

The Protector Novel Levi Garrison Chapter 1853 – 1854

Chapter 1853

Suddenly, Sarah let out a scream.

Wen Lei was taken aback.

“What’s wrong with you Sarah?”

Sarah clutched his head and roared in pain.

The familiar scenes of Shenlong Base when it was originally intact flashed in her mind, including the external buildings and the full picture of the various laboratories...

The more you recall, the more Sarah’s head will explode.

This movement alarmed the guards not far away, they rushed over, Wen Lei immediately took Sarah away.

Wen Lei suspected that Sarah’s brain was traumatized.

Soon after, Wen Lei took Sarah to a private hospital in Beijing for a comprehensive examination.

This is Wen Lei’s own hospital, so no one will doubt it.

The result of the check came out soon.

It’s okay!

There is nothing unusual about plum dyeing!

The brain has not suffered any trauma!

But the brain has been disturbed.

Wen Lei immediately thought of Wood Zhengjie's experiment!

Although the experiment was interrupted and failed, there were slight sequelae.

The doctor's advice is that plums can get better if you take more rest.

Upon hearing the result, Wen Lei both felt relieved.

"By the way, I just asked someone to inquire about it! Except for those who hid in the underground base, no one left alive! Wood Zhengjie can't be alive!"

Wen Lei said.

"That's great! Wood Zhengjie's scourge is finally eliminated!"

Sarah smiled.

Immediately, Sarah frowned, "But the Shenlong base was destroyed, and the price was too high. It's because of me!"

Wen Lei shook her head indifferently: "It doesn't matter! I will pay the Alliance for my technology base at that time! Although it is not as good as the original base, it can be replaced temporarily!"

Sarah was surprised: "Your home base?"

"Yes, my father and grandfather are the best in science! My family has one world-class base and three national-level bases..."

Wen Lei probably introduced her family background.

Everyone is a science and technology expert, and everybody is a genius.

So Wen Lei became a scientist at a young age!

Have made a lot of achievements in the professional field!

It was nurtured in this environment!

“Miss Wen, thank you! If it weren’t for you, I’m afraid I would have become Wood Zhengjie’s puppet! At that time I was better off than life, and I couldn’t even decide on death!”

Sarah sincerely thanked Wen Lei.

“This is what I should do! You think I was a blessing in disguise! In fact, we should be most grateful to the old man! If it weren’t for him, how could we live?”

“Yes, yes, he is my great benefactor! I thought it would be like this for the rest of my life!”

...

Somewhere in Morendam.

Richard gathered with a few people.

This time Richard entered Morendam with a mission.

They even said that killing Levi was a pretense, and they were here to do other things.

Of course, in their opinion, Levi was bound to die, but no one thought that Levi would survive.

They no longer pay attention to Levi, but carry out their real mission.

However, during this period they heard what happened in the Shenlong Science and Technology Base and knew that Wood Zhengjie had fallen.

Richard and Wood Zhengjie hurriedly met before.

Richard was in a good mood. Seeing Wood Zhengjie becoming so powerful, he thought that the Eagle Nation would have another big help.

Unexpectedly, in less than a day, there would be bad news about Wood Zhengjie's death.

"No! Wood Zhengjie's consciousness is still there. Although it is very weak, it has not died out. He is still alive!"

Richard's men were surprised. Through detection, they detected that Wood Zhengjie's consciousness still existed.

That means people are not dead!

Before Wood Zhengjie transformed himself, he asked Richard for help and obtained a set of devices to preserve consciousness and transform it into an energy body.

Now they are detecting that consciousness is still alive through the equipment connected to that device.

Wood Zhengjie is not dead!

Chapter 1854

"What? His consciousness is still there? That means he is alive! That's great!"

Richard looked excited.

Happy dancing.

Also specially poured a glass of whiskey to celebrate.

With Wood Zhengjie here, the strength of him and the War Eagle Nation will be greatly enhanced!

“Send some people to find Mr. Wood as soon as possible! Determine his condition! If you need help, help immediately!”

Richard arranges.

“understand!”

Immediately, Richard changed his words: “By the way, how are the results of your groups? Find me quickly! Find them quickly when they don’t respond!”

“Once the Levi incident is over, we will definitely be targeted by Tiance Mansion!”

The smile on Richard’s face disappeared.

It seems that the goal of coming to Morendam this time is more important than Wood Zhengjie.

“Mr. Richard, does your brother need us to be rescued?”

Someone asked.

“I don’t need it for the time being! Once rescued, I will startle him! As long as Levi is dying, Jefferson will not be able to take it away at any time?”

Richard has his own plan.

“Well, let’s try to find Mr. Wood’s location first!”

Several technicians used the instrument to find out where Wood Zhengjie was.

A few minutes later.

Several people were surprised: “Huh? Why is the consciousness signal gone? Can’t be found? What’s wrong?”

Even Richard was alarmed.

“What? There are no signs of consciousness? Check it out quickly! You must be sure of Wood Zhengjie’s life or death!

Everyone was shocked by the situation before them.

For a while the consciousness is still there, and for a while the consciousness is gone.

Are you still alive?

At the same time, in a private hospital in Beijing.

Sarah suddenly hugged his head and screamed, if it wasn’t for Wen Lei to help, he would have to fall from the bed.

“Again?”

Wen Lei was dumbfounded.

This happened to Sarah for no reason ten minutes ago.

Just calmed down, it came again.

This time, Sarah was going crazy, comparable to the beginning.

In the end, Sarah fainted abruptly and painfully.

Wen Lei immediately called the doctor to check.

The result of the examination is that the brain is disturbed, but there is nothing abnormal, and I still need a good rest.

If necessary, you need to inject drugs to let Sarah calm down.

This can happen repeatedly in the future.

Wen Lei felt something was wrong.

There is definitely something wrong with Sarah, but I can't tell.

I need to call a genius doctor to see Sarah!

Wen Lei immediately used her relationship to invite the genius doctor of the ancient forces.

...

The other side.

The East Island forces that planned everything are also conspiring.

They will also carry on the final madness!

"We have to speed up! Bring the second plan ahead!"

"First of all, Levi already knows that someone is pretending to be him! He has also played against him! He already knows our existence, we may be targeted!"

"Secondly, Tiance Mansion has already issued a Tiance Order, and Levi will soon be punishable! Tiance Mansion will also be eyeing us at that time!"

"So while it's still messy, we have to speed up a little bit!"

"Understand! Plan ahead!"

...

That's right.

As soon as the Heaven Policy Order came out, everyone's attention was on Levi alone.

No one will care about the others at all!

Next, as long as the position of Levi is determined, there will be a super power to suppress him.

Then there was news-the day before yesterday, the second place on the list, such as today's third in the list of common killers appeared.

Levi tore one of his commoners that day!

For Commoner Killing God, it is a great insult!

This is not putting him in the eye!

In public and private, Commoner Killing God will come forward for a while and Levi.

The man who suppressed an era is here!

Levi returned to the Shenlong base again.

"Huh? Sarah's breath?"

Levi was surprised and happy.

He is sure that Sarah has been here.

"Who?"

Suddenly, Levi exclaimed.

The Protector Novel Levi Garrison Chapter 1855 – 1856

Chapter 1855

He found that someone was following him secretly!

At the realm of Levi, he was particularly sensitive to everything.

Even the abnormal movement of flowers, trees, insects and flies can be detected.

As long as there is a slight energy fluctuation, Levi can catch it.

Levi just noticed it.

Even if it was only the same movement as the flickering wings of a flying insect, Levi had discovered it.

This is no one else, but Ichiro Ono, a shadow warrior of the East Island forces.

He also just tracked Levi's trail, but he didn't expect to be discovered.

"withdraw!"

Ono Ichiro immediately evacuated.

This is the first time he has been discovered since he came out of the mountain.

He underestimated Levi.

"Want to go, is it that easy?"

Levi's voice came from thousands of meters away, but it exploded like thunder in his ears.

Ono Ichiro is full of cold, but his soul is not possessed.

Isn't it terrible?

No wonder it gets second on the top list!

He is so strong!

“boom!”

The next moment, he seemed to be hit by a plane.

That kind of feeling is as if the vast expanse of mountains are pressing on him.

“puff!”

Ono Ichiro vomited blood and flew out.

His face was incredible.

He is nicknamed the Shadow Warrior.

It means that ghosts and ghosts are like shadows, hiding in the sky and being omnipotent.

There is no trace of his body.

No matter whether he hides or escapes, no one else can do anything about it.

And his speed can be called the limit.

But when I met Levi, he was caught up without telling him!

Ono Ichiro was about to get up to escape, but found that he could not move.

Levi had already locked all the meridians of his body and could only be slaughtered.

Ono Ichiro was very regretful.

There can be no single mistake against a strong player of this level of Shang Levi.

Once there is, it will be fatal!

In this situation, he can't even commit suicide.

This is specially made by Levi.

To prevent everyone from committing suicide like last time.

He blocked the way of suicide in advance!

"East Islander? Hahaha, dare to follow me?"

Levi smiled.

"But you are not him!"

Ono Ichiro knew who Levi was referring to.

The person who pretended to be him!

"Since I have caught you, then I can know everything I want to know!"

Levi understood that those who possess this level of concealment must not be ordinary pawns.

Later, Levi dragged Ono Ichiro away.

Soon, he was discovered by the guards guarding the base.

“Tweet!”

“boom!”

“Tweet!”

“boom!”

...

They quickly sent out a few signal flares and exploded in the air.

It means they found the trace of Levi.

Nearby Tiance Mansion and other powerhouses came one after another.

Levi doesn't care about these.

He found Sarah first.

As for Ono Ichiro, he has no right to die.

The other side.

Wushuang city.

Fu Qiufeng stood with several elders.

They are discussing a big matter.

“It's a big mess! The Heaven Policy Mansion has issued a Heaven Policy Order! You didn't realize the seriousness of the matter at all!”

Fu Qiufeng's face was extremely frightened, his face pale.

“Now Levi’s mother and daughter are hidden here! In the end, if Tiance Mansion knows, we are the accomplices of the evil gods! My little Wushuang city will be treated as an evil demon!”

Fu Qiufeng explained.

The others nodded one after another: “Yeah! Are these people hiding in private, aren’t they just Levi’s accomplices?”

“The Tiance order is issued, and Levi will definitely die! When the Tiance Mansion blames us for the crime, we will definitely be annihilated!”

“What should I do then? I don’t want to watch Wushuang City ruined!”

“Keep Wushuang City, originally this matter has nothing to do with us!”

...

Fu Qiufeng sighed and said, “Isn’t it! I don’t want Wushuang City to be destroyed in my hands, sorry for the ancestors and ancestors!”

“So I decided to hand the man over to Tiance Mansion!”

Chapter 1856

Fu Qiufeng looked at everyone, “Do you have any objections?”

Everyone looked at each other, and finally nodded: “We agree with your decision! This is the only way to keep Wushuang City!”

“Yes! We don’t need to take such a big risk for Levi!”

“What’s more, if you give the child to Tiance Mansion, Tiance Mansion will not hurt her!”

...

Wushuang City unanimously decided to send Junjun and the others out.

Fu Qiufeng immediately ran to contact Tiance Mansion.

Within a few hours, the army of Tiance Mansion rushed to Wushuang City.

Take the three of Jun Jun away and head straight to Tiance Mansion, without giving Levi any chance.

This was what Levi never expected.

There is a fire in the rear...

“Lords, Levi won’t retaliate against us, right?”

This is what Fu Qiufeng and the others are worried about. What if Levi came back and wiped them out after knowing it.

“Don’t worry! Levi will not survive today! His position has been exposed! The powerhouse of Tiance Mansion has gone after him!”

“If you are worried, I will give you a place to hide!”

...

“It’s so good!”

Fu Qiufeng took everyone to take refuge.

The Lord of Tiance Mansion took Junjun and the others to leave Wushuang City.

“I thought this kid was kidnapped by overseas forces, but I didn’t expect it to be a play directed and acted by Levi!”

Huang Fox sighed.

“Have you seen? The descendants of the Heretic God not only practice evil arts, they are powerful. They also have many tricks! This is also terrible!”

Tianlong gasped.

Huang Austin smiled: “But now it’s fine, his mother and children are in our hands! Levi is useless no matter how arrogant he is!”

“Let our people go and kill him first. The best we can kill. If we can’t kill him, we will use his mother and daughter to force him to subdue! We are not despicable people, we are just protecting his mother and daughter! He can be kidnapped to blackmail him!”

...

Everyone smiled like a fox.

At this moment, Levi took Ono Ichiro to a quiet place.

When he was about to ask Ono Ichiro, news came from his subordinates.

“What? Junjun was handed over to Tiance Mansion by Fu Qiufeng?”

Levi’s face changed drastically.

Levi must have arranged for people to be closely guarded around Wushuang City.

It was just that there were so many Lords from Tiance Mansion that the guards did not react.

It is impossible to make another move!

“Fu Qiufeng, you are looking for death!!!”

Levi roared.

Ichiro Ono was taken aback.

Thousands of calculations, I did not expect something will happen in Wushuang City...

Of course, it is mainly related to Tianceling!

The issuance of the Heaven Policy Order directly caused Fu Qiufeng to make such a move.

The three of Jun Jun were taken to Tiance Mansion, he would not be relieved.

He must be rescued!

But he didn't want to fight Tiance Mansion either!

It's really bad for others to take advantage of it!

If you rush to the battle with Tiance Mansion, reveal the truth about everything planned by the East Island forces.

Maybe everything can be avoided.

"Tell me who is behind you! Otherwise I will make you suffer!"

Levi began to stare at Ono Ichiro.

Ono Ichiro laughed when he saw Levi so crazy and anxious.

"It's useless if you know it! What's more, our second plan has already started! You can't even take care of yourself, can you take care of others?"

Ono Ichiro laughed.

"What? The second plan?"

Levi raised his brows.

Realize that the big trouble is coming.

“That’s right! We have already started the second plan ahead of schedule due to the issue of the Heaven Policy Order! Hehe... It’s hard for you to protect Levi?”

“Do you want relatives? Or do you want this country?”

Ono Ichiro laughed.

“Tell me what the second plan is?”

Levi shouted madly.

The Protector Novel Levi Garrison Chapter 1857 – 1858

Chapter 1857

“Levi died!”

Suddenly, a shout came.

Hundreds of Lords appeared.

Everyone had received an order from Heaven to kill Levi.

“Annoying!”

Levi shook his head helplessly.

The speed of this group of people is really fast!

“Solve you first!”

Levi dragged Ono Ichiro to mix with the Lords.

The two sides fought hard.

Although there are many Lords on the other side, it is only a part of being crushed against Shang Levi.

Ono Ichiro didn't even have the idea of taking the opportunity to escape.

Levi is too strong!

But Levi found that the more people in the Vietnam War.

Now his whereabouts are completely exposed, I am afraid that more Lords are on the road.

I'm afraid it will be more difficult to get rid of by then.

“I have to find a way to get rid of it!”

After a scuffle, Levi broke through to the north.

The Lords were chasing after him.

In the end, Levi was forced to the boundary of the capital.

“Forget it, go to the capital first!”

Levi plunged into the boundary of the capital.

At that time, it will be more convenient to hide in the capital.

“Haha, Levi has escaped into the capital! Isn't this going to die? The capital is our base camp!”

Everyone smiled.

Report the news to Tiance Mansion immediately.

At this moment, almost the whole world knew that Levi was in Beijing.

The Lords who received the order from the sky rushed to the capital like crazy.

During this period of time, Sarah has suffered from headaches many times.

Frequent attacks, more severe than each.

Even if he recovers temporarily, Sarah will often lose consciousness when lying on the hospital bed, like another person.

Give Wen Lei a particularly bad premonition!

She has nothing to do.

Although resources have been used to find a genius doctor, he has not been found yet.

Wen Lei decided to spend huge sums of money to release news: invite the world's best doctors to treat diseases!

Good compensation: Either money or treasure, in short, to meet everything you want.

For Richard's subordinates, looking for Wood Zhengjie's traces was also intermittent.

For a while, Wood Zhengjie's consciousness information still exists, and for a while, the consciousness information disappears.

However, with time, Wood Zhengjie's consciousness is getting weaker and weaker.

In the end it was almost gone.

They were also from Man Morendam looking for Wood Zhengjie's whereabouts.

But Wood Zhengjie really disappeared.

"Mr. Richard, our other tasks have been completed! Only Wood Zhengjie has not found it yet!"

Richard showed a relaxed look, and the task assigned to him this time had been completed.

But Wood Zhengjie didn't want to give up either.

"Mr. Richard, we found that the Beijing Wenjia is recruiting genius doctors from all over the world! It seems Wen Lei is still alive! You must know that Wen Lei was in the same laboratory with Mr. Wood Zhengjie at that time!"

Hearing this, Wood Zhengjie's face changed.

"In this way, Wood Zhengjie is not the only one who survives! If Wen Lei can be found, maybe we can know where Wood Zhengjie is?"

Richard said.

"Yes, that's right!"

"Okay, then we will go to the capital!"

Richard and his party immediately set off for the capital.

On the other side, the East Island forces.

"It's not good, Ichiro Ono hasn't come back yet, and no news has been sent back! We suspect that something happened to Ichiro Ono!"

“Report, I just got the news that Ono Ichiro was arrested by Levi! I saw Ono Ichiro just when the Lord of Tiance Mansion was encircling and suppressing Levi!”

...

The expressions of several high-level members of the East Island forces immediately changed.

“What? Ono Ichiro was arrested? If he tells Levi everything, wouldn’t we be exposed?”

“Yes! Levi found out a lot of clues to us! Ono Ichiro was arrested again, we will be exposed!”

“Send someone to the capital immediately! Kill if you can! Ichiro Ono can’t live!”

“But how can you kill people from Levi’s hands?”

“Then only send him out-Oni Samurai!”

“Hi! Ghost samurai!!!”

Chapter 1858

Hearing this name, everyone’s complexion changed drastically, and they gasped.

As if this title is a taboo!

“Quickly, quickly! Right away, right away!”

“He is the only one!”

...

Beijing, in the private hospital of Wen’s family.

Sarah just recovered, she looked out the window in a daze.

Wen Lei felt that she was colder than before, even ruthlessly cold-blooded.

But all kinds of experts in the hospital have checked all kinds of instruments, and the plum is fine.

Wen Lei only hopes that the world's genius doctors will gather as soon as possible to take a good look at what Sarah is all about.

“Miss Wen, a team of medical experts claiming to be from the War Eagle Nation came out! I want to show Miss Logan!”

At this time, someone from the hospital came to inform Wen Lei.

“Hurry up!”

Wen Lei immediately went outside to meet him in person.

This team is led by Richard.

He did not lie. There were medical experts from the famous war Eagle country in the team.

Without any doubt, Wen Lei and others let them enter the hospital.

“Miss Wen, we need to know everything about the patient...”

Richard banged on the side, wanting to know what happened in the laboratory that day.

“This one...”

Wen Lei hesitated.

After all, in the results given by the rescue team, they were dead.

“Miss Wen, please don’t cover up, this is not conducive to our inspection! What’s more, we know the situation of you and Miss Sarah. You should have died in the explosion of the Shenlong Technology Base that day. Why are you still alive?”

Richard laughed.

“what?”

This surprised Wen Lei, he knew everything.

“Well, I won’t hide it! The thing is probably...”

Wen Lei probably talked about the collision of particles, but also ignored a lot.

Richard didn’t hear what he wanted to hear, so he continued to ask.

“This shouldn’t be! Then, Miss Sarah, did anything happen before the particles collided?”

“This is very important! Miss Wen, please explain truthfully!”

...

Several other people also emphasized.

The purpose of Richard’s move was to inquire about Wood Zhengjie’s news.

“This one...”

Wen Lei hesitated.

“Well, before the particle collision happened, Sarah was conducting an experiment, which was to transfer the consciousness of others to Sarah’s mind! But it was only a second to fail!”

...

Wen Lei roughly tells the scene at that time.

“Huh? Is there anything else?”

Richard was shocked.

Know that this is Wood Zhengjie!

“What about the other person? Is it alive?”

Someone asked subconsciously.

Wen Lei shook her head: “No! Only the two of us are alive!”

“what?”

Richard and the others were extremely surprised.

If Wood Zhengjie really died, how could he still be conscious?

It shouldn't be!

At this moment, a voice rang in Richard's ear.

“Mr. Richard, we searched for Mr. Wood Zhengjie's consciousness! It's nearby, I suspect it's in the hospital!”

“what?”

Richard was shocked.

It turned out that Richard's team was still testing outside.

“Uh!!!”

...

At this moment, heart-piercing screams came from the ward.

“Committed again!”

Wen Lei ran to the ward immediately.

Everyone followed.

I saw Sarah rolling on the floor with pain!

Make a devilish roar!

“Uh!”

Sarah grabbed the ground with both hands, leaving deep scratches on the ground.

She was maddened by the pain.

Wen Lei was frightened.

She has never seen Sarah so serious!

What’s going on here?

“Mr. Richard, I have basically determined the location of Mr. Wood Zhengjie’s consciousness, very close to you! Or in front of you!”

There was a sound in Richard’s headset.

“boom!!!”

At this moment, Richard’s brain throbbed.

He looked at Sarah with a look of disbelief.

He seemed to understand all this.
