

# My 18-Year-Old Wife - Chapter 151 I will look for her with you

"Zhiyao Xia, come down to eat breakfast. I just made it myself."

After seeing Zhiyao go downstairs with casual clothes, Mike Yue forced himself to endure the embarrassment and pulled Zhiyao to the dining room. Mike put the breakfast before Zhiyao.

"Thank you..."

Zhiyao felt stiff, not daring to raise her head. She, too, was extremely embarrassed.

"How's that? Is it delicious?"

Mike asked. That's a sandwich he made himself.

"Yes, it tastes better than those sold in restaurants..."

Zhiyao's voice is very soft.

"Hey, hey, that's good. Just eat more." Mike said with red face. He thought he had to apologize to Zhiyao anyway, or it would be too awkward to meet her later. He looked at Zhiyao and said dully:

"Zhiyao, I didn't mean to do that."

Before he finished what he wanted to say, Zhiyao raised her hand to interrupt him:

"Stop it. It doesn't matter. I know you didn't mean it."

"It's okay..."

Mike breathed a sigh of relief. But the atmosphere of the dining room became indescribable.

After a long time, Zhiyao could help but asking:

"Brother, are you still thinking about your girlfriend?"

"You never told me what happened between you and your girlfriend. Can you tell me about it now?"

Mike thought for a while and he thought it's OK to tell Zhiyao what happened as they get alone with each other so well.

"This is a long story. I came to Tianhai City not long ago and I have been looking for her whereabouts. She is also in Tianhai City, but I have never heard from her." Mike said.

After hearing that, Zhiyao was sad. As Mike was still looking for his girlfriend, would he get back together with his girlfriend again?

"Well. Why did you separate before?" Zhiyao said disappointingly.

Mike couldn't say everything. He just said:

"My girlfriend and I met in Chuzhou City. Then something happened and she left alone so as not to drag me down. I asked my father to check where she had gone and found out that she had come to Chuzhou City."

"She's pregnant when she left..."

Speaking of that, Mike couldn't help feeling guilty again.

Time's ticking out, but there's no news about Yuting Chen.

When Zhiyao heard the last words, her fork fell on the table.

She looked at Mike in shock:

"Your girlfriend is pregnant? Then why did she leave. Was she going to abort?"

Mike frowned slightly and flustered up inexplicably:

"I don't know. But I don't think she will do that. So I've been looking for her. Whether she wants the baby or not, I owe it to myself to bring her back and take care of her.

"I've been looking for her all this time but I haven't heard a thing."

Then Mike couldn't help thumping the table. He was really worried.

Zhiyao was stunned. Her eyes were red and her heart was full of mixed feelings.

Zhiyao thought Mike likes her and that's why he had such a big birthday party for her. But at that moment it seemed that Mike just takes her as his sister.

Zhiyao was moved by the story of Mike and Yuting. She said:

"My sister-in-law is really a good woman. She chose to take the pain by herself and left without telling you. If I were her, I certainly wouldn't have the courage to do that. She must be tough and brave."

Mike's eyes were red, too. He sighed:

"No matter how tough she is, she is a woman. I should have been stronger and dealt with all the shitty things, and maybe she wouldn't have gone."

After seeing Mike is down in spirits, Zhiyao took his hand and said:

"Don't worry, brother. You will find her and I will look for her with you."

"I've seen the picture of my sister-in-law on your phone. If I meet her, I will persuade her to come back."

Mike composed himself and smiled. He touched Zhiyao's head and said:

"OK, go on eating. I will send you to the company after you finish eating."

.....

At the same time, Mingyu Sun was sitting in the living room reading a newspaper.

He has the habit of reading the economic daily newspaper. Today's newspaper reports the death of Baiwan Cheng and Jun Cai, entrepreneurs of Tianhai City. The newspaper talks about that implicitly. It doesn't say they were killed by others, only that an accident happened.

But those with discerning eyes knew the truth. Baiwan and Jun Cai are the local ruffians of Tianhai City. Even if they worth more than \$100 million, their business has something to do with killing.

"Oh my god, how could Baiwan be killed..."

Mingyu's facial expression changed suddenly. He was stunned by the news for a while.

Just then, Yuting came out of the kitchen in an apron. She said with a smile:

"Mingyu, it's time for lunch."

Mingyu put down the newspaper quickly and came to the kitchen to carry the dishes cooked by Yuting to the living room.

The house rent by Yuting is too small. There is no dining room and they had to eat in the living room.

"Yuting, you are just discharged from hospital. Why you keep yourself so busy? I said to eat out but you didn't agree." Mingyu said reproachfully.

Yuting smiled and stuck out her tongue, saying:

"It doesn't matter. I am as fit as a fiddle."

"You've been taking care of me in the hospital for so many days, so I must cook for you myself."

Recently, Yuting has been hospitalized, and it's Mingyu who has been taking care of her in the hospital, day and night.

"There is no need for you to thank me. You are my employee and I should be a responsible boss."

Mingyu smiled. Although he said that, their relationship is not just about the boss and the employee. He is a general manager of the company

and a young master, but he took care of a pregnant woman in the hospital.

Mingyu also thought so, but he didn't find that he's protecting Yuting all the time and taking care of her to the utmost.

In his subconscious, he had been attracted by Yuting's graceful and effeminate temperament. He wanted to protect and take care of Yuting even if she's pregnant. He even didn't care about his company. He stayed in the hospital day and night.

"Thank you so much for taking care of me. If it weren't for you, I might have lost my baby." Yuting said gratefully.

"But I'm sorry I delayed your work."

Mingyu waved his hand and said: "Don't mention that. There are so many senior managers in the company. Wouldn't they work without me?"

Yuting suddenly remembered something and asked:

"By the way, the other day when you took me to the hospital, you said you were going to an auction. Did it go well?"

At the mention of the auction, Mingyu was excited. He said:

"It goes well. I'd never been to an auction before and I was afraid of being cheated. Fortunately, I met a talented person. With his help, I managed to buy a real estate in the downtown with a good location."

After hearing that, Yuting was happy. She said:

"That's nice. Did the talented person go there for the auction too?"

Mingyu nodded and said:

"But they are far better than me. The talented person is the president of Jiuding Group, a top 100 enterprises in Tianhai City."

"The president is about my age, but I think he is better than my dad."

After seeing the humble look of Mingyu, Yuting smiled and said:

"You are not bad. I believe your future achievements will not be inferior to that president."

Mingyu scratched his head in embarrassment and said:

"All thanks to your lucky words."

"By the way, I'll drive you to the sales department in the east of the city later. You will be a member of personnel department."

"Don't run business again. It's not good for your baby."

Seeing Mingyu concerned about her so much, Yuting suddenly seemed to be in a trance, as if the one who was sitting opposite her is not Mingyu, but Mike.

"Thank you..."

## **My 18-Year-Old Wife - Chapter 152 Mike Accepted the Survey of the Police**

"Zhiyao, you go upstairs first. I will not go back company now for I have something to do first."

Mike drove his car to the gate of the company and said to Zhiyao Xia.

"Okay, I will go back to work first." Zhiyao waved to Mike when she got off the car. She smiled happily.

Mike got better seeing her pretty smile. He said "Send me your address, then I will send that dress there."

The dress Zhiyao wore was still in the bedroom of Mike.

"Okay, I will send it on your phone later."

Zhiyao went in as she finished her words.

She seemed change a lot overnight. She was active before no matter how stressful she was or how hard her life was. But now she had so many things in mind, and all of that were related to Mike.

Zhiyao became all the people's target once she entered her department. And even the deputy director came.

"Zhiyao, you are actually the sister of our president. You hid so much."

"It's said that our president gave you a huge birthday party last night. Really? Why didn't you invite us to join you? You don't regard us as your friends?"

"Zhiyao, is our president your brother or your boyfriend? Why Xue Li said he is your boyfriend?"

Zhiyao was shocked to see this. She looked at Chimo and Xue Li speechlessly. Chimo and Xue Li were laughing while covering their mouth.

...

Mike called Weihe Liu at the gate of Jiuding Group to tell him he would go to the auction house to accept the query of the police.

"Manager Weihe, I'm coming. Inform them that they can come and take notes."

"But I don't have much time. So I hope they don't use too much time."

Mike drove to the auction house after the call.

The police who came to take notes were already there when Mike got there. After all, the police could not let the young master of Yue Family wait for them. Their superior officer asked them to come as soon as possible when Weihe called. And they were told that they could not be not respectful to Mike during the questioning.

Mike was just a suspect not a criminal.

"Sorry to make you wait so long."

Mike said hello with upset look when he got there.

Two people came to take the notes. One was a middle-aged police and the other one was a young one. And the young one in charge of taking notes.

"It's okay, we just got here." the middle-aged hurried to stand up and shake hands with Mike. Then he introduced "I'm Da Xu. You must be Mike. We just came to take notes today regarding the death of Baiwan Cheng and Jun Cai and his men."

It was in Weihe's office and Weihe poured tea for them by himself. He said to Da Xu who sat beside him "Police Da, I hope you could be fast, because our young master is busy. He finds time to come here, it's not easy."

Da Xu replied in a hurry "Don't worry, at most half hour. It will not be long."

Mike sighed at this time, his eyes were red.

"I don't know what's wrong with Jun Cai and his men. But I was sorry to hear Baiwan died. We were in the same car at that time. Then the car fell in the river and I was frightened. I tried hard to run out of the car so I didn't have time to save him."

Da Xu comforted Mike seeing he was in grief "Mike please restrain your grief. It was good enough that you could save yourself at that time."

"But I want to know why that taxi fell into the river? And do you remember the appearance of the taxi driver? We only found the body of Baiwan after long time searching. Did you notice where did he go at that time?"

Mike was trembling with hot tea in his hands hearing that. He said "I really have no idea why the taxi would fall into the river and the taxi was in mask. Baiwan and I went to the company by his taxi. And so did we when we came out of the company. But something happened on our way to the company. Baiwan was drunk so he slapped the driver."

Da Xu frowned seeing this "Baiwan slapped him? Did he fight back? Did he quarrel with Baiwan on the car?"

Mike shook his head "No, I stopped it. I asked him to apologize to Baiwan. I told him Baiwan was the president of Cheng's Group. He would not spare the driver if he dose not apologize. So he apologized. I don't know if the driver was angry about this so he drove the taxi to the river."

"But I focused on saving myself and forget to notice the driver. But I called the police and took notes. You can find that."

Da Xu nodded hearing that. "Our colleagues indeed got your call."

"Mike, we also want to know the thing regarding Baiwan's asset. He transferred all his assets to you. He didn't know he would die before the accident, right? But why he transferred his painful-gaining treasure to you in advance when he was living normally? You just knew each other."

"As we know, Baiwan loved money very much. And he never did things according to rules. It's not normal that he transferred all his money to an outsider."

"We hope that you could explain it properly."

Mike was not panic at all hearing that. He explained calmly "I know many people suspect that I'm related to his death. But not many people know the real reason."

"Though we didn't know each other for long, but we became good brothers when we first met. I gave him a property worthy of eighty million when we just met. He told me lots of things, such as his wife Meijuan Zhang had an affair with his assistant Ze Zhou and they wanted

to get his money. And Jun Cai, everyone believed he was loyal to Baiwan, but actually he was not.”

“Jun Cai fell out with Baiwan since long ago. Baiwan wanted to get rid of dirty business and gave up fighting. After all his age was big already. He wanted to have a stable life. But Jun Cai said they were still young, he could not earn money if they gave up fighting.”

“So they fell out with Baiwan privately.”

“I don’t know his death was an accident or a murder. Or who wanted to kill him? But actually he expected that he would be in danger. He had no one to rely on and he had no son. He was afraid his money would be occupied by Meijuan or Jun Cai, so he signed a transfer agreement. And it would only be effective when he died. Then all his money would be transferred to me.”

Mike made a brand-new Baiwan who was betrayed by his wife and his brothers. He was even planned by others. Da Xu frowned hearing that. He was shocked to hear what Mike said. But he didn’t all his words.

He asked “If what you said was true. Why didn’t he leave his money to his families? He still have parents. It dose not make sense to leave his treasure not to his parents but to you.”

Mike shook his head and smiled bitterly “So that why I said you didn’t understand him. It is because of trust. Why could him trust expect me at that time? How could his parents fight with his wife and assistant? Or Jun Cai?”

“He told me when we became sworn brothers that I had to take good care of his parents if he had anything. So I picked up his parents right away to another city when he died. I was afraid that his enemies would

disturb them. And I opened an account with twenty million for them. And all their spending in the future would be on me. Including their money for old-caring. You could survey that.”

## **My 18-Year-Old Wife - Chapter 153 I Hope You Could Find The Real Murderer**

Da Xu could not confirm if Mike lied and neither could he identify if what Mike said was true.

What Mike told them was the secrets between Baiwan Cheng and him, and now Baiwan died, so no one knew if his words were true.

But Da Xu were sure that Mike left a large sum of money to Baiwan’s parents and he could find it.

It seemed that some of Mike’s words were not reasonable, but he could not find the bugs.

They key thing now was not only Baiwan died, but also Meijuan Zhang, Ze Zhou and Jun Cai and his men died. Combined to what Mike said just now, it was so complex and maybe it was a revengeful murder.

Da Xu suddenly asked “Mike, how do you think about the death of Meijuan, Ze Zhou, Jun Cai and his fellow men?”

Mike said after some thought “I know they all died. And it’s said Jun Cai and his men were burned in a restaurant.”

“I think maybe Jun Cai’s death was Baiwan’s brothers were revenging for him. Maybe they thought Baiwan’s death was because of Jun Cai. Maybe

the taxi driver was hired by Jun Cai. They wanted to revenge for Baiwan by killing Jun Cai."

"Baiwan was famous for being nice to his brothers. Now he died, even me, who did not know him for long feel sad, let alone his brothers."

"As Meijuan and Ze Zhou, I don't know that. But the private lawyer of Baiwan, Xinghe Zhao once told me that Meijuan and Ze Zhou looked for him before to ask him to plan a fake transfer agreement. So that they could transfer all Baiwan's treasure to Meijuan. "

"But lawyer Zhao was loyal so surely he did not promise them. I don't know if Baiwan's death is related to Meijuan and Ze Zhou. It needs your survey."

"That's all what I know."

Da Xu found that what they found out was less than what Mike told them today after Mike's words.

Many internal things they did not know.

He frowned and said "Thank you for cooperating with us. But anyone is suspicious before the whole thing come out in the wash. I want to say something that it might offend you but is your agreement a real one?"

Weihe suddenly stood up from the sofa as he said that, he shouted "Police Xu, what do you mean? Our young master is the eldest grandson and son of Yue Family. Why he needs to steal Baiwan' wealth for Yue Family is rich enough? Baiwan's wealth was nothing compare with Yue Family's."

"Please use your brain before you put a label on others causally."

Da Xu was embarrassed seeing Weihe was so excited. He explained "Sorry, it's our duty. We have to find out the truth."

Weihe still wanted to say something but stopped by Mike. Mike said slightly "I understand your work but Police Xu, as Manager Weihe said, do you think it is necessary for me to steal Baiwan's wealth? You can survey that I still have a Fengxing Group in Chuzhou City, it belongs to me alone. And I have Jiuding Group in Tianhai City, let alone the treasures of Yue Family.

"Do you really think I need to murder so many people just for the sake of Baiwan's money?"

Da Xu hurried to apologize to Mike "Sorry, I didn't mean that. You will not do that as common sense."

"Thank you for cooperating with us today, that's all work today. Thank you."

Mike stood up and said "Cooperating with you is my duty. Please help yourselves."

"I hope you could find out the person who killed Baiwan to comfort him in heaven."

Then Da Xu left with the young officer. And they closed the door when they went out.

Weihe was in cold sweat after they left. So he said in a hurry "Young master, you..."

Mike raised his hand to stop him while pointing at the door before Weihe finished his words.

Weihe turned to the door and suddenly he realized something, so he shut up immediately.

"Manager, how is the work in the auction house recently?" Mike changed a topic.

Da Xu was eavesdropping outside the door.

He stayed there for two minutes but only heard Mike and Weihe were talking about work. Nothing was suspicious. So he could only leave.

The young police couldn't help asking "Da Xu, do you think the young master of Yue Family is suspicious? I think he might have nothing to do with Baiwan and others' death."

Da Xu sighed and replied "I don't know. He was calm and his answers were logic and clear. It seemed that he was not lying."

The young police said hearing that "He offered us so many clues then we can follow them to survey."

Da Xu shook his head and said "If what he said was not true then he was misleading us. We would find nothing by this. If he didn't mislead us, then the death of Jun Cai, Meijuan and others is wired. I wondered who was so capable to kill so many people."

"I'm afraid it will become an unsettled case. We have no idea now no matter the driver who drove the taxi to the river nor the people who killed Jun Cai."

The young police put his notebook in his bag and said "It's okay even if we could not find who killed Baiwan. He was a rubbish, just another rubbish hated and killed him."

Da Xu sighed and said "Let's go back first. We have to try our best. It would be an unsettled case if we could not find out who is the murder."

In the office of Weihe, Weihe opened his door to check outside. He was relieved seeing no one was there.

"Young master, you had nothing with Baiwan's death, right?" Weihe asked in a hurry.

Mike smiled and said "Is that related to me? Why you say that when the police has no idea of the murder?"

Weihe knew he said something wrong, so he said in a hurry "I was just afraid you would have some trouble. How could master spare me if you had anything in Tianhai City?"

Mike leaned on the sofa with his legs crossed, then he said slightly "Baiwan's death even could not expiate all his crimes. Let what happened go."

"I'm the son of Tianxiong Yue, and I deserve it if I can't even handle some spalpeens."

"Don't worry Manager. Tomorrow I will sell all assets of Baiwan and expand Jiuding Group to turn it to top fifty in Tianhai City. Remember to congratulate me tomorrow."

Then Mike took a sip of the tea and smiled slightly.

Weihe looked at Mike dizzily. He could not understand Mike though he was in business industry for decades.

He saw the same character from Mike as Tianxiong.

He was fierce and calm even the sky was falling.

## **My 18-Year-Old Wife - Chapter 154 Yuting's News Came**

The next morning, news of Jiuding Group rose to top 50 from top 100 was on the economic daily of Tianhai City. It became the front-page headlines.

All the people in business industries of Tianhai City were discussing Jiuding Group and its president. They were curious how could the young president make Jiuding Group so big within two months.

Of course some people knew some rumors that Jiuding Group annexed Baiwan Cheng's Cheng Group. It meant that Jiuding Group occupied all the industries and shares of Cheng Group. Then top 50 was only an estimation.

Jiuding Group might in top 30 of Tianhai City in addition with the assets of Cheng Group. In Tianhai City, it was difficult to move forward even one step once a company entered top 100. let alone leaped so many companies. It was impossible.

But the impossible thing became truth now. Instantly Mike became the celebrity of business industry in Tianhai City. Many entrepreneurs came to visit the young president of Jiuding Group and they hoped to cooperate with Jiuding Group.

It was a big matter so that Tianxiong Yue also got the news even though he was in Capital City which was far away from Tianhai City.

"It was just two months. Mike is so fast."

In Tianxiong's office, Anya gave him a piece of newspaper. He stood up directly from the chair after it.

"Even I am not sure that I could do this within two months. Anya, your younger brother is awesome."

Tianxiong laughed happily and his proud on face could not be hid.

Anya was also happy. She grew up with Mike, she knew he was smart.

"Though Mike is the young master of Yue Family, but we can't compare with him for the bitterness he had was much more than us." Anya said. "As the saying goes, Hardship increases status. It is suitable to describe him. I believe he will be your best assistant in the future."

Tianxiong said confidently "Of course. Your grandfather and I shall be more vicious to him if we knew he was so potential. Haha."

Anya did not know she shall cry or laugh hearing that "You and grandfather were fierce enough to him. He is tough to survive that."

"He might fall down if you treated him worse."

Tianxiong laughed and said "He can't. he is tough. But he surprised me. At his speed, I do not need to worry about him anymore. I hope he could be smooth in the future. I hope he could develop his business to Capital City. At that time, I will tell everyone that the son of me was not a rubbish."

"He is even better than me."

Anya was jealous hearing this "Yes, yes, your son is awesome. And you don't need to care your daughter anymore."

Tianxiong came to Anya and patted her shoulder and said "Surely my daughter is also great. But after all, you are a girl, I don't want you to be a super woman."

"What you have to do now is to find a husband. You don't like the young masters I and your mother introduced to you. And I dare not to introduce to you now for I am afraid you will not go."

Anya said "What kind of people you arranged for me? They were tainted with money-stink. And I am still young, you are afraid I can't get married?"

Tianxiong could do nothing to Anya so that he shook his head and said "You are 26 now, you will be left if you don't get married. And Zhiming Cui came back home after a month's treatment abroad. Do you want to...?"

Anya frowned when she heard the name of Zhiming. She wanted to run away from Tianxiong's office.

"No, no, no. I don't want to see him anymore."

"Dad, I am going back to work. Bye."

Tianxiong called her in a hurry, he did not know shall he laugh or cry.

"Fine, I will not talk about him anymore, okay? You are so..."

"Let's talk about other things. That Yuting Chen, I asked for her address for two months but I didn't get it. Anya, you have friends in Tianhai City, right? You ask them to heed it. At least she has your brother's baby now. We have to find her as soon as possible."

Anya was shocked then she turned back and said "Okay, I asked them to help us before. I will call and ask them later."

As her words fell, she went out of Tianxiong's office.

Surely Yue Family knew the thing between Mike and Yuting, so did Anya.

She was not comfortable with that, but that's all. After all, she knew she would have no result with Mike. And it was normal to have a woman outside as the young master of Yue Family. Anya could understand it very well. It was not normal if a rich man had no woman outside.

Anya called her friends one by one in Tianhai City to ask them Yuting's news when she got downstairs. But she got no clue at all. But the last call told her something.

"Anya, I have a friend who is a policeman. He handled a fraud case before. And there is a victim named Yuting, but I don't know if she is the one you are looking for. You had better send me a picture of Yuting, then I will ask my friend if she is the one you want." Anya's friend said on the phone.

"Fraud case?" Anya was shocked hearing this. So she said in a hurry "I will send you the picture right away. How much money Yuting was fraud in the case?"

Her friend answered "It's not much money. Just three hundred and ninety thousand. But my friend told me the Yuting he met was upset, she said that's all her money. The fraud case did not cracked, so she did not get her money back."

Anya frowned and said "Okay, thank you. I will send you her photo right away."

After the call Anya went back company and she was going to ask picture of Yuting from Tianxiong.

...

At the other side, Mike, Mark Duan and Yuhang Shi drove to the new property.

It was bidden by Mike in the auction house before, but he gave it to Baiwan later. At last, it belonged to Mike. And, all assets of Baiwan belonged to him now.

"Though I know nothing about Fengshui, but this building is nice. It is enough to be our second headquarter."

Yuhang and Mark were excited to see the splendid building. They said that.

Mike smiled and said "It is just a building. In the future, we can build by ourselves. We can even build a castle."

"Now our Jiuding Group is not the last in top 100."

At the time they came to the gate of the building. It was on decoration this month, so it could not expand currently.

Xinghe Zhao came out from the hall and he carried many documents. He handed that to Mike and said "President Mike, now all Baiwan's assets transferred to you by law."

"Congratulations."

Mike patted the shoulder of Xinghe and said happily "Thank you, lawyer Zhao. I hire you as the legal adviser of Jiuding Group now. Your monthly salary is one hundred thousand. Are you interested?"

Xinghe looked at Mike with complex expression. He was afraid of Mike actually. But fear could be overcome in front of money.

Xinghe replied politely "Of course, it's my pleasure. I can help you no matter what kind of lawful problems you met in the future."

Mike laughed then he took out a file pocket from his bag and gave it to Xinghe, then he said "There is an USB flash disk inside and all the videos of you and Meijuan Zhang are there. I deleted all the videos on my phone. Don't worry, I don't have copies. And there is a bank card there with twenty million. That's what I promised you before. And I did it now."

Xinghe handed it with his tremble hands, he nodded heavily and replied "I will do as you order in the future."

Mike smiled and nodded "Okay, I love loyal people."

And at this time, Mike's phone rang, it was from Tianxiong.

"I'm sorry I have to answer a phone."

Then Mike went aside and answered the call of Tianxiong.

"Dad, what's up?" Mike asked.

Mike's face changed hearing what Tianxiong told him. he was shocked at first, then he became worried, at last he became furious.

"Yuting's money was cheated?"

Mike's voice became trembling. His fist threw to the wall suddenly.

## **My 18-Year-Old Wife - Chapter 155 A reward of 10 million yuan**

"Mr. Shi, you have been in Tianhai City for so many years, and you should know some people of the underworld, right?"

After Mike Yue returned to the company, he called Yuhang Shi into his office alone.

"Yes, I have to know all sorts of people in order to get things done these days. What's the matter, young master? What do you want with people of the underworld." Yuhang nodded and said.

Mike said with a sullen face:

"I'm offering a reward of five million yuan for information leading to the arrest of the mastermind of 513 fraud."

The case of Yuting Chen and other victims being cheated was filed on May 13. In order to investigate the case, the police set up a special investigation team, so the case is called 513 fraud.

Anya had asked her friend to confirm that the girl who was treated in the fraud case is Yuting.

Anya told that to Tianxiong Yue, who immediately called Mike. When Mike heard the news, it's like a bolt from the blue. Yuting was cheated out of her money and no wonder there's no news about her.

With no money, how could she live and find a job, let alone set up business.

In order to find Yuting as soon as possible, Mike could only spend money to ask people of the underworld to find the mastermind of the fraud. The police never found out who he is. He must have been so deeply hidden that it would have been difficult to find him, certainly not by conventional means.

Yuhang didn't know the inside information and he was very confused. "Ah? Young master, that's the police's job. Why you throw so much money away? Do you want to be a good citizen?" Yuhang asked.

Mike said impatiently:

"Just do what I say. If anyone gives me the accurate information about the mastermind, I will give him five million yuan."

Seeing Mike was not in a good temper, Yuhang didn't dare to ask more. He nodded and said:

"OK, I'll get someone to spread the news right now. Just wait."

After Yuhang left, Mike wanted to make a pot of tea, but no sooner had he picked up the teapot than he crashed it to the ground. His face was dark with rage, saying:

"If I find out who you are, I'll break your legs!" .....

Yuhang spent tens of thousands of yuan that day hiring people to spread Mike's reward message in the underworld. For Mike, five million yuan is just a small amount of money, but for people of the underworld, it's a large sum of money.

For a time, the underworld of Tianhai City boiled up. Even the leaders of underworld began to covet the money and they sent out people to inquire information. There were even people sharing messages. They were ready to share the money after the mastermind is found.

Five million yuan is of much motivation. The underworld is inherently complex and it's better at investigation than the police. Someone has even found out the former owner of the shop. Then they all went to the prison to visit the former owner and asked him for the personal information of the fraudster.

The former owner of the shop borrowed money from the fraudster and he couldn't pay off the interest, so he had to embezzle the money of his company. Then the company found out what he did and called the police. The former owner of the shop was arrested and sentenced to prison.

Therefore, the fraudster couldn't get his money back. He was so angry that he thought of using the shop for fraud.

I have to say, the tricks of the people of underworld are pretty good. Unfortunately, no one has been able to find out anything useful.

If the former owner of the shop could be a starting point to investigate the information of the fraudster, the police would have found out who he is. The reason the police have not been able to make any progress must be that no useful information has been found from the former owner of the shop.

The fraudster is not from a loan company or bogus company, he just engaged in private lending. In addition, when the fraudster lent money to the former owner of the shop, he used a false identity, so even the

former owner of the shop didn't know the real identity of the fraudster and could only describe his appearance.

But the appearance described by the fraudster is in a popular style. Even the police haven't tracked down the fraudster by the picture, let alone people of the underworld.

The news of five million yuan reward spread in the underworld for a week, but no one could come to Mike to get the money.

Mike was very worried. To find the information of Yuting, he directly raised the reward of 5 million yuan to 10 million yuan. For a time, the underworld of Tianhai City boiled up again.

But there was no one who could find the information about Yuting. Not knowing the information of the fraudster, it's useless even if Mike raised the reward to 100 million yuan.

Just as the saying goes, generous rewards rouse one to heroism. There is a person who absolutely knows everything about the fraudster and is very familiar with the fraudster. He is the man who was with the fraudster.

When Yuting went to the shop, there were two people. One is the fraudster and the other called the fraudster cousin.

Thus the man is the cousin of the fraudster. The man also received news that Mike had offered a reward of 10 million yuan. The lure of 10 million yuan is not small. In order to get the million yuan, he took the initiative to contact Mike.

"Hello, I have the information about the man you're looking for. I know where he is now."

One night, Mike got this strange call.

“Who is he? Where he is now?”

After hearing that, Mike’s body vibrated. He asked that excitedly.

“Didn’t you say you would give me 10 million yuan if I give his information to you? I will tell you when I see the money.”

The voice on the phone was nervous. The man seemed to be young.

Mike thought for a while and said:

“No problem. I can give you either cash or bank card. Where are you now? I will come to see you.”

The man was silent for a moment. Then he gave Mike an address.

The address is in a remote area in a village in the city. Places like that are often full of danger, but Mike didn’t hesitate. He went back to his bedroom and took a saber from the drawer.

This saber was used by his grandfather Zhenting Yue as a soldier when he was young. It’s so sharp that it killed a lot of lives on the battlefield.

The saber glistens. Mike slung it around his waist and went out to drive the car to the bank.

“Mark Duan, contact the general manager of the bank immediately and ask him to prepare 10 million yuan for me.” Mike called Mark in the car and said.

"10 million yuan? Why do you want 10 million yuan at this time?" Mark asked confusedly.

"

"Stop talking nonsense and tell them to give me the money at once."  
Mike roared.

Mark hung up the phone in horror.

About 20 minutes later, Mark and the general manager of the bank brought 10 million yuan from the bank for Mike. There were 5 trunks of thirty-inch to hold the money.

Mike helped them to carry the trunks into the car and then he drove away without saying anything, leaving Mark and the general manager standing there looking at each other.

## **My 18-Year-Old Wife - Chapter 156 The fraudster was found**

After an hour's drive, Mike Yue arrived at the village in the city.

According to the location said by that man, Mike pulled up under the sixth tree near the entrance to the village. It's dark at that moment and the streetlights were on. Mike saw there was a very obscene man standing under the big tree.

Mike walked right up to him when he got off the car. The man was startled when he saw Mike's Bentley.

"You called me, didn't you?" Mike asked expressionlessly as he stepped over.

"You have a Bentley. Are you very rich?" The man asked. Perhaps Mike's deterrent power is too strong that the man was nervous.

"Yes, I am rich. So as long as you tell me the right information, I'll give you 10 million yuan." Mike said.

"Have you brought the money?" The man asked.

Mike opened the car and took the trunks out one by one, opening them for the man to see.

All the trunks are full of money. The man stared at the money and his legs were weak. He had never seen so much money in his life.

As the man reached out for the trunks, Mike closed the trunks and threw them back into the car.

"Isn't it mine?" The man asked excitedly.

Mike sneered:

"I didn't say it belongs to you. Where is the mastermind?"

"What should I believe what you said is true? If you are lying to me, then I will waste 10 million yuan."

"You have to take me to see him. After I make sure he is the man I want to find, I will give the money to you. As you said, I'm not short of money. 10 million is just a drop in the bucket for me, so you don't have to worry about me not giving the money to you."

After hearing what Mike said, the man was hesitated, saying:

"If you find him, what will you do to him?"

Mike knew something was wrong from the man's nervous look and strange questions. Instead of answering, Mike asked:

"You just need to take the money. Why you ask so many questions? Who is that mastermind? What's your relationship?"

After hearing what Mike asked, the man was more nervous.

"Is he your friend?" Mike asked.

"Your relative?"

The man then shivered.

"I don't care who he is. Just tell me where he is!" Mike said. Mike was so angry that he grabbed the man by the neck and smashed him on the front cover of the car.

"Do you still want 10 million yuan? Huh?"

The man looks young and he was so frightened that he began to cry. The man said:

"He is my cousin!"

"I will take you there now, as long as you give me 10 million yuan."

After hearing what the man said, Mike frowned. Mike grabbed him and stuffed him into his car, and drove into the village.

.....

In the car, Mike knew the man is Song Liu and his cousin, the mastermind, is Shoufu Qian.

"Song Liu, listen carefully, as long as you are honest, the money is yours."

"If you play any tricks, or secretly tell your cousin to escape, I'll stab you to death."

Mike said as he drove.

Song Liu sat on the copilot, too scared to move. He said with shaking voice:

"Don't worry, I won't play any tricks."

"I betrayed my cousin for the 10 million yuan and why should I inform him?"

Mike nodded and said:

"I like smart people. Just tell me the details."

Song Liu took a deep breath and said:

"My cousin and I hid after we cheated the last person. We didn't expect things would be escalated and the police have been looking for us. So we hid out here. Good and evil people mix up here and here is no government intervention actually."

"My cousin and I live in the deepest of the village. He must be playing game at home. I'll give you the keys later and you'll be sure to catch her there."

Then Mike's stopped downstairs and said:

"OK, just stay in the car and go nowhere."

Mike's tone was calm but eerie. In the dark he looked menacing all over. But what Song Liu was thinking is the 10 million yuan and he didn't notice Mike's eerie tone.

"I have to go upstairs to confirm if he is the fraudster before I give you the money, so you just stay in the car for a while."

Then Mike got out of the car with the keys and locked all the doors of the car.

Mike stood with his back to the door and there was a look of indifference on his face. Song Liu and Shoufu cheated Yuting Chen together, so he couldn't let any one of them go.

Mike went upstairs and came to the door of Shoufu's house. Then he took the key and opened the door.

A musty and unpleasant smell came from the house with a bedroom and a living room. Then there was the angry voice of a young man in the bedroom:

"Song Liu, why did you go out so late? Did you go to the whorehouse?"

"I told you not to fuck around these days. You aren't afraid that the police can't find us, are you?"

Mike took out the saber around his waist. He closed the door and strode in, holding the saber in his hand.

"Fuck, who are you? How did you get into my house? What do you want?"

After Mike entered the bedroom, there was a cry of surprise, followed by the sound of fighting.

Shoufu is an experience man and he is good at fighting. He has a lot of nerve, otherwise he daren't lend money to others at usurious rates. But when he met Mike, he couldn't even fight back. He ran around the house to avoid being hit by Mike. He was stabbed three times in the thigh and knelt down on the ground to beg for mercy.

"Stop! Who the hell are you?"

"What do you want to do? Is you are a robber? Do you want money?"

Shoufu knelt in the living room and cried for mercy.

Mike put the saber away and slapped Shoufu in the face, sending one of his teeth flying.

"Did you and you cousin Song Liu the fraudsters of 513 fraud?" Mike stood in front of Shoufu and asked coldly.

Although Shoufu was afraid of Mike's violence, he daren't to admit he did that. He shook his head and said:

"I don't know 513 fraud. Are you talking to the wrong person?"

After hearing that, Mike said calmly:

"I don't want to take nonsense with you. Let me get this straight. Among the several people you cheated is Yuting Chen, my girlfriend. Do you still remember her?"

Shoufu was stunned when he heard the name. Yuting is the most beautiful one among those being cheated and he remembered her very well.

"It seems that you remember her. I'm looking for my girlfriend right now. You have to tell me everything. I'm not a cop and I won't send you to the jail. But because I'm not a cop, I will not be polite to you. When I pull the saber again, I will stab it in your neck but not your thigh."

"I'll give you a minute to decide whether to tell me or not."

Then Mike took a stool and sat down in front of Shoufu, waiting for him to tell everything.

## **My 18-Year-Old Wife - Chapter 157 Setting up a meeting with Yuting Chen**

"I'll tell you everything, but can let me go after I do that?"

Under the terrible gaze of Mike Yue, Shoufu Qian finally couldn't bear the pressure brought by Mike. He seemed to be ready to make a clear breast of everything.

Mike looked at him and said:

"I just want to know where girlfriend is. I'm not interested in killing you."

What Mike said made Shoufu want to cry. He said:

"But I really don't know where your girlfriend is. I am just a fraudster. How am I supposed to know where she is?"

"We were talking on our cell phone, and after I cheated her, I went here to hide. The only contact information I have is the phone number we contacted."

Mike frowned and asked:

"What's her phone number? Tell me!"

Shoufu thought for a long time before he said:

"I threw away my cell phone for fear of being found by the police, but I wrote down the contact information of all the people I had cheated."

"I didn't want to get confused, so I took notes in a notebook, which is in my bedroom."

After hearing what Shoufu said, Mike said: "Go into the room and find it for me."

Shoufu was sweating with pain and said:

"It's in the drawer. I got my legs stabbed like this and you'd better go get it yourself."

Mike stood up and put his hands in his pockets, saying with a sneer:

"Do you want to escape? Your legs are just injured. Even if your legs are broken, you must climb in and find it for me!"

Then Mike reached out his right hand and slapped Shoufu on the face again.

After being hit by Mike, Shoufu climbed into the bedroom. Shoufu is a tough guy. He used to be a thug when he was a loan shark. In the eyes of those who borrowed his money, he is a devil.

But at that moment in his eyes, Mike is the biggest devil.

Shoufu found the notebook in his bedroom. Then he found Yuting Chen's phone number and handed the notebook to Mike.

Mike shivered to take the notebook over. He had been in Tianhai City for two months and looked for Yuting for two months. He had a clue at last!

This is Yuting's new phone number. Mike took out his phone and was ready to call, but he finally didn't call even if Yuting's phone number was right on the phone.

The reason why Yuting left Chuzhou City in such a hurry is that she didn't want to see Mike or be in a tangle with Mike anymore. Wouldn't the result be the same if he called? If Yuting knew it's Mike who's calling, she would hang up the phone directly. If that really happened, it would more difficult for Mike to find Yuting.

After thinking twice, Mike memorized the phone number in his mind. Then he handed the notebook back to Shoufu and said:

"Call her on your phone and tell her you're going to give her money back to her. Then set up a meeting with her."

Shoufu looked at Mike dumbfoundedly and said: "Ah?"

Mike looked at Shoufu coldly and shouted:

“What are you waiting for? Just call her.”

Shoufu shivered and took out his phone hurriedly to call Yuting.

.....

Yuting was resting at home when her mobile phone rang.

She picked her phone up and saw it's a strange call.

“Hello, who's calling?” Yuting asked.

“Is that Yuting Chen? I am the one who cheated you.” Shoufu said.

After hearing what Shoufu said, Yuting immediately sat up from the bed and said surprisedly:

“It's you!”

“You bastard! You cheated me out of my money. That's all my money. Give that back to me!”

Yuting roared emotionally. If she hadn't been cheated out of her money, she wouldn't have to work so hard when she's pregnant.

“I'll give it back to you right now. But don't call the police. I'll give you an address and you come right away. I will give back all you 390000 yuan.”

“Let's meet tonight. If you don't come, you won't get the money.”

Then Shoufu hang up the phone,

Yuting was stunned. She realized the one who cheated her called her for the reason that he would give her money back to her.

That's so weird!

But anyway, since the fraudster contacted her, she must get her money back. Yuting is smart and she wouldn't take risks by herself. She thought the only one she could turn to is Mingyu Sun, so she called him.

About 15 minutes later, Mingyu arrived and Yuting got on his car.

"Yuting, it's so weird. It's been two months since he cheated you out of your money. Why he called you all of a sudden and said he would give your money back? I think there must be something wrong."

"I think we'd better not go. What if there's any danger?"

After Yuting got on the car, Mingyu frowned and said.

Then Yuting said, half crying:

"That's all the money I have. I got it by selling my company. I must get it back. I don't want my child to suffer a lot. Mingyu, you must take me there."

After hearing what Yuting said, Mingyu said awkwardly:

"Yuting, I'll give you 390000 yuan. Don't go to see him. It's too dangerous. How about this?"

"You are pregnant. What if something bad happens?"

How could Yuting take Mingyu's money? She said emotionally:

"No, I must go to take my money back. If you don't drive me there, I'll go myself!"

As Yuting spoke, she was about to get out of the car.

Seeing Yuting was emotional, Mingyu had to compromise. "Stop! I will drive you there. But we can't go there ourselves, because it's too dangerous. I will find two people to drive in front of us and get your money back by meeting the fraudster." Mingyu said.

"The fraudster won't play tricks when he sees two men."

Yuting nodded and said chokingly:

"OK, thank you."

Mingyu sighed and called the department manager of his company hurriedly.

"Hello, manager Feng, you call manager Wang at once and wait for me at the entrance of the city. I have an important assignment for you two to do. Yes, right now. When you finish that, you two will be promoted."

After hung up the phone, Mingyu drove Yuting to the entrance of the city.

Half an hour later, Mingyu joined the two managers.

After seeing Mingyu was somewhat mysterious, the two managers were nervous and said: "Mr. Sun, what's the assignment at this late hour? "

They look a little obscene and timid.

"You're going to get 390000 yuan for me. You can leave as soon as you get the money." Mingyu said.

After hearing that, the two managers were more nervous, saying:

"Mr. Sun, what' the assignment exactly? Is it dangerous?"

Mingyu frowned and said:

"Why are you so timid? You can stay in the car and if there is any danger, you can drive away. Will they chase you?"

The two managers were frightened.

Mingyu said unhappily:

"You don't want to go?"

"We are going to set up a branch office, which needs two more assistant managers. It's up to you whether to go or not. I won't force you."

After hearing that, the two managers were hesitated. They were afraid of danger, but at the same time wanted to be assistant managers.

They thought for a while and decided to have a try.

"Mr. Sun, we will go there."

Mingyu smiled and said:

"All right. Get into the car. I'll drive behind you."

Then Mingyu and Yuting got into the car. The two cars drove to the spot Mike had said.

## **My 18-Year-Old Wife - Chapter 158 The terror of Mike Yue**

After Shoufu Qian called Yuting Chen, Mike Yue carried him down the stairs and was ready to meet Yuting.

Mike opened the trunk and threw Shoufu directly into it.

Just as he was about to get on the car, a dozen ruffians blocked his car. Mike almost forgot that it's the village in the city, a place where the high and low are mixed together. It is dirty, disorderly and bad. Many people like Shoufu are hid there.

Isn't it a clear invitation to crime that a luxury car drove into the village?

"What do you want?"

Mike turned to look at them and asked.

"Bro, it's a nice Bentley."

"You are a big boss, right? Why not lend some money for us?"

Then the ruffians came over to Mike. They acted as if they would not let Mike go without money.

Mike was caught in a road robbery.

Mike thought for a moment and then he took out his wallet from which he took a wad of bills. He shook the bills and said:

“Enough?”

When the ruffians saw Mike was so generous, their eyes lit up.

“Fuck, there are so many of us. How can you manage with so little money? Do you have bank cards? Come on, I’ll take you to get some more.”

Then a man came out of the crowd who looked like the leader of them. As he approached, he reached for Mike’s wallet.

Mike put his wallet back into his pocket and pulled him over. With Mike’s quick movement and great strength, the man was caught by Mike without any reaction.

“Fuck you! What are you doing...”

The man’s facial expression changed suddenly. But before the man could finish what he wanted to say, Mike’s fists rained down on his face.

Mike’s fists went straight into the man’s face and made the man twitch. After seeing that, other ruffians widened their eyes. They didn’t expect that Mike is so tough.

“Fuck you! Let our boss go!”

“Damn you! We will kill you!”

The ruffians took out knives and gestured to Mike.

Looking at them coldly, Mike inserted his fingers directly into the man's eyes and pulled out his eyeballs.

"Ah! Ah!"

The man screamed horribly.

Those who were about to rush towards Mike froze on the spot. They just looked at the terrible scene.

How cruel it is!

Mike dropped the man's eyeballs and stepped on them. Mike then hit the man directly on the ground, knocking him unconscious on the spot.

"Get out of my way, or I'll run you over."

After said that, Mike got into the car. Mike stepped on the gas and drove out of the village.

Song Liu shivered with fear in the car. He has just seen Mike's atrocity.

"Brother, can you let me go? You promised me to give me the money after you caught my cousin." Song Liu fought back his fear and ventured to say.

Without saying anything, Mike raised his hand and gave him a punch that knocked him unconscious.

Mike continued driving as if nothing had happened. He fantasized about what Yuting looks like now and the scene of reunion with her.

.....

The place Mike set up for the meeting is southern suburbs with a wasteland.

As the village is close to southern suburbs, Mike got to there first. After pulling the faint Song Liu from the car, he pulled Shoufu out of the trunk.

"Spare me, please. I've told you everything. What else are you gonna do? You're not gonna kill me, are you?"

Shoufu begged for mercy and there was a smell of urine came from his crotch. He was obviously frightened to piss by Mike.

"Why didn't you be so timid when you were cheating? I'm not going to kill you. Now the whole underground world of Tianhai City knows that I have offered 10 million yuan to find you. If you die, the police can arrest me without any proof." Mike looked at him coldly and said.

"Don't worry, I'll take you to the police as soon as my wife vented her anger. As for how many years you will be sentenced to, that's not my concern."

After hearing that, Shoufu burst into tears. He was not found by the police after hiding in the village for so long, but he was found by Mike, who would send him to jail.

At that point, the two managers sent by Mingyu Sun arrived.

They stopped their car not far away, but they were afraid to get out of the car. The place is so remote that they were not brave enough to risk their lives.

Manager Feng, in the passenger seat, pointed to Bentley that parked nearby and said with a quaking voice, "Manager Wang, what's that?"

They two looked over there and saw Mike, leaning on the front of the car. They also saw the unconscious Song Liu and Shoufu, whose face was covered with blood and whose body was covered with wounds. Shoufu was still crying over there.

“Oh my god...”

Both of them were so frightened that their faces were pale and they trembled all over.

“Murder! It’s a murder!”

Manager Wang thought Song Liu was dead and gave a scream immediately. He started the car quickly and took the steering wheel to leave.

“Go! Run away!” Manager Feng was frightened and said.

After seeing the car suddenly turned around, Mike ran to catch up with it. Mike shouted as he ran:

Yuting! Don’t go!”

“Yuting Chen!”

But how could he catch up with the car? He chased the car to the side of the road but failed to catch up. He could only watch the car drive away again.

Mike stomped his feet in anger and ran back hurriedly. He threw Song Liu and Shoufu back into the car and then drove after them.

.....

"Mr. Sun, there is a murder over there!"

"Just get out of here!"

Mingyu received the phone call of manager Feng when he parked on the side of the road waiting for the news.

Manager Feng was scared to tears.

Mingyu opened the speakerphone and Yuting also heard what manager Feng said. Their faces were pale and they drove away.

"It's a good thing that we didn't follow them!"

Mingyu stepped on the accelerator hard. His whole body trembled with fear and he was very terrified.

Yuting was also horrified. She had thought there might be a trick, but it didn't occur to her that they would kill people. Fortunately, she called Mingyu and communicated with him about it. If she had come herself, the consequences would have been really terrible.

At the thought of she didn't get her money back, Yuting began to cry again.

Mingyu comforted her and said:

"Don't cry, Yuting, it's a trap."

"You can earn your money back, but if you lose your life, you lose everything."

Yuting choked with sobs. She wiped her tears and nodded.

Mingyu and manager Wang almost pressed the accelerator to the bottom for fear of being caught up.

Mike didn't catch them. As he delayed some time at the beginning, he lost sight of them.

After entering downtown, Mike pulled over on the side of the road and all his strength was gone.

He almost saw Yuting!

He should hide in the car and not let Yuting see him. Yuting must have seen him before she asked to drive away.

"Fuck!"

Mike suddenly hit the steering wheel. Then he turned to see Shoufu in the passenger seat. He vented his anger on him and beat him violently.

## **My 18-Year-Old Wife - Chapter 159 Let him sue me**

The next morning, Mingyu Sun came downstairs to pick up Yuting Chen to work.

Not only that, he also brought breakfast to Yuting. This kind of care, as if Yuting was his girlfriend. For Yuting's pregnant child, he also did not persuade Yuting to abortion.

Although they were not a boyfriend and girlfriend now, Mingyu seemed to have accepted that Yuting was pregnant. He had to admit that he had fallen in love with Yuting, but Yuting had not shown her attitude.

"Mingyu, you don't have to pick me up every morning. I'm working in the sales department here in Eastern District. But our company's headquarters are in Northern District. It's very inconvenient for you to do so."

After getting on the car, Yuting said to Mingyu.

Mingyu quickly handed over the breakfast and said with a smile,

"No problem. I rented a house in Eastern District, so it's still very convenient."

"And you're pregnant and it's very inconvenient to commute. We are all friends, so don't be so polite. "

In fact, his family was in Northern District. He lived in his home and didn't rent a house in Eastern District at all.

"So... I see." Yuting didn't say anything more when she heard that.

"Yuting, last night... Don't worry about last night. It's been two months. You should be prepared mentally." Mingyu comforted, "the money should not be recovered, you should work at ease. Working in the personnel department of Wanxing real estate, the salary is still very high."

What happened last night was a bit scary. Although they knew it was a trap, Yuting and Mingyu were also shocked.

Yuting sighed,

"Well, I know."

"I'm too stupid to be cheated of so much money. Let's take it as a lesson. I thought for a long time last night that the money would not come back."  
"

Mingyu nodded as he drove,

"Don't contact the swindler any more. This kind of person is a desperado. I heard from Director Feng and Director Wang that when they got to the place last night, they saw a man lying on the ground motionless. I don't know if he is dead."

"It's terrible, and the person who cheated you thought you were in the car, so he kept calling your name. Fortunately, Director Feng leave fast, otherwise they might have met with an accident last night. "

Hearing this, Yuting's face turned pale with fear.

"The man... What does he call my name for? " She asked.

Mingyu shook his head and frowned,

"I don't know. Maybe he's a pervert."

"In order to prevent him from harassing you, you'd better change your mobile phone number. Just now I used my ID card to buy a new mobile phone card. Please change it. Now the technology is so skillful, it is inevitable that he will find your newly registered mobile phone number through your identity information. Now with mine, it's impossible for other people to find your new mobile phone number. "

With that, Mingyu took out a new phone card from his pocket and handed it to Yuting.

Yuting took it over and said gratefully, "Thank you, Mingyu. You... I don't know how to thank you for being so kind to me. "

Mingyu was shocked and said, "Yuting, I'm actually..."

Seeing Mingyu's desire to speak, Yuting asked, "What's the matter with you?" Mingyu looked complicated and nervous. He wanted to express his feelings. But if he was refused, would they be very embarrassing to meet again in the future?

He had been studying abroad for so many years. He had been busy with his studies and had no time to fall in love. Therefore, for the matter of love, he still had no experience, let alone express his love.

After hesitating for a long time, he did not show his love to Yuting.

"Nothing. It's coming. Go to work."

...

Mike Yue had been sitting in the police station all night.

He sent Shoufu Qian and Song Liu to the police. He wanted these two bastards who had cheated Yuting to die. But he had released a reward message in the underground world of Tianhai Cty. If Shoufu and Song Liu died, he would be suspected.

So after thinking about it, he gave the two men to the police.

"Mr. Yue, have some water."

At this time, a policeman came in and gave a glass of water to Mike.

"Thank you."

Mike took a sip and asked,

"Officer Xu, can I go now? I've been sitting here all night."

"They are the main culprits of the 513 fraud. I caught them. Why are you holding me here?"

The policeman was Da Xu, who came to record a confession for Mike last time. Da Xu sat down and thought about it and said,

"Mr. Yue, we really want to thank you for this. We have been tracking these two people for a long time, but we have not found them."

"You have done a great job. But you beat them like this, which makes us a little embarrassed. Especially Shoufu, we found three stab wounds on him. Now he will accuse you of beating him and trying to kill him. "

He missed Yuting last night, so he was in a bad mood, but now he was detained here. He sprang to his feet and said with a cold face,

"Let him sue me, whatever they want."

"They want to kill me. I'm just defending myself. Don't forget that they are criminals, but I'm a good citizen. I'll get my lawyer to contact you in a moment. I'll be there for a lawsuit. Now I'll go back and have a rest."

"Officer Xu had better not stop me."

With that, Mike walked directly out of the reception room and left the police station without looking back.

Da Xu was stiff on the spot, but he didn't stop Mike.

He couldn't stop him. Mike was the eldest son of the Yue family, who had a whole team of lawyers. And in this case, Mike had a good reason and advantages. Shoufu was a criminal.

To put it more seriously, if Tianxiong Yue, the father of Mike, called here in person, his leaders might have to make amends to Mike.

"Oh! Rich people can do whatever they want... "

Da Xu sighed and was not going to hold Mike.

After coming out of the police station, Mike made several phone calls to Yuting, but this time, it was not just the shutdown. Yuting's mobile phone number, has been cancelled, dialing a blank number.

Mike sat in the car, tears streaming down his face, and he was very sad.

"Why do you just refuse me? Are you angry with me?"

"Yuting, I'm so worried about you. Where are you! Why do you punish me like this? I love you so!"

Mike kept slapping the steering wheel, and he almost smashed the steering wheel.

But in the end, it could only turn into a helpless sigh.

He thought, with Yuting's love for him, it was impossible for her to put him down like this. Now it seemed that Yuting had been running away from him. Is it necessary for him to continue looking for her ?

# **My 18-Year-Old Wife - Chapter 160 I saw your girlfriend**

In recent days, Mike Yue's mood has been very low. When eating, he took a few bites casually and looked absent-minded.

Seeing that Mike had changed so much, Zhiyao Xia was worried.

"What's wrong with you recently? Why don't you eat?"

At noon, they came to the restaurant for lovers. Zhiyao bought a meal for Mike, but he didn't eat at all.

"It's OK. I have no appetite. You can eat it."

Mike simply put down his chopsticks and looked listless.

"How can you not eat? You are not a child anymore, who will be angry with food."

"Or I'll feed you, ah... Open your mouth."

Zhiyao held up the bowls and chopsticks and looked like an adult feeding a child. It's very funny.

Mike was immediately amused by her, and reluctantly took over and prepared to eat by himself.

"Well, I'm really beaten by you."

"I'll eat it by myself. Otherwise, others will think that I am an intellectual who can't eat. "

Zhiyao said with a smile, "that's right. You should eat more."

She was lively and intelligent, which made Mike feel much better.

Seeing the way Mike gobbled, Zhiyao knew that he had been hungry for several days. He must have something on his mind.

"Tell me what's on your mind. I'm your younger sister. What else can't you tell me?" Looking at Mike's appearance, Zhiyao asked with concern.

Mike put down his dishes and chopsticks, looking a little depressed,

"That day I almost saw her. "

Zhiyao was stunned when she heard that and then she asked, "who?"

Mike said with a bitter smile,

"Yuting, I almost saw her."

Hearing this, Zhiyao's body trembled, and a little jealousy in her heart surged up. She asked in a hurry,

"Did you find her? Why didn't you see her?"

Mike shook his head and sighed, "she must have seen me, but she deliberately avoided me. I didn't catch up. And her mobile phone number, I spent a lot of effort to find out, but now, she has written off her mobile phone number, it must be intentional."

"She doesn't want to see me. She doesn't want to see me at all. I don't know what she thinks in her heart..."

With that, Mike dropped his head, and his mood had become better just now, suddenly became depressed again.

Zhiyao felt sad when she saw that Mike was so sad. She raised her right hand and put it on Mike's left hand, feeling the cold. She comforted,

"Maybe she's still mad at you, maybe she's got other problems."

"Don't be so sad..."

Mike looked up with a wry smile on his face,

"It's been more than two months, and I think she might have made up her mind to cut me off."

"I don't know if I want to continue looking for it, and I don't know about the baby in her belly... Whether it's still there. "

"She's been hiding, and it's pointless for me to look for it."

Zhiyao, hearing that, bit his lips and said,

"If you're too tired, don't look for her. If she makes up her mind not to see you again, it will be useless for you to find her. "

"I don't want to see you so sad, but no matter what decision you make, I support you."

Mike looked at Zhiyao with a faint smile,

"Thank you, Zhiyao. I've been in Tianhai City for so long. You've been with me all the time. You are really considerate. "

Zhiyao chuckled shyly and said, "of course, you treat me so well, and I am very happy."

Mike smiled and asked,

"I heard from Manager Shi that you asked for a day off tomorrow. What's the matter?"

Zhiyao said with a smile, "Tomorrow I will accompany Xue Li to Wanxing real estate to look for the house. Their family is preparing to move. Besides, I have been working overtime recently, and I also want to have a good day of relaxation. "

Mike nodded,

"It's time to relax. Don't be too tired at work."

...

The next day.

Zhiyao accompanied her friends to Wanxing real estate. She spent the morning in the Sales Department in Eastern District.

"Xiaoxue, have you found a house you like? I think the property of Wanxing real estate is not bad. Which section are you going to buy? "

At noon, Zhiyao and Xue Li casually found a restaurant near Wanxing real estate sales department.

"Well I think several properties are good, but I still have to go home and discuss with my parents. " Xue Li said.

Zhiyao looked at her with envy,

"I envy you that you can have a bigger house again. Unlike me, I can only rent a house. "

Hearing this, Xue Li said with a smile,

"You envy me. Chizi and I admire you for having such a rich brother."

"Your brother is the boss of Jiuding Group. Do you still need money?"

"Mr. Yue always cares about you, let alone the house. Even if you want a villa, he may not hesitate."

When Zhiyao heard that, she said with a blush,

"My brother and I are like brother and sister, without any interest. His money is his money, and I have never wanted my brother's money. "

Xue Li covered her mouth and said with a smile,

"See how intimate you call him. If you are his girlfriend or his wife, then his money will be your money."

"In this society, there are no simple brothers and sisters. We are all adults."

Zhiyao blushed as if to bleed. She was shy and said,

"Stop talking nonsense. I want to go to the washroom."

Then she got up and went to the washroom. After coming out of the washroom, Zhiyao was preparing to return to her seat. When she passed by, she suddenly saw a person.

When she fixed her eyes, she was stunned on the spot.

"Yuting..."

She took a breath and looked inconceivably at the woman sitting there. The woman's appearance was exactly the picture of Yuting she saw from Mike's mobile phone.

"My God, can't I recognize the wrong person..."

Zhiyao swallowed her saliva and took out her mobile phone to call Mike.

But in the moment she took out her mobile phone, she was stunned.

Should she really make this call? That woman was very similar to Yuting. If it was Yuting and Mike came to find her, then what would happen after that?

After that, if Mike and Yuting got back together, what would he do with Zhiyao? Would Mike care about her as much as he did now? Would he go to the restaurant with her every noon?

When Mike had a girlfriend, would he care about his younger sister?

For a moment, Zhiyao suddenly did not want to make this call.

"But he was so sad and he wanted to find Yuting. How could I be so selfish..."

Zhiyao took a deep breath, and still found out the number of Mike and dialed it.

After the phone was connected, the voice of Mike came from the other end,

"What's the matter, Zhiyao?"

Zhiyao was stunned for a long time, and she still hesitated to tell Mike.

"Hello, Zhiyao?"

"Brother, I seem to..." Zhiyao looked at Yuting and said, "I seem to have seen your girlfriend!"

## **My 18-Year-Old Wife - Chapter 161 A Traffic Accident**

"Mingyu, you have time to come here? "

Yuting Chen and Mingyu Sun sat together to have dinner in the restaurant.

Mingyu smiled and said:"I came to the sales department in the Dongcheng District to deal with some problems. And I will go back soon."

"In fact, he just wanted to take advantage of the time to come and see Yuting."

"How is everything going? Is your job in the ministry of personnel hard?"  
"He asked.

Yuting nodded and said with embarrassment.

"It's easy and not hard at all. "

"I know. You have others do the hard work. You needn't do this."

Mingyu smiled and said: "I didn't do that. It's your strong working ability that makes you feel your work easy. "

"I heard from the manager of the ministry of personnel that you could complete the work in one hour while others in two hours. You are definitely not tired."

Now, Zhiyao was talking on the phone with Mike not far away from them.

"Are you sure? Where is she and where are you?"

Hearing what Zhiyao said, Mike was so thrilled that his voice trembled.

Zhiyao panicked and said:

"I'm not sure. But it was really like her. And she seemed to be pregnant."

Mike on the phone laughed after hearing what Zhiyao said:

"It's her. It must be her. She didn't abort the child."

"I'll come. Wait for me."

Hearing the words, Zhiyao was somewhat depressed.

She saw Mingyu who sat together with Yuting and they were talking and laughing. Zhiyao didn't know whether should she tell Mike or not.

She hesitated and said:

"I want to tell you something first. Don't be thrilled."

"I saw her together with a man and they were talking and laughing. Maybe she had a boyfriend."

The words hit Mike Yue on the other side of the phone like a thunderbolt, and he was excited again:

"What!"

"Turn on your camera..!"

Zhiyao did as his order and turned the video call then focused the camera to Yuting.

Yes, it's Yuting.

When Mike saw Yuting on the screen, he was shocked.

"It was really her."

Mike's eyes turned red. He finally found Yuting.

At that moment, it happened that Mingle took out a pack of paper towel and handed it to Yuting. The two seemed to be close. This act let Mike freeze on the spot with mixed feelings.

"Brother."

Seeing Mike being dull when he saw the scene on the screen, Zhiyao didn't know how to comfort him.

"Yao, you stay here and watch them. I'll come immediately."

Mike didn't flare up but was very calm.

He could not understand why Yuting had a boyfriend when she was pregnant. If she wanted to marry other one, she could abort the child. If she didn't abort the child then why she fell in love with other one so quickly.

Mike's heart seemed to be blocked by a big stone, and he felt uncomfortable even when he breathed. He must come and ask Yuting face to face.

"Do you really want to come?" Zhiyao knew that the situation was awkward. She was afraid that Mike would lose temper.

"I must come. Wait me here."

After saying that, Mike hung up.

He drove directly to the sales department of Wanxing Real Estate in Dongcheng District.

On his way, Mike seemed to be crazy with his mind filled with the images of Yuting together with another man.

He didn't want to accept the fact but couldn't control himself. He didn't believe that Yuting got together with another man within two months. But he just saw the scene with his own eyes.

"Why?"

At noon, Mike pushed his way by shoving or humping. Soon, he arrived his destination.

But there was a little traffic jam. There was some distance away from the sales department.

"Fuck! Why there got in traffic jam?"

Mike was in a nervous state and completely lost his patience. The traffic was a bit long. He was afraid that Yuting left if he arrived late.

"Fuck."

At this moment, he did not care about being fined by the traffic police, directly drove the car to the side of the road, stopped and then got off the car and ran.

He ran while he was calling Zhiyao:

"Yao, did they left? I arrived. Which restaurant are you?"

Zhiyao said: "They didn't leave and was at the Bandao Restaurant. There was a crossing. You pass it, walk for 100 metres and then you'll see them."

Mike now was passing the crossing and said:

"Ok. I have arrived the crossing. You..."

Saying the words, a

"Bang" the phone went out, fell down to the ground and was broken into pieces.

Mike was knocked down and flies away a few metres. The he hit the ground

violently.

Zhiyao on the phone heard the sound of the brake and the crash. Then, her call with Mike was interrupted.

"Brother..."

Zhiyao froze and trembled.

"Brother!"

She burst into tears, rushed out of the restaurant and ran towards the crossroad.

Many people on the road heard the noise and came to see what happened. The scene seemed to have something terrible happened. Zhiyao was frightened to cry with a blank mind.

Mike now was surrounded by many people. He felt his mind in chaos. His right leg hurt severely. It might break.

Although he was injured, he still wanted to stand up to see Yuting.

But he couldn't stand up and fell in a faint.

"I didn't hit him. It was he who went ahead against the red light.You all saw it's not my fault."

"The driver was nearly frightened to death and nearly cried standing there."

At this moment, Zhiyao came into the crowd. She screamed when she saw Mike lying on the ground with blood.

"Brother! Are you okay!"

"She ran here and dared not to move Mike. She was too scared to do at. She could only asked the people around for help."

"Please help me call the ambulance. My brother was injured."

Yuting and Mingyu came out of the restaurant.

"There was something happened there. Let's go and see."Yuting was curious seeing many people surrounding there.

Mingyu said:

"Don't go there. There are many people in case you're knocked down."

"Remember. Don't go to the place where are many people. You are pregnant and can't be knocked down."

Yuting stuck out her tongue and said:

"You are right. I will go back to the company.What about you?"

Mingyu said:

"Let me drive you back. Then I can see your department without extra effort."

Saying that, Mingyu and Yuting left.

## **My 18-Year-Old Wife - Chapter 162 Mike Met Zhiming Again**

Mike was sent to the hospital, soon he woke up. He was not serious and his legs were not broken, but his right leg was hurt.

Fortunately his body was well because he often did physical exercise and his bones were strong. But fierce hit made his right lower limb wounded, so that he must rest on bed for at least a month, and he could not do strenuous exercise after that.

“Doctor, is my brother Okay?”

Zhiyao Xia asked with worry in the ward.

She was shocked so that she kept crying. Fortunately Mike was nothing serious.

“He is not serious. But surely he has to rest on bed for a month. And he can only reply on a wheelchair for this month.”

“There is a nationwide famous orthopedic specialist came our hospital recently. I will ask him to check for him later.

The doctor in white uniform said.

Zhiyao was relieved hearing that.

“Thank you, doctor.”

Zhiyao came to Mike after the doctor left. Mike was pale, and his eyes were dulled. Zhiyao could not help crying again.

"You are scary. I would not call you if I knew you would be like this."

Zhiyao threw herself into Mike's arms and blamed herself.

Mike stared at the ceiling with his dulled eyes. Then he murmured "It's not your fault. Luckily I had the car accident."

Zhiyao was shocked at Mike's words. She raised her head and asked "Why you said you are lucky to have the accident? Fortunately you are not serious, otherwise I ..."

Zhiyao's face turned red hearing this. She would be extremely upset if Mike had anything serious.

"It seemed that in the unseen world, the god is stopping me from seeing her." Mike said without any expression. "Maybe I shall not disturb her anymore. We suppose not to be together. Why I insist on seeking for her if it is wrong?"

"She has a boyfriend now, why bother I see her again? It will only make her ashamed and I will be upset."

"I just don't understand why she didn't give up the baby since she has a boyfriend now."

Zhiyao knew Mike was sad hearing that. She was also sad seeing Mike was so upset. So she comforted him "Don't seek her anymore since this. She is kind not to abort your baby. She dose not want to kill a life."

"Since she has a new boyfriend now. You shall put everything down and begin your new life."

Mike's tears fell down hearing that. Then he asked "How about the baby? He is mine. I can let her alone, but how can I leave my child alone?"

Zhiyao replied "The baby is innocent, you can bring him up together with her. She dose not want to see you now, then forget her now. You can go to her when she is not angry anymore. Then you can talk about how could you raise your child together."

Mike nodded, suddenly he hugged Zhiyao tightly and said "Thank you."

Zhiyao was shocked. She leaned on Mike and felt his temperature and his heartbeat. She enjoyed being hugged by Mike, it was warm and safe.

"It's okay. We are brother and sister. I will be with you no matter what choice you make." Zhiyao's eyes were blurred when she said that gently.

At this time, a police with a traffic police's uniform came in. He knocked at the door.

Zhiyao hurried to stand up and asked in red face "Hi, what's up?"

The traffic police handed her a booklet of liability distribution. Then he said sourly "Bro, you are too careless. You dared to run a red light. The driver cried because of fright."

Mike turned to him and said "I'm sorry to bother you. It's my problem. Please tell that driver that I will shoulder my medical fee and I will offer the repair fee if his car is damaged."

The police nodded and said "It's all your duty according to the booklet of liability distribution. You are nice to talk. Then that's it."

"And there is a ticket for you. Pay it after you discharge."

"Take a good rest."

Then Zhiyao helped Mike to sign on the booklet before the police went away.

"Mike, you rest here. I will ask when will the expert come." Zhiyao said.

"Okay, thank you." Mike gave a forced smile.

...

"Zhiming, who is so arrogant to break your legs?"

At this time there were two people outside the door of orthopedic clinic. One was with a walking stick. He was exactly Zhiming Cui who was broken legs by Mike in Capital City.

"Don't mention it. It was a crazy man. I will find him and kill him when my legs get better."

Zhiming said with a gloomy face.

"Fortunately my dad took me abroad for treatment for a month so that I still have my legs. My dad heard a famous orthopedic expert came Haitian for practice for a month. He asked me to visit the doctor, that's why I came here today."

"Zhenghao, I have to live in your house recently to disturb you."

The young guy sat beside Zhiming named Zhenghao, he was the young master of Xiao Family. Xiao Family was a huge family in Tianhai City. Xiao Family's company ranked top 10 in the enterprises list of Tianhai City, it was quite a huge enterprise.

And Tianhao's father, Yunlong Xiao was also on the rich list this year.

Tianhai City was not a small city, though it was not as big as Capital City and Jinling City, but he was not a simple person to be on the rich list of Tianhai City.

"Don't say thank you. You regarded me as an outsider if you say this. Let alone our two families have business, your father and my father are good friends since they were little. You just stay in my family for a short while, my family would be happy even if you stay there everyday." Zhenghao said while holding his shoulder. It seemed they were good brothers.

Zhiming smiled and asked "Uncle Xiao even is on the rich list of Tianhai City. Your business is getting bigger. Tianhai City would be his world in the future."

Zhenghao smiled and said after his words "You overestimated my dad. He tried his best to get what he owns today. You dad is great that he could do such big business in Capital City. I heard that Ye Family of the Four Great Families went bankrupt and your family must be one of the Four Great Families."

They were talking happily when Zhiyao came. Zhiyao looked inside and she saw the expert was still talking with another patient's family, so she could only wait in the corridor.

She went to a seat beside Zhiming and sat. Zhiming and Zhenghao were shocked to see a cute girl come to them.

Zhiyao was not as sexy as Chimo and she was not as mature as other office ladies. She was cute and small, she was pretty.

"Sis, you also come to see orthopedics clinic? Where did you hurt?"  
Zhiming laughed and talked with Zhiyao.

Zhiyao was surprised then she replied politely "I was not hurt, my brother had a car accident. I want to ask the doctor to check for him."

Zhiming nodded hearing that. His eyes did not move away from Zhiyao, then he smiled and said "I'm Zhiming, I come from Capital City. Let's make friends. Let's add wechat?"

Zhiyao knew Zhiming was fluttering her though she was silly. But she was not interested in him so she refused "Sorry, I didn't bring my phone, and I don't remember my wechat number."

Zhenghao saw Zhiming was interested in Zhiyao, so he said "Little girl, where do you work? My brother is the young master of Cui Family of Capital City, do you know that? Countless ladies wanted to be friends with my bro but have no chance."

"You don't need to work anymore if you can be his girlfriend. Do you know that?"

Zhiyao was inimical even irksome hearing this.

She said unhappily "Sorry, I am not interested. Please behave yourself."

Zhenghao was infuriated hearing this, he frowned and said "Hey, you are so..."

As they were talking, the patient's relative in the reception room came out. The nurse asked "Next, who wants to come first?"

Zhenghao was going to go in with Zhiming, but Zhiming said with a smile "Let the lady go first. Her brother had an accident and he is worse than me."

Zhiyao was shocked then she said in a hurry "No, it's okay. You go first. I can wait."

She did not want to get anything good from Zhiming in case they would disturb her again.

The nurse was embarrassed and asked "You discuss who will come first."

Zhiming insisted to let Zhiyao go first. At last, zhiyao went in. She led the expert to Mike's ward after explaining Mike's condition.

Zhiming and Zheng followed them, zhenghao could not help asking "Zhiming, why you like her? Is she pretty? There are numerous beauties in Tianhai City, why waste time on her?"

Zhiming smiled hearing this "I am just bored. You know that I have not slept with a woman since my legs were broken. It has been two months."

"I don't believe I can't even handle an ordinary woman. I have to fix it."

So he and Zhenghao followed Zhiyao to the ward of Mike. He was stunned to see it was Mike who was lying on the bed.

Mike also saw him. They looked at each other with unbelievable eyes.

## **My 18-Year-Old Wife - Chapter 163 Mike was beaten up**

"Mike Ye."

Zhiming suddenly called this name after he was stunned for a while.

Anya asked Mike to pretend her boyfriend at his birthday. She didn't tell Zhiming Mike's real name, but Anya called him Mike Ye casually.

Zhiming would never forgot the name Mike Ye because it was Mike Ye who hurt him badly that night. And Zhiming suffered a lot during the two months abroad, he even wanted to tear Mike in dream.

He asked his father to seek for Mike Ye when he was back Capital City, but he didn't find him for it was a fake name. And Anya was from Yue Family, so he dared not to disturb her anymore.

No one expected that he would meet this guy in Tianhai City, and this Mike Ye actually had an accident.

Hahaha. The god was sending his enemy to him.

"You, why you are here?"

Mike was stunned when he saw Zhiming.

Zhiyao was confused to see this. So she asked Mike "Brother, you know them?"

At this time, Zhiming suddenly became excited, he pointed at Mike and cursed "Son of bitch. You dared to ask me why I am here. Could I be here if you didn't break my legs?"

"Zhenghao, it's him who broke my legs. Revenge for me. Kill him."

As the saying went, when two foes met their eyes flashed fire. Obviously Zhiming's eyes flashed fire now.

The nurse stepped backward because of fright, and the expert shouted at them with his hands behind "It's hospital here. It's not where to settle your conflict, please don't make trouble here."

But Zhenghao thought nothing of the expert. He was close to Zhiming, so surely he would help Zhiming when he met his enemy.

"Get out of here."

Zhenghao pushed away the old professor and came to Mike angrily.

The old professor was respected all the time, and he never been treated like this. So he was pissed off and sneered "How dare you make trouble here?"

"Quickly, call the security here."

The nurse was pale because of fright so that she ran away as soon as the old professor finished her words.

Zhiyao was also scared hearing this. She hurried to Mike and stopped Zhenghao with her tiny body.

"What do you want? Don't hurt my brother." she shouted with trembling voice.

"I don't beat woman. Get out of here." Zhenghao said boldly, he just wanted to revenge for Zhiming now. He pushed Zhiyao to the ground easily.

"Zhiyao."

Mike could not move on bed so that he could only be worried.

"Scoundrel, you dare to move."

He shouted, but Zhenghao's fist came to him before he finished his words. The punch went to his face directly.

Mike could only groaned because he could not fight back. He was hit by a car and his legs could not move. His body was also badly hurt, so that he could only be hit by others now.

He hugged his head with his arms in case his head was hit. He was never as embarrassed as now.

It might be the first time that Mike was hit and he had no power to fight back.

"Don't hit my brother."

Zhiyao stood up from the ground and pushed Zhenghao hardly so that he stepped two steps back. Zhiyao didn't even know where did her strength come from.

"Shit."

Zhenghao frowned. Then he slapped Zhiyao though he said he would not beat a woman before. Zhiyao fell down again because of the slap.

Mike's eyes turned red seeing this. He said angrily "You dare to slap a woman. I remember you. One day I will kill you."

Zhenghao sneered and said "I'm from Xiao Family, how could you kill me? You are funny."

As he was talking, he came to Mike again. This time he did not hit Mike but uncovered the bed sheet of Mike so that Mike flied out directly.

Mike fell down on the ground heavily so that his right leg was hit badly once again. Cold sweat hit him because of pain, he felt dizzy.

"Haha, Zhenghao, good job. He broke my legs and I have to let him suffer the same pain with me today."

Zhiming was excited to see that. He was extremely happy.

He wanted to give Mike a lesson by himself, so he came to Mike with his stick and he hit Mike with the stick once he got to Mike.

"Damn it. You were arrogant last time."

"Son of bitch. Look at you now. Who are you, you are even worse than me. You are good at fighting, right? Stand up and fight back. Rubbish."

Zhiming cursed while hitting Mike. He grinned hideously.

He dreamed of this even when he slept.

The old professor was surprised and panic seeing this. But he dared not to persuade them for he was old already.

Fortunately the security staff came at this time and they hurried to pull Zhenghao and Zhiming away.

"What are you doing here? It's the hospital here. Not a place for you to fight." the security staff shouted at them.

Zhenghao was upset to be pulled away. So he cursed "Hospital? I will ask my dad to buy this hospital, do you believe it?"

"My dad is Yunlong Xiao, the president of Xiao Group. Who dare to stop me?"

The security staff were stunned hearing his words. After all, Xiao Family was a powerful and influential family in Tianhai City.

"Xiao, young master..." It's a military subarea hospital here. You'd better not make trouble here. We have garrison here."

Zhenghao and Zhiming changed their faces hearing this.

Then Zhiming said "Zhenghao, never mind. As long as he is in Tianhai City, we can revenge."

"Let's go."

As he was talking, he turned to Mike who was lying on the ground embarrassingly and painfully. He sneered and said "Mike Ye, I told you before that I will not spare you. I will treat you the same way you treat me before. I will change my surname if you don't bent your knees to me. Let's go and see."

They left Mike's ward as he finished his words.

Zhiyao hurried to get up and helped Mike to bed with the help of the security.

"Brother, are you okay?"

Zhiyao kept shaking and tears filled her face. And there was a clear fingerprint on her face.

"I'm fine." Mike replied though he was painful. He looked at the fingerprint on Zhiyao's face, he was upset. He felt her face and said "Are you okay?"

Zhiyao shook her head. Obviously she was frightened.

At this time the old expert came to them and said "I will check your legs later, then you can go back to rest."

"They might come to make trouble again if you stay here. It's not good for your recovery and it will bring trouble for our hospital."

Mike nodded and said "Okay, I will discharge later and go back home to rest. Thank you, doctor."

## **My 18-Year-Old Wife - Chapter 164 Yunlong Xiao**

Zhiyao Xia pushed the wheelchair alone and pushed Mike Yue back home.

She helped Mike to the bed, cooked for him and washed his clothes. She seemed to be the nanny of Mike.

After all the things were done, Zhiyao was also very tired. She took a chair and sat down in front of Mike's bed.

Looking at the exhausted woman, Mike was touched and guilty, "Thank you, Zhiyao."

Zhiyao looked at him, shook her head and smiled, "Not at all."

"Let me take care of you this month. I'll ask for a month's leave for our department manager. If no one takes good care of you, you will be miserable. "

Hearing this, Mike felt a little embarrassed and said, "Thank you so much. I'd better ask Mark Duan to hire a nanny for me."

Zhiyao said in a hurry, "No. The nanny works for money. She won't be too careful."

"You are a patient now. You need to be taken good care and the medicine needs to be changed every day. Let me take care of you .I'm your sister."

Seeing that Zhiyao cared about him sincerely, Mike's depression was immediately disappeared.

"Does it ache?" He asked.

Zhiyao was stunned for a while, and then she realized what had happened. She covered her side face which was slapped by Zhenhao Xiao, "No."

Mike sighed and said, "You lie. It makes me feel bad."

Zhiyao blushed immediately. She suddenly felt that this slap was worth it.

"Come here and let me have a look. Is it swollen?" Said Mike.

Zhiyao's body trembled and she leaned her face over. Although her face was not very red and swollen, the fingerprints were still there.

Seeing this, Mike frowned again. He raised his head and blew on Zhiyao's face.

"That's how my sister blew on me as I was a child." He said.

The cool breath warmed her heart, and her face turned red again.

"Don't worry. I will revenge for you. He slapped you, I'll not let him off." Mike took a deep breath and said.

Zhiyao looked at him and said crossly, "Come on. You have been beaten like this. If the security didn't come in time, what would you do?"

Hearing this, Mike smiled and said nothing.

"But why did they hit you? Do they have a grudge against you?" Zhiyao asked again.

Mike replied, "No, but now it is true."

"The man with a broken leg is called Zhiming Cui. He harassed my sister before, but I broke his leg later. That's why he was so excited to see me today. I don't know the other one. It should be his friends. "

Hearing this, Zhiyao was a little surprised. In her eyes, Mike had always been very elegant and decent. She didn't expect that Mike would be so cruel.

"You broke his leg. No wonder he hates you so much." Mike smiled and said.

"He harassed my sister. He deserves to be punished."

Zhiyao also remembered that she had been harassed by Zhiming in the hospital before. She frowned and said, "That man is obviously a bad guy. He harassed me in the hospital. Then he followed me to the ward."

Hearing this, Mike frowned. Zhiming hated him so much and had a crush on Zhiyao. Would he make trouble for her?

"Then you'd better stay with me for the next month. Don't go to work. Who knows what the beast will do." Mike said with a frown.

.....

In the next few days, Zhiyao had been taking care of Mike at his house. In order to make it easier for her to take care of him, she moved into Mike's house. She cooked three meals a day for Mike, and washed the clothes.

When she asked for a month's leave from the Department Manager, the manager was a little angry. But when Zhiyao told him that she would take care of Mike at home, the manager immediately put on a smile. He not only approved the leave, but also told Zhiyao that her salary would be paid as usual this month.

A few days later, Mark came to Mike with fruits.

"Brother, how could you be bullied like this. If I were you, I would show my identity directly."

While peeling an apple, Mark cursed, "Others all want to use their families' resources and show their identities. What about you? No one knows that you are the son of Tianxiong Yue."

Hearing this, Mike said, "I don't want to be a good-for-nothing. I'm brave and resourceful. I don't need to rely on my family. If it weren't for the car accident that day, I would have beat the pants off him."

Mark sighed and said, "I've found out the man you're talking about. His name is Zhenghao Xiao, a member of Xiao family. The Xiao group is one of the top ten enterprises in our city. The boss of the Xiao Group, Yunlong Xiao, is Zhenghao's father. "

"Yunlong is very powerful. He has been listed on the rich list of Tianhai city this year and has a deep background. No wonder Zhenghao dared to be so arrogant."

Then he handed the peeled apple to Mike, "Yunlong must have found out that I'm the boss of Jiuding Group and began to take revenge on me, right?" Mike took a bite and asked calmly.

Mark was stunned and said, "Yeah, he is indeed revenging on us."

"Damn it! This old jerk has robbed a lot of our business recently. He even ordered people to make trouble in our hotels and restaurants."

Hearing this, Mike said, "Zhiming must have a deep relationship with them. In addition, our group has swallowed up Baiwan Cheng's industries in the past month, which made us in spotlight. As the captain of industry in Yunhai city, Yunlong naturally wants to suppress us."

Mark snorted, "I don't care who he is. Yuhang Shi and I are discussing how to fight back."

Hearing this, Mike waved his hand and said, "Don't fight back for the time being. Let's talk about it when I recover and go back to the company."

Mark was a little excited and said angrily, "No! I can't stand it!"

Mike said seriously, "The temporary loss is much better than the temporary victory. Now if you fight back, maybe you have the upper hand for a while. But they are a deep-rooted old enterprise in Yunhai city. He must have a stronger foundation than us. If he continues to fight back, we will definitely suffer losses. "

"Now we are at a loss and let him bully us for the time being. He will definitely not take us seriously. It's also good for us to make counterattack later."

Hearing this, Mark was stunned for a long time and felt a little guilty of his recklessness. Fortunately, he came to communicate with Mike today.

"Okay, I see!" Mark said with a sigh.

"By the way, how's your recovery?" He asked.

"Not bad. I'm recovering well. Thanks to Zhiyao for taking care of me every day." Said Mike.

Hearing this, Mark chuckled and said, "How did she take care of you? You two didn't sleep in the same bed, did you?"

Mike frowned and immediately threw the apple in his hand at him, "Screw you! You old bastard! "

## **My 18-Year-Old Wife - Chapter 165 I promise they will go bankrupt**

There was a villa district near the suburb, where Zhenghao Xiao and his family lived.

Compared with the villas in the city center, this place was a little remote. It was not that the Xiao family couldn't afford the villas in the city center, but that Zhenghao's father, Yunlong Xiao, liked quiet.

Although it was located in a remote area, the villa was not small. It was built in a regular and generous style. And it was not dense. A villa covered a large area.

At this time, in one of the villas, Xiao family was having dinner in the dining room. Recently, Zhiming Cui also lived here.

It was inconvenient for an outsider to live in someone else's house for a long time. However, Xiao family treated Zhiming as a member of their own family and wanted him to live here forever.

"Ha ha, when your father and I started our business, we're as close as brothers!" Yunlong put down his bowl and chopsticks, looked at Zhiming and said with a smile, "You two always make me remember our past. But in a twinkling of an eye, more than 20 years have passed, and your father has become a big entrepreneur in Capital City. I'm still in Yunhai city. Your father is much better than me. "

In front of the elders, Zhiming looked elegant and sensible, "I'm flattered. You have made great achievements here. Everyone in Yunhai city knows Xiao Group."

"Although my father runs a big business in Capital City, he is under a lot of pressure. No one cares about you at all. You have to take every step carefully."

"My father said he envies you. He shouldn't have gone to Capital City. He seems to be one year younger than you, but his hair is almost white. "

It had to be said that Zhiming was good at talking and could make the elders happy. Hearing this, Yunlong nodded with a smile, "That's right. The Capital City is dangerous and stressful."

"I heard that some time ago, Ye clan, one of the four great clans, was destroyed. Capital City is not a place that everyone can develop."

Hearing this, Zhenghao was a little surprised and asked, "Can the people of the four big clans be killed? Who is so powerful?"

Zhiming put down his chopsticks and wiped his mouth. His expression became a little serious and said, "I just heard that many people said that Yue clan destroyed Ye clan. Besides, since Ye clan was destroyed, the other two clans, Wang clan and Lei clan, have been extremely respectful to Yue clan. It can be seen that Ye clan must have been destroyed by Tianxiong Yue, the Master of Yue clan."

Yunlong said seriously, "Yue clan has always been the most powerful clan of the four major clans. These people must infuriate Yue clan. In our country, only Yue clan can destroy Ye clan."

"That's a real noble clan. It's amazing that Yue clan can take part in the heavy military industry of the country."

At this time, Zhiming said, "And I've heard another version that the destruction of Ye clan is also related to the Big Young Master of Yue clan. It was plotted together by the Big Young Master and the Master of Yue clan. Besides, the Big Young Master of Yue clan is very mysterious and rarely showed up in Capital City. Many people are curious about his appearance, but they have no chance to make friends with him."

Yunlong nodded and sighed, "Like father, like son."

Then he looked at his son, Zhenghao, and sighed, "If you are half as capable as the Young Master of Yue clan, I will be satisfied."

Hearing this, Zhenghao smiled awkwardly, "Dad, how can I compare with him? He comes from a top rich family."

Then he quickly changed the topic and asked Yunlong, "By the way, Dad, have you found out the background of that 'Feng Ye'? Zhiming's legs were broken by him. We can't let him go."

With a serious expression, Yunlong said, "I can't find out his background. It's very strange. The only thing I can find out is that Feng Ye is the boss of Jiuding Group, which is also one of the top one hundred enterprises in our city. Some time ago, they swallowed up Cheng Group and became one of the top thirty enterprises in the city. "

Zhiming had known this news a few days ago. When he heard that Mike Yue was the boss of the Jiuding Group, he was still a little surprised. At first, he thought that Mike Yue was just a toy boy who cheated Anya, but he didn't expect that Mike Yue was an entrepreneur.

Even so, Jiuding Group was not as powerful as Cui family. Zhiming had been staying in Tianhai city all the time in order to take revenge.

"But don't worry. Since Feng Ye is the enemy of Zhiming, I can't let him off the hook." Yunlong said solemnly, "Recently, I have been crazily suppressing them."

"Jiuding Group is indeed powerful, but they can't compete with me. Many people are targeting them, so they didn't dare to fight back now. "

Hearing this, Zhiming also felt relieved. He had already asked Zhenghao to send someone to inquire about the address of Mike Yue's home, and on the other side, Yunlong was also cracking down on Jiuding Group. He not only wanted to personally beat Mike Yue, but also wanted to make Mike Yue go bankrupt.

"Thank you, uncle Xiao. That kid almost made me lose my legs. I must let him go bankrupt." Zhiming sneered.

Yunlong laughed and shook his head, "Don't take it too seriously. I promise they will go bankrupt."

## **My 18-Year-Old Wife - Chapter 166 Take action**

After lunch, Zhiming Cui and Zhenghao Xiao came out in a hurry.

"Zhenghao, have you really got the address of Feng Ye?" After they got on the car, Zhiming asked with a long face.

Zhenghao sneered and said, "Don't worry. I know a lot of people in the underworld. They have inquired about it clearly. Feng Ye lives in a villa in downtown area. We can go there now. "

"We can catch him this time. Then we can take him to a secret place. You can even break his limbs."

Zhiming grinned hideously, "I've been waiting for this day for a long time. Today I'll let him pay what he did! I will never forget how arrogant he was when he broke my legs. I won't let him die today, but I want him to be overwhelmed with pain. And I'll let him witness how his company went bankrupt."

Seeing that Zhiming was so excited, Zhenghao put his arm around his shoulder and laughed, "Relax. He is just a nobody. How can he fight against us?"

Zhiming also smiled and asked, "Have you informed your men? You'd better bring more people. I remember he is good at fighting. I must make sure everything goes well today. "

Zhenghao patted his chest and said, "Don't worry, I have many subordinates who are loyal to me. They are all ruthless characters and have even killed people."

Zhiming nodded, "That's good. Let's go there now."

.....

At home, Mike Yue and Zhiyao Xia had just finished their dinner. After tidying up the kitchen, Zhiyao wheeled Mike to the garden to enjoy the sunshine. They had been like this almost every day recently.

Life was a little boring, but Zhiyao didn't feel bored at all. She really wanted to take care of Mike every day.

Mike had to admit that Zhiyao had taken good care of him. He enjoyed the feeling of being taken good care of.

"The weather is so good today." Sitting next to Mike, Zhiyao looked at the empty garden and said, "I'll go to the flower shop to buy some flower seeds tomorrow. The garden is empty now."

Hearing this, Mike was a little stunned. It suddenly occurred to him that Helen Liu and she also liked flowers and plants. When they were in Chuzhou City, he had planted a lot of flowers in the yard with Helen.

"Why do I still miss her?" Mike sighed and said to himself.

"Brother, what did you say? Who are you missing?" Zhiyao asked.

Regaining his composure, Mike said with a smile, "Nothing. That's a good idea. But you take care of me every day. I feel that you are very tired. I don't want you to be tired any more."

Hearing this, Zhiyao giggled and felt very happy, "Not at all. I used to take care of my father in this way when I was at home. "

Mike turned to look at her and said admiringly, "If anyone marries you in the future, it will be very lucky."

Zhiyao pursed her lips and said proudly, "I don't want to get married so early. Do you feel lucky and happy that I take care of you every day?"

Mike was stunned and laughed, "Yes, of course it's very happy. So I have to recover slowly, or no one will take care of me like this."

Hearing this, Zhiyao said with her hands on her hips, "No, you have to recover as soon as possible. You are the boss of our Group. It can't be without you."

Mike nodded and said, "In fact, I'm much better now. I think I can walk in ten days and a half months."

He didn't know that many people had gathered outside.

At this time, more than 20 people had gathered outside the gate of the villa district. Zhiming and Zhenghao also came.

"Young Master Xiao!" These people all were ruffians, but they all greeted Zhenghao respectfully.

Zhenghao nodded and introduced, "This is my brother, Zhiming, the Big Young Master of Cui family in Capital City."

Zhiming was standing next to Zhenghao. His legs had recovered and he could walk, but he couldn't do strenuous exercise.

"The Cui family in Capital City?" Everyone was stunned. Cui family in Capital City was also very famous. Even if they didn't have a big name, as long as it was the Big Young Master in Capital City, they would be the big shots.

They greeted Zhiming again.

Zhiming nodded and said with his hands behind his back, "Thank you for helping me catch a person today. He is inside now. His name is Feng Ye."

"Ye Feng has a deep grudge against me. As long as you help me catch him, I'll offer great rewards."

A man walked out of the crowd. He was the boss of the underground world in Dongcheng District, nicknamed Third Cao.

He was a ruthless man and worked for Zhenghao.

"Don't worry, Young Master Cui. There is no one I can't catch. Master Xiao treats us well, and you are his friend. I'm willing do it for you."

Zhiming nodded, "Okay, let's go inside."

Then, a group of people were about to break into the villa area by force. but five tall and strong security guards rushed out from security room and shouted with batons, "What are you doing? The people living here are all big shots . You'd better not make trouble here!"

At this time, Zhenghao stepped forward and said with his hands behind his back, "Really? What kind of big shots live here? Can they be bigger than Xiao group?"

Hearing this, the security guards were stunned and looked at Zhenghao, "You are..."

Zhenghao sneered, "Yunlong Xiao is my father. Who do you think I am? How dare you stop me?"

The security guards' faces changed when they heard this. They didn't expect that it was the Young Master of Xiao family. Xiao family was very powerful in Tianhai city. Among the people living in the villa district, the most powerful one was a big boss whose family name was Yue.

"But..." One of the security guards wanted to say something more, but Zhenghao said coldly, "Shut up! Third Cao, block them into the security room. The rest go inside and catch Larry right now!"

As soon as he finished speaking, Third Cao rushed over with his men and blocked several security guards into the security room. Then he left a few guards here, and the others followed Zhenghao and into the room.

## **My 18-Year-Old Wife - Chapter 167 I want to be with you**

Mike Yue and Zhiyao Xia were chatting in the garden of the villa when they suddenly heard the doorbell ringing. She was about to open the door.

"Wait!" Mike suddenly stopped her. He frowned and said, "Only Mark Duan knows that I live here. He has the key to my home. He won't ring the doorbell."

"Look outside first." Mike was very vigilant. He was afraid that Zhiming Cui would come to him.

"Ah, okay..." Zhiyao was stunned. She walked carefully to the door and looked outside through the peephole.

She was scared to death. There were many people outside, and she knew two of them. It was Zhenghao Xiao and Zhiming who beat Mike in the hospital that day.

Zhiyao took a deep breath, ran back and said in a trembling voice, "Brother, it's the two men again. The two men who hit you in the hospital. They brought a lot of people here!"

Hearing this, Mike's face changed. If there were only Zhenghao and Zhiming, he could barely deal with them. After all, he had only broken one leg and other parts of his body had recovered.

But there were so many people here. Even if his legs were not broken, he might not be able to deal with so many people!

"Don't open the door. I'll call Mark right away!"

Mike knew that the situation was a little dangerous now. He couldn't let Zhiyao be implicated by him any more.

He immediately took out his phone and called Mark. After the phone was connected, Mike said in a serious tone, "Mark, bring some people here right now. Zhiming and others are coming to make trouble!"

Mark was also startled, "Okay, I'll be right there! Hold on!"

After thinking for a while, Mike said, "I don't know when they will rush in. If you come and find I have been taken away, remember to locate my mobile phone."

Zhiyao, who was standing next to them, was so scared that her body was shaking, "Brother, what should we do..." She asked in a trembling voice.

After hanging up the phone, Mike said to Zhiyao, "Zhiyao, don't be afraid. Go upstairs and find a place to hide. Don't come out. "

Although Zhiyao was scared, how could she leave Mike alone? She said in a sobbing tone, "Then what about you? You should hide with me."

Mike gritted his teeth and said, "How can I hide? They must know that I'm at home. They can find us finally."

"As long as I'm here and they catch me, they won't come to you again."

"Go upstairs!"

At this time, the doorbell had not rang, and the door was smashed.

Zhiyao cried and said, "No, you will die. I want to be with you."

Mike was anxious and annoyed. He said crossly, "Listen to me! Even if I die, I can't let you suffer any more harm! "

"Don't worry. They can't kill me. Mark Duan from Mark will be here soon."

"Give me your phone and go upstairs right now. If you don't go, I won't talk to you anymore!"

As he spoke, he grabbed Zhiyao's phone and gave her a heavy push.

Seeing this, Zhiyao could only run into the house crying and find a place to hide upstairs.

"Mike, are you fucking a coward inside? Open the door! I know you are inside!" Zhiming's voice came from outside.

Mike took a deep breath and stuffed Zhiyao's phone directly into the bandage around his injured leg.

"Fuck!" Mike was in a cold sweat because of the pain, and blue veins showed on his forehead. his wound, which was healing, was torn again.

But he still put the phone in.

"Zhiming, what do you want to do! You are trespassing! Are you crazy?!" Gritting his teeth, Mike responded to Zhiming. He wanted to buy himself some time.

"Mike, don't try to fool me. Are you afraid? Do you think I can't get in if you don't open the door?"

"Damn it! Climb over the wall!"

Hearing this, Mike's face also changed. Not long after, he heard the sound of someone climbing over the wall outside.

In just two or three minutes, someone climbed over the wall in succession. The person who came in hurried to open the door and let Zhiming, Zhenghao and others in.

In the small garden, Mike was immediately surrounded by more than 20 people. Mike knew that he was in big trouble today.

"Did you think I won't be able to catch you, right?" Zhiming and Zhenghao walked out of the crowd and looked at Mike in a wheelchair with a evilly smile.

"Zhiming, do you know what you are doing? It's in Tianhai City, not in Capital City! How dare you kill me in public?" Mike frowned and looked at him.

Hearing this, Zhiming burst into laughter. Without saying anything, he kicked Mike in the chest.

Mike groaned and fell down. His wheelchair was kicked over.

His leg hit the ground and it hurt so much that he almost fainted.

Seeing the embarrassed and painful look of Mike, Zhiming felt extremely happy. After kicking down Mike, he laughed loudly, "So What? It is the territory of Xiao family. "

"Our Cui family and Xiao family have been friends for generations. Do you think I won't dare to hurt you in Tianhai City. The Young Master of Xiao family was standing here, and you can ask him if he dares to hurt you."

After saying that, he kicked Mike who was lying on the ground several more times.

Mike could only hold his head and hide his injured leg behind.

"Zhiming, don't talk nonsense with this guy. Just take him away. I don't know if he has informed others to save him just now." Zhenghao sneered, standing in the crowd with his hands in his pockets.

Zhiming nodded and said to Third Cao, "Third Cao, carry him to the car right away. Find a quiet place, and I'll torture him to death!"

"Okay, Young Master!" Third Cao said respectfully, and then ordered his subordinates to carry Mike away.

Zhiming and Zhenghao also left here. As expected by Mike, if they caught him, they would not enter the house to search again.

After the garden was completely quiet, Zhiyao ran downstairs.

When she came out, there was only a wheelchair left in the garden, and Mike had been taken away.

"Brother!" Zhiyao squatted on the ground and cried out of fear and worry.

# **My 18-Year-Old Wife - Chapter 168 Zhiyao Xia's Phone**

"Manager Shi, hurry up! My brother is in danger now! " Sitting in the car, Mark Duan was restless.

As soon as he received the phone call from Mike Yue, he and Yuhang Shi immediately rushed over with all the security forces of Jiuding Group.

But when Mike called him, Zhiming Cui and others had already blocked the door. He was afraid that when he rushed there, Mike had been taken away.

"President Duan, it's already fast enough. Who the hell is so arrogant that dares to make trouble for Big Young Master? Doesn't he know how powerful the Yue clan is? " Yuhang was so anxious that cold sweat broke out on his forehead.

Mark frowned and said, "My brother has been hiding his identity all the time. How could that bastard know that he is the eldest Big Young Master of the Yue clan."

He quickly opened his mobile phone, found the positioning system and began to locate the mobile phone of Mike.

Now the positioning system showed that the mobile phone of Mike was moving.

"Oh my God!She has been taken away! " At this time, they all drove to the gate of the villa district.

Yuhang's heart sank. He quickly got off the car and asked others to rush in.

"Zhiyao Xia must be still in the room. You go and pick her up right now. I have something to ask her!" Mark also got off the car and said to Yuhang.

Yuhang didn't ask more questions and immediately followed the others into the room.

Standing at the gate, Mark found a phone number and dialed it.

"Have you arrived at Tianhai city? Mike was taken away. It's dangerous now. I've located his phone. I'll send it to you later. Take care!" After hanging up the phone, Mark stamped his feet in anger, "Damn you! You're dead!"

.....

At this time, Mike had been taken to a business car, followed by several business cars.

Zhiming suddenly turned his head and said to the two men who were guarding Mike, "Throw his phone away. I don't want him to play any tricks."

"Yes, Big Young Master!" They snatched his phone from Mike, rolled down the window and threw it out.

Zhiming turned to look at Mike and said, "No one will come to save you this time. I don't think there is anyone following us. Are you afraid, Mike?"

Mike looked at him coldly. Even at this time, he did not tell him his true identity. In fact, even if he said that he was the eldest Big Young Master of Yue clan, Zhiming and Zhenghao Xiao would not believe it. They just thought that he made up a story.

"Afraid?" Not only was Mike not afraid, he even sneered, "I never know what fear is. But you, you will be killed with your whole family because of your stupid behavior. "

Hearing this, Zhiming didn't get angry. Instead, he laughed, "Interesting. I didn't expect you to be an entrepreneur. I thought you just were a toy boy. Now it seems that you are really something, but do you think you can defeat me with your Jiuding group? Defeat our Cui family? You are daydreaming. Take care of yourself first."

After saying that, Zhiming turned his head and stopped talking to Mike.

At this time, Mark and Yuhang were leading people to track the route where Mike was taken away guiding by the positioning system.

"Miss Xia, did my brother tell you anything?" In the car, Mark asked.

Sitting in the car, Zhiyao trembled all over and cried, "He just took my phone and asked me to hide it. He was taken away when I came out. It's all my fault. I should stay with him. He must be very helpless now."

Mark sighed, "My brother didn't want you to be hurt. It's right for you to hide yourself. Even if you stay with him, you can't stop him from being taken away. "

As he spoke, Mark was confused, "But why did my brother take your phone away?"

He couldn't figure it out. At this time, his phone suddenly rang. Mark lit up the screen and found that the signal of Mike's phone had disappeared.

"Damn it! My brother's phone must have been thrown away by Zhiming!" Mark stamped his feet.

Yuhang turned around and asked, "What should we do now? They are driving towards the suburb. It's so large. How can we find them?"

Mark thought for a while and suddenly realized something. He asked excitedly, "Miss Xia, what's your phone number?"

Zhiyao didn't understand what Mark meant, but she immediately told him her phone number.

Mark operated on her mobile phone for two minutes and then input the phone number of Zhiyao.

Two seconds later, the positioning system showed the signal of Zhiyao's mobile phone, which was moving quickly towards the suburb.

"Ha ha! It recovered!"

"My brother is so smart. He hid your phone with him. Zhiming and others didn't find it from him!" Mark shouted excitedly.

Hearing this, Zhiyao asked in a hurry, "But my phone is also with my brother. Why did they only search my brother's phone but not mine?"

Mark explained, "They didn't expect that my brother had two phones with him, and he must have hidden it very well."

Then he said to Yuhang, "Manager Shi, they are heading to the south suburb now."

Mark shared the new location and sent it to the number he had called at the gate of the villa district. After sending it, he sent another message, 'Mike is very dangerous now. You must go there as soon as possible.

About five or six seconds later, the man replied, 'I'm already on my way, rest assured. I promise to save him.'

Mark breathed a sigh of relief after reading the reply. But he was still restless and worried about Mike, "Brother, please don't let anything happen to you, or Uncle Yue will kill me..."

## **My 18-Year-Old Wife - Chapter 169 He's a tough nut**

Mike was taken by Zhiming Cui to an abandoned uncompleted building in the southern suburb.

"This building was built by my father two years ago by mistake, and a whole commercial street was built here. Later, he realized that it could not be developed here, and these buildings were abandoned here. " After getting off the car, Zhenghao Xiao sighed and said to Zhiming, pointing to the dilapidated buildings.

It was already overgrown with weeds and deserted. More than ten buildings were located here, just like ghost buildings.

"Uncle Xiao's loss is too great." Although Zhiming sighed, he still had a smile on his face. It's perfect to kill Mike here. Even if he called for help here, no one would come to rescue him.

"Laosan Cao, take Mike in. Today I would be a judge and judge this bastard well!" Zhiming, with a cold smile and a wave of his right hand, led all the people into the unfinished buildings.

Mike was carried by several people to the innermost uncompleted building and taken upstairs.

These people were so rude that they just throw him on the ground, regardless of his broken leg. He was thrown to the ground, the wound was torn again, and the cold sweat immediately soaked his whole body.

"Well, this is a good place, Mike. Talk about your feelings. If you ask for mercy, maybe I will be gentle. After all, I've tasted the pain myself, and it's not good at all."

Zhiming came forward with his hands in his pocket and looked arrogant, overlooking the embarrassed Mike with a smile.

This might be the most embarrassing look of Mike, even his life was in danger.

As the saying goes, there were accidents everywhere in life. Even the most powerful people had accidents.

If Zhiyao Xia had not met Yuting Chen in an accident that day, and if Mike had not been involved in an accident that caused inconvenience in movement, he would not have been reduced to what he was now. Zhiming, the bastard, bullied him like this.

"Feeling?" Mike was lying on the ground. Although he was in danger, he still gave out a stubborn sneer, "give my regards to your family!"

As soon as he said this, Zhiming's smile disappeared, and other people's expressions changed. Laosan came up and kicked Mike's head, "You're not afraid to die, are you? You dare to scold Mr. Cui. Bastard!"

Mike, who had been kicked, had a bloody nose and a swollen face. He was lying on the ground, sucking cold air.

"Mike, you really make me admire!" Zhiming grabbed a steel pipe from Laosan's entourage, looking fierce and saying, "do you know what I hate the most? It's the arrogance and fearlessness of you! You are really strong enough. I'd like to see how long you can bear to beg for mercy."

After that, he swung his steel pipe and smashed it at Mike on the ground.

Bang!

Bang!

Bang!

...

The sound of steel pipe hitting people echoes in the empty and uncompleted buildings one after another.

Zhenghao was a little scared, as if the steel pipe was hitting him.

"Damn it! He's really a tough nut."

Laosan narrowed his eyes slightly, and people like him who often fought and killed were frightened.

Mike was smashed more than ten times, but he didn't say a word. He just rolled around on the ground holding his head and injured leg, as if he was unloading the power of the steel pipe.

"Boss, do you think this boy has practiced Kung Fu before?" A little brother asked in a low voice.

Laosan nodded thoughtfully, "it should be."

After more than 20 times of smashing, Zhiming's hands were numb, but Mike didn't say a word.

Zhiming stopped, threw away the steel pipe, rest the arms on the hips and panted for breath, swearing, "What are you made of? Why are you bitch of son so tough? Damn it!"

He even looked at Mike and asked solemnly, "Have you practiced? What kind of Kung Fu did you practice? "

Although Mike had not said anything, it did not mean that he was not in pain. He felt that his ribs had been broken, and his whole body was in pain, and he began to twitch slightly.

"Practice your mother!"

Mike was still staring at him with his sharp eyes and swearing.

Zhiming's expression changed again, swearing, "What the fuck! I will kill you today."

He said, picking up the steel pipe again.

Zhenghao patted him on the shoulder and said with a smile, "Zhiming, you can have a rest and let me come. I don't like this guy. I don't believe his bones are really harder than this steel pipe. "

Seeing this, Zhiming didn't say anything. He stepped back to rest.

Zhenghao was very excited, but his attack was not as fierce as Zhiming. On the one hand, he did not hate Mike as much as Zhiming. On the other hand, he spent all day in the world of wine and women, his body had been weak, and he did not have that physical strength.

But even so, Mike was beaten to snort and almost fainted.

Even if Mike's physical fitness was good, he couldn't stand the trouble like this.

After throwing away the steel pipe, Zhenghao wiped his sweat and swore, "Damn it, this guy is too tough."

And then someone yelled, "Mr. Xiao, Mr. Cui, he fainted."

Hearing this, Zhiming came over and kicked Mike. He found that he had not moved. He laughed. "Is he tough? Didn't he faint?"

Then he waved to Laosan's younger brothers and said, "Even if he is in a coma, don't let him go. I'm going to have a rest. You can treat this guy well for me."

Hearing that, the younger brothers rushed over.

Then, Mike was woken up by them with two bottles of cold water. When he woke up, he was dragged around on the ground like a dead dog.

These people humiliated him to the utmost and did not regard him as a man.

In the whole uncompleted building, the laughter and derision of these people were whirling around.

Finally, a gun shot through the entire unfinished buildings. One of the men dragging Mike was shot in the middle of his eyebrow and fell on the spot in a pool of blood.

In an instant, the whole fifth floor was in a dead silence, and everyone was frozen in place.

"There's a shooter! Hide!"

With Laosan's exclamation, the whole fifth floor became boiling again. All of them fled in all directions, and quickly found the pillar as a cover to hide themselves.

Zhiming and Zhenghao were so scared that they have never seen such a scene. Seeing this, Laosan ran to pull the two of them behind the pillar.

"Bang!"

With another shooting, another little brother was shot in the head.

The shooter was so accurate that he almost hit the brow or temple.

"It's a sniper!"

Laosan's expression changed wildly and his voice trembled.

## **mysterious sniper**

In the uncompleted buildings, no one expected that there would be a sniper in the abandoned uncompleted buildings, and he killed four people.

"How could that happen? Where's the sniper from? "

Zhiming Cui's legs softened with fright, and Zhenghao Xiao squatted on the ground, and their scalp seemed to burst.

At this time there was no time to avoid, and someone was shot down on the ground.

"Boss, help me!"

"Mr. Cui, help me!"

At this time, not far from Mike Yue, a young brother was shot in the left leg. He lay on the ground, scared extremely, and quickly called for help.

No one knew if the sniper missed or deliberately hit him in the thigh. As he called for help, another shot came and hit his other leg.

"Ah!!"

"Help me!"

Heartrending scream, spread to everyone's ears, let all people fear to the extreme.

"Stop barking! Shut up!"

"If you don't want to die, just pretend to be dead, so he won't shoot you!"

When Laosan Cao heard his little brother's scream, he was a little sad. But he did not dare to go out to save people, only to sound a reminder.

In order to save his life, the little brother who was shot had to endure the sharp pain and keep silent, lying on the ground shaking.

"Bang!"

But the sniper was not so easy to fool, and then another shot came, which directly hit the man's arm.

"Ah!!"

Then there was another scream. How could ordinary people stand such pain.

At this time, someone finally couldn't help but rush out to save him.

"Damn it! Who is shooting?"

The man who rushed out had red eyes. It seemed that he had a good relationship with the man who was shot. He ran to the man, trying to drag him behind the pillar.

"Fuck! You're going out to die!"

Laosan screamed in horror. Sure enough, another bullet shot through the man's head the next second.

The man who came to save him fell flat on the ground.

"Brother!"

The one who came to save the man was the elder brother of the man who was shot three times. Only brothers have the courage to save people regardless of danger at this time.

"I don't want to die!"

The man who was shot three times started to cry and howl.

At this time, Mike had already woken up and laughed at the dead people in this place.

"You don't want to die, but you have to die!"

He laughed wildly, raised his left hand with all his strength and gave a thumbs up.

As soon as this gesture appeared, another bullet shot, killing the man on the spot.

"Who is it! Who the hell is it? "

Laosan roared heartily. These were brothers who followed him through life and death.

He didn't expect that half of the people died in this seemingly harmless operation.

After so many people died, Zhiming and Zhenghao were stunned. Zhenghao asked tremblingly,

"Laosan, will this sniper keep killing people? Is he going to kill all of us?"

Zhenghao's tears had already come out, which were the tears of fear. He didn't want to die so young.

"No, a sniper should aim first. We were hiding behind the post, and he couldn't see us, so he couldn't aim at us. As long as we don't go out, he can't shoot us. "

Laosan's voice also trembled violently and explained vaguely.

With his back against the pillar, Zhiming gritted his teeth and roared at Mike.

"Mike, you are so cruel that you invited the snipers here!"

"How many people have you invited here?"

Mike, who was lying on the ground and couldn't move, laughed coldly and said weakly,

"Scared? I said, if you can't kill me, I'll kill you."

"You'd better come out and kill me now, or I'll let your whole family repay the bill today."

Hearing this, Zhiming hid behind the pillar and wanted to tear Mike apart, but he didn't dare to go out. At this time, no one dared to go out for fear of becoming a live target of snipers.

"Fuck! You son of bitch!"

"If you dare to hurt me and Zhenghao, the Cui family and Xiao family won't spare you!"

Zhiming could only say malicious words to Mike at this time.

Mike was tortured so badly that he was not conscious enough to reply to him.

The whole street was quiet, and the sniper stopped shooting because everyone else was hiding.

"What to do? When are we going to hide here?" Zhiming asked.

Laosan took a few deep breaths and shook his head,

"I don't know. At least we can't go out now. The most important thing for snipers is patience. He can wait for hours in a place, just to wait for the prey to show up, and then hit it in a flash."

Hearing this, Zhenghao burst into tears,

"We're not going to hide here for hours, are we?"

Laosan sighed,

"Mr. Xiao, there's no way to do. Life matters!"

In his heart, he regretted taking the job, and he even attracted the sniper. After all, he was just a little bastard with a bunch of younger brothers. What he usually did was to take care of the venue. It's a terrible thing to use a knife.

Don't mention sniper guns. He hasn't seen any ordinary pistols.

At this time, everyone was hiding behind the pillar, and no one dared to come out.

They didn't know where the sniper was or whether he's still there.

About ten minutes later, a man in a black sportswear, a black hat and a black mask appeared quietly at the stairway like a ghost.

Laosan and all of them had their backs against the pillars, but facing the stairway, they saw the ghost like man.

At this time, everyone was stunned. No one knew when that ghost like man appeared. He jumped to the stairway. He did not say a word, half of his face was covered, only that pair of eyes, revealing the cold murderous spirit.

Most importantly, he was carrying a sniper rifle on his back.

When he saw the motionless Mike lying on the ground, his brow suddenly frowned.

"Are you the sniper just now?"

Laosan reacted, and his right hand went quietly to his waist for the dagger.

The man still did not speak, standing there motionless, he was tall and powerful, standing there like an iron tower.

"He's the sniper just now. Get rid of him! When he reaches the gun, we're done! "

Laosan yelled sharply. At this time, everyone reacted. Except Zhiming and Zhenghao, others rushed to the man in black.

The man in Black said nothing, and suddenly a dagger popped out of his loose cuff. Then, he shot like a sharp arrow, rushed to the crowd, turned over a person with a move. The action was neat, and incomparably agile.

His dagger went straight into the heart or to the neck, giving the other man no chance to react.

"Mr. Xiao, Mr. Cui, come with me quickly!"

Laosan, taking advantage of the man was encircled, quickly pulled up Zhiming and Zhenghao and rushes downstairs without looking back.

Laosan's subordinates saw this, and immediately realized that they had been taken as cannon fodder by Laosan.

The man had knocked down four or five people in succession. The others were afraid and turned to escape.

But the man was not only like a ghost, but also the embodiment of the ghost. He shuttled through the crowd, and his dagger was like a sickle of the Death, constantly harvesting the lives of these people.

In the end, only three of them escaped from the building, and the rest died upstairs. Either he shot him with a sniper gun before, or he killed him with a dagger at this time.

He didn't go after those who ran away because Mike was in a bad condition and his breath was getting weaker and weaker.

"Mike!"

He rushed to save Mike. Seeing that there was no response from Mike, he suddenly burst into a cold sweat, picked up Mike and rushed downstairs.

## **My 18-Year-Old Wife - Chapter 171 Fei Qi**

"Mike Yue, don't sleep. You can't wake up if you sleep! Hold on a little longer, and we'll be in the hospital soon!"

On a Humvee, the man in black had taken off his hat and mask. He was as young as Mike.

But the difference was that his appearance was more vigorous and determined than Mike, which was the temperament of life and death in the battlefield.

Mike did not respond, his eyes seemed to be open, as if he squinted, and lay still in the back.

The man turned his head and looked at him. Suddenly, he was sweating and shouting, "Damn it, don't sleep. If you fall asleep, I will be killed by my grandfather when I go back!"

At this time, he didn't care about the speed limit and traffic lights. He stepped on the accelerator and drove fast in the city.

After a while, the car drove to the gate of the hospital, and the man picked up Mike and rushed into the hospital.

...

About ten minutes later, Mark Duan, Yuhang Shi and Zhiyao Xia arrived. Seeing the man standing outside the rescue room without saying a word,

Mark shivered all over and ran to ask, "Fei Qi, how's my brother? He... Is he OK? "

Fei Qi frowned and shook his head, "I don't know. The doctor is rescuing. When I went, he was already unconscious... "

After hearing this, Mark and Yuhang stepped back and leaned against the wall, their legs softened.

Zhiyao also squatted on the ground and sobbed. She was afraid that when Mike came out, he has been covered with white cloth.

"Don't worry too much. Mike is in good health. He should be able to be fine."

Fei Qi came over and patted Mark on the shoulder and comforted him.

Fei Qi, Wanli Qi's grandson, grew up with Mike when he was young.

Wanli used to be Zhenting Yue's bodyguard and now he was Tianxiong Yue's bodyguard. Wanli had lived in the Yue family for decades. So Fei Qi grew up in Yue's family. When he was a child, Mike took Wanli as his teacher. He and Fei Qi were trained by Wanli since they were young. They grew up together.

Fei Qi returned home from abroad a few days ago. Wanli sent him to Tianhai City and let him come to follow Mike. By the way, he could protect Mike.

Before coming, Fei Qi contacted Mike and said that he would fly to Tianhai City from Capital City today. But Mike had a leg injury and was unable to meet him at the airport, so he gave Mark's phone number to Fei Qi and asked him to contact Mark first.

Mark often heard Mike mention Fei Qi, and he also knew something about Fei Qi. So when he knew that Mike was taken away by Zhiming Cui, he called Fei Qi first. The call he made outside Mike's community was for Fei Qi.

They waited nervously for two hours outside the rescue room. Finally, the door opened and the doctor came out.

"How is he, doctor?" They rushed around.

The doctor nodded,

"Don't worry, his life is saved, but he's too hurt to be out of danger. He needs to be observed for forty-eight hours. He has multiple injuries in his body, and the man who hit him is determined to kill him. But the patient's physical fitness is very good, his muscle endurance and bone mineral density are much higher than ordinary people. In my opinion, he should be able to get through the 48 hours."

Hearing this, they were temporarily relieved, and their nervous tension was also relaxed.

"Zhiming Cui, Zhenghao Xiao! I'll kill them! "

Mark was shaking with anger and his fists were clenched tightly. It seemed that he could kill Zhiming and Zhenghao with one blow.

He could imagine how badly Mike was beaten.

"Don't be impulsive!" Fei Qi grabbed him and advised him, "Revenge should not be rushed at this time. You may not get revenge if you go now. Those two people must be hiding at home and protected by many bodyguards."

Yuhang also hastily came up to persuade him, "Mr. Duan, don't go. Now there's something wrong with Mike. If you have another accident, will our Jiuding Group have no leader? Now the Xiao family is very strong in suppressing us. If you weren't here, our hearts will be in disorder! "

Mark hit the wall with one blow, but he had to give up.

By this time, Mike had finished the operation. He was pushed out of the operating room by the medical staff and was preparing to transfer to the intensive care unit. They quickly gathered around, and when they saw the injuries on his face, their eyes were moist.

Mike was tortured too badly by Zhiming. Even Zhiyao couldn't tell whether the person lying in the hospital bed was Mike.

"Brother!" Zhiyao tried to hold back her tears and was deeply distressed.

Seeing the tragic situation of Mike, Yuhang couldn't help but want to kill Zhiming and Zhenghao. He swore, "they dare to hurt Mike like this. It's unreasonable. I will kill their whole family!"

Outside the intensive care unit, they stood outside for a long time. Fei Qi said to Mark, "Come down with me first."

Mark nodded and told Zhiyao and Yuhang, "You stay here to guard Mike. Fei Qi and I have something to do."

After he followed Fei Qi out of the hospital, Fei Qi took him to the parking lot. When he saw Fei Qi's Humvee, Mark was surprised and asked, "Isn't it your first time to come to Tianhai City? Where did you get the Humvee?"

Fei Qi said faintly, "I stole it."

"Stolen? Bro, are you too blatant? This is not a foreign country. We have surveillance everywhere in our country. You will be jailed for several years. "

Fei Qi didn't speak. He took something out of the car and handed it to Mark.

Mark took the thing in his hand and did not dare to move it. He was sweating all over.

"This is a L115A3 long-range sniper gun, weighing 13.6kg and costing 300000. It's made by the best foreign gunners. It's 60000 more expensive than the original one. It's what I've been fighting for. "

Fei Qi looked at Mark, who had already been scared silly, and laughed.

"B... Bro, take it away. Guns are banned in our country. Where did you bring them? How did you take it into the airport? " Mark asked in a trembling voice.

Fei Qi said, "I came by Uncle Yue's private plane. He has opened a dedicated channel, and there is his dedicated runway in capital city, so I took the plane directly without going through the security check. I took it apart and reassembled it after I got off the plane. When I went to save Mike, I had killed 11 targets with it."

Mark was already stunned. He heard from Mike that Fei Qi was a mercenary abroad and survived in a barrage of bullets. But he didn't expect Fei Qi to be so powerful. As soon as he returned home, he killed 11 people with his gun.

"You don't need to be surprised. They are all ordinary people without professional training. It's not surprising to die under my gun, but it's a

pity that a few people ran away. " Fei Qi sighed, then laughed and said, "You can keep the gun for me first. I have to give the Humvee back. If he doesn't find out that his car has been driven away, nothing will happen. If he finds out, you have to help me solve this problem."

Although he met Mark for the first time, he was not unfamiliar at all, and it could be seen that he was also a cheerful man.

Mark quickly opened the door of his car and put the sniper gun in. He was afraid that the gun inside would be seen. He quickly took off his suit and covered the gun, "Well, you should give the car back to the owner, and it's better not to let him find out."

Fei Qi nodded, got into the car and started the car. But after a while, he put his head out of the window and said to Mark, "Don't you want revenge? I'll contact you when I return the car. We can not take revenge on those two people for a while, but we can frighten them. You go to investigate a man named Laosan Cao. After the investigation, we can find him in the evening."

## **My 18-Year-Old Wife - Chapter 172**

### **Catching Laosan Cao**

Laosan Cao fled with Zhiming Cui and Zhenghao Xiao the same day, and then found a place to hide.

He could be considered as an experienced man in the society, and he knew that Zhiming had made trouble with a wrong man. How could an ordinary guy kill people with sniper guns in modern cities? He was just a jerk and could not be able to deal with such big shot, so he could only hide.

Today only, he had lost twenty of his younger fellows. His followers were quite limited and even didn't have a door keeper, so many of his places were occupied by those old enemies. He had to sell all the rest of his assets and hide in his friends'.

When the sensitive period was over, he planned to come out again to recruit some new younger followers.

His hid in a small bar. Although the place was quite small, they got a lot of thugs here. And hiding in such a humble place, there should be no one to trouble him.

"Gang Zhao, thank you. I'll show my huge gratitude to you when I get back my previous two streets."

Inside the room, Laosan said gratefully to a young man about 30 years old.

The young man's name was Gang Zhao, who had been Laosan's previous follower.

"Brother Laosan, you don't need to say so. I followed you before; I don't need your thanks at all."

"If you hadn't led me, I'd still be a door keeper for others now."

Gang Zhao put his arm around Laosan's shoulder, just like brothers

.

"Brother Laosan, you are hiding in my place. No matter who comes to look for you, I will say nothing."

"But you don't have to worry too much. My place was small and nobody will notice here. It's not very impressive. Especially for those big people, they don't want to come into my little bar at all. "

Laosan nodded and sighed: "If I had not been implicated by others, I would not have become like this. I lost more than 20 followers within a single day."

"F\*\*k"

As Laosan mentioned this, he quite got angry. After all, he wanted to get some benefits with Zhenghao, who was the eldest son of the Xiao family. But who could have thought that the fight between these great men was just like the fight between the gods, and the it was always the ordinary people who got hurt.

Gang Zhao was a little frightened when he heard the speech and asked: "What happened, so many people died?"

Laosan frowned slightly and said:

"I was following Zhenghao. That guy and the young master of Cui's family in Capital City seemed to make trouble with some big shots, and we even encountered some snipers."

"Today, I was close to death, but I was not killed by that sniper. I took more than 20 followers with me, and only three of them escaped. "

Hearing this, Gang Zhao's heart was like being hit hard, and his face changed slightly.

Although he took in Laosan, he didn't expect that Laosan had got involved in such a huge problem. Even Laosan was afraid, let alone Gang Zhao, a little unknown person.

"Well, Brother Laosan, you should have a good rest here. If you have anything, please tell me. I will tell them not to come in and disturb you"

Gang Zhao got up to leave.

Laosan nodded and said with a smile: "Thank you, bro."

After Gang Zhao just went out, the smile on Laosan's face disappeared in an instant, followed by a gloomy face.

"Son of a bitch, dare to betray me..."

After Gang Zhao went out, he came to his office and took out his mobile phone to call someone.

After the call was put through, a young man's voice came over there

"What's the matter?"

"Boss Mark Duan, Laosan has come to me. Come here quickly." Gang Zhao's tone was a little flustered.

After all, what he betrayed was his big boss. He knew what kind of man Laosan was, so he was afraid a little bit.

From the other end of the phone, of course, was Mark's voice.

"Okay, don't show anything in front of him. We'll be right here."

Gang Zhao asked quickly: "Got it, boss Mark, you promised \$ 100000. Does that still count?"

Mark said lightly: "Don't worry, as long as Laosan is there, you will get that promised amount of money."

After hanging up the phone, although he was still nervous, Gang Zhao was slightly excited at the thought of \$100000.

Although he opened such a small bar, his business had not been very good, and had to pay for so many employees.

One hundred thousand was a lot for him.

Just over two hours ago, a young man called him, claiming to be the boss of Jiuding Group. He said that as long as Laosan came to find him, he should immediately inform him, and he would get \$100000 for this information.

The young man who called him was Mark.

"A hundred thousand! Brother Laosan, don't blame me. It's all because you troubled wrong people..."

"Anyway, you have to die. Since we worked together before, why not let me earn the money. Ha-ha..."

Gang Zhao was sitting in a chair, with his legs cocking up, ready to smoke a cigarette.

Suddenly, the door of his office was kicked open. Laosan was standing at the door with a gloomy face, staring at him.

Gang Zhao was so scared that his cigarette fell to the ground.

"Brother Laosan... "

He looked at Laosan in horror.

"Gang Zhao, what a good brother you are, who can betray me just for 100000."

Laosan, with a knife in his hand, walked slowly towards him.

Gang Zhao looked at him in horror, and then retreated to the corner of the wall, explaining anxiously: "Brother Laosan, it's not what you think. I'm going to inform you."

"I... How could I sell you for that little money?" Laosan didn't believe him at all, so he rushed over and grabbed Gang Zhao's neck. The knife in his hand stabbed him directly into the abdomen, one knife after another, with all his strength.

Gang Zhao's eyes were opened wide and round, and then he sat on the ground, with his mouth spitting blood and his whole body twitching.

"You can not take me in, but you can't betray me. What I hate most in my life is that others betray me."

Laosan pulled out the knife in his body and left here without looking back.

.....

At this time, not far from the bar, Fei Qi and Mark got on the car and drove to this side.

"Bro, you are so clever. How do you know Laosan will come here?"

Fei Qi asked while driving.

They had been hanging around here waiting for Gang Zhao to call them.

"I've got someone to investigate. Laosan got higher position by betraying his big boss in his early years. He is good at selling his brothers and partners. He sells everyone. His only good fellow is Gang Zhao. At this time, Gang Zhao is the only one who still be willing to take him in."

Mark, sitting in the co-pilot's seat, said with a smile: "Just a guess. It actually surprised me that he was really there. "

With that, Mark suddenly saw a man running out of the bar, who was exactly Laosan.

"There he is! He's running away."

Mark's face changed and he quickly pointed to the other side.

Fei Qi saw this, frowned, and stepped on the accelerator. The latest Bentley suddenly rushed out like an arrow from the bow and directly hit Laosan, who was fleeing.

Laosan looked back in horror, and was immediately hit and flew to the grass on the roadside.

"Holy shit, what are you doing?" Mark looked at Fei Qi in a daze.

"Dear bro, if I won't hit him, he should run away. And I guess you don't want to chase him personally." Fei Qi stopped the car and ran to Laosan.

Mark got out of the car speechlessly and examined the damage of the car. His heart was dripping with blood: "Damn it, my new-bought car!"

## **My 18-Year-Old Wife - Chapter 173 He is the young master of Yue family**

Laosan Cao was almost at his last gasp after he was hit by Fei Qi's.

Fei Qi walked over to pick him up and throw him directly into the car. Then Fei Qi asked Mark Duan to drive.

The scene took less than a minute. Fortunately, it's night and they were in red-light district. Even if there were witnesses, they wouldn't say a word.

"He's not dead, is he?" Mark glanced over at the back row and said.

"The doctor can't save him as he's so hurt. Isn't that what we want? You didn't see how Mike Yue was tortured by them. Laosan is their boss. Doesn't he deserve to die?" Fei Qi said calmly.

Mark frowned and said: "He deserves to die."

"Where are we going now?" Mark asked.

Fei Qi thought for a moment and said:

"You know where those two live, don't you? Let's go there now and give them a big gift."

Mark was stunned for a moment and said:

"You mean we go to Xiao family right now?"

Fei Qi nodded his head and said nothing more.

About half an hour later, they drove to Xiao family where is near the suburbs.

Fei Qi got off the car and took out two items from his black canvas bag.

"They are...."

Mark's face expression changed suddenly and then he asked with a shaking voice.

"They are grenades. Haven't you seen it? I think you've seen it in the movies."

Fei Qi laughed. Then he slung them in the waist as if he was grasping two balls.

Mark took a knee-jerk step back and stared at Fei Qi in shock, saying:

"Fei Qi, what are you going to do? You're gonna blow up Xiao family?"

Fei Qi gave him too much fright. All he thinks about all day is making money. But Fei Qi is as abnormal as Mike, who thinks about stirring up things all day.

Fei Qi was even crazier. He used a sniper and grenades. He is as bold as a movie villain.

Fei Qi shook his head and said: "Why are you so excited? They are miniature grenades with limited power. They could only kill one person

at the most, and two persons are the maximum limit. How dare these bastards to hurt Mike like that? Would we be his brothers if we don't avenge him?"

"Don't be panic. They're afraid to call the police."

"Hey, hey!"

After saying that, Fei Qi threw the bag into the car and then he pulled the dying Laosan out from the back row of the car.

Laosan was broken in several places and had his viscera smashed in several places. He couldn't survive even if he was sent to hospital.

"Help me..."

"Take me to the hospital....I can give you as much money as you want..."

Laosan seized Fei Qi by the trouser leg and showed his longing for life in his eyes.

Fei Qi squatted down to look at him and said:

"Help you? Why should I help you as I am the one who hit you?"

"Why didn't you let Mike go when you hit him?"

Laosan is a tough man who has been experiencing many big events. At that moment, he cried with tears streaming down his face, saying:

"I'm wrong. Zhenghao Xiao asked me to do that. I don't want to die..."

"Please let me go..."

Seeing what Laosan looked like, it reminded Mark of Mike's miserable appearance when he was pushed out of the operating room. Mark frowned and said in disgust:

"Damn you! It would be good for you to die as you've hit the young master of Yue family like that."

"If Tianxiong Yue knows what you did to his son, you whole family will be killed."

After hearing that, Laosan kept his eyes wide open in horror, saying:

"Yue family? Is the young man the young master of Yue family?"

Fei Qi nodded and said:

"Yes, he is the young master of Yue family, which is in Capital City."

"Are you blind? How dared you do that to Mike? He would have killed you if he hadn't had a bad leg."

Then Fei Qi put the two grenades into Laosan's pocket and said:

"You're gonna to die, but you have another option, which is to pull the grenades to get two more people for your accompany."

"The reason why you will die is that the young master of Xiao family got you into trouble. It's up to you whether to pull the grenades or not."

Then Fei Qi shouldered Laosan and said to Mark:

"You wait here for me. I will come back as soon as I drop him off at the door."

Mark was a little nervous and said:

“Be careful.”

Fei Qi smiled and gestured “ok” to Mark before heading straight to the front door of Xiao family.

Looking at Fei Qi’s back, Mark swallowed his saliva and murmured:

“What a pervert this guy is.....”

.....

Fei Qi didn’t know why there were two bodyguards in the front door of Xia family.

But he knew they are arranged to be there by Zhenghao. As soon as Zhenghao and Zhiming Cui got home, they hid in their rooms and daren’t to come out for dinner, for fear there would be snipers taking guns aimed at them.

Fei Qi went straight to the front door of Xiao family with the dying Laosan on his shoulders.

“Who are you! Stop there!”

The two bodyguards are very dedicated. When they saw something strange about Fei Qi, they whipped out their batons and shouted.

Fei Qi came over with a smile on his face and said politely:

“Brothers, he is a friend of your young master, who asked me to send him here.”

"I've done with my task. He is badly hurt. You can decide what to do next. I'm leaving now."

Fei Qi ran away without any delay after he put Laosan down.

Fei Qi ran so fast that the two bodyguards did not chase him. They hurriedly checked Laosan's injuries.

Seeing that Laosan's so badly hurt, one bodyguard hurriedly said to the other:

"You go in to tell Mr. Xiao and the young master!"

The bodyguard ran into the villa quickly.

Yunlong Xiao was sitting on the sofa and reading the newspaper in the living room of the villa and his wife was peeling an apple for him.

The bodyguard rushed in and told Yunlong what happened in a hurry.

"Zhenghao's friend?"

Yunlong frowned slightly and stood up, saying:

"You go upstairs to inform the young master. I'll go out to have a look."

After saying that, Yunlong walked out of the villa. A few bodyguards in the yard surrounded him to go to the front door.

Just as they were getting the gate, there were two loud bangs.

The two bangs, less than half a second apart, blew the gate away. There was a heat wave coming from outside. The bodyguards are very dedicated and they blocked in front of Yunlong immediately.

But the human flesh sandbag was ultimately unable to block the aftershock of the explosion. Yunlong was bumped into flying when the bodyguards fled out. Yunlong was shocked by such a big noise. He lay on his face and dared not move.

Zhenghao and Zhiming were running out of the living room and they were scared to dullness on the spot. They stared in horror at the smoke and bloodstains in the doorway and sank to the ground.

“Come on! Protect Mr. Xiao and take him in!”

The head bodyguard reacted quickly and dragged the others up. They helped Yunlong rushed into the living room and shut the doors and window.

.....

Fei Qi ran back to the car and told Mark to drive away.

Mark trembled at the sound of the two bangs in the direction of Xiao family shortly after he started the car. He swallowed his saliva and ask:

“Did Laosan really pull the grenades?”

Fei Qi laughed and said:

“He is a desperado and he didn’t want to die alone. He is a wise man. As he knew he couldn’t survive, it’s a good thing to have someone to company him.”

Mark raised his eyebrows and asked:

"Do you think Zhenghao have been killed? "

Fei Qi shook his head and said:

"No, he doesn't die so easily. He was scared by me today and he must be hiding in his room."

"There are many bodyguards in the home of the rich like him. There are two in the front gate. I only want to threaten Zhenghao and Zhiming."

"Before I came to Tianhai City, my grandfather said that I must protect Mike. Mike will be the next master of Yue family. He told me that anyone should be killed if he dares to harm Mike."

After hearing that, Mark looked at Fei Qi with interest and said:

"Mike keeps telling me that you are all brawn no brains. But as far as I'm concern, you are smart."

Fei Qi frowned immediately and scolded:

"Shit!"

"Well, I admit Mike is smarter than me, but I'm not stupid. What's the use of being so smart? He was still bitten by others like that. I'm telling you, he never won a fight with me when he was a child. He was pinned to the ground by me every time. He didn't tell you that, did he? "

Mark burst into laughter and said:

"He didn't tell me that. I always think he is good enough."

At the mention of the childhood, Fei Qi was excited. He laughed and said:

"He is not good at fighting at all. When he was a child, he was often bullied by me. As long as he was beaten to tears by me, he would go to tell his grandfather. The result is that his grandfather would beat him again and say he is useless..."

"Let's find a place to eat barbecue and I'll tell you about it while we eat."

## **My 18-Year-Old Wife - Chapter 174 The top assassins**

In the living room of the villa, the Xiao Family were all in a state of shock.

If Yunlong Xiao had walked two or three seconds faster, he would have been hit by the two explosions just now.

"Mr. Xiao, two people died outside. One is our own, and the other is a little punk. I know him. His name is Laosan Cao."

Then the Bodyguard Captain led the bodyguards in to report the situation outside.

Hearing the name of Laosan, Zhenghao Xaio and Zhiming Cui were stunned and shivered.

"Asshole! What a jerk! Want to kill me? Who is so arrogant? I must find out who he is and let this bold person pay the price!"

Yunlong patted the table, stood up and angrily scolded.

The man who came to report earlier now stood beside Yunlong, shivering and sweating. If he had been the one guarding Laosan outside and the other person came in to report instead of him, he might have been killed along with Laosan already.

"Zhenghao, what's going on? What kind of people did you mess with? The man who brought him here said that you asked him to do so. What's the matter between you and Laosan? "

Yunlong looked at Zhenghao with displeasure and asked in a serious way.

At this time, Zhenghao was too scared to speak. He just sat there shivering with fear in his heart.

"Talk! I was almost killed because of you. You are keeping quiet now?" Yunlong came over and raised his hand in anger and slapped Zhenghao on the face.

Seeing that they could not hide it any more, Zhiming decided to tell the truth. He hurriedly said to Yunlong,

"Uncle, I'm sorry, it's not Zhenghao; I am to blame."

Yunlong looked at Zhiming in shock and heard Zhiming say, "I asked Zhenghao to help me find out where Mike Yue lived. We found out his address and asked Laosan to take him away. We took Feng to a hidden place. That guy broke my leg. I must take revenge. "

He added, "It's just...um...I didn't expect that boy was so insidious. I didn't know when he released the news and called in a sniper. Zhenghao and I

tried hard to escape from being killed by the sniper, but almost all of Laosan's men were killed. We didn't know what happened to Laosan after that, but he must have been spotted by the sniper."

After that, Zhiming bowed his head in embarrassment. After all, it was all because he wanted to revenge Mike.

Yunlong and those bodyguards immediately widened their eyes.

"A sniper?"

Yunlong didn't know such a big thing until this moment.

"You... did you know how dangerous it is? Why didn't you inform me in advance?" Yunlong sighed.

Zhiming stood up and bowed to Yunlong,

"I'm sorry, uncle Xiao. It was I who got you involved. I'll leave the Xiao Family now. After I leave, Mike and his men won't come to the Xiao Family again."

Yunlong's face changed,. He quickly grabbed Zhiming and said, "Why are you leaving? Your father and I are brothers. We are family, and you didn't implicate me. Besides, am I a coward? I'm only angry that you two little kids did such a dangerous thing without my permission. If you got killed by that sniper today, do you know how serious the consequences would be? "

Zhiming was ashamed, knowing that he was too reckless. He nodded and said, "I know I was wrong!"

Yunlong put down his hand and sighed, "Now the most important thing is to solve the problem. Now that we have already got into trouble, we have no choice but to completely solve the danger by eliminating them together. Especially the sniper. He's the most dangerous person."

Then he asked the Bodyguard Captain, "Did the snipers leave?"

The Bodyguard Captain said, "The person who sent Laosan over was the sniper. Since he had already hidden a grenade in Laosan, he should not be ambushing nearby. Laosan was seriously injured when he was sent here. I think the sniper's intention tonight is to provoke and warn us. "

Hearing this, Yunlong frowned and snorted, "Warn me? I, Yunlong Xiao, have been through numerous ups and downs!"

Looking at Zhiming and Zhenghao, he said, "From now on, you must pay attention to your own safety, and you'd better not go out. I will send someone to protect you 24/7, until I completely eliminate the Jiuding Group, the sniper and Mike. "

Zhiming and Zhenghao both nodded. They couldn't risk their lives participating in such a big scene, nor did they have the courage and ability to.

"I will destroy Jiuding Group sooner or later. I will take advantage of this opportunity to kill them all. But I have to ask a professional to ensure my safety," Xiao said.

Then he looked at the Bodyguard Captain, "Captain Zhou, you must know a lot of professional assassins. Help me to release a message that I'm going to spend a million dollars hiring a professional assassin to ensure my safety. It's better to be a mercenary who knows how to use guns. I want him to help me kill Mike and the sniper. "

The Bodyguard Captain nodded and said, "Mr. Xiao, don't worry. Just leave it to me."

...

Two days later, Yunlong's office in the headquarters of Xiao Group.

"Mr. Xiao, these five are top assassins. They are all mercenaries who have been on the battlefield."

The five assassins brought in by Captain Zhou were standing still expressionlessly, with a murderous attitude.

The five men were of different ages. The youngest was in his twenties and the oldest was a middle-aged man in his forties.

Yunlong stood up and looked at the five men up and down and directly excluded the youngest man. In his opinion, the older the assassin was, the more experienced he should be in fighting, and the more excellent his professional quality could be.

How much experience could a young man in his twenties have, after all?

"All of you are top assassins. My name is Yunlong Xiao. I want to hire the most excellent one among you to be my bodyguard for a month. The reward is one million dollars. I shall give the rest four assassins who are not hired fifty thousand dollars each as a gratitude for your coming here. I hope you will not find trouble with me in future."

Yunlong said politely to these people.

The five people present were real outlaws. Even if Yunlong was a big boss, he dare not pretend to be rude in front of these people.

"Don't worry, boss Xiao. We all abide by professional ethics. If we fail to be chosen, we should only blame ourselves for not being skillful enough. How could we find trouble with you? What's more, the one who could stand out from the five of us must be the master among the masters. Even if anyone of wants to find trouble, the outstanding person will certainly help boss Xiao solve the problem."

The middle-aged man said calmly.

Yunlong nodded and said with a smile, "We are all rule-abiding people, and I believe in you."

Then he looked at Captain Zhou and asked, "Captain Zhou, how do you think we can choose the best one?"

Captain Zhou said, "These five are the top assassins who have been carefully selected. They have been tested guns, speed and reaction ability before. To choose the best one, in my opinion, let's make it simple. All of them shall compete Kung Fu here. Nothing is allowed to be smashed. No knives or guns shall be allowed. Whoever stands still the end shall be the one to be hired by boss Xiao."

The five assassins nodded to show that they agreed.

"Well, let's start. Pay attention not to break anything, otherwise you will be out."

Captain Zhou said that, and quickly stood next to Yunlong, afraid that Yunlong might be hurt inevitably when they should fight.

Then, it was the fight among the five top assassins.

Soon they started fighting. These people were really the carefully selected experts. Their skills were so fierce that Captain Zhou, a professional bodyguard, could not help but marvel.

There were still differences between assassins and professional bodyguards like him. Assassins were assassins. Every move was a killing move.

Captain Zhou and Yunlong were watching attentively when they suddenly saw the youngest assassin walk to the sofa and sit down, pick up the fruit on the tea table and eat it.

Yunlong immediately frowned and shook his head slightly, thinking that this assassin was still too young. Maybe he was scared by the skills of the senior assassins. He was just here to make an appearance.

Soon, the winner and losers were obvious to see. Three of them had been knocked down by the middle-aged man.

"Ha ha! Good! Wonderful!"

Yunlong and Captain Zhou clapped their hands and cheered for him.

As expected, he was a veteran assassin with rich experience. He put down three top-notch colleagues.

"Boss Xiao, no hurry, there is still another one."

The middle-aged assassin said calmly, pointing to the young man sitting on the sofa and asking him, "Young man, what do you mean? You don't care to fight with us? Now that you're here, why are you playing deep?"

Yunlong was slightly stunned. He tried to ease the tension, so he said, "He must have come to learn from you. It doesn't matter. You have won. I'll hire you now."

As soon as he finished, the young man put down the half banana, stood up and looked at the middle-aged assassin with a smile.

"I like to be more straightforward. I choose to fight when you're finished, and the winner will be determined at once."

After that, he suddenly rushed over to the middle-aged assassin with a single lunge.

The middle-aged assassin's face changed. He felt the incomparable self-confidence from the young man, as if victory had been on his side by his smile.

Yunlong and Captain Zhou looked at the scene in horror and took a breath of cold air.

They both thought that the young man was coming here for fun, but they didn't expect that the young man was so good. Even Captain Zhou who's a profession couldn't catch his fast move.

The whole fight lasted less than twenty seconds, and the middle-aged assassin was held on the neck by the young man. As long as the young man put a little extra strength, he could break the neck of the middle-aged assassin at any time.

The middle-aged assassin was getting rigid, and the cold sweat ran down his neck.

"I started practicing deep squats at the age of four, and began to practice martial arts at the age of five. I may not be a top mercenary, but I am very skilled in killing people. Now, Senior, do you yield?"

With a smile, the young man looked up and asked haughtily.

The middle-aged assassin narrowed his eyes and sighed, "I yield."

Yunlong swallowed his saliva. He clapped hands with Captain Zhou and said excitedly, "Good! How wonderful! Little brother, what's your name? I shall deposit one million dollars to your account now!"

The young man smiled again, showing a harmless smile, "I am Fei Qi!"

## **My 18-Year-Old Wife - Chapter 175 I go undercover for you**

Mike Yue had come out of coma and he was still in the hospital. He pulled through the crisis and managed to survive.

He was, in fact, very badly hurt, but not mortally hurt. Moreover, he has superb physical qualities, so he pulled through.

"Zhiyao Xia, are you OK?"

The first thing Mike said when he came out of coma was to greet Zhiyao.

Zhiyao was tearful and she said in a surprised and distressed way:

"Of course I'm fine. They didn't take me. It's you who almost died."

"I'm sorry. I shouldn't have run and hid myself. I should have stayed with you."

Seeing the guilty look of Zhiyao, Mike coughed and said: "Stupid girl, why should you stay with me? They're after me, and if you're taken, I can't protect you. I must feel very apologetic if something bad happens to you."

"OK, don't be sad. I'm fine."

Seeing Mike trying to get up, Zhiyao quickly stopped him and scolded:

"You can't move. You just came out of coma and you need a good rest."

Mike smiled and lay down on the bed. Then he sighed and said:

"OK, I'm not moving."

To tell the truth, he was a little scared himself. This time if not for the timely arrival of Fei Qi, he would be disabled even if he wasn't killed.

"Is my leg okay?" Mike asked.

"It's all right, don't worry. It is just a little infected again. It's almost healed, but now you'll be in the wheelchair for another month."

After hearing that, Mike breathed a sigh of relief:

"That's good. Being in the wheelchair is better than being a lame person."

"By the way, where is Fei Qi?"

Mike was slightly excited, because he hasn't seen Fei Qi for two or three years.

"Ah, you mean the handsome guy who rescued you? He..."

When Zhiyao was speaking, the door of the ward opened. A young man came grinning from outside and greeted Mike, saying:

"Hum, you miss me?"

It's Fei Qi who came in. But he was wearing a hat and dark glasses.

Mike looked at Fei Qi, stunned. Mike thought Fei Qi's funny and annoying.

"Why you dress like that in broad daylight? Are you playing the Matrix?"

Fei Qi laughed and said:

"I'll explain it to you later. I brought dinner for my sister-in-law."

"Sister-in-law, have you had dinner?"

Fei Qi gave a box of fried rice to Zhiyao.

Zhiyao was stunned. Her face was as red as blood and she was too embarrassed to do anything.

Mike said angrily:

"She is not your sister-in-law. She is Zhiyao Xia, my younger sister."

Fei Qi was stunned and said:

"Your younger sister? All I know is you have an elder sister. Where did you get a younger sister?"

"Mark Duan has told me that Zhiyao took care of you all the time your leg was broken. She's living in your house, and you're still hiding it from me? You're being irresponsible. I'll tell your father."

Zhiyao was very embarrassed at what Fei Qi said. She took Fei Qi's fried rice and said shyly:

"I'll go to eat dinner and you enjoy your chatting."

After said that, Zhiyao ran away from the ward.

"Hey, hey, what a lovely little girl she is. You see her blush. I must be right."

Fei Qi said casually. Mike couldn't help shaking his head and said:

"Why are you getting more and more flirty during your two-year's stay at abroad?"

Fei Qi was stunned for a moment and then came to sit down, saying:

"Am I flirty? Tell me about you. Why have you been beaten like that? You are a disgrace to my grandfather."

Mike sighed and said:

"It's an accident. If I hadn't broken my leg, how could I have been beaten by them like that? Fortunately, you came just in time. Otherwise you can only talk to my picture on the wall to cherish the memory of me."

Mike looked at Fei Qi's strange costume and asked:

"By the way, why are you dressed like this?"

Fei Qi smiled mysteriously and said:

"I went to be Yunlong Xiao's bodyguard. Tomorrow I'm officially going to keep his safety. I have to cover myself so he wouldn't know I am coming to see you in the hospital."

After hearing that, Mike kept his eyes open wide.

"Yunlong Xiao? You are a bodyguard of him?"

Fei Qi patted Mike on the shoulder and accidentally tapped his wound, which made he look fierce in pain.

"I go undercover for you." Fei Qi laughed and said. Fei Qi told Mike about what happened after he was admitted to the hospital.

After Mike calmed down, he smiled suddenly and said:

"That's interesting. You're smarter than you used to be."

Fei Qi said proudly:

"Just as the saying goes, you have to have a firm hold over the emperor to oppress the princes. Yunlong wants to ask someone to kill you and me, but he doesn't know I am his bodyguard and the sniper. Ha, ha."

"Then we can work with each other to take him down. As the master of Xiao family is in my hands, won't they obey my orders?"

After hearing that, Mike nodded and said:

"You must pay attention to safety."

Fei Qi said:

"Don't worry. I'll be fine. I've been bombarded with bullets and escaped from doom during the past two years. It's live ammunition. That's a lot safer here at home than abroad."

"To tell you the truth, I have come back for asylum this time. I got in trouble abroad and was wanted."

Mike opened his eyes wide immediately:

"What did you do?"

Fei Qi laughed and said:

"I killed a leader of a group by shooting him in the head with a sniper rifle by mistake. The group has a lot of power abroad, and the entire group is after me, with a \$50 million bounty on my head. I'm no match for them, so I came back."

"I haven't told my grandfather about it. You mustn't say anything, or he'll break my leg."

After hearing that, Mike swallowed saliva and said:

"I think you don't know he will break your leg. You are the only relative to him. You'd better not go abroad. If you are killed, who will take care of him?"

Fei Qi sighed and said:

"I know, so I'm not going to go abroad. I'm just staying in our country. Our country is forbidden to mercenaries, who dare not come here to avenge me with great fanfare. My grandfather asked me to come to Tianhai City to protect you, so I will always be on your side in the future."

"You have to find me a place to stay. I'm still staying at a hotel."

Mike nodded and said:

"You can live in my house for the time being."

Mike welcomed Fei Qi's arrival. Fei Qi is, after all, a brother who has grown up with Mike. And Mike will have someone to keep him safe if such an accident happens again.

Fei Qi is a master of fighting.

However, there's a little discomfort for Mike. Fei Qi has been a chatterbox since he is a child. Mike thought he would be bored to death by Fei Qi if Fei Qi stays with him every day.

"By the way, keep this small pistol for your own protection. I won't be with you recently. If something happens, you won't be taken away again. If you're taken away again, I guess you'll be killed."

Fei Qi took out a tiny pistol from his waist and stuffed it directly under Mike's pillow, saying:

"I'm leaving. So that Yunlong won't discover our relations. Hey, hey."

Fei Qi waved to Mike and walked out of the ward.

But as soon as the door closed, Mike heard Fei Qi slip and fall to the ground.

Then came Fei Qi's curses.

"Fuck! Which idiot threw banana peels around? Does he have any merit left?"

Mike laughed and shook his head, speechless.

## **My 18-Year-Old Wife - Chapter 176 Mingyu Sun's Declaration**

It had been more than half a month, and Mike Yue had been in the hospital to recover.

He wanted to leave the hospital and recover at home, but the doctors wouldn't agree, after all, he was injured seriously this time.

During this time, Fei Qi had been keeping Yunlong Xiao under close protection.

On this morning, a young man was helping a pregnant woman go to the hospital for a pregnancy test.

The pregnant woman, obviously, was Yuting Chen , and that young man was no one else but Mingyu Sun.

"Yuting, be careful, don't slip down from the upstairs."

Mingyu assisted Yuting so carefully when going upstairs, as if the baby which in Yuting's belly was his child.

Yuting had stopped her work to raise her baby at home. She had to rest well because her belly was getting bigger day by day. There would be some bad influence on her baby if she worked again. Secondly, it was not suitable for her to work well in this situation.

After arriving at the hospital, it took one hour to line up and checkup, and then the pregnancy test had been finished. Yuting was sitting in the first floor lobby to have a rest. Mingyu took the test report and some antenatal pills for Yuting and said with a smile.

"The pregnancy test report is fine, and the baby is healthy, and you too."

"This is the doctor's prescription for you, remember to take it on time when you get home."

Yuting was very happy after she read the pregnancy test, then she looked at Mingyu and said gratefully.

"Thank you, Mingyu, I wouldn't have been able to do anything if it weren't for you during this time."

"You, a general manager, taking care of me like a nanny every day, it's really troublesome for you."

Mingyu got embarrassed, scratched his head and smiled.

"It doesn't matter, we are friends right?. Why should we be so polite?"

After saying that, he looked a little serious and asked Yuting.

"But the baby is coming in two months, obviously it's inconvenient for me to take care of you."

"Even if you hire a matron, she can only take care of the baby, not you at the same time. Why don't you give your family a word and ask them to come to Tianhai City to take care of you?"

After hearing that, Yuting hung her head , silent .

How dare she told her parents and asked them to take care of her. When her parents came and asked who the father of her child was and where he had gone, how would she explain?

Although Yuting's family style wasn't as strict as a scholarly family, this kind of thing like being pregnant before marriage, even the father of the child was missing. Her parents would definitely not be able to tolerate it, and it would be a nice result if they didn't break off relations with her

When Mingyu asked her about her family, Yuting was silent every time. Now seeing that Yuting was silent again, Mingyu had no choice but to stop asking.

He sighed.

"But someone has to look afer you, and also, the baby is not only yours."

"I think...the baby's father must take some responsibility. He has to, and you still..."

Yuting became a little excited after hearing his words and shook her head repeatedly .

"No, I won't tell him."

"He's got his own love and family, and I won't bother him anymore!"

Mingyu frowned slightly and said.

"But even though he has nothing to do with you anymore, he must take some responsibility for the baby. It is his duty. Do you have any idea how hard it would be for a single mother to bring up a child?"

Yuting still shook her head and said with a lump in her throat.

"I can raise the baby, and when I give him birth and rest for a while, I'll go back to work."

"A single mother is able to raise a child."

Seeing Yuting like this, Mingyu, who had taken care of her for a long time, felt bad as well. He liked Yuting very much, otherwise he wouldn't have swallowed his pride to take care of her like a nanny.

"Then let me be his father!"

Mingyu grasped Yuting's cold hands suddenly and said seriously and excitedly.

"Let me be his father, let me be your husband, let me take care of you both!"

At this moment, he finally couldn't hide his feelings for Yuting so that all of them exploded out.

It was as if he had made a great determination, but once made, he would not go back on his word.

All of a sudden, Yuting was shocked, stunned on the spot, and she didn't know how to respond.

Coincidentally, Zhiyao Xia bumped into this scene downstairs when she was on her way back to the hospital to take care of Mike Yue after eating out.

It was a real coincidence. The hospital where Yuting came to take the pregnancy test was the same one where Mike Yue was hospitalized.

Zhiyao was stunned when she saw Yuting, and didn't recognize that it was Yuting at first. But after repeated confirmation, she found that the woman was really Yuting and her stomach was slightly bulging, so it couldn't be a coincidence.

"Yu... Yuting?"

Zhiyao was stunned.

She saw that Mingyu was holding Yuting's hand tightly, with deep feelings in his eyes. For a while, Zhiyao couldn't help sneering at Yuting.

"Come on, she really has a boyfriend..."

Zhiyao frowned slightly and muttered to herself.

"My brother broke his leg in order to find you, and you could have made it clear to my brother. But you, leaving without a word, what do you mean?"

For Yuting, Zhiyao had thought that she was a good woman initially, but now she thought that Yuting was a bit much.

Pregnant but still with another man? Either she had an abortion, or came back to live with Mike Yue. Did Yuting want to make Mike Yue have trouble in himself all the time, or let that man be the father?

It was irresponsible to all people, both herself and the child.

Zhiyao couldn't help going over to Yuting to get her reasonable explanation, but after thinking about it, she gave up.

Firstly, she and Yuting didn't know each other, and secondly, Mike Yue wasn't going to look for Yuting anymore, so why would she make Mike Yue upset?

If Mike Yue didn't look for Yuting, he wouldn't have broken his leg, and he wouldn't have been captured by Zhiming Cui if his leg didn't break. Zhiyao was angry with Yuting, so she wasn't going to tell Mike Yue about seeing Yuting here.

After shaking her head, Zhiyao didn't look at them and went upstairs.

"Yu...Yuting, I like you, seriously!"

"Let me take care of you, okay?"

Seeing that Yuting was silent, Mingyu was a little apprehensive.

This was the first time for him to declare his love to a girl, and he was afraid of being rejected.

Yuting's body trembled, and she said in a trembling voice with tears welled from her eyes.

"I'm sorry, I can't promise you that."

"We're...not right for each other."

# My 18-Year-Old Wife - Chapter 177 There's Only One Man in My Heart

Mingyu Chen took Yuting back home.

Yuting's face was still blushing, she said to Mingyu seeing that he stopped at the door: "Come in, take a break."

Mingyu looked depressed. He finally gathered up his nerve and laid bare his love to Yuting but was met with Yuting's refusal, not knowing if he had saw it coming.

"Nah...no, thanks, I still have some errands to run in the company. Take your time resting, and don't forget to take your pills." Said Mingyu smilingly, though his heart was burning.

Yuting wasn't feeling well either seeing the way Mingyu looked.

She was two years older, and she had sensed Mingyu's love those days. But she didn't take it seriously since she was pregnant and Mingyu was from a wealthy family, in no way did she saw a possibility of Mingyu really loving her.

Besides, why would Mingyu choose her? He could basically date any woman he wanted given how talented and competent he was. It could be just an impulse of youth.

That was why she was shocked when Mingyu laid his love bare.

"Mingyu," She stopped him as he turned around and was about to leave and apologized, "I...I'm sorry."

"There's no need to feel sorry," Mingyu put his hand on the back of his head and smiled, "That's how love works, you don't need to apologize. I really like you, Yuting, want to shelter you, protect you. I'm doing this because I love you, though I can't recall when did it begin. I won't quit, and don't ever feel guilty for turning me down, things like this can't be rushed."

Mingyu's word moved Yuting deeply. She was a woman in desperate need of caring and loving, but being moved doesn't mean being in love, otherwise she would've abort the child back in Chuzhou City.

"Don't waste your time on me, Mingyu." Said Yuting, sobbing, "You're the manager of our company, you deserve better! I'm pregnant, I mind it even if your parents don't! You're just around twenty and there are so many wonderful things for you to see in your future, why chose me? Save your time for your business, I can't take your kindness and love while keep turning you down, that's not fair. I will take care of myself."

Tears swelled up in Mingyu's eyes, but still he smiled and said: "You're pregnant, so what? People's talking is nothing as long as I don't care, not even my parents could tell me what to do. I know why I love you, how dare I call it love if I can't stick to it, trying my best to be together with you? Don't call it unfair, I find it fair! You deserve this, trust me!"

Mingyu's persistence made Yuting emotional, but she held on to the thought that Mingyu should not waste time on her.

"I'm grateful for what you've done for me, but that's it. You're my friend, that's it! Gratitude equals not no love, I don't love you, Mingyu!" Yuting's voice was getting serious, "Do you have any idea why I chose to keep the child! I know the divorce was getting near when I conceived this child, but I love that man! I don't want to hurt you, Mingyue, but there's no place for any man in my heart but him!"

Mingyu was thunderstruck, heart stricken with great pain. He thought Yuting would at least take a tiny shine to him, but it turned out she had always love the man that left her alone.

"I..."Said Mingyu, heart burning,"I see, but you told me that he had married and...that meant there's no chance for you."

He looked into Yuting's eyes and said:"You will marry someone eventually sooner or later, your child needs a father. Why can't that father be me? We still have so many time to learn more about each other. I won't quite, Yuting, I never quitted on anything I decided to do. Just...rest yourself, I'll head back to the company."

Then he ran downstairs and left.

He didn't want to stay for even one more second longer lest he was met with Yuting's refusal again.

Yuting froze and started crying. She regretted having been together with Mike, otherwise she wouldn't have ended up like this. But still she couldn't get Mike out of her Mind, and the times they spent together.

No matter how kind and loving Mingyu had been to her, it just couldn't outweigh what was left in her memory when she and Mike were together.

In the hospital, Zhiyao brought takeout from a restaurant to Mike.

Zhiyao looked worried as Mike enjoyed the meal. She wasn't sure whether she needed to tell Mike that she came across Yuting in the hall. Worrying that neither way she did would end up well, she decided not to tell Mike about it.

"I'm about to check out these days, being in hospital is just, well, uncomfortable." Said Mike after he finished his meal.

"Huh?" Said Zhiyao, frowned, "But the doctors said you need to stay here. Just listen to him and stay until you completely recover."

Mike smiled: "I know my body better than anyone else does, resting at home is no different to resting here."

Zhiyao nodded, thinking that the recovery had been going great.

She hesitated for a while and asked: "Mike...are you really not going to see Yuting anymore?"

It surprised Yufeng, he sighed and said: "No, she's got a boyfriend already, no need to bother her. It was me that wronged her, I wish her all the best finding the right person for her. But I just don't get it that she insisted keeping the child."

Then he frowned and shook his head: "I have to take the responsibility of a father once the child is born. I'll see her again after that, now I couldn't even walk without people helping."

It was a great relief to Zhiyao seeing that Mike no longer loved Yuting, she nodded and said: "That's really responsible of you! Will you let me be your child's godmother?"

Mike laughed: "Sure!"

But soon he frowned again, which Zhiyao noticed and asked: "What is it, Mike?"

"Who's the man you met when you came across Yuting last time in the dining hall? I told you to put me on video chat, remember? I probably had seen him before."

Not wanting Mike to think about it, Zhiyao said:"Then don't bother reminiscing, you're not gonna see Yuting again anyway, just forget it."

Mike nodded and sighed:"Yeah, you're right."

## **My 18-Year-Old Wife - Chapter 178 Mission: Assassinate Mike**

"Fei, I need to borrow a fifty-million loan from a bank of Huafeng's group. This quite a meaningful amount of money, I want you to escort it." Said Yunlong Xiao to Fei Qi in his office.

Fei was surprised hearing the number, but he remained calm and said:"Sure, boss, where to?"

Yunlong asked Fei to sit down and said:"The new bank we just started. That is our first bank that revolves around financing and targets the rich ones in Tianhai City, it would be a great complement to the financing company I already have, bringing me more money to keep the business prospering."

"But we need a base to build a skyscraper, the president of Fenghua Group is my friend and he had agreed to lend me this money, the fifty-million you need to escort."

Fei nodded and said:"Roger. There should be no trouble in this mission, I've never heard anyone bald enough to rob a armored bank car."

Yunlong frowned and said: "This is not my concern, it's just that the bastards of Jiuding Group may take this chance and get back at me, since we've hit them hard in their business these days. They are a bunch of rule-breakers since Jiuding was the company that merged Cheng's group. That's fifty-million that we risk losing if anything happens."

Fei replied: "You may have some ideas already since you've called me here, sir. Walk me through your plan and I'll carry it out."

Yunlong looked at him and uttered slowly: "I want Mike Yue, president of Jiuding Group, dead. His group would collapse from within after it and then I could safely take the fifty-million to my bank."

Fei looked calm still, since it was just a matter of time to kill Mike.

"When exactly?" Asked Fei.

Yunlong leaned back on his chair and crossed his leg: "The sooner the better. It's Friday today and I'll get that money in my bank next Monday."

Fei nodded and replied with great confidence: "Roger, I'll collect information today and carry out the plan tomorrow."

Yunlong laughed seeing the confidence on Fei's face: "You have my full trust. There's no need to collect information, he's in hospital right now but protected by a sniper, it would be a trouble to you."

Fei laughed as well: "Assassination without trouble is not an assassination, sir. Every battle I participated when I was a mercenary was a life-or-death situation, and I've got a long list of snipers I took down. The only thing you need to do is to wait for my good news: the death of Mike and his sniper."

Fei showed no respect in his words but only politeness thought Yunlong was his boss.

But Yunlong was not offended at all, instead he appreciated the baldness of Fei. He laughed again and said: "Sure, just he result. The money would be safe once Mike and his sniper are dead. You'll be rewarded five-hundred-thousand, deal?"

Fei smiled: "Deal!"

In the after noon, Mark visited Mike in the hospital.

"Kill me?" Mike frowned hearing what Mark told him.

Mark nodded: "Yunlong's bringing fifty-million bucks borrowed from Fenghua Group to his bank. He gave order to Fei to kill you and your sniper by next Monday lest you cause him trouble. Fei's asking for your idea about this."

Mike sit up from the bed and started considering, so did Mark: "Yunlong didn't know that Fei was the sniper, we could just play along. The problem is Fei is both your sniper and Yunlong's bodyguard, we need another sniper to carry out this plan."

Mike turned around and said: "I want that fifty-million."

Mark was surprised, failed to catch up with Mike: "Seriously? We're talking about how to play along to hoax Yunlong, not how to get his fifty-million, robbing that car is a serious crime here, bro!"

Mike replied calmly: "Would it be hard for us to get the money after we hoax Yunlong? Fei was commanded to escort the car, that's like delivering the money right to us."

Mark immediately rose from the chair in great astonishment and asked: "You're really gonna do that?"

Mike smiled and said: "Will you turn down a chance like that? For all the battles we had with him he had caused us more than enough trouble, he owes this to us! This fifty-million borrowed from Fenghua Group should be quite important to him. Once we snatch the money out of him, it would be a one-hundred-million lost to him, you see? He will have to use his own money to fix it, which would damage his stock, and then one thing lead to another, and another, and another. That's why he wants to kill me."

Mike's words interested Mark: "So it would be a tremendous hit to this bastard, and then we seize the chance and fight back, we may get rid of them for good!"

Mark got excited. He sat down and continued: "First things first, Fei had to 'kill' you and your sniper, where do we find a sniper then?"

Mike replied: "Even if we could find one and carry out the plan, it's not secure enough."

Mark was confused and ask: "What's the problem?"

Mike squinted and said: "Yunlong had never seen this sniper who just disappeared after getting that Cao's guy to him. He may find it suspicious that Fei just kill me and this sniper without any trouble. Fifty-million is quite a meaningful figure, it's possible that Yunlong would send someone else escorting the money once Fei, well, kill me?"

It enlightened Mark, surprised him as well. He would be suspicious to it if he were Yunlong.

So he asked: "Then? You and your sniper must be killed otherwise Fei won't be fully trusted by him."

Mike thought about it and said: "Then let's get the sniper working. Yunlong hired Fei with a million bucks for killing my sniper, he's afraid it. Then we can use this: send the sniper to assassinate him, to make him aware of the sniper's existence and has threatened his life. Then we play along with Fei, kill the sniper. Think about what Yunlong would do to his lifesaver? He would definitely send Fei to escort his money after this."

Mark slapped his thigh and laughed: "Great idea, bro! So where do we find this sniper then?"

Mike smiled and said: "Ask Fei."

## **My 18-Year-Old Wife - Chapter 179 The Sniper Showed up**

After planning up the transfer of the fifty-million next Monday with the president of Fenghua Group, Yunlong Xiao headed back home and handed Fei a tie when they got there and said: "Suit and tie, Fei, suit and tie. Put this one on, I asked captain Zhou to get it for you. You know how those high-class people are like, don't forget to put a tie on next time."

Fei sat right next to him to protect him, he was also living with him those days lest any trouble or danger showed up. It was obvious that Yunlong treasured his life.

Fei took the tie and smiled back: "Sir, this could be a weapon with which I get killed. I appreciate it, but no."

Then he handed the tie back.

Yunlong was surprised but soon laughed: "Sorry for being a layman, well, then I'll keep this tie, you're my Mr Big now and I can't risk losing you."

When they were about to get off the car, a sudden gunshot came.

A bullet went straight through the head of Yunlong's driver and Yunlong's face turned pale out of fear immediately.

Fei quickly grabbed Yunlong by his back and both hid behind the chair.

"What happened!" Shouted Yunlong, terrified.

"Sniper!" Replied Fei sternly.

Having never seen the sniper in action, Yunlong was trembling in fear. He hadn't saw it coming that the sniper would come for him.

Meanwhile, captain Zhou and his crew get off from the cars following Yunlong and hid themselves in covers.

"Is boss safe, Fei?" Shouted captain Zhou.

"He's fine, driver's dead!" Replied Fei.

But there came another gunshot, one of captain Zhou's man was killed though they had found cover.

Bang!

And another, three men died in just half a minute.

The tension kept rising as if death was drawing near everyone of them.

Yunlong lied down in the car and dared not make a sound lest the sniper found him.

"Damn it, where the hell is this bastard! He is gonna kill all of us if we don't do something!" Shouted captain Zhou angrily.

Fei looked up to the head of the driver.

The bullet hit right between the eye, Fei thought about the angle and the approximate range of a sniper rifle, and shouted to captain Zhou: "Eleven o'clock, about a kilo or a kilo and a half away. There are three buildings in that distance and he should be hiding on the top of one of them. Get the gun and find him, I'll protect boss!"

Then he took a pistol and threw it outside through the window.

Captain Zhou immediately grabbed the gun and started running.

Though not as skillful as a professional killer, he ran the security team of Xiao's family and was well-experienced. He kept moving from cover to cover and made his way to the destination, during which time the sniper fired two shots but both missed.

"What do we do now, Fei?" Asked Yunlong in a trembling voice.

"Don't worry, captain is on his way to the sniper now, shouldn't take more than ten minutes," Replied Fei, frowned, "We just need to wait for ten minutes, that bastard should run knowing that someone is coming for him."

Times ticking, and no shots came.

But everyone stay hidden, not knowing whether the sniper had left.

It was like ten hours for Yunlong.

Ten minutes later, Fei grabbed the driver out of the car and hopped on the driving seat, stomped on the gas pedal and crashed through the gate of Xiao's house and park the car in the yard.

He immediately took Yunlong out of the car and dashed into the hall.

"Do you have a basement here, boss?" Asked Fei as he closed the windows and doors and dropped the curtain down.

"Yes, in my study!" Replied Yunlong, still looking pale.

Fei took Yunlong, his wife, Zhiming and Zhenghao all into the basement and said: "Boss, take this pistol, don't open the door until I come."

"Are you leaving? You're dad's bodyguard, shouldn't you be staying with us?" Asked Zhenghao, nearly crying.

"Captain is hunting that sniper now, and Mike is definitely under no protection in the hospital. You want him dead, right, boss? I'll take him down now, it's now or never."

As much as Yunlong wanted Mike dead, he prefer his own safety: "You'd better...stay, Fei, there will be another chance."

Fei sighed and said: "The money will be transferred on next Monday, and we only have two days left, this is the perfect timing to get rid of him. None can get in the basement once locked from inside, you'll be safe long as you don't open it."

Zhiming rooted for Fei: "Uncle Xiao, Fei's right, it's now or never!"

Yunlong hesitated but eventually nodded and said: "Okay, just make it quick."

And soon he asked: "What if captain Zhou came back?"

Fei shook his head: "No, have you ever wondered why that sniper choose to assassinate you tonight?"

It shocked Yunlong, and soon he asked: "They know we want to kill Mike, so they want to kill me now?"

Fei nodded and said grimly: "That's right, the sniper knew it right after you gave me the order, isn't this strange? There's gotta be a mole among us, think about it boss, who else know our plan?"

Yunlong frowned and uttered: "Only a few administrators of our company and captain knows about me borrowing money from Fenghua Group, but only you had my order of killing Mike, captain was just assigned to escort the money."

Then he looked at Fei strangely.

Suddenly the atmosphere in the basement turned subtle, even Zhiming and Zhenghao were looking at Fei with great astonishment.

Fei shook his head and sighed: "You're not doubting me, are you? Check the tie you just handed me, it should've been bugged."

Yunlong immediately took the tie out of his pocket and tore it open, inside was a small microphone.

"Damn..." It shocked everyone in the basement.

Fei sneered: "It's from captain Zhou, right? Then why is there a bug in it?"

## **My 18-Year-Old Wife - Chapter 180 Captain Zhou Betrayed Us**

The hospital was quite at night, few people were working except the emergency department. Patients were all asleep already, especially those of the fourth and the fifth floor.

Mike was on the fifth, where the lights were all switched off and left the hallway in in darkness.

A doctor walked up the fifth floor and headed straight to Mike. He gently opened the door, walked near Mike and grabbed a pistol equipped with a silencer and laid a few bullets on Mike. The blood soon flooded out of Mike's mouth and soaked the bed sheet.

The "doctor" took a few pictures with his phone and sent them to Xiao.

"Adios."

Fei laughed and waved goodbye at Mike, then left.

But soon after the door was shut, Mike suddenly opened his eyes and sat up from the bed.

Fei headed straight back to Xiao's house.

Captain Zhou had also come back, and the look on his face told that he failed to catch the sniper.

"Finally you're back, Fei. Boss just won't open the door for me!" Said captain, swarmed up to Fei with his crew.

Fei gave him a subtle smile and said:"He won't until I'm back."

Captain frowned as Fei walked into the study and felt irritated. It was like Fei took over his job ever since Fei became close to Yunlong, who put Fei in charge of everything that he used to be in charge.

"Boss, it's me, Fei." Fei knocked on the door and said.

"Thank god you're back!" There came Yunlong's voice from the basement.

"Yeah, I'm back."

The cunning face smile on Fei's face turned into a warm welcome of excitement when the door of the basement was opened.

"Mission accomplished, boss, told you we can't lose this chance." Fei helped everyone out of the basement.

Clearly Yunlong had saw the pictures Fei sent him, he patted on Fei's shoulder and smiled, though still in fear:"Nicely done! That's my man!"

Captain Zhou was confused:"Sir, what mission?"

The smile on Yunlong's face was gone when he saw captain. He had never saw it coming that his own man would betray him. It could only be captain Zhou that planted the bug in the tie.

Yunlong called his people in the company to check his own office and found two mores bugs, and the security of the company was placed in charge of Fei and captain Zhou.

Who else could it be then?

"Don't bother, did you catch the sniper?" Asked Yunlong, grimly.

"Sorry sir, I didn't." Replied captain, head down, "It was too agile of him, I saw him and shot him, but missed and he ran away."

Yunlong sneered, placed his hands in the back: "Or you let him run away, is it?"

It shocked captain and his crew, and captain asked: "What do you mean, sir? I'm on that sniper's side?"

"Get the fuck out of here! We've known everything!" Shouted Zhenghao as he walked near captain: "My dad trusted you so much, and this is what you do to thank him? Trying to assassinate him? Is that your gratitude?"

Clenching his fist and withholding his anger, captain Zhou asked: "You'd better make it clear, I'm not a betrayer!"

Yunlong sneered and tossed the bug to him and said: "We found this in the tie you bought, now explain it!"

Captain grabbed the bug, looking shocked. He replied anxiously: "It's impossible! You did ask me to buy it but I didn't do anything to it! You have to look deeper into this thing, Sir, why would I ever plant a bug in it? I've worked for you so many years, you know how loyal I have been!"

Fei was standing aside, watching how the drama would go and trying his best to withhold his laughter.

“Stop it!” Yunlong was pissed off, “Who else would have the chance to plant the bug? And even if you didn’t plant it, why didn’t you find it before you gave me this tie?”

Captain Zhou was speechless, but soon he looked to Fei and seemed to realized something, he pointed at Fei and shouted: “It’s you! You bastard set me up!”

Fei put on a confused look and scolded back: “Bullshit! You bought the tie and how the fuck am I supposed to know which one you would buy if it was me that planted the bug? Don’t try to set me up in this, you bastard. Boss had paid me a shitload to be his bodyguard, why would I betray him?”

Then he whispered to Yunlong: “He must have some connections to Mike and that sniper, otherwise how did the sniper know that you would come home tonight? Check his phone, there must be something in it.”

Captain Zhou looked at Fei as his eyes blazing with anger.

Yunlong immediately asked the bodyguards to get the phone out of captain.

“Sir, will you?” Said captain Zhou’s crew, looking embarrassed.

He took a few steps back and started into Yunlong’s eyes with great disappointment: “For all these years I have served you with my maximum efforts to keep you and your families, now you’re doubting me because of this freshmen, Fei, that’s so ridiculous of you!”

"If you're innocent, Long Zhou, I will apologize once we figure all this out. And why don't you just hand me the phone if you're really innocent?"

Face crawled up with grievance, captain Zhou took his phone out and said: "Take it!"

Yunlong took the phone and looked to Fei: "Yours as well, we need to play fair."

After a quick hesitation, Fei took his phone out as well.

After checking the record of calls, texts and chat history on Wechat, Yunlong gave back Fei his phone, clearly Fei was innocent.

But when he laid eyes on the record of calls on Yunlong's phone, he found a nameless number, which captain Zhou had called quite many times.

Yunlong frowned, and soon found a text from that number: "Be there in a minute."

Yunlong was incensed, he showed captain Zhou the text and shouted: "What the fuck is this!"

## **My 18-Year-Old Wife - Chapter 181 A Text in The Phone**

"Tell me what is this, you bastard!"

Everyone was shocked as Yunlong Xiao showed the text on captain Zhou's phone. It was sent by captain himself when Yunlong was about to get home, which revealed basically everything.

Captain Zhou lost everyone's trust at that moment.

"How dare you to defect us and even try to kill uncle Xiao with those wankers!" Exclaimed Zhiming.

Captain was staring at the phone and the text on it, he had no idea how did it happen, for he was sure he had never done it.

"It's just impossible!"

But he was pinned down by his own crew before he got to get closer to Yunlong.

"I didn't do it! It must be Fei that set me up!" Shouted captain, eyes all red.

But Fei remained calm and said:"It's your phone and it's been on you all the time, then tell me how did I make it, sending a text with your phone? You'd better stop trying to drag me into this shit, now tell us: is the one you sent this text to that sniper?"

As desperate and angry as captain Zhou was, there was nothing he could say in his defense.

He had no idea how did that text appear in his phone, but it was also true that it was impossible for Fei to used that phone to text anyone, since Fei was in the other car with Yunlong when the text was sent.

"I have no fucking idea! I didn't send the text, what the fuck is all this about?" Cried out captain Zhou, desperately.

Yunlong shook his head in great disappointment: "I could've been killed if it weren't for Fei protecting me back then. It is so grateful of you, Long Zhou, how much did they pay you to make you defect your loyalty to me?"

"Trust me, sir, I would never betray you! Don't let them cloud your sight!"

Yunlong lost control and walked near captain on the ground and landed a few kicks on his face: "Then fucking explain this! Who's behind this number? Why did you text him at that moment!?"

Face covered in blood and grievance, captain Zhou sobbed, face twisted in both anger and disappointment, he had never saw it coming that such thing would happen on him: "I don't know!"

Zhiming walked near and said: "Call this number now with this phone, uncle Xiao, maybe we can find something."

Yunlong immediately made the call and put it on speaker.

The call soon got through and they were met with an angry voice: "Where have you been, you bastard? Boss was killed in the hospital!"

Then silence came, both in the room and on the phone.

Captain Zhou shouted at the phone: "Who the fuck are you!"

But the call was hang up immediately.

There came the final conclusion of everyone that captain Zhou was the betrayer. Boss was killed in the hospital, clearly the boss was Mike.

And it was not a difficult leap to know that the man on the other side of the call was the sniper.

"Anything left to say, Zhou Long?" Said Yunlong as he trembled in rage, barely held himself from shouting.

Suddenly, captain Zhou quickly shook his crew off him, rose to his feet, snatched the phone out of Yunlong's hand and ran away.

It took the others a while to realize what just happened, Fei ran to Yunlong in no time and sheltered him behind his back, then shouted to the crew: "Get him!"

The crew then started to chase down captain Zhou.

"Are you alright, boss?" Asked Fei.

Hand placed on his chest, Yunlong shook his head: "I'm fine, damn this traitor! It was so lucky of me to have hired you as my bodyguard, otherwise my whole family could've been killed."

Yunlong's wife and Zhiming all got near and consoled him as Zhenghao was still cursing how ungrateful captain Zhou was.

Yunlong waved his hand and said: "Take a break, all of you. Shut all the doors and windows, I have something to talk about with Fei."

After everyone was gone, Yunlong said to Fei sternly: "It must be the sniper over the call, 'boss was killed', then Mike is dead now. Do you think this sniper will get back at us, Fei?"

Fei sat down and answered: "Sure he will, we need to kill him before Monday."

Yunlong continued, sternly still: "It won't be easy, we don't even know what he looks like."

Fei stopped for a while and said: "We need to gather information of him starting from Mike's personnels, bribe them, and from other pro killers. He must be a famous one even among the killers. That wouldn't be hard, but quite costly."

Yunlong frowned and said: "It was too dangerous a man to be left out alive, find him and kill him! I'll give you three millions to find him, and just inform me if you need more."

Then he handed Fei a bank card. Fei took it and nodded: "Roger, boss, he would no longer be a danger to you."

Yunlong patted on his shoulder and said: "And Long Zhou, never even imagined him betraying me. He's on my list as well, you know what we do yo traitors, Fei. Get some rest today, and kill that sniper before Monday."

Fei sat up and replied: "Certainly I well. I'll be resting in the car lest anyone else shows up."

Yunlong was delighted by Fei's loyalty: "Thank you."

Fei got back in the car and shut the windows and doors.

Then he reached under the seat and took a phone, which was identical to that of captain Zhou's. Actually, that was the real one, the real captain Zhou's phone, in which there was not suspicious texts or calls.

Fei put it in his boots, planning to ditch it the next day.

He couldn't help but giggled and uttered: "Fools!"

He lay down on the driver's seat and fell asleep.

Meanwhile, captain Zhou was still trembling in great grievance. He didn't betray Yunlong nor contact the sniper, he still had no idea how did everything happen.

He didn't stop running until he got under a bridge, took out his phone and checked.

Soon he found it out: "Fuck it, this is not my phone!"

He realized it was Fei that betrayed Yunlong, probably he was working with that sniper.

But Yunlong would trust none of his words even if he dared come back to Yunlong.

Suddenly, he felt a piece of cold metal placed on the back of his head, which made him raised his hands.

"Turned around."

It was a man.

Captain Zhou turned around and saw the face of the man holding the gun, and was stunned: "You!"

## **My 18-Year-Old Wife - Chapter 182 Where The Sniper Is**

"Do you think Fei can make it out alive, Mike?" Said Mark Duan, walking around on the silent street, pushing a wheelchair on which sat Mike.

"Sorry?" Said Mike, leaning back on the chair, bloodstains already cleaned, laughed hearing Mark's words.

"Yunlong's got quite many bodyguards, and if we missed something in your plan you'll never see that fifty-million." Said Mark, on their way home.

Mike smiled and said: "You don't have to worry about Fei, nothing would happen to him even if he's compromised. I've never won him in any fight we had back when we were kids, not to mention he had spent years living in battlefield. Isn't it enough to show you how tough he is that he is still alive?"

Mark giggled and said: "So what he told me was true, you being, say, bullied by him in childhood, and then your grandpa would beat you again, ha!"

Mike rolled his eyes over and said: "As long as he sticks to our plan, replace Long Yun's phone with what we've prepared for him, a phone that was programmed with call record and that timed-bomb like text, things would go smoothly."

Mark nodded and said: "I would thank Fei as well if I were Yunlong, he would definitely trust Fei after this."

Mike continued: "And the call, they would surely call that number to see if it belongs to the sniper. Once the sniper asked Long about my death, it would be the last step of our plan. See? Long's betrayal and my death, two birds in one stone. Perfect, isn't it?"

Mark was marveled by Mike's intelligence: "The only problem could be that sniper we found, do you think he would just take Fei's gun, that two-hundred-and-sixty-thousand bucks one, and run away? Fei didn't even sell it when someone bid a hundred million on it!"

Mike said: "Fei appoint the sniper himself, surely he trusts him, and I trust Fei, that's it. Also, that guy knows who Fei really is, unless he plans not coming back this country for good. And is there any killer that would turn his back on a one-million contract?"

They were about to reach Mike's house, and Mike caught sight of Dinah waiting for him at the entrance, dressed in red.

"Set up a funeral of me tomorrow, we have to give them a hundred percent guarantee that I'm dead." Said Mike to Mark after a while, "And I won't be out for these days until I get that fifty-million."

Mark nodded and wheeled Mike to Dinah, he stayed there until Dinah wheeled Mike inside their house.

He murmured as he left: "What a nice lady, a perfect wife, if only boobs were bigger..."

Fei spent the next two days finding out where the sniper was, which was just a play he had to show to Yunlong.

In the afternoon the day before the transfer, Yunlong called Fei to his office.

"Next day is Monday, and the money would start transferring on 3 pm, still no news of that sniper?" Asked Yunlong, frowned.

He was a bit disappointed after giving Fei three millions and was met with no good news yet.

Fei seemed embarrassed as well, he wiped away the sweat on his forehead and said:"Don't worry, boss, I'll rush my guys and find that sniper out before midnight today."

"You need to hurry, Fei, Long must had informed him about the transfer, my life is still at risk even now. The lost would be beyond our imagination if anything happens tomorrow!"

Fei replied nervously:"Yes boss, you have my promise."

Suddenly Fei's phone rang. Fei checked it and was delighted:"We found something! Boss, someone saw that sniper in the suburb, I'll set off right now and kill him today!"

That excited Yunlong as well:"Hurry! I need to see his body once you're done!"

Fei nodded:"Be right back."

Then he left the company and drove to the suburb.

Soon he parked his car in front of of restaurant and shouted to the staffs:"Bring me all your expensive meals!"

A while later the feast was all set, Fei sat down and started enjoying the food. He took the bank card Yunlong gave him out of his pocket and uttered:"Three millions in three nanoseconds, damn, it's just a lot easier

to earn a living back here. Didn't even gain a million for all those years I spent abroad when my life was always at risk, how stupid I was!"

Minutes later his phone rang.

Fei turned stern as he saw the number, he picked the phone and said:"Where are you? Yunlong need to see your body now."

## **My 18-Year-Old Wife - Chapter 183 A Fight on The Rooftop**

Fei Qi drove away to a village without finishing the feast, where the sniper he hired was waiting for him.

"Where did you place my gun? You don't want to lose it, man, though it only cost me two-sixty thousands."Said Fei as he walked near the man, hands in his pocket.

"I cherish guns as well, your gun is the best one I've ever seen. I got a safe, and your gun's in it." Said the man, smiled and eyes gleamed with joy.

"Alright, you got Long as well, right? Don't hurt him yet, I need to set him free after this, he was set up like shit."

"Sure, none has asked me to kill him after all. I hid him, and have been giving him food these days, I'll get him to you after this."

Fei giggled:"He must be surprised when he saw you, right?"

"Damn, he has been cursing me for days, and Yunlong would be more surprised if he find it out. They will never know that you're actually the sniper."

Fei put the smile away and said: "Now let's not waste time and get down to business. Yunlong's money will be transferred tomorrow and today he needs to see you dead, your body. Sorry for your trouble, but we have to do this."

"Sure, but not before a fight, you and me. I underestimated you last time and lost, now I want to see for myself, how formidable you are, the top mercenary, the shadow of death."

Fei was surprised, and soon laughed: "Cut that crap, dude. Sometimes life or death depends on the tiniest thing. If I had a knife in my hand last time, think about what would happen?"

The guy frowned and replied sternly: "I lost and I admit it. Today either we fight, or I sink that safe in the river."

And that pissed Fei off immediately: "How dare you!"

The guy smiled, turned around and started running away like a leopard.

"Fuck!" Fei followed as well, "Damn this bastard, doesn't he know what contract means?!"

They soon reached the top floor of a building.

That was what the man wanted. He took his clothes off and revealed his muscular body covered in wounds of cuts and bullets.

Looking excited, he smiled grimly: "We need scars, right? Otherwise Yunlong may not believe you. Come on, or your guns will be tossed into the river!"

The gun was Fei's bottom line and Fei knew that the man was trying to agitate him. But still Fei was really pissed off and started the fight, dashing to the man like a tiger.

A well-known killer and a top mercenary and assassin.

Fei called himself Shadow when he was a mercenary abroad, a ordinary nickname that planted fear in everyone's heart. Shadow was intangible, an entity that could go everywhere. Fei had never failed a mission, even a target that claimed to had been assassinated more than four hundred times was killed with a bullet between his eyes, a bullet from Fei.

Fei killed four hundred men after that mission before he successfully got back home.

And now on the rooftop of this building was a fight between two elite killers.

The man thought he lost last time because he underestimated Fei, but he didn't realize until then that Fei excels him in every aspects eve though he had fully prepared for the fight.

Fei had been learning Martial Art ever since he was a kid, but Martial Art was not enough for him to survive the battlefield. He learned all kinds of combat technique and developed his unique system of fighting and killing with bare hands, a technique that had cost blood and lives of hundreds of people.

Naturally, it didn't take a minute for the fight to end, the man was knocked away by a punch on his belly.

Fei stopped there and sneered: "Not even god could save you if I have a gun or a knife in my hand now."

The man wiped the blood on his lips away and rose from the ground, dashed to Fei again.

"Oh, come on!" Fei shook his head and knocked the man back on the ground again within half a minute.

But the man rose again, and again, and again.

Even Fei started panting after the sixth time of knocking the man down, he put his hands on his waist and said: "What the hell is wrong with you? Is this really necessary?"

"I'm not lost!" With a roar, the man dashed to him again.

Fei was out of patience, the man was sent airborne by a heavy kick of Fei.

He landed near the edge of the rooftop and was about to fall.

"Fuck!" Fei immediately dashed to the man.

## **My 18-Year-Old Wife - Chapter 184 The Sniper's Identity**

"Hang on, I'm not take responsibility if you fall! " Shouted Fei Qi, grabbing the man's hand tightly at the edge of a rooftop of a eight-floor building.

But the man was still laughing: "I'll get up there if you say yes to my demand!"

Fei cursed: "Now? You'll die if I loose my hand, and now you're making demands?"

The man laughed out loud: "Loose it! Where else will you find a dead sniper for Yunlong then?"

Fei could only compromise, still pissed though: "Alright, say it!"

That man said: "You're going to be my teacher!"

Fei was confused: "I'm sorry, but you're old enough to be my father. Just get the fuck up here!"

The man sneered: "Then I'm privileged to be killed by the Shadow. See you again in our afterlife!"

Fei lost all patience and said: "Fine, yes! Get up here!"

Then Fei pulled the man up back on the rooftop.

They reached a river half an hour later. Fei said to the man seriously with an injector in his hand: "This is a type of neurotoxin that would paralyze your nerves and fake your death for a while. I'll call Yunlong when it sets in in your body. He may ask me to throw you in the river, there will be my people in the downstream who will get you back on land , don't worry."

The man nodded, looking confused: "Okay."

Fei was surprised by the man's calmness: "Wait, don't you even worry that I may just kill you?"

The man smiled: "You won't. You're my teacher now and I'm the only who knows where your gun's at."

Fei was pissed again: "Damn you..."

Then the man lied down on the ground and Fei injected him the toxin.

A few seconds later, the man's eyes shut and breath stopped.

Then Fei made a call to Yunlong: "You may come to see the body now, boss, but you'll be surprised who this sniper really is, I'm at..."

Fei sat on the ground and waited for Yunlong after giving him the address.

One hour later, Yunlong drove to where Fei was at with seven bodyguards in tow.

The excitement on his face was gone when he saw the body,

"Him!" Shouted Yunlong in shock.

It was the man that joined the team of Yunlong's bodyguard with Fei, the man that beat everyone but Fei.

"It was a surprise to me when I found out it was him, too, boss." Said Fei, frowned, "It seemed like that Long and this man's plan began the moment he became your bodyguard, but I defeat him that day and interrupted their plan. You know what could've happen if I wasn't there that day, boss."

Yunlong was sweating out of fear and said: "Yeah, I would've picked him instead of you if you weren't there. He's Trojan Horse! Damn this bastard and Long!"

Fei sighed: "I've got his identity. Wu Jin, a well-known killer. No wonder that Mike would hire him, the price he calls is ten million per mission."

Yunlong nodded and looked to Wu: "So he's...dead?"

Fei nodded: "Sure, we had a hand-to-hand fight, then I managed to get the injector on him and drove the toxin inside his body."

Yunlong looked at the body suspiciously. The dark lip and wounds over the body did seem like a death from a fight and toxin.

Then he took a furtive look at Fei's clothe and found a few cuts on it.

He glanced at one of his bodyguard who soon walked near the body and check the pulse and breath.

"Sir, he's dead for sure."

Yunlong burst into laughter and patted on Fei's shoulder: "Great job, Fei! Great job! I hardly admire anyone, but you, young man, deserve it!"

Fei smiled and said: "Thank you boss, I will try my best to keep you safe. I'll dispose of his body, you could head back to company now."

"My men will take care of it, they will take it to some god-knows-where mountains and bury it."

Fei panicked a little, it would be a real death to Wu by then.

"Isn't it better to just toss it in the river?"

Yunlong's face turned stern: "We can never be too careful in dealing with bodies. No one will know it if we bury it in the mountain, but people may see it floating on the water if we toss it in the river."

Then he grabbed Fei by his arm and laughed: "Come on, we need a celebration! My fifty-million is safe now!"

## **My 18-Year-Old Wife - Chapter 185 Wu Is Buried Alive**

The car took Yunlong Xiao and Fei Qi on the way to the city.

Fei sat at Yunlong's side, hands sweating. He planned throwing "dead" Wu into the river of which the downstream was placed with his men that would get Wu back on land and inject the antitoxin and bring his consciousness back.

But Fei didn't see it coming that Yunlong would want to bury Wu, bury alive. Fei was worried since it was him that asked Wu to help, and he may never get his gun back since only Wu knew where it was. And Wu's death would lead to Long's death as well

Fei held himself from the thought of knocking off Yunlong and saving Wu.

"Fuck me..."

Fei came to the decision that he had to call Mike right at that moment since Wu must be halfway there before he was buried.

He took his phone out and smiled at Yunlong: "I need to call my girl, boss, I said that we would have a date tonight after I kill that sniper, but now it looked like I can't make it tonight. I have to tell her about this."

Yunlong smiled back: "Of course, surely you've spent too much time here on me. Tell her you'll be free after Monday, you'll have two days off after that. Girls need companion, Fei, don't let anyone else do that when you're not around her."

Fei laughed: "Surely they are boss, that's what going on in my mind."

Then Fei made a call to a number marked "Darling."

The Fei spoke immediately then the call got through: "Ho...honey, I won't make it to the date tonight, boss's arranging a dinner for me. We'll make it some other time, I promise."

There was no one talking on the other side, but Fei continued as if there was really a girl complaining: "I didn't mean it, honey, really. Wait, what do you mean? Someone else? You're seeing someone else just because I can't be with you tonight? I'll kill you bastard!"

Then he slammed the phone down: "Then go ahead, you wanker! Die!"

It surprised Yunlong as well, more of scared: "Dude, you need to cherish your girls!"

Fei kept pretending: "You heard that! She said she's gonna see some other men just because I can't make it tonight!"

On the other side, Mike frowned after the call.

Mike was smart enough to fathomed that trouble showed up, the call Fei made was not in the plan.

"Kill...die..." Murmured Mike, then he called Mark.

"Have you guys got Wu?" Asked Mike as Mark picked up the phone.

"Nah, we've been waiting for quite a while. He's probably got stuck between some rocks in the river." Said Mark, sound confused.

"Fei just called me and he's probably with Yunlong, something may have gone wrong. Check the upstream, Yunlong may want to deal with Wu's body in some other ways since you still don't see him in the river. He may just bury him, that place is full of no-men land and mountains. Hurry, don't let Wu die."

Mark hang the phone up and headed to the upstream.

Mike was in the courtyard under the sunlight, sitting on a wheelchair. He grew nervous, it would be a tragedy if Wu die from the plan he made.

"Don't die, you bastard..."

Meanwhile, Mark caught sight of three men carrying Wu's body into the woods when he reached the upstream.

"Holy molly, living-man bury..."

Mark followed those men up furtively.

Those men didn't stop until they went far enough that they couldn't hear the cars on the road, and dropped Wu on the ground.

Then they started digging, and made a six-inch pit after half an hour.

Soon they stopped digging and just dropped Wu in the pit, then began putting the dirt back in.

Mark remained hiding, hearts beating fast and hands sweating. He would've stopped them if he was as tough and strong as Fei was. And even if he succeeded, the lost of Wu's body would lead Yunlong to suspecting Fei.

He could only pray that the three men would leave soon enough after they bury Wu and leave him enough time to dig Wu back up.

"Finally, we're done here, fancy one?"

One of the guy handed the other two one cigarette each and lit them up.

"Damn! Wu would be dead already when they finish smoking!"

Mark was shaking in anxiety.

"Why did captain Zhou betray our boss anyway? Boss had treated him well, and captain looked like nothing close to a traitor to me."

They even started chatting.

"That Fei Qi looked more suspicious, to be honest."

"We'd better now talk about this now, you know how boss treasures that guy. I don't want any trouble from this."

Then they heard a sudden noise coming out of nowhere.

"Who's there?" One of them shouted, but was met with silence.

"Could be just a cat. Come on, let's get out of here before anyone sees us."

Then they snuffed out the cigarettes and left.

## **My 18-Year-Old Wife - Chapter 186 It was Yue, not Ye**

Mark Duan immediately ran to the bury spot when the three guys left, digging up the dirt with his bare hands.

He's got tools with him since H4he had never saw it coming that Wu would be buried alive. Minutes later he got Wu out of the ground, fortunately it was quite shallow.

"Come on, don't you die!" Voice trembling, Mark took the antitoxin out of his pocket and injected it into Wu's body.

About two minutes later, Wu opened his eyes suddenly like a zombie, which scared Mark off and made him fell on the ground.

Wu started panting like he's just finished a marathon.

It was a great relief to Mark, he laughed out:"Holy...thank god you're still alive!"

Wu was still in shock seeing that he was covered in dirt, he looked around and murmured:"Ain't I supposed to be in....the river?"

Mark was in no mood of explaining anything: "We'll talk about that later, let's get back."

Then he helped Wu up and left there.

Later the night of that day, Wu leaped over the wall of Mike's house and entered, nicely dressed.

Mike and Mark was discussing the fifty-million plan, and were surprised seeing someone jumped over the wall.

But Mike laughed when he recognize it was Wu: "You can just use the front door, Mr Jin."

Wu seemed surprised and embarrassed: "Oh, sorry, I've got used to, say, using the wall, you know what I do for a living."

Mike waved his hand: "Never mind. How do you feel now? Sorry for almost got you buried alive. You'll get a bonus one million as your reward."

Wu replied calmly: "My thanks, Mr Ye. Death is no stranger to people like us, there's no need for you to feel sorry about this."

He barely had any expression on his face, always cold and calm.

It interested Mark, he asked: "Mr Jin, I heard that Fei had accepted you as his apprentice, but you're old enough to be his dad, don't you find it, well, odd?"

Wu sat down and said: "Not at all. We killers do dirty work to earn a living, huge-profit business is always business of no conscientiousness, being a killer is just one of these businesses. But still we stick to some

rules, respect those who are competent and better than us is one of them. I'm a man of tradition, to learn from someone who's better than me is nothing odd."

Mark was surprised that Wu would have such an idea, given he was a killer.

Mike smiled: "I admire it, Mr Jin. Now we're all friends, since you're Fei's apprentice."

Wu nodded and asked: "May I ask who you really are, Mr Ye and Mr Duan? I don't think your family is Ye, Mr Ye."

Mike and Mark looked at each other and laughed: "Bingo. This shouldn't be a secret to you now. It's not Ye, it's Yue. I'm Mike Yue."

Wu frowned: "Yue...are you..."

Then there came astonishment on his face as he turned to Mike, who nodded: "Yes, I'm one of the Yue's in the Capital City, Tianxiong Yue's my father."

Wu, one of the top killers, rose to his feet from the chair, with shock all over his face, then saluted: "My apology for my ill manner, Mr Yue. I've noticed something extraordinary in you since you're bald enough to set Yunlong up with such exquisite trick, but I've never thought that you're the son of Mr Tianxiong Yue.

Mike was flattered and laughed: "Set Yunlong up? I'm just returning his 'favor', you know what they've been doing to us."

Wu sat down and continued: "I mean nothing negative to your plan, Mr Yue. Those who holds the highest power are always those who are wise, your intelligence and wit dwarf every other people I've met."

Mike waved his hands and said: "You're overselling me, Mr Jin, it was nothing but a plan out of a small inspiration. Let's get down to business: Yunlong's fifty-million will be transferred tomorrow and we've come up with no plans so far, would you join us in the discussion?"

Wu nodded and said: "Fei told me that it was easy to steal the money away since he was in charge of the escort. But the problem is that half of the personnel in the escort is from Fenghua Group and the other half is from Yunlong, they were all licensed security guards who had been permitted to have armaments like shotgun and kevlar vest."

"It won't be easy for Fei to change the route of the escort, otherwise it would rise suspicion against him. A gunfight is also no-go since the route goes through downtown, gunshots would definitely draw the attention of the police. So this is a dilemma, either way we go, it won't be easy."

Both Mark and Mike were impressed by Wu's words, Mike said: "That precise and accurate, Mr Wu, and that was what have kept us in trouble."

Wu sighed: "It was nearly impossible to just rob it away, there would be too many people protecting it."

Mike sighed as well: "We must come up with a plan tonight, otherwise all the efforts we've done would end up in no avail."

## **My 18-Year-Old Wife - Chapter 187**

### **Escorting the Money**

A night past and it was Monday again.

At 3:00PM this afternoon, Yunlong ordered a team to escort the fifty million he borrowed from Fenghua Group in transportation. As planned, the fifty million would be sent to the new bank of him.

There were two cash trucks in charge of transporting the money. And there were thirty three people escorting that, including Fei Qi.

Half of them were Yunlong's men, the rest were from Fenghua Group.

At 2:30 PM, the fifty million were all moved into the car.

"Brother Li, thank you for the fifty million. It solved my pressing need."

"I promise that I will not forget you if I could earn money in the future."

At the gate of the bank, Yunlong patted the shoulder of Fenghua Li, the president of Fenghua Group and said with gratitude.

Fenghua smiled slightly and replied "Don't be so polite. We all do business in Tianhai City, we need to help each other."

"I still remember once my goods was intercepted by officials and they wanted to fine me a large quantity of money. It was you who helped me to intercede them so I didn't pay the pill and got my goods back."

"Those goods at least worthy ten million. I have no chance to thank you yet."

Yunlong laughed hearing that, then he said "You are welcome. It was a piece of cake."

"I have packed all the money, then I will ask them to escort the money to the bank first. It's better to save it early."

As his words fell, Yunlong went to the two cash trucks and said to Fei Qi "Fei Qi, please help me to escort the money. You killed Mike and the sniper now, we have nothing to worry about now. We can break down Jiuding Group soon. But be careful no matter what."

Then Yunlong turned his head a little down and said seriously "If anything emergency happens, make sure the fifty million is safe. If anyone dare to stop you, kill him directly. I will solve it if anything happens."

Fei Qi nodded and promised to Yunlong "Don't worry. Only half hour's drive. And we are in Tianhai City, now one dare to rub us."

"And I will brace myself up and never allow anyone to get near the cash trucks."

Yunlong was happy to hear that. He patted Fei Qi's shoulder and said "Tonight we will have a victory banquet, I will bring Zhenghao and Zhiming. They admire you so much for you are a Kungfu master. They hope that you can teach them Kungfu, I don't know if you can say yes."

Fei Qi smiled and replied "I am not a master. Thanks for overestimating me. I'd be glad to teach them."

And at other side, Fenghua was also warning his men something.

"Listen, you must escort the money to Yunfei safely. You can leave only if the money is saved to the bank."

"Understand?"

More than a dozen of security staff in uniforms replied orderly and loudly. The momentum was powerful.

Followingly, men of Fenghua and Yunlong got on the two cash trucks respectively. There were people from both sides in each truck.

"Okay, let's go."

Fei Qi was in the first cash truck, he ordered the driver to move.

Two cash trucks drove away the bank. Then Yunlong said to Fenghua "Brother Li, let's go and have some afternoon tea, do you have time?"

Fenghua said with guilty "I'm so sorry that I have to handle some affairs in my Group. Next time, next time we will enjoy tea together."

Yunlong did not insist seeing this. So he said to his driver after Fenghua's car left "Let's wait at the gate of the Bank, at most half hour, we will see Fei Qi again."

...

And at the same time, Fei Qi and others were escorting the fifty million to Yunlong's bank as planned. No accident happened on the way. After all, basically no looting happen in mainland Huaxia.

All the routes were in the city, they would not go to sub areas. So the cash trucks would only go through crowd places.

But a short journey was an exception. It was also in the city, but cars rarely passed by. Because all shops on the street sold funeral supplies, including coffins. Drivers believed it was not lucky to go there. In

addition, there was a road bend and two accidents occurred there before.

Rumors spread and the road became an unlucky road in people's mind. So no drivers wanted to go there.

But it would take another half hour if the cash trucks did not go that way. Then it would one

hour to escort the money.

After the discussion of Fei Qi and Yunlong, they had to go this way. The danger would be reduced to the lowest if the money could get the bank earlier.

"There is a bend ahead, drive slowly. We are not in a hurry."

They almost got the bend, so Fei Qi hurried to remind the driver.

Then he took out his phone to remind the driver in the other truck.

The trucks slowed down its speed, two trucks began to bend on the bend.

Expectantly, there was no other car pass by. But when the two truck drove to the bend, they suddenly slammed on the brakes. The trucks stopped moving forward.

The truck at the back almost turned over when the driver slammed the brake.

The road seemed wired even on day time. It seemed that in the unseen world it was an unlucky road as people said.

The two cash trucks were slow enough, they could go through the bend safely for the drivers were skilled. Why there was an accident?

It was silent after the brake. It was scary. And the people on two trucks did not make any noise either. As common sense, they supposed to get off the car and check what happened. But no one did that.

At this time, a blue van also came and stopped beside the two cash trucks at the bend.

Six people with gas mask got off suddenly like the bank robbers. But this time what they were going to rob was not a bank but two cash trucks.

“Bring the money to our car as soon as possible.”

A middle-aged man ordered.

He rushed to undercarriage of the first cash truck. He took out two keys there. They were glued there by all-purpose adhesive.

The middle aged man opened the gate of the two cash trucks and waved to others to ask them to move the money.

And at this time the staff who were in charge of escorting the money were in coma on all sides.

And the people got down from the blue van began to move the suitcases from the two cash trucks to their van. And there were over a dozen of coffins on the van. They moved very fast. They put the money suitcases in the front of the car so that the coffins blocked the money suitcases.

Then the middle aged guy went into the passenger seat of the first cash truck. He took out a tiny bottle and opened it. He let Fei Qi who was on the passenger seat smelt it by placing the bottle exactly to his nose.

Soon Fei Qi who was in coma woke up and he kept sucking breath.

He turned to the middle aged man, he was stunned, then he hauled a deep breath and said "Shit, it is so powerful. It was even more smelly than my shit."

## **My 18-Year-Old Wife - Chapter 188 The Plan**

"Did you finish moving all the money?"

Fei Qi asked Wu Jin after he woke up.

The middle aged man was Wu Jin.

"Yes." Wu Jin nodded.

Fei Qi looked outside hearing that and then he said "Tell them to drive the trucks to appointed place."

"Then we will drive to sub areas. The more remote, the better. Then we can delay the time for the van."

Wu Jin nodded then he got off the truck. He said to the other five people who moved money suitcases "Drive the van to appointed place. Remember, don't touch any money."

"Otherwise not only Mike would not spare you, even me would not spare you. Mike will pay you all the money he promised."

The five people nodded and one of them said "Don't worry. Wu Jin. We dare not to go against you."

"We will do as you told us."

After that, one of the five people ran to the front to drive the van. The rest of them went inside the coffins in the van.

Wu Jin closed the gate of the van for them, then he got on the passenger seat of another cash truck.

Fei Qi and Wu Jin drove the trucks leave here one after the other.

...

Soon half hour past, Yunlong went back to his bank. He waited for a while but he did not see Fei Qi.

He watched his watch then he frowned, he murmured "They supposed to come back as planed routine. Why didn't they come back?"

He controlled his temper and waited some time, but no truck came.

"How could this be? Did something happen?"

Yunlong felt panic suddenly, he hurried up to call Fei Qi.

"Du...du...du..." The call rang a long time but no one answered.

Yunlong fell in panic in an instant. He made an appointment before with Fei Qi that Fei Qi had to answer his phone if he called mid-way. But now Fei Qi did not show up and he did not even answer his call.

Yunlong was stunned and he felt dizzy. He rushed to call other people on the cash trucks.

The call got through, but still no one answered the phone. He called several people, but no one answered.

"Something happened."

Yunlong finally realized that the cash truck had something bad.

He hurried to ask the security leader to come and said with bad tones "Quickly, inform your people to seek for the cash trucks."

The leader asked all security to come for the matter was serious. They drove several cars out to search for the cash trucks. Yunlong also went on his own car and drove away.

At this time on a car opposite the street, Mike and Mark Duan laughed happily.

"Yunlong made me laugh. He is so funny."

"He did not even touched the fifty million and the money was stolen. Haha..."

Mark laughed himself into a state of helplessness.

Mike also laughed hearing that.

"He would never expect that Fei Qi is our staff."

"And he could not expect that not only Fei Qi betrayed him but Fenghua Li who lent him the money."

As his words fell, Mike took out his phone and made a call.

A middle-aged man's voice came from the phone "Mike, how is everything going? Is that going well?"

Mike laughed and replied "Yes, I already asked others to drive the cash truck away. And the money has been moved to the van."

"Everything went well. It's all because of your help. If your men did not put fan on the truck, we could not get the fifty million."

The man on the other side of the phone was exactly the one who lent money to Yunlong, Fenghua.

"Haha, I have to say, you are so brave that you even dare to touch Yunlong's money. And you dare to ask me to cooperate with you. You are young yet you are not simple."

Fenghua laughed "But why you are sure I will cooperate with you? If I told Yunlong that you came to me last night for cooperation, you would die."

Mike said calmly after that "You will not tell him. We made an appointment before that we will carve up the fifty million. You will get two-fifth and I get the rest. From any perspective, you will benefit a lot after you get the twenty thousand, in addition to the fifty million and the interests from Yunlong."

"How could you give up so much money. And I helped you to find that your goods was stopped by officials before was not coincidence, it was Yunlong who did that."

"He wanted to be close to you so he stopped your goods by his relation. Then he came to fix it. Yunlong did this to you before and you got it back today to revenge."

Fenghua laughed after he heard that, he said coldly "Yunlong went too far. I treated him as my friend, he is so shameful."

"But Mike, how did you figure out that? The friends of Yunlong in official are not small potatoes. You have to know bigger officials to make it clear. You...who are you?"

Mike smiled and said "I can't tell you this. I want to undermine Xiao Group. Your cooperation with Xiao Group could change to Jiuding Group. Though we are smaller than Xiao Group now, but soon we will exceed them."

Fenghua laughed when he heard that "Okay, I think you can do that. You are not simple for you dare to go against Xiao Group."

"That's it. I will wait for my twenty million."

He hang up the phone as he finished his words.

"Brother, you really want to give him twenty million? Then we only have thirty million left. I think it's not worthy." Mark asked.

Mike ceased to laugh and replied slightly "We did so many preparation work before to get the fifty million. For me it is not a large sum of

money. But it took us lots of time and energy to get it. Why shall I give Fenghua my money?"

Mark was shocked hearing that. So he opened his eyes widely and asked "You are not going to give him the twenty million?"

Mike turned to Mark and said coldly "All business men are cunning. So are Fenghua and me. I never planned to give him a penny, so did he."

Mark was confused so he asked why.

Mike replied "I just called him and it was quiet on his side. Occasionally there was a car passed by. So I guess he is waiting our trucks in subareas now. He must ambushed many people there and they will get all our money when our cash truck got there."

Mark was swept by cold sweat hearing that. He sucked in breath and said "Then what shall we do now? Inform them right away. It would be late if they drive there."

Mike was as calm as before. He shook his head and said "Don't worry, I prepared everything. I'm sure Fenghua could get nothing from us."

## **My 18-Year-Old Wife - Chapter 189 You'll regret**

"Money! Where is my money? "

"Where is the cash truck?"

An hour had passed, but Yunlong Xiao still didn't know where the cash carriage had gone.

He was on the verge of breaking down. He slapped and scolded the people who went to look for the cash truck one by one.

"If you can't find my money, go to hell!" Yunlong kicked them down and his eyes turned red.

All of them lowered their heads. Although they had been beaten, no one dared to complain.

At this moment, Yunlong received a call. "Mr. Xiao, we found the cash truck. It's driving towards the west suburb now!" The person on the other end of the line said.

Hearing this, Yunlong was cheered up. He immediately asked everyone to get in the car and go to the suburbs to intercept the cash truck.

"Hurry up! Get in the car and go to the western suburbs! "

After everyone got in the car, they all drove to the western suburbs.

.....

Fenghua Xiao was ambushing near a deserted land in the east suburb. He was in charge of the ambush himself, waiting for the truck to arrive.

Before long, the truck really arrived.

After the truck driver parked the car, the whole car was surrounded by Fenghua's people before the driver got off.

"Get off the car! Get off the car! " Several bodyguards in black kicked the car door, looking fierce.

The driver in the car was frightened to get out of the car with a pale face.

"Brother, I'm a delivery man. What are you doing?"

At this time, Fenghua came out of the crowd. He looked like a big boss and was held by several bodyguards. He asked with his hands behind his back, "Are you alone? Have you brought the money?"

The driver looked at Fenghua in confusion and asked in a trembling voice, "Boss, what money do you mean? The boss named Gavin has already paid. He gave me one thousand and asked me to send it here. "

Hearing this, Fenghua frowned. The truck should be loaded with fifty million dollars, and the driver should be Mike Yue's Man. How could Mike send those money so casually.

Fenghua's heart sank and he had a bad feeling.

"Hurry up! Open the trunk door!"

He pointed at the trunk door and said to the truck driver with a gloomy face.

The truck driver took out the key tremblingly, walked to the back of the car and opened the trunk door.

"As Fenghua expected, there was no fifty million in it but a basket.

Not to mention Fenghua, even the bodyguards were stunned and looked at the fruit basket.

Why did such a big truck bring a fruit basket here?

"Are you kidding me!?" Fenghua got angry at once. He rushed over, grabbed the collar of the truck driver and asked ferociously.

The driver trembled and didn't look like he was pretending. He was so scared that he almost cried out, "Boss, I don't know what's going on. Mr. Yue asked me to drive the fruit basket here. He gave me one thousand. I won't miss such a good opportunity to make money. I don't understand why he asked me to send him a fruit basket with so much money, but I was really only responsible for delivery. I'm from the logistics company. If you don't believe me, you can go to our company and ask. I really didn't lie to you! "

The driver was so anxious that his eyes turned red. Hearing this, Fenghua was completely stunned. He knew that he was fooled by Mike. Mike used him to rob the fifty million, but he didn't intend to give him a penny.

"Son of a bitch! How dare you play tricks on me!" Fenghua let go of the driver and took out his phone to call Mike.

The phone was soon connected, and first came the calm greeting of Mike, "Boss Li, we just talked on the phone an hour ago. Do you miss me so soon?"

From the tone of Mike, he took a deep breath, held back his anger and asked, "Mike, where is my money?"

Hearing this, Mike chuckled and asked, "Boss Li, what's the money?"

Hearing this, Fenghua gnashed his teeth in anger. He glanced at the driver and said fiercely, "Come on! You promised me that you would give me two in five. Where is the money? "

"I just saw a fruit basket. I don't like fruits. I want money!"

Hearing Fenghua's exasperated voice, Mike said calmly, "Boss Li, it's bad for your health to be angry. Fruit is good for your health. That's my little kindness. I even paid one thousand to hire someone to send it to you."

Seeing that Mike was teasing him, Fenghua roared, "Don't talk nonsense with me here. Mike, you are so shameless! After all, you are the CEO of Jiuding Group. Don't you know how powerful I am in Tianhai city? "

Hearing Fenghua's furious voice, Mike stopped teasing him and said indifferently, "Boss Li, I'm shameless, so are you?"

"Are you really going to take only the twenty million and not rob me of the fifty million again?"

As soon as his words dropped, Fenghua's eyelids twitched and he immediately explained, "Are you crazy! What nonsense are you talking about? We have made a deal in advance. You three and I two. Do you think I am as shameless as you?"

Hearing Fenghua's words, Mike smiled and said, "The vehicle recorder on that truck goes straight to my phone. I saw it when you and your men surrounded that car."

"Since you have made a deal that I will give you three and you two, why do you act like a bandit. Boss Li, we are both smart people. I know what's your thought. Stop pretending. You are a big man. I don't think it's necessary to make things too stiff."

Hearing this, Fenghua was speechless by Mike. After a while, he said coldly, "Well, you have guts! Mike, remember what you have done today. You'll regret!"

## **My 18-Year-Old Wife - Chapter 190 The desperate Yunlong**

Outside the western suburbs, Yunlong Xiao's men had found the two cash trucks parking at the roadside.

There was a thick forest on both sides of the road. Before these people caught up, Fei Qi and Wu Jin had already run into the forest.

When Yunlong and the others arrived, those security guards in charge of escort woke up in a daze. The fifty million dollars in the suitcase had already been emptied. Seeing this, Yunlong didn't say a word. He took a few steps back and collapsed to the ground.

"Mr. Xiao!" Several bodyguards hurried to help him up.

Yunlong trembled and said to himself in a trembling voice, "Fifty million, my fifty million..."

"I have to pay Fenghua Li fifty million! Where is my money! You losers! "

Yunlong's eyes widened as he watched the group of people in charge of the escort, and rushed up and gave them a brutal beating.

"My money! Where is my money! How did you promise me that? "

"It's a total of fifty million dollars. Will you pay me with your lives?"

He had lost fifty million and had to return fifty million to Fenghua. He had lost one hundred million here! Not to mention the more serious consequences caused by the cash flow during the period. Yunlong's company would eventually lose at least several times of one hundred

million. There would even be a series of chain reactions, resulting in the bankruptcy of several companies.

The faces of the escorts were covered with blood by Yunlong, but none of them dared to defend themselves or feel wronged. It was indeed their fault, but they didn't know exactly how it was.

When they passed the big turn, they fell asleep unconsciously until they were woken up by Yunlong's men.

At this time, there was a man named Fenghua hiding at the back of the crowd, who was not beaten by Yunlong. He kept his head down, but his face was full of a evilly smile. He was the one who put the smoke in the car asked by Fenghua.

Fenghua was responsible for half men of the escort, but he was the only one who smoked. And the other one was Fei Qi himself.

The fewer people knew about it, the better. So Fenghua only asked him to do it and promised him one hundred thousand in return. Fifty million had been taken away. This easy escort would make him earn one hundred thousand.

What he didn't know was that his boss, Fenghua, was also fooled and didn't get a penny. How could Fenghua give him another one hundred thousand.

"I'm sorry, Mr. Xiao! We don't know why we suddenly passed out. That road is really weird. The driver drove very slowly. "

A person in charge of escort said with grievance. "Fuck you! What the hell are you doing?Who drove here? "

"Where is Fei Qi?" At this time, Yunlong, who had calmed down a little, suddenly remembered Fei Qi.

Everyone looked at each other, and after searching around, no one saw him.

"I'm asking you where is Fei Qi!" Yunlong roared at them.

"We don't know... "

"We didn't see him when we woke up."

"Was he killed by the robbers?"

Everyone looked at each other and didn't know where zed had gone.

Yunlong frowned and had a bad feeling. All the people in charge of the escort were here, but Fei Qi, the general manager, was missing. It couldn't be a coincidence. There was something wrong with Fei Qi!

"Find him. You must find him! Or I'll kill you all! "

Yunlong was exasperated. He had always been calm, but now he had become a furious tiger out of control.

"Go ahead! Go and find him! "

After a few more kicks, Yunlong sent almost everyone to look for Qifei, leaving only two or three bodyguards by his side.

He took out his phone and called Fenghua.

He had to tell Fenghua that the money had been stolen and let Fenghua give him more time to repay the money.

After the phone was connected, Yunlong didn't dare to speak, but Fenghua spoke first, but his tone was a little low, "What's wrong?"

Yunlong said in a trembling voice, "brother Li, that fifty million was robbed... "

As soon as these words came out, Fenghua screamed, "What did you say! Was robbed?"

Yunlong said bitterly, "It's true. Your men and mine were all drugged and unconscious in the cash truck. They moved all the cash boxes. My general manager in charge of escort is missing. I suspect that he has colluded with the robbers. "

Hearing this, Fenghua was furious, "Why are you so careless? You hired a spy to be the general manager of the escort?!"

Fenghua had cooperation with Mike Yue, so he knew that there was something wrong with Fei Qi. But he was also fooled by Mike Yue, so he was very unhappy. Now he vented all his anger on Yunlong.

"I don't know either. I suspect that he is a spy. Besides, I don't know what's going on with him. I haven't found out the truth yet. I'm sending someone out to look for him!" Yunlong said dejectedly.

"Then what are you going to do now? Without the fifty million, you can't run the bank." Fenghua asked.

Yunlong swallowed and asked awkwardly, "Peter, can you give me some time to repay the money. When my company runs well, I will return the fifty million to you with interest. What do you think? "

He thought that Fenghua wouldn't refuse him because of his relationship with Fenghua. Unexpectedly, Fenghua said resolutely, "No way! You must repay on time!"

"The money is gone in your hand. Why should I take the loss! You have to return the money to me as soon as possible. Who knows how much you will lose if the capital chain is broken. If your company goes bankrupt, how can you give it back to me? "

"I will give you half a month at most. You must pay me back!"

Then Fenghua hung up the phone.

Yunlong stood still, tears streaming down his face.

If Fenghua didn't urge him to pay the money back, he might be able to stop the loss. But once Fenghua urged him to pay back the money, he would definitely have a cash flow.

But he didn't dare to refuse to pay back Fenghua's money.

Trembling, Yunlong took out his phone and called the police.

After the phone got through, he said in a trembling voice, "Hello, I want to call the police. A man called Fei Qi robbed me of fifty million! I know what he looks like. I have his photos. Please help me catch him! Please!"

# My 18-Year-Old Wife - Chapter 191 I can Prove for Him

In the evening, all the people gathered together in the dinning hall of Mike's villa.

The fifty million was robbed by Mike totally.

"Fuck. We did such a big deal when we just came back. Mike, how about going abroad with me? Then we don't need to do anything all day but cheating foreigners out of their money."

Fei Qi was excited. He bought a gold watch as soon as the fifty million were got. The watch cost over two hundred thousand but it was nothing compare to fifty million.

Mike could not help laughing hearing that.

"You really treat me as a rubber. I dare not to go aboard with you. Several countries are courting you abroad. I cherish my life, so I'd better stay here."

Mark and Wu Jin were also in the dinning hall. Zhiyao served some dishes every now and then. All the dishes today were cooked by her. Obviously she was the private maid of Mike now.

"Don't mention that. Yunlong is searching me now because I helped you. What can I say?" Fei Qi complained.

Wu Jin sat still and said without any expression "Or I kill him, then he will not search you anymore, master."

Fei Qi felt not comfortable when he heard Wu Jin call him master. He got goose bumps all over. He gave Wu Jin a supercilious look and said "Are you a homicidomania? Yunlong is not a small potato. We will be wanted by police if you kill him."

Mark said to Mike hearing that "Brother, Yunlong called the police, and Fei Qi is on the wanted list of police now. We can't let the police capture him."

Mike put down his chopsticks and said "Yunlong just suspected Fei Qi but he had no evidence that Fei Qi robbed his money. Even if the police find him they can't sentence him. Fei Qi was in charge of escorting the money, so of course he was suspicious by police."

"We only need to help him to get rid of the suspect from police. Then the police will not bother him anymore. At that time, it would be the conflict between Yunlong and us. We don't need to be afraid of Yunlong. He is nothing."

Wu Jin asked "Mike, how can we help my master get rid of the suspect?"

Fei Qi glanced at him and said "Don't interrupt when bosses are talking. Have your meals."

Wu Jin was a 1.8 meters tall man. He hurried to shut up and have his meal when he was shouted at Fei Qi.

Mike asked Fei Qi "did you shoot by the camera at the gate of the bank?"

Fei Qi thought for a second and shook his head. Then he replied "No, I was with with cash trucks. Moving money cases was not my responsibility, after all, I'm the one in charge of it."

Mike nodded and said "Then that will be easy. Don't admit it when the police ask you. You can tell them that you did not escort it."

"Then ask someone to prove it in front of police. Tell them he was with you whole day."

Fei Qi was stunned hearing that. Mark could not help asking hearing that "It's absurd. It dose not make sense. The police is not stupid. And many people at Yunlong's side could prove that Fei Qi was there today, I don't believe that."

Mike smiled and said "Yes, it is not a good excuse. But if the one who proved for him owns high prestige and even police could not shake him easily. And that guy would scare Yunlong and made him in havoc."

The people were shocked and Wu Jin put down his chopsticks and said "Mike, are you talking about yourself?"

Mike nodded "Yes, it's me. I will bear witness for Fei Qi as the young master of Yue Family. And Yunlong thought I died. So he would be frightened if I show up."

Then he turned to Fei Qi and said "The police are looking for you, then I think it's better to go to them rather than they come to you. Explain to them."

Fei Qi was so scared hearing that that his chopsticks in his hand fell on the floor. He stared at Mike with confusion "Fuck, can I get out?"

.....

The next morning. Wu Jin came to send Mike and Fei Qi to the police station after breakfast.

Mike could not drive for his legs were still wounded. He could only ask Wu Jin to drive.

They met the police who were coming out to give away Fei Qi's order for arrest when they got the police station. The order supposed to come later, but Yunlong used his relation to exert pressure on the police station after he went to the police. He asked the police to find the robbers and Fei Qi at fastest speed no matter what.

They had no idea of robbers, so they could only try to arrest Fei Qi first.

The police was stunned when they saw Wu Jin pushed Mike came in wheelchair and Fei Qi was beside Mike.

"It's Fei Qi. Quickly, don't let him run away."

The leading man shouted and a team of police rushed to Fei Qi and rounded him.

"Wait, what do you want?"

Mike patted his wheelchair seeing the police were furious. So he frowned and asked.

"What do we want? Fei Qi is the suspect of robbing cash trucks. It is serious. We have witness." the leading man shouted.

Mike said slightly hearing that "You can catch him if you have proof. But don't be so rude if you don't have any evidence."

"You have witness, so do Fei Qi. I come to prove for him. These days he is with me. Is there any problem?"

The leading man frowned and said coldly "You think we are stupid? Yunlong had a dozen of people to prove that. And what can you prove by yourself? You are more important than Yunlong?"

A voice came before Mike replied "Of course he can."

That man turned back hearing that, then he saw Da Xu.

He was the one who came to survey Mike when Baiwan Cheng died. He knew Mike's real identity.

"Leader Xu, he..."

The leading police still wanted to say something but interrupted by Da Xu. He waved his hand and said undoubtedly "Go inside and I will handle this."

And the police could say nothing seeing this, so they let Fei Qi went back.

"Police Xu, nice to meet you again."

Mike smiled while looking at Da Xu.

Da Xu also looked at Mike with complex eyes. He knew there was no good things when Mike was there.

"Mike, are you going to prove for Fei Qi?" He asked.

"Of course, he is my brother. He is with me these days. Robbery? You are insulting him. Can I ignore it?"

Da Xu frowned slightly then he sighed "But Yunlong had many proofs to prove the robbery is related to him."

"Mike, you can't prove for him causally. Otherwise it's perjury."

Mike nodded hearing that, then he said calmly "Of course. But we can't let others say anything bad of our brother. I can go confrontation with Yunlong. And I want to know why he wrong Fei Qi."

"Call him to come and we will wait him here."

## **My 18-Year-Old Wife - Chapter 192 You Cheated Me Together**

"Hello, Boss Yunlong, I'm Da Xu. Fei Qi came to our police station to turn himself in. But he said he never escorted your money."

Da Xu called Yunlong Xiao in the face of Mike and Fei Qi in the reception room.

Yunlong at the other side of the phone was shocked, then he was furious. He shouted with anger "Bullshit. I have many witness to prove that he was the one in charge of the escorting."

"My money was stolen by robbers. Others fell down and only Fei Qi disappeared. He must have some relation with the robbers for only he was fine. Maybe he worked together with the robbers to have my money."

Da Xu was helpless hearing Yunlong was so furious. Mike was also here. He hated to talk with these big bosses the most.

"Boss Yunlong, how about this? You come here to identify by yourself, is that okay?"

"And Fei Qi also has a witness to prove for him. He said he was with Fei Qi whole day when your money was moved away."

Da Xu said helplessly.

Yunlong hurried to say "Someone dared to prove for him? Who is so disgusting?"

"He must be one of the robbers. They were together."

Da Xu sighed and said "You'd better come first. We can't sentence him only by your words."

Yunlong said with gloomy voice "Okay, I will come right away."

Da Xu told Mike and Fei Qi "Yunlong is coming. You can talk with him about it."

"Mike, I have to say, Yunlong dared not to go against you as you are the young master of Yue Family. Actually, Fei Qi already got rid of the suspect of robbery for you come to be his witness. But I am just curious that why

you want to prove for him?"

Fei Qi could not asking seeing this "Police, what do you mean?"

"Mike came here to get rid of the suspect. Though he is the young master of Yue Family, his identity has nothing to do with me, no matter I am a robber or not. "

Mike also smiled hearing Da Xu's words. He replied calmly "I know what you mean, Police Da Xu. But you think too much. Though we are good friends, I will not protect him if he is the robber. I came to prove for him is because we were together yesterday. I had an accident recently and he just came back home so he took care of me yesterday.

Da Xu nodded seeing Mike was so serious. Then he apologized for his words just now. But he did not believe in Mike at all in mind.

Da Xu made two contacts with Mike. He thought he met numerous people before, including many cunning criminals. But he could not gain an insight into Mike. Even though he knew Mike was not right, he could not figure out the proof to prove that.

And Mike's talk and expression was perfect. Though Mike was younger than him, but Mike was like a old fox. Da Xu had no way to find Mike's problem.

"I just want to know this. Then you can talk with Yunong when he comes."

Da Xu sighed and then he went out to wait for Yunlong.

Mike and Fei Qi and Wu Jin looked at each other and smiled in the reception room.

"When Yunlong comes, we have to beat him in mental status and momentum." Mike said with a smile.

In less than twenty minutes, Da Xu led a dozen of guards of Yunlong came in.

"Who is that? Who proved for Fei Qi?"

Mike already heard Yunlong's angry voice before he came in.

Yunlong saw smiling Mike and Wu Jin once when entered the reception room.

In an instant, Yunlong was stunned and he sucked in cold breath.

They two people who were died were smiling at him now. Though Mike and Wu Jin were smiling, but Yunlong knew they were laughing in a unique way.

"Ah..."

He screamed and sat on the floor. He pointed at Wu Jin and Mike with panic.

Da Xu was scared to hear Yunlong's scream.

"Boss Yunlong, what's wrong with you?"

Da Xu was frozen there and he looked at Yunlong with confusion.

And at the same time the guards at Yunlong's back looked at Mike and Wu Jin with astonishment.

"They ...they...they two..."

Yunlong held the trouser of Da Xu, he kept shaking. He could not talk completely because of fright when he pointed at Mike and Wu Jin.

"Wu Jin, push me there, let's help Boss Yunlong to get up."

Mike laughed and told Wu Jin.

Yunlong was pale when Wu Jin pushed Mike to Yunlong. It seemed Mike was coming to kill him.

"Ah..."

"Don't come here."

Yunlong screamed again so that Da Xu stepped back because of fright. He thought Yunlong had something wrong again.

Da Xu asked the guards with confusion "What... what's wrong with your boss?"

At this time the guards' faces were also pale. Though they did not see Mike when he died, they were there when Wu Jin died. And they checked Wu Jin's body after he died. And the three men who buried Wu Jin were also here today, when they saw Wu Jin looked at them, their legs almost bent down.

"Boss Yunlong, what are you doing? Did you see a ghost?"

Mike looked at Yunlong and asked him with a forced smile.

Frightened Yunlong gradually realized everything when he saw Mike, Wu Jin and Fei Qi.

"You, you are together." the fright on his face became fury now.

Mike smiled and asked with confusion "Boss Yunlong, why I can't understand you? Fei Qi and I are good friends."

"And the one at my back is Wu Jin, do you know him?"

Wu Jin shook his head and replied with a cold smile "I don't know Boss Yunlong. Boss, do you know me?"

Yunlong was stunned there, he stared at Wu Jin with hatred, but he dared not to say he know him.

Until now he realized that he was schemed by them. Fei Qi was Mike's follower all the time, he came to him to help Mike. Fei Qi lied that he killed Wu Jin and Mike. They were just playing a drama in front of Yuling. And only Yunlong knew nothing about it.

It seemed now that the fifty million was robbed by the three of them.

"Boss Yunlong, what happened? Why you are afraid of them so much? " Da Xu was confused. He hurried to help Yunlong to get up.

Yunlong pointed at Mike, he was angry in mind but he dared not to tell Da Xu the truth.

"They ...they..."

"Police Da Xu, it's them who robbed my money. It must be them. The fifty million must be in their house. Please ask other police to search in their house, you can find my money."

Yunlong said gibbering.

Da Xu was shocked, then he was little angry and said "Boss Yunlong, are you kidding me? You are playing with me, right?"

Yunlong jumped because of excitement seeing Da Xu did not believe him. But he dared not to tell him the truth.

"It's them. I am sure."

"Damn it. I certify on my honour that they robbed my money."

## **My 18-Year-Old Wife - Chapter 193 You Dared Not to Play?**

Da Xu was speechless seeing Yunlong certified on his honor that Mike robbed his fifty million while patting on his chest.

Who was Mike? The young master of Yue Family. Did Yue Family need the fifty million?

It seemed that Yunlong did not know Mike's real identity. Da Xu didn't want to get involved the fight between rich people. So he shook his head and said to Yunlong impatiently "Boss Yunlong, it's useless even if you certify it on your honor. We need to have proof, do you have any proof? I will arrest them if you have proof now. If you don't, please don't waste our time, we are pretty busy."

Yunlong was frightened just now, and now he got furious after he realized everything. He got even more furious seeing Da Xu's attitude. So he shouted "Police Da Xu, what's your attitude? My fifty million lost, fifty million."

"I paid so much tax every year, and you protect my treasure with this kind of attitude?"

Da Xu was not pleased to hear Yunlong's curse, so he frowned and said "It's not I don't want to help you, we are surveying those robbers, but we got no information yet. And you don't offer us any information related to

those robbers. Now you point at someone one and tell me he is the robber, are you kidding me?"

Boss Yunlong, we need proof to arrest someone. Police station is not where you can run wild. Even if you want to complain me in front of my leader, you need to have something to prove it."

Mike said unhappily to Yunlong seeing this "Boss Yunlong, you need to have proof before you talk. Otherwise be careful, I can sue you for slander."

"You said my friend was the robber yesterday, and now you say we are robbers. Are you still in your dream?"

Yunlong kept shaking because of anger, he pointed at Fei Qi and said "You know it if you did it. Let me ask you, Fei Qi, did you apply for the position as my guard? Did you work for me for a month?"

Fei Qi nodded and said "Yes, I did. But you fired me the day before yesterday."

"I have no job since yesterday. Where can I escort your money? Boss Yunlong, do you have delusional disorder?"

Yunlong almost fell down because of fright. He rushed to Fei Qi and cursed "Shameless. I will kill you. Son of bitch."

Da Xu changed his face seeing this. How could he let Yunlong do everything as his will? He rushed to hug him and shouted "Don't go too far Boss Yunlong."

"It's the police station here. Not where to settle your disputes."

Mike showed no expression when Yunlong lost his temper, but actually he really wanted to laugh.

Mike waved his hand and said "Boss Yunlong, don't let Police Da Xu be embarrassed, why can't we talk peacefully?"

"Police Da, don't stop him. I want to talk with him seriously. Let's see if we have any misunderstandings. Police Da, how about giving us some private time?"

Da Xu turned to Mike and asked in confusion "Are you serious? Can't you see he is out of control now?"

Mike looked at Yunlong and asked "Boss Yunlong, can you clam down and talk with me peacefully?"

Yunlong stared at Mike angrily and said with disguising tone "Okay."

Then Da Xu let him go and persuaded "At most I can give you half an hour to talk. Don't make troubles here. Otherwise I will arrest all of you no matter who you are."

As his words fell, Da Xu let some guards go and only two or three people were accompanying Yunlong there. Then he left the reception room and waited at the gate.

Then Yunlong came and looked at Mike and other two people and said coldly "I know my money was robbed by you. Don't hide it anymore, give me back otherwise I will not spare you."

Wu Jin and Fei Qi scorned facing the threat of Yunlong.

Mike leaned to Yunlong and said near to his ear with a slight smile "I didn't hide it, it's us who robbed your money. We are together. I thought out the plan, but what can you do with me?"

Yunlong opened his eyes widely hearing that. He grabbed the collar of Mike suddenly and said ferociously "Give my money back, son of bitch."

Fei Qi and Wu Jin frowned seeing this, but Mike waved his hand to stop them.

He looked at Yunlong calmly, then he smiled gloomily and said "You got angry? You can't play it?"

"You provoked me at first but I never did that to you. You kept suppressing Jiuding Group. Zhiming Cui and I are enemies, and he and your son kidnapped me so that I almost die because of that. And you wanted to make Jiuding Group bankrupt when I was kidnapped."

"Did you forget all that? Why you can bully us but we can't do that to do? Yunlong?"

As his words fell, Yunlong was stunned, then he scorned "So what? It's the law of the jungle, that's it."

"You thought you could beat me by robbing the fifty million? You are just revenging. Can you bear it if I revenge on you in the future?"

Mike laughed hearing that. He got rid of Yunlong's hand and said "Do you know who is the real sniper?"

Yunlong turned to Wu Jin who was at the back of Mike, he frowned and said "The sniper? Is not the one behind you? "

Mike gave a cold smile and said "You mean Wu Jin? Indeed he is a good killer, but he is not the sniper, the sniper is Fei Qi."

"The real sniper was with you all the time as your guard. You did not find it."

Yunlong was shocked hearing that, and sweat wiped his back.

He moved back unconsciously while looked at smiling Fei Qi.

"Understand?" Mike smiled and said cynically "You invited him to your family. Actually he had lots of chances to kill your family without letting anyone know. The one who was loyal to you was Long Zhou, but you thought he betrayed you. Yunlong, you are so stupid. And are you eligible to fight with me?"

Former tough Yunlong kept shaking because of anger. Mike's words made him scary. He never expected that Fei Qi was a sniper."

It was horrible. The lives of all his families were in Fei Qi's hands. He might get all their lives anytime, but he never knew that.

"You ...you don't play with rules. You are playing fire."

"You killed Baiwan Cheng and his men, now you target at me, you are not afraid of public anger?"

Yunlong stared at Mike with complex face, he dared not to threat him anymore.

Mike said slightly hearing that "I am afraid of nothing. I will not go against anyone if he did not provoke me. But if they provoke me, I will fight back with all my strength."

"I will remove him at root."

Mike said the most horrible words with calm tone. Yunlong was shocked then he nodded and said "Okay, you are brave."

As his words fell, he didn't prepare to tangle with Mike anymore. He still needed to go back to handle affairs in his Group. He lost a lot for he was robbed fifty million.

"Boss Yunlong, let me tell you," Mike suddenly called him "Zhiming almost killed me, I will kill him for sure. You'd better not to get involved in if you don't want to be in trouble. Otherwise not only he will die."

Yunlong hauled a deep breath hearing that. He left without saying a word.

## **My 18-Year-Old Wife - Chapter 194 Cui Family Could Help Yunlong**

Yunlong Xiao sat on the sofa when he went back home at night. He felt dizzy.

His capital chain was going to rupture without the fifty million. What he prepared before was in vain now. The stock of Xiao Group was crashed. He lost several million today.

Today was the first day, in the next week even one month, Xiao Group would lose lots of money that even Yunlong could not bear.

At this time, Zhiming Cui and Zhenghao Xiao came out from room. They hurried to Yunlong and said hello to him seeing Yunlong was upset.

"Dad, what's wrong with you? You didn't get the fifty million back?"

"Is that Fei Qi who robbed the money?"

Zhenghao asked.

Yunlong looked very tired, he didn't reply but sighing heavily, then he nodded.

Zhiming and Zhenghao changed their faces hearing that.

"Uncle, he did that? Isn't he the guard you hired? Is he the undercover?"  
zhiming swallowed his saliva.

Yunlong looked at Zhiming then his face became gloomy.

Actually, Mike and him became enemies all because of Zhiming. At the beginning Zhiming and Mike were enemies and he just helped Zhiming to revenge. That's why he kept suppressing Mike's Jiuding Group.

But he underestimated Mike, we had to say he did not know Mike from the beginning. He thought Mike was just a arrogant, young and showing off boy. But he finally realized Mike's power when he met Mike in the police station.

Yunlong never forgot the words Mike warned him when he left the police station today.

Mike warned him not to get involved in the things between Zhiming and him.

And his fifty million would not be robbed if not because of Zhiming.

Zhiming and Zhenghao looked at each other with confusion seeing Yunlong was gloomy.

"Dad, what's wrong with you? What happened?" Zhenghao asked.

Yunlong came to his sense, then he gave a forced smile, he turned to Zhiming and asked "Zhiming, how are your legs?"

Zhiming was surprised to hear that. Then he hurried to reply "Uncle, I'm fine now. The expert in Tianhai City is good."

"I can move freely now."

Yunlong nodded hearing that, then he said "Zhiming, go back Capital City since your legs are well now. Last week your dad called me and asked me why you have not go back."

Zhiming was stunned hearing that. Then Zhenghao said unhappily seeing that "Dad, I still want to play with Zhiming."

"What do you want to play?" Yunlong shouted "You only know playing everyday. Rubbish, what else do you know except playing? Shut up."

Zhiming could not help asking seeing Yunlong was so furious "Uncle, is there anything happen?"

Yunlong signed and said "Zhiming, tell you honestly, my capital chain is going to break now. There is a big problem."

"And someone was stabbing me at back now. I can't treat you well now. You'd better go back Capital City now. When my company gets better, you can stay here as long as you want."

After all, Zhiming was his friend's son, he could only say this. But he really dared not to ask Zhiming to stay in his house anymore. Now with the fifty million, Jiuding Group would expand fast, and it would fight back soon.

At this speed, he was facing both internal and external problems, his group would go bankruptcy soon or later.

Zhiming frowned seeing this, so he said "Uncle, capital chain is important. How much money you need. I can tell my dad. My dad and you are good friends, I am sure he will help you. How much do you need? We can help you."

Yunlong was stunned hearing this as Zhiming talked.

He was worried because of the fifty million these days. He almost forgot Xiao Family and Cui Family were close, he could ask Cui Family for help.

Cui Family was a big family in Capital City, and the capital of Heng Cui, Zhiming's father, already over one hundred million. Fifty million was nothing for Heng Cui now.

"Zhiming, you are right. I almost forget your dad." In an instant Yunlong forgot Mike's warning, for him, currently fixing the capital chain of his group was the most important thing.

"Zhiming, you have to tell your dad to borrow me fifty million first. I will give it back when my group gets better."

Yunlong said excitedly.

Zhiming smiled and said "Uncle, you are too polite. It's just fifty million. It's a piece of cake for my dad."

"I will call my dad later to tell him this. Then you can talk with him personally."

...

Zhenghao and Zhiming came out secretly from Xiao Family.

"Zhiming, are you really leaving? My dad is just too busy these days. He is afraid that he could not treat you well. Don't think too much, he will not ask you to leave."

They got on the car to a bar.

"Don't worry, how can my uncle ask me to leave. I will not get mad. I would be sad if someone robbed my fifty million."

Zhiming waved his hand that he did not put that on mind.

"And my dad already promised to help him. At most it takes two days to get the fifty million."

"But I shall go back to Capital City now. I will come back when your family settled down. And I stayed here to kill Mike Ye before, and now Mike Ye died, my task was attained."

Zhenghao didn't want Zhiming to leave, he sighed and said "I still want to play with you."

Zhiming hugged him with his arms and smiled "You can come Capital City to play with me."

"Let me tell you, I have a big club in Capital City, it is a super club. All the girls there were small models before."

Zhenghao smiled happily hearing that “Heihe, where we are going tonight is opened by a friend of mine. There are plenty models.”

“We don’t go back today, we can stay there overnight.”

At the other side.

Fenghua Li who was played by Mike was still angry.

He asked his men to survey Mike’s background but no result came. He could not spare Mike for Mike played him.

Fenghua didn’t go back home today even though he had a splendid house. He had to stay in the company to discuss the plan to fight with Jiuding Group with his senior officials. Jiuding Group and Xiao Group were fighting with each other now. He had to use this chance to beat Mike.

“President, the president and vice president of Jiuding Group say ...they say they want to visit you.”

The assistant of Fenghua suddenly knocked at the door and told him.

Fenghua was shocked, then he frowned “Mike wants to see me?”

## **My 18-Year-Old Wife - Chapter 195 Mike Offered Fenghua Ten Million**

Fenghua Li never expected Mike would come to him at this time, and Mike brought him ten million.

“Mike, what do you mean?”

Fenghua's assistant led Mike and Mark Duan went into the office of Fenghua. Over a dozen of guards followed Mike and each of them carried a suitcase. Fenghua frowned seeing this, he was confused.

Mike was in the wheelchair when he came in, he smiled then he told the guards at his back "Show the money to President Li, and place it in order."  
"

The guards rushed to put the money in place and showed Fenghua. The money were all 100Yuan bank notes. The senior officials of Fenghua were dazzled to see so much money. Though no one counted the money, it's estimated the money must over ten million.

"President Li, it's just a small gift, I hope you could accept it." Mike looked at Fenghua, then he smiled slightly and said "I came specially to thank you. I don't know if I have the honor to talk with you privately?"

Fenghua looked at Mike with complex eyes, he thought for a while then he said to several senior officials "Go back first, let me receive the two presidents."

Mike also waved to his guards to let them go out. Then currently only Mark, Fenghua and Mike were left in the office.

"Tell me, what do you mean? Why you cheated me then give me ten million now."

Fenghua came to Mike and sat down. Then he said without any expression to Mike and Mark "Do you really think I am a three-year-old boy? I can forgive you for ten million?"

Mike bent his head down and smiled on the wheelchair "You think I am rude? Now it's late already, I came to offer you the ten million to apologize to you. Can this present my sincerity?"

"And I have come Tianhai City for so long. You are an old entrepreneur, I never came to visit you before. Now I just want to visit an old entrepreneur as a younger generation. "

"If my guess is right, you stay in the company so late to discuss with your followers how to fight with me, right?"

Mike was neither humble nor pushy, he made a showy display of his ability which made Fenghua shocked.

He stared at the young people with astonishment. He thought he had seen countless people, including many young talents and capable young people. But it's the first time he met someone who was as calm as a fox, and as young and witty as a monster like Mike.

"Are you afraid of me?"

Fenghua sneered and laughed "You are right, we are talking about the ways to fight back. You are not honest and you played me. You think I am easily bullied if I don't give you some lessons."

"You promised me to give me twenty million, but now you only bring ten million, it proved you are not taking me seriously. You come to apologize without sincerity?"

Fenghua did not give Mike any good attitude, others might be embarrassed seeing this.

But Mike laughed, he lifted his head and said "President Li, both your eyes and my eyes are bright. I only got your twenty million. You would have my thirty million if I didn't do that."

"I will not give you a penny for the fifty million. And this ten million is not from the fifty million, it's my personal gift for you. No matter you want to go against me or not, it's my gift for you. I think the ten million is enough to show my sincerity."

Fenghua frowned hearing this, then he was relieved and sneered "Are you threatening me?"

"Mike, I admire your wisdom and calm, but I also want to warn you that do not do things too conspicuously."

"As the saying goes 'It's the taller trees in the woods that get their tops blown off.' you must know it right? You dare to kill Baiwan Cheng at first, then you robbed Yunlong Xiao's money, now you dare to threat me. You are brave, you are not afraid that we unite together to fight you? You would be done."

Mike smiled slightly hearing Fenghua's words, then he said "I told you before President Li, that I will not provoke others if they don't provoke me. But what business can I do if I don't fight back when others provoke me?"

"I told you before I will remove him if someone comes to provoke me. I don't like to do things too over. I killed Baiwan because he didn't play in rules. I have to die if he didn't."

"I didn't kill Yunlong. And you shall know that he went against my Jiuding Group at first. I just want to give him a lesson to rob his fifty

million. But I don't want to be your enemy, that's why I offer you ten million now to show my sincerity."

"That's how I do things. No matter how many enemies I will have in the future I will follow my rules. I will do things according to what kind of people I meet. You are smart so you will not be my enemy. The important way to make money is to be peaceful when you go along with people. Only peaceful interaction could make money in peaceful time. And we can seek win-win results by cooperating with each other."

"And don't forget I surveyed that Yunlong deceived you many years ago. My relationship net is much bigger than his. Maybe I am not your adversary now, but the third party may benefit from the tussle. You really hope others gain benefit?"

Fenghua was surprised Mike could say that.

He stared at Mike without any expression. He looked serious though he said nothing.

Then Mark handed them an exquisite tea caddy. He smiled and said to Fenghua "President Li, my brother and I know you like tea. So we asked friends in Capital City to bring you some newly-picked tea. I don't know if you will like it."

Mark gave Fenghua with both hands so that Fenghua was embarrassed if he didn't get it.

Fenghua held the tea for two seconds then he was stunned when he saw three gold words.

"Special supply tea."

His hands shook when he saw the three words. And his face changed. He opened it and rich and natural smell came out, he was even more surprised.

There were three levels of tea, and this one was a supreme one.

"President Li, this is the highest grade clovershrub which can't be bought in market. Only big potatoes in the Army can enjoy it. I asked many people to get it. I don't know if you like it."

Mike asked with a smile.

Fenghua hauled deeply, even his breath became rush. He put down the tea and his expression became clam. Then he said slightly "Two young people come to me so late and say so many good words."

"I would be too mean if I still get angry. I will take the gift. After all, I can't be impolite as a senior. I didn't prepare any gift for you. But from tomorrow on, I will cut all cooperation with Xiao Group. I hope we can have good cooperation with Jiuding Group in the future."

Mike laughed hearing that. Then he hurried to tell Mark "Mark, my legs are not convenient, thank President Li for me."

Mark hurried to Fenghua and gave his right hand and said respectively "President Li, have a good cooperation."

Fenghua nodded and rushed to shake hands with Mark and said "Have a good cooperation."

## **My 18-Year-Old Wife - Chapter 196 Mike Met Yuting Again**

The next morning, Zhiming Cui and Zhenghao Xiao staggered out of the bar.

They stayed there whole night. And they were filled with alcohol smell.

“Go back to sleep, my waist aches for the bar here is so tough.”

Zhiming yawned and his head was dizzy and his body was painful.

“You are painful because the sofa or the girl? Haha”

Zhenghao teased him, then he said “I don’t know if my dad went out. Or we go back later, otherwise he will curse me again.”

Zhiming looked at his watch and said “It’s late already, uncle must went out already. His company is busy now. What are you afraid? Go back home quickly, I’m sleepy.”

They got on the car with the help of each other.

“Zhiming, can you drive? We can ask a driver to drive for us. Don’t drive the car to the gutter.” Zhenghao was worried seeing Zhiming was so sleepy.

“It’s okay, I can drive.”

Zhiming wanted to go back to sleep as soon as possible, so he stepped on the gas and drove the car away.

...

“Brother, are your legs better?” at the other side, Zhiyao Xia pushed Mike who was in the wheelchair come out for sunshine.

Today it was nice, the sun was shining. Mike felt good also. He already talked with Fenghua Li and they made cooperation. Fenghua Group of Fenghua Li was an old enterprise in Tianhai City. As the saying went, even a mighty dragon would not attack a snake in its own haunts. Fenghua could be called the real snake in Tianhai City so that even Yunlong had to respect him.

And Yunlong was driving ahead without considering the consequences now. The fifty million Mike robbed from him could make up the losses caused by him before when he went against Jiuding Group.

"I'm much better now." Mike replied. "Zhiyao, thank you for taking care of me everyday. I would not be well so soon without you."

Zhiyao smiled then a little head came to him and said "Don't be so polite to me. It's okay to do anything if you could get well soon."

Mike was moved hearing what Zhiyao said. He only had one friend in Tianhai City. It's not easy to make a true friend, and it's more difficult to make friends with Zhiyao who was like a family.

"Zhiyao, I will ask the Financial Department to pay your salary as the highest level of the director."

"In addition, you can be promoted to director directly. You don't need to take in any test."

Mike said.

"Ah?" Zhiyao was shocked hearing that. She rushed to say "No no, you can't promote me just because I am your sister. Directors need to take exam before being promoted. You need to treat everyone the same."

"And pay me salary as usual would be okay. You are my brother, so it's my duty to take care of you. I take care of you not because of your money."

Zhiyao was panic because she was afraid Mike would misunderstand her.

Mike could not help holding her hand and said seeing Zhiyao was so cute "You misunderstood me. I didn't do it for you. Exams are set without any use. It tests only theories. Your ability can be seen by everyone. No one dare to say anything if you are promoted director now. Your performance is the best in your department."

"As for the salary, it's my sincerity. Your dad is not well, he needs money to see doctors. And your brother still needs to go to school and he needs money too. You are too tired to make a living. As your brother, I feel pitiful for you."

Zhiyao was shocked hearing what Mike said, she felt his temperature from his hands and said in low voice "Okay, when I can take you to my family?"

"Though my family is in rural area and we are not rich. But the scenery there is good and my parents are hospitable.

Mike smiled hearing that, he nodded and said "Good, I will go back with you when my legs get better."

They were talking along the road, suddenly a car stopped in the front. A young man got off the car from the driver's seat in a hurry, then he said to the one in the passenger seat "Yuting, what medicine you said just now? I forgot it."

Yuting got down from the passenger seat hearing that, then she said "I will go with you."

The young man waved his hand and said "I will go. Don't hurt the baby in your tummy. Give me the package of the medicine. I will show them."

Yuting was not convenient to go to the pharmacy. So she prepared to go back to the car to find the package. Suddenly she heard an excited voice "Yuting."

The voice was resounding and it seemed it could cross the sky.

Yuting was stunned. Though she didn't lift her head she realized who was calling her. The voice was from the one she dreamed everyday.

She stood straight slowly. She held the gate of the door and she lifted her head and turned to the director the voice came.

She saw Mike who was in the wheelchair. Mike was surprised so that he stared at Yuting surprisingly.

They looked at each other, it seemed the world became silent and only two of them were left.

Zhiyao was also stunned, she never expected she would meet Yuting again here, and what was more surprising was she met Yuting with Mike.

"Brother Mike?"

The young man was also shocked when he saw Mike.

It was Mingyu Sun. He stared at Mike and Yuting. He was confused, it seemed that Mike and Yuting knew each other.

"Yuting, do you know each other?" Mingyu asked.

But Yuting didn't hear his question now, Mike filled her mind.

Though she swore she would not see Mike anymore in the rest of her life. When she really met him, her missing and love came over like the tears in her eyes again.

"Yuting."

Mike's eyes also turned red. Though he told himself many times that Yuting had a new boyfriend and he did not need to think about her anymore.

He could not cheat himself anymore when he met Yuting again. Yuting was the one he missed and loved all the time. He was cheating himself if he said he forgot her.

"I miss you so much. Don't run away from me anymore."

Mike shouted at Yuting and his tears fell down suddenly.

He fell off the wheelchair because of excitement. He tried to climb to Yuting.

Zhiyao changed her face and she hurried to help Mike to get up.

"Brother, don't do this. Your legs are still hurt."

Mike hurried to get rid of Zhiyao and climb to Yuting harder like he was crazy, he was afraid Yuting would leave again.

"Yuting, Yuting."

Zhiyao was pushed aside and she crouched and cried. She took care of Mike for a month, but it was nothing when Mike saw Yuting.

"Mike."

Yuting felt painful when she saw Mike. She ran to him regardless any other things.

And a car near by turned around to this way suddenly without control. The car was precarious.

The driver was like drunk and he slammed on the brakes. Then the car came to the direction of Mingyu's car.

"Watch out."

Only Zhiyao saw the accident at this time, so that she shouted to remind everyone.

But the accident came too fast and the car hit Mingyu's car in a flash.

Two cars hit with a bang. Mingyu and Yuting were thrown out at the same time by the opened gates of Mingyu's car. Mingyu rolled several rounds on the ground and he crashed the head and caused bleeding. And Yuting also rolled several rounds on the ground and fell down.

Mike and Zhiyao were shocked. Yuting not only crashed her head and caused bleeding, her private parts also bled.

"Yuting."

Mike's body began to shake, he rushed to climb to Yuting.

At the same time, the door of the causing-trouble vehicle opened, and Zhiming and Zhenghao got off the car with pale faces.

“Mike Ye?”

The two people sat down on the ground weak and limp because of fright when they saw long died Mike.

## **My 18-Year-Old Wife - Chapter 197 There Is No Hope For The Baby**

It was in a hospital. Mike and Mingyu Sun were both waiting outside a surgery room nervously. Zhiyao Xia was also there.

Mingyu was slightly injured from that accident. Yuting was also subjected to some minor injuries, but her water broke because of the accident and now she was having a surgery.

Mingyu was in a confused state of mind. He found everything that just happened surreal. He just remembered that he parked the car beside the road to buy some pills for Yuting, and the next thing he knew, another car was driven into his.

Mike also felt dizzy. He hadn't met Yuting for a very long time, but when they finally met, they were all involved in a car accident. Yuting was pregnant with his baby, and the doctor just told him that she may lose the baby.

Mike clenched his teeth. His eyes were bloodshot and he thumped his wheelchair nonstop.

Mike saw Zhiming Cui and Zhenghao Xiao getting off that car. The both of them also saw Mike. They were so frightened that they escaped the scene without their car.

Mike felt a pang of regret. Why would he have to meet Yuting? He thought. If they didn't meet, Yuting wouldn't stay there for a long time, and none of this would have happened.

"Mike, please calm down! Please stop!" Zhiyao was so frightened. Her vision was blurred by her tears, and she grabbed Mike's hand tightly and tried to comfort him.

Mike breathed heavily. He looked at Mingyu, who was right beside. And all of a sudden, Mike remembered the last time when Zhiyao met Yuting in a restaurant, Zhiyao showed him who she met through a video, and Mike noticed there was a man beside Yuting who looked rather familiar, but he couldn't remember who was that man. And today, Mike finally remembered that man was none other than Mingyu. That is to say, Mingyu is Yuting's boyfriend.

"Are you Yuting's boyfriend?" Mike rolled his wheelchair to Mingyu, grabbed his clothes and asked angrily.

Mingyu was frightened. He stumbled nervously: "Mike, I...I...."

Before he said anything, Mike widened his eyes and roared: "Why the hell do you have to stop your car there? She lost her baby! That is my son!"

Mingyu froze when he heard what Mike said. He sensed there was something going on between Yuting and Mike before the accident, but he never imagined that Mike was Yuting's ex-boyfriend.

"You....you are the father?" Mingyu arched his brow and looked at Mike in astonishment.

"Yes! I am the father! Now the baby is dead! Why do you have to stop your car there? What kind of boyfriend are you!"

Mike was obviously out of his senses. Because Mingyu did nothing wrong. He shouldn't be blamed for the accident.

Zhiyao tried to pull them away from each other. But she was too weak to do anything about it, even though Mike was in a wheelchair.

"How am I to blame for what happened?" Mingyu felt deeply wronged. He lifted his arm and delivered a punch to Mike's face.

"What about you? She is pregnant with your child! What did you do for her? Where were you when she was having her hardest time?" Mingyu was so angry. He punched Mike in his face again.

Zhiyao was so frightened. She then tried to pull Mingyu away. But Mingyu was just too strong, and she couldn't move him at all.

"Stop hitting my brother! He had been looking for Yuting, but Yuting wouldn't see him!" Zhiyao also flew in a rage. She punched against Mingyu's chest and shouted: "You are her boyfriend. Why can't you take care of her?"

Mingyu laughed coldly. "Since when I am her boyfriend?" He said. "I love her, but she never loved me back. She is a good woman, and she has never stopped loving you. I don't know why did you break up, but she insists on giving birth to the child. Do you have any idea how hard her life has been? She got scammed out of her money, and in order to sustain her life, she distributed leaflets on the street. She even fainted on

a very hot day. Had it not been for me, she would have died! To say nothing about the kid!"

"How I wish I could be her boyfriend! If I am her boyfriend, I will take very good care of her! Unlike you! What have you done for her! What kind of man are you!" Mingyu grabbed Mike's collar and shouted.

Mike's arms drooped after hearing what he said, and tears streamed down his face. He never imagined Yuting had been thinking about him all along. And he couldn't believe Yuting's life had been so hard. How could he give up on looking for her so easily.

"You must keep quiet! This is a hospital!" At that time, the door to the surgery room was opened, and a doctor walked out.

"Doctor, how is she? Is she alright?" Mike asked in a shivering voice.

"Who is her family?" The doctor heaved a sigh.

"I am!"

"I am!"

Mike and Mingyu answered at the same time.

"Who?" The doctor's brow furrowed.

Mingyu suddenly realized he is only a friend of Yuting's, even though he had been taking care of her. He then pointed at Mike and said: "He is."

The doctor said to Mike: "I told you earlier that there is no hope for the child. We can only save the adult."

He continued: "The patient lost too much blood, and now she needs blood transfusion. But her blood is RH negative blood, which is very rare, and we don't have this kind of blood in the hospital. I will call other hospitals for help, and you should also contact your friends and families to see if they can donate this kind of blood."

The doctor then left.

Mike froze. He felt chills were sent down his spine. He couldn't believe he lost the baby.

"Yuting wants the baby so much! If she knew what happened, she would have a breakdown!" Mingyu collapsed on the ground. He grabbed his hair, and drooped his head.

## **My 18-Year-Old Wife - Chapter 198 I Want His Life As Compensation**

"Mike Yue, Wu Jin and I are in your company. What happened?"

Fei Qi received a call from Mike.

"What's wrong? Why are you crying? Come on man."

On the phone, he heard the anxious and crying voice of Mike, and immediately stood up from the sofa.

Hearing his words, Wu Jin and Mark Duan couldn't help standing up and frowning slightly.

"Rh-negative blood? I'm not of this blood type either. I don't know anyone in Tianhai city, so I cannot help you to find such kind of people.

Who is in trouble on earth? " Fei Qi scratched his head and asked Mike anxiously.

"I am of this blood type. Ask him where he is." Wu Jin suddenly said at this time.

After hearing his words, Fei Qi quickly told Mike, then asked which hospital he was in, and hung up the phone.

"What happened? Who's in trouble? "Mark Duan asked.

Fei Qi shrugged and said: "I have no idea, but it seems that Mike is about to cry. Maybe someone important to him. Is that possible that little girl Zhiyao Xia gets into trouble? "

Seeing that the situation was urgent, they three left the company without any delay and rushed to the hospital.

.....

After arriving at the hospital, the Rh-negative blood had not been brought from the blood bank of other hospitals. This blood type was quite rare that even one person of this blood type could not be found among 10000 people. Therefore, this blood type was also known as panda blood, and many hospitals could not be able to reserve this type of blood.

Fortunately, Wu Jin was the one of those 10000 people. His blood type was Rh-negative. Because Yuting Chen lost too much blood, she needed more than 800 ml of blood, so the doctor asked Wu Jin whether he could bear draining 800 ml of blood.

"Drain me!"

Wu Jin's expression did not change. He took off his coat and showed his strong right arm.

During the draining of 800 ml blood, Wu Jin even did not frown from beginning to end. It seemed that he only had one expression showed on his face, which was actually expressionless.

Finally, the nurse who drew blood for him began to feel a little flustered, while Wu Jin asked calmly: "All right, do you need another 200ml?"

The nurse trembled: "No, no need for that. 800 ml is already the limit that human body can bear. It will be dangerous for you to drain more."

"Okay." Wu Jin dressed and calmly walked out of the room.

It looked like nothing happened to him, except that his face was paler than others.

"Thank you, Mr. Wu Jin!" Mike, pushing his wheelchair there, said gratefully.

Wu Jin waved his hand and said: "You're welcome. It is my first time to save others, and I just hope I can help."

With Rh-negative blood, doctors could continue to operate blood transfusion surgery for Yuting.

Outside the operating room, people were waiting anxiously. Mark couldn't help but asked: "My elder bro, who is in trouble?"

Mike calmed down his mood and said: "Yuting!"

As he said so, Mark was shocked: "Yuting? Did you find her? "

Fei Qi didn't know Yuting, nor did he know what happened to Mike and Yuting. He could not help asking in a low voice: "Who is Yuting?"

Mark whispered in his ear and explained: "His girlfriend, already pregnant with his child."

Hearing so, Fei Qi took a breath and looked at Mike and Zhiya, who stood behind him with a sad look.

"It turns out to be a love triangle..." He muttered.

At this time, Mike said: "This morning, I went shopping with Zhiyao and we happened to meet her."

"Before we could greet with her, a car suddenly hit her down. The doctor said they have tried their best to save the adult, but the child is not lucky enough."

Mark could not help frowning by hearing these words.

"Who's the hell driver? How could he hit people down, while driving in the daytime? Where is the f\*\*king driver?" Mark asked.

"He runs away..." Mike said with his head down and his face gloomy.

"Damn it, how dare he run away after hitting people? Mike, did you see what the man looked like? Tell me and Wu Jin and I would go and get him back! " Fei Qi rolled up his sleeves and said indignantly.

Mike raised his head and said with an iron face

"I saw him. He is Zhiming Cui! He got off the driver's seat and he should have drunk. It's Zhiming who hit Yuting!"

Mark and Fei Qi immediately widened their eyes.

"This boy again. He nearly killed you last time he caught you. We should finish him earlier!" Fei Qi frowned and said, "it's just that we were busy in dealing with Yunlong Xiao and forgot him that time."

Mike wanted to say something, but because Zhiyao and Mingyu Sun were here, he put up with it.

After a while, the door of the operating room opened, and Yuting, lying on the hospital bed, was pushed out of by several medical staff.

Seeing this, Mike and Mingyu rushed over and asked together, "How is she, doctor?"

The doctor pulled off his mask and said with a solemn expression: "Don't worry, the patient's life is not in danger, but the anesthetic drags still work in her body, so she can't wake up for a while. We're transferring her to intensive care unit now, and she'll wake up within two hours, but you cannot go inside to see her until 24 hours later. "

When people heard this, they were relieved.

"But there's still one thing that you need to be prepared for." All of a sudden, the doctor said, "the patient's uterus was damaged due to massive bleeding. She may never have a baby in the future."

The doctor's words were like a lightning showing in a sunny sky, and it directly hit Mike's head.

Mike and Mingyu got frozen on the spot at the same time, and Mingyu collapsed on the ground again.

After the doctor left, Zhiyao and Mark didn't know how to comfort Mike, so they just stood aside and patted him on the shoulder for fear that he would be broken down.

"Once she was outside alone, and she insisted on giving birth to the child even with great suffering. Now that the child is gone and she will never be able to have another one. How can I tell her about this? She will be crazy!"

Mike's face was full of tears and his voice was shaking.

"We just keep it from her first." Mark advised.

He frowned, looked at Mingyu again, and sighed: "We can't hide the fact that her baby could not survive. But we should not tell her that she can't bear any more, because it is a huge blow to a woman. Especially it's not appropriate time to tell her now."

"What she needs now is comfort and care."

Mike took a deep breath and nodded "That's the only way for now and we have to keep it from her. I'll be with her when she wakes up."

"But before that, I have one more thing to do." He looked at Fei Qi.

Fei Qi came over and patted him on the shoulder "Come on, are you going to arrest Zhiming?"

Mike nodded, his face was ferocious and said:

"If Zhiming was not the culprit, how could Yuting bear such pain?"

"I want him to do atonement for Yuting, and for my child."

# **My 18-Year-Old Wife - Chapter 199 Zhiming Cui returned to Capital City**

Zhiming Cui and Zhenghao Xiao ran home and hid in the bedroom, trembling.

"Mike Yue...How can we see Mike again? Isn't he already dead?"

Zhenghao was as white as sheet, as if he had seen a ghost in broad daylight. In fact, he really thought he'd seen a ghost in broad daylight.

Zhenghao and Zhiming had seen the picture showing Mike's death. He was apparently dead and how could he come back to life?

Yunlong Xiao didn't tell them that Fei Qi and Mike know each other, and that Mike has something to do with the robbed 50 million yuan. They won't be so scared if they knew that.

Zhiming swallowed his saliva and said with shaky voice, "The dead can't come back to life...Mike may not have died and he faked his death. We must tell your father about it!"

Then Zhenghao asked:

"Zhiming, the man and woman we just hit aren't dead, are they? I think Mike knows that woman."

When they had just seen Mike on the scene, their legs went so weak that they turned and ran away without even driving their car.

"I don't know. I don't care about that. Even if they get killed, we're just losing some money. What matters now is Mike. I have to call your father right away and tell him that!"

Then Zhiming took out his phone quickly to call Yunlong.

After the phone got through, Zhiming said hurriedly:

"Uncle, we've seen Mike. He's not dead!"

After hearing that, Yunlong was silent for a few seconds and then said:

"I know he's not dead."

Zhiming was stunned for a long time after he heard that.

"Did you see him? You haven't had any conflict with him, have you?"  
Yunlong asked.

"We had no conflict with him, but we got into trouble. We seem to have hit and killed two people, who are acquaintances to Mike." Zhiming said awkwardly.

After hearing that, Yunlong exclaimed in surprise, "What? What the hell are you two doing? How could you hit and kill two people?"

"You guys are in big trouble! Wait at home. I'll be right back."

Yunlong seemed to be angry. He hung up the phone hurriedly and hurried home.

.....

Half an hour later, Yunlong returned home. Zhiming told him what had happened.

Seeing Yunlong's sullen face, Zhenghao said timidly, "Dad, Zhiming was drunk and he didn't mean to hit and kill that two people. How would you..."

But Zhenghao didn't expect that Yunlong slapped him on the face the next second. He was hit so hard that he saw stars.

Zhiming was frightened by the slap.

"Dad, what are you hitting me for?"

Zhenghao looked at Yunlong aggrievedly and asked.

"What am I hitting you for? Why are you still fooling around with Zhiming at such times? What do I need you for? All you do is go out and get me in trouble."

"You little bastard!"

Yunlong pointed to Zhenghao and scolded, trembling with anger.

Although Zhenghao was aggrieved, he daren't to speak.

Zhiming knew he'd done something wrong. He lowered his head and daren't to say anything.

Yunlong heaved a heavy sigh and said to Zhiming:

"Zhiming, you must go back to Capital City at once. It's too dangerous here."

"You might not know that the one who saved Mike and sniped at you in the unfinished building is Fei Qi!"

The words, like bombs, made Zhiming and Zhenghao dumbfounded. They almost jumped off the sofa.

Zhiming screamed and reacted suddenly, "The sniper is Fei Qi? So Fei Qi and Mike are of the same tribe?"

Yunlong nodded. Then he sighed and said:

"Yes, Fei Qi came here for dinting. Mike came up with the idea to let Fei Qi rob that 50 million yuan. Mike has a grudge against you and you've hit someone he acquaints. Can he let you go?"

"You have to go now. You will only be safe when you go back to Capital City, or Mike will come to avenge you!"

At that time, Zhenghao came to realize the truth suddenly. He said thoughtfully:

"That explains it. No wonder the first time I saw Fei Qi, I thought he looked a little familiar."

"How deep he hid!"

As soon as he said that, Yunlong slapped him on the face again. Yunlong said angrily:

"Why didn't you tell me earlier? It's useless to say it now."

The slap smacked Zhenghao down on the sofa again. Zhenghao kneaded his swollen face. He was so upset that he burst into tears.

Zhiming thought Yunlong was making a storm in a teacup and said, "Uncle, he's not that scary, is he? If it hadn't been for Fei Qi last time, I would have killed Mike. I don't think we have to be afraid of him."

Yunlong frowned and became impatient.

Zhiming didn't know how powerful Mike is. It's even fair to say that Zhiming and Mike aren't on the same level. Yunlong had known the terror of Mike when he met him in the police station that day.

"No, you have to go. I'll send someone to take you to the airport right away. When you are in Tianhai City, I, as your uncle, must keep you safe. How am I going to tell it to your father if something bad happens to you?"

Yunlong shook his head. Yunlong was very firm this time that Zhiming must be sent away.

Zhiming knew he caused trouble and he would encumber Xiao family if he stays in Tianhai City. He sighed and said:

"All right. I'll get my things."

.....

An hour later, Yunlong sent Zhiming to the airport personally. When Zhiming was about to enter the terminal, Yunlong said to Zhiming:

"Zhiming, you go to the VIP lounge later and my man will be there to meet you. He will escort you through the VIP aisle until you get on the plane. I've already contacted your father. He's sent someone to pick you up at the airport."

"May a favorable wind send you safely home."

After hearing that, Zhiming nodded. He then sighed and said:

"Uncle, my coming here has brought many troubles to you. If it weren't for me, you wouldn't have offended the crazy Mike."

After hearing that, Yunlong smiled and said:

"Don't say that. Your father and I are good brothers and you are my junior. How can I turn my back on you?"

"But this time I am unable to fend for myself. I was tricked by Mike. In this situation, I am afraid that I can't protect you, so I can only send you back first. You can live in my house as long as you like when I'm settled."

Zhiming nodded and asked:

"Did you get my dad's 50 million yuan?"

Yunlong smiled and said:

"Don't worry, he's already got it for me. The money will be transferred to my account today or tomorrow. You don't have to worry about me. I have been doing business for so many years and how could I be defeated by a young man?"

After saying goodbye, Yunlong watched Zhinming goes into the VIP lounge in the departure hall.

"We wait outside until he gets on the plane."

Yunlong took a look at his watch and said seriously.

As Yunlong had sent Zhiming to the airport, it's supposed to be safe and there's no need to make a fuss. But Yunlong was afraid that Mike would send Fei Qi and Wu Jin here and then it would be dangerous.

Zhiming had entered the VIP lounge. Not long after he sat down, there was a knock on the lounge door.

"Come in!"

Zhiming said. He thought the one who would escort him to the plane came.

Then the door was opened and a middle-aged man in uniform came in.

"Are you sent here by my uncle?" Zhiming asked.

The middle-aged man raised his head slowly and looked at Zhiming expressionlessly, saying:

"I have been sent here by Mr. Yue to take you to a place."

"Come with me, Mr. Cui."

## **My 18-Year-Old Wife - Chapter 200 I am the young master of Yue family**

When Zhiming Cui woke up, he only felt a blur in front of him.

He didn't know where he's. All he remembered is that he was doped in the VIP lounge at the airport by a middle-aged man, and he had no idea of what happened next.

"Where am I....."

He staggered to his feet and suddenly saw four men in front of him. One of them was sitting in a wheelchair, looking at him with a cold face. It's Mike Yue.

And Zhiming knew the other three. One is Mark Duan, the vice president of Jiuding Group. Another is Fei Qi and the last one is the middle-aged man who doped him at the airport.

"You..."

Zhiming's facial expression changed immediately and he stepped back in terror, staring at Mike and the other three men.

Zhiming realized he was no longer in the airport, but an abandoned unfinished building. He thought the place looked a little familiar.

"What do you want to do? Why have you brought me here?"

Zhiming swallowed his saliva and asked cautiously.

Mike looked at Zhiming coldly and said:

"Zhiming Cui, don't you remember this place?"

Zhiming was stunned for a moment and then it stroke him that he's in the unfinished building where he, Zhenghao Xiao and Laosan Cao brought Mike to. Last time, if not for the timely arrival of Fei Qi, Mike would have died here.

Mike sneered when he saw Zhiming's shaking all over. "Do you remember where it is now?" Mike said.

"Mike Ye, I'm sorry. I was wrong. I didn't mean to kill you last time, I just wanted to teach you a lesson."

Zhiming's legs gave way. There was nothing arrogant in his words.

He is not a wrong-headed man. In that case, he would die if he didn't beg for mercy.

Mike and the other three men looked at him blankly without saying a word, which made Zhiming felt more horrified. It was as if there were four gods of death standing there.

"Pay your life for a murder!" Mark Duan said coldly.

"Pay back for your debt!" Fei Qi said. Then a short stick popped out of his sleeve.

After seeing that, Zhiming's facial expression changed again and he cried out in horror:

"Why should I pay you back? I don't owe you any money."

Mike looked at him and said word by word:

"The woman you hit into today is my wife."

After hearing that, Zhiming gasped immediately and shouted:

"Your wife?"

Without waiting for Mike to speak, Zhiming knelt down directly. Then Zhiming said, half crying:

"I'm sorry. I didn't mean to hit her. I drank too much last night."

"Mike Ye, please leave me alone. You can ask for as much compensation as you like. My father is rich. Do you want 100 million yuan or 200 million yuan? I can give that to you as long as you say. Please don't hurt me."

As soon as he said that, Fei Qi rushed up with the stick and hit him in the head.

"Ah!"

Zhiming screamed and lay on the ground. He gave cries of horror.

His courage was shattered at that moment. He was like a drowned mouse, crying and screaming.

"Don't hit me! Don't hit me! I'll give you as much money as you want!"

As soon as he said that, Fei Qi hit him several more times. Fei Qi didn't hit him on the flesh, but broke his bones.

"Why are you always talking about money?"

"Do you think you can get what you want because you have money? Fuck you. We are not short of money."

Fei Qi beat and cursed, and soon Zhiming twitched all over.

Mike said coldly as he wheeled his wheelchair closer, "My wife is not dead, but she is pregnant. It's my baby. She will never have another baby, you know?"

Zhiming lay prone on the ground and looked at Mike in horror. With blood all over his face, he kept begging for mercy:

"Leave me alone. I don't want to die yet..."

Mike frowned and looked at him, saying:

"It's all my fault. If I had killed you earlier, maybe it wouldn't have happened."

"Zhiming Cui, let's get even for the old and new hatreds."

Then Mike took out a gun and fired two shots at Zhiming's legs.

"Bang! Bang!"

In this vacant unfinished building, the gunshots seemed to be magnified several times. The deafening sound of gunfire mixed with Zhiming's screams made one's scalp tingle.

As experienced fighters, Fei Qi and Wu Jin didn't blink their eyes at all, but Mark couldn't help but turning his head.

"Help! Help!"

"Don't kill me! Don't kill me!"

At that time, Zhiming was completely scared out of his wits. Then a foul stench came over and he became incontinent with fear.

"Haven't you always wanted to meet the young master of Yue family in Capital City? I can grant your wish before you die."

After firing two shots, Mike's facial expression didn't change. He said coldly:

"Look up at me! I'm Mike Yue, not Mike Ye."

"I'm the young master of Yue family. Just look at me!"

Although Zhiming was completely scared out of his wits, what Mike said made him dumbfounded.

"You are the young master..."

Mike smiled sinisterly. His cold and quirky face was reflected in Zhiming's eyes like a demon.

"Yes, I am the young master. I am the son of Tianxiong Yue."

"I should have killed you. I am too kind."

Mike said through clenched teeth.

After hearing what Mike said, Zhiming began to cry loudly. His voice was full of despair and regret.

No wonder he didn't know the identity and background of "Mike Ye", and even Yunlong Xiao didn't find anything about him. It turned out that "Mike Ye" is a false name.

The one who he has been against is the one who he has been trying to get to know and associate. He almost killed the young master of Yue family.

Zhiming had stopped begging for mercy. He knew that Mike would not let him go. It's the worst thing he had ever done in his life. He offended the young master of Yue family, hit the wife of the young master of Yue family and killed the kid of the young master of Yue family.

He didn't expect to live, but just hoped Mike wouldn't implicate his family.

But just when Zhiming was about to beg Mike to let go of his family, a gunshot cut the quiet unfinished building.

This's the last voice Zhiming heard. The bullet went through his head with blood flowing. He fell in a pool of blood.

After killed Zhiming, Mike returned the gun to Fei Qi.

At that time, no one spoke, just waiting for Mike's instructions. But Mike didn't give any instruction, he took out his phone and called Tianxiong.

After the phone was put through, there came the voice of Tianxiong:

"What's the matter, son?"

Mike looked at Zhiming's body and then said calmly;

"Dad, I killed Zhiming."

As soon as Mike said that, he heard the sound of Tianxiong gasping and then his roar:

"What did you say?"
