

Chapter 511

The abnormal behavior of Mrs. Cao surprised everyone at the scene.

Wei Guoping looked at Qin Ming now. He wore sunglasses, and he was pulling him two to eighty thousand at a young age. He didn't like Qin Ming anymore.

Wei Guoping put the words down directly and said: "Old Cao, I have brought the message. Give me the message as soon as possible. I will also go to the hospital to pass the message to the young master. As an old friend, I advise you to do it when you decide. Your Cao family relies on our Qin family a lot, and the benefits can be brought back little by little."

Old lady Cao hummed heavily and said, "Not everything can be measured with money."

Wei Guoping said: "However, being rich is great."

Wei Guoping, a visitor from the Qin family, left, and the old lady Cao slumped directly to the ground, looking at the bodyguards who had been beaten with bruises and swollen faces, waved impatiently, and said, "Get out of here, please come for a little bit for the high price. No."

"Oh..." Boss Cao sighed, looked at Qin Ming, and asked, "Little Brother Qin is really Zhang Zhenren's disciple?"

Qin Ming pretended to be advanced and deliberately pushed his sunglasses, and said, "Of course, if you don't believe me, you can verify with my master, can I make fun of this kind of thing? Can ordinary people use my master's identity to deceive? If you have a deep friendship with my master, I'm joking, don't you want to die? As long as you listen to my arrangements, the Cao's family will definitely be transferred to eliminate disasters."

The two heard what Qin Ming said with some certainty.

They really need a strong man to help them, thinking that Qin Ming is Zhang Quanzhen's apprentice, and they have a little confidence.

Old lady Cao said: "Brother Qin, what you said last time is really not true? I'm not afraid that you laughed, you have also seen it, our Cao family is like this now..."

Boss Cao also said: "Right, yes, can this happen? Qin Xiaoge, you have a lot of talent for Zhang Zhenren, we don't have to worry about doing this, because we are afraid that the spirit will not work."

Qin Ming smiled faintly: "Sincere is spirit. I expected you to have this catastrophe. I have already selected the candidate for you. She is a woman. The other party's character is excellent, and this year is also a Tai Sui star sign, and she is very lucky."

Boss Cao said immediately: "That's okay, I can accept as a righteous daughter."

Qin Ming was full of nonsense, and said: "This matter can't be taken by boss Cao as a righteous daughter, you must have Old Lady Cao, because your Donggong star is weak, your age is dim, and you have no luck. Old Lady Cao is different, the master of Beidou, Wealth and glory are in harmony with each other's eight-character fate and complement each other, and can help you Cao family transport.

Qin Ming played so hard, in fact, they all read it back in the book.

But the Cao family is so troublesome now that everyone who can ask for help is anxious, even if the old lady doesn't believe it in her heart, she is in a hurry to go to the doctor.

She said, "Little Brother Qin, I might as well adopt as an adopted daughter. What is the character of the other party? Will you agree?"

Qin Ming said: "I don't know if the other party agrees or not. I just helped you find a candidate who meets the conditions. I also waste a lot of effort. I don't have time to talk with the other party. You have to talk before it counts. As for character, this Cao Don't worry, old lady, I think it's okay, not too bad."

Boss Cao became a little unhappy, and said, "Isn't that the same generation as me? She doesn't need to have inheritance rights, right?"

Qin Ming said: "This can be distinguished by writing a thing when confessing the righteous daughter. Moreover, after all, it is the recognized righteous daughter. Is Boss Cao afraid?"

Boss Cao gave a dry laugh, really afraid that there would be any lawsuits and scandals over family property in the future.

The old lady Cao nodded and said: "Brother Qin, you have seen it too. The old Qin family in Haishi is aggressive, relying on his wealth and strength, and a profound background. This time we are all dependent on you. If you fail, you can inform your master."

The boss in Qin Ming's heart was upset, so he still didn't believe us? He wanted to pull Zhang Quanzhen out through him, but Qin Ming would not allow this to happen.

Qin Ming stood up and acted like a veteran god stick in the TV series, and said: "Mrs. Cao, don't worry, although my Taoism is not as good as a master, I still have enough to deal with such small problems. Go back and prepare first. Bill, glutinous rice, incense, three clear phases, peach wood sword, rooster blood, talisman paper, cinnabar and other methods of practice. Tonight I will bring someone over to practice, and at the same time you recognize a goddaughter."

After the negotiation, Qin Ming left.

The two mothers and sons were sitting in the private room, staring wide-eyed.

Boss Cao asked: "Mom, do you see Qin Mingcheng not succeeding? Is this "happy luck" really so amazing?"

Cao Lao took a sip of tea, and said, "I'm not too good to say this. Do you know why this ordinary Qin Ming became a wooden frame son-in-law?"

Boss Cao shook his head: "Maybe the Mu family is relatively low-key? Miss Mu likes ordinary types?"

Mrs. Cao said, "How can it be. At that time, Mu Hairan was seriously ill and was in danger. She could not be cured even after going to the Nanshan Nursing Home. At that time, it was Zhang Zhenren who came up with the idea and found this Qin Ming. Then after Qin Ming entered the family, Mu Hai Ran's illness has recovered, the Mu family brothers' internal fighting has also been exposed, and the Mu family's crisis has passed. You said, is it magical?"

Boss Cao rubbed his hands and said, "Then you have to try before. If it fails, you will force the Zhang Zhenren behind him to take action. The friendship between Zhang Zhenren and the Qin family can be solved without doing anything."

"It can only be so." Old lady Cao sighed silently: "I hope this little brother Qin can surprise me."

In the afternoon, Qin Ming came to Chen Muling's hospital.

My good friend Zhao Menghua is not there, Chen Muling is still alone, and the family doesn't care about her much, and Qin Ming looks a little pity for her.

I remember that last semester, she was driven by a rich second-generation Luo Shaoqi to take a Ferrari for a drive. As a result, Luo Shao didn't buckle her seat belt and died in a car accident. The Luo family was also very powerful in Guangzhou, and Chen Tian had no choice. To force Chen Muling to marry, and to force Chen Muling to lose his life.

At that time, as a father, Chen Tian didn't intend to save his daughter, but Qin Ming helped.

Now Qin Ming looks back, does Chen Muling rarely feel the warmth of family affection at home? If so, that's a poor man too.

Suddenly, Chen Muling stroked his hair while arranging his face, and said to Qin Ming who was looking at the door: "It's there when you arrive, why are you standing at the door?"

Qin Ming smiled in his heart, is this girl hurriedly tidying up her makeup? Love smelly.

Qin Ming looked at Chen Muling, his complexion was much better today, and he was still so pretty.

He said: "The woman I asked to come here, she helped me, your business has changed, and I will take care of the remaining trivial matters. Don't worry, your family will be fine soon."

After Chen Muling heard it, he gave a cry, looked at Qin Ming, suddenly blushed, and covered her chest with her hands subconsciously. When she was in the hot spring, Qin Ming's hand reappeared on her chest, and her cheeks were shy and shy. Difficult.

Chen Muling bit his lip, lowered his head, and thought to himself: "It's obviously you, you're a liar."

But knowing what happened, Qin Ming sacrificed her life to save her. Afterwards, she still misunderstood Qin Ming. Qin Ming came to rescue her again this time, wearing women's clothing, and didn't want to be misunderstood.

When she thought of this, Chen Muling felt that she was terrible. It was unreasonable. He repeatedly misunderstood Qin Ming again and again, but Qin Ming always rushed to the front line when she was in trouble.

When she thought of this, she felt that her heart was throbbing faster, and she had no bad impression of Qin Ming at all, but she had a good impression on Qin Ming.

She asked again anxiously: "My house is okay, what about me? Am I going to be the girlfriend of that rich man?"

Qin Ming shook his head and said, "You need to be a righteous daughter for the old lady of the Cao family. The Cao family is a wealthy family in Guangzhou. With great luck, it can help you eliminate calamity and protect you. Then you have trouble this time. It's over, and there will be good luck in the future. However, you become the righteous daughter of Old Lady Cao, and you may do something for me in the future."

"Huh?" Chen Muling was stunned. What kind of operation was this?

Chapter 512

"I, what can I do for you?" Chen Muling heard Qin Ming want her to do something, and he didn't reject it. She was already grateful that Qin Ming could help her without leaving a name.

Qin Ming said with a smile: "It's nothing, that is, my elder brother built a trading company, Chaoyang Group, and many alumni of our school have also gone to work there. If you want to make a big difference, it is always difficult to start a business. Becoming Granny Cao's righteous daughter, there will be more resources and conditions. If you have a chance in the future, you can help my brother's company as much as you can to repay me for this small favor."

Qin Ming actually didn't have much thoughts, and he was a friend when he came to help Chen Muling.

Second, do some "dharma affair" to enhance his "fame" in his circle, perfect his identity as a god stick, and at the same time make a little profit, it is simply the best of three things.

This is also described in Zhang Quanzhen's autobiography, but the difference is that Zhang Quanzhen did not have any power of his own in his early years, and he relied on "borrowing force" to achieve his desired goals through the help of friends.

And behind Qin Ming is the global super corporate empire, the Universe Century Group, which has completed the most difficult step.

Chen Muling said immediately: "This is not a small job, it is a big, very big job. You saved me three times, and I remember it all."

Qin Ming smiled faintly: "No, I asked that friend, she is a big sister, enthusiastic, she owes me, I will actually tell you."

Chen Muling snorted, "Big liar."

She looked at Qin Ming and found that she couldn't see through this person at all. She obviously didn't want to approach her, but she was able to come forward at a critical moment, completely unaware of what Qin Ming was thinking.

Chen Muling looked at Qin Ming and suddenly felt a heartbeat. She had an accident this time and there was no friend around her. It is said that they were all afraid of the Cao family. In the end, only Zhao Menghua, who had the best relationship, came to see her, and Qin Ming was the second one. Look at her friend.

The so-called true love in adversity is not once or twice. Chen Muling felt that he could no longer misunderstand Qin Ming and lose this friend.

Chen Muling said suddenly: "Qin Ming, call me the number."

Qin Ming wondered: "Why? Am I not here?"

Chen Muling said coquettishly: "Hurry up and you won't suffer."

Qin Ming didn't know why, but he still dialed Chen Muling's number, and after a while the number rang.

Chen Muling didn't answer, so he immediately picked up the number and handed it to Qin Ming to see, and said, "Look, your remarks, I changed it again."

Qin Ming's heart moved. It turned out that when he saw Chen Muling's mobile phone, he remarked to him as "Slacker No. 39 Qin Ming". He complained casually, but he didn't expect it to be changed now, and it became "Ding Qin Qin Ming".

Qin Ming grinned when he saw this cute note: "I'm just running errands. I didn't do anything. I asked the big sister to help."

"Huh." Every time Chen Muling heard Qin Ming say that his women's clothing was someone else, he trembled in his heart and wanted to expose it, but he was too shy and at a loss.

Qin Ming ignored Chen Muling so much. He followed his own small plan and said, "Can you leave the hospital? I will let the Cao family pick you up in the evening. Except for the old lady Cao who asked you to be a righteous daughter, I We also have to do a ritual for them."

Chen Muling curiously asked: "Faith? Would you still be a god?"

Qin Ming said, "Ho ho, I learned from a Taoist master and mastered a little bit of Weibo. I can give people fortune-telling, transfer, and look at pictures. It's okay."

Chen Muling was stunned. She didn't expect Qin Ming to have this kind of ability. She smiled sweetly and said, "Then, then I don't need to live in Cao's house all the time? Do I need to inform my family?"

Qin Ming said: "It's up to you, you're a college student, and the degree of freedom is definitely high. The key is an identity that can protect you, and how you can use it in the future. Once you become the righteous daughter of Mrs. Cao, Cao Xiangliang doesn't dare to move you, you are still high in seniority. Since Mrs. Cao is a kind person, she knows right from wrong and will not treat you badly. If the Cao family treats you badly, tell me."

Chen Muling nodded clearly, and she believed in Qin Ming in her heart, because every time she had an accident, it was Qin Ming who settled her, and besides Qin Ming, no one else could believe it.

Qin Ming said, "Understood, then I'm leaving."

Chen Muling immediately stopped Qin Ming and said, "Hey, wait a minute, I'm here alone, it's boring, why don't you give me a palmistry and pass the time?"

Qin Ming thought about it for a while, and then relented and said, "Okay, I'll show off."

Chen Muling was immediately overjoyed when he heard that Qin Ming was willing to stay. Qin Ming was still willing to leave her time. Isn't this a kind of favor for her?

Thinking of this, Chen Muling couldn't help but become happy, and she smiled and stretched out her hand.

Qin Ming smiled helplessly. He had memorized some classic fortune-telling sentences and allusions, but he was not very good at using them flexibly. He could only hold Chen Muling's small palm, and muttered some empty big words, saying that she was middle-aged. Fate is ill-fated, and there will be blessings in the future. Anyway, it will be wealth in the future, but what conditions must be met, bullshit.

Chen Muling didn't care what Qin Ming said, but felt that Qin Ming's hand was big, strong, and warm.

She looked at Qin Ming, and in her mind it was Qin Ming who was disguised as a woman to rescue her from the danger. The two were intimately in the hot spring. If it were not for this incident, she would not know what Qin Ming did in the first place. thing.

Qin Ming clutched, how did he feel Chen Muling's body hot?

"You have a high fever? Why is it so hot?" Qin Ming stunned, reached out his hand to touch Chen Muling's forehead, scared the latter hurriedly retracted, and said shyly: "No, no, it's just a little hot."

At this moment, the nurse at the door walked in and said, "Bed 16, with a dressing change."

Qin Ming hurriedly stepped away, but the nurse said, "Oh, boyfriend is here? It just so happens that this wound is on the back. Boyfriend will come and help."

"Huh?" Qin Ming was startled, he shook his head quickly, and said, "No, I am not..."

He was about to say that he was not Chen Muling's boyfriend, and he heard another call at the door: "Xiaoli, the 8-bed patient fell into a coma in the toilet. He is an old man with insufficient manpower, so he rushed to help and rush to the emergency room."

The nurse who was going to give Chen Muling the wounding medicine responded, and then he had to hand it to Qin Ming and said, "Okay, it's not difficult for you to quickly give your girlfriend the medicine. What are you afraid of as a big man? Wouldn't it be possible to scar my girlfriend? If you don't take medicine, you will really leave scars."

After speaking, Miss Nurse ran out.

Qin Ming was injured holding the medicine, and looked back at Chen Muling. The latter did not say anything, as if you were doing whatever you wanted.

Qin Ming asked: “Chen Muling, where is your wound?”

Chen Muling blushed and whispered: “Behind, there is also the inner thigh.”

Qin Ming’s face turned dark, which embarrassed him, didn’t this lead him to commit a crime.

Chapter 513

Qin Ming looked at Chen Muling, and then at the medicine in his hand. This is really the case. It happened just now when he was left for a while?

Chen Muling didn’t know why, and he didn’t resist at all. Instead, his mind was filled with Qin Ming’s last time at the hotel hot spring. This seemed to repeat itself yesterday. It was a mistake to show Qin Ming again?

But the nurses all ran out because of other emergencies, and it was too late to explain.

But without medicine, Chen Muling can’t reach her back.

Chen Muling replied shyly: “Well, why don’t you help me with medicine, sister nurse is also very busy. I, I am also afraid of leaving scars. However, you must, you must lock the door first.”

Qin Ming grinned, there was nothing left but to help.

After closing the door, he and Chen Muling were the only two in the ward. Chen Muling unbuttoned the gown and turned his back to Qin Ming. This figure was too deadly and too temptation.

The delicate shoulders and slender arms without fat, the straight waist, the curve narrows downward, but when it reaches the hips, it opens again. Chen Muling's figure is very waistline.

As for the front?

Ahem, Qin Ming had touched it last time, let alone seeing it, and he was also very mature.

Chen Muling hugged her chest with her clothes in her hands to avoid getting naked, but she was already shy and unbearable. She muttered in her heart: "He should understand this hint? How can girls do this if they don't like boys? Qin Ming is so smart, Should you understand?"

Qin Ming didn't understand, he didn't really think about it, didn't he just put on medicine, he looked at the wound under the shoulder bone, and he stabbed a finger with a sharp object. The wound was quite deep.

Qin Ming frowned and asked, "That Cao Xiangliang made such a cruel move?"

Chen Muling bit his lip and shook his head and said, "It's not Cao Xiangliang from the Cao family. He just asked me for a phone number. I didn't give it. His little brother couldn't see it. He had a fierce attitude, so he came up to pull me at the house where we were at the time. The decoration style of the water bar is relatively punk, and many of the accessories are made of metal. I was pulled back by one of his little brothers and accidentally hit the hanging decoration on the wall of the water bar. The sharp metal stabbed me."

Qin Ming said: "His dude is not saying good things. He and the younger brother are not good things either. Leave it to me. I beg the older sister to let someone scrap the hand of the younger brother and pay you. As for that. Cao Xiangliang, later became old lady Cao's righteous daughter, and his seniority is higher than him. I promise that he will regret provoke you."

Although Qin Ming said bloody and blew loudly, Chen Muling didn't know whether it was true, but these sweet words made her excited. When she was in fear, Qin Ming comforted her in time and made her feel safe.

"Is that eldest sister you?" Chen Muling muttered with a laugh.

Qin Ming asked her while changing her dressing: "What did you say?"

Chen Muling hurriedly said: "No, nothing."

After Qin Ming took the medicine, he licked his lips, because he was standing, and he always had an advantage in his field of vision. He saw Chen Muling's chest at a glance.

Although she covered it with clothes, she only covered it. She also squeezed out a deep ditch half and half a finger. The white mountain peaks made Qin Ming hot.

Qin Ming quickly stopped looking, and said in his heart: "It's so big, so white. Cough, I can't read it anymore, she must be alert again."

Qin Ming said, "The thigh, can you come by yourself?"

Chen Muling nodded fiercely and said, "Yeah. Thank you, Qin Ming."

"A little effort." Qin Ming said with a smile: "Are we friends."

Chen Muling's heart warmed. Other friends were too plastic. She was nowhere to be seen when something happened, but Qin Ming would never be absent. She said, "Qin Ming, I misunderstood you last time. It was the Xiqu University next door. My school girl Mu Sichun, I heard that she was deliberately punishing you at the time, and I was guilty of impulsiveness again at the time, I'm sorry."

Qin Ming said: "Don't worry, I won't take this kind of trivial matter into my heart."

Chen Muling asked again: "Then you actually broke up with Nie Haitang and have been alone?"

Qin Ming said with a smile: "Well, you can say so. Don't worry, I won't force you to be my girlfriend under the pretext of helping you. How can I be so bad?"

When Chen Muling heard it, he rolled his eyes. She didn't mean that.

She was anxious: "Qin Ming, you elm head, you, you have misunderstood. I..."

But she couldn't say it directly. At this time, the door of the ward opened, and the nurse sister who had just left came back. She smiled and said, "Is the medicine applied? Doesn't it hurt? Hoho, the boyfriend's help won't hurt, right? The young man tells you that your girlfriend has been crying for pain before taking medicine. This will stop the pain. Tsk tsk, the power of love."

Qin Ming rolled his eyes and was too lazy to explain, this kind of misunderstanding had no meaning to him, and he didn't know this little nurse anyway.

Chen Muling made a red face again, but she secretly glanced at Qin Ming, and her heart moved: "Why doesn't Qin Ming refute the nurse's words? Does he still have this idea? Or is he actually panicked? After all, Qin Ming is still the same age as me. People, you must be shy when facing me, right?"

Qin Ming waited with Chen Muling until the afternoon, when the Cao family finally arrived.

An old-fashioned secretary in a suit is actually also a housekeeper in the Cao's compound. The job of housekeeping is rarely seen in ordinary people's lives. It is also seen in TV dramas, or about foreign TV dramas.

However, there are several giants in Guangzhou, as well as in the Mu family, but he is a capable and important person who still strengthens the affairs of the group.

The two parties inquired about some basic information and confirmed that Chen Muling had been willing to recognize Cao as her stepmother.

"I am Ren Shengping, the servant of Cao's family. I am responsible for welcoming Miss Seven back to the compound." The housekeeper Ren Shengping bowed slightly and said: "The discharge procedures have been completed. We have prepared clothes and various jewelry. Miss Seven needs to be notified. Are your biological parents?"

Qin Ming's heart moved. As far as he knew, Chen Muling's parents seemed to be relatively indifferent to her, and it was probably a family with stories.

Chen Muling thought for a while and said, "Just tell my parents and don't let them come. Qin Ming, did you go with me?"

Qin Ming said: "Of course, I have waited until now, I won't leave you behind, don't be afraid."

When Chen Muling heard Qin Ming's words, his heart was warm, and he put a sweet smile on him, and said, "Then I have nothing to clean up, let's go."

Chen Muling's smile suddenly stunned Qin Ming.

Girls who love to laugh are always very beautiful, like Nie Haitang at the time, this smile of Chen Muling and Qin Ming is the first time I have seen Qin Ming, and the air is full of a taste of love.

Qin Ming murmured inwardly: "How do you feel that she is a little different today?"

But Qin Ming didn't think much about it. Tonight, he has to do things and dance the Great God. It is the first time he has danced in front of many people, but he must perform well. In the rich circle of Guangzhou City, he will fight for the name of Master Qin. !

Chapter 514

The Cao's family in the old city banqueted guests today. It is a strange thing that the old Cao, who has long enjoyed family happiness, has to recognize a righteous daughter with three children and three daughters.

Moreover, there is a sacred platform at the entrance of the compound, and the three pillars of Optimus incense are burning, and the guests in the hall are all talking about this. The girl who recognizes a righteous girl must be very popular with Granny Cao, but what is the matter? What happened?

Everyday climbing mountains and burning incense, just buy a god, it seems a bit feudal superstition to do it at home.

Even the Mu family was invited on the scene, after all, wealthy family friends.

Boss Cao pulled Mu Hao and said, "Boss Mu, I have to congratulate you on this matter."

Mu Hao was taken aback, and asked, "What does it have to do with me?"

Xu Shulan also said: "Old Cao, we have been friends for many years, don't bend around, you have something to say straight."

Boss Cao said with a smile: "Your son-in-law who visits the door..."

Xu Shulan said immediately, "Ah, hey, son-in-law is son-in-law. Does it matter if you don't come to the door? My family, Qin Ming, is very powerful. He has a career and is the vice president of China in a multinational company. You are young and promising. Give me the word home."

Boss Cao sneered, and said: "Xing Xing Xing, it is Brother Qin, your good son-in-law, he has worshipped Zhang Zhenren as his teacher. Mu Hao, you don't often say that your Mu family has today's glory, and it depends on Zhang Zhenren's help. Is it? Now that your son-in-law has worshipped Zhang Zhenren as his teacher, it is gratifying and congratulating."

Mu Sichun on the side was surprised: "Uncle Cao, do you mean, is my brother-in-law doing this ritual? Tsk tsk, what is my brother-in-law doing? He doesn't go home every day, and thinks he is thinking about picking up girls all day. "

Mu Zhaoyang said: "Sister, Xiao Qin is said to be like that, Xiao Qin will not do anything to be sorry for your sister. Xiao Qin is a senior, with heavy studies and still working in a multinational company. Can you not be busy?"

Mu Sichun kept her mouth flat, recalling that she overheard the conversation between Qin Ming and Mu Xiaoqiao in the study a month ago, and hummed in her heart: "The two of them have quietly negotiated a divorce a long time ago. I kept it from you. Brother-in-law still It's not that Nie Haitang is reluctant to bear, I think she fools my sister a lot."

Mu Sichun was unhappy, and walked to the side to chat with Cao Ruiyun, whom the Cao family knew.

"Sister Ruiyun, why are you unhappy?"

Cao Ruiyun said: "Xiaochun? Alas... Look, our Cao family has already posted invitations widely, and the number of people who came is less than one-fifth of the previous ones. Those who are sent are also irrelevant people. All kinds of excuses are busy. The family is still willing to come with the whole family. Everyone is afraid of the heat. The Qin family is too strong."

Cao Xiangliang, who was on the side, hummed, "Don't you just hand it over to Qin Shou? Why are there so many things? I've shown my body, so what is it?"

Cao Ruiyun glared at Cao Xiangliang angrily, and said, "Cao Xiangliang, get out of here, not the key you gave to that beast? Why didn't you know that I was taking a bath? It was on purpose. Why do I have a brother like you? He? What benefits did the Qin family give you?"

Mu Sichun looked at him, also disgusted, and even harmed his sister with outsiders.

Cao Xiangliang said angrily: "Then what do you say? Do we offend others? I don't know who cleaned up Qin Shao's meal and ended up causing our family to be unlucky. The old Qin family in Hai City was ranked in the top five in the entire China. The super wealthy, both black and white, are respected, foreign dignitaries will be treated courteously, and the business will reach the whole world, and the network will be connected to the sky. With a few words, our Cao family's business can't go on. Do you understand? Qin Shao loves you, Isn't you blessed? After giving birth to a son, you will have the opportunity to compete for family property. Mothers depend on their children. Do you understand?"

"You!" Cao Ruiyun stomped her feet with anger, tears welled up in her eyes.

Mu Sichun hurriedly pulled the two away and said, "Sister Ruiyun, don't cry, it's not worth it. If your grandma recognizes a goddaughter today, you can transfer to Cao's family."

"This..." Cao Ruiyun sighed and shook her head: "Grandma has never been superstitious, and I don't know how this is happening now. Is there really such a thing as fate in the world? We are all educated, and we have never believed that fate is in our own hands... .."

Mu Sichun said solemnly: "No. Sister Ruiyun, isn't my family also a lot of trouble a while ago? But since my brother-in-law got married, our family has been getting better. This is Chongxi, which took my grandfather away from the illness. No more, now it's alive and well."

The two women were chatting when there was a commotion at the door.

“What are you doing? Lao Tzu lay in the hospital, and you opened arty here? When I was dead?” An arrogant and domineering rage cooled the whole lively atmosphere.

I saw Qin Shou in a wheelchair with a plaster cast on his leg and his face was obviously swollen, but his anger seemed to burn everything, and a group of bodyguards behind Qin Shou and the Wei Guoping who came to help from his home .

After Qin Shou’s anger was over, he laughed strangely: “I was beaten into the hospital. Isn’t your Cao family so happy? Hey, it’s ridiculous. Fortunately, you said to me at the beginning, don’t be polite, just be your own home. Okay, hahaha.”

Isn’t this moody appearance that Qin Shou is in an extremely bad mood? No one from the Cao family dared to come up and talk.

Old lady Cao was in the house, preparing with her goddaughter Chen Muling.

Qin Shou saw Cao Ruiyun and sneered again: “Yo Cao Ruiyun, are you thinking about it? How about being my girlfriend? If I were not thinking about you, I would never come back to this broken place, broken and broken. Your Cao family is also poor enough.”

The Cao family is relatively low-key. Guangzhou City knows that this is the old city. Naturally, many places are not as well-built as the new city. But if the Cao family is poor, it is really suffocating. How rich is Qin Shou?

But no one dared to refute him, the Qin family was indeed rich.

Cao Ruiyun was so scared that she held onto Mu Sichun's hand tightly, which made Qin Shou also see Mu Sichun, and his eyes immediately brightened because he found that Mu Sichun seemed to be more beautiful than Cao Ruiyun. The body is better and younger.

Qin Shou, who has always liked hunting beauties, was suddenly excited.

Qin Shou's eyes were straight and he was about to speak. Wei Guoping on the side noticed that the young master's old problem was committed, and immediately reminded: "Young master, everyone is watching. You must pay attention to etiquette. Your behavior must not let us Qin. Home is ashamed."

Qin Shou was warned, curled his lips, held his chin, maintained restraint, restored the hypocrisy that was placed in front of others, and had an attitude of dragging to the sky, and said: "Uncle Cao. What should I say, Wei Guoping told you at noon. I'm here tonight for an answer. I'm in the Cao's family this time, and you are fully responsible for the price difference. How should you bear this responsibility? Sometimes it's not because there are many people, and it even hurts friends."

The threat of these words is very serious. It seems that the Cao family members will also be cleaned up, and the Cao family will be driven to a dead end.

Everyone looked at Boss Cao, not knowing what his position was, but Qin Shou came to make trouble during the feast tonight.

Some people are more real, and they just take the opportunity to leave, so they don't dare to stay, so as not to be missed by the Qin family.

There were not many guests, but now there are even fewer.

Boss Cao pursed his lips and said nervously: "Qin Shao, I actually received a righteous daughter from my mother tonight, so I just set up a banquet. It's nothing special."

“Acknowledged a righteous daughter?” Qin Shou said, “Uncle Cao, do you really want to laugh at me? Do you Cao family really have spare time to do something meaningless? Okay, the old lady has recognized a goddaughter. I can’t make trouble, it will be said to be impolite. It’s fine if I participate too. After attending the old lady’s acknowledgment of her daughter, let’s talk about your reply.”

As soon as Qin Shou waved his hand, Wei Guoping and all his subordinates directly entered the compound. All of a sudden, the atmosphere of the Cao family changed. If Qin Shou was mixed in, who could eat it? Don’t you all drive people away?

Isn’t the Cao family making jokes anymore?

Suddenly, in the lobby of the house, there was a scolding: “You stop here, you are not welcome here!”

Chapter 515

“Who doesn’t welcome me?” Qin Shou heard the words in the hall, and was still a woman, trying to expel him? Cao’s family? It’s ridiculous.

His Qin Shou came to Cao’s family, and that was to give face to the Cao family. Now because of the inadequate security of the Cao family, he was arrested and beaten and threatened. He can’t touch the girl named Chen Muling, and can’t touch your Cao’s family?

There must be a good place to vent this tone.

Qin Shou said loudly: “Uncle Cao, you guys are so big? Do you really dare to fight me? Did you find any new backers?”

Boss Cao was extremely embarrassed. He didn’t know what to say. He didn’t seem to be familiar with the voice. Who is making trouble?

Don't you know that the Cao family's situation is very dangerous now? Do you want to stimulate Qin Shou?

At this time, Chen Muling, who was already wearing a new one, supported Granny Cao and walked out of the hall slowly.

An old-fashioned, young and beautiful, in this contrast, Chen Muling seems to have become the most splendid jewel, coupled with that long waist dress, it is simply as beautiful as an immortal.

Qin Shou was startled, and found two stunning beauties in a short period of time. He was also surprised.

wrong!

Isn't this woman the passerby girl I found while drinking in the water bar? At that time, he tried to strike up a conversation, but failed. Cao Xiangliang's younger brother injured him. Later, in order to get him, he relied on the power of the family to deal with the girl's family. He thought about tossing for a while, the girl was not obedient.

As a result, what happened later made him extremely regretful.

Qin Shou asked in amazement: "Why does she appear here? They seem to be at the level of ordinary people, so why are they with Mrs. Cao?"

Chen Muling was actually a little flustered, but Qin Ming encouraged her to scold Qin Shou at will and drove him away personally. She chose to believe in Qin Ming because she could only believe in Qin Ming.

Chen Muling scolded again: "Qin Shou, do you still have to suffer?"

Everyone was surprised, who is this person? Do you dare to talk to Master Qin like this? Didn't you see Boss Cao standing next to him like a little brother? Didn't you see the children and relatives of Cao's family, they all hid away and dared not show up?

Don't your little sister understand the principle of shooting the first bird?

"Hey, sister, don't say a few words." Boss Cao stopped immediately.

Others also said: "Isn't this adding chaos? This is the righteous daughter that grandma recognized? How come you enter our Cao's house and take yourself seriously?"

"It's over, it's over, this time it's all over."

"Young Shao Qin is about to get angry. Let's run quickly."

Some people with a weak background, depending on the situation, immediately took the people around them and left, to avoid the fire at the gate of the city and damaging Chiyu, and they could no longer have anything to do with the Cao family.

Chen Muling licked her lips, she was very nervous, but looked at Qin Ming behind the crowd, Qin Ming did not leave, she had the courage.

She still plucked up the courage and said, "Qin Shou, are you answering? Wasn't it arrogant before? Why? Think our Cao family is so bullied?"

Wei Guoping furrowed his brows. As the person negotiating with the Universe Century Group this time, does he know who Chen Muling is?

Everything was caused by this Hong Hongyan's misfortune.

The Universe Century Group is now undergoing reforms. Chang Hongxi is abdicating. The new leader is a young man whose name he does not know yet, but according to the information, the other party is still studying in Guangzhou. This time Qin Shou happened to be kicking on the iron plate of others. Chen Muling seemed to be the woman of the new owner of the World Century Group, so Qin Shou could only admit it.

But never expected that Chen Muling would appear here.

Qin Shou was also dumbfounded, can he speak? The family warned him that he could no longer engage with the Chen family and this Chen Muling. The other party was covered by someone and had a deep background.

Not only did he abolish all his bodyguards, but he also abolished him. The family still didn't dare to get angry, but just warned him of Qin Shou, which shows how terrifying the man behind him is.

At the moment when the two sides were in a stalemate, Cao Xiangliang saw this, thinking that the opportunity to flatter him had arrived, and immediately ran out and scolded in public: "Chen Muling, are you crazy? Here is where you stay? Apologize to Qin Shao immediately. Ho ho ho, Qin Shao, I'm sorry, this girl, in fact, I haven't done a good job of ideological work..."

Snapped!

Qin Shou suddenly slapped him and yelled, "Cao Xiangliang, are you crazy? Can you scold Miss Chen too? You leave me aside? No, first apologize to Miss Chen!"

Cao Xiangliang was beaten up, he didn't know how this happened, but how could he dare to say no? Quickly apologize to Chen Muling.

Old lady Cao sighed in disappointment when she saw that her grandson was so useless, no matter how much she spoiled her.

Looking back at Qin Shou, he hesitated and said: "It turns out to be, yes, Miss Chen, lucky to meet, lucky to meet."

Chen Muling glanced at Qin Shou, who was still arrogant just now, why was he a little bit embarrassed?

Chen Muling was overjoyed and said, "Qin Ming is right. He has been taught that he dare not do anything to me. Qin Ming is really good."

Everyone was also taken aback, especially that Cao Xiangliang, who helped Qin Shou chase Chen Muling back then, why suddenly became the righteous daughter recognized by grandma today? Doesn't the future generations hold him down?

Chen Muling said: "Since I know I am here, why don't you leave? Our Cao family's please post your name without your name. Or... You came to apologize to my stepmother?"

Chen Muling hugged the old lady Cao's arm, showing that the two have recognized the relationship between mother and daughter.

Qin Shou was stunned. Chen Muling and Mrs. Cao recognized the mother-daughter relationship? Doesn't it mean that he can't move the Cao family?

Then what happened to him in Cao's family, didn't he endure it in vain?

Granny Cao looked at the atmosphere, and suddenly said kindly: "It doesn't matter, it doesn't matter, the door is also a guest. Qin Shou had something to do with our house before, and I was also upset. Come, here is a little bit of thought, please accept Qin Shaoneng. Then The past will be over."

Old lady Cao handed a bracelet on her wrist. It was an antique of the Ming Dynasty. It was of great value, and it was obviously a temporary intention.

Once Qin Shou received the bracelet, he would not care about his prejudice in Cao's family, even if Qin Shou personally agreed to it.

Chen Muling said: "Okay, take it, and then go."

Even though Qin Shou felt aggrieved in his heart, he still wanted to swindle money from the Cao family, but he saw Chen Muling, he had no idea whatsoever. The man in the Universe Century Group was too good at fighting, and the other party's background was too big, he couldn't afford to provoke him. what.

"Thank you, Mrs. Cao." Qin Shou was forced to take over the bracelet, pretending to be happy: "Ms. Cao, although the previous things were dangerous, I am fine now, so I don't care. As for me and Cao Ruiyun's marriage, I think it will be discussed later. I will rush back to Haishi for treatment now, so I won't disturb you. Wei Guoping, I'm leaving."

Wei Guoping took a meaningful look at Chen Muling, and understood that the Cao family was also covered by others and couldn't move. Qin Shou could only suffer a dumb loss this time. He didn't catch anything, and he got hurt.

Qin Shou and his party came quickly and went quickly, making all the guests completely unknown.

"What's the matter?"

"Then Shao Qin seems to be very scared?"

“This Miss Chen is very beautiful, but is there anything special? Old lady Cao personally accepts her as a righteous daughter. Isn’t it something special?”

“I heard that Xiyun wants to suck Xiyun into Cao’s family. It seems to be quite effective now. This Qin Shao persuades.”

“Oh, the Cao family is very powerful, Chongxi? Xuemu’s family recruits a son-in-law?”

“Who is such a god? I heard that confessing a righteous woman, there are many restrictions and exquisiteness, otherwise it is useless, happy luck does not mean that there is.

The Cao family was shocked, so terrifying Qin Shou, just left?

Suddenly, boss Cao exclaimed excitedly in the crowd: “Master Qin! Master Qin! Master Qin, please!”
