

Nothing to Give but My Heart Chapter 199-204

Chapter 199

Ana Shen thought for a while, raised her head and looked at Walter: “Don’t believe him, none of what he said is true, he just wants to save his company!”

“Okay.” Walter curled his lips and said with a sneer: “Then you are telling me, what she did to sorry me.”

Hearing, Ana felt a little bit cold in her heart, did Walter... just believe it?

Ben Lin’s eyes were a little more proud, and he didn’t notice the bloodthirsty coldness in Walter’s eyes. He said excitedly: “Last time I took my wife to the hospital for an examination, I found that Ana had also gone to the hospital. Then I went up to talk to her, and then a man came out to talk to her, and the two of them were still very close, and they seemed to be hooked up together. Nightclub, this woman was not chaste when she was with me before Unclean derailed in marriage, maybe it is because you don’t have the ability to do that in a wheelchair, so she go out and hook up with men to cuckold you!”

Ben Lin spoke proudly, as if he had caught a life-saving straw. The evil light in his eyes was so great that he didn’t feel that the aura on Walter’s body suddenly became cold after he had said that. Staring at him sharply.

“Nightclub, what I said is true, Ana is an out-and-out slut, she is shameless!”

Ana standing on the side: “...”

She was really stunned.

She thought that Ben Lin would say that he had never had a room with her, but she did not expect that he was discrediting her unchaste.

At the same time, Ana felt that she was really blind before, and she would have fallen in love with this kind of man. He had disappeared so much that his goodwill became a negative number at this moment and his disgust value also rose linearly. In addition, Ana was also relieved.

She was afraid that Walter would doubt the child's problem.

"Really?" Walter raised his lips and smiled a bit wickedly. He stared at Ana: "Is she really a slut?"

Ben Lin nodded: "Yeah nightclub! She is a slut, or else you think I would not want her?"

"Oh, so you mean...Is Walter's wife a slut?"

Ben Lin continued nodding: "Yes, that's it..."

Speaking of this, Ben Lin suddenly realized something was wrong, "It's not that it's not a nightclub, I didn't mean that, I mean you don't be fooled! Ana is not a good woman, the nightclub should abandon such a woman, Find better ones."

"You just said...I am incompetent?" Walter didn't seem to hear his explanation.

Ben Lin completely changed his face: "Night club I..."

"You are the one who do not know how to live and die, come to our Mr. Walter to say that he is incompetent? I think you have a long life, right?"

Ana on the side didn't expect that things would develop like this, standing still on the spot, looking at Walter for unknown reasons.

"Nightclub I absolutely don't mean that, I just...just..."

"You said it, didn't you?" Walter smiled bloodthirstily, "So you came to the Yeshi to tell me this? It's meaningless, Phillip."

"Yes!" Phillip walked to Ben Lin: "Hurry up, we Mr. Walter don't want to see you anymore, and your company shouldn't start again, if we let Mr. Walter see you harassing our second grandmother in the future. , But will not be as simple as this time."

Ben Lin was not reconciled and wanted to ask again, but when he looked up, he saw Walter's whole body exuding coldness, as if there was a layer of black air covering his whole body, he did not dare to speak any more, he could only nod his head and say yes, and then crawl Get up and leave quickly.

After he left, Ana was still standing there, and Walter scolded: "Don't come over now."

Hearing, Ana glanced at him subconsciously: "You..."

Why did he show this attitude? Didn't he believe Ben Lin's words?

"But here, do you want to follow him?" Walter's voice cooled down, and Ana reacted, hurriedly followed, Phillip consciously stood aside, letting her push him.

"This is the man you desperately want to keep the child for him. He will discredit you for his own future, Ana, your vision is really bad."

Ana: "..."

She smiled bitterly: "You told me to come over because these are sarcastic?"

"Are you still wronged?" Walter sneered, his eyes darkened a bit: "That man abused you like this, what you are doing with his children?"

Ana: "Can you not mention the child? He is innocent!"

"Innocent?" Walter asked Ana to stop, and Ana stood still, "The child is innocent, so you are innocent? I already know about Curtis's transfer."

Hearing, the movement of Ana's hand paused, and she looked at the back of Walter's head: "So what? This is not what I asked him to do."

"Second married girl, I have to say that you do have the means, and even the eldest brother can earn it in your palm."

Ana stood still, and didn't bother to push him.

"Keep pushing." Walter said coldly, "You will go back to Yejia with me every day after get off work."

Ana's eyes widened: "What? With you? Wouldn't you want me to be with you when I went to work?"

"What's the problem? You and I are originally a husband and wife, going to get off work together, something wrong?"

"Of course, we are not in the same department. I used to take the bus by myself, so let's do as we did before."

"Heh." Walter glanced at her: "Do you think I will give you a chance to seduce Big Brother? Starting tomorrow, you will go back to my office to work."

“What are you talking about?” Ana widened her eyes in disbelief and told her to go back to work?

“Be your original assistant.”

Ana stared at him blankly for a moment, and then she sneered away: “Walter, do you think it’s fun to play with me? When you say transfer, I’ll tell you that the department where I stay is very Okay, I won’t go to any of the positions around you brothers!”

After speaking, she turned around and went, not wanting Walter to buckle her wrist directly: “You don’t have to go to Curtis, I don’t have a place for you to refuse, get in the car.”

“I’m not going!” Ana struggled vigorously, trying to withdraw her hand, but Walter’s strength was too strong, and his hand gripped her tightly like pliers, making her unable to move.

Ana flushed with anger: “Walter, you let me go, I just don’t want to promise you, and don’t I even have the right to stay where I am?”

“From the moment you marry into the Ye Family, it is doomed that you can only listen to my destiny in this life.” Walter’s hand hardened, and Ana fell into his arms. A hand also encircled her waist.

They were still at the door of the company, and this scene was directly seen by other employees.

Ana Shen was frightened, and pushed him hard: “Let go of me.”

“If you push again, believe it or not I am kissing you here?”

Chapter 200

His words made Ana stunned, staring at him for a long while, Walter directly rolled the wheelchair forward by himself, Ana did not dare to resist any more, for fear that he would really kiss her in front of everyone here.

In the end, Walter was forced to get into the car. Ana didn't dare to raise her head, so she could only keep her head in Walter's chest until she got in the car, she pushed Walter away.

"Why did you do this suddenly?"

Ana sank into the seat of the car and stared at Walter with dissatisfaction.

"Didn't you keep telling me that I was just your subordinate when I was outside? What are you doing now?" Grandly hugged her to his lap, took her into the car, and will be with her every day. Commute.

"Don't you know what am I doing?" Walter asked back.

Ana was shocked by his burning gaze, so he had to avoid his sight, and his voice went low.

"How do I know what you are doing?"

"That's good." Walter reached out and pinched her chin, forcing her to meet his gaze, Ana struggled hard to avoid him, but he was still holding his chin in his hand after struggling for a long time, and the force was too heavy. , Her face changed because of the pain.

"Walter, let go!"

"I'll tell you what I am going to do now?" Walter's eyes were as hot as fire, burned on her face, burning up every inch of her face: "I want to tell everyone that you are my Walter. No one is allowed to make up your mind, including

Curtis Ye. If... he dares to openly transfer your position or get close to you, he is prying my corner.”

Speaking of this, Walter’s eyes seem to have hatred: “He is exactly the same as that woman. Other people’s things are the best. He always wants to grab it by any means. Second married girl, I can warn you in advance if you dare to follow Curtis , I will...I won’t let you go.”

“Understand?”

How could Ana not understand? She pushed Walter’s hand hard, and said angrily: “Why do you two brothers’ grievances involve me? Let go of me!”

“Who told you to provoke me to provoke others?” Walter clasped her wrist, and didn’t loosen it even an inch. Ana was in pain, and she didn’t struggle anymore. Anyway, she was in the car now, how could she hold him? No one saw the intimacy, so let him go.

Seeing her calm down, Walter felt bored at all. He didn’t use so much force when he squeezed her wrists. Instead, he relaxed a little. After a while, his body actually leaned towards her, and Ana was frightened. After a jump, when she was about to push him away, she found that Walter actually leaned his head on her shoulder.

“What are you doing again?” His movements were so startled that Ana was very frightened by him.

“Rely on meeting.” Walter’s voice was exhausted, and there was clearly a stern look in his eyes. After the woman completely stirred up her fire last night, she left and ran to another room to sleep. He left her without closing his eyes all night.

Ana was stunned. By the time she reacted, Walter had already put all the power of his body on her shoulders, and her body was sinking for a while and she leaned back on the soft cushion, “You...”

She felt heavy, and subconsciously wanted to push him away, but Walter grabbed her moving hand, pressed it, and her voice was hoarse: “You better give me a break, don’t forget how I served you last night. “

Serve?

Hearing this adjective’s first reaction, Ana immediately wanted to crooked, her face flushed a bit.

“Don’t talk nonsense, last night...”

“Do you dare to deny it?” Walter’s tone became colder, obviously with a bit of displeasure.

Ana’s pink lips opened, trying to argue for herself, and finally thought about it, but still didn’t say anything.

How can he say that he did help her last night, he did not do anything to her in a critical moment, but called his aunt...

Based on this alone, Ana felt that he shouldn’t f**k her anymore, rely on it, rely on it, anyway, it won’t die.

Thinking of this, Ana became quiet, and then she looked at the shadows of the building trees that had been retreating outside the window, and some small fragments appeared in her mind. It was when Walter was about to enter her last night, she suddenly withdrew back, Ren Ren She scratched her heart and did not touch him again.

Why?

Ana Shen suddenly wanted to know the answer, she asked softly.

“Walter, you...”

Walter’s breathing was even and steady, and he was obviously asleep leaning on her shoulder. When Ana reached her lips, she had to swallow it back, and then she fell silent while looking out the window.

Phillip drove the car very steadily. Gradually, Ana leaned against and fell into a nap, and finally fell into a dream.

She doesn’t know how long she slept with this, Ana only knew that when she woke up, she had actually returned to Yejia, and she was still lying on the big bed of Walter, and she could see the floor she hit when she turned over.

It took a full ten seconds for Ana’s brain to recover. She slowly sat up from the bed and looked at the floor she had hit. She actually slept here. She was still leaning on Walter’s car before. Sleeping, why do you get here when you wake up? Who put her to bed?

Logically speaking, Walter... Even if she can pick her up, putting her on the bed is a bit stressful, right?

Could it be that Phillip was asked for help?

Forget it, what does she want to do?

Thinking of this, Ana quickly lifted the quilt and got out of bed, and then went to wash and eat dinner.

When he fell asleep at night, Ana still wanted to go to sleep on the floor she had hit, but her waist was directly surrounded by Walter: “I will let people take those things away tomorrow, you can only sleep with me in the future. “

Hearing that, Ana's expression changed: "Walter, why are you taking away my things? Didn't we say to sleep separately?"

"I said, I want everyone to know that you are my Walter's woman. No one can think about it. How could I let you sleep separately from me?" Walter's tone was sharp and strong. It's trembling.

"This is at home, no one sees it!"

"So what?" Walter tightened her waist: "As long as I want to do what Walter wants to do, it's the same everywhere."

He pushed her onto the bed with one hand, Ana was wearing a knee-length nightdress, so she fell on the bed coldly, the skirt ran directly to the upper body, scared her to scream, and quickly reached out to remove the skirt. Pulled it down.

However, this scene has already entered Walter's eyes, and the calm ink color rolled under the night light. He suddenly stretched out his hand and used his strength to roll over onto the bed. The huge movement scared Ana, and he didn't wait for her to react. His whole body was pressed on her.

"Ding Dangmao? Second married girl, are you so naive? Or are you deliberately seducing me?"

Ana Shen breathed, and her heartbeat almost stopped.

Chapter 201

He...he actually saw it!

She was really embarrassed this time.

“How do you think I’m naive, why do you think I seduce you? Go down.” Ana pushed her heavy body, and suddenly remembered the posture she had just leaped up. It was very profitable.

Then she used to...

Thinking of this, Ana stared at the person pressing on her with wide eyes.

“You can obviously go to bed by yourself, then why did you...”

Walter’s eyes were filled with joking smiles, “What? If I can go to bed by myself, do I have to go by myself?”

It is said that he can do it by himself, but he can tease her that he cannot do it himself.

However, his movements are too neat, right? Doesn’t seem to be done by a paralyzed person?

Ana became suspicious, staring down at his leg.

“Could it be that you think I’m paralyzed for so many years, and you can’t even learn this?”

Ana was taken aback and felt that what he said seemed quite reasonable. People who have been paralyzed for a long time would definitely get some skills on their own. She shouldn’t just doubt him like that.

Because of his legs, Ana completely forgot how dangerous her current situation was. When she understood this matter, she realized that Walter was still taking her.

“Walter, you let me go, I want to go down.” She tried to push him, but Walter raised his lips, “You won’t go down when you come up, sleep here, if you dare to have other ideas, I Don’t mind continuing with what was not done last night.”

At the end, Walter’s thin lips even moved to her ears and took a bite on her pink earlobe.

“You know, I’m not a gentleman.”

The exhaled heat made Ana tremble, and her neck shrank subconsciously, of course she knew what he meant.

Last night, her consciousness remained, and there was a lot of it. Naturally, she knew that he came in and went out behind him.

Thinking of this, Ana didn’t speak any more.

Walter turned over and lay down on her side, facing her exactly.

Under the dim light, the two lay face to face, and the breath they exhaled was intertwined, which made the originally ambiguous atmosphere a little more charming.

Ana blinked, her heart beating a bit faster, and then she moved her hands and feet, trying to turn around quietly, but because she didn’t control her strength well, and the distance between the two of them was extremely close, she actually kissed him. Going up, her lips touched Walter’s thin and cool lips.

Breathing stopped...

Ana stared at Walter, which was close at hand, her breathing stopped. She...what was she doing?

After a full stunned for five seconds, Ana reacted, her eyes panic trying to back away.

But when she retreated, Walter, who had been calm and motionless, suddenly reached out and held down the back of her head, leaning back and kissing her.

“Hmm.” Ana was so shocked that she stretched out her hand to block between the two, staring wide-eyed at Walter’s attack on his lips.

Low and dull voices filled the lips and teeth of the two.

“You took the initiative to seduce me.”

“I... well.”

Ana wanted to explain, but she gave Walter a chance to entangle her with the tip of his tongue, she retreated him in, and she defended him and attacked strongly.

In the end, Ana completely surrendered and let him ask for a kiss, and her consciousness became confused, her eyes closed vaguely, and her hands subconsciously wrapped around the opponent’s neck and hugged him.

The two kissed hard to separate, the temperature in the air and the temperature on the body continued to rise, and Ana no longer remembered what the night was.

Walter’s hand provoked the corner of her clothes in a familiar manner, and then plunged into—

Ding Lingling——

However, at this time, an abrupt cell phone ringing rang, interrupting the two hot people.

Ana suddenly woke up and realized that she had actually kissed Walter. She wanted to run away in amazement, but Walter sucked and sucked her lips as if he hadn't heard the phone ringing.

"Walter..." Ana avoided his kiss in fear, his thin lips simply fell on her neck, and then straight down.

"You, your phone rang!"

Walter was still busy regardless.

Ana gasped heavily and called out again: "Walter!"

"Don't worry." He whispered, and roughly tore off Ana's nightdress. Ana screamed in fright: "You lighten up, the skirt I just bought..."

As soon as he finished speaking, Walter's skirt was torn to pieces.

Ana was dumbfounded, completely unexpected that Walter was... so rude and anxious!

"If it breaks, replace it with a new one." Walter dropped this sentence and leaned down again. Ana was too anxious, but at this time the phone rang again, and Ana could only say, "Your phone keeps ringing. What might be an urgent matter?"

She was completely awake, and she was confused just now and didn't know what was going on.

The phone keeps ringing, endlessly, as if something really matters.

Walter finally couldn't help but get up with a low curse, then grabbed the phone, picking it up with a gloomy expression.

"Sao Ye, something big happened!"

Walter glanced at Ana, pursing his lips and said coldly: "You'd better pray that it's really a big deal, or else..."

Before he finished speaking, Ana said that she saw Walter's face completely changed, and then narrowed her eyes dangerously: "Really?"

After that, Walter hung up the phone. He pressed his hand as if he wanted to get out of bed, and then realized something. He turned his head and stared at Ana with complicated eyes. He suddenly pinched her chin and lowered his head and kissed her lips firmly. , "wait me back."

Then he pulled a side quilt to cover her.

Ana Shen was ignorant, completely unaware of what happened.

When she reacted, Walter had already left the room, and the strong masculine aura of him still remained in the air, and she lay barely under the quilt, thinking of what had just happened.

It should be Phillip who called him, as if there was something important.

Otherwise... how could Walter suddenly change his face and leave?

Ana was very curious, wondering if it was related to the person Walter was looking for before? He seems to have been looking for someone, but as for what kind of person he is looking for, Ana has no way of knowing.

Turning over, Ana thought that the person he was looking for might be a woman, and she felt...very uneasy.

Walter has always been indifferent. He doesn't care about the life and death of others. He has an invisible appearance to other women. A woman who makes him anxious should be a very important person.

Ana subconsciously grasped the quilt in her hand, and found that the fire of jealousy ran up along the lower abdomen, almost burning her whole person.

Jealous...

why? Ana, do you think you are qualified to have this emotion?

He is just looking for someone he values, and you... nothing.

Chapter 202

In the next half of the night, Ana did not fall asleep, she was waiting.

When Walter comes back.

But the facts proved that she waited for nothing, because Walter hadn't moved back at five or six o'clock. She kept her original position lying on the bed, motionless.

After a while, Ana seemed to have accepted her fate. She sat up silently from the bed, then walked to the closet, took a nightdress and numbly put it on herself, then turned back to the floor where she had hit, and lay down. go to bed.

As if she had made some determination, she lay down and closed her eyes, and soon fell asleep.

It doesn't matter what woman he finds, it doesn't matter to her anyway.

This time she slept until the next day, but Ana, who had only slept for two or three hours, had a headache. When she got up, she covered her head and went into the bathroom. After washing, she went downstairs.

At breakfast, Curtis Ye noticed her pale face, and asked thoughtfully: "Why is her face so bad? Didn't sleep well last night?"

Curtis Ye's greeting made Ana stunned, and then shook her head: "I'm fine."

The old man was not at the dinner table tonight, so Curtis Ye didn't evade anything when talking to her.

"I heard that Walter went out last night, but he has not returned yet."

Ana originally planned to drink milk, but as soon as she picked up the cup, she heard such a sentence. After a pause, the milk almost spilled out. She put down the milk cup and picked up a piece of sushi.

"I heard that Walter is looking for someone?"

Ana just opened her mouth and bit the sushi into her mouth. Hearing this, it didn't make her feel happy. Eating what was in her mouth was like chewing wax. She didn't answer Curtis Ye's words, but Curtis Ye continued to speak.

"Do you know who he is looking for?"

Ana took a sip of milk and shook her head: "I don't know, I'm full, I'll leave Big Brother."

After that, Ana got up and walked outside. She walked very fast, as if she had fled.

After walking for a while, Curtis hurried to catch up with her, “I also happened to go to the company, I’ll see you off.”

“No need.” Ana walked forward without turning her head.

The hand was suddenly held by someone, and Ana turned around in amazement and saw Curtis Ye clasp her wrist, “Ana, I’ll take you to the company.”

Ana frowned Xiu eyebrows subconsciously, trying to free her hand, but Curtis Ye clasped it tighter: “Wait for me here, don’t run away, you know?”

Ana: “...Big Brother, I...”

“I’m going to drive.”

Curtis went to drive. Ana originally wanted to leave, but thinking of Curtis’s gloomy words, she had to wait in place.

After a while, Curtis drove the car and stopped in front of her and let her get in the car.

Ana could only get in the car, and when Curtis leaned over to fasten her seat belt, Ana Shen hurriedly said: “I can do it by myself.”

“I’m coming.” Curtis held her hand and insisted on leaning over to fasten her seat belt. The whole male breath enveloped her. It is easy to fasten the seat belt, but Curtis seemed to deliberately act Slow down, a cool breath sprayed on her face.

Ana felt a little uncomfortable, and subconsciously shrank her body and leaned back slightly, hoping to avoid him.

But Curtis Ye's voice faintly sounded.

"You want to avoid me so anxiously?"

Hearing, Ana suffocated her breath, raised her eyes subconsciously, and ran directly into Curtis's cold eyes, "You..."

"I want to adjust your position because I don't want you to be bullied again, and I didn't think about it."

Ana Shen didn't speak, but her breathing became tense.

Curtis fastened her seat belt, but did not leave in a hurry, but slowly held her hand: "Do you know who Walter went out to look for last night?"

Before Ana could speak, Curtis said again: "If you have feelings between you, if you are happy, then the big brother won't say anything, but the big brother doesn't want to see you hurt again."

"Big Brother..." Ana wanted to push him away, but Curtis Ye suddenly stretched out his hand to wrap her shoulders and hugged her.

At this moment, Ana heard the sound of her heart stopping beating.

Curtis...what is he doing?

"Ana, if you want, eldest brother can take care of you forever."

Hearing, Ana lifted her lips and smiled, "Isn't my elder brother ever thinking about how his younger brother feels before doing this?"

"Since Walter doesn't want to cherish you, then I won't give him another chance. Ana, divorce him."

“What about after the divorce?” Ana asked.

Curtis paused for a while, then turned away, looking at her with gentle eyes.

“After the divorce, I will become the target of public criticism, and then marry the eldest brother? Is the eldest brother really good for me?”

Curtis Ye pressed his thin lips lightly, and did not move.

“Heh.” Ana sneered: “Curtis Ye, do you really feel sorry for me and don’t want me to be bullied, or do you mean you are anxious to retaliate against Walter, that is why you desperately want me to divorce him? Let me follow you and you can prove your charm, right?”

Hearing, Curtis’s originally mild eyes flashed a panic. He didn’t seem to expect that Ana Shen would think this way, and he even said it directly. He held Ana’s shoulders: “Why do you think this way? Is it yours? In my eyes, is Big Brother that kind of person?”

“Then eldest brother tell me, what kind of person are you? Do you think I will really believe that you will like a married woman? Since you have known my identity, you should know that, except for Outside of Walter, I have been married before. If I get divorced again, I will be a third-married woman. In the eyes of your men, a woman like me is nothing but a torn shoe. Would you really want it? Don’t be naive, No matter how much you say, I won’t believe it!”

Curtis frowned, and his hands on her shoulders became tighter and tighter. After she finished speaking, he whispered: “You are not allowed to talk about yourself like this. I don’t care about your third marriage or broken shoes.”

“Then what do you care about?” Ana sneered: “You don’t care about these, do you think I will believe it?”

“What I care about is your heart.”

Ana was taken aback, staring at Curtis Ye who was close at hand.

Curtis stared at her cold eyes seriously and seriously: "I know that after two failed marriages, it is difficult for you to believe in men again, so I am willing to wait until you are willing to believe me. That day. Ana, I just want you to know that Curtis Ye really likes you, I'm not kidding, I can...swear with my life."

He raised his hand as if performing some kind of ritual.

"The sky is the proof. Curtis is willing to gamble all his wealth and life in exchange for Ana's trust. I want to take care of you for life, but if my words are false, I will not die."

Ana Shen paled with fright at the latter sentence: "You, don't talk nonsense!"

Chapter 203

"Are you feeling distressed?" Curtis Ye pulled his lips and smiled self-deprecatingly, "Then would you like to feel sorry for me anymore? Treat me as pity, and promise me a chance?"

Ana: "Curtis Ye, you..."

"Call me by name from now on, don't call me elder brother anymore. I don't want to be your elder brother, I would rather you call me by first name and last name like this."

Curtis had already said very clearly, and told Ana everything that should be confided. After he finished speaking, he waited for the opportunity and slowly fell, so he didn't worry anymore and didn't wait for Ana to refuse. If you don't, just step away.

"You look bad today, do you want me to give you a vacation?"

The topic was directly staggered, and Ana was not happy to continue, so she could only answer: "No, I'm fine."

She just didn't sleep well, and she was not sick.

"It's a 20-minute journey to the company. It's still early. I'll drive a little bit slower. You can get some sleep in the car. I will call you when I get there."

Ana felt that this proposal was good, so she nodded, then leaned back in his chair and closed her eyes.

Her heart was in a mess. What Curtis Ye said to her earlier, she thought at first that he just wanted to involve her in the struggle between the two brothers, but Ana was puzzled after he swore?

If he really didn't use his sincere words, why should he say those words?

Shan is purely to make her believe, and he doesn't have to say such things that make her unhappy, right?

Her mind was a little messy, but her eyelids were heavy, and Ana Shen soon fell asleep.

After a while, her breathing became even.

Curtis took advantage of the red light and looked carefully at her in her sleep.

Ana Shen's facial features are indeed very delicate. When she fell asleep, her eyelashes were extremely long and thick, but there was a faint blue circle around her white and tender eyes. Her eye sockets were a bit deep, a little deeper than when she first married into the night house.

She seems to have been losing weight ever since she got married, her chin is so thin and her face is not as big as his slap.

Curtis sighed and couldn't help reaching out to remove the strand of blue silk from her forehead, and whispered, "I will protect you from now on."

It seemed that Ana had slept for a long time. He was probably worried about the way to the company. When she woke up, the first sentence was whether she asked him? After asking, she found out that they had reached the parking lot, and Ana was startled.

"Has it arrived?"

Curtis smiled slightly, "Just arrived, don't worry, there is still time."

Ana wanted to touch the phone in her bag to check the time, but Curtis Ye handed out a bag, "Go upstairs after eating."

"Is this?" Ana glanced at the bag suspiciously. After receiving it, she found that it was still warm. She opened the bag and found that it was a bag of hot milk and tart bread.

Ana's eyes moved because of something she likes to eat.

"Thank you, brother." Ana took the bag, "but I'd better go upstairs to eat, it is not convenient after all."

This is his car. If she eats here, if someone sees it later, she does has to let others gossip.

"Also called Big Brother? Didn't you say a name?" Curtis Ye smiled and asked casually, but Ana was extremely embarrassed. How could she really call him by name? So she lowered her eyes and did not answer him.

“Fine.” In the end, Curtis gave in first, and he sighed heavily: “I shouldn’t force you. I should give you time to adapt. Go up first.”

“Well, thank you.” Ana thanked him, and then door out.

When Ana took the bag and pulled the car went back to her department, she just met a few people moving things on her desk. Several people around were talking about it. She was stunned for a few seconds and walked up to ask: “What are you doing? This is my table.”

Several men in suits said expressionlessly, “Miss Shen, this is what Mr. Walter meant.”

Mr. Walter mean? Walter?

Yes, Ana remembered that he told her last night that he wanted her to go back to his side and continue to work. He had left in the middle of the night. Ana thought it might be over. She didn’t expect that he would directly call someone to move things. .

Ana’s expression moved, and there was a burst of anger in her heart.

In the middle of the night, he wiped his gun with her and went into fire. Before answering the phone, he was obviously disturbed, but after answering the phone, he left directly. Before leaving he asked her to wait for him to come back. In the end, she waited for him all night. No ghosts were seen.

He still hasn’t seen anyone until now, but he directly calls people over to move her table.

Why?

Why on earth?

“Don’t move, I won’t go.” Ana Shen said.

The men paused and didn’t listen to her. They just said that this was Mr. Walter’s order, and then they were about to go outside. Ana Shen at the door and blocked their way.

“I don’t allow you to move my table. You said this was an order from Mr. Walter, what about others?”

“We only received orders, so...”

“That means you haven’t seen anyone. Since it wasn’t the order he gave you, how do you know if this is true? Don’t touch my things, put them back in place, and you all go out.”

“This...”

Several people looked at each other, exchanged glances, and finally said, “I’m sorry, Miss Shen, this is Mr. Walter’s order. If we don’t follow it, then we must be punished.”

After speaking, one of them came out and pulled Ana aside forcibly, and then the others quickly left with the table and things.

Ana was dumbfounded at the sudden scene.

Do you want such a king?

After they succeeded, the man grabbed her hand before letting her go, and then embarrassedly said: “I’m sorry, Miss Shen, just offended, let’s go first. As for other things, you can ask Mr. Walter personally. “

Ana: “...”

After they left, the rest of the department quickly gathered around.

“Wow, what’s the matter? Didn’t you say that the night vice president is going to transfer you? Why did Mr. Walter move your desk today? Where did they want to move your things?”

“Gosh, it’s not moving upstairs, right? Xiao Shen, are you reinstated again?”

“But Mr. Walter did this, didn’t he slap Vice President Ye severely in the face?”

“Yes, the vice president said last night that she was transferred, and the young man will reinstate her tonight. What happened to these two brothers...?”

“Xiao Shen, what is your relationship with them? Mr. Walter and Ye Fu are always chasing you? Too happy? They are the objects of all the girls in our company, although Mr. Walter is disabled. In a wheelchair, his face is really so handsome, if he could stand up, he would be perfect!”

“You can’t stand up, Mr. Walter’s leg is estimated to be stubborn for a lifetime, oh... Xiao Shen, you should choose Ye Vice President, at least he is a normal person.”

Chapter 204

“Have you said enough?” Ana suddenly interrupted them, taking a cold eye, “My business has nothing to do with you, right?”

“What’s the air? Isn’t it just because Mr. Walter and Vice President Ye like you? Everyone has been colleagues for a while, are you so kind?”

“Yeah, isn’t it just reinstatement? You are so silly, maybe you will be demoted again soon. After all, Mr. Walter and Vice President Ye will get married sooner or later, and how can they marry a little character like you? The youngest grandmother at home, hum!”

After a few people finished speaking, they turned and left angrily.

Ana stood alone, looking at the empty place.

Curtis was transferred, but she didn't go. He sent someone to invite her, but she didn't go either.

Who knew that when Walter regained her post, she actually found someone to move the table directly, so he didn't plan to let her stay here?

These two people are really very different.

Finally, Ana had no choice but to turn around and leave the department.

Those who left couldn't help saying, "You wait, and she will be kicked out of Yeshi sooner or later."

"That is, now the air is useless. She has the ability to climb to the position of the young lady of the Yejia. If she doesn't have the ability, she will eventually be eliminated."

Ana reached the roof and came to a familiar place.

This is the place she had been in contact with when she first came to the company, so she was familiar with every inch of it.

The office was quiet, and it was obvious that Walter hadn't returned yet. One night's time had passed, and he hadn't returned yet.

Ana Shen sat down and stared at the computer in front of her.

If there is a choice, she would rather have no heart.

She herself didn't even know why she liked Walter.

Could it be because... When everyone in the mall laughed at her and looked down on her, he supported her with one hand, asked who pushed her down, and handed over the mall contract in front of everyone.

Or, when Lu Zongchang wanted to eat his own tofu, he didn't cooperate with the other party a word, and even abolished him later?

Although the time together is not long, but after looking back, so many things have happened.

While thinking about it, the elevator suddenly opened with a ding sound. Ana recovered and saw Phillip pushing Walter out of the elevator.

The two of them did not sleep at first, and the stern color around their eyes was clearly visible.

Ana paused and then stood up.

Walter didn't seem to expect to see her here. After a while, he saw the table in front of her before he realized it, and raised his lips: "Good job."

"Sure enough, you told them to move my things here."

Phillip knew they had something to say, so he pushed him in front of Ana and said: "Mr. Walter, I will go to deal with work first."

Then he turned around and entered the elevator without waiting for him to answer, and disappeared without a trace in an instant.

Seeing this scene, Ana could only sneer in her heart, running quite fast.

“If I don’t move your things, will you come up obediently?” Walter glanced at her, rolling his wheels towards the office.

Upon seeing this, Ana pursed her red lips, and followed him into the office.

“Then you can’t force them to move my things, can you? These things originally belonged to that department, and you moved them all up, then...”

“You don’t need to worry about other things, you just need to be my secretary obediently.”

Ana S: “I don’t want to be your secretary.”

Walter returned to the office desk, opened the notebook, and his voice became a bit cold.

“I am telling you, not asking what you mean.”

Overbearing and authoritarian, Ana sometimes really hates his appearance.

“Walter, do you think that I have to listen to you what you say? No matter what?”

Walter raised his eyes lazily: “I thought that from the moment you married into the Shen family, you have already recognized your destiny.”

“Including being left at home by you in the middle of the night?” Ana suddenly asked aloud.

Walter was taken aback, and his bushy brows frowned.

“Pardon?”

“What did you say before leaving last night? Let me wait for you to come back.” Ana’s lips twitched lightly, and a bitter smile appeared in her cold eyes: “I waited for you all night, where did you go? There is no phone call. Now that you have appeared, you have directly brought my things up. Yes, I did marry my sister into the Shen family, but it does not mean that I will let you call the wind and rain.”

She was a little excited about what she said, and after she finished speaking, Ana Shen felt that she had said too much.

Her remarks seemed to be jealous, complaining that he didn’t come back all night.

Just like a wife with deep grievances.

Sure enough, Walter furrowed his brows deeper, and his narrow eyes narrowed slightly, “Are you blaming me for not returning all night and neglecting you?”

Ana took a deep breath and pressed her lips tightly without answering.

“Heh.” Walter chuckled, his eyes revealed a wicked light: “Second married woman, is it lonely?”

He rolled the wheel towards Ana, “Last night...”

“Don’t mention what happened last night!” Ana suddenly yelled, seeing him coming towards her, and quickly took a step back: “Don’t come near me!”

Walter stood there suddenly, staring at her displeased.

“What do you want to say in the end?”

Ana Shen thought for a while, and clenched her fist: "I hope... you can let me go."

She raised her eyes to Walter and looked at him with a fixed look: "Anyway, we are not a real husband and wife. We will get a divorce sooner or later. It's better to treat it as a divorce now, and I will still return to my department. , As if nothing happened today and last night."

After speaking, Ana turned and walked outside.

"stop."

Ana's pace is certain, and she looks back at him.

"Is this also OK?"

Walter's sharp eyes fell on her face like a falcon, and his gaze scanned her in a gloomy tone: "It seems that you are really blaming me for neglecting you last night, the second married woman, I went for very important thing."

Hearing this, Ana began to lose control of her mouth again.

"What's important? Can you tell me?"

Walter paused and said, "Find someone."

"Looking for someone? Who are you looking for?" Ana moved in.

Walter narrowed his eyes dangerously, "This is not your responsibility."

Ana : "...Yeah, I shouldn't bother about it. When will it be my turn to ask about your Walter matter? Then from today, you don't care about my affairs."

She was so angry!

Seeing her angrily and depraved, Walter suddenly thought of something, his thin lips curled up slightly, and suddenly he stretched out his hand to pull Ana into his arms, then pinched her chin, and said with an evil expression:

“Second married woman. Are you jealous?”
