

Chapter 357

Not qualified is not qualified!

Think it's high society to wear a luxury outfit for your child?

It's ridiculous! "

Suzi: "..."

She could see it. The woman said last night that the soil she wore was just her own superiority, but today, she can't stand it when she sees the only thing that is more beautiful than her daughter.

Envy broke out!

Suzi was about to speak back, but suddenly there was an arm around her on his shoulders. Suzi turned his head and saw Arron.

While the man hugged Suzi, the off-road vehicle worth tens of millions ran side by side slowly.

"Do you know?" Arron asked Suzi coldly.

Susan's mother: "..."

Suzi said incoherently: "You...didn't you go to the company, why are you still here?"

Arron's tone was as cold as a murderous sword, leaving no room for Susan's mother: "I said I wouldn't let the only one come to this kindergarten. Look at who is this! The quality is so bad! I'm illiterate! I immediately notify the principal to remove such people from the kindergarten!"

Suzi: "..."

Susan's mother: "..."

She is not a fool, this person, this car is definitely not good.

Her frightened legs became weak and her face was extremely pale. Her knees were worthy of her knees and she knelt down and begged Arron: "Sir, sir, it's my fault that I have no eyes, sir, can you give me a chance, my child can be here? It's really not easy to go to kindergarten. We dragged down a lot of relationships. I...will never dare to go anymore, please..."

Arron snorted coldly.

Susan's mother looked at Suzi again: "This lady, I have no eyes, I don't know that you are actually a real nobleman. You are just low-key, unlike me, which is actually a real bun. I beg you to look at my daughter and your daughter. For the sake of a good friend, go around me this time, I will never dare to do it again, oooooo..."

Susan's mother was crying very poorly. Suzi tugged Arron's arms: "Forget it, the child is not guilty, Susan has a good relationship with the only one."

Susan's mother also nodded desperately at Arron.

Arron said coldly: "Let's not take this as an example!"

"Yes, yes, thank you, thank you." Susan's mother nodded like garlic.

"Go!"

Susan's mother stumbled away.

Arron looked at Suzi again: "I don't want to see you showing no resistance next time. The only thing I don't want to see is that she has such a mother."

Suzi said calmly: "I don't want to cause trouble."

"Don't want to cause trouble? Do you cause less trouble?" Arron asked.

Suzi choked with anger.

After a few seconds, she sneered and asked, "Then next time I see Lanita provoke me, should I also beat her on the spot?"

"Otherwise, do you still want to bypass her?" Arron asked.

Women are really stupid!

Guarding the husband of the richest man in Nancheng, guarding the husband who is called the Living Hades, she was bullied when she went out!

"Got it." Suzi smiled relievedly.

Arron was right. She didn't want to cause trouble and stopped looking for her?

This is often not the case. The better she is to bully, the more people bully her.

Susan's mother was just an episode. From this day on, Susan's mother never asked Suzi to trouble again, but as soon as Suzi entered the company that day, she met Rayna again.

To be precise, it should be Rayna who waited for Suzi at the door of the company.

"You stop for me!" Rayna commanded domineeringly when he saw Suzi.

Chapter 358

Suzi didn't look at Rayna, but went straight to the lobby and the elevator door.

It's not that Arron told her that she should not tolerate everything, so she fought back in a high-profile manner. Suzi is not a competitive person, let

alone in the company, her lazy Li Rayna depends on the family relationship. Come in, a okay, no-brain woman who is idle all day.

Suzi pressed down two elevators at the same time.

As soon as one of the elevators opened, Rayna chased him up: "Suzi! Who do you think you are? Yesterday, you were better off by Mr. Jun's eyes? In fact, you are even a woman who was kept under her belt. Not as good!"

As soon as Rayna finished speaking, Suzi entered the elevator.

Rayna immediately followed.

Suzi snorted contemptuously, and immediately got out of the elevator, and then quickly transferred to another elevator. When Rayna reacted, Suzi had already closed the elevator door.

"Watch! You fooled me!" Rayna rushed to catch up, accidentally getting his high heels stuck in the elevator.

"Oh!" I didn't say my feet, and my skirt was torn apart.

Suddenly, the places that shouldn't be exposed were also exposed.

That is called an ugly.

Fortunately, this time has not yet reached the peak of work in the last few minutes. Few people saw Rayna. Even if there were so few people who saw it, people still did not dare to see Rayna because of Rayna's usual domineering and domineering work. The ugly attitude of fullness.

However, Rayna herself became angry from embarrassment.

She took the next elevator to go upstairs, first returned to her seat, took out a spare suit from the drawer and put it on, then limped angrily to the shrunk design department of Suzi.

At this moment, Suzi is waiting for Linda to arrange today's work for her. The design director assigns Suzi to Linda and asks Linda to take Suzi for a week.

But Linda didn't really sincerely want to take Suzi.

She planned to let Suzi do the thankless proofreading that she pushed to Suzi every day.

But Suzi doesn't matter.

For Suzi, proofreading is very good, because she can see various design patterns of Linda in the past, and she can absorb some design nutrients from these patterns, and then make up for her own shortcomings.

Suzi took a pile of design drafts that needed proofreading to his seat, and Rayna came excitedly before sitting down.

"Dead b!tch! You killed my foot!" Rayna came to Suzi, raised his hand and patted the table.

She wanted to fight Suzi.

But in public, she can't do too much.

"You are so ugly!" Suzi said in three short words.

"You...what did you say?" Rayna thought he had heard it wrong.

"You are noisier than you know, and you have bad breath." Suzi's words were brief.

But extremely lethal.

"You..." Rayna felt that her liver was irritated by Suzi, and she was aching faintly. She pointed at Suzi with trembling fingers, "Do you think Mr. Jun will protect you from now on?" "

Suzi didn't even look at Rayna: "Didn't you see it? He was protecting me yesterday."

Rayna: "..."

Including others in the design department office, they were all startled by what Suzi said.

Although this woman is a newcomer, although she looks dull, she has a poisonous mouth.

Some people sneered with Suzi behind their backs: Wasn't it because you were guarded by Mr. Jun yesterday? Are you screaming?

The tail is up to the sky?

I really don't know how high the sky is.

I don't know how deep the water is here!
