

Chapter 1255 – 1256 of Punished by His Love Novel

Chapter 1255

At home, Arron stayed in the study to deal with official duties all afternoon.

Suzi played with Shen only for a while, and then helped Li Sao to cook.

It was not until after dinner that Shen Zhongyi was also very acquainted. He washed himself and climbed into bed early, not even letting his mother coax her to sleep.

Lilly said to his mother very understanding: “Mom, go and coax Arron.”

Suzi was smirked: “Little thing, you...what did you call?”

“Arron.” Shen Only smiled.

Suzi wondered: “Why suddenly call your father’s name, be careful that your father beats you up and blooms!”

Lilly: “Humph!” Then he said slowly: “He is usually my dad, but now, when he is like a jealous little boy, he is not like my dad, he is like my good buddy. Son, now I know that my good buddy needs your mother’s comfort very much.”

Suzi's expression suddenly realized: "Oh, so, you gave your father the time that was originally your mother coaxing you to sleep?"

"Yeah! Go mom, be nice to Arron, you see Arron loves what you love, love is miserable." The little girl speaks adult words very well.

Suzi poked the girl's finger: "You really have one heart with your father."

Yubi, got up and removed the only children's room, and then returned to the large bedroom.

At this time, Arron had already taken a shower. He was covered with bronzed tendon flesh and was still hung with clear water drops. This way he matched the expression on her face that had been cold for a day, but Suzi did not see enough. .

She was suddenly re-attracted by this man.

It's like when you just started falling in love.

That kind of coldness, the president of Iceberg, rejects people thousands of miles away, and is abstinent.

The various adjectives used on this man are not excessive.

Especially, his figure is so strong.

Suzi made up his mind today to lower his body and comfort Arron.

"Okay, your little brother, so handsome, honestly explain, how many girls have you been fascinated by!" Suzi hooked up Arron with a smile.

Arron: "..."

He didn't even look at Suzi.

Suzi smiled again: "Hey! Handsome guy! Tell me, since childhood, how many girls chased you, I promise not to be jealous, my husband's body, this body, this body's tendons, just look at it. It's the body that has been exercising all the year round. Did the girl chasing you go around Nancheng?"

Arron: "..."

He is very calm.

When Suzi saw that the man still did not speak, but was lying on his back and smoking the cigar slowly, she changed the way.

She half-kneeled and sat on the other side of the bed, putting the man's legs on her body, she hugged her, and, little by little, pinched the man's leg.

Her voice is also extremely gentle: "Is this way of strength, husband?"

Arron: "..."

To be honest, at this moment, his heart melted.

Seeing that he was silent, the woman continued to massage. Her technique was really good. There was a kind of sour relief immediately when she pressed the place, which was very comfortable.

Her attitude was even better, making him a little flattered.

While pressing, she gently asked him, "How about my husband, is this more comfortable? You manage everything day and night, and I will press it for you every day from now on! I guarantee that no fees will be charged!"

Speaking of words, Suzi glanced at Arron, and saw that although he was smoking a cigar, his expression had already eased a lot.

Suzi made another plan and thought: "Me, I also have my plan. Although I will give you a refund without charge, right, but I can exercise my skills, maybe one day, I can become Senior technician, I rely on this special work to give people a leg to eat, I can eat enough..."

"Dare you!" The man suddenly stood up and sat up.

Then he turned it over again, and he had already restrained the woman underneath: "In the future, don't hook up with men!"

Suzi: "Oh, I thought you were dumb today!"

"Your person, your heart, can only be mine, and it will always be mine, have you heard it!" The man declared extremely domineering.

Suzi replied gently: "I know, husband."

Her words fell short, and the man covered it.

Chapter 1256

The next day.

The sun is shining and the air is fresh.

In this kind of weather, people's spirits are also very good.

Early in the morning, Sister Li went out to buy vegetables and brought back a large bunch of flowers, all freshly picked.

When Sister Li walked in, she saw that Shen's only little friend had gotten up.

"The only one, where's mom and dad?" Sao Li asked.

"Shhh..." Lilly immediately made a jinsheng gesture in front of Sister Li, and then said in a very low voice: "My parents are fulfilling the task of my grandmother, my grandmother. I gave my mother the secret recipe."

Sister Li immediately smiled and asked, "What mission?"

"Well, let my parents give me the task of giving birth to younger brothers and younger sisters." Shen Only said proudly.

Li's smile became more gentle.

After a pause, she smiled and said, "That can't bother them. Come the only one, Grandma Li will weave a wreath for you to take the lead."

"Yeah! Thank you, Grandma Li." The only one was sitting next to Grandma Li, watching her make a wreath for her.

After ten minutes, a beautiful wreath was woven, and the little girl ran around the room like a clear flower fairy on her head.

She also told Grandma Li not to wake her parents up, but now because of the wreath, she herself was crazy.

Twitter is like a lark in the morning, so happy.

This voice awakened Suzi and Arron.

As soon as he woke up, Suzi suddenly didn't know where he was?

Yesterday, I slept too heavily, and my brain was in the silent period of being released from prison.

Even, can't remember that lark-like voice, whose child is it?

She didn't come back to her senses until thirty or forty seconds later.

Then, he smiled suddenly.

This is my home.

Children are their own children.

Early in the morning, don't know why the only reason is so happy?

Suzi stood up straight and washed briefly. After putting on his clothes, Arron also woke up. The two of them walked out together, and saw a little fairy with a big wreath of heads, ran here, and ran to Xi.

The little fairy helped Grandma Li pick vegetables for a while, and then took the watering can to the large balcony to water the flowers.

Suzi leaned on the corridor, looking at the early morning scenery, he was intoxicated.

What's the unpleasantness of Fu's old house?

What anonymous call?

What Lin family!

What old man Shu.

What does that have to do with her?

In her life, as long as there is a mother still alive, Arron and children, it is a happy thing.

No matter how much it is, it is bestowed by God.

Yes, she is grateful.

No, she has no regrets.

“Arron, let’s go to mother’s place after dinner.” Suzi asked gently.

Arron nodded: “Okay, it’s time to visit my mother. I don’t know what effect her 18 million pieces of furniture will be in her room?”

Arron is a very cold person. He doesn’t have much enthusiasm for people. However, when he calls mother-in-law a mother, it is so natural.

After all, Suzi took care of Shanna in every possible way.

When Suzi called Shanna back then, he was not unfamiliar at all.

Moreover, the closest person to Arron in this life is his mother.

His feelings for his mother are stronger than all feelings.
