

Chapter 321

But everyone present, including his grandfather Fu Hengsheng, father Fu Zhengxiong, and aunt Qin Wenyu felt chilled after hearing this.

Christopher opened his mouth in shock.

Master asked him to take a picture of a woman with a swollen face?

This is too... gossip!

Is this to please the five-year-old daughter?

Intuition tells Christopher that the fourth master is not to please his precious daughter, the real purpose of the fourth master should be to please his daughter's mother-in-law.

To please the woman who owed more than ten million yuan to Fourth Master Fu.

The thought that Master took Lanita's ugly photos to please Suzi made Christopher happy. He took out his mobile phone from his pocket and was about to take it, but he heard Lanita act like a baby to Arron: "Master. ..."

That voice, beautifully matched with her face, was the kind that made people hear the goose bumps.

Arron didn't look at Lanita. He only looked at Elder Shu, and said coldly: "A lady of you guys actually tore each other's hair in my living room, and even if he hurt someone, even if he hurt him a lot.

This really tarnished the reputation of your Shu family for hundreds of years.

Grandpa Shu. You should educate your granddaughter at home before you bring her out, lest she be embarrassed! Since you can't discipline her, since she tore her hair openly in the old house of our Fu family, causing injuries and bleeding, then I will take care of it for you!

Christopher, take a picture!

All photos from various angles have been taken! "

Christopher replied very loudly: "Yes. Fourth Master!" He agreed so, but he thought very briskly in his heart that this Fourth Master could really do something for his own sake.

Obviously, it was fun for my daughters and daughters, and the whole Master was as serious as Lanita was a movie star.

Christopher held the camera around Lanita's face and quickly pressed the shutter.

At this moment, Lanita had a desire to die.

Elder Shu also blushed and his neck was thick: "Qin'er, what do you mean!"

Arron looked at Father Shu calmly: "Old man, I respect you so I call you Grandpa Shu, but don't forget that my surname Arron is Fu, not Shu. What do I mean, I am not obligated to report to you!"

Elder Shu: "..."

After a while, he asked, "You don't want Lanita anymore, do you? You want to righteously help the mother of this rough child next to you, Suzi. Really? You want to give this child a complete family?"

When Mr. Shu was right, Arron raised his eyes and looked at Mr. Shu more.

Father Shu continued: "Qin'er! This child is not in the same situation as you back then. The reason why I helped you back then was because your mother was very decent, motivated, and self-reliant. Your mother is an admirable woman, so , You are also pretty good from your mother's education.

The facts have proved that you are excellent.

But Suzi is different.

Suzi is already notorious! She harmed the entire upper circle six years ago. Although she was in the name of taking care of your mother, it was helpful to you. After your mother passed away, she didn't ask for your reward, but don't forget, she took away a priceless treasure from your mother, that emerald green Bracelet! "

Arron: "..."

Chapter 322

If Mr. Shu didn't mention the emerald green bracelet, Arron would have forgotten that when his mother was alive, she gave Suzi a bracelet.

Elder Shu said again: "Qin'er, that woman is cunning and likes to do things secretly. Think about it, how much more terrible she would have harmed Ling'er, Sanford, the young master of the Xu family, and Darius?

She and your mother can never be compared.

Can the children taught by such a woman be healed? "

Arron smiled slowly: "My daughter is by my side now, what does it have to do with her mother!"

Elder Shu, you are too far away!

Regarding educating children, I, Arron, don't need outsiders to teach me how, Mr. Shu, you should take care of your granddaughter. Don't be so embarrassed in my Fu's house! "

After that, Arron got up and hugged Lilly and was about to go out.

"Qin'er..." Fu Hengsheng shouted: "Where are you going? Didn't you say that you are going to eat here at the old house today? Your grandma still prepared a lot of gifts for the only one, Qin'er... ."

Father Fu was extremely reluctant to tone.

He is reluctant to bear with his grandson and his great-granddaughter, even though she is a little girl. Her quirky little character is really pleasing. At only five years old, she can deceive Qin Shuang into not finding Southeast In the northwest, Lanita was able to humiliate Lanita and cry on the spot.

This little girl is really no ordinary child.

Yeah!

The children of their Fu family should be like this.

Don't look at the ugly thing that happened between two women in Fu's family today, which is because of the girl's picking of the hair, but Fu Hengsheng and Fu Zhengxiong are more and more fond of the child in their hearts. She really looks like Arron.

Looks and personality is more similar.

Therefore, Mr. Fu put down his body and asked Arron softly.

Arron didn't turn his head back, he only took his own daughters and daughters out, and said as he walked: "Your old house is too smoky. You thought it was a dinner in the upper class, but you even invited people to sit in the living room. In two columns, so grand.

More than that, this woman tore her hair, even worse than the market shrew!

I don't want my daughter to see such a dirty side. "

Fu Hengsheng: "But, isn't it all over now..."

Arron had already left the door of the hall and walked far. He didn't hear anything from his grandfather.

He only held Lilly and asked Christopher to drive away from here with their father and daughter.

Originally, I wanted to take my daughter to recognize the ancestor and return to the clan. At least after I was called in, my daughter would inherit the Fu family group. It would be more smooth and natural. However, Arron did not expect that the father and father would only recognize a granddaughter. Can invite so many people over.

Even if there is no daughter Lilly making a fuss, Arron will leave.

However, his daughter made a fuss, and it made him watch a good show.

At this time, Christopher, who drove in front of him, said to Lilly in a playful tone: "Little princess, your combat effectiveness is too impressive, right?"

"Ah? What did you say, Uncle Christopher?" Lilly couldn't understand what Christopher said.

Christopher smiled and said, "Little princess, how did you come up with this good idea of two birds with one stone, a family dinner, you even packed up two women who robbed men from your mother. You are really great!

Little princess, I have become your fan. "
