

Chapter 175

Arron was the man that night.

Suzi smiled excitedly. She looked up at the sky and smiled like a fool: "My child's father is still alive? It turned out to be Arron? God, how do you know I like him?"

Are you helping me?

My child will have a father in the future?

My child will no longer be born without being recognized like his father was born into exile?

Arron will definitely admit me and admit my child, right? "

She stumbled into her small rental house like a drunk woman.

She raised her head as she ran, laughing and crying to herself.

People who saw Suzi along the way pointed to her.

"Look, it's her, the woman who wants to mix with the rich, please watch it, the video of her caught between two men, it seems that you can't see it now, all have been deleted."

"I have been with two rich boys at the same time. Why is she still living in this slum?"

"Just she, still want to be with the children of the rich family? Do you think that the children of the rich family are blind? The parents of the children of the rich family, the big bosses with billions of billions and tens of billions, are not so stupid!"

"She's so whimsical! She thought she could become a wave of internet celebrities if she took the video and posted it on the Internet? It's a pity that the video only circulated on the Internet for one night, and it was all cleaned up."

"Those upper-class circles, how could the scandal of their own brother-in-law, just flow out like this."

"And she, she was just a joke in the upper class."

"Eh, it's pitiful too!" "Deserve it!"

When the neighbors passing by behind saw Suzi, they said everything, but Suzi didn't hear them all. She was rushing to her laughing rental house quickly and disorderly.

Her mobile phone was broken.

Whether it was Arron's, Joan's, or Sanford's, she couldn't find any contact information for anyone. But she still vaguely remembered that when Darius came yesterday afternoon, she gave her a contact method. When she was in trouble, she must remember to contact him.

Because she was angry at the time, she just threw away the contact information.

However, she came to meet with Lanita early in the morning. The garbage she threw away did not get rid of, she was going to look through it.

Returning to his small rental house, Suzi saw his packed luggage, two very cheap big snakeskin bags were placed outside the rental house.

The landlord is also outside, as if waiting for Suzi.

"Suzi, didn't you say that you would move out today? My new guests are here, why are you still not leaving? Your way of doing this affects my rental house!" The landlord's tone was very rude.

"Yes, I'm sorry, it's my fault. I'll move out now." Suzi originally agreed with the landlord that she moved last night, and she will move to the Express Hotel for one night.

She is not keeping promises herself.

No wonder the landlord.

She smiled at the landlord, and quickly walked to the small trash can at the door and ran through it. When she saw the thin piece of paper, Suzi held it in her palm like a priceless treasure.

Then she got up, dragged two big snakeskin bags, and left without looking back.

When he arrived at the phone booth outside the alley, Suzi got through Darius's cell phone: "Hello, Shao Shu?"

Darius was very surprised and asked, "Suzi, have you figured it out?"

"Shu Shao, can you tell me where Arron got married?" Suzi asked.

Chapter 176

Darius was stunned for a moment, and his tone remained calm: "What did you say Suzi?"

Suzi couldn't wait to say: "Shu Shao, are you willing to help me? Please help me, okay? My phone was broken yesterday, and I can't find anyone's contact information. I want to see Arron now. , You tell me, where is he getting married? I must find him, please Shu Shao, you tell me..."

"Don't worry Suzi, you tell me what happened? Why did you go to Arron, he is going to get married today, if you need help, I will help you, and I can help you." Darius asked patiently .

No one can help with this. Could you please tell me right now where Arron and Lanita held the wedding? "Suzi's tone was extremely urgent.

And Suzi's voice is loud.

It was so big that Old Man Shu could hear it.

The Shu family is preparing to attend Arron's wedding.

The relationship between Mr. Shu and Fu Hengsheng is very close, and all the descendants of the Fu family respect Mr. Shu, and Mr. Shu has always been a notarized person. Six months ago, when the Fu family's battle was at its peak, Fu's parents, Sun Fu Shaocong, had hoped that Mr. Shu could stand by him. On the other side, help him thoroughly clean Arron.

At that time, Mr. Shu expressed his opinion: "Shao Cong, although Arron is an illegitimate son with no inheritance rights in your Fu family, in my eyes, he is ultimately a descendant of the Fu family.

I have always treated your Fu family equally. No matter who is right or wrong in your Fu family, I will not participate in it.

I will neither have my heart on you, nor will I have my heart on an illegitimate child.

However, no matter which of you eventually becomes the real Fu family in power, my old man Shu is still your grandfather Shu.

I just don't want to watch you kill each other. "Such words impressed Fu Shaocong very much.

And these words of Mr. Shu also passed to Arron, who was very passive at the time.

Therefore, after Arron came back, he still interacted with the Shu family, and the status of the Shu family in Nancheng became more respected because of Arron.

So today, although Arron's wedding is very low-key, and few people know about it in the city, as long as the Shu family and the whole family are in Nancheng, they will all attend Arron's wedding.

The whole family is all dressed up.

However, at this time, Darius received a call from Suzi?

Mr. Shu is old but not deaf. Just yesterday he clearly saw Suzi's mobile phone broken in the lobby of the Fu's family. Suzi vowed not to contact anyone again. How could she be harassed after a day? Own grandson?

Father Fu grabbed Darius's phone and yelled angrily: "Wonder girl! You are really making trouble again! So you dropped your phone yesterday and swore at Fu's house that you were so swearing that you were deceiving people? Are all your tricks? You? This woman is really difficult. You have traveled around Ling'er, Sanford, my grandson, and Arron several times. What are you going to do?"

Do you really think that high society is so easy for you to spoil it?

Are you really tired of life! "

Darius looked at Elder Shu in shock: "Grandpa..."

At the other end, Suzi kept listening to the phone. She didn't dare to hang up. She was afraid that she would no longer be able to call Darius's cell phone. She couldn't let Lanita and Arron hold their wedding.

Can't!

She was the woman who had a relationship with Arron.
