

# Chapter 103

Suzi: "Didn't you have succeeded? Why are you here?"

"Suzi, I thought you were so capable. Your so-called Arron loved you so much and loved you so much. You are quite sure to snatch my fiance away. You are still here as a migrant worker? If I didn't If you remember it wrong, you have been working here for more than twenty days, right?"

Twenty days ago, it was the last time Suzi was kidnapped by Lanita.

Suzi calmly looked at the arrogant woman in front of him, really wanting to grab Lanita's neck and strangle Lanita to death.

Suzi actually hated the Lin family.

She still didn't understand why her mother fostered her in Lin's family when she was twelve years old? What is the relationship between parents and the Lin family? Suzi knows that the family is very poor, but even if the poor beg for food, Suzi doesn't want to send someone under the fence.

For eight years, she didn't get any love.

All he got was contempt and charity, as well as jail, and the child in his stomach.

And, the Lin family that she has always hated.

No matter how bad it is, Suzi can't do anything to Lanita for the time being.

She didn't want to go to jail again, and she didn't want her child to be sent to the orphanage as soon as she was born.

And Aunt Xia.

Aunt Xia is too pitiful, even though Aunt Xia has been admitted by the Fu family, only Suzi can understand the loneliness and misery in Aunt Xia's heart.

Suzi can't leave Aunt Xia alone. At this moment, she can only bear it.

She calmly asked Lanita: "I have no grievances and no grudges against you, the Lin family. I don't understand why you keep pushing me bitterly? Why do you have to use my mother's grave to threaten me again and again?"

Lanita, you and Arron already have a substantial relationship. You and Arron get married sooner or later, and I'm just to accompany Aunt Xia. Do you have to force me like this? "

"Forcing you?" Lanita looked at Suzi fiercely.

She wanted to tell Suzi all the truth she knew, but she couldn't. She hadn't really become Arron's wife yet. Suzi could still visit Shanna, so Lanita couldn't tell Suzi the truth.

She could not tell Suzi the real reason why she hated Suzi, but she did let Suzi know how much she hated Suzi.

"Not only will I force you, but I will also force you to death! I will also kill the wild species in your stomach! You shameless wild woman! Cousin! Don't think I don't know what you think. Yes, you want to be pregnant with a wild species, approach Arron's mother, and then approach Arron, and then use the wild species in your stomach to threaten Arron, Suzi, you are a female prisoner, and you mess with people in the prison. , You are a sc\*mbag! A woman like you is deliberately trying to seduce my fiance! I will kill the child in your stomach today! See who will save you?"

Lanita now had Arron's absolute backing, and when she faced Suzi, whom Arron disliked, she couldn't be arrogant anymore.

However, as soon as her words fell, she saw that Suzi had an extra brick in his hand. Suzi raised the brick and smashed it on Lanita's stomach: "Then I want

to see if I put you in your stomach now. If her child is killed, will Arron let you be her fiancée!"

Suzi's expression was cold and his tone was very flat, but the action of throwing the bricks was ruthless and accurate.

She smashed it on Lanita's stomach, and when the brick went down, Lanita had to flow.

Lanita was frightened: "Oh" and ran away.

Suzi sneered behind him.

The half-brick in her hand was prepared before entering the Express Hotel yesterday. She was specially prepared for the Lin family. Suzi knew that the Lin family was going to kill her, and she had already lost Arron's protection.

## **Chapter 104**

She was alone.

In order to protect herself, to protect the child in her stomach, Suzi thought about it last night. Whoever wants to approach her and harm her, she will shoot someone to death with a brick.

This trick really worked, and Lanita was scared away.

Suzi immediately threw the bricks away.

This time I used slabs, but it won't work the next time. There are other self-defense things in her bag.

Watching Lanita walk away, Suzi also went to work on the construction site.

After a day of chores, Suzi didn't feel tired either. Instead, he felt that this place was more treacherous than in the office, worried that this would exclude her, and worry that the work environment that would exclude her would be much easier.

Working here is a bit dirty and tiring, but not tiring.

Moreover, the canteen here provides a lot of food, and she eats full and fragrant.

After get off work in the evening, Suzi came to the bus station and waited for the bus. This is a suburban area. It takes half an hour for the bus to leave. She wants to go back early to see how Aunt Xia's situation is. Is there any fever? Because I was in a hurry, I kept looking in the direction of the car.

Before the car came, Suzi saw another person.

She asked with a cold smile on her face: "Your daughter came and threatened me in the morning, now you are here, Uncle Lin, I want to ask you, what do I owe you the Lin family? You are going to die. Force me?"

"Pop!" Jarod raised his wrist and hit Suzi hard on the face. At this bus stop, only Suzi was waiting for the bus. Jarod slapped Suzi unscrupulously. While beating, Jarod cursed: "You white-eyed wolf, wolf-hearted, vindictive thing! You actually wanted to smash to death with a brick. The child in Lanita's belly? I tell you, Master Fu will not kill you, I will kill you first!"

After cursing, Jarod will take another round to beat Suzi with his fists.

Raising his fist, Jarod stopped in the air.

He saw that Suzi had a hand-made pencil sharpener of twenty years ago in his hand. To be precise, the knife was longer than the pencil sharpener, and it looked cold and extremely sharp.

Suzi took a knife and stabbed Jarod severely. The mobile phone here has dialed a set of numbers: "Hey, the police station, I'm reporting the case, I'm at the south city bus station, and someone hit me here... "

Jarod turned and ran away hurriedly.

Not long after running out, he stopped and looked back at Suzi: "You have no conscience, you wait for me!"

Suzi watched Jarod walk away, tears in his eyes instantly.

Deep down, she has feelings for Jarod, because of the eight-year tuition, every semester, Jarod personally pays her tuition. In those eight years, how much did she hope that Jarod was her father?

But that's just a fantasy.

For his own daughter, Jarod will kill Suzi.

Suzi's tears flowed all over his face.

After Jarod returned home, he still yelled: "That evil obstacle still has a murder weapon in his hand. It is a brick that she is going to smash Lanita. When I went to slap her, she still had a knife in her hand and even stabbed me. Do you think she is committing evil, rebellious!"

Moira smiled coldly and said: "I have a better way to make her desperate. It depends on you?"
