

Chapter 289

He pretended not to hear Lilly's angry stomping at all, and he kept leading Lilly to continue walking into the ward.

"Smelly... badass, where are you taking me? Are you going to sell me to the orphanage?" Lilly asked irritably.

Although she knew it was impossible for the bad guy in front of her to sell her.

"An old man wants to see you." Arron said truthfully.

Old man?

Lilly couldn't think of who it was, so he had to follow Arron into the ward.

The ward is very luxurious, there are four or five dedicated senior nursing staff, as well as Fu Zhengxiong and Qin Wenyu husband and wife.

"Dad." Arron shouted as he entered the door.

The moment Fu Zhengxiong saw Shen Only, he was stunned.

The complexion of Qin Wenyu next to him was not very good.

She had three sons, but they all died young, and even half of her grandchildren could not be left to her. However, this illegitimate child became the only blood of the Fu family.

It's really ironic too.

Arron is an illegitimate child, and his daughter is also an illegitimate child.

A trace of contempt flashed in Qin Wenyu's eyes, and it was only a flash, but it was also caught in Arron's eyes.

On the contrary, Fu Zhengxiong looked at Shen's only eyes, but they were full of excitement and excitement.

Is this child five years old? Only saw your relatives for the first time?

"Baby, come, come, come to Grandpa, let Grandpa see." Fu Zhengxiong bent over to sink his sole.

Lilly shrank next to Arron in fright, holding Arron's legs in both hands, her eyes looked at her grandfather defensively.

At the same time, the old lady Fu Hengsheng who was lying on the hospital bed also struggled to sit up from the bed, and his old voice shouted: "Child, child, let me see, let me see."

The only thing that sinking is that there is nowhere to hide.

She wanted to escape, but she didn't know how to go home, and she didn't have a place to call her mother. Thinking about it, she might as well follow this badass. Lilly's legs holding the badass are firmer.

At this time, Arron slowly bends down and gently said to Lilly, "Call me Dad, and I will hold you."

Shen Only: "..."

At this moment, she finally understood what she often saw on Douyin, but never understood what it meant: Jiang, or old spicy!

"Call Dad!" Arron said blankly.

Lilly was also unwilling to admit defeat: "I call your father, and my mother will be sad."

Arron: "Okay, I can take a step back. You don't need to call you father when you are in front of your mother. You call me father when your mother is not around."

This is wide!

Lilly became happy.

In fact, she always wanted to be called Dad, but she felt guilty.

Now, at this dangerous moment, in order to save himself and see his mother in the future, Lilly feels that he is compelled to do so.

She yelled sweetly: "Dad..."

Arron was in a trance.

Six years!

He waited for this sound for six years.

Finally heard it.

He bent over and hugged Shen Zuo.

"You... what did the two men whisper and whisper? Qin'er, don't you take the child over to show your grandpa!" Qin Wenyu said solemnly.

Arron held Lilly and came to the old man Fu Hengsheng, and introduced in a plain tone: "My daughter, Lilly."

As soon as these words came out, all three people in the ward were stunned.

Qin Wenyu was the first to ask: "Arron, what do you say this child's name is?"

Chapter 290

Arron's plain tone is indisputable: "The last name is Shen."

"Are you not going to recognize this child?" Qin Wenyu asked again.

Arron twitched his lips: "Isn't this what you hoped for?"

"You!" Fu Zhengxiong's old face flushed: "Why are you so ruthless! I don't recognize you anymore, you have the surname Fu! You have inherited such a big family business from the Fu family too! Well you are, even the child's surname You won't let her surname Fu!

You are indeed the cruelest! "

Arron sneered lightly.

His own child, regardless of her surname, is his Arron's child, even if she has always followed her mother's surname in her life, she will still be the only heir to the Fu Group in the future!

There is no one's turn to decide these things.

Arron didn't bother to explain to anyone.

Even he himself disdains the surname 'Fu', let alone his daughter?

In his opinion, it is better to follow the mother's last name!

At this time, the aunt Qin Wenyu sighed: "It seems that you really hate the woman as they are rumored, and you punish her by capturing that woman. That's good, so you can be like Elder Shu. I can explain it to the upper-class circles in Nancheng.

To punish that woman, you, just point it.

These trivial things that I save have affected your handling of the company's affairs.

Also, it's time for you to marry Lanita, Miss Lin's family. It has been delayed for six years. You are already in your 30s. "

Qin Wenyu's tone was as if Arron was her biological son. In fact, she thought so in her heart.

She is the homeowner of the Fu family. According to the rules, Arron should call her mother. Since her three sons have passed away, Arron is the only one left in the Fu family, so she must be hard-hearted as the mistress of the family.

She just wanted to treat Arron as her own son.

In the future, Arron will marry a wife, who is also her daughter-in-law, grandchildren, and grandchildren.

Qin Wenyu looked at Arron with a serious face.

As Arron was about to speak, an explosive, sharp, childish voice suddenly came out from his legs and feet: "What an explanation! What disgusts that woman? Is it disgusting for my mother?"

The five-year-old Lilly can understand everything.

Looking at the conversations of the few people present, although the mother's name was not mentioned, Lilly could feel that they were talking about her mother.

D*mn it!

I planned to call Dad just now!

This stinky ba5tard!

Lilly rolled his small eyeballs steadily.

Looking at Arron, Arron was tall and mighty, looked at the jeweled old lady in front of him, the old lady was fierce, and then looked at the old man next to the old lady, the old man was not so fierce, but Lilly also felt that he could not beat him.

After looking at the four people in the ward, Shen Only made a decision quickly.

She rushed to the grandfather who was lying on the hospital bed. She didn't take off her shoes. She climbed onto the bed and sat on the grandfather. Before everyone could react, Shen's only powerful little paw had already been accurately poked. Fu Hengsheng's nostrils.

The little paws were very sharp, and Fu Hengsheng's nostrils, which he only pulled, were sore.

"You ba5tards! Whoever dares to beat my mother, I will kill the ba5tard grandfather! I tore off his nostrils and turn him into an ugly monster! Humph!" At this moment, Lilly looked like an invincible kid The warrior is so fierce.
