

# Chapter 459

She is particularly not interested in parties. If she could push her, she wanted to push it, but it was the only school atmosphere that she had to obey.

"What's wrong with Lilly's mother? You don't want to go? So you have been shutting down the phone from yesterday to today, and don't reply to the group leader?" Susan's mother was a little aggressive.

"There is no Susan's mother, let's talk in the group, I...I have to go to work. Hearing Christopher's whistle, Suzi turned and ran while talking, Susan's mother said She has already understood everything, and she can't waste time anymore.

Behind her, Susan's mother looked at Suzi's back and murmured: "I think you are similar to the poor and poor. Just the clothes you wear today are nondescript. Which company's white-collar workers will wear like you? Estimate where you are doing odd jobs for others? Still pretend! If you drive a good car, do you have money at home? Maybe you rented this car, or you wouldn't hide from us yesterday, don't reply .Humph!"

Naturally, Suzi couldn't hear what Susan's mother said. When she got in the car, she said to Christopher: "Assistant Yan, please drive faster, I'm late to work."

Christopher immediately responded: "Madam, sit down, I will speed up immediately."

In fact, what she wants to say is, Madam, your time is tight, and the fourth master's time is actually even more tight. What are you talking about with that wife?

But Christopher didn't ask that.

His speed is even and fast.

In twenty minutes, I arrived at the company.

Suzi looked at the watch. She was not late yet, and she suddenly had an aunt on her face. She turned her head and briskly said to Arron, "Bye bye..." Then she limped into the elevator.

Christopher, who drove ahead, immediately saw the clues: "Master, why is my wife's legs a little lame?"

Arron: "Your mouth wants to be sewn!"

Christopher: "Four master, do it right, I will speed up immediately!" He finished, shut up obediently. Here, Suzi quickly entered the company and hurried to the design department. As soon as he put down his bag, Zhao Xianda, a male colleague with two cups of coffee in his hand, came to Suzi and handed Suzi a cup: "Suzi, yesterday your brother How are things going on?"

Suzi: "Thank you, my brother is fine now."

As soon as the coffee was put down, another male colleague handed a sandwich to Suzi: "Suzi, I think you are running so anxiously. You must have thought you were late for work and did not have breakfast? Here, Lao Da, give you coffee. I will give you a sandwich so that you have everything you can eat and drink."

Suzi: "... " After a while, she smiled and thanked: "Thank you."

Even so, the female colleagues next to them still look uncomfortable, but they dare not speak.

On this day, the work was busy and fulfilling. As for Shen's only parent group, she had heard from Susan's mother anyway, she did not climb the stairs in the group, and only replied at the end: when the party will be held, the trouble is called. Let me do it.

After replying, I didn't care too much.

For two consecutive days, there was no movement in the only parent group, and Suzi also fell silent.

And she went to work in the company more smoothly than before, at least, the company's female colleagues no longer gossiping to her.

Great!

She will definitely do more perfect in the next job.

However, such a quiet life lasted only two days. On the third day, Suzi was immersed in work. Suddenly stood beside her a luxurious woman with an overwhelming expression.

"Excuse me..." Suzi was sure that she didn't know this woman.

The woman smiled without a smile: "Suzi, right? I know a lot about you!"

## Chapter 460

Suzi became calm in an instant. She didn't even look at the women, she just immersed herself in work.

The woman laughed awkwardly, and then asked Suzi condescendingly with a sense of superiority: "Do you know who I am?"

Suzi squeezed his nose: "Stand far away!"

"Oh, the city is so deep, so calm, I guess you have experienced a lot of these things, haven't you? Well, a complete bltch. The identification is complete!" The woman was entertaining Suzi in a playful tone. Looking at Suzi.

The expression and tone of voice are like treating Suzi as a little toy without any autonomy, and it depends on how you jump around in the next step.

It was as if Suzi was a clown in front of her no matter how she jumped.

The male colleagues all sweated for Suzi.

Zhao Xianda secretly sent a WeChat message to a colleague: Ear, this woman is sei! Catching up is not a good stubble.

Song Zhuoer: Made by sei! Where did a girl pop out! It's like two to five or eighty thousand!

Zhao Xianda: Looking at her calm expression, she should have a lot of background in her outfit. It must be more background than Rayna's.

Song Zhuoer: I do too! You said, our flower, how spicy it is?

Zhao Xianda: Hey! Who said no.

Zhao Xianda: Let's act by chance, it's really impossible. We resign collectively and take our staff to find the next home.

Song Zhuoer: I think it works!

When the two male colleagues secretly sent WeChat to each other, all of the female colleagues stared wide-eyed and watched the show. It can be seen that this woman who finds fault Suzi is definitely not small.

Hehe, now Suzi can't eat anymore and walks around.

After being in the company for two or three weeks, someone finally came to treat her!

Humph!

Suzi doesn't matter.

She only squeezed her eyebrows and said lightly: "It's dead." After speaking, she raised her hand and picked up the landline: "Hey, is it the front desk? A stinky woman came on my desk. Could you please invite her away? "

Front desk: "...that, designer Shen, I...I dare not."

Suzi: "What's wrong?"

After speaking, she subconsciously glanced at the woman in front of her, who raised her eyebrows at her and smiled calmly.

Suzi: "..."

When I was about to ask who the woman was, I saw the HR manager and the design director rushing over. When they saw the woman from a long distance, they nodded and bowed, especially the design director respectfully yelled: "Oh, you guys. Second lady, why did you arrive suddenly, you...you do not notify me beforehand when you come, so I can pick you up at the airport."

After he finished speaking, the design director immediately said to Suzi: "Suzi, this is also one of the company's shareholders. He is Mr. Jun's aunt, Siu Jun, who said it is Mr. Jun's aunt, and Jun Er is also older than Mr. Jun. It's only three or four years old, that second lady, what are you doing here today?"

Siu smiled, her eyes still looking at Suzi: "I heard that this woman is very sturdy? She is fierce and bltch?"

Design Director: "..."

Suzi: "..."

Siu.

Lenny's aunt.

They must be big families in Kyoto. If Suzi is right, they should have something to do with Arron's life-and-death friend Kraig, right?

Suzi is sure that she has never seen Siu.
