

# Chapter 495

However, in his eyes, you are just a plaything, a prisoner after all.

Suzi silently hung up the phone without saying anything.

Arron: "..."

He suddenly felt that Suzi had nothing to say.

What happened to her?

What's on your mind?

Just when Arron was about to make a phone call to ask questions, he saw several doctors running into Elder Shu's ward at the same time.

Arron was already in his heart, and immediately followed into the ward, and saw the old man staring at his eyes, foaming at his mouth, always short of breath and unable to breathe. The doctor immediately fed the old man Suxiao Jiuxin Pills and pushed forward. Rescue room.

In the process of rescuing Mr. Shu, Arron made room again and planned to call Suzi and ask her if there was anything wrong. Before calling, he turned on the surveillance video at home again.

There is no Suzi in the living room.

Not in the only small bedroom.

Arron could not see her bedroom without monitoring, Arron could only go to see her bedroom, and there was no Suzi.

Finally, he had to turn his head and aim the remote control camera at the door of the public bathroom outside, only to find that the door was wide open. The

man peeked the remote control camera in again, and suddenly saw the woman who had just come out of the bath standing on the washstand. Take care of your skin before.

Arron suddenly sneered!

Little lady!

Quite leisurely!

Suzi is not taking care of her skin. She is applying cooling ointment to the other cheek. This ointment was given to her by the kind doctor who gave her ice packs. After applying ointment, the skin can recover faster and evenly applied. After that, Suzi wore pajamas and dragged his wide slippers directly back to his large bedroom, directly clenching the bed.

On this side, looking at the monitoring man: "..."

Even if it was his own bedroom and his own home, the man could look at it again. He immediately turned off the surveillance and didn't call Suzi again because he didn't want to disturb her sleeping. However, what the man who turned off the video didn't know was that Suzi was not sleeping in his bed.

But crying.

She cried for not being able to live up to her temper. He treated herself like this, but she still missed his bedroom, his bedclothes, and even his bedroom was filled with the purely masculine smell of tobacco. She was nestled in his bed, and she thought about the feeling of two people sitting on a swing together a few days ago when he took her to the top floor.

He embraced her.

However, this is only a few days?

Suzi really wanted to ask Arron personally, what is the relationship between Siu and you?

Siu must occupy a very important position in your heart, right? If not, you would not indulge her so much!

But Suzi decided that she would not ask anything.

Because, I don't want to make myself more pitiful, and there is no retreat.

Isn't it just being punished by Siu!

The most ruined, the reputation is extremely bad, and then everyone swears to death, what else?

After figuring this out, Suzi simply relaxed and went to sleep. On the contrary, she slept very heavily during this time, and she slept until dawn without any dreams.

Next day

The mother and daughter get up normally and come to the restaurant for breakfast normally.

The twittering Lilly asked Suzi enthusiastically while eating, "Mom, we will spend the weekend with the two of us today. Can't you take me to McDonald's? Every time I ask my dad to eat McDonald's, my dad doesn't agree. , I always say that it's junk food. Mom, when Dad is not at home, we will eat it once, okay?"

Seeing her daughter's greedy little appearance, Suzi immediately smiled: "Okay, today my mother will take you to McDonald's, we eat both, and my mother likes to eat too."

"Hehe, mother, you are also a glutton." Lilly laughed at Suzi.

Suzi also smiled and said, "I didn't learn from you yet, little glutton!"

The mother and daughter were laughing, Suzi's cell phone rang, and her face immediately changed.

Pick it up and connect: "Hey..."

## Chapter 496

At that end, Siu's always arrogant and leisurely voice: "Suzi, have you eaten yet?"

Suzi looked at the daughter who had just finished drinking the milk on the opposite side of the dining table, and she softly coaxed: "Only, mother answers the phone, you first go to the cloakroom to choose your favorite clothes, and let mother see if you can wear it. Come on, okay baby?"

"Yeah! I will definitely match my mother with a good one." When my father is not at home, the only way he is particularly independent is that he doesn't worry his mother at all like a little adult.

Seeing the little thing jumping into the cloakroom, Suzi asked: "Siu, you have thought of a better way to fix me, right?"

Siu said with a smile, "Well, she's a smart man."

Suzi continued to ask: "Do you like Arron?"

"What are you talking about!" Siu became angry after being exposed.

"Isn't it?" Suzi asked with a sneer.

Siu: "How do you know I like Arron?"

Suzi sneered contemptuously: "For a woman like you who has become too selfish, you can't come to me for revenge for Lanita, nor can it be because of your sister, let alone a cousin, you can only because You yourself! Because you are jealous that I am the woman next to Arron, isn't it?"

Siu: "..."

After a long while, she said angrily: "So what? You are already hard to protect yourself, do you still have the mind to guess these things?"

Suzi said flatly: "I don't care about whether you are a human or a ghost. I only need to know how vicious you are, and then I can remind Arron to protect his daughter!"

"You...Suzi, are you threatening me?" Siu asked jealously and angry.

Suzi said coldly and quietly: "Threat? I'm just a piece of meat that can be slaughtered on a chopping board. What capital do I have to threaten anyone? If you want to kill, I will leave me at your disposal. If you dare to touch my daughter, Siu, I will let you know what makes a dog jump over the wall in a hurry!"

Siu: "..."

At this moment, she suddenly realized that Suzi was not easy to deal with.

If Suzi is really as good as a soft persimmon, she would not take Rayna from the architectural design company and almost expelled Linda for squeezing out Linda.

Suzi must have a wrist.

Siu also realized that Arron cared very much about Suzi.

Thinking about it this way, Siu's heart hated Suzi more and more, hated and jealous.

The tone she spoke to Suzi became more arrogant and domineering: "Suzi! At two o'clock tomorrow afternoon, it will be the hotel you visited yesterday. You'd better be on time. If you don't, you will be at your own risk! "

Suzi said: "Okay! I must be there!"

After speaking, immediately hang up the phone.

She didn't want to talk to Siu for a minute.

However, as soon as she hung up the phone, Siu called again. Suzi paused for a moment, and still connected: "Hey..."

"Suzi!" Siu said viciously: "Hang up my phone so fast, you don't want to know, tomorrow, will something happen at the banquet?"

Suzi: "I don't want to."

"Even if we treat you..."

"Even if you kill me and strip me naked, what about it? Siu, you are too shameless than me, you are too tender! Tomorrow is a sea of fierce swords, and my mother will be with me!" After speaking, Suzi immediately hung up the phone. .

Siu: "..."

She stared at her phone for several minutes, then picked up the phone and fell heavily to the ground, gritted her teeth and said: "Shen b!tch, I will make you dead and ugly!"
