

Chapter 467

The disparity between him and her.

She can't escape his palm.

He spoiled her, he could teach her to drive with his hands, he could get a marriage certificate with her, and he could even take her to the Fu's old mansion to declare sovereignty. However, in front of his friends who really had a deadly friend, she was nothing.

After returning home, Suzi did not speak. After eating, she did not ask Lilly. Anyway, she knew that Arron and Lilly interacted with each other after dinner. Suzi only took the phone and entered her bedroom. Then click on the privately set up a dozen people's parent group, from top to bottom, climb the stairs one by one.

She didn't read it a few days ago, and she didn't know. With this review, she saw that someone questioned her when she first joined the group. From time to time, when she didn't reply in time, there were several comparisons in the group. Active women, make irresponsible remarks.

What to say, Lilly's mother stopped speaking when she had something to do and needed to cash out.

There are more sharp ones, and they will directly say: Mommy Shen Only, if you have difficulties, please don't join this group and don't occupy a position, okay?

The reason why some people say so bluntly not to drive Suzi away is because of a recent incident. Susan's mother told her a few days ago that everyone discussed whether or not to take the kindergarten's original family home. The bourgeoisie, and the parents of the swollen face and fat people blasted out of the kindergarten together with their children, and the province dirty the pure

land of the kindergarten. In order to make the conference appear formal afterwards, they decided to hold a party.

The place where the party is held is a very high-end hotel.

This hotel Suzi has never been to this hotel, but I see a few ladies showing off. A bottle of wine in it costs 200,000 yuan, the knives and forks in it are all sterling silver, and a cake tower in it costs tens of thousands. The environment It's very beautiful. All kinds of.

These are all discussions in the group a few days ago, but Suzi has never participated in the discussion.

In the end, they proposed to exchange 50,000 yuan per person, twelve people, exactly 600,000 yuan. Hold a small salon.

The other mothers had all the money ready, but Suzi did not respond for a long time. This is the reason why Guan Sitian's mother blocked Suzi at the entrance of the kindergarten and despised Suzi when she was the only one to leave the kindergarten today.

Suzi now thinks about it, it's not unfounded that people despise her.

Now that you have agreed to participate in this small gathering, why do you not pay for it? Although I know that this small gathering of twelve people is to discuss how to drive the vanity-loving poor mother out of the kindergarten, the actual bigger purpose may be that more than a dozen broad wives with superior lives are idle and want to think about each other. Show off.

However, Suzi has to go too.

The adults are not pure, but the children play purely and have fun together. Shen only needs friends and environment.

Suzi must let the only one stabilize.

Fifty thousand yuan.

When she thinks of fifty thousand yuan, Suzi thinks that six years ago, she had asked Arron to borrow fifty thousand yuan to return it to the Lin family, even though she was very unfamiliar with Arron. Now it is fifty thousand yuan.

Fifty thousand yuan is not much.

But for Suzi, all her assets are only a few hundred dollars in her pocket.

At the only parent group gathering, Suzi still had to ask Arron for money. Thinking of this, Suzi opened the door of the bedroom to find Arron, only to find that there was only Lilly in the toy room. What about Arron?

"Unique, where is your father?" Suzi asked Shen Unique.

Shen Only's milky voice repeated to his mother three times: "My dad said he is going to make a very important, very important, very important call!"

Suzi: "..."

Chapter 468

Very important call?

Do you want to go up and ask him for money?

Suzi thought about it and let it go, just wait for him below. Since he went to the top floor to make important calls, it must be important not to let anyone know.

However, Suzi's guess was true. Arron really didn't want Suzi to know about Arron's call.

As early as ten years ago, when Arron was in exile abroad, Siu, the second lady of the Jun family who had just turned eighteen at the time, chased Arron.

However, at that time, Arron was in exile. He didn't want to talk about the relationship between men and women. In the meantime, he did not like Siu's arrogant, willful, and vicious eldest lady, so Arron repeatedly refused to Siu. In order to get rid of Siu's entanglement with him, Arron even bluntly attacked Siu.

For this, Siu was sad for a year or two.

After that, he slowly stopped pestering Arron.

However, every year when Arron and Kraig get together for a small gathering, Kraig jokingly mentions Siu in front of Arron: "My cousin still misses you even now."

"Your cousin is a nympho! My Arron can't be in the hands of an idiot in this life?" Arron tried his best to demean the cousin of a good brother in front of the students and teachers. .

Kraig laughed and hated his kindness: "Even if my cousin is a idiot, you can't tell the truth! Where can you put my old gentleman's face! Are you not afraid of my boss and I will turn my face with you?"

Arron sneered: "Hammer!"

Kraig patted Arron on the shoulder: "Speaking of a serious old Fu, Siu is a idiot, but for my face, let's not expose her. Anyway, she doesn't marry you. You care about her idiot. What is the nympho? Give me a face, how about?"

Arron nodded: "It's my business that she is idiot. I don't have the time to expose her. Don't worry!" This was Kraig's plea to Arron.

The relationship between Kraig and a cousin is not cordial, but after all, it is Jun's family, so Kraig still needs this face very much.

So that when Suzi suddenly mentioned the person 'Siu' to Arron, Arron thought that Suzi had heard some rumors about Siu, so he stopped Suzi in time and didn't control her. At this time, he called Kraig to ask Kraig, how did Suzi know about Siu?

On the other end, Kraig said in surprise: "Old Fu, I assure you that I have never chatted with your baby daughter-in-law alone over the phone or something, and I will not treat you as an ex-girlfriend Siu. Something, tell her."

Arron was puzzled: "Why did you suddenly mention Siu in Suzi's mouth?"

Kraig was puzzled: "I don't know. I will help you in Kyoto these days to ask Lenny, the stinky boy, if he had mentioned it in front of Suzi. If it is him, I will ask him to shut his mouth. Hold tight."

Arron: "Well! Don't let Suzi know about Siu."

Kraig teased Arron unhappily: "I said Lao Fu, you are not afraid of the heavens and are not afraid, how many kings of the power of life and killing are you holding in your hand, you are actually a typical fear?"

"Roll!" Arron hung up immediately.

Then he went downstairs, and as soon as he got downstairs, he saw Suzi waiting for him.

"What's the matter?" The man asked her, he knew she was on her mind since she got off work.

A woman's heart is really a needle in the sea, not to mention her boring gourd, he will wait for her to take the initiative to speak out.

Suzi swallowed his throat: "Well, the only mother group in the kindergarten, there will be a small party in two days, and everyone is... redeeming money."

Just for this?

Arron finally understood the reason why she was thinking about leaving from get off work to now.
