

Chapter 525

Qin Ming was surprised to see that even Ah Long had come out, what kind of person had come here that was so big? It was so dangerous that even Ah Long felt it.

When Sun Changxi saw the visitors, she frowned and said, "Aren't they from the Star Hung Group? Why are they here in Guang City?"

Qin Ming listened on the sidelines and did not know any Star Hung Group, but it seemed to be someone Sun Changxi knew, so he was suspicious: "Is this looking for her? I didn't expect that Sister Changxi would still have people looking for her after she became the director."

Sun Changxi turned around and said, "Qin Ming, Sister Xuan, you guys lean back a bit, these people are here to find me. You guys don't get involved."

Qin Ming frowned and didn't hesitate, he just told Liao Qingxuan and Mu Sichen to move back a little, he still stood firmly next to Sun Changxi.

He was treating Sun Changxi as his good friend, and he would not care if something happened to her.

The van with five big brawny men came down and cleared the road, and a young man with an inch of mastery came down from the van, with a cigarette in his mouth, walking with a stride and an arrogant and haughty attitude.

Huang Shaohao first said in surprise, "Li Xinghong? He, he's out of jail?"

Sun Changxi frowned and said, "Oh, this scum of the earth, how dare he get his sentence reduced too."

Huang Shaohao said in a panic, "There's no direct evidence to prove that he killed someone, it can't be helped, Changxi, let me send you back. Don't meet up with this kind of person, he's a madman."

Suddenly, that Li Xinghong scolded, "Huang Shaohao? What's your status? Is your shitty Bentley qualified to take my future wife back? You think you can get close to my future wife just because your family has a few stinking dollars? Brothers, smash up his Bentley."

"Yes, boss." Five big brawny men immediately copied their weapons in the car, dong dong dong

The surrounding passers-by and diners were all dumbfounded, it was a Bentley, how dare these people smash it?

Sun Changxi angrily flashed her ID and said, "Li Xinghong, what's wrong with you? Stop it, all of you come back to the police station with me."

Li Xinghong smiled lightly, "Oops, making my future wife work overtime. You bunch of losers, how do you do things? Do you know what to do?"

"Yes, boss." Those five brawny men immediately stared at Huang Shaohao in unison, revealing a hideous smile.

Huang Shaohao was so scared that his legs went weak and he hurriedly said, "No, no, Chang Xi don't. If you take them back, they're going to screw me. I let them smash this car, don't arrest them."

Sun Changxi angrily scolded, "Huang Shaohao, look at your outburst, what's so scary about this Li family?"

Still nervous, Huang Shaohao said, "No! Chang Xi, just think of it as helping me, this car is smashed, I admit my own bad luck."

"Hahahahahaha" Li Xinghong walked over with a big smile, reached out and hooked Huang Shaohao, patted his Burberry suit and said, "Future wife, you see, this kind of person can't be relied on? Is having money called strength? You have to have an identity, and only when you have an identity does this society work well. Just like your father, when he has that status, don't all these rich people come like flies to suck up to you, how many of them really like you?"

"Although they are rich, they are all silver bullets and embroidered pillows, not useful at all. This muscle training is useless. Huang Shaohao, get the hell out of here, harass my wife again and I'll have your dog's life."

As Qin Ming watched, Huang Shaohao, who had always marked himself as sincere and had been pursuing Sun Changxi hard, his body kept shaking, he hesitated, then due to a few seconds, lowered his head and left in a huff.

Seeing this, Sun Changxi was furious: "Huang Shaohao, although I don't like you. But quite admire you as a person. You really became a deserter? You're so afraid of him?"

Huang Shaohao's face was extremely ugly, as if he was weighing something in his heart, and finally shook his head helplessly and said, "I'm sorry, Changxi, I don't deserve to be with you."

Sun Changxi had a disappointed face, this childhood friend who had chased her for many years and whom she had known since childhood was so unreliable.

"Hahaha." That arrogant and arrogant Li Xing Hong happened to laugh loudly, "Future wife, look at this kind of person who is also worthy to say he loves you? He abandons you when things go wrong, a waste, I'll drive away such flies for you, you don't need to thank me. Aigoo, these are your friends, right, handsome, beautiful, how are you? I'm Li Xing Hong, I'm Chang Xi's future husband, in fact we'll get married soon."

Li Xing Hong turned his head and greeted Qin Ming and the others politely, his change of style was so quick that it caught people off guard.

Sun Changxi clenched her fists in anger, her eyes almost spitting out fire: "Li Xinghong, you madman, get out of my sight! I won't marry a murderer like you. If I catch you in any illegal act, I won't let you off."

Li Xinghong said with a smile, "Aiya, you look so pretty when your future wife is angry. That case of mine, can you blame me? I'm really innocent, there's no evidence, you have to believe me. You see I got out of jail yesterday and came to see you today, brothers, bring up the flowers."

Five junior brothers, immediately took out a good big bunch of flowers in the car.

Sun Changxi was so angry that she raised her hand to hit, that Li Xinghong did not dodge or evade, just held his face high and said, "Wife, you hit, hitting is kissing and scolding is loving, hit me, I like it."

Qin Ming and the others looked on, they were all stunned, this man was a pervert, wasn't he?

Sun Changxi look at this instead of good to start, she still have to think about their own identity and ah.

Qin Ming looked aside, apparently Sun Changxi is very difficult, she raised and could not let go of the hand, it is full of stories, this star hong group of Li Xinghong seems to be very identity, and also has committed a crime, can make that the capital city magnate Huang family Huang Shao Hao are directly rolled away.

Qin Ming had recently come into contact with a lot of people in the capital city, and became more and more curious about how many dragons and tigers were lying in the capital city, one more arrogant than the other.

Moreover, he vaguely sensed that Sun Changxi's identity was not simple either, and he guessed that his family's background was also very special.

Li Xinghong held up the flowers and smiled, "Future wife, if you accept the flowers, I will leave immediately and not disturb your dinner with your friends. Do I look like such an insensitive person? Today, I just don't like that soft-headed guy Huang Shaohao, who has the face to pursue you? I'll book an earlier date for you in future."

Sun Changxi clenched her fist in annoyance, "My name is Sun Changxi! Call me by my full name!"

Even passers-by could see how angry and powerless Sun Changxi was, but in the face of this madman called Li Xinghong, it seemed that things were getting very complicated.

Li Xing Hong held up the flowers and said, "Future wife, wife, who else in the whole world would dare to marry you except me, Li Xing Hong? Who dares to be your boyfriend?"

"I dare!" Suddenly, a lifetime of resounding roars from behind the people, a man walked up to Sun Changxi, wrapped one arm around her small waist and embraced her into his arms.

The crowd was startled, wasn't this Qin Ming?

Chapter 526

Sun Changxi was also taken aback when she was suddenly hugged by Qin Ming.

She really had not thought that Qin Ming would come forward to help her at such a time.

But she knew very well that Li Xinghong's background was very deep, and he was also a temperamental and ferocious person, a desperado, so to speak, who never thought about the consequences of his actions.

This was going to involve Qin Ming, she would be very uneasy, she hurriedly said, "Qin Ming you quickly let go of me, he is very dangerous."

As Mu Si Chun looked on, she flattened her mouth and hummed, "Look, you really have it on your mind, Qin Ming, you philandering carrot."

Li Xinghong was stunned and immediately dropped the flower, angrily scolding, "Kid, if you were my future wife's friend, I'd be toasting"

Yuck!

Qin Ming spat a mouthful of spittle over, directly onto Li Xinghong's clothes, interrupting him in passing, saying, "You think I'm that Huang Shaohao? You got scared twice and ran away? Sorry, I've been scared by people since I was a kid."

"You!" Li Xinghong was furious and immediately grabbed the wine bottle next to the table and was about to smack it down.

Sun Changxi immediately chided, "Li Xinghong, stop, if you really want to force me, I won't be polite with you!"

Qin Ming still put his arm around Sun Changxi and said soothingly, "Tsk, why are you so angry, don't get angry and ruin your health, I'm in pain."

Li Xinghong cracked a big smile as he watched the two of them look like two people, "Hahahahaha, kid, you can do this acting skill. Just now you were sitting so openly, and suddenly you're boyfriend and

girlfriend? Who are you fooling? I have no objection if you want to play the hero, but you put your hands on my future wife again

"Bah!" Qin Ming spat again and interrupted the other party, saying, "Watch your words, she's the woman you'll never get, she's my woman. We're just more low-key, I didn't expect you to be even more annoyed by that Huang Shaohao. Crazy people don't go near my wife"

Sun Changxi was a little touched to see Qin Ming being so aggressive, especially saying that she belonged to him, as if to imply that the two had once had a night of warmth that made her heart pound.

The crowd actually didn't believe it, they all thought Qin Ming was being strong for Sun Changxi, after all, Qin Ming was like that, but when he saw the slightest injustice, he would all be indignant and pull out his sword to help.

However, they did not know that Qin Ming's relationship with Sun Changxi was much closer than they had imagined.

Mu Si Chun puffed out her angry fragrant cheeks and muttered, "Why do I feel that Sister Sun's expression is somewhat invested? Could it be that Sister Sun is also interested in Qin Ming? Tsk, Qin Ming, you are really capable of attracting women. I, I have to keep a good eye on you for my sister before I can do that."

Li Xinghong laughed again and said, "Hahahaha, kid, I admire your guts, it's indeed much better than Huang Shaohao's embroidered pillow. However, you should also stop when appropriate"

Before the words left his mouth, Qin Ming suddenly picked up Sun Changxi and gave her a kiss.

Sun Changxi was equally shocked, her eyes widened in disbelief as she looked at Qin Ming who suddenly kissed her, some of her lips smelled of wine, the same feeling as the last time she was drunk, Qin Ming's fiery and masculine scent was too much for her to resist.

"This, this" Liao Qingxuan covered her lips in surprise, never expecting Qin Ming to do this.

Mu Si Chun bit her shell teeth viciously, her heart inexplicably a little upset and sour.

The one who was most surprised was still Li Xinghong and his minions, the pearl of the Sun family, being eaten for tofu just like that?

"Wow Wow!" The passers-by on both sides of the street let out gasps and cheers, watching the action.

Sun Changxi was so excited and nervous that she didn't know how to react, would Qin Ming take this opportunity to help her and confess his love to her?

Without waiting for Sun's reaction, a furious Li Xinghong suddenly rushed up and punched Qin Ming.

But Qin Ming had practiced the martial arts books taught by Zhang Quanzhen for some time, he felt his strength had increased by a lot and naturally mastered the flow of Qi and blood throughout his body, concentrating his strength to explode at one point, such as his fist.

Boom!

The two men's fists clashed directly against each other, the sound of bones clashing against each other, but it was a bit harsh.

Qin Ming's punch was again shocking, again including Ah Long, who had been responsible for Qin Ming's closest protection.

Ah Long was a retired special forces soldier, a man who could be called the King of Soldiers and had experienced many battles and top secret missions, and he was very surprised to see the power of Qin Ming's punch at this moment.

Although the strength was not top notch, the way he threw his punches was a connoisseur and absolutely strong.

Ah Long was secretly amazed in his heart, "The young master practises kung fu for so many hours every morning and evening and has actually mastered such top-notch punching habits and knockouts, something."

Li Xinghong was blocked by Qin Ming's punch and took a few steps back, looking at Qin Ming in shock, this svelte and thin looking man was able to explode with such ferocious strength?

Li Xinghong shook off his fist, the pain made him very unhappy.

He looked at Qin Ming grimly and then looked at Sun Changxi, saying, "Hmph, I never thought I would have a day where I would be short-changed. But since you brat doesn't know my name and origin, I don't blame you, but next you will have to bear my wrath."

Sun Changxi shouted in a loud and delicate voice, "Enough! Li Xinghong don't mess with him, he's not my boyfriend. He's helping me, it's a bit much, but if you dare to hurt him, I will not rest with you, I don't care about your family's business with my father, I'll find my big brother, he will have a way to clean you up."

Qin Ming frowned and said anxiously, "Sister Changxi, you're"

Sun Changxi said, "Come on, I appreciate your good intentions, but this kind of thing, I can't let you be the shield and take the blame."

"Hahahaha good, good." Li Xinghong clapped his hands and laughed, "I knew it, my future wife will not fall for just anyone and will definitely wait for me. This is with you, a brat who takes advantage of people, tsk okay, after all, I am more open-minded, for the sake of my future wife, I will reward you with thirty slaps and spare your dog's life."

The words just fell, five hitmen behind Li Xinghong immediately rushed up, each with an unkind and sly smile.

Qin Ming felt a pressure even from a distance, these people gave him a different feeling from ordinary punks and thugs, these five were ruthless characters.

Sun Changxi's face turned blue as she angrily scolded, "Li Xinghong, you give me"

Before the words left his mouth, Ah Long walked calmly in front of Qin Ming, cold eyes, despite the fact that he was wearing

slippers, his aura was different, and the five thugs who tried to come forward, slowed down their steps rather scornfully.

The five fighters who tried to come forward slowed down their steps rather scornfully. When a high fighter crossed the line, they knew each other was not simple and their faces became grave.

Qin Ming asked, "Ah Long, are you sure about this?"

Ah Long whispered, "The other side is not simple, I am not completely sure, once I can't suppress the five people opposite, young master, you guys go first."

Qin Ming was inwardly surprised, this was the first time that Ah Long was so cautious, it seemed that the people of this Xing Hong Group were really not simple.

Li Xing Hong was stunned, he looked at Ah Long and suddenly asked, "You are Wu Long?"

Ah Long was surprised to see the other party say his name and said, "Not bad. If you want to touch my brother, ask me first."

Li Xinghong said, "Don't misunderstand, aren't you curious how I know you? I am Li Xingwang's younger brother, you are in most of my brother's photos, he said you were the best in their squad and were forced to leave because of something, he often mentioned you to me, worried that you would not be able to find a job after you were discharged and that you would meet someone badly."

Ah Long frowned, his thoughts recalled, and said after a long time, "You actually Wang's brother huh, it's a small world. But one size does not fit all, if you dare to do it, I will dare to chop it up."

Qin Ming was surprised that this could have something to do with it again? How was this business going to end tonight?

Chapter 527

Ah Long actually knew the brother of this arrogant and domineering Li Xinghong?

It seemed that he was also a comrade in the army together at the beginning.

Qin Ming suddenly realised that he didn't really know much about his own right-hand bodyguard; Ah Long was indeed very powerful and had saved his life, and apart from having attended Ah Long's wedding, he really knew nothing about his past.

With a wave of his hand, Li Xing Hong said, "Alright, since he is your brother, I will give your brother face for the sake of my brother. Let's forget about taking advantage of my future wife just now. But just this once, I, Li Xinghong, can do what I say, and I hope that you, Brother Long, will also discipline your brother properly."

After saying that, Li Xinghong picked up the rose that had just fallen on the ground and handed it to Sun Changxi with a smile again, saying, "I will let him go if you take the flower."

Sun Changxi really didn't want to cause any more trouble for Qin Ming, so she took the flowers directly and said, "Get lost."

Li Xinghong smiled and said, "Okay, I'll get lost. I heard that Auntie Yang is coming to Guangzhou to talk about business, so I have to pay a visit to Auntie Yang later, and I have prepared a generous gift for her. I've prepared a gift for her."

Li Xinghong left, and peace returned to the small restaurant.

The crowd was a little scared of such an erratic and seemingly madman-like ardent suitor.

But fortunately, it was a scare and no fight was started.

Qin Ming clenched his fist, the punch that Li Xinghong had just thrown was quite powerful, he felt that that Li Xinghong was not an ordinary person either.

Sun Changxi suddenly slapped Qin Ming lightly and said, "Qin Ming did you just take advantage of me? Huh? I treat you as a friend, what do you take me for? Did I say again that you should be my shield? Hmph, you let me down too much."

After saying that, Sun Changxi blinked her left eye towards Qin Ming, hinting that Qin Ming should not take it seriously.

Qin Ming touched his face, this slap didn't have a bit of force, what was Sun Changxi doing here?

Sun Changxi whispered again, "So that you won't cause misunderstandings in front of your sister, right?"

Qin Ming cried and laughed, so it was a misunderstanding that he had something to do with Mu Si Chun, he immediately said, "Sister Chang Xi you misunderstood me, that Mu Si Chun, and I definitely do not have any relationship beyond friendship."

Sun Changxi gave an odd smile, "Really? Forget it, I have to go to my mother's place, I have to go first, thank you for inviting me to dinner tonight."

As soon as Sun Changxi left, Mu Sichen walked up and said, "That's fine, Qin Ming you've kissed someone else's big beauty right there."

Liao Qingxuan was also quite unhappy and said, "That's not true? You are quite enthusiastic in being a shield. Next time my family arranges a blind date, should I ask you to act as a shield for me?"

The corners of Qin Ming's mouth twitched as he said, "I was actually confused at the time because I couldn't think of any other act to prove the relationship between lovers, so I took it upon myself to do that, I really didn't have the heart to take advantage of it. I ended up annoying Sister Chang Xi too, ah, I'll have to apologise to her later. I hope she's magnanimous and doesn't take it personally with a little brat like me."

"Little brat your sister!" The two women said in unison, "Do you have any shame? Don't make a fuss just because you're a student."

Liao Qingxuan suddenly stopped speaking because she was also a little shy inside when she said this.

In the past, she really treated Qin Ming as a teenage student, indeed Qin Ming looked a bit young, she was five years older and a teacher, and it was only with various psychological advantages that she had those misunderstandings.

But then quite a lot happened, twice her bath towel accidentally slipped off and she let Qin Ming look cheap, and she was also deceiving herself with the idea that Qin Ming was still a boy.

Now she was annoyed with Qin Ming for kissing Sun Changxi and denying him, that in turn made her recall all the things that had happened in the past.

"Alas, Qin Ming you little man can really be sinful." Liao Qingxuan shyly shook her head, she herself could not figure out what she thought of Qin Ming.

Qin Ming hurriedly said, "Alright, I didn't know it would be like this either. As you all saw just now, that guy called Li Xinghong was too

fierce, and I was afraid that Sister Changxi would suffer, she is my great benefactor after all, and as a result, I messed up and she got angry. Let's go, let's go."

Mu Si Chun flattened her mouth and muttered, "But I always felt that Sister Sun wasn't angry."

The group returned to the house in the neighbourhood, because Liao Qingxuan's father had paid the rent for a year, so Liao Qingxuan was now living in the big house, and Qin Chaoyang and Wang Xiaoli had already moved to the big villa anyway.

The living room was converted into a dance practice area, and in future Mu Sichen would come back every night to receive special dance training from Liao Qingxuan.

Qin Ming watched the two of them practise dancing for a while, when a message came from Ao Mei.

He opened his phone and saw that it was exactly what he had just asked Ao Mei to investigate about Li Xinghong's background.

The Li family in Beijing is not a super-rich family, but it is also a famous one. The Li family is a famous family that specialises in producing "generals", and their ancestors even led the army and fought against the kiddies.

Today, the Li family has become an educational family that mainly cultivates "gods of war" and has many famous disciples under them.

Some of the biggest names in the military in several regions of China are Li family members who are fellow teachers and brothers, all of whom have been teachers of the Li family, Li Xingkong and Li Laozi.

And the Li family now several sons are in the military, Li Xingwang is the most successful one, but the specific news can not be investigated.

Qin Ming judged from the fact that Li Xingwang was a soldier in the same squad as Ah Long, and was also sympathetic to the extent that he was afraid that he was also a very powerful and cutting-edge special forces soldier.

The Li family has such a background, it really is not to take money can come to measure, no wonder that Huang Shaohao so fearful, really people sneeze, you have to hide.

And Li Xinghong is also a bull, although his family conditions are special, he was born with more opportunities than others.

But he didn't go into the military, nor politics, he started his family at a young age, and created the Star Hung Group, specialising in the mercenary business, which has some international fame, but he himself has never been very visible, and is also very low-key.

The reason is that, apart from his pursuit of Sun Changxi, Li Xinghong is quite high-profile and arrogant, but Ao Mei can't find any other arrogant deeds of Li Xinghong.

From the information searched by Ao Mei, it seems that this Li Xing Hong is really very fanatical and obsessed with Sun Changxi.

When Qin Ming thought back to Sun Changxi, she was indeed very beautiful and charming, a unique aura of coming from a famous family and the competence of being a policewoman, all of which made her a one in a million outstanding woman.

Qin Ming liked Sun Changxi's eyes the most, they were always particularly evocative when looking at people.

Qin Ming laughed and said, "Since ancient times, heroes have difficulty with beauty, ah, this Li Xinghong is going to be bad at the hands of a woman."

Later on, he got information that seemed to confirm Qin Ming's words. It was rumoured that Li Xinghong had killed someone, a love rival, and a young master of a powerful family who was also pursuing Sun Changxi was killed by Li Xinghong.

But there was no direct evidence. Later, someone took the initiative to turn himself in, and Li Xinghong became an accomplice and was also sentenced to a few years.

And Sun Changxi seemed to be unaware of this, and suffered a lot of scorn in the circles of the gentry, which can be described as wishful and innocent.

As Qin Ming was watching, Ao Mei sent a message and said, "Young master, this Li Xinghong case, I see some problems."

Qin Ming asked, "What problems? Can you find the evidence that he destroyed?"

Ao Mei replied, "Not really, I think he is innocent, it seems he was helping his brother to avoid the death penalty before he recruited as an accomplice and made it look like manslaughter. But it doesn't matter, I've found everything I can, I'll send you the details of the other members of the Li family tomorrow."

Qin Ming had doubts in his mind as he looked at the contents of Li Xinghong's case five years ago.

It seemed that Li Xinghong had asked his rival to negotiate in a bar, but he came back from a trip to the toilet and he was dead, during which his little brother had beaten up his rival.

The police arrived at this time, and although Li Xinghong said he had not given the order to kill, the man was killed by his junior.

Qin Ming continued to back-flip through this information when suddenly the phone rang.

"Sister Chang Xi? Something else?" Qin Ming was surprised that at this time, Sun Changxi was calling him.

Unexpectedly, Sun Changxi said in a very anxious manner, "Qin Ming? Can, can you ask your friend who is a very good fighter called Ah Long to do me a favour? Something has happened to my, my mother, she has been arrested."

Chapter 528

"Auntie Yang has been arrested?" Qin Ming was very surprised.

Although Qin Ming did not know how terrifying Sun Changxi's family background was, he knew that the Sun family's background in the country was not simple either after reading Li Xinghong's background, who all cared about Sun Changxi.

However, the mistress of such a Sun family had been arrested in Guang City? That was outrageous.

Qin Ming pursued, "Calm down, send me your address, I'll be right there. Tell me what's going on?"

Sun Changxi said anxiously, "I don't know, my mother was fine at the hotel. Just now Li Xinghong went to see her, and after Li Xinghong finished seeing the person, my mother disappeared with her. And a photo was left at the scene, a photo of my mother being kidnapped, and the other party asked me to meet them at the old shipyard on the southeast side of the Bund at 12 o'clock tonight."

When Qin Ming heard this, the water here was really deep.

Qin Ming asked, "You think it was Li Xinghong who did it?"

Qin Ming had a vague feeling that for a character like Li Xinghong to get him into prison, it seemed that his opponents would have to be a bit sleight of hand, and he was afraid that Li Xinghong had the intention of relenting against the Sun family, so he had started making waves as soon as he was released from prison.

He didn't think that the flower that Li Xinghong had just made was a real love for Sun Changxi, or perhaps he simply wanted to sleep with a woman.

It is not unlikely that he would make a move on Sun Changxi's mother if he failed in his pursuit.

Sun Changxi said angrily: "He denied it, he is now with me and said he would act with me to prove his innocence. Can you ask your Wu Long to take action? He is a retired special forces soldier, and Li Xinghong said he was very powerful and might be able to help."

When Qin Ming heard this, he felt that Li Xinghong's was even following Sun Changxi to prove his innocence?

Could this be a trap?

Qin Ming said, "No problem, I'll be right there, don't go anywhere yet, I still know a few people in the local area who have the means."

Qin Ming was a bit angry, although he and Sun Changxi were not a couple, but there was the reality of being husband and wife, Qin Ming had a vague desire to protect in his heart, he did not want to see Sun Changxi being bullied and aggrieved by others.

The sudden kidnapping of Sun's mother was obviously beyond the ordinary and he had to be prepared for anything.

Qin Ming made a few phone calls and then dragged Ah Long along to a large hotel in the city.

Sun Changxi was anxious, while Li Xinghong stood silently by, along with a few of his minions.

Seeing this, Qin Ming asked, "Didn't you call the police?"

Sun Changxi said, "No, the other party said that they were watching my every move and would tear up the ticket once the police were called, there would be no chance of any communication."

Qin Ming looked at Li Xinghong suspiciously and asked, "He was watching you?"

Li Xinghong was immediately annoyed, "Tsk, kid, do you deserve a beating? Just because I gave Brother Martial Dragon face just now doesn't mean I'm going to leave you alone all the time, so think before you speak."

Qin Ming said disdainfully, "How can you not think before you do something? You said that before you came, nothing happened to Auntie Yang, and just after you arrived, Auntie Yang was kidnapped. And you don't need me to say much more about what you did, do you? What's the difference between you and a madman?"

Li Xinghong was about to speak when Sun Changxi snapped, "Stop arguing, all of you, we have to go to the shipyard now. It's good for Li Xinghong to follow me, if it's not related to him, he can help, and if it's related to him, I won't let him off."

Li Xinghong said, "Changxi, do you think I can do that kind of thing? Auntie Yang is my future mother-in-law, I just gave her a big gift just now, and that business contract worth five billion is still there at the hotel, how could I kidnap him. I hate it when people plant evidence on me, if I catch them, I'll chop them up and feed them to the dogs."

Qin Ming narrowed his eyes, a five billion dollar business to please Auntie Yang, this Li Xinghong was willing to pay blood money.

The group left at the same time to rush to the old shipyard on the Bund.

There were two locations on the Bund in Guangcheng, the new Bund was where the rich and famous set up their yachts, as far as the old Bund was concerned there was a lack of personnel to manage it, dirty and messy was inevitable, some of the old factories had also closed down long ago, and iron fences had been pulled up from a great distance.

Dang, the shipyard gates are open and three large lamps inside shine on the entrance.

The strong light made it difficult to open one's eyes and the crowd had to raise their hands to block the light.

But Qin Ming vaguely saw a woman tied to a chair in front of him, wasn't it Auntie Yang?

One of the people on the other side said, "Hey, Miss Sun is quite punctual. Do you still remember me? When you were a child, you quite liked to hear me tell you stories."

Sun Changxi narrowed her eyes, and when she approached, she saw a svelte middle-aged man, and instantly her face sank, saying, "You traitor, you still have the face to come back?"

The other party laughed out loud in displeasure, "Hahahaha Why don't I have the face to come back? It was your Sun family that wronged me, discarding me like a pawn and sweeping me out of the house, I have worked for your Sun family for so many years, only to end up in a situation where I have nothing to gain and cannot return to my home, how come I have no face to come back?"

Sun Changxi said in annoyance, "Bah, how did my grandfather treat you, wasn't that good enough? He took you in as his student, paved the way for you and opened up your future, but it was you who got greedy, forgot your roots when you had power, were insatiable,

corrupt, and had promiscuous relationships, can you blame our Sun family for sweeping you off your feet?"

"And now you kidnap my mother, you are really crazy. Quickly let my mother go."

Qin Ming was stunned, looking at this, it should be some previous feud of Sun Changxi's family, which did not match his guess.

"Hahahaha, when you handed me over to the police, my mother had gone crazy long ago, forced by your Sun family, but God helped me and let me escape, but now I am back." Fang Min laughed hideously and said, "I have waited for this opportunity so easily, once I kidnapped your two mothers and daughters, your father and your grandfather he will overturn the case for me, only you Sun family can have this ability, hum hum hum."

Sun Changxi said disdainfully, "Shameless, my father would never do such a thing with no regard for the law, just die."

Fang Min said, "That's not necessarily true. Your father is a good man, and it's not unlikely that he'll break his conscience for you and your daughter."

As soon as the words left his mouth, Fang Min pressed a remote control in his hand and the door of the shipyard closed slowly, the rumbling sound of the iron door was very ear-piercing.

Fang Min said smugly, "It won't take more than a few minutes to clean up after you, my boat is already ready outside, hum hum hum, you will lose for sure."

Sun Changxi looked at Qin Ming apologetically and said, "Qin Ming, I'm sorry to have gotten you involved, this time, it's an old score from our family's past. This person forget about it, be careful later, try to keep yourself safe and run away if you can."

Qin Ming said, "Don't worry, I am not unbearable, I will protect myself."

Li Xinghong said disdainfully, "People like you stay aside and go, aren't you still relying on Brother Wu Long? Chang Xi, don't worry, with me around, both Auntie and you will be safe."

Sun Changxi said, "Just mind your own business. I don't need you to worry."

Ah Long stared to the left and right and said, "Young Master, I smell some blood and the sound of some wild beasts."

The sounds of wild beasts?

"Oooh"

Under Qin Ming's careful listening, he also heard the low guttural bark of some wild beasts, as if they were wolf dogs!

He had just had this thought when that Fang Min stood next to Auntie Yang, he pinched her chin and said viciously, "It's your Sun family that owes me, I've done so much for your Sun family. In the end, there is nothing, hehehe your Sun family is just like animals, worse than my many babies, let my babies, greet you well."

"Oooh" The low growl of those beasts became more and more obvious, and in the darkness behind Fang Min, a pair of fierce eyes were gradually revealed.

Surprisingly, it was a pack of wolf dogs, a dozen of them!

Seeing this, Li Xinghong said disdainfully, "Hahaha, you dumb ass, getting a pack of beasts and trying to clean us up?"

The corners of Fang Min's mouth lifted, revealing a treacherous smile, "How can I? What? Do I look that stupid? Haven't you noticed that this scrapyard is an enclosed structure? The glass windows are all closed by me."

The crowd was stunned, what did this mean?

Too late to ask, that Fang Min took out another remote control and said hideously, "Hmph hahahaha, I told you, this won't take more than a few minutes."

As he pressed the button, there was a "snort" and a sudden spurt of irritating smelling smoke from both sides, causing even a dozen wolf dogs in the darkness to pounce frantically.
