this Qin Ming doing them?

It was him who shook all their sex off; it was him who took away all their business partners; it was him who drove away all the employees of their company.

Everything is him, why didn't he think of it just now?

Uncle Xu and Uncle Xu suddenly fell under Qin Ming's feet and said in pain, "Don't do it."

Inside the mansion, everyone's eyes were focused on Qin Ming. That quiet, Qin Ming was like a respectable old man, everyone had to look at his expression.

Qin Ming stunned: "Uncle and Uncle, you asked me to call. It proves to you that I can afford these nine-eyed dzi. I did it according to your words."

If this is said to be true, Qin Ming is doing a ghost in the Xu family group.

Thousands of miles away, a single phone call caused the Xujia Group in the sea market to fall apart? I laughed at Qin Ming just now. The two rooms in the Xu family were dumbfounded. It turned out to be true?

They can't even dream of it, it's incredible.

With the size of their Xu family, it would cost several billions to buy the shares of minority shareholders.

It will cost a lot of money to win over the business partners of the Xu family, as well as poaching employees, right?

The most exaggerated thing is that the freight ships sent to foreign countries have never been accidental. Today their ships transporting goods to various countries are suddenly intercepted by the customs of various countries. They have to be investigated, and the daily detention costs are very high, and it takes a day to drag. It is nothing but a two-day delay is equivalent to a total loss.

Xu's family is now being pinched from the source of production to the end of delivery.

Is this what Qin Ming can do with a single phone call? Qin Ming is too bad, right?

No matter how Qin Ming did it, it is not the time to explore this, but to stop Qin Ming quickly!

Qin Ming smiled and asked: "Uncle, second uncle, I don't know if I can prove that the nine-eyed dzi I bid for myself? Am I meeting your requirements? I don't want to hurt the two families. Be kind, cut off the problem from the root cause, if you don't ask Xiao Qiao for dzi beads, will the contradiction disappear?"

What kind of shame is this?

Uncle Xu wanted to cry without tears: "This... Qin Ming, you can't hurt people like this. You just pretend to be confused."

Second Uncle Xu also said anxiously: "Qin Ming, Xiao Qiao is my niece, you are my nephew, my good nephew, you can't force your uncle to death like this."

Xu Kuang said, "Dad, how did you know that my cousin-in-law did this? It's a coincidence, maybe our enemy did it."

Snapped!

Xu Kuang didn't finish her words, and was immediately slapped by her uncle. His strength was surprisingly strong and his face was swollen.

Uncle Xu took Xu Kuang to Qin Ming and said, "Quickly, apologize to your cousin and cousin-in-law. You are a trash thing. Is it because of jealousy that you slandered your cousin-in-law in every possible way? Once I am outstanding, I will feel at ease in this life. You two bastards have also come over to apologize to cousin-in-law and cousin."

Xu Kuang was blinded by this slap and wanted to explode, but he didn't dare to face his father.

Xu Kuang had to bow and said, "Cousin, I'm sorry. Cousin-in-law, I'm sorry."

Uncle Xu kicked down, and Xu Kuang was forced to kneel on the ground: "Are you polite? Your cousin and cousin-in-law are your elders. Kneeling is the basic etiquette for elders, say it again."

Xu Kuang was about to collapse. He was in a low condition. One of the little overlords of the sea market, from childhood to adulthood, knelt for the first time, turned out to be his cousin and cousin-in-law? Do you respect your cousin as an elder?

But facing the majesty of the old father, he still knelt and said, "Cousin, I'm sorry. Cousin-in-law, I'm sorry. I was wrong."

The uncle and the second uncle continued to yell and curse again: "You mothers-in-law, too, come here and apologize to Xiao Qin and Xiao Qiao."

"Xiao Qiao, Xiao Qin. It was a pity that we didn't come when you were married. You are a golden boy and a beautiful girl, and a perfect match made in heaven. My uncle and my uncle wish you a good relationship for a hundred years and give birth to a precious son."

"Yes, yes, I'm sorry. Xiao, Xiao Qin, we just, just now... have eyes but don't know Taishan, what you said is right, you, do you forgive us? Xiao Qiao, you are really good, you are married well. Husband, I am envious of the dead. Half of my Wan'er married you well, and I am happy when I die."

The eldest aunt and the second aunt were also called to apologize, it can be said that they have completely lost their arrogance, but have become trembling and startled, still in a state of confusion.

The parents of the Xu family apologized to Mu Xiaoqiao, but Mu Xiaoqiao and Xu Shulan were stunned. It was the first time in so many years.

In the past, they were all crushed to death by the Xu family's uncle, the second uncle and his wife. Xu Shulan could hardly raise her head in front of her family, because she couldn't cause trouble to Mu Hao. Who would let Mu Hao be in front of Xu's family? Is the waist not stiff enough?

Today, Qin Ming made their mother and daughter look big.

Seeing her eldest aunt and second aunt panicked like a bunny, begging for forgiveness, Xu Shulan suppressed years of grievances in her heart, and all of a sudden, she felt that the world was so beautiful, and the virtuous son-in-law was really cowboy.

Uncle Xu and Uncle Xu bent over to guard Qin Ming one left and right, and said, "Little Qin. Uncle knows it is wrong. If you read it for the sake of your relatives for many years, you can stop it? Ah? Yes.?"

Everyone looked at Qin Ming, is Qin Ming willing to stop?

Chapter 405

The attitude of the Xu family came about one hundred and eighty degrees, and they all regarded Qin Ming as an uncle.

"Xiao Qin, we are wrong, we have misunderstood you, and you should not be underestimated by your background as a peasant. In fact, our Xu family was also a peasant three generations ago. My grandfather is a cow-herding baby. Going to the field? Who is not from a farmer's name, right?"

"We definitely didn't look down on you or your parents."

"As for the misunderstanding of Xiao Qiao, it was really unintentional. She is our nephew. We grew up watching. How can we not know her character? We lost our souls just now. You have to forgive us?"

"Yeah, the prosperous life has made our minds degenerate. We forget that hard work is a hero. Yes, you will be a hero like Xiaoqin. The niece is right, and the hero does not matter where I was born. I am more than 50 years old and can still be taught, Really so happy."

"Xiao Qin, you are too uninteresting. Why didn't you inform us when you got married? You and Xiao Qiao are a perfect match, a beautiful couple. I wish you all grow old together and give birth to a beautiful son."

“Sister, you also come to help me.”

“Shulan, you also want to say something to your son-in-law.”

Uncle Xu and Uncle Xu quickly glared at Xu Shulan, who was actually watching the excitement.

The Xu family is a wealthy family. Since childhood, the two brothers have not suffered a lot, let alone a big loss. Now they apologize to the younger generation and come to beg her sister. This is something Xu Shulan has never thought of. A straight day.

Everyone was also shocked by the enormous power behind Qin Ming, and Qin Ming’s background became more and more mysterious.

Mu Hao knew that their Mu family was inferior to the Xu family. Although they weren’t affected by the suppression, they were really not enough, and Qin Ming made it with a single call, which was simply scary.

After all, Xu Shulan is a woman and has a face, thinking that this is her elder sister-in-law, she said: “Xiao Qin, are you kidding me? Don’t really break my family’s family?”

Qin Ming said, “No? Isn’t the Xu family very good? Didn’t they look down on me as a door-to-door son-in-law, a poor boy? Then let them try to be poor.”

“No, I don’t want to be a poor silk.” Several cousins suddenly became excited and yelled: “Cousin-in-law, you raise your hands high, we know it’s wrong. Don’t do this anymore, we look down on people, but everyone It’s all a relative, whether you fight or scold, leave us a way to survive.”

“Cousin, we were wrong, please persuade the cousin-in-law.”

Uncle Xu and Second Uncle almost knelt down and begged Qin Ming. This was their last bottom line. They let Xu Kuang kneel down just thinking that they don't need to kneel.

The mute private phone was still shaking. The more the phone vibrated, it proved that the more bad messages, the more the people in the Xu family became flustered.

"Ahem!"

Suddenly, there was a cough from upstairs, but Mu Hairan couldn't see it and walked out.

Mu Hairan smiled amiably and said, "Xiao Qin, come here, the old guy will tell you something."

Qin Ming smiled faintly, when the steps came, he responded with a response, and then pulled Mu Xiaoqiao upstairs.

The two came to Mu Hairan's study. Mu Hairan pointed at Qin Ming, with a bitter smile, and said, "You kid, you hide so deeply? Where do you come from the background to clean up Xu's house? Old guy mine. The phone was blown up by my in-laws, please come to me."

Qin Ming said: "It's nothing, old man, you should know that I work in a multinational company. Recently, I was promoted and became the vice president of Greater China. The main business is to take in some sunrise companies, or use money to dig corners. Either a hostile takeover or a reasonable takeover, anyway, if someone else's company is acquired and reorganized, it can be profitable. So I have a lot of funding and personnel scheduling capabilities."

Qin Ming lied and didn't tell him his identity as the heir of the global super corporate empire and the World Century Group.

He sneered and said: "Recently, the boss has set me targets. I'm worried that I have no goals. The Xu family is so aggressive, I will take them down. After all, I will be a wage earner."

Mu Xiaoqiao was surprised. When he heard the name of the vice president of the Greater China region, it was not easy. He did not expect that after two months of absence, Qin Ming's career has developed so much that he has already pursued her identity as a daughter of the Mu family.

A motivated man has no resistance to his daughter. Isn't this what Mu Hao said when he came back, Qin Ming worked hard to match her? Is this for her?

Mu Xiaoqiao suddenly held Qin Ming's hand harder and leaned against Qin Ming. She felt the feeling that Qin Ming worked hard for her because of her misunderstanding.

Mu Hairan gave a thumbs up and said, "This is already a working emperor. Good boy, you are really a high-achieving student of the University of Science and Technology, and the next generation is terrible. You are a multinational company that is not easy, right? Last time I upgraded my service level in Nanshan Nursing Home. I also contacted a Liren Biopharmaceutical company in Magnesium to provide a special medicine for my condition. Now I have been promoted again, tusk..."

Mu Hairan patted Qin Ming on the shoulder and said, "Young man, the potential is infinite."

"But." Mu Hairan changed her conversation and turned into a gesture of elders looking for younger ones to talk to each other, and said: "Xiao Qin, don't rush to kill this matter today, right? Anyway, the Xu family and we are also in-laws. You are the son-in-law of our Mu family. If you want to bring down your mother-in-law's family, this relative has nothing to do."

Mu Xiaoqiao said, "Uncle and they are too deceiving. Qin Ming has endured too much. They flew and held on, and used their past kindness to persecute my dad. What kind of relatives are such relatives? Me? This old guy begs you, so I'll stop here this time, okay? You see, they all know they are wrong, and several juniors have knelt down for you."

Mu Hairan looked anxious, and said: "You girl, married her husband, and she turned her palms out? This Xu family is really going to be crossed, and your grandpa and grandma can't bear it."

Mu Xiaoqiao had filial piety, so she shut up when she heard this and looked at Qin Ming.

Qin Ming heard Mu Hairan's plea, and the begging for mercy and confession of Uncle Xu and Second Uncle just now, and half of his anger disappeared, and he agreed: "I have accepted your favor, old man."

Mu Hairan smirked, pointed at Qin Ming, and said, "You bad boy, you want my favor, all right. I owe you."

Qin Ming took Mu Xiaoqiao downstairs.

Mu Xiaoqiao followed Qin Ming, looking at his profile, and found that Qin Ming was becoming more and more mysterious and more capable. She was also a little jealous as a wife.

Mu Xiaoqiao said, "When did you get promoted and didn't tell me?"

Qin Ming was quite moved. His heir's position has not yet been secured, so it is better not to pretend to be too forceful. He said indifferently: "I want to work for someone, what can I say. The boss wants to change, he changes me at any time," I have good luck."

Mu Xiaoqiao said: "Luck is also a part of strength. Only if you have the ability, you will have luck."

With that, Mu Xiaoqiao hugged Qin Ming's arm directly, so that the two seemed even closer.

Mu Xiaoqiao even stole a kiss on Qin Ming's cheek and said, "Husband, you are really good today."

After the kiss, Mu Xiaoqiao's little daughter was delighted and hugged Qin Ming's arm tightly.

This sleek little mouth "pomed" on his cheek, and Qin Ming's mind was flustered, his body actually reacted a little, especially Mu Xiaoqiao's soft voice stimulated his nerves.

To be honest, Qin Ming wanted to resist. After all, he was only acting. The damn Mu Hao didn't make it clear that he left the Mu family, which caused the whole Mu family to misunderstand.

Qin Ming didn't want to fall out with the Mu family, so he gave the Mu family a lot of face before acting.

But Mu Xiaoqiao is a bit unable to stand up to the fake drama of such a peerless beauty.

Qin Ming saw that everyone in the living room looked at him and shook his head silently.
