

Chapter 223

Suzi did not directly answer Arron's question.

Her expression was bleak and indifferent, but her tone was calm and quiet: "It's okay, I owe you money anyway! Even if I don't owe you money, you can still make me owe you. In short, you captured me back. Since I don't want you to come back, then I will do whatever you ask me to do.

Anyway, in the eyes of these people in the upper circles of your southern city, my reputation, Suzi, has long been stinking. In the eyes of you people, I am a speculative and conspiring woman.

It doesn't matter.

As long as you are willing to let my daughter make a living. "

He was on the phone with someone just now and she heard it clearly. Although she had never seen Arron's father, Suzi also knew who was calling. And Suzi can hear from the other's tone, it seems that the whole Nancheng people are waiting to see Arron meets the punishment of Suzi?

She couldn't escape anyway.

So, it doesn't matter.

The man was angry at Suzi's words, and immediately wanted to turn her around and beat her severely.

But as soon as he saw her such a delicate appearance, he stopped this impulsive thought again.

He only inserted his rough hand into Suzi's messy long hair, looked at her with cold eyes, and said word by word: "Woman! Listen to me, my friend has already put those ten million The debt is transferred to me.

From then on, I am your creditor!

You know I am a businessman.

I, Arron, has always been cruel and cruel, and you have seen it with your own eyes. Since the debt of 10 million yuan has been transferred to me, I will earn interest every day.

Do you know how to earn interest? "Suzi's heart sinks more and more.

She already thought about it!

In Arron's hands, Arron would definitely make her Suzi worse than dead. The reason why he was so kind to her six years ago was because she took care of his mother with all her heart and responsibility.

But now, he is only cruel to her, nothing else.

Even though Suzi thought of this, he was still trembling when he saw Arron face to face at this moment, and when he heard these words from Arron.

There is also an unspeakable pain in my heart.

She trembled and asked, "What's the interest...how much is the interest?"

Arron sneered: "Ten million! If you follow the private interest, you have to pay me three million in interest per year for ten million! This is already the least."

Suzi: "..."

"So woman! You'd better make me satisfied before you can earn more money! Only then can you have the opportunity to pay off the money you owe me. I am very trustworthy in business! As long as you pay off the money, I will naturally If you let your daughter go, not only will you let go, but I will let you go!

The premise is that you have to take care of me first! "

Arron's icy tone was as cold and painful as a piece of icy ball poking into Suzi's heart.

Suzi, the people in Nancheng said that what you said was not wrong at all. He was so cruel to you, but you were always attached to him.

You are cheap after all!

Two lines of clear tears fell from his cheeks.

The man leaned over and sucked the tears from Suzi's cheek in his mouth. Suzi blushed immediately. She was a little at a loss, trying to push him away, but was held tighter by the man.

Chapter 224

The man picked up her messy hair and said lazily: "Tell you a shortcut."

Suzi: "Wh...what shortcut?"

"If you take care of me, maybe I can help you pay off the debt you owe me!"

Suzi: "..."

I haven't recovered yet, but I saw the man raised his arm and turned off the wall lamp. The man's arm circled her again, and said lazily, "Sleep!"

Suzi had to lay down on his chest cautiously, daring not to fall asleep for a long time.

She wanted to get up to see how her daughter Shen was sleeping, but before she got up, she was pressed by the man's legs and she couldn't move.

Can only nest in his arms, the atmosphere does not dare to breathe.

Now Suzi can only pray. When her daughter wakes up and cannot find her mother crying, she can hear her.

Maybe it was because I was really tired, maybe because I missed my daughter's thoughts, and then Suzi didn't even know how he fell asleep.

She breathed evenly in Arron's arms.

Maybe it was too cold, because Arron's quilt was very thin. Slowly, Suzi began to approach the man, and later, she was all on Arron's body. When Suzi was in the small town of Quxian County, she had a long cylindrical pillow. Every time she slept, she used to sleep on her side, and then crossed her legs on the pillow. She always felt safe to sleep like this.

But now the pillow is gone. When she didn't know if she was asleep, she used Arron's leg as a pillow, so that the two legs were wrapped around Arron's leg like a rattan.

Suzi was sleeping sweetly, but Arron couldn't fall asleep for a long time.

He has been looking for her for six years! Six full years!

Finally at this moment, she fell asleep next to him. When the man thought of his six years of hard work and six years of suffering, he wanted to wake her up now! When she thought of looking at him with her cold and lonely expression, she said to him, "You tortured me in this way. How many men do you want me to accompany?" Arron wanted to strangle Suzi to death. .

However, he just sneered at himself: "Woman! If I want to kill you, why bother to do so? Why don't you think about how many women in the entire Cloud City want to climb into your man's bed? You A man has only bathed one woman in his life!

Are you still wronged? "

"Well, a pillow, I want a pillow." In his sleep, Suzi mumbled to find her pillow, her legs kicking around under the covers.

The man let out a low cry, then lifted a leg and stuffed it to her so that she could use it as a pillow.

The woman stopped now.

The man sneered and sneered, then raised his arms, circled her in his arms, and then his lips fell deeply and landed on her messy hair. After kissing for a long time, the man fell asleep satisfied. Go.

It was like this all night, and Suzi was sleeping on the pillows of living people very sweetly.

Arron didn't even change his posture all night, his legs and feet were numb, and it was almost not his.

Early the next morning.

The sun slowly rose from the east in the Western Wei Dynasty, and Suzi also slowly woke up from her fragrant sleep. At first, she thought she was in a small courtyard in Quxian County, and she muttered: "Only, it's time to get up baby, or you'll be late for kindergarten."

After shouting, she suddenly stunned.

Because what she touched with her hand was not a pillow or a quilt, but, as if it were a person?

Suzi shuddered in shock, and his whole body was fully awake.

The moment he opened his eyes, Suzi was stunned.
