

Chapter 279

Arron repeated: "Movie stars? New actresses? Think everyone should know that they should know you? Then I tell you now, you'd better stop filming within three years.

Can't even receive ads! "

This is the lightest punishment Arron has given Ivy.

A public figure, a queen who just won the prize, ordered other women to lift her shoes in the bathroom!

This kind of virtue has already lifted her hands to rest her shadow.

"Mr. Fu..." Now Ivy is even more desperate: "I...I am willing to drink, I am willing to drink ninety cups, okay?"

Please don't let me get out, don't let me stay away. "

Letting her stay in the shadows for three years without receiving any advertisements would be tantamount to ruining her life's career.

Moreover, offending Arron meant that she would never be able to enter this high-end circle again in her life.

Ivy gritted her teeth and immediately pleaded with Arron to fine her 90 cups of wine.

Ninety glasses of foreign wine.

Although it is not as strong as white wine, it is ninety cups.

One bottle is only seven or eight cups, ninety cups, Ivy drank 13 bottles of foreign wine.

At the end of the drink, she rotted into a puddle of mud.

And it was a mess. The other two women in the box, Jiang Chenhe's female partner and Zhong Muzhan's female partner couldn't help but said helplessly, "Drinking 13 bottles of wine, it's 13 o'clock!"

Although Ivy was so drunk, she was not asleep. She could still hear other people talking. When I heard two women calling her at 13 o'clock, Ivy felt that she was really ashamed today.

After all, Kraig had the best temper. He took Ivy out and threw it outside the box, then took out his mobile phone and called the club staff: "There is a female guest here who is drunk, please call a taxi for her. Send it back." "Yes, the person is outside the box."

After the thread was closed, Kraig was about to go in, but I was hugged by Ivy's legs: "Jun, Mr. Jun, I...Where did I offend President Fu today? He wants this... .If you want to do this to me, can you trouble Mr. Jun to tell me?"

Kraig looked at Ivy calmly: "Do you have any hatred with Miss Shen?"

Ivy: "No..."

"No enmity, then why let her pick up shoes for you, and still humiliate her in the bathroom? After the humiliation, you still don't give up, but you still have to come to the box to humiliate her in public? Why?" Kraig asked.

Ivy: "I..."

What did she say?

She wants to say that she considers herself a noble status, and she feels too deprived of her status in a box with a woman who accompanies wine like Suzi. There is another reason, because she also came to this kind of occasion with great difficulty. She had never had such an opportunity before. All of a sudden, she sat in the same box with the four top elders from East, West,

South and North. She naturally didn't want to give up. Any opportunity to show yourself.

Especially in front of Arron.

Because Yuncheng is an international metropolis and the development center of the film and television industry, she will mainly develop in Yuncheng in the future.

So Ivy wants to take the opportunity to show her charm, intelligence, arrogance, and ability to control the field in front of Shao Fu.

Anyway, Suzi is also a wine girl!

Ivy thinks that accompany the wine girl is just for the people in the box to play? She suppressed and humiliated an accompaniment girl in this way. Isn't Arron right?

However, she never expected that she would be extremely humiliated because of this.

"Really...is it really because of that Suzi? She...she's just a accompaniment girl, she..."

Kraig sneered: "Let's not say whether she is a wine girl or not. Even if she is a wine girl, she is also a woman brought by Arron. You dare to humiliate Arron's women. What is it that you don't take your own humiliation?"

Ivy: "..."

Chapter 280

The shadow queen Ivy was blasted out.

After walking out of this club and taking a taxi, the drunk Ivy called Xu Zetong's wife Jun Liuye.

On the other end, Jun Liuye couldn't wait to ask: "Ivy, hello, how are you, did my husband catch up with Arron?"

Ivy said something vaguely on the end of the phone: "That D*mn Suzi! She is such a monster, a monster!"

After speaking, he hung up the phone and slept in the taxi.

Jun Liuye: "..."

She took out her mobile phone and called her cousin Kraig.

In the box, when Kraig and Arron were changing their cups, the phone rang. He picked it up and glanced at the number, then looked at Xu Zetong, who was sitting on the side with only one person, and handed him the phone. : "Your wife is calling."

Xu Zetong took the phone and went out, walked outside, and said to the receiver again: "Liu Ye, what are you doing!"

Jun Liuye yelled: "Xu Zetong! You kill a thousand swords! I won such a good opportunity for you to integrate you into the circle of my cousin and Arron, why are you so cheap! You got involved with that Suzi! Now! Your cousin has not been harmed by her enough, but you still have to be infected!"

Xu Zetong was also furious: "You dead woman with long hair and short knowledge! I am really blind when I marry you! No one is hard to find, you find a watch to be my female companion! Go home and see me How to clean up you!"

Jun Liuye: "..."

Here, Xu Zetong has hung up the phone angrily.

When he entered the house again, he looked at everyone present with a smile on his face, but no one took care of him. Even his wife's cousin Kraig didn't give Xu Ze the same face.

Xu Zetong is completely like an outsider in this small gathering.

At this moment, the woman next to Jiang Chenhe smiled and raised a glass to Suzi and said, "Miss Shen, to you."

Suzi blushed instantly.

She hadn't been treated so politely before, and she didn't even know how to react. When he was about to toast, Arron stopped him: "She doesn't know how to drink, I will replace it." After he finished speaking, he picked up the glass next to Suzi and drank it.

The woman beside Jiang Chenhe smiled and said, "Arron, you can be called a madman protecting your wife."

Suzi blushed even more.

She clasped her hands and didn't know where to put it. Arron had already raised her hand and called the waiter waiting outside the box and shouted, "Bring her a glass of warm milk."

"Good sir."

The milk was delivered quickly, warm, and very comfortable to drink.

Suzi drank the milk, and the whole person relaxed a lot. The topics the four men were talking about were all about economic trends, and Suzi didn't understand these topics at all.

From time to time, the other three men raised their glasses to signal Suzi and drink one together.

No one asked Suzi to drink anymore.

Not even the scenes that Suzi imagined to be molested.

It's as if she really is Arron's girlfriend, or fiancée or something.

During the midfield, Arron and Jiang Shenhe talked about something, and here Zhong Muzhan and Kraig talked with Suzi from the left to the right.

"Sister, you let Arron find it easy. He has been looking for you for six years. During this period, he didn't even care about my life and death brother. He didn't talk to me for six years." Zhong Muzhan didn't. Looking at Suzi angrily.

Suzi: "..."

On the other side, Kraig said, "Brother and sister, haven't you thought about doing architectural design anymore? I have seen your works and they are all very good. After a while, I have a single-family villa that needs to be built in the middle of the mountain. Are you interested in the main design?"

When it comes to architectural design, Suzi is really interested.

She didn't want to talk all the time, because she couldn't get in the mouth, and because of her wrong identity.

But as soon as Kraig mentioned architectural design, Suzi couldn't help it.

There is always something to pursue in life.
