

Chapter 433

"Mom, something is wrong between you and Dad today." Lilly is very good at words and expressions.

Suzi asked gently: "What's wrong?"

She and Arron were not right, they were right that day?

They didn't look like normal couples in the first place, okay!

Normal couples, shouldn't it be that couples are talking and laughing, sometimes they are happy, sometimes they are awkward, but most of them are quarrels on the bedside?

But what about them?

She talks very little, and he doesn't talk much.

She couldn't guess what he was thinking.

Just like this moment, she didn't know how he would question her next.

However, Suzi does not matter.

It was Shen only, the little girl mysteriously said to Suzi: "Mom, did you teach your boyfriend outside?"

Suzi was taken aback, and then she laughed angrily by her daughter: "Little thing! How do you know so much at a young age! What kind of boyfriend! Do you know what a boyfriend means? Ah? You little illiterate!"

Lilly pouted and said unconvinced: "Although I am illiterate, I also know what boyfriend means. Boyfriend means that my dad is particularly afraid of losing you. I am particularly afraid of your boyfriend taking you away. "

Suzi: "..."

After a while, she said to her daughter: "Don't talk nonsense!" Lilly smiled again, and then she motioned to her mother to squat down, lying in her mother's ears and saying, "Hey hey, rest assured mother, I won't talk to my father. Say, I can see that he is afraid of you being taken away by another boyfriend."

Anyway, it's not someone who robbed you of my dad. Someone robbed you from my father, I'm so happy it's too late. "

Suzi: "..."

What kind of bear is this?

If her pro-father Arron knew that she cheated her pro-father in this way, would her pro-father still interact with her so thunderously every day?

It turns out that it still will!

After dinner, Arron took Lilly to play with her as usual. He didn't know how men could have such a big contrast. When he was cold and ruthless, he was like a living king.

However, when he was in front of his daughter, he was a good father.

Suzi really couldn't guess the man's heart.

She didn't want to guess either.

When the man coaxed her daughter, she washed as usual and gave herself a facial treatment. Just after finishing all this, when she came out of the bathroom from the bathroom on the boat, she ran into Arron on her head.

Arron was standing outside the bathroom door.

There was a cold breath on his body, he should have just taken a bath, and it was a cold shower.

He is used to taking cold showers, even in the winter, he will not change his habits.

Suzi was shivered by the cold air on his body, and then stuttered: "You...what are you doing?"

Chapter 434

"To your own man, what else would you say besides this?" The man was strange.

His tone was grotesque.

It's like a kind of little sentiment between husband and wife.

He had never spoken to himself in such a tone before.

Suzi couldn't figure him out, so she lowered her voice slightly and said, "Are you asking me why I appeared in the cafe with Joan today?"

The man asked her: "Do you want to explain?"

Suzi: "I don't want to." Because he explained that he would not listen, let alone believe it. Once, six years ago, during the two months she took care of Aunt Shanna, there were many misunderstandings between them.

She tried to explain, but he never gave her a chance.

Therefore, she stopped explaining later.

Man: "Then don't explain."

Suzi: "Yeah."

Then he asked: "I... can I go to my room?"

The man dragged her horizontally and picked her up.

"You... weren't just... me last night, I don't want to." Suzi's hands suddenly touched the man's chest, and his chest explained it, like an iron plate, on his chest. On her chest, her hands were tender, just like two soft little milk sticks. There is no resistance at all.

On the contrary, it is more like an invitation.

The man sneered: "Who said I hug you just to do that kind of thing with you? What do you think of your man?"

Suzi: "Then...what are you going to do?"

What to do!

There are so many things you can do with her.

He didn't answer her, but just hugged her all the way, went out the door into the elevator, ascended all the way, and came directly to the rooftop.

Suzi knew for the first time that this top floor was simply a sky garden, and there was also a sun room. Sofa and rattan chair in the sun room.

There is a big swing outside.

The man hugged her all the way to sit on the swing and let her sit in his arms.

When the swing was swaying, her center of gravity was a little unstable, so she had to lean on his chest as a last resort.

Like a timid child.

The man laughed all his life again, and suddenly he put his arm around her waist, and the swing moved higher.

There was even a whistling sound.

Suzi was originally afraid of heights, so she was swinging on this top floor, but she was so high and dizzy that she suddenly screamed in fright.

But as soon as the scream was uttered, the man bet her with faster speed and faster lips.

The k!ss lasted a long time.

Later, she was panting and she had no strength to nest in his arms.

He said to her in a lazy voice: "It's midnight, if you scream here, do you know what your neighbors will be regarded as?"

The woman didn't understand it, so she asked stupidly: "Like, what is it like?"

The man covered her ears: "..."

Woman: "You..."

She was suddenly angry.

Sitting in his arms, he raised both hands to pinch his creak nest, scratching and pinching, but no matter how she pinched or scratched, he would not move.

"Why are you not ticklish?" she asked defiantly.

The man did not answer.

Ticklish?

There is no concentration at all, is he still called Arron?
