

Nothing to Give but My Heart Chapter 373-378

Chapter 373

Second day

Because he was going to see the new company, Stella got up early in the morning.

It was mainly because Victor Han had to go to work, and Levi had to follow Victor Han to the company, so Levi woke up very early, but after he woke up, Stella couldn't sleep anymore, so she got up with him.

After the two mothers and sons were freshened up, Stella sent Levi downstairs, and everyone had breakfast together, and then the Levi was taken away by Victor Han.

Before leaving, Victor Han said to Stella: "It's still early, you can go back to catch up, and Secretary Su will come back to you later."

Hearing that, Stella's eyes went straight: "Can I make up for a while again? Then I don't think Secretary Su came over to see me as soon as I fell asleep?"

Seeing her appearance, Victor Han couldn't help but smiled faintly: "No, she still has things to do in the morning, don't worry."

Hearing what he said, Stella understood it, and it seemed that Su Jiu was very busy this morning.

Then she can go back to sleep with peace of mind.

“it is good.”

Stella went back upstairs and was about to go back to sleep. When passing a doorway, the door suddenly opened, and a hand was stretched out inside to grab her.

Stella was startled at first, and was a little surprised after seeing that the other party was Jessica: “Jessica?”

“You still know me, it feels like you have forgotten me these past two days, huh!”

Jessica hugged her arm and complained with anger, her hair was messy and her whole body looked terrible.

“What are you doing? Didn’t you say that you are sick and want to hide in the room to recuperate? Why am I embarrassed to disturb you?”

“You! You know it’s an excuse, and you deliberately said it to sarcastic me!”

Stella raised her eyebrows and smiled: “Don’t worry, why would I forget you? I’m going to the company to see you today. You hurry up to freshen up and go downstairs for breakfast.”

“Go downstairs for breakfast? Then...”

“My brother has gone to work, so you can rest assured.”

Jessica was moved and hugged Stella’s arm instantly: “Stella, you are so kind to me! Then I will change my clothes now!”

“Don’t worry, let’s have breakfast first after you wash up. We will go to the company later. I want to go to sleep.”

After speaking, Stella stretched out her hand to cover her mouth, then yawned, and left the room.

When she woke up, it was almost noon. She glanced at the phone and wondered why Su Jiu hadn't come at this time.

So she went downstairs to see if she came, but as soon as she went downstairs, she saw Su Jiu and Jessica chatting hot on the sofa downstairs, and when they heard footsteps, they both raised their heads.

“Secretary Su, when did you come? Why... don't you let them wake me up?”

Su Jiu smiled slightly and said softly, “Miss Stella, it's only ten minutes, I just sat down.”

“Really?” Stella glanced at Jessica, and Jessica nodded: “Almost, but even if you sleep for half an hour or an hour, Secretary Su will definitely not blame you.”

Stella: “...”

She coughed awkwardly in her throat, and then glanced at the time: “It's not too early now. Why don't we all have lunch together, and then we will visit the new company?”

“I happen to have this meaning.” Su Jiu smiled and nodded, and Jessica nodded, of course.

After the group got in the car, Jessica hugged her bag and asked, “By the way, which new company are we going to?”

“What? Miss Stella didn't tell you, are you about to have your own company?”

Hearing, Jessica's eyes widened instantly, staring at Stella dumbfounded.

"Stella, you want to start your own company?"

Stella smiled helplessly and shrugged her shoulders: "It's not my volition."

Jessica: "..."

Well, she understands, Victor Han arranged for her.

To say that Victor Han's treatment to Stella was really not imaginary. He took care of everything well, and said that it was good to his sister, but...Stella was not a kid anymore.

An adult has his own thoughts, everything is arranged so properly, always feel... is treated like a giant baby.

The key is that although Stella is helpless sometimes, she still accepts it.

Because that was the kindness of a brother who had been looking for his sister for more than 20 years.

How could she bear to refuse?

Fortunately, Victor Han understands her, so even if she is helpless in many things, she does not feel speechless, but feels that she has been raised in captivity, and she wants to do something on her own strength.

Su Jiu in front could not help but say something for Victor Han.

"I had to say something for Mr. Victor. After Ms. Stella returns to China, she can establish a company with a team to stabilize her position in China. After

all, the foreign and domestic markets are not the same. Moreover, Mr. Victor probably thinks that Miss Stella not young anymore, she should settle down.”

Hearing, Stella glanced at her and couldn't help but want to make fun of her.

“Secretary Su, you are really my brother's right-hand man. You have spoken for him up to now.”

“Miss Stella, I'm telling the truth.”

Stella smiled and did not answer any more.

“By the way, has Miss Stella read the information of the team members?”

“The information of the team members?” Stella raised her eyebrows, and confusion flashed in her cold eyes. Yesterday Victor Han only gave him the information of the company, and she didn't seem to have turned the back.

Thinking of this, Stella took out the document from the Jessica bag, and Su Jiu said at this sight: “At the very end, you can turn it over, Miss Stella.”

So Stella turned to the back and looked a few times, and found that there were five or six members of her team.

“These are all creative designers hired by Mr. Victor for you at a high price. Some have won awards and others have designed products. They are all outstanding designers.”

Stella flipped through their resumes, and then raised her eyes again after a while: “With such qualifications in my new company, are you sure they can sit down?”

“Mr. Victor spends so many high salaries to hire them, why would she sit still and not believe it? I’m afraid he is begging to sit down.

Stella: “...”

Jessica on the side also came over and took a look, “If you hire a high salary, you will lose money.”

“Mr. Victor believes that with Ms. Stella’s ability, she will soon be able to make a success in the domestic market. By then, as long as there are customers, why not worry about losing money? Besides, starting a company is not an easy task. The beginning is difficult.”

Jessica nodded as if she didn’t understand, and then stared at Su Jiu with her cheek, “Secretary Su is amazing.”

Su Jiu: “...”

I don’t know what she said, so Jessica admires her so much.

Stella closed the document and sighed: “Forget it, anyway, the company is already open, so you can settle down as soon as it comes. But... I have a hunch.”

“What premonition?” Jessica immediately passed to her.

Stella curled her lips slightly: “We should not have a good time in the future.”

Chapter 374

When she arrived at the company, Stella was still shocked by the sight in front of her.

Originally, she thought that the established company should be just a small company, and the scale should not be that big.

Generally, a newly established company cannot be called a company. Even if it is a company, it can be very small, similar to a studio, and then start small.

It's just that Stella didn't expect that Victor Han would actually prepare a building for her.

Although it is not comparable to the building of the Han Group, it is similar to the nearby buildings. When Stella walked in, she thought it was a certain floor, but Su Jiu said directly.

"Mr. Victor prepared this entire building for Miss Stella."

Hearing this, Jessica couldn't help taking a breath, and hugged Stella's arm and sighed, "Your brother is really too rich and so caring!!"

It's true to have money, and so is heart.

It's just... this is really too heart-warming.

"Will it be too ostentatious, after all, it is a newly established company."

"Miss Stella, don't forget, you are now the daughter of the Han family, behind the entire Han family. Not to mention that this is just a building, even if the entire Han family is delivered to you, I think Mr. Victor won't blink."

Stella: "Let's go, go up and see how the environment is."

"The first floor is the reception hall. You can find a front desk and security guard by yourself."

Su Jiu introduced to Stella as she walked up to the elevator in front and pressed the button.

The three people walked in together after the elevator door opened.

Upon reaching the second floor, Su Jiu introduced a few more words.

“The second floor is the kitchen. Miss Stella can also find the cook and cleaner she likes.”

“Yeah.” Stella nodded.

Unexpectedly, her elder brother was quite thoughtful, he only gave her a team and the rest is on her own, which is not bad.

“The third floor is the employee’s office. Today... they are all here, wanting to wait to see their new boss.”

Hearing that the members of the team were on the third floor, and they were about to head to the third floor, Stella didn’t respond, and Jessica became nervous first.

“Are you going to see them? I was suddenly so nervous, would they look down on us?”

Hearing, Su Jiu glanced at her and said with a smile: “Jessica, don’t be nervous. It stands to reason that you are Stella’s assistant and should belong to their boss.”

Stella nodded: “Well, when I arrange a position for you, you don’t have to be nervous and afraid.”

When Jessica heard it, she felt so magical for a moment, and suddenly she was promoted inexplicably? Wow!

She had known that pretending to be afraid would lead to promotion. She should have pretended to be more!

Stella was not too nervous, because she probably had guessed what she would face next.

After reaching the third floor, Su Jiu took the two of them to the office.

A group of people are waiting for the arrival of the new boss. Everyone wants to know how sacred it is for Mr. Victor to spend such a large sum of money to invite them, so there is a lot of discussion before she comes.

Zhang Yu: "You said whether our new boss is a man or a woman. For the first time in the industry, Mr. Victor has supported a person so generously. I don't know how sacred it is."

Zhang Yu looks more ordinary and speaks more peacefully.

"Gender still needs to be guessed? It must be female! If it is a male, then how could Victor Han spend so much effort?" After speaking, he even raised his lips and smiled, that smile is probably only between boys only understand each other.

This person is called Li Junfeng. He used to be a sloppy designer and has always been a slutty nature.

Shu Guoer: "I think it should be a woman too." After speaking, she smiled faintly, and then continued to open the book in front of her.

Leng Yueyue, who was holding lipstick to make-up, took the time to say something.

“It doesn’t matter if he is a man or a woman, as long as he is qualified to be a boss. If I find that this person is not qualified, I am not convinced to be my boss. You know, we are an entire elite team.”

Wang An on the side stared at Leng Yueyue with a smile and nodded: “Yueyue makes sense. What I like most is Yueyue’s upright look.”

Hearing, Leng Yueyue glared at Wang An disgustingly: “It’s up to you.”

Wang An continued to look at her with a smile.

When Xiao Yiyi saw this, he did not speak. Instead, he looked at the young man who had been sitting behind him and asked in a low voice, “Lin Zheng, what do you think?”

The boy was wearing a white T-shirt, and the fine flowing sea hit his eyes down. He lowered his head and didn’t know what he was thinking. The sunlight from the window came in and bathed the boy, making him look extraordinarily beautiful.

There was an obsession in Xiao Yiyi’s eyes.

“Lin Zheng?”

The young man named Lin Zheng finally raised his head, his eyes fell indifferently on Xiao Yiyi’s face, and soon he closed his sight again.

“Don’t think much.”

His voice was so cold that he couldn’t hear any emotions.

As soon as he spoke, the people who were talking in front looked at him.

The girls look at him with gentle eyes. After all, Lin Zheng is a very handsome boy, but the boy's breath is too cold, and his character is too withdrawn, so they seldom want to approach him.

When Xiao Yiyi heard him say this, the expression on his face was a little uncontrollable, and he bit his lower lip without speaking.

A group of people were talking, and suddenly there was the sound of high heels outside.

"It seems someone is coming." Zhang Yu first stood up, then got up and walked to the door to look over.

Everyone knows Su Jiu. It was when she handed over with everyone. Su Jiu suddenly saw the other two people beside her. Zhang Yu was taken aback at first, but after a while, he was thinking.

Who are these two people?

"Zhang Yu." Su Jiu called her when he saw her.

"Secretary Su." Zhang Yu said Secretary Su and asked others to stand up.

"Secretary Su is here? Did you bring our new boss?"

Everyone followed suit, except for the expressionless young Lin Zheng in the corner.

The voice of the high heels gradually approached, and Su Jiu took Stella and Jessica into everyone's sight.

Stella didn't wear sunglasses today, and she wore more casually, just a white base vest and jeans, and then put on a thin blue sun protection jacket outside.

She has long, vertical and smooth hair with a low ponytail tied behind her ear with a headband, and she has no makeup, so her face looks a bit soft, with a faint smile on her face, which looks particularly gentle.

But at the same time... also filled with three other words: so bully!

“You really hit Li Junfeng. It seems that our new boss is really a woman, and... she looks pretty good.”

Leng Yueyue closed her makeup case with a snap, staring at Stella with a slightly hostile expression.

She hates women who are prettier than her!

She is better than herself.

Chapter 375

“It seems that everyone is here.” Su Jiu looked around, saw everyone at the scene, looked inside, saw a cold boy sitting there, and said: “Let me introduce this. It’s Miss Stella, your new boss in the future.”

Everyone didn’t hear the latter sentence, only heard Su Jiu shouting is Miss Stella.

For so many years, Su Jiu has always been Victor Han’s effective secretary, Jian assistant, and has a good reputation in the business world. Designers like them naturally know her.

But now Su Jiu used a respectful name for Stella, and her eyes were full of smiles, without the mockery they had imagined.

Several people saw Stella's gazes a little different, but some people still spoke with dissatisfaction.

"you've become a boss at such a young age? Is it really skilled, or is it... a crooked way?" The speaker was Leng Yueyue. She wore a red dress, red lipstick, and a pair of charming Red is particularly attractive, but the temperament it gives is that of cold and glamorous.

Hearing, the expression on Stella's face was faint, and she did not turn into anger because of her words, her eyes fell on her face.

But Jessica listened left and right, and felt that this sentence was wrong.

After thinking for a long time, she reacted, and she was so angry that she cursed directly: "What kind of crooked door? What do you mean by this?"

Leng Yueyue narrowed her eyes and glanced at Jessica: "Oh, who is this? You call five and six as soon as you come. Is it possible that you are our new boss?"

Jessica almost made her facial features crooked when she saw her, and bit her lower lip: "You care who I am, I just don't allow you to talk about Stella like that. The professional team is amazing?"

Jessica has a bad temper.

Stella has always known this.

It's just that she didn't expect that Jessica could not sit still with a word this time. Seeing that she was so angry that the top of her head was about to burst into flames, and the girl opposite was still leisurely, she sighed in her heart and lifted it up. She pulled Jessica's sleeves and dragged her behind her.

“Stella, don’t pull me, let me reason with her, what is a crooked way! You are...”

“Okay.” Stella said softly: “Don’t talk for now.”

Jessica was too angry, but still listened to Stella’s words very much. She told herself not to speak, she squashed a look at Stella, and finally walked aside and gave her the home court.

And Su Jiu, she didn’t plan to help Stella from the beginning.

This is what Victor Han specifically confessed. Since the team is handed over to her, she must rely on her own ability to conquer.

As for Victor Han, he naturally believed his sister.

If Su Jiu intervened again, she would appear to be too ignorant.

Stella walked a few steps forward, her gaze fell on Leng Yueyue’s body, although her face was smiling, but her aura was very strong, and it suddenly radiated from Leng Yueyue’s body. The arrogance was suppressed.

It was just a momentary matter, and Leng Yueyue felt that her image seemed to be lower in front of Stella.

“You.” Leng Yueyue actually took a small step back unconsciously, and then said: “What do you want to do? Is it possible that I got the point and became angry?”

Hearing, Stella still smiled faintly, and said softly: “What are you so afraid of? I won’t eat you again.”

When everyone heard this, they were slightly surprised.

The temperament of this Stella was completely different from when she first saw her. She was dressed like that, they thought she was a bully, but they didn't expect her to be so powerful when she released her aura.

What else to say, I won't eat you again.

Is this way more scary than eating you?

Seeing that they were not talking, Stella looked around, her pink lips raised slightly.

"I have read your information before I came here. You are all excellent and outstanding designers. It is my honor to be able to invite such excellent people to this company as soon as it was established."

With pleasure? Everyone couldn't help thinking, they really didn't see her honor.

But Jessica, who was standing behind, wanted to step forward angrily, but was pulled by Su Jiu next to her and pulled her farther away.

"Secretary Su, what are you doing? Quickly let me go, I am mad at her. What did that woman say, but Stella actually said it was her honor to invite them? When did she become so bullied???"

Su Jiu glanced at Jessica helplessly: "Then what about you? When did you become so reckless? What did Miss Stella tell you when she came here? She anticipates that the next day will not be better."

Hearing that, Jessica nodded: "Yes, I just understand now that she was talking about these people, but what is she doing?"

"She would say this, it means she had expected this scene a long time ago."

“ ... ”

“Since she had expected these things to happen, do you think she would have no way to deal with it?”

Listening to Su Jiu’s words, Jessica realized that she was impulsive, and then she turned and looked at Stella again.

I don’t know where to start, Stella has changed. She is no longer the one who used her mind and emotions for everything. She is clever and smart, with her own sharp aura, but the previous days let her constrain all of these.

Later...the light slowly bloomed.

Jessica realized that Stella was far more powerful than she had imagined.

And she found herself getting further and further away from her.

Thinking of this, Jessica lowered her eyes to look at the toe of her shoe, did not speak again, nor stepped forward.

“You are all outstanding talents, and I, as a person, also regret my talents. But I also have another characteristic. I don’t want to force others. Although you are all excellent members, if one of you is not willing to stay in the company Yes, but leave now.”

Hearing, the expressions of the few people changed, Xiao Yiyi was aggrieved all at once, and accused her: “What do you mean by this? Are you planning to drive us away?”

“No.” Stella shook her head lightly: “you are here to come and go freely. If you feel that you have fallen short with me, you can also leave on your own. I will pay you this month’s salary.”

“You, you are an insult!!”

“I hope you can understand a truth. Although you are an excellent team hired by Mr. Victor. It is me who will pay you in the future. From today onwards I will be your boss. If you can accept it, you can stay. Leave. As I said just now, I will calculate your salary for this month.”

Stella said solemnly, her face was calm and calm as if she was not worried that they would really leave here.

She doesn't care about their team at all.

A group of people were very angry when they received this insult for the first time.

Zhang Yu angrily said: “How can there be a boss like you, who do you think you are, so you don't put us in the eyes!”

Chapter 376

“Isn't it in my eyes?” Stella smiled faintly when she was told, “I think you have misunderstood. If you don't put the other person in your eyes, isn't it you? Besides, I've already said it, everyone can come. It's an honor for me to work in my company. But I don't like to force others. Whether it's work or relationship, it must be willing, otherwise... Even if you stay in the company, you can't design anything good works.”

It can be said that Stella used a kind of radical technique.

These people are all arrogant, and using ordinary methods will probably only make them look down and distrust her even more.

“What kind of nonsense, we are all outstanding designers. How can we fail to design good works because of you? Oh, I really want to stay and see if your

new boss can bring us this one. The team, can't eat it." Leng Yueyue is proud of her temperament, and she is naturally the most insensitive.

Zhang Yu blinked: "I am the same as Leng Yueyue."

Li Junfeng put his hands around his chest and looked at Stella with a smile: "Beauty boss, I like it the most."

"Since Yueyue stayed, I must stay here too." Wang An walked to Leng Yueyue's side and started to stand.

And Shu Guoer has a very soft temper, and she likes the salary, so she didn't say much.

On the contrary, Xiao Yiyi quickly turned around to look at the cold boy sitting inside.

"Lin Zheng, do you want to stay?"

So a group of people turned around and looked at him.

It was also at this time that Stella noticed the young man sitting inside. The young man finally raised his head, his thin face was cold, his eyes fell without any warmth, and then he snorted coldly.

Then he got up and went to another room.

Everyone: "..."

Su Jiu saw this and walked to Stella's side and said, "This person is called Lin Zheng. He is the best member in this, but his temperament is very strange."

“Strange?” Stella raised her eyebrows, thinking of the boy’s cold eyebrows, it seemed to be full of stubbornness: “What a strange method?”

Jessica also came over curiously to listen.

“It’s better to say that he is cold, it is better to say that he is withdrawn. He never associates with others. Before I found him, he was always alone. I thought he would accept Han’s invitation in a meaningful way. Who knows him? After listening to the salary, he actually agreed.”

Hearing this, Stella nodded clearly.

“I understand.”

Jessica held her cheek and said, “Although he has a weird temperament, he is very handsome.”

Xiao Yiyi on the side heard this and immediately said: “I warn you, Lin Zheng is mine, you are not allowed to snatch from me!”

After that, she turned and ran towards the direction where Lin Zheng had just disappeared, and shouted as she ran: “Lin Zheng, wait for me!”

“This is Xiao Yiyi. You have seen the information. She came to me by herself. Because Lin Zheng wants to join this company, so... she wants to join too.”

“Uh...” Jessica was said to be a little inexplicable, and it became clear when Su Jiu said that. “It turned out to be a suitor. It’s so infatuating. They are all chasing to the company.” , Jessica looked at Xiao Yiyi’s back inexplicably envious.

Why are people so brave to pursue their male gods?

But she saw the male god like a mouse seeing a cat, and she ran without a trace. And... the male god may not know why she ran away, everything is just the same as she directed and acted.

Thinking of this, Jessica was very upset again.

She thought, if she had half of Xiao Yiyi's, oh no... a little courage would be fine!

“Okay, let’s go back to work first. The company has just been established. The first few days may be relatively leisurely, so you can take the time to find inspiration.”

Su Jiu smiled slightly: “Miss Stella, I will show you around on the fourth floor.”

“Yeah.” Stella nodded, and then left the employee’s office with Su Jiu.

The fourth floor is a meeting room and reception room, a special area.

“The fifth floor is your office.”

After arriving on the fifth floor, Stella discovered that the decoration here is different from that of other places. There is a fresh and elegant atmosphere everywhere, and the color of the carpet is also very unique.

“This floor was designed by Mr. Victor himself in order to give Miss Stella a relaxing environment. Mr. Victor said, whether in the company or at home, Miss Stella doesn’t need to feel too much pressure.”

Hearing this, Stella probably knew something.

“So, how long has this company prepared in advance?”

Hearing, Su Jiu was stunned for a moment, realizing that she had said too much, so she shook her head and did not answer her.

In fact, even if she doesn't say anything, Stella can tell by looking at the design here. It must have taken a lot of time, and a building can be completed in a moment and a half. She wants her to start a company. Victor Han had been preparing for this matter at least two years in advance.

Unexpectedly, Victor Han had already done so much for her.

This elder brother is really serious.

"I'll go look inside."

"I am going too!"

Jessica followed Stella's steps.

Su Jiu thought for a while, and then said: "I have visited almost today, and Miss Stella has also known everyone. There are still things to be handled at the company, so I will go back first."

Hearing, Stella nodded: "Secretary Su has worked so hard today. Be careful on the way."

"it is good."

"Also, call me Stella from now on, and I will add a young lady at the back, it always feels very awkward."

Su Jiu stunned, "Is this not so good?"

“Oh, what’s wrong? Stella is not the kind of person you think. She is not that snobbish. Besides, we have known each other for so many years. Don’t you think I have been calling you by name?”

Stella smiled and nodded: “Jessica is right.”

“All right, Miss Stella.”

“Wow, you still call Miss Stella!”

Su Jiu was dumb for a while, and then burst into laughter after a while:
“Stella!”

“Su Jiu.”

Then the three looked at each other and laughed together.

After Su Jiu left, Stella and Jessica were left strolling inside.

The sofa is made of leather, which not only feels to the touch, but also makes it more comfortable to sit up. So Jessica took off her shoes and jumped on it, and then rolled on it, rolling and saying: “Stella, I sometimes treat you really its envy, jealousy and hatred. People’s lives are really different. You actually have a brother who treats you so well, who is even more caring than your boyfriend! Hey, I am so envious!”

Stella smiled, did not answer, and just sat down on the chair at the desk.

“By the way, Stella, why did you say those things to them just now? Are you not afraid that they would really leave on impulse? By then, the salary will be paid for nothing.”

Chapter 377

Stella raised her head and looked at Jessica rolling on the sofa.

“Jessica, it’s not that I want to talk about you. But have you found that you don’t like to think more and more in these years?”

Jessica: “...without taking you such a personal attack, do you want to say that I have no brains?” After she said that, she curled her lips again: “You thought I didn’t want to use my brains. I could analyze some things before, but later I found out. My brain can’t keep up with you. You said how can this person change so much? It doesn’t matter if you become smarter, but how do I feel that I have become stupid?”

Stella: “...”

“Anyway, you should treat me as brainless. Anyway, I don’t want to use my brain. I think it’s pretty good to eat and die like this every day. Hey, tell me what you thought then, that the people on the team were hired with high salaries. What if they really left?”

“No.” Stella said confidently.

“Why?”

“They are not ordinary people.” Stella looked at her and explained softly: “They are all very good designers, but I have seen their qualifications. Although they have achievements, they have a short time in the industry and are more mindful. Haughty and arrogant. As long as they speak a little bit ugly, it is easy to arouse their rebellious psychology. Even if they really want to leave the company, they can’t accept the psychology of not working with a salary. I will look down on myself from the bottom of my heart.”

When Jessica heard her saying this, she suddenly turned over and sat up on the sofa, and then stared at Stella, her eyes seemed to be devouring her.

“What are you doing?” Stella looked at her funny.

However, Jessica stared at her seriously and solemnly: “Stella, I find that you have changed now. You are completely different from before. You were...”

“The previous things are over.” Before Jessica could say the rest, Stella seemed to know what she was going to say, so she interrupted her later: “Don’t mention it again.”

Hearing that, Jessica realized that she almost said something that shouldn’t be said, and then nodded.

The two went around in the company again before leaving.

Because she just started the company, she still need to choose a date one by one and think about the name.

After Stella and Jessica drove away, Zhang Yu walked back from the window.

“The car I drove was so-so, I thought I was so rich, I actually drove the public.”

“Volkswagen?” Leng Yueyue raised her eyebrows when she heard the words: “How much is the car worth? You have money to start a company, but you still don’t have the money to buy a car?”

“Victor Han drove the company for her. I guess she can’t afford the car. She can only buy a popular car.” Zhang Yu looks very gentle, but he speaks very differently from her appearance.

Shu Guoer lifted the glasses on her face without speaking.

Li Junfeng held his cheeks: “But this woman is really ruthless. She knows how to handle our weaknesses. She actually made us all stay. Before I came, I thought I would leave a few today.”

After he finished speaking, Li Junfeng smiled and glanced at the others.

“Sneez.” Leng Yueyue sneered, “Why do you want to leave? Didn’t she look down on us when she left? We didn’t know what the people in the industry would say after getting a high salary but not working.”

Shu Guoer nodded in agreement when she heard this: “I also think that we have signed the contract and the salary is prepaid. It would be too unkind if we left at this time.”

Wang An on the side said: “If you are not kind, at least take the money and do it in the past few months. That woman looks okay. We have just taken a few months to observe and see how deep her skills are. .”

Li Junfeng tusk: “Why are these words so dirty?”

As soon as Leng Yueyue heard it, she gave Li Junfeng a fierce look, this wretched embryo!

Seeing Leng Yueyue’s anger, Wang An scolded Li Junfeng: “You are inferior in your thinking, can you not say it?”

“What? As a man, what happened to me when I said something bad? Everyone is an adult, so I can’t even listen to words?”

After speaking, Li Junfeng looked at the glamorous and hot Leng Yueyue: “Beauty Yueyue, I invite you to dinner tonight, do you agree?”

Leng Yueyue sipped, “Only you? I don’t want to look at myself in the mirror.”

Li Junfeng didn't change his face, and continued to smile there.

"Yes!" Wang An is the only one looking forward to Leng Yueyue's horse. Because Leng Yueyue is the goddess he is pursuing, so Li Junfeng asked Leng Yueyue in front of him. He was naturally unhappy and said angrily: "Just yours. Yueyue doesn't look down on you."

"Oh, look at what this said, is it possible that she is interested in you?" Li Junfeng replied, making Wang An's face completely difficult to look.

"Well, stop arguing." Shu Guoer reluctantly persuaded: "There is nothing to do today."

"Why don't we all go out and have dinner together?"

"Okay, okay, Lin Zheng, let's go together." Xiao Yiyi quickly nodded and agreed, and then went to see Lin Zheng happily.

Who knew Lin Zheng hadn't even reacted.

"I said Yiyi, aren't you tired of chasing people like this? Look at his withdrawn look and stop talking to him."

"If it's up to you, I can do it myself."

"Ah, I think you are so cute and delayed by that kind of incomprehensible stone, so I want to help you."..

The new company has a lot to do.

Although Stella had never thought of starting a company, once it was opened and it belonged to her, she would work hard to do everything well.

The first thing is to find the company personnel. Victor Han only prepared the elite team for her, but other things still have to be left to her.

As Yan Stella's assistant, Jessica, naturally volunteered.

"What we want to recruit is probably one or two front desks that can change shifts, and then there are security guards, chefs and cleaners. These can all go to the talent market and there are many for us to choose."

"Yeah." Stella nodded, "Let's leave it to you."

"No problem, it's all on me."

After that, Jessica went straight to this matter, and Stella had other things to be busy, so everyone was busy with each other.

Seeing that the time had passed for three days, Jessica finally recruited people, and Stella was also busy with the things on her hands.

She was actually very attentive. She personally watched all the people Jessica was looking for, and then they thought it was okay to sign the contract for the probation period.

So another day passed, it was already very late, Stella was still writing the plan in front of the computer, and Levi was watching from behind, "Mommy, it's late, I'm going to bed."

Hearing, Stella didn't look back, "Well, Levi sleeps, Mommy will stay with you."

Chapter 378

It is said that Levi was a little disappointed, but did not obediently go to bed, but slipped out of bed, put on shoes and went downstairs to pour a glass of milk for Stella.

“Mummy.”

When Stella smelled the scent of milk, she realized that Levi had given her a glass of milk. She was taken aback, looked up at Levi, and found that his eyes were surprisingly dark, and he was looking at her eagerly.

It seems to be telling her, Mommy will take care of me, I'm so lonely.

In the past few days, she has been busy with work. She is busy until midnight every night. After getting up, she continues to be busy again, as if... ignoring Levi's emotions.

Thinking of this, Stella suddenly felt that it was really inappropriate for her to do this.

Instead of picking up the cup of milk, she quickly saved the data on the computer, then closed the notebook and looked at Levi. Then she slowly reached out and took the milk in his hand: “Sorry Levi, Mommy, this I have been busy with work for two days and forgot to take care of you. I'm really sorry.”

While talking, Stella hugged Levi by the shoulders and pulled his small body into her arms.

After Levi approached her, he stretched out his hand to hug Stella's neck and whispered: “It's okay for Mommy. Levi knows that Mommy is busy, so I don't mind.”

“You don't mind, Mommy does. I should have thought of it earlier. Mommy will stop working at night and stay with you more.”

Although Levi said that it didn't matter, he heard Stella's words to accompany him more, his eyes were much brighter than before, after all, he was a child and always needed the company of his parents.

He has lost his father's love, so he can't even have his mother's love.

Stella handed him the milk: "Mommy doesn't need to drink milk. This cup of milk is poured from Levi, so can you give it to Levi?"

Levi blinked: "But Mommy, I poured it for you specially."

Hearing that he said it was poured for her specially, Stella would be embarrassed if he didn't drink it, so she nodded: "Okay, then Mommy drink it."

After that, Stella drank the milk and returned to the bed with Levi, "Mommy is not working tonight. I will be with you. Do you want to hear the story?"

Levi nodded: "Okay Mommy, what story are you going to tell tonight?"

"Well, think about it, Mommy, I will tell you something later..."

"Once upon a time..."

Second day

Hospital

When Song An sent the porridge to the hospital, she saw that the ward was almost completely cleaned, and Walter was bent over while putting on shoes.

"You, what are you doing?" Song An's expression changed suddenly, and she stepped forward and put the porridge on the table.

Walter raised his eyes and glanced at her: "Don't you see all of them?"

"Discharged?" Song An asked, "have you completed the discharge procedures?"

As soon as he finished speaking, Phillip, who had completed the discharge procedures, came back. After he entered the ward and saw Song An, he respectfully called: "Aunt Song."

Song An looked back at him, "Are you going to go through the discharge procedures?"

Phillip was taken aback for a moment, and then nodded: "Mr. Walter said that he was okay, so..."

"Who said he was okay?" Song An went straight to grab the bill in his hand two steps, and then glared at Walter: "Who let you make claims? Did you know you were discharged so soon? It was a car accident, a car accident, not an ordinary injury!"

Hearing, Walter frowned somewhat displeased, and said coldly: "Even if it's a car accident, what about it, I am not seriously injured, it is an ordinary injury."

Song An: "..."

"Okay, you have to be stubborn with your aunt, right? Okay! I will arrange a blind date for you today. I told you last time that I will look for you when you are discharged. In the end, you are so anxious to leave the hospital. I'm asking my aunt to look for you, right?"

Walter squinted his eyes and revealed an unpleasant aura.

"Who said I agreed?"

“Heh.” Song An sneered, then took out her mobile phone and started to make a call. Walter watched this scene silently, but in the end he said nothing.

She went to talk about him, but he wouldn't go anyway, let alone what kind of person she found for him.

Walter got up, buttoned the jacket of his suit, and said coldly, “Back to the company.”

Phillip nodded quietly from the side, and then followed.

Who knew that as soon as they walked to the door of the ward, Song An's body directly blocked their path: “Where are you going? You are not allowed to go anywhere today without my order!”

Walter pursed his thin lips, and the breath on his body was cold.

“Walter, it doesn't matter if you don't want to listen to your aunt's hospitalization, it doesn't matter if your aunt doesn't persuade you, but if you don't agree to your aunt to go on a blind date, then... the aunt will go directly to Huangquan to ask your mother for comment!”

Walter: “...”

Phillip: “...”

He swallowed in surprise and frothed, and stammered: “Um... Aunt Song, don't be so serious? Mr. Walter's physical fitness is pretty good. Even if he is discharged early, there shouldn't be any major problems, right?”

“It's because of you.” Song An looked at Phillip: “He is a robot with good physical fitness? Doesn't he need to rest? I heard of a patient who just went to work without rest at all? Really treat his own body. Is it made of iron?”

Phillip: "Aunt Song, I..."

"Alright, you shut up, this matter has nothing to do with you, today you have a day off, go back and rest."

When Phillip heard this, his face immediately stained with joy: "Really?"

As a result, the joy didn't last long before Phillip felt a sharp gaze shoot at him, making him shiver and hurriedly straighten up and stand.

"Farewell, if I don't go to work today, I won't have a year-end bonus at the end of the year."

"Really?" Song An narrowed her eyes and glanced at Walter: "If he doesn't give you a year-end bonus, I will give you three times the amount of your year-end bonus."

Hearing that, Phillip immediately widened his eyes: "Aunt Song, this..."

"So you can go on vacation with peace of mind."

Before Phillip spoke again, Song An directly grabbed his arm and pulled him out.

Only Walter and Song An remained in the ward.

Song An blocked the door, not letting him go.

The two faced each other for a while, and Walter returned to the bedside and spoke coldly.

"Let me stay for a week. Don't arrange blind dates for me."

“Hehe, even if you live for a month now, I won’t agree to you.”

Song An sneered, walked in and closed the door of the ward directly.

“I have already told the other party, and the other party said that they can arrange you to meet in the afternoon, Walter, don’t you think your aunt is joking with you? I told you it is impossible. You will either go on a blind date for me today. Either... just let me go to Huangquan to find your mother to judge!”

Walter: “...Auntie, you must force me like this?”

“Who is forcing whom? Do you know how old you are now? What are you doing these years? Auntie is your elder, what’s wrong with me looking for someone to take care of you?”
