

Chapter 375

She and Walton are cousins.

Although Walton no longer has her parents, she lives in Shu's family as a child, and she is very much loved by Elder Shu. Therefore, don't look at Walton as an orphan without a father or mother, but Walton is an orphan in Min's family. Haughty existence.

What is the Min family?

In Nancheng, even a middle-class family can't be counted as a middle-class family. The Min's family is just an old four-bedroom, two-living property in the city. Supermarket.

Originally, Rayna, just like other civilians, graduated from college to find a job at the bottom, starting from the bottom and slowly climbing up, and when he reached a middle-level cadre, he would become an old man.

But because of the cousin Walton, the Min family has changed a lot.

The most notable thing is that Walton asked her cousin to work in this company. Walton also asked her cousin Darius to escort her, so don't look at Rayna's family situation. , But she is in the company, but no one does not know the existence of a princess.

Rayna also liked this identity very much.

In a daze, she even thought that she was really the noble princess of a big family in Nancheng. It was only when she communicated with her cousin Walton on the phone that Rayna could deeply understand that she and her cousin Walton's difference is huge.

Because of the Shu family's relationship, Walton can choose her husband and son at will in the upper class. Originally, Walton wanted to marry Nancheng's

richest man, the uncrowned king Arron, but because Arron had a fiancée, Walton had to. Secondly, he chose Joan.

But even a man like Joan is not something that Rayna can think about.

This is the difference between Rayna and Walton.

The same surname is Min, and they are still so close to each other, but Walton can walk in the upper class, can arbitrarily look down on her uncle and aunt, and even unscrupulously treat her cousin Rayna as a current person.

And she, Rayna, had nothing. No!

She must hold a beetle-in-law.

Darius is impossible. The Shu family will definitely not let Darius marry Rayna. Rayna puts all his bets on Lenny. As long as she can marry Lenny, Rayna will be able to do it too. Become a true high-class wife.

I will definitely not lose to my cousin Walton.

In the future, the cousin dare not arrogantly stand up in front of her cousin.

Thinking of this in her heart, Rayna also got out of the elevator. Since she was sharing the news with her cousin on WeChat just now, she didn't even look at herself at the elevator. When she got out of the elevator, Rayna went to the company's logistics department. Go.

When she arrived at the logistics department, she picked up the microphone and adjusted her voice and said, "Hello everyone, I'm Rayna. As a member of the company, I think it is necessary for me to remind all women in the company that you must guard against being calm. Suzi.

This woman is very shameless!

This woman almost separated my cousin and my cousin-in-law, and now she still looks at my cousin-in-law, not only that, she also took aim at our company's young master, Suzi is a man who hooks a man when she sees a man. Woman.

Sisters, you must resist Suzi! "

When she said these words, everyone in the company was stunned.

Then, many people began to run towards the logistics department one after another, and Rayna was talking incessantly in the large conference room of the logistics department.

When everyone saw Rayna, they couldn't help but burst into laughter.

Rayna immediately asked: "You, what are you laughing at?"

Two thousand one

At this moment, Suzi also came to Rayna.

Suzi looked at Rayna with a dark face, and asked coldly: "Rayna, what do you want to do!"

Rayna also forgot why the colleagues laughed, she only sneered: "Suzi! Do you think you hide from me for a week, I will let you go! Why I get hurt is because of you!

You pushed a chair behind me and deliberately led me to sit on the chair, causing me to be injured and stay in the hospital for two days. You would be jailed for such behavior! "

Suzi: "Then you go and sue me!"

Rayna: "Do you think I dare not?"

Just after speaking, Rayna suddenly changed his voice and said, "Brother Lenny, you just came here! You were not in Nancheng last week, so you don't know what happened in Nancheng!

The murderer Suzi almost killed me!

She pushed the chair and put it on my seat, deliberately led me to sit up, and pierced my...my buttocks. "

Lenny looked at Rayna with disgust and sneered.

"Brother Lenny, you still laugh!" Rayna pretended to be angry, and then said: "Do you know that Suzi is a very promiscuous woman! Her method of seduce my cousin is very vulgar, I listen to me The cousin said, she is a woman who uses all kinds of despicable means. You are now bewitched by Suzi, brother Lenny!

Suzi, this woman is very ugly! "

Lenny couldn't help it anymore: "I don't know whether Suzi is ugly, but you are ugly now!

She is simply the ugliest ugly woman in the world! How can you be embarrassed by a woman like you in the company! Shu Shaobao sent you in, right? Shu Shao has been seeing his grandfather in another city these few days, so I won't notify him. I will fire you on the wrong side.

You!

Rayna, you ugly woman, roll me up right now! "

Rayna: "..."

She was stunned for a while in the conference room. After a while, she cried loudly: "Brother Lenny..."

"Who is your brother! fcuk off!" Lenny was mad at this woman.

Rayna didn't even dare to cry anymore.

Outside the meeting room, a kindhearted person reminded her: "Miss Min, take a look at your own face first, it's more expensive than a beautiful cat."

Rayna didn't care about pleading like Lenny or hurting Suzi any more. She just took out her mobile phone and took a photo, then she froze, and then suddenly shouted: "Ghost... .."

The image on the phone is naturally Rayna herself.

Just now when she saw Suzi in Lenny's car, Rayna was crying angrily by Lenny, she cried all the way up the elevator, all her makeup was spent.

Rayna's makeup has always been thick and enchanting, and she doesn't have much money to buy high-end makeup that doesn't take off. She uses some cheap, colorful makeup, so that when she cries, Eye shadow, eyeliner, and liquid foundation on the face are mixed together, and a face can become a clown.

She went into the elevator to visit and chatted with her cousin Walton on WeChat, but forgot to look up at her makeup, so she rushed to the conference room of the logistics department and insulted Suzi on the radio.

I wanted to crush Suzi in front of the entire company, but I never thought that if I didn't crush Suzi, I was driven out.

There is also an ugly look of a painted cat.
