

# Chapter 461

The reason why Qin Ming was anxious to find his sixth year was because he heard it. It was Nie Haitang's voice. The two had known each other for several years. They used to participate in activities together in the badminton club and later developed into a couple. Can he admit his mistake?

Moreover, the last sentence "I wanted to lie to you 1.1 million, but I didn't lie, so I cried", no one would understand it, only Qin Ming and Nie Haitang would know.

When Nie Haitang was threatened because of the shares of Nie's Sanitary Ware Group, Nie's family was short of money to acquire equity. She took one hundred thousand yuan and asked Qin Ming to help go to the stock market to make some money. Qin Ming was in a branch and operated in the dark. A strong payment and gave Nie Haitang one million.

Therefore, the strange number of 1.1 million is very deep in Qin Ming's memory.

Qin Ming felt that it was Nie Haitang's suggestion to him.

Why imply? Unclearly?

At that time, Qin Ming obviously heard "Kou Xinling" deny the name, and to say his real name, he paused for a while before giving him this suggestion.

Qin Ming guessed that Nie Haitang might not be able to help himself now.

Because Kou Xinling's number is a Beijing number, it was turned off after dialing it back, which made Qin Ming more suspicious.

When I thought of this, Qin Ming was very worried, and he wished to fly to Beijing to confirm, even if he was looking for it in the vast crowds, he would look for it.

But he was afraid that he had made a mistake, so he wanted to check with the sixth. After all, he spent money to ask the sixth to find someone. After two months, he had to make some progress.

As a result, the sixth-year-old also came to him and brought the news of the death of the two younger brothers who were sent to Beijing to find Nie Haitang, which also brought the possibility of a final word.

Qin Ming can be sure that Nie Haitang is in Beijing.

The six-year-old took a stern breath and said: "Mr. Qin, don't worry, I will send people to investigate more cautiously this time. I will start with Nie Jianmin and Nie Zhengming first. They are both relatives and should be much safer. There will be news soon."

Qin Ming patted the old six on the shoulder, and the latter shook his body. I don't know if Qin Ming is satisfied or dissatisfied.

How could Qin Ming be satisfied? The efficiency of the sixth year is too slow.

But Qin Ming remembered the thick teaching autobiography that Zhang Quanzhen had given him. There was a sentence in it yesterday: "Anyone can be a chess piece, and each chess piece has a place to take care of daily interpersonal relationships. It's tantamount to managing your own chess pieces so that they can be needed every time."

Qin Ming looked at the sixth man with a blank face, and then showed a polite and stressful smile, and said, "Old man, you did a good job. This time our cooperation is over. You don't need to intervene in this matter anymore. Don't mention this to anyone in the future, do you know?"

The six-year-old breathed a sigh of relief, and the cold sweat betrayed his heart. He hurriedly said: "Mr. Qin needs it, despite the orders, I am six-year-old and there is no frown."

After dealing with the sixth year old, Qin Ming drove to the Yunshanding villa area by car.

Nie Haitang's previous home was in the seventh building at the foot of the mountain. Everything in the four-story villa remained unchanged. After the Nie's went bankrupt, Qin Ming bought it as soon as possible, and his name was assigned to his personal name.

However, he was here for the first time.

A house in Nuo Da, very quiet.

Qin Ming came to Nie Haitang's room. Her things are here. Except for some clothes and important things, most of the daily necessities are here.

The sky-high evening dress that Qin Ming gave to Nie Haitang is gone.

The reason why Qin Ming came to Nie Haitang's room was to find some clues.

He knew that Nie Haitang was a smart woman. If she was forced to leave Guangzhou, would she leave some information?

Qin Ming also scolded himself secretly, so why didn't he think about it? Come early?

Qin Ming remembers the night Chang Hongxi persuaded Nie Haitang to leave. He and Nie Haitang went through the hunt, and the true identity of the heir to the richest man in the world also let Nie Haitang know.

Would Nie Haitang consider that Qin Ming would buy her original home in memory of her? So leave some contact codes?

Qin Ming touched the sheets and sniffed the scent. Nie Haitang's body scent still remained, huh? Why is there a little pink pants on the bed?

Keke, Qin Ming hurriedly threw it away.

Oh? There is also a cup, C cup, Qin Ming thinks of Nie Haitang's attractive figure again, it is indeed good.

Qin Ming shook his head hurriedly to calm his emotions. These were all things from two months ago, and now is not the time to see things and think about people.

Qin Ming went around and found no electronic products. They were all clothes, pianos, dolls, badminton rackets and the like. All the photos were taken away.

But Qin Ming was very patient. He saw a luxurious solid wood desk covered with many books.

Qin Ming packed the book and saw a picture on the desktop.

The two hearts are entangled by a month-old red thread with the names of the two people "Qin Ming aa Nie Haitang" written on them, and there is still time, July 28.

Isn't that the day Nie Haitang left Guangzhou?

Qin Ming stretched out his hand to touch the words on the desktop, and a line of tears couldn't help but flow down. He didn't know how Nie Haitang left Guangzhou City at the time.

In fact, Qin Ming also has the mobile phone numbers of Nie Jianmin, Nie Zhengming and others.

However, just like Nie Haitang's mobile phone number in the past, it is impossible to get through and contact.

The most important thing is that Chang Hongxi forbids him to use the Universe Century Group to inquire about Nie Haitang and even arrange a blind date with the Zhao family.

This is something that Qin Ming is very repulsive, but he has to compromise, so his last blind date was simply procrastinating.

Qin Ming carefully observed the table again to see if there was any information left.

It's a pity, not, the only thing that makes Qin Ming feel heartache is the two hearts drawn on the desktop.

"Really not?" Qin Ming frowned, very disappointed.

He left Nie Haitang's home and returned to the manor house on the top of the mountain.

Qin Ming rarely comes here. Although it is as luxurious as an old castle, it is basically Song Ying who works here, and some servants live here to clean.

Song Ying was very surprised by the rare arrival of Qin Ming, and immediately ordered the kitchen to make some delicious food, and at the same time put on a set of very beautiful casual clothes.

"Young Master." Song Ying stood at the door to greet Qin Ming.

Qin Ming responded and walked straight into the manor house, and at the same time gave an order: "Let everyone leave. This house only needs you and me to exist."

Song Ying was startled, but Qin Ming suddenly came and gave such an order.

Song Ying complied and drove out all the security personnel and the nursing staff. At the same time, she had some doubts in her heart. Could it be that Qin Ming would do something to her?

As a loyal secretary who works for Qin Ming, Song Ying feels that apart from her body, what else Qin Ming didn't get?

When Song Ying thought about it crookedly, her face was flushed, did the young master finally discover her charm? Do you want to do her?

But Song Ying calmed down quickly. She felt the change in Qin Ming's temperament. His eyes were more attractive than before, and his emotions were more restrained. Perhaps this is the gradual transformation of a boy into a man.

Song Ying suddenly felt a sense of crisis, a woman's sixth sense was always special and accurate, and she followed Qin Ming every step of the way.

## Chapter 462

In the study room, Qin Ming faced a huge bookcase, a dazzling array of books, a large computer on the countertop, and many files on the bronze-colored desktop.

There is a cup of hot coffee next to it.

In fact, Qin Ming really likes Song Ying. Naturally, it is not the kind of love between men and women, but the pure appreciation of men for women, and the recognition of superiors to subordinates.

Song Ying can help him stabilize the industry and business of China, and the large investments and the profitability of subsidiaries have done well.

But he also knew that Song Ying was sent by Chang Hongxi and was currently the best female killer in the training camp of the Universe Century Group.

And Chang Hongxi deceived him.

Nie Haitang should have been persecuted and monitored, rather than being persuaded to leave. These are two situations. If it is the former, then Qin Ming feels that he has been greatly deceived by Chang Hongxi, which is unacceptable to him.

Qin Ming sat down and asked, "Xiaoying, is Nie Haitang being watched by the foster father?"

Song Ying's expression changed. I didn't expect Qin Ming to come for Nie Haitang. Hasn't he been in close contact with the Mu family's eldest recently?

Song Ying said earnestly: "Master, I don't know about this. I know the same as the Master. For the safety of the Master and to consolidate the status and power of the Master through marriage, Mr. Chang persuades Miss Nie to leave the Master."

Without concealing his anger, Qin Ming asked directly: "Are you loyal to your foster father or loyal to me?"

Song Ying was shocked. This was the first time Qin Ming was angry with her, but it made her even more embarrassed.

She immediately said, "Master, I was not there at the time. Only Chang Lao and Feng Dongxiang were talking to Miss Nie at that time."

After Song Ying finished speaking, she said anxiously, "Master, I am completely loyal to you. How do you want me to prove it? Without your presence, Master, I would not be selected from the training camp. I passively accept orders every day. , To carry out assassination missions all over the world. Precautions, that is not the life of people at all."

Qin Ming said: "Use your own method to prove to me that one day I violate the order of my foster father, and you will stand on my side."

Song Ying's heart tightened and said sadly: "Master, you still don't believe me?"

Qin Ming's face was so gloomy that he had to question Song Ying, saying, "The birth of a lie usually requires more lies to cover up the truth of the matter. Once a lie is exposed, a domino-like collapse will occur. All seemingly normal daily routines will be reversed. I don't want me to become like Fu Hongxue and do something meaningless."

Song Ying didn't know what Qin Ming's words implied or who Fu Hongxue was, but she smelled some of Qin Ming's thoughts.

She asked back: "Young Master is concerned that Chang Lao deceived you about Miss Nie? Think I am also Chang Lao arranging to monitor your chess piece, Young Master?"

Qin Ming had this idea. He trusted Song Ying because he had always trusted Chang Hongxi.

But now that Chang Hongxi is deceiving him, he is very likely to send someone to monitor Nie Haitang. Isn't that the card owner's life? Suddenly one day Qin Ming became disobedient. He pointed a gun at Nie Haitang and asked Qin Ming to be obedient. What could he do?

Although Chang Hongxi is going to die, he is old enough to give him great wealth and arrange for him to go on a blind date with the Zhao family in order to help the lord Qin Ming consolidate his power within the group, but this kind of intention to manipulate Qin Ming is Qin. Ming can't accept it.

"My fate is mine, I can't help others." This is Qin Ming's bottom line and principle. Once people can't be autonomous, God knows what unacceptable things will happen to them?

This is why Qin Ming is angry again.

"Foster father promised me only once, but he broke his promise." Qin Ming said, "Although I am not 100% sure, it is at least 80% or more."

Song Ying looked at Qin Ming. Although she could understand Qin Ming questioning her, she was still a little sad, because she really didn't have two hearts. The last time she violated Feng Dongxiang's order was also for Qin Ming.

Song Ying found a piece of information, handed it over, and said: "As the group's four veteran consultants, Feng Dongxiang recently ordered me in private to ask me for the daily life report of the young master in Guangzhou. I concealed the relationship between the young master and the women. Romantic affairs in time."

The corner of Qin Ming's mouth twitched. What is the romance between him and the women?

That's normal communication, okay?

Only occasional physical contact, wiping oil is inevitable, it is force majeure.

Qin Ming took the report and looked at it. In the past three months, Qin Ming's campus life has been compiled in detail in this report, and there is no mention of what happened between him and the Mu family.

Song Ying continued: "If the young master still doesn't trust me, I can be pregnant with the young master's child to prove my loyalty to the young master."

Puff, Qin Ming's heart spurted out old blood.

exce? Song Ying, your brain circuit is indeed a little strange, how did you think of using pregnancy to prove her loyalty?

Although Song Ying's brain circuit is a bit strange, Qin Ming can understand it after thinking about it.

Song Ying is not a spy. She is a female warrior. She has trained since childhood and is proficient in all kinds of firearms and fighting. She has slept in a cesspit, lay in a mountain of corpses, walked through a sea of blood, chased and killed enemies in the Amazon jungle, and executed in the African continent. The task, she was so emotional, until she met Qin Ming.

She does not have the spirit of sacrifice of a traditional female spy. Because she is a female warrior, she will be like an ordinary girl, caring about her chastity and the question of who she is dedicated to.

This may be the most clumsy and unexpected self-certification method Song Ying thought of in this environment.

Qin Ming put his chin in his hands, feeling a little excited, and some cheers. Why did he ask the secretary to prove his loyalty, but he did it like a confession?

However, Song Ying's performance has always been seen by Qin Ming. She worked hard for Qin Ming and cared about Qin Ming's safety.

In fact, Qin Ming was most afraid of Song Ying's double heart, because Song Ying was too important to him.

There is no one in the manor now, and Qin Ming must make a choice.

Song Ying said sadly: "Older people are suffering from cancer, and they may die at any time. Master, the only person I can be loyal is you. Once you are gone, everything I have will be lost. I am just an ordinary member of the group. Member. Assassins like me who have been cultivated, there are as many groups as there are. From the moment I was selected to play for the young master, I have been tied to the young master. If I leave you, then it will be nothing. ."

Qin Ming looked at the sad Song Ying, with tears in his eyes, and his heart was greatly moved. He felt Song Ying's anxiety, and she eagerly wanted to explain it clearly.

Qin Ming got up, walked to Song Ying's side, reached out and gently wiped the tears from the corners of her eyes, and said softly, "I believe you. Even if you leave me, you are still you, beautiful and smart, and an excellent secretary who can do it. Don't be presumptuous. ."

Song Ying's body shook, and tears suddenly fell, and Qin Ming's trust and praise made her grateful again.

Song Ying couldn't help but leaned her head on Qin Ming's shoulder, choked up and said, "Master, I will never betray you, I swear by my life."

Qin Ming couldn't help but hug Song Ying, caress her gentle back, enjoying her fragrance.

After a while, Song Ying calmed down, and Qin Ming said: “Xiaoying, now you help me contact my foster father.”

Song Ying asked worriedly: “Since Young Master has become suspicious about Ms. Nie’s affairs, don’t you worry that Chang Lao has other attempts to Young Master?”

Qin Ming pondered for a moment, and said, “I have my own score, so you can contact me.”

Song Ying immediately replied: “Yes, I will contact Chang Lao immediately.”

## Chapter 463

On the communication screen of the computer in the study, Qin Ming saw Chang Hongxi plugged in the tube in the hospital bed, and an old white housekeeper next to him handed him medicine.

Qin Ming asked worriedly: “Foster father, has his body deteriorated again?”

Chang Hongxi said weakly: “We can’t die for the time being. We also have many advanced biopharmaceutical technologies in the world. We can live a day as one day. What can I do if you suddenly find me? I heard that you rejected Zhao Yuxin’s blind date. Suddenly broke into her room?”

Qin Ming calmly said: “That was a misunderstanding. The main thing is that she is not the type I like. I don’t like good girls. I like independent women like Nie Haitang. Her smile is very good.”

Chang Hongxi was silent for a moment, and said: “You should forget her, after all, she is easy to become a target to threaten you with this. I know you, you are a person of love and justice, you would rather have a woman than be rich and dominate the world’s wealth. , This is actually one of my dislikes about you.”

Qin Ming said, "Foster father, you arranged for her to go. I didn't see it. Didn't you do anything to hurt her?"

Chang Hongxi said: "No, she is an ordinary person, why should I embarrass her. I still said that, make a good blind date, even if you start to fall in love with a girl from the Zhao family, when you formally take over, the resistance will be much less. Immediately, Feng Dongxiang will arrange a second blind date with the Zhao family, so please don't mess with me."

Qin Ming responded and said some more gossip before breaking the communication.

Song Ying had been standing by her side, and seeing Qin Ming not speaking for a long time, she asked, "Master? You don't believe in Chang Lao? Should I go to Beijing to find Miss Nie?"

Qin Ming suddenly said, "No, if my assumption is correct, then there must be many people around Haitang staring at him. Once I act rashly, what will happen to the foster father's side. You give me a task to Qi Mingxun and ask him to give him to the foster father. Submit an itinerary, um... education investment, investment plans for major schools in Beijing. As the representative of the Universe Century Group, I will visit each school to express condolences. It is best to meet and exchange activities with students from each school. The purpose is to raise my profile in the education world and try my foster father's reaction."

After speaking, Qin Ming stopped again and said, "If I make a mistake, it's just a false alarm and a trip for nothing, and it's not a loss."

Song Ying nodded and said, "Yes, I will do it right away."

Qin Ming bit his lip, fingers right, and stared at the study door without focus.

Qi Mingxun used to be the chief of commerce in the northern Dongshan Province. He was in charge of the development of many rare metal deposits and the transportation and logistics of the entire Dongshan Province, as well as many pharmaceutical and investment companies.

Currently investing in education is a good excuse.

The most important thing is that Qi Minghui is young and different from the leftover management team like his father Qi Yundong. He is unfamiliar with Chang Hong. It was Qin Ming who was appointed as the head of the entire North China region before long, that is to say, Qin Ming's own.

After Qin Ming had lunch with Song Yingcai, Qi Mingxun replied that his proposal was rejected by Feng Dongxiang. The reason was that Qin Ming still needs to finish his studies and is going to have a blind date with the Zhao family soon, so it is not suitable to go to Beijing. city.

Qin Ming looked at the tablet computer Song Ying handed over, bit his lip, and said, "Xiaoying, don't do anything for now, everything is fine."

Song Ying nodded and said, "Yes! Master."

At night, Qin Ming returned to Mu's house. For Mu's house, Qin Ming's mood was very complicated. He touched the poisonous snake wound on his wrist, which was already scarred.

Aunt Fang saw Qin Ming coming in and said happily: "Hey, my uncle is back, just now the eldest lady and the second lady were still discussing whether or not my uncle will come back for dinner."

Qin Ming scratched his face and said, "I will eat here tonight."

Qin Ming came into the house and found that Mu Hao and Xu Shulan were studying to buy a villa for Mu Xiaoqiao in Beijing to make it convenient for her to live. He felt sorry for her daughter to sleep in an apartment every day when she started a business in Beijing.

While Mu Hairan was singing with Granny Mu, the old couple were very kind.

But Qin Ming knew that Mu Hairan still had a small person outside, and he had seen it in the hospital last time.

Mu Sichun looked at Qin Ming and leaned forward, holding Qin Ming's hand and said, "Qin Ming, are you back? I was just about to call you."

Snapped.

Mu Xiaoqiao knocked off the hands held by the two of them, pulled Qin Ming over, and said, "Mu Sichun, wash my hands and eat. My husband won't sleep in the dormitory these past few days?"

Qin Ming nodded and said, "After eating, I have something to tell you."

Everyone's heart moved, and I don't know how, Qin Mingyi had something to say, everyone in the Mu family thought that Qin Ming was leaving the Mu family.

Last time the two got divorced, Mu Hao and Mu Hairan thought it was irreversible, and even tried to get Mu Sichun to develop with Qin Ming. As a result, the two returned from Xiangxi and their relationship became much better, which made the two fathers and sons regret it. Endlessly, because Mu Sichun seemed to be nagging Qin Ming day by day, thinking about Qin Ming, more than before, has caused Mu Xiaoqiao's dissatisfaction.

After the meal, Qin Ming and Mu Hairan discussed their knowledge, and Mu Hairan also knew that Qin Ming had worshipped Zhang Quanzhen as a teacher, which was very surprised.

Because Zhang Quanzhen never accepts disciples, he also said that he would not accept disciples. Any fear that there will be no one to inherit after death is a lie to him.

Mu Hairan was very pleased that Qin Ming was able to become Zhang Quanzhen's apprentice, and he also urged Qin Ming to study hard, because Zhang Quanzhen was the best student taught by their great teacher Zhao Demin, and he was very capable.

Qin Ming also wanted to ask some things about the elders before, such as gossip about what kind of woman they thought back then, what caused the brothers to turn against each other, and what kind of romantic figures the other three were like back then.

But Mu Hairan concealed and changed the subject, talking about economy and people's livelihood.

Qin Ming didn't know anything about it. After chatting for a long time, he didn't inquire any gossip.

When Qin Ming returned to the study, Mu Xiaoqiao was working on the company's files, but Mu Xiaoqiao's mood was very calm.

Mu Xiaoqiao looked at Qin Ming and asked, "What do you want to tell me?"

Qin Ming scratched his head and said, "I want to discuss the matter between you and Nie Haitang..."

Mu Xiaoqiao's expression was stunned. There was nowhere to put the files in her hand and she was holding on tightly. She knew that Qin Ming and her would always face this problem, and there would always be a conclusion if they should let go or not.

If you don't understand clearly, the relationship between them cannot move forward.

Mu Xiaoqiao took a deep breath and said, "Okay, it's time to make it clear."

At this time, outside the study, Mu Sichun tiptoed to the door, her ears close to the door wall.

Mu Sichun was very concerned about whether Qin Ming was going to divorce her sister again. Before, she would be very excited to hear that the two divorced. She didn't want Qin Ming to leave Mu's house. She thought Qin Ming was a good brother-in-law.

Now I am not excited, and I even feel that since the two have conflicts, they will divorce, and there is no happiness after being reluctant.

Mu Sichun murmured in her heart: "Although my brother-in-law is a scumbag, except for the emotional scum, everything else is okay. It's a good-quality guy. You should be able to get a divorce this time?"

Mu Sichun was ecstatic, sticking to the wooden door like a sticker, eavesdropping on the conversation between the two inside.

The two people in the study chatted for a long time.

Mu Sichun's expression was surprised at first, then frowned, and then showed joy, and then became puzzled again. After a while, he raised his cheeks and said bitterly, "Hmph, Qin Ming, you are too kind." Come on, change me, I want it all."

## Chapter 464

The next morning, Mu Xiaoqiao wanted to go back to Beijing to continue working hard. He booked an early flight ticket and left, but after Qin Ming sent it off, he continued to return to school for class.

As soon as the four of them sat down in the dormitory, Zhao Liniu said, "Qin Ming, you can do it? I didn't go back to the dormitory last night. When I came back in the morning, I didn't believe you if you told me that I didn't sleep with any woman last night."

Qin Ming hooked Zhao Liniu's arm and cursed, "Brother Niu will die if you don't tell me?"

Zhao Liniu laughed and said, "I will die of jealousy if I don't say it. Say, which woman's blood will be taken?"

Suddenly, Liang Shaoyong said: "Hey, don't make trouble for the two of you. I have something to discuss with you. I want to go to a foreign company in Beijing for an internship."

The other three were surprised, and said in unison: "Didn't you say that Qin Ming (I) will take up the job? What internship are you looking for?"

Liang Shaoyong said: "My girlfriend, she almost made her financially and financially empty last time. Thanks to Xiao Ming, nothing happened to her. But her parents asked her to go to work with relatives. It is safer. She arranged a company for her relatives in Beijing. I was still worried about her, so I wanted to follow it."

Liang Shaoyong patted Qin Ming on the shoulder and said, "Brother, when I can't get along, come to you again. Don't despise me when that happens."

Qin Ming packed the ticket and said, "Of course not. But what about your credits?"

Liang Shaoyong said: "It's okay, self-study, and come back after the exam. Now many people are like this. They don't hurry to find a job after the senior year. After a year, there is no class at all, and it will be too late to find another job."

When Qin Ming heard Liang Shaoyong and Zhao Menghua go to Beijing, he immediately aroused the idea of asking him to help Nie Haitang, but he quickly dispelled the idea.

The six-year-old sent two younger brothers, and they were all killed. He didn't want his good brother to die because of this.

Qin Ming has other arrangements for going to Beijing to find Nie Haitang, and he will move soon.

At noon, a group of people went out to have a practice meal and said goodbye to Liang Shaoyong.

Qin Ming wanted to go to the supermarket to take a look at his elder brother Qin Chaoyang, and by the way, he gave him a sum of money to take home.

Qin Ming wanted to speed up Qin Chaoyang's career development and let him control more enterprises and wealth. After the province was saved, his inheritance failed, and his family had nothing.

However, on the way, I saw that the small supermarket of Zhao Fugui's house was clearing goods. There was a red paper for rent at the door. Obviously, it could not be operated anymore. It was originally a convenient place to occupy a good location and had a bad attitude towards students and customers. Now everyone has a better place. For his needs, he won't go to his small supermarket anymore.

Qin Ming was secretly delighted. No wonder that Zhao Fugui feels a little bit stretched recently, but Yang Wei seems to be worse than Zhao Fugui. After the business of Yang Wei's family plummeted, the living expenses were almost the same as that of ordinary people, only one or two thousand a month. , Completely lost the previous lavishness.

I heard that Yang Wei's second-hand Audi was also taken back by the family. There is no weapon for picking up girls at all, and it is not good to be honest every day.

Although Qin Ming saw it in his eyes, he didn't want to take care of these things.

Qin Ming was passing by, but suddenly someone was blasted out of the small supermarket. Wasn't it Yang Wei?

Then Li Meng hurriedly followed out and went to reach out and pull Yang Wei up.

In the small supermarket, Zhao Fugui held a broom and yelled, "Cao Nima, did you eat and drink for me before? Are you embarrassed to ask me? Li Meng, you slut, mixed with Yang Wei again, good horses don't look back. Grass, are you ashamed?"

Li Mengyi rightly denied: "I'm not with Ah Wei! Zhao Fugui is your owed money, what happened to me helping Yang Wei? He is a fellow of Qin Ming, so I want to help him. Zhao Fugui, please have dinner. It's the money you voluntarily donated, and Awei borrowed your money and agreed to repay it."

Yang Wei also yelled: "Zhao Fugui, don't you think how long you can jump, look, the big supermarket opposite, it was opened by Qin Ming's brother, Qin Ming ate you to death, he is still me Fellow, I grew up wearing a pair of trousers with him. You must pay me back today. I borrowed 10,000 yuan from you last month and I must pay it back."

These two will actually become enemies for ten thousand yuan? It's really Feng Shui turns around.

Hey, I used to not frown at 30,000 to 20,000 a month.

Qin Ming looked at those three people, who were also classmates he had known for many years, and he didn't want to care about these people at all.

He ignored him, left directly, went to the supermarket's office to find Qin Chaoyang, but was told to go to a meeting to study, which made Qin Ming feel empty again.

Qin Ming had no choice but to leave the supermarket first, and found that at the door of Zhao Fugui's opposite, Yang Wei was severely beaten by Zhao Fugui and a few workers.

Li Meng yelled from the side: "Don't fight, you guys don't fight."

Qin Ming looked funny and didn't want to take care of these people's affairs. He felt that he is now different from the past. He has a higher level. He doesn't need to be involved in this trivial matter of school life. .

He now needs to prepare a proper plan to find Nie Haitang in Beijing, without letting Feng Dongxiang, an old fellow stare at him day by day, always forcing him to go on a blind date with the Zhao family.

Qin Ming is a little skeptical. As the four major consultants of the group, he is also a veteran member who governs the business docking on all continents and serves the big boss. Why does Feng Dongxiang care too much about the Zhao family?

"Should the foster father hate the Zhao family the most?" Qin Ming wondered: "Why can't I see Feng Dongxiang?"

Qin Ming thought as he walked. Li Meng was looking across the road. He was impatient and finally caught the opportunity. Why didn't Qin Ming care about her at all?

Isn't he always the softest-hearted? Are you most uncomfortable with unfairness on the road? Why are you turning a blind eye to things here today?

Li Meng's thoughts turned sharply: "It was hard to repair the relationship with Yang Wei, and he also encouraged him to turn against Zhao Fugui, in order to create a way of looking at me and Yang Wei being bullied, Qin Ming, you just watch me and Yang Wei being bullied?"

The so-called not breaking or standing, Li Meng contacted many enthusiastic people in the volunteer community, and also learned a lot of humanity. She realized that after her relationship with Qin Ming was completely broken, it could be re-established, but some opportunities were needed.

Yang Wei is her chess piece. She used to be so annoyed that Yang Wei wanted to take advantage of her day by day and was reluctant to spend money on her, so she used Zhao Fugui to beat Yang Wei badly,

and then used Yang Wei as a springboard to re-establish a relationship with Qin Ming. , Not to mention the restoration to the past, even if it is close to Zhang Xiaoyan's relationship, it is a victory.

Li Meng watched Qin Ming go farther and farther, his heart slammed, rushed up to block Yang Wei, and then Zhao Fugui knocked it down with a stick.

Originally hitting Yang Wei's butt, there was a lot of flesh, and he was not afraid of killing people when he was ruthless.

As a result, on Li Meng's head, she was directly hit by Zhao Fugui's head.

"Ah!" Li Meng let out a tragic scream, suddenly the world turned, blood shot out from his forehead, and he fainted directly on the ground.

"Wow!" The surrounding crowd screamed when they saw this scene. Is this the rhythm of killing people?

Yang Wei was also shocked. Li Meng was only accompanying him to collect debts, but he was beaten with a stick by Zhao Fugui for him? Is this true love? After all, they had been better for more than ten days, although they could not sleep together, but fortunately they took a lot of advantage.

Qin Ming was attracted by this cry, and when he looked back, he already saw Li Meng collapsed in a pool of blood.

Qin Ming hurried over, pushed aside the crowd, looked at Li Meng's wound, shocking, he yelled at Zhao Fugui who was in a daze: "What's wrong with Zhao Fugui? Isn't it only 10,000 yuan? Is it necessary to use this ruthless hand?" "

Zhao Fugui said: "No, I, I didn't want to hit her, she rushed up suddenly."

Yang Wei said: "Qin Ming, say so much to do, take Xiao Meng to the hospital."

Qin Ming couldn't help but watch the reformed Li Meng die, and immediately let Along drive to the hospital.

After the car hit the road, Li Meng slowly opened his eyes, and he was extremely excited as he watched this luxurious Big Run. Is this Qin Ming's financial resources? There are full-time drivers?

Li Meng closed her eyes again and endured the pain. She wanted a full set of acting and couldn't show her stuff halfway. She used to be too naive to fail all the time.

At this time, Aaron in the driver's seat asked, "Master, isn't it a plan to go to Beijing today?"

Qin Ming glanced at Li Meng, who was lying on her thigh with blood on her forehead, and sighed: "A classmate, it's still my first love. I can't save you from death. Let's talk about that tonight."

Li Meng was startled: "Master? Go to Beijing? How did Qin Ming become a master? Good you, Qin Ming, hide it deep enough. I was too naive in the past and I didn't cherish you well. I will let you in the future. I love it to the death, hehehe."

## Chapter 465

In the emergency room of the hospital, Li Meng endured severe pain and tinnitus. He opened his eyes and looked at the doctors and nurses around him. Even Yang Wei and the school counselor came, but Qin Ming was the only one?

Qin Ming left the man when he left?

Li Meng's anger, is she not attractive anymore? She obviously had a good makeup today and was confident of her beauty. As a result, Qin Ming didn't stay for her any longer.

If you change to the former Li Meng, you may be furious, but now Li Meng smiled triumphantly: "If I don't want a child to catch a wolf, I sacrificed my head. How do I know that you, Qin Ming, hid so deeply? Anyway? There will be opportunities in the future. People like Yang Wei, Zhang Xiaoyan, and Zhao Liniu are all your friends. If you care about your friends so much, I always have the opportunity to get acquainted with each other."

Yang Wei watched Li Meng laugh suddenly, and asked worriedly: "Xiao Meng, what are you laughing at? You won't be beaten stupid, will you?"

Li Meng immediately hung a cordial smile and said, "No, it's okay. I didn't expect that I was injured and admitted to the hospital. I was very touched by so many people coming to see me."

In fact, Li Meng cursed in his heart: "Of course I laughed at Yang Wei, you idiot. I took advantage of it and was beaten by Zhao Fugui, hahaha."

Yang Wei said moved: "Xiaomeng, I am so touched, thanks to you blocking the stick for me, it turns out that you are so good. I didn't treat you well before. I was so blind."

Li Meng was also annoyed and regretted in his heart: "Yeah, I was really blind before, how could I dislike Qin Ming? He is handsome, and sleeps with him comfortably. The key is to hold me in the palm of my hand like a princess. Still a rich man who hides deeply."

"Ha ~ sneeze." Qin Ming at the entrance of the hospital sneezed and muttered, "Who is thinking of me? Oh, what a handsome girl is thinking about."

Qin Ming rubbed his nose and was at the door of the hospital at this time. He ignored Li Meng's affairs. He rescued Li Meng out of humanitarianism and didn't want to pay attention to anything else.

He was about to leave, and Yang Wei chased him out from behind.

“Aming, wait a minute.” Yang Wei called out. This was what Yang Wei called Qin Ming before going to college. After all, the two of them had grown up wearing a pair of crotch in a fight.

Because Qin Zhiguo was poor before and worked for Yang Qiangjian. Whenever Yang Wei didn't wear clothes, he would pack them and give them to Qin Zhiguo. Qin Zhiguo would wear them to Qin Ming and save a lot of money.

However, the relationship between the two changed after going to college.

No one in the university bullied Yang Wei anymore. Instead, the wealthy Yang Wei became so popular that he was very popular. A poor boy like Qin Ming was ridiculed instead.

Yang Wei used to have low self-esteem because he was often protected by Qin Ming in Baishui Town and was ridiculed as Qin Ming's follower. This is why he wanted to get rid of Qin Ming's shadow.

Qin Ming looked back, Yang Wei was still the same Yang Wei, and his eyes always showed unconfidence and timidity. This was also the reason why he was bullied. As a man, how could he not be confident?

Qin Ming asked back: “What's the matter? I don't have money to pay for medical expenses? Don't worry, Li Meng's parents will pay for it. If you want to send me gas money, then forget it, a classmate.”

Yang Wei shook his head and said, “I, I want to borrow money from you.”

Qin Ming wondered: “Borrow money? Your home environment is so bad? There is always deposit, right?”

Yang Wei smiled bitterly: "Don't laugh at me. Don't you know what is going on in my family? Your parents should always tell you something, right?"

Qin Ming stunned: "I really don't know, my dad never told me."

Yang Wei sighed and said, "The factory originally had seven or eight workers, but now only your dad is left. Because of offending major customers, the business here in Guangzhou has been cut off, and manufacturers in other places have lowered their prices so much. Coupled with competition from the same industry, now our auto repair factory has a bunch of parts and can only rely on repairing cars for some regular customers in the town, which is long gone."

Qin Ming was sad, this seemed to have something to do with him.

Yang Wei said, "Aming, it's better for your family. Uncle Zhiguo insisted on our factory, and voluntarily reduced the salary. Brother Chaoyang also borrowed 10,000 yuan from me and asked me to send me home for emergency, but it was not enough. The shortfall in working capital for China is quite large. It needs 200,000 yuan to be enough, and now it is still 50,000 to 60,000 yuan short. I want to help my family collect this money."

Chali, Qin Ming was speechless to his honest old father when he heard this message.

However, he is not good at evaluating matters between his parents.

Qin Ming was silent for a moment, and said: "I'm sorry, I have no money, is there nothing else?"

Borrow money? Qin Ming would not be confused by a few affectionate polite remarks.

Yang Wei bit his lip and said, "I know I have done a lot of sorry things before, because I am jealous of you, jealous of your ability, jealous of your talents, jealous of you in Baishui Town. So I want to use

money to beat you. I want to sit on an equal footing with you, even surpass you. Now think about how naive I was before, and I have done so many things that hurt you, I'm sorry, Amin."

Qin Ming's heart moved. He and Yang Wei were fellows, and they grew up playing together. In the past, Yang Wei was his little brother and follower. It was fake to say that he had no feelings. The brotherhood has been so deep for more than ten years.

Moreover, Yang Wei mainly laughed at Qin Ming, to highlight his emptiness in his heart. As a human being, the more he lacks, the more he likes to curse.

Qin Ming patted Yang Wei on the shoulder, and said: "I remember the past. But I am thinking about the face of Uncle Yang, and I don't want to become a feud. You can do it yourself, don't mix with Zhao Fugui's dude second generation."

Qin Ming turned to leave, Yang Wei stopped him again, and said, "Aming, I have another thing about Nie Haitang. If you want to hear it, I can tell you."

Qin Ming stopped immediately, can this be an unexpected gain?

"Say." Qin Ming suppressed the excitement in his heart, rubbing his fingers non-stop, but he asked calmly on the surface.

Yang Weilue was surprised. He didn't see Qin Ming excited. Doesn't he care about Nie Haitang?

Yang Wei said, "Didn't I have a girlfriend from the University of Arts next door? She has an older sister who used to be Nie Zhengming's girlfriend. Was the company taken away? At that time, Nie Zhengming broke up with his girlfriend and tried to marry the Mu family, but the Mu family refused."

Qin Ming nodded. He was still impressed by this. The two brothers and sisters worked hard to save the family business, and even wanted to sacrifice their own happiness.

At that time, Qin Ming and Nie Haitang were not in a relationship, they just had a better relationship.

Yang Wei continued: "Before my girlfriend broke up with me, I met her sister. Her sister said that after Nie's family went bankrupt, she had taken refuge with relatives in Beijing and wanted to start all over again in Beijing. Her sister also had a relationship with Nie. Zhengming got back together and met Nie Haitang. I heard that Nie Haitang is still studying at Tsinghua University."

"Guru." Qin Ming swallowed, this is definitely the most valuable information.

He has already set off a stormy sea in his heart, and the crowd is looking for him a thousand Baidu, who is in Tsinghua University? Turtle, seems to be studying at a higher-level institution.

The relatives of the Nie family are really deep enough.

Yang Wei said, "I don't know if I can help you, so be it."

Yang Wei walked back to the hospital and suddenly his cell phone rang. He picked it up suspiciously. Qin Ming transferred him fifty thousand! !

Qin Ming also left a sentence: "I borrowed this money from you, remember to pay it back."

Yang Wei was madly surprised, and he immediately ran to the entrance of the hospital, but where was Qin Ming half traced?

Yang Wei suddenly collapsed and burst into tears. He knelt at the door of the hospital holding his mobile phone and said, "Brother Ming, you will always be my brother. In the past, and always will be. I was blind before, Yang Wei, don't have a good brother like you, I have to mix with the second generation dudes of Zhao Fugui, ah ah ah..."

At this time, Qin Ming, who was already in the car, received two pieces of information on his cell phone. One was Li Meng's greeting, which he ignored, and the other was Yang Wei's thanks.

Qin Ming smiled and put away his phone. He was in a good mood and finally found Nie Haitang.

This is really a windfall.
