

# Chapter 141

It must be!

Lanita immediately asked coquettishly: "Four young masters, did you come and take me to try on the wedding dress today? I...I found that I have gained weight again in the past few days, especially my abdomen, which is getting bigger and bigger. Now, if it's a little later, you won't be able to wear a nice wedding dress."

Arron's tone was cold: "Tomorrow I will ask Christopher to pick you up to try on the wedding dress."

"Then today..." Was it a special trip to accompany her?

Lanita's heart became more and more joyful.

"Have the Lin Family and Huo Jianshan interacted before?" Arron asked suddenly.

Moira and Lanita shivered in shock.

How could Arron ask this?

Moira immediately said incoherently: "Four Lord, you know that, we... the Lin family, always look at your horse's head, we know that Huo Jianshan is a deadly enemy, how can we interact with him? ."

Lanita also followed with a smile and said, "Yes, the Fourth Young Master, we... won't interact with people like Huo Jianshan."

"But he, contacted the Lin family a few days ago." Arron's words were very flat.

But Moira and Lanita frightened their hearts.

Both mother and daughter were panicked and confused as to how to answer.

But Jiang is still hot, and Moira first stabilized her mind and said: "It's not because of that Suzi. Although she was fostered in our home, she refused to obey our family's discipline. She didn't learn well since she was a child. Huo Jianshan couldn't find her, so why don't you just call our house."

"Is that so?" Arron asked. Lanita nodded: "Four Young Master, don't you believe me?"

Arron got up, touched Lanita's shoulder and said: "Tomorrow, I will let Yan Baoan try on the wedding dress."

Lanita immediately put a smile on her face: "Yeah."

Arron got up and left.

This afternoon, towards the evening, Arron went to the hospital where Suzi was located. This time she went to the hospital alone. When she came to the door of the ward, Arron heard a male voice in Suzi's ward.

"Suzi, this is wild crucian carp soup. I let it boil in the restaurant for three hours. The bones of the crucian carp are gone. It's milky white and very tender. You can taste it." Sanford said gently.

Suzi said lightly, "Thank you."

"Drink it while it's hot, the crucian carp soup will not only relieve the fetus, but it will also help your wounds heal." The man said again.

Suzi: "..."

Because of Joan, Suzi had a very bad impression of Sanford. She didn't dare to approach Sanford at all, but Sanford saved her with two stabs in her body. Are Sanford and Joan the same person?

It should be!

In this life, Suzi never wanted to talk to this kind of Fu family son again.

Just as he was about to open his mouth to drive Sanford away, Sanford spoke again: "Suzi, I have forgotten that your stab wound was on your arm. Although it didn't hurt your bones, it doesn't matter if you raise your arm. Come, let me feed you... .."

Suzi was about to say rejection, and when he looked up, he saw Arron with a cold face standing behind Sanford.

Seeing the same as Suzi, Sanford turned his head and was startled: "Four Lord..."

"Get out!" Arron said.

## Chapter 142

Sanford was taken aback for a moment, then looked at Suzi awkwardly, and then looked at Arron with a smile on his face: "Four Lord..."

"I don't like to say it a second time." Arron's tone was still calm.

Sanford immediately got up and left.

He understands Arron's cruelty, regardless of Arron's speed and calmness, he might kill you in the next second.

Sanford left, and Arron came to Suzi, looking at Suzi coldly.

Suzi asked calmly: "Did Mr. Fu come to me to go through the divorce procedures? But I now..."

She looked at her arms embarrassedly.

Arron said, "You really have a good aptitude for seducing men! One time it was me, another time it was Darius, then Joan, and then Huo Jianshan, and now even Sanford is feeding you by himself?"

Suzi: "What do you mean?"

"Sanford feeds you, is it fragrant?"

Suzi: "...". She only felt that Arron had a kind of nameless fire today.

The anger gathered in his deep eyes was very obvious.

Arron was really angry.

Every time I saw Suzi with other men, Arron felt an inexplicable anger, an inexplicable irritation in his heart!

He doesn't know why. About the first time since Suzi moved to his residence, he had a feeling when she took a shower and came out of the bathroom and hit him in his arms.

He always felt that the woman on that night should be Suzi instead of Lanita.

During this period of time, Arron dreamed of Suzi several times.

But dreams are not facts.

The fact is that the woman who saved his life that night was Lanita.

This was something he knew, but Arron would still be involuntarily annoyed every time he saw other men beside Suzi.

For example, just now, Arron almost killed Sanford.

Even Sanford himself felt Arron's killing intent for a while, and Sanford was scared away by Arron's killing intent.

Running out of the hospital corridor and to the parking lot, Sanford was still stroking his chest in shock. He saw Christopher standing next to Arron's car when he gradually calmed down.

Christopher came to Sanford and said in a joking tone: "Ze Shao, although you often go around in front of our Young Master Ling, I always feel that you are more discerning than our Young Master Ling, and more stable than Master Ling, you today Why did you do something inappropriate?"

"What's wrong?" Sanford asked in shock.

"Just now, my life almost couldn't be saved, right?" Christopher asked with a smile.

Sanford asked angrily: "How does Assistant Yan know?"

"So you, I thought you were a smart person, but who knew you were confused, you didn't see it. As long as you dare to provoke Miss Shen... No, as long as you dare to provoke Madam, Miss Shen is still Shao Fu. Madam, all the men who dared to provoke the young lady did not end well..."

Sanford shuddered in shock.

"You didn't see it, Fourth Master cares about Madam Young?" Christopher smiled.
