

Chapter 171

She wanted to stand up, but she was exhausted. Lanita saw this clearly. Lanita raised her eyebrows and smiled: "Oh, Suzi, anyway, I am also your righteous sister. You have lived in my house for eight years, and my parents are like your daughters. For your food and clothing, I also treat you like a sister. Now I tell you the truth, do you think I am joking with you?"

Today is my wedding day, do I have time to make fun of you? "

Suzi: "... " In fact, she knew that Lanita was not joking with her anymore.

It's just that she can't accept this fact.

Lanita took out her mobile phone from her bag, opened the small video inside and handed it to Suzi, "Look at it."

Suzi's eyes looked over involuntarily, his eyes suddenly straightened.

The first address in the video is the half-mountain villa she visited in the evening three months ago.

The villa was old and dilapidated, so Suzi recognized it at a glance.

The camera slowly zoomed in until she entered the door, and then came to a bright and dim room. Suzi saw the house she had been to.

It's just that the house is not as dark as it was last time, and the room in the video is shining with gray and yellow lights.

Under the light, sat a thin bearded man.

After the man's face was drawn closer, Suzi saw clearly that it was Arron!

It really is him!

Suzi's tears flowed out immediately, and he still has such a downfall? "Did you see clearly? Didn't you lie to you? That man is my husband, right? Well, this video was shot half a month before you went to be played by him for a night. At that time, my dad filmed Arron because he wanted to take Arron. The whereabouts were reported to Arron's elder brother, Fu Shaocong. I didn't expect to stay and be lucky enough to be seen by you today." Lanita's smile was relaxed and proud.

She just wanted to watch Suzi astonished, mad, helpless, and then mad.

Sure enough, Suzi stood up abruptly from his seat and let out a hysterical roar: "Tell me! What is going on, tell me...tell me, tell me, tell me... .."

Suzi collapsed.

"Sit down! Calm down. If you don't calm down, the police will take you away. Understand?" Lanita motioned to Suzi.

Suzig endured the collapse in his heart, sat down obediently, and looked at Lanita with tears streaming down her eyes. Her facial expressions were controlled again and again, but she was still trembling and looking at Lanita.

Lanita blew her red Koodan, and said slowly: "Half a year ago, people in Yunnan City knew that Arron was only the illegitimate son of the Fu family. He did not even have the right to inheritance in the Fu family. In general, although Arron failed to inherit the assets of the Fu family, Arron owns a lot of property. The real heir of the Fu family, Fu Shaocong's eldest brother, Fu Shaocong, designed to imprison Arron in order to pull out this thorn in the eye and thorn in the flesh.

Suzi, in fact, you should know that Fu Shaocong and Arron have never been in harmony. They have been fighting for more than ten years. Arron's mother was also put in prison by Fu Shaocong and the Fu family.

Originally, Fu Shaocong thought he was foolproof.

As for the upper circle in Nancheng, more than half of them are biased towards Fu Shaocong, and only a third of them stand in the middle. Because everyone knows that Fu Shaocong will definitely win.

But among this group of people, there is one of the smartest people. This person neither holds a neutral attitude, nor does he take any side. This person knew that he was following Fu Shaocong, but secretly, he also helped the imprisoned Arron more or less in private.

Guess, who is this smart man? "

Suzi had already guessed it, and she asked in a desperate tone: "Is this man your father, Jarod?"

"The answer is correct!" Lanita smiled.

Chapter 172

Suzi asked in a numb tone: "Jarod, on the surface, pleases Fu Shaocong, secretly using me to please Arron?"

Lanita shook her head: "Not exactly. In my father's eyes, you are not qualified to help him please anyone. You are a prisoner, just a prisoner who wants to sit through the bottom of the cell.

As for my father, most of the thoughts in his heart still have to follow Fu Shaocong, because Fu Shaocong is a veritable young master of the Fu family.

The reason why he unblocked Arron secretly was just to protect himself.

What if Arron turns over?

There must be a surefire way!

Usually Fu Shaocong's most trusted follower is my dad. When Fu Shaocong proposed to kill Arron, this matter was left to my dad. Originally, he asked my dad to find a female supporter. When it was used up, I just gave it up. .

But my father is very thoughtful.

He thought that since he was killed, he might as well find someone in jail. Anyway, after using it, he would go back to jail. If Arron really died, he could also put you in jail with a crime of escape and homicide. Sentenced to death.

In this way, you will not only be able to eliminate your adopted daughter of the white-eyed wolf in the future, it will save you trouble, but also the prisoner Arron will be wiped out, and most importantly, you will be able to do your best with Fu Shaocong.

Doesn't it kill three birds with one stone?

Most importantly, my dad thought at the time that if Arron should come back, my dad would save Arron's head.

And the woman who saved him will be me, I, Lanita.

Not only did I save his life, I also conceived his child.

Hee hee, Suzi, don't you think that our Lin family's strategy is four birds with one stone. "Suzi said with a faint smile: "Actually, the woman who saved his life with her body before he died was me, not you, Lanita, the woman who was pregnant with his child was me." "

"Yes!" Lanita smiled faintly.

"Your whole family knows it." Suzi asked.

"Nonsense! Suzi, my father released you from prison on bail and let you pass. Of course, our family knows. To put it bluntly, you are a chess piece and a dog of our Lin family.

But the role of your dog is really great.

Two years ago, your dog prevented me from being jailed for a while, and after being in jail, you went to clean up Arron instead of our Lin family.

Now it is Arron's comeback. I will immediately replace you and become Arron's wife.

Do you think the role of your dog is big?

How about Suzi, do you think I am complimenting you? "Lanita smiled unscrupulously.

She waited for Suzi to raise her hand and give her a slap, so that Suzi would be caught by the police immediately, and at that time, even if Suzi broke his throat in prison, no one would pay any attention to her.

As soon as I knew the truth, I went to jail again, and maybe I would go to jail for the rest of my life.

Haha!

That taste is really sour and refreshing.

Even if Suzi didn't go to jail, Lanita could have another extremely tragic end for Suzi.

"Suzi, do you know why I chose today? I chose to tell you the truth on the morning of my marriage?" Lanita asked with interest.
