

Chapter 639

When he came to class this day, Qin Ming felt that the attitude of his classmates towards him had improved somewhat in the past two days?

Despite the fact that he was impersonating Zhao Zhengyan, he studied hard in order to make a good impression on him. Last time, Lin Yurou's appearance had made Ma Minmin, the leader of the biggest gang, stop attacking Qin Ming and even envy him.

But then Ma Minmin was still dumped and had even less desire to target Qin Ming.

Qin Ming was quite comfortable with this, and he enjoyed his university life, no matter if he was in Guangcheng or now in Beijing.

Suddenly, the teacher asked, "Has any student ever understood what the blockchain, which is very popular now, actually is? What meaning does it give to the current economy? Why can the concept stocks of virtual coins soar?"

Suddenly, Qin Ming raised his hand. This blockchain was something Qin Ming had often heard about when he was following his father, Chang Hongxi, in Guangzhou.

Qin Ming raised his hand, the group was surprised, Zhao Zhengyin is a scum who struggles with failing his studies every year, he would know this new thing?

The teacher on the podium was also surprised and said, "Zhao Zhengyan, tell me about it."

Qin Ming got up and said, "Blockchain technology is the underlying technology of virtual digital currency, which may bring about the second revolution of the Internet, allowing the "Internet of Information" to shift to the "Internet of Value", which is essentially a decentralized virtual It is essentially a decentralised virtual database. To learn blockchain is to seize the wave of world development"

Qin Ming spoke in the classroom in a structured manner, explaining in an organised manner what all the students in the room did not understand about blockchain.

Even the teacher who was lecturing couldn't help but show an appreciative look, Qin Ming's content wasn't just a superficial narrative, it was about actual cases of utilization, after all, Qin Ming had attended many seminars in Guangcheng City for the Huan Yu Century Group before and knew much.

Finally the teacher said encouragingly, "Very well said. Just now, everyone also wants to learn more from Zhao Zhengyin's classmates; this is the information age, which is inseparable from the economy."

After class, Qin Ming was about to leave when suddenly several people in the class gathered around him.

"What's wrong?" Qin Ming didn't think they would come back to pick a fight after he had made a few appearances, did he?

One boy said, "Zhao Zhengyan, you're really something, I thought you would just stay in the dormitory."

Another boy suggested, "We have an economic research club, why don't you come and join it too?"

It turned out to be a well-intentioned invitation, but Qin Ming shook his head and said, "No, I have other things to do. But thank you very much for the invitation."

Ma Minmin walked over, patted Qin Ming on the shoulder and said, "You've changed a lot, than before, you feel easier to get along with, I'm sorry for treating you badly before. I also did it on purpose for that incident with Tang Qiao."

Qin Ming was surprised, he didn't expect to receive an apology, he said, "It's alright, I'm not a narrow-minded person. What's past is past."

Qin Ming walked out of the classroom with a few polite words, his mood was inexplicably mixed, all in all it wasn't bad.

Qin Ming walked towards the dormitory while calculating, "Now in the upper circles of the capital city, Zhao Zhengyin's fame should have gradually spread out, the reputation of the living circle has gradually taken care of, and the students have changed their views. Fiancée Well, he will personally come to withdraw the marriage I do not care."

"Damn bias I got everything right, Zhang Quanzhen you stinky old man suddenly said delay action? Have you so pit disciple? I'm still thinking of meeting home for New Year's Eve, I can't keep impersonating Zhao Zhengyin, right?"

Qin Ming spat out very speechlessly, in the beginning, in order to cooperate with Zhang Quanzhen, and also as a disciple to repay his master's kindness, he agreed to Zhang Quanzhen to come and impersonate Zhao Zhengyin, but now what Zhang Quanzhen wanted to do, didn't work out, he became a lonely person ah.

Qin Ming shook his head and thought to himself, "Forget it, the boat will come to a head, we'll see when the time comes. Tomorrow when I send Lin Yurou away, I'll be free and get tired of being with Haitang every day, hehehehe."

Qin Ming thought about the wonderful life ahead and returned to the dormitory.

Seemingly knowing that after tonight, he would be gone, Lin Yurou had made a special sumptuous dinner.

Qin Ming was more careful and maintained restraint throughout the night, he couldn't afford to make a mistake at this last minute yet, a man has to control his lower body.

After observing Lin Yurou for a while, Qin Ming did not show too many of her emotions and did what he usually does. Qin Ming thought that this would be the end of the story and that early tomorrow morning, Lin Yurou would take her suitcase and leave.

But, in the middle of the night, just as Qin Ming fell asleep, he felt something unusual!

"Hmm?" Qin Ming obviously felt someone crawl into his arms, he couldn't help but feel, a delicate young body, wasn't it Lin Yurou?

Qin Ming was startled and hurriedly said, "Lin Yurou what are you doing?"

Lin Yurou said shyly, "I, I just want to sleep next to you like this. Qin Ming, don't worry, I won't mess around, I'm leaving tomorrow,

can't you grant me this little wish? If you can grant it to me, I will leave without regrets."

"No." When Qin Ming saw that she was still wearing her pyjamas, his mind was slightly at ease, but he still said, "If it weren't for you, if it were any other woman, I would have kicked out long ago."

Lin Yurou sobbed sadly, "Do you hate me that much? I've never liked any man since I was a child, but only recently I've grown familiar with you and have a crush on you, and you're the only man I've ever had. But you don't like me, and I know there's no way to force it, so tomorrow I'm leaving, and tonight, I'll help you as my lover, and just cuddle and do nothing, won't I?"

Doing nothing?

Qin Ming remembered that when he had coaxed his first love Li Meng into bed, he had also used this trick, saying that he would do nothing, but ended up doing everything.

However, thinking that Lin Yurou was a woman after all, she wouldn't be that bold, right? But since she could leave without regrets, again, it seemed best.

He also took pity on the jade and said, "Alright, you can't mess around."

Lin Yurou said, "If I were to mess around, would you still be so sensible as to reject me? I plan to become a nun after I go back, there is a famous spiritual mountain near our old home, there is a nunnery on it, I will after I go back"

"What are you thinking about?" Qin Ming scolded, "You're just going to spend the rest of your life with a green lamp and Buddha? Do you know how hard it is in here? With your status and how many people are waiting to see you laugh, you won't be able to hold on and will be forced to."

Lin Yurou smiled sadly, "Those who laughed at me, laughed over long ago. When I first sought you out, I was laughed over by everyone. You don't want me, and I don't want to marry someone else, I"

Qin Ming looked on and couldn't help coaxing her, saying, "Well don't cry. This to be a nun, you better not, you see you so beautiful, and young, capable under the sky is a lot of good men, do not let you become a nun, I can really sin, your parents are afraid not to hate me to death?"

Lin Yurou smiled blushing: "Are you worried about me? Hehehe is a little happy. Then promise me one thing and I'll promise you not to become a nun."

Qin Ming said, "Okay, you say it."

Lin Yurou said, "If you can give me a kiss, just give me a kiss, and I won't become a nun."

Qin Ming said warily, "Why, why? Didn't we say that we wouldn't do anything?"

Lin Yurou explained, "I treat you as my lover tonight, and tomorrow I'll be gone, just as a breakup kiss, no?"

"That won't work." Qin Ming was in a difficult position.

Lin Yurou said, "Or if you close your eyes, just think of it as a mosquito bite, can't you? Don't you want me to become a nun? But you are just saying it again, so what are you doing to comfort me?"

Qin Ming gritted his teeth and said, "Okay, this is the last request I promise you, you go back and be good, don't do anything stupid, don't go and become some nun."

"Mm-hmm." Lin Yurou nodded her head as she moved her body and came up.

The thumping nervous heartbeat was Lin Yurou's, because of the close proximity, Qin Ming could hear it clearly, she was, very nervous and far from being as relaxed as she seemed.

Even in this cold day, you can still feel the fire of Lin Yurou's body.

Suddenly, while Qin Ming's mind was in a mess, Lin Yurou kissed up, while she grabbed Qin Ming's hand and placed it in her soft arms.

"Mmmmmm!" Qin Ming felt this kiss from Lin Yurou, sweet and soft, her delicate body was as soft as her name, watery, and this kiss even caused ripples in the heart to stray.

Qin Ming secretly said crap, there was a feeling of being duped, he was going to fall in.
