

Chapter 389

Why do you always mention it?

Seeing Christopher's smile, Suzi was even more at a loss.

Fortunately, although Christopher received the salary that Fourth Master Fu gave her, she always preferred his wife, so he immediately rounded up and asked: "This is the lady, Fourth Master asks you to take a rest tomorrow? If you take a rest, Fourth Master will take it. You go to practice the car."

"Um..." Don't you ask about Lenny?

It's best not to ask.

Anyway, she has nothing to do with Lenny.

"I will rest tomorrow." Suzi looked at Arron and said.

Arron didn't speak any more, only his face was strained.

Suzi couldn't guess what Arron was thinking. She didn't speak anymore when he didn't speak. It wasn't until they came to the kindergarten and picked up Lilly that there was laughter in the car again.

"Mom." Lilly asked when he got in the car, "Susan's mother wants to add you WeChat, would you like to add it?"

Suzi: "...". She didn't want to add it.

Because he didn't like Susan's mother who was so wealthy and a nouveau riche woman.

Besides, haven't you had a knot last time? What else to add?

Suzi held up Shen's only face and said to the only one: "The only one, Susan's mother and their circle are rich and wide-wife circles. Mom doesn't have time to play mahjong every day and talk about luxury jewelry, so she doesn't add it. Up."

"Good mother." The only thing that listens to her mother the most, she knows that her mother is not easy, so she never force her to do things she doesn't like.

The only thing I talked about with my parents about some kindergarten fun.

Those who talked and laughed got home soon.

After eating, it is the time for Arron to interact with his daughter every day. At this time, Suzi is also looking forward to it. No matter how the man is out there, he becomes the most qualified father when he comes home. .

Daughter slave. Seeing their father and daughter playing so happily, Suzi couldn't bear to disturb them. She took a bath towel and took a beauty bath in the bathtub, planning to give herself a beauty treatment after going out.

However, she just came up from the bathtub in the bath towel, still carrying water drops on her body. When she was about to apply the mask, from the bathroom mirror, she saw the man leaning on the bathroom door again. Looking at her with a lazy expression.

Suzi's face suddenly turned red.

She turned her head and coughed: "That... the only one?"

"Do you still know that you have a daughter?" Arron asked in a low, magnetic voice.

Suzi: "You...what do you mean?"

"Recently, apart from picking up her every day, have you thought about what she thinks? Have you thought about what she wants? Have you thought about what she likes to play with?"

Suzi: "..."

Why didn't she think about it!

Why doesn't she care about her daughter!

If she doesn't care about her daughter, how has her daughter lived in the past five years?

The reason why she has not communicated with her daughter recently is not because he, the father, competes with her every day!

"Why not add Susan's mother's WeChat?" he asked.

"People talk about jewelry, brand-name bags or something, I..."

"You are more qualified to talk about this than them!"

Suzi: "I..." She didn't finish her words, but the man stepped forward to her and picked her up in a bend.

"You...it's so late, you...what are you going to do?" Suzi's shocked heart almost jumped out of his throat.

She feels that men's thinking is really different from ordinary people, why are they so leap? A second ago they were still talking about adding Susan's mother's WeChat, and a second later, he suddenly picked her up.

The man grinned lazily: "It's so late, what else do you think I can do?"

Chapter 390

After being hugged by Arron into the bedroom, Suzi realized that the man's surname was really not that big.

When they got off work, they discussed Lenny, and then suddenly jumped to the matter of her taking a rest. Just in the bathroom, they were discussing whether to add WeChat or not. At this moment, they closed the bedroom door and the man returned to Lenny. On the issue.

He asked the woman: "Your man is good, or Lenny is good!"

"...I don't know." Suzi doesn't know Lenny very much, how does she know Lenny?

"Don't know?" The man sneered: "Then you have to bear the punishment!"

"You...you are better than him."

"Who am I?" the man asked nonchalantly.

"I... my husband is better than Lenny... a hundred times better." The woman became obedient.

It wasn't until a second before falling asleep that Suzi knew that the man really deserved to be a man who had to repay him. He didn't say anything at the company's door at that time, because he had a tougher trick behind him.

This night, Suzi slept very calmly.

Not even a dream.

It was not until the next morning when he opened his eyes and saw what was in front of him that Suzi discovered that men are not thinking about jumping, but that men like to put several things together and intersperse together.

Yesterday, he told her about jewelry and luxury goods before he took her into the bedroom. As soon as she opened her eyes this morning, she saw the whole box of precious treasures in front of the bedside table.

The sleepy Suzi was dumbfounded.

Although she can't distinguish what is jadeite, what is nephrite, what is gem, and what is diamond, but just look at the red, dark green, blue, black, crystal clear, and blood-like coral beads. , Pearl, she could feel this small box of jewels, enough to buy several houses.

"These are enough for you to show off in front of your daughter's classmates' mothers!" The man behind him was lazy and extremely deceptive.

Suzi was speechless: "..."

Suzi, who has always been calm, always deserted, and has rarely shown possessiveness to these things, could not hold back at this moment, but revealed a playful mind except for a little girl.

She turned and looked at the man who was bare-chested, supported on the bed with one hand, looked at her with lazy eyes, and said, "Is it for your daughter's happiness that you give me such a good treatment?"

Man: "..."

"Then if I do... more... more children, would you just... give me this box of jewels for every child?" She pouted, like a child, and asked stupidly.

Man: "..."

How cold and self-inhibiting her consistent attitude is, at this moment, her silly and cute appearance is more fascinating.

The man didn't say anything, just turned her over and fixed her under him.

Before she could react, he covered her soft lips with a goshawk swooping kiss.

All the explanations are in the air.

It was ten o'clock in the morning when I was awake again.

Suzi blushed and broke free from his arms, hurriedly dressed and combed, then opened the bedroom door and ran out and shouted, "The only one."

But Shen's only voice was not heard.
