

Nothing to Give but My Heart Chapter 325-330

Chapter 325

After Jessica scolded them, she turned around and ran out, fast.

Hearing what they said, Ana probably broke up with Walter, so this is the reason, right?

Then she should be very sad now, so she forgot that she was still waiting for her in the finance department, right?

She must find Ana as soon as possible, otherwise it would be very dangerous for her to go out like that!

“What’s the matter with this Jessica? With so many people in our department, why did she go to be friends with that woman? Still talking so much for her?”

“Cut, it’s probably because she is a celebrity in the nightclub, thinking that there will be oil and water to fish. This person, after all, wants to climb up, she wants to climb the dragon and attach the phoenix, it is not difficult to guess.”

Jessica didn’t care what they were talking about. She rushed into the elevator and pressed the first floor, and then waited anxiously.

When the elevator stopped, Jessica quickly rushed out to find Ana.

Jessica searched everywhere for Ana’s figure, but where could Ana Shen be seen downstairs, she could only ran to ask the security.

Security knows Ana, after all, it is discussed by many people in the company.

“You said she, she just walked over there... I don’t know what happened, it looks weird.”

The security guard pointed to the opposite alley: “I didn’t look at the car when I was crossing the road. Fortunately, there was no accident. Then I went into that alley. You should go and check it out, but don’t have any trouble.”

“Thank you.” Jessica walked away quickly. She crossed the road to the alley. There were not so many forks in the alley, but she walked fast again, and she quickly found Ana.

In fact, Ana Shen got tired after walking for a while, and then she found a place to sit down at random, regardless of whether the surrounding ground was dirty or not. When Jessica found her, she was sitting on the cold floor.

She was so tired and panting, she walked slowly to Ana Shen.

“I found you, Ana... You really scared me to death, why sit here? Get up and go back with me.”

Ana didn’t move, she looked very quiet with her eyes down.

Jessica sighed and squatted down in front of her.

“Don’t be sad, will you go back with me first? Shall we talk about the next thing?”

Ana Shen raised her head, staring at her with red eyes.

Even if Jessica is a woman, seeing her like this makes her feel terribly distressed. I really don’t know what happened to Walter. Under such circumstances, he actually broke up with Ana.

Jessica didn't ask the others, just went to pull her hand: "Get up first, I will take you back."

Ana didn't move, but stared at her quietly.

Those eyes were red, like rabbits, but the tears kept lingering inside.

After a while, Jessica heard her speak softly: "Jessica, I'm afraid I will live up to your expectations."

Jessica's heart ached, "Ana, you..."

"I separated from him."

Ana smiled faintly again, and tears finally fell down the corner of her eyes: "This time, he really doesn't want me anymore."

Jessica was so uncomfortable that she couldn't speak. She knew that comfort was useless at this time. No matter how much she said, Ana would only be more uncomfortable. "Let's not talk about this, you will go home with me first."

She wanted to pull Ana up, but Ana was unwilling. Jessica had a terrible headache: "Will you go back with me first? We will discuss other things after we go back. There must be a way."

"No, there is no way, he won't look back, and... all my courage has been exhausted."

Ana lowered her eyes, she hugged her knees and buried her head in it: "I don't want to take the initiative to find him anymore, I don't want to..."

"Okay, then let's not look for him, let's find a man a hundred times better than him, okay? Look at Curtis, how nice he is to you..."

Curtis Ye!

Speaking of Curtis's name, Jessica suddenly reacted.

By the way, ask him for help now at this time.

Otherwise, she would really be afraid that she might not be able to handle Ana like this.

After all, her eyes were full of despair, which made people look scared.

After making up her mind, Jessica said to her: "Okay, wait for me here, and I'll be back soon."

Then she picked up her mobile phone and went to a place farther away to call Curtis Ye, and then explained to Curtis Ye what Ana was doing at this time.

"I know, I'll come right away."

"Well, hurry up, she is a bit scary now, I'm worried...I can't handle her myself."

After speaking, Jessica hung up the phone, and when she returned to the place where she was just now with her mobile phone, her face instantly changed: "Ana?"

Ana, who was still sitting on the ground just now, was no longer in sight.

"Ana!"

Shenjia

“Mom, go tell your sister, I want to enroll in an outside art class, but that private school is so expensive, you can help me intercede with my sister, it only costs 150,000 yuan.”

“Yueyue!” Mother Shen glanced at Erika Shen helplessly, and sighed: “It’s not that my mother didn’t want to help you. You saw the way your sister came last time. Now she doesn’t even care about my mother. . What a white-eyed wolf, because I raised her so big, she actually wanted to kick us away after she married Yejia as a wife.”

Hearing that, Erika Shen suddenly became a bit aggrieved: “I think I gave her this position at the beginning. It is not me that she can be the young lady of the night family. If I didn’t give her the position, where would she be? Today? Mom, you must tell my sister, let her pay the tuition for me, or else... let’s go and reveal her identity.”

Mother Shen had an idea: “You mean...”

“Yeah, if the people in the Ye family knew that she was Ana and not Erika Shen, they would definitely be furious! And didn’t the sister be divorced? As long as we use this to threaten her, the sister will definitely take the money.”

This suggestion said that Shen’s mother was very happy, “As expected of my daughter, the idea she said is really appetizing to me,”

“But...” Erika Shen snuggled into Shen’s mother’s arms: “Will we be a bit unkind if we do this? Mom, after all...”

“What’s not kind? If it weren’t for you to give her this marriage, she would have today? People want to be grateful! She can have today’s achievements is entirely our credit. You can rest assured, Yueyue, Mom will definitely go to her and explain clearly No need to worry about your tuition fees.”

“Thank you mom then!”

Jingle Bell...

“Mom, someone rings the doorbell, I’ll go see who is here.”

Erika Shen got up to open the door. After opening the door and seeing people outside the door, she was taken aback: “You...who are you?”

Several men in suits and leather shoes stood outside the door, their faces sternly surrounding the sides. And the man with a deep look in the middle, the man with outstanding temperament was falling on her face, “Hello, is this the Shen family?”

Before Erika Shen had time to react, she heard Mother Shen walking toward this side and asking loudly: “Who is Yueyue?”

Chapter 326

When she walked to the door, when Mother Shen saw a bunch of men standing outside, and all of them were strange faces, her expression changed drastically, and she said backhand: “Yueyue, close the door!”

Erika Shen couldn’t react, and Mother Shen quickly raised her hand to close the door.

But their movements were too slow. Someone had already stepped forward, raising their hands to block the door.

Mother Shen did not close the door for a long time. She stumbled back in fright. Seeing Erika Shen still standing stupidly by the door, she quickly stepped forward and pulled Erika Shen behind her, and then said loudly, “What do you want to do? I tell you, I have no money! If you want money, go to my daughter. My daughter is Yejia’s young grandmother, and she can give you a lot of money.”

After hearing the name Yejia Young Lady, the noble and cold-tempered man headed frowned slightly, "What did you say?"

Mother Shen froze for a moment, and squinted her eyes: "What? Don't you believe what I said? Are you here to collect debts? I have already said that I have no money. If you want that money, go to my big Daughter, she is Ye Family's young lady, and she will give you no matter how much it is."

"Mom." Erika Shen looked at the man headed, and after thinking about it, she said: "He shouldn't belong to those gangs, don't talk nonsense."

After finishing speaking, Erika Shen gently pushed Mother Shen away, and stepped forward and smiled at the people who came over: "Sorry, my mother was a little confused after being ill these past two days, and she was talking nonsense, may I ask you who?"

Da da...

At this time, a girl stepping on high heels came out from behind the crowd. After learning about the situation, she smiled slightly: "Miss Shen, I am really sorry to disturb you, but we have no malice, nor are we here to collect debts, please don't worry about the two of you."

After speaking, Su Jiu handed over her business card, "My name is Su Jiu."

Erika Shen took the business card dubiously and took a look. After seeing that she was the secretary of Victor Han, the head of the Han group, her eyes lit up.

If Beich's reputation is the most famous, it belongs to the Ye Family Group, but the Han Family Group is only under the Ye Family. As long as the momentum is stronger, it will almost be able to rise. The only thing is that the Walter dominates the Han Family. Still dropped a little bit.

But this does not affect the position of the Han Group in Beich.

Besides, Ana used to be good friends with Karla Han. Erika Shen was envious to death at the time. The envy of people's home is actually Qianquan left behind by the Han group. She even wondered a lot of the day if someone came to tell her. You are the daughter of our group left behind, now you go back with us and inherit the group.

That would be great.

“Hello.” As soon as she saw that the other party was the secretary of the Han Group, Erika Shen's attitude could be said to be a big change. She quickly put away her business card, and then looked at the temperament behind her. An expensive man.

“May I ask you something?”

Su Jiu smiled slightly, and her eyes fell on Mother Shen who was not far behind her: “Miss Shen, we have something to ask Mrs. Shen.”

Only then did Shen's mother realize that the other party was not here to collect debts, there was no way. She was scared by debt collection recently, so when she saw a group of them standing at the door, she subconsciously felt that the other party came to collect the debt.

Never thought...

“Yueyue, do you know them?”

After speaking, Mother Shen's eyes fell suspiciously on the man's face.

A dark suit outlines him extremely slender and handsome. The noble temperament revealed on his body is not ordinary at first sight. How could

ordinary people have such aura? The aura of this kind of person is probably only available to those who have been in high positions for a long time.

And after knowing that they were not here to collect debts, Mother Shen immediately changed her face.

“The visitors are guests, sit down, Yueyue, and don’t hurry up to make tea to entertain the guests.”

Erika Shen reacted and immediately smiled and nodded: “Good mother, I’ll go right away.”

Erika Shen went to make tea, and Mother Shen welcomed Victor Han into a seat.

Shi Ke was expressionless on Victor Han’s face. From entering the door to now sitting down, his eyes didn’t have any waves. When Erika Shen came to deliver tea, she deliberately leaned against him.

Victor Han frowned slightly, avoiding her touch without a trace.

Is this the family?

Victor Han raised his eyelids slightly, and his sharp and cold eyes swept over Erika Shen and Shen Mu.

It was completely different from what he imagined.

After all, Ana in front of him is completely the same as the two people in front of him.

Su Jiu is Victor Han’s secretary and a very smart person. Why can’t she see the attitude of Erika Shen and Shen Mu?

“Hello, Mrs. Shen, this is actually the case. We, Mr. Victor, want to ask Mrs. Shen for some questions, but...” She glanced at Erika Shen and said with a faint smile: “These questions are more important, can you ask Miss Shen? Go out and wait for a while?”

Hearing, the two faces changed, and after looking at each other, Erika Shen hurriedly sat beside Shen’s mother, pursing her red lips: “I am my mother’s daughter. I can’t let me know about anything. Is it? Or, did my mother make any mistake? Then I will say sorry to you on her behalf, please don’t embarrass my mother.”

Mother Shen hugged her good daughter tightly, and she was so touched, “Yeah, yeah, Yueyue is my own daughter. There is nothing I can’t listen to. Just talk about it.”

Victor Han was silent, but the breath on his body had obviously changed slightly. His eyes fell calmly on Erika Shen’s face: “Miss Shen has misunderstood. I only have a few questions to ask Mrs. Shen, not Shen. Madam offended us, if it is convenient, can Miss Shen avoid it?”

The expression in his eyes seemed to have the power to absorb the soul. When she confronted Erika Shen, Erika Shen immediately felt that she was fascinated by him. Before, she wanted to stay and see more of his thoughts. His low voice hit Jiu Xiaoyun, and then nodded shyly under his sight.

“Well, Mr. Victor will talk to Mom, I will go out to buy some water and I will be back soon.”

Why can’t Mother Shen see the thoughts from her daughter? Just thinking in her heart, Erika Shen is a person with a boyfriend, how can she treat other men like this? But... Although her boyfriend is also a rich man, compared with the one in front of him... it is completely different.

If so... Mother Shen started to make small calculations in her heart again.

Then he smiled and nodded; “Go to Yueyue, come back early.”

After Erika Shen left, Mother Shen smiled brightly at Victor Han, who was opposite without a harsh smile: “Mr. Victor, you can ask if you have any questions now.”

Victor Han’s eyes were quiet, and he cast a look at Su Jiu quietly for a while.

Su Jiu understood immediately and took out the pre-prepared photos and put them on the desktop.

Chapter 327

Originally, Mother Shen had a flattering smile, but after touching the photo, her face suddenly changed, and then she raised her head to look at Su Jiu.

“What does it mean?”

Su Jiu smiled slightly: “Looking at Mrs. Shen’s reaction, you have seen this photo.”

Hearing, Mother Shen reacted violently and waved her hand quickly: “I haven’t seen it. Of course I haven’t seen this photo. I just don’t understand. What do you guys do for me with this? I’m not doing this... Do you want me to create a safety button for you? Ha ha ha...”

Su Jiu didn’t worry, and calmly pushed another photo in front of Mother Shen.

“It doesn’t matter if Mrs. Shen doesn’t recognize this safety button, you can look at this again...”

In the photo this time is a small baby with white skin like snow, round eyes and big eyes, and a small nose and mouth. Although the person is still small, the facial features are already very three-dimensional.

And the baby in the photo wears the outer ruyi buckle around her neck.

When she saw this photo, Mother Shen couldn't sit still, and her hand under the table trembled.

"Mrs. Shen doesn't know the safety buckle, should you know this baby?"

When Su Jiu asked, Mother Shen raised her eyes in a panic and shook her head: "I don't know what you are talking about. What does this baby have to do with me? What do you want to ask me when you hold the baby's picture? I think, I There is nothing to answer you, you can go."

After speaking, Mother Shen stood up and wanted to see off the guests.

Su Jiu's tone was a bit heavier: "Ms. Shen can't even recognize the picture of her daughter? Is it because the years are so long that you have forgotten what your daughter looked like when she was born?"

Hearing, Mother Shen looked at her tremblingly.

Su Jiu still showed a smile, with a simple and harmless look: "Mrs. Shen, you have to think about it, do you really know this baby?"

Mother Shen lowered her head and took another look at the picture of the baby.

Then what came to mind, the blood on her lips faded away. In other words, she was a person who had lived for most of her life. It wasn't that she had never seen anything before, so she quickly calmed down.

She sat down again and took a deep breath before she said: “I don’t know what you are going to do today. At first I thought we were Yueyue’s friends, so I’m good to talk. You have questions. I can answer you, but... what do you mean by giving me two inexplicable photos now?”

“Don’t worry, Mrs. Shen, we just want to ask if you really don’t know the baby in this photo and the pair of safety locks?”

“I don’t know.” Mother Shen replied firmly.

Su Jiu was not in a hurry, and opened her own folder. They came prepared today, and naturally they would not retreat just because of a denial from Mother Shen.

She put another photo on the desktop, “This photo was taken when Mrs. Shen’s eldest daughter was one year old. At that time, you, your husband and your eldest daughter posted this photo on social networks, although you deleted the photos, but there were still clues.”

“What clues? What nonsense are you talking about?” Mother Shen looked at the picture, and she became uneasy again.

“In this photo, comparing your eldest daughter with the photo of the baby just now, you can see that their five senses fit perfectly.”

“Heh, why is your girl talking so funny? The baby in this photo of you is just a baby. How can you tell how the facial features look like in this photo of you? She said it fits without shame?”

“It doesn’t matter if Madam Shen doesn’t admit it, then can you explain the safety lock on your little daughter’s neck?”

Su Jiu posted another photo. This time it was Erika Shen. Not long after she was born, she had a safety lock on her neck, exactly the same as the one worn by the baby before.

“This...”

“Does Mrs. Shen still want to say, don’t you know this safety lock?”

Su Jiu looked at her calmly, but there was no more smile on her face.

Victor Han also stared at Mother Shen, her eyes were so sharp that she couldn’t calm down.

“This... safety buckle is so common, how can you say that this safety buckle is the one you are looking for? Besides, if this safety buckle is really what you said, why don’t I admit it? There is nothing wrong with it, right? “

Mother Shen already had a tremolo when she spoke. Although she tried to hide it, she had nowhere to hide in front of Victor Han, who had a strong aura.

“Ana is not your biological daughter at all because of your daughter.”

“What are you talking about?” Su Jiu’s words immediately irritated Mother Shen, she stood up suddenly and looked at her with wide-eyed eyes: “Don’t talk nonsense!!”

Su Jiu opened the folder, looked at the information, and said: “Mrs. Shen and Mr. Shen have been married for three years and have been unable to have children. So you met a fortune teller under the introduction of your relatives and friends. The fortune teller asked you to adopt a child and be kind. This child, when you went to the orphanage, you happened to meet Ana Shen after being abducted by traffickers, so you brought her back.”

Hearing this, Mother Shen interrupted her quickly: “What do you mean by this? What is traffickers? We did not abduct Ana!”

“Listening to Mrs. Shen’s words is to admit that Ana is not your biological daughter?” Su Jiu made a key sentence, poking her heart straight.

Mother Shen finally fell back into her seat feebly, unexpectedly...she actually missed that.

Su Jiu reached out and pulled the green silk on her forehead to the back of her head, her red lips twitched slightly, and continued: “Your husband and wife will love the child after you bring it back. Because you don’t have your own daughter, you treat her as Bao was in pain, but just a few years later, you suddenly got the news of pregnancy, and the next year you gave birth to a daughter. Because after you and your wife had your own daughter, you began to reject this not yourself. Her biological child, so even when she was abducted by human traffickers, Madam Shen even thought, let the child fend for her without even calling the police. But Madam Shen did not expect that the abduction incident was a large-scale abduction incident. The trafficker’s den was dugged out by the police, and the child adopted by the orphanage was informed by the police to get it.”

Snapped!

Su Jiu closed the folder and made a clear sound.

Mother Shen was taken aback, her body shook severely, and then she raised her head to look at Su Jiu.

“How can you bear it? You brought that child back personally, even the one you used to be a treasure. As a result, you wanted to abandon her after you had your own biological daughter. Unfortunately, God did not do what you wanted, that child She came back, but after she came back, she began to suffer all kinds of unfair treatment.”

Chapter 328

“On the same holiday, your little daughter has new clothes, but this child doesn’t. Madam Shen treats her as a wild child, and even... even lets her work and take care of her younger sister, and these unfair treatments, you Always just say to her, because you are a sister, you have to take care of your sister, right?”

Su Jiu said this, thinking of the information she had investigated, her eyes could not help but a look of disgust appeared: “Even after her divorce, you pushed your youngest daughter’s unsatisfactory marriage to her and let her go. Marrying on behalf of her, let her endure unfair treatment. Madam Shen, it is very good to be able to do what you are like.”

Mother Shen felt that she had a list of crimes when she said that, but after another thought, she felt that she was right.

“Why am I superb? You also know that she is not my biological daughter. As long as she is personal, she will treat her biological daughter well. She is not my biological daughter. Why should I treat her? I don’t owe her! Besides, My Shen family pulled her so big, and I let her go to the school she should go to. Why am I sorry for her?”

“Ms. Shen might not know that she violated her original intention? If you can choose, do you think she would choose you to be a mother? You originally wanted to adopt her because you couldn’t have children with your husband, but who knows that you have after having the child, let the child start to enjoy unfair treatment. When you treat her like this, have you ever wondered how much joy and touch that child brought you back then?”

Mother Shen: “...”

She suddenly remembered that before she became pregnant, she and her husband were very happy when she and her husband could adopt the child

Ana, because her eyebrows were all good-looking, and she looked pretty when she grew up. child.

The two were still discussing that they must find a good family for the child when she grows up.

However, after she had her own child, those thoughts gradually changed, and she even became disgusted with Ana Shen. She felt that this child was just an oil bottle and would only lose her money, so she began not to give Ana bought new clothes, and when Erika Shen bullied Ana, she thought she hadn't seen it, and even felt happy.

When Ana was taken away by traffickers, Shen's mother even thought...that's great.

Anyway, she was a child adopted from an orphanage. She was originally an abandoned child, and there was nothing wrong with it being caught by a trafficker. And she felt that the traffickers might be able to send her to other parents, and she would never have to raise her again.

These thoughts were growing wildly, but then the police actually called and said that the man had been found back, and asked her to lead the man at the police station.

She hesitated for a long time before picking up Ana back. Since that time, she has looked at Ana even more displeased, and even wondered why she didn't die in the hands of those traffickers.

In short... everything is said to be unclear until now.

“So what is your purpose for coming today?”

“Mrs. Shen is now admitting that the child was adopted in the orphanage, not your biological daughter, right?”

Now that she has nothing to admit, Mother Shen nodded.

“Yes, anyway, you have investigated the matter so clearly, then I have nothing to deny. Who are you? What is the cause of the investigation?”

Su Jiu glanced at Victor Han, Victor Han nodded, and Su Jiu asked, “Where is the safety button?”

Mother Shen glanced at them, and then said angrily: “What do you want to do?”

“Mrs. Shen, things are already clear. Are you sure you don’t know what we want to do?”

“You...” Mother Shen thought for a while, and when she reacted, she suddenly widened her eyes and pointed at them incredulously: “Could it be that Ana is...”

“If you can, please return the pair of safety buckles, the pair of safety buckles...there is an inscription on it, it was made by the Han family who ordered him to spend a lot of money.”

Hearing this, Shen mother still felt that life was so illusory, did she actually adopt a child from a wealthy family? Now they actually came to my door.

No way.

She couldn’t just hand over Ana.

Thinking of this, Mother Shen coughed lightly: “You want to get her back, but how do I know if you are telling the truth? The safety deduction is very valuable at first glance, and the child was taken by me in the orphanage. I didn’t commit any crimes? As for what happened afterwards, it was after I adopted her. As her parents, I have the right to decide how to treat her. She is

an adult, and now you want to follow her. I said, is she the daughter of your Han family? Hmph, if you can't produce evidence, I won't believe it, let alone give you the safety button."

Su Jiu smiled knowingly, "Since the words have already been said, that would be great."

After finishing talking, she took out a bank card and placed it on the table like a trick, "Mrs. Shen, there are five million in it. It is your reward for taking care of Miss Stella over the years. If you are willing to return the security deduction, then these five million are all Mrs. Shen's."

As soon as Mother Shen heard the five million, her eyes lit up at that moment, just like the feeling that all the lights were suddenly lit up in the silent night.

But soon, she glanced at Victor Han in front of her again.

After this person came in, the aura enveloped the entire house, and even said that the house could not fit anymore. This kind of person... how could five million be enough?

Thinking of this, Mother Shen coughed pretentiously, and then said: "What do you mean? You want to buy me for five million? Am I the kind of person who sees money?"

"According to the investigation, you owed more than one million gambling debts. Recently, your husband is already heavily in debt due to your foreign debt problem, and your eldest daughter Ana Shen has already paid 300,000 yuan for you, right?"

Mother Shen: "...It seems that you really have investigated everything."

“Mrs. Shen is a wise man. She should know that this transaction is not worthwhile. The money is used to offset the gambling debts. The remaining money is enough for the two pensioners.”

“What do you mean by this?” Mother Shen stood up angrily, but she was terrified by Victor Han’s aura, her voice was a little quieter: “I have raised her for more than 20 years, and you say you take money. Change it for money?”

“If I can, I don’t want to withdraw money from you. In that case, Su Jiu.” Victor Han suddenly said.

Su Jiu reacted and went forward and took away the bank card.

“Originally, we didn’t prepare the money before we came. After all, you are a benefactor who has raised her for more than 20 years. Using money to solve the problem is really hurtful. Now it seems that Mrs. Shen and ours are the same.”

Mother Shen saw her taking the money back, her eyes straightened in surprise.

What’s going on? She wanted more money, but she didn’t expect...

Chapter 329

Mother Shen looked at the bank card that had been taken back, her teeth itching, and she hated her.

The five million in hand just flew, she had to think about coming back.

Not doing it or not, Mother Shen directly said coldly: “In short, she is now the daughter of my Shen family. You have disappeared for so many years, and you have not played any responsibility at all. Now the person who appears to

say that she is your Han family is your Han. Home? You all go out for me! Get out!”

Unexpectedly, she was so angry that Su Jiu’s eyes flashed a smile, “Mrs. Shen, do you know that under the law, knowing not to report the same crime? For example, when you knew that this child was missing, you also knew her it fell into the hands of a human trafficker, but you know it, but you don’t know it, then...you committed the same crime as this human trafficker.”

Where did Shen’s mother learn these laws and things? She was just a woman, and she didn’t pay much attention to these things. When Su Jiu said so, she was really stunned.

“You, what do you mean by that?”

“I mean, if you want to settle accounts, our Han family can sue you. Of course, based on the conditions of the Han family, we can find a good lawyer. Then...”

“Are you threatening me?”

Su Jiu smiled slightly: “Don’t dare, after all, you are the benefactor of our Han family.”

“Then what do you mean?”

“I hope that Mrs. Shen can return to Zhao. Ana is a member of our Han family. Naturally, the pair of Wishful Ping Deductions must be returned. After all, it was originally something that belonged to Ana, not Erika Shen’s, do you understand???”

Su Jiu felt that she had no patience anymore, so she immediately understood what she said.

“Okay, I understand it, you are here to ask for an explanation for Ana! It is so pity for me to raise her so hard! Even if I have selfishness, but I have no credit, I have toil. You didn’t thank me, and threatened me like this. It’s hard for me!” Mother Shen began to scream, crying loudly.

This noisy voice made Victor Han frown, and the breath revealed on his body became even colder, and his fierce gaze fell on Shen’s mother.

Mother Shen clearly felt that, and then after a meal, she unconsciously looked at Shang Victor Han and forgot to cry.

At exactly this time, Erika Shen came back from shopping, opened the door and saw her mother sitting on the cold floor crying. She panicked and ran over: “Mom, what’s the matter? What did you do to my mother? What?”

Victor Han stood up, his tall and handsome figure revealed his mighty power, and Erika Shen’s eyes became more obsessed when she saw him.

“Mrs. Shen, we will give you three days to think about it. If you think about it, call me. We will leave today.”

After Su Jiu finished speaking, she cleared the road for Victor Han, and then a group of people left here.

Erika Shen was stunned, and it took a long time to react: “Hey, the dim sum I just bought, don’t you eat it?”

“Smelly girl!” Mother Shen was so angry that she twisted Erika Shen directly: “You can’t walk when you see a man? Don’t even care about your mother?”

“Hey, mom... it hurts! Let go!”

Erika Shen was pinched and exhaled in pain.

“Do you know it hurts? What did you want to do just now? I tell you, don’t provoke that man!”

“Why, mother?” Erika Shen pursed her lips in dissatisfaction: “I have grown up so big, and I have the power to decide for myself. I want to follow whoever I want. Why do you care about me?”

Mother Shen stood up from the ground, patted her clothes, her face was serious and said: “He is not a good person, and...This time things are different.”

Erika Shen didn’t know what happened, so she could only snorted, and then asked, “What happened? Mom, how come you know such a good man? Why have you never heard of you before? He came to find what are you doing?”

Mother Shen glanced at Erika Shen, thought about it or told her the matter.

Erika Shen couldn’t calm down for a long time after listening, and it took a long time to react.

“Mom, you mean...sister...Ana is the daughter of the Han family?”

Mother Shen nodded solemnly: “Yes, she was not her mother, she was only adopted from the orphanage at the beginning, who knows...she is actually the daughter of the Han family.” At this point, mother Shen was itchy. “That damn woman gave me five million dollars, and she actually took them back. It’s really a hypocritical face. Why don’t you say that I am the benefactor of their Han family? Why don’t you give me ten million? I’m dead.”

Erika Shen didn’t listen to these words, she only knew...Ana was actually the daughter of the Han family who had been looking for? What about Karla Han? Isn’t it Karla Han?

Because she has followed the Han family before, she knows this message.

But for a long time, Karla Han is a fake? Ana is real???

Thinking of this, Erika Shen clenched her fist.

why? Before, she thought that the second youngest of the night family was disabled and unwilling to marry. Her parents asked Ana to marry her on her behalf. She was fortunate for a long time. Fortunately, there was an older sister for her, and she could continue to live a carefree teenage life.

But she didn't expect... She would mix well at night? Live the life of a young grandma? It's not as miserable as she thought, and... Now she is actually the daughter of the Han family?

The sisters who grew up together suddenly turned into a phoenix on the branch. How could Erika Shen stand this? After all, she had always hoped that the person who could jump onto the branch and become a phoenix was herself!

But, how could this be? Erika Shen bit her lower lip with anger, and the smell of blood filled her entire mouth.

"Yueyue, Yueyue!"

Erika Shen came back to her senses and looked at her mother who called her name, "Mom?"

"This matter has to be discussed in the long term. Mom owes so much money. If we can get more money this time and let the Han family compensate us more, we can live the life of a master in the future, do you understand???"

"The life of a master? Is the millions they compensated for?" Erika Shen lowered her eyes, her eyes full of gloom, "How do I feel...that is not enough? And, she Ana...why Is it the daughter of the Han family?"

“Yueyue?”

“No! She is not worthy! She first became the young lady of the Ye family, and now she is the eldest lady of the Han family? What about me? What am I? Mom! You say! I am the daughter of the Han family looking for , Instead of her Ana, did they admit the wrong person, or did you remember it wrong, right? I am the child you adopted from the orphanage!”

Mother Shen looked at Erika Shen in disbelief, thinking she had misheard.

“Yueyue, you...you are my biological daughter, why are you...”

“No! I am not!! I don’t want to!!” Erika Shen shrieked and pushed away Shen mother, “Why? We all grew up together, she can get so much, but I have nothing!!!”

Chapter 330

“Yueyue, why do you think so? No! It is a good thing for us that she became the eldest of the Han family. As long as she flies on the branch, then our Shen family is their great benefactor of the Han family, and we too we can benefit from it, and we can also be masters in the future!”

“No!” Erika Shen stepped back, covering her ears: “You don’t know anything? You never gave me my pocket money! Even if you gave me the sister’s money last time But it’s still not enough! Mom, I don’t want to live this life at all. Do you know how rich my classmates are? How capable their parents are? I... I want to be like them, but... why? It’s Ana?? Why can she be different from me? Obviously...I am better than her.”

Having said this, Erika Shen screamed a few times as if she couldn’t bear the irritation, then turned and ran out.

“Yueyue!”

Mother Shen wanted to stop her, but Erika Shen was a girl after all, and she ran so fast that she was out of the house and no one was seen.

Forget it, girls' family, it's definitely possible to feel unbalanced right now, and when she thinks it through, she will know that this is a good thing for them.

The thought that her gambling debts could be paid back, and that the Shen family could follow the flying emperor in the future with the light of the Han family, Shen mother was very happy in her heart.

On the other side, Ana was in dire straits.

After Jessica called Curtis Ye, Curtis Ye quickly reached the place she said.

"Is anyone here?" Curtis Ye asked solemnly.

Jessica was so anxious that she was about to cry. She just looked for a circle and didn't see her figure. She was still under my nose when I called you, but she disappeared in a blink of an eye, and I also looked for not to her... I don't know where she went... I'm sorry, I blamed her for not taking good care of her. If something happens to her, I will... I won't forgive myself. "

Curtis glanced at Jessica and saw that her eyes were red with anxiousness, and tears were about to fall out. She should also be so nervous, she didn't blame her any more, just whispered: "Calm down, you are not in a hurry now. Use, the most important thing is that we must find her first. You are as good as her. You calm down and think about where she might go."

"Where is it possible to go?"

This question really troubles Jessica. Although she has a good relationship with Ana, the two have not known each other for a long time, and she can't say that she knows Ana much about this person.

If she talked about where she would play, Jessica really couldn't answer any of them.

If she really know her, it is probably Karla Han.

Although Karla Han's character is not good, after all, she had pretended to be in front of Ana for many years before, and she should have known some things about Ana for so many years.

Asking her now is the best way.

However, after the two have quarreled and become rivals, it is not appropriate to go to Karla Han again. She is afraid that Karla Han will have any thoughts here, and what will happen if Ana enters a dangerous situation by then?

Seeing her frowning, Curtis guessed that she might not have thought of something, he thought for a moment, and then said softly: "If you didn't expect it, don't worry, I have sent someone over, they will Look around here, and report to me as soon as there is news."

Jessica looked at Curtis with emotion: "Vice President Ye, thank you. Fortunately, you are here, otherwise I don't know what to do."

"Let's look around first, and don't let go of any corner."

"It is good."

After the two talked about it, they split up. Jessica felt that Curtis's words made sense. She didn't pay attention to the corner when she looked for it earlier. If she pays attention this time, will she find Ana Shen?

Thinking of this, she rekindled hope and followed the path to find Ana.

After Curtis walked a few steps, the phone rang suddenly, and he picked it up, “How about?”

Ye Ye: “Vice President, I have followed your instructions and have been searching around here, but I think the vice president should check and monitor if possible.”

Hearing, Curtis frowned slightly: “She disappeared for less than an hour before and after. It is impractical to check and monitor. Moreover, some small corners are blind spots, and it is estimated that the monitoring will not be able to take pictures. You can send more people to let them look for more in the corners around here. Of course, don’t give up asking the shoppers in the past, and report to me as soon as there is news.”

Ye Zi: “I see.”

After hanging up the phone, Curtis looked around, feeling a little moved.

Ana, you don’t want to have an accident.

They don’t know how long they have been searching, Curtis Ye didn’t see Ana, and the phone didn’t move. Curtis Ye was relatively calm at first, but now he is not calm.

Where did Ana go?

Curtis stopped, took out his mobile phone and couldn’t help calling Jessica to ask about the situation.

Although he knew that if Jessica found someone, she would definitely call him to inform him, but he had the illusion that she might have found someone, but there was no time to call.

Jessica was very excited when she received Curtis Ye's call: "Vice President, have you found Ana?"

Hearing this, Curtis knew that Jessica had also found nothing.

"Did you not find her?" Jessica didn't say anything when she heard that he didn't find Ana Shen. She almost cried in a hurry: "What should I do? So many people are looking for it, but there is still no news. ? Then where can she go? The night veteran... blame me for not optimizing her."

It was the first time that Jessica was out of control. Curtis was initially upset. When she was so disturbed, suddenly he didn't know what to say to comfort her. He didn't find Ana, and he was equally anxious.

Curtis looked around, pursed his thin lips, and finally said, "Don't worry, I will find her, I will."

After speaking, he hung up the phone.

After that, Curtis continued to move forward and asked a woman from a nearby family.

"Excuse me, auntie, excuse me, did you see a girl..." Curtis Ye briefly described what Jessica said to her about the clothes she was wearing today, and then added facial features and the like.

After listening, the woman blinked her eyes and looked silly. Curtis Ye sighed in his heart. When she thought she couldn't ask the result, she suddenly said, "Oh, you are looking for the one to wear. The little girl in the white dress! I just saw her!"

Hearing, Curtis's expression changed: "Did you see her? Where?"

"I saw... she got in a car, that car is so beautiful!"

“Get in a car?” Curtis Ye frowned, and it was still a beautiful car? It seems that it should not be a taxi. Whose car can she get in?

Thinking of this, Curtis’s expression changed.
