

The Protector Novel Levi Garrison Chapter 2189 – 2190

Chapter 2189

Underworld God and others looked over.

“You have forgotten one point-Levi’s children have the blood of the Ye clan flowing on them! It is equivalent to the descendants of the ancient Ye clan!”

When the Dark God said so, everyone immediately reacted.

Mingxie Shendao: “If Ye Wudao used Levi’s child as the bloodline of the ancient Ye clan as an excuse, could he have a legitimate reason to move?”

“That’s right! This madman has fought against the Marshal of Tiance! Now he has a valid reason, let alone put Tiance Mansion in his eyes! He even dared to directly ask Tiance Mansion for someone!”

“As long as there is one reason-the ancient Ye clan wants to take blood and go back for training! This one reason embarrass Tiance Mansion!”

“I think the ancient Ye clan really won’t embarrass this child, why not cultivate such a high talent? How much hatred can’t let go? It’s just that Ye Chen died!”

Underworld gods.

“Well, that’s probably it!”

...

That’s right.

Not what the dark god expected.

Ye Wudao is going to be ready to move you.

The reason is exactly the same as the dark god said...

He has consulted the fathers of the ancient Ye clan, and they all agreed.

Such family geniuses must be cultivated by themselves...

So they allowed Ye Wudao to bring Aubrey back.

Who said he didn't dare to move Tiance Mansion?

He dare!

...

"Little ancestor, when do we move Sarah and Aubrey?"

Lawrence already knew that Ye Wudao was going to do it.

"I'm still further detailing the whereabouts of Sarah, probably near the empire where the sun never sets! As for the whereabouts of Levi's child and mother, we have already grasped the whereabouts of Levi's child and mother! It just so happened that the child has left the customs! Currently in Case York generation!"

Lawrence is very capable of doing things, and he is doing these things right away.

This is also the reason why Ye Wudao likes him as an assistant.

"Not for the time being!"

"I need greater assurance! So wait until I get the artifact that is about to be unearthed!"

Ye Wudao said.

Everyone in Lawrence was very curious.

Lawrence finally couldn't help asking: "What kind of artifact is Xiaozu? Now the whole world is mad!"

"Okay, let me popularize it for you!"

Ye Wudao smiled and said, "In fact, there are two artifacts! One sword and one sword are called Heaven Sword and Di Sword! It is an artifact refined by the Velador Ancient Weapon Family! It can be called a weapon of heaven and earth, imagine Do you know how scary it is?

This sword is stronger than any weapon you have ever seen! Even so strong that you can't imagine it! As long as you have the strength to control these two artifacts, you will be invincible!

It's a pity that the knife has disappeared for a long time, and no accident should be in someone's hands! As for the Heavenly Sword, it will be unearthed soon!

How terrible are these two artifacts? Even the ancient Ye clan and the people of Tiance Mansion will fight for it with all their strength! "

Everyone was amazed.

I really want to see.

Even the ancient Ye clan wants to fight, how terrifying is that?

"For the unearthed sky sword this time, I am bound to win! Calling you this time is to arrange the deployment of the battle for the sky sword! Everyone listens to my arrangements..."

Ye Wudao arranged a lot of things.

Let the Ye Clan prepare.

“My Ye Clan will win the Heavenly Sword!!!”

Ye Wudao was looking forward to it.

Once the Heavenly Sword is in hand, he is more certain to challenge the Tiance Mansion!

Go get Aubrey back!

You don't even have to rely on the power of your father's generation!

With the Heavenly Sword, he can make the Ye Clan the real overlord.

The Ye Clan is called the first, and no one dares to be the second.

An explosive news came from the world on this day-the divine weapon Heavenly Sword will be born in Velador three days later.

Many people went crazy when the news came out.

Nowadays, there are more and more rumors about the divine weapon Tianjian.

Blow the heavenly swords into the sky.

But it really is so scary...

Chapter 2190

There is one person who knows how terrifying the Heavenly Sword is!

That is the dark god!

Because the earth sword matching the sky sword is in his hand.

The Dark God can say this: No one understands the power of the sword and the sword better than me!

Even the dark cage can be split open, do you say fierce?

“Three days later is the day when the Heavenly Sword was born! I am bound to win the Heavenly Sword! You must fight for it with all your strength!”

“From now on, you will enter Velador!”

“Especially you! You must do your best!”

Dark God looked at Sarah and ordered.

Today's Sarah has been honed by the Dark God into the most perfect killing machine.

She has almost no emotion, the only emotion is revenge!

In the past three years, the Dark God has been instilling revenge on Sarah.

It is true that the Lab of the Gods disappeared.

But the concept that the Dark God instilled in Sarah was that he and Sarah eliminated the powerhouses in the laboratory of the gods one by one.

During the period, the Dark God arranged a lot of powerhouses who faked the laboratories of the gods and let Sarah kill them one by one.

Make her think she has revenge.

In the end, the Dark God brought Sarah to the fake Gods Lab headquarters.

Let Sarah see the destruction of the Lab of the Gods with his own eyes!

Let her think that Levi had revenge!

This makes Sarah more convinced of the Dark God and completely reduced to a murderous machine.

Also listen more to the words of the dark god.

It is even said that Sarah only listens to the words of the dark god.

Not only that.

Dark God also instilled other enemies for Sarah!

Many people in Velador, such as Qilin, Wesley, Common Killer God, and Tiance Mansion, were portrayed by him as hypocritical people, and they secretly framed Levi.

There is an inescapable responsibility for Levi's death!

So these people are now Sarah's enemies!

She wanted to kill these people long ago!

Originally, the marshal of Tiance had designated Sarah as Velador's enemy.

Coupled with Sarah's various revenge and indiscriminate killing of innocents, she is now Velador's public enemy.

If she hadn't been found, she wouldn't know how many times she would have been hunted down.

Not only that, but some big figures from all over the world were portrayed as enemies by the Dark God, and Sarah didn't know how many he killed.

Now she is the public enemy of the whole world!

He is also the most dangerous one on the list of gods.

Everyone gets punishable!

So now it is very difficult for Sarah to send out to perform the task.

Therefore, it is of little use value for the dark god.

Now he was going to use Li Zi to dye one last time, and after winning the Heaven Sword, he gave up on her.

“This time the battle for the sky sword! The hypocritical guys in Velador will definitely fight for the sky sword! At that time, we will join hands to wipe out these hypocritical guys!”

The dark god uses plum dye again.

There was light in Sarah’s eyes when he heard that all those enemies were going to go.

That is the look of revenge!

Sarah didn’t doubt the words of the dark god.

Because the dark god promised her to do everything before, she firmly believed that the dark god would not lie to herself.

“Understood! I must win the Heavenly Sword for Master, and then kill all the hypocritical enemies!”

Plum dyed.

Later, Sarah, the Eighteen Dark Angels and other strong men from the Bible Organization entered the Great Summer in advance.

The dark god left only one underworld god.

Come for his use.

“Dark God, you also want to enter Velador, will you participate in the competition yourself?”

Underworld God asked.

The Dark God shook his head: “No! I can go everywhere in the world! But Velador alone can’t go!”

Underworld God was shocked when he heard it, and asked in surprise: “Why?”

“Because my biggest enemy is in Velador! I can’t go to Velador without gathering all the swords and swords!”

Dark God explained.

“Um?”

Underworld God became more and more shocked.

He actually saw fear in the eyes of the dark god...

The Protector Novel Levi Garrison Chapter 2191 – 2192

Chapter 2191

And this feared enemy?

Dare to enter Velador?

Underworld God was shocked.

He knows how strong this is.

In the past three years, no matter how the times have changed.

He is always at the pinnacle just like the God who controls the world.

It can be seen from his apprentice Sarah.

But now he is afraid?

It shows how terrifying Velador's enemies are!

No wonder the Dark God cares so much about the Heavenly Sword.

It turned out to be for this reason.

"Everyone only knows that the Heavenly Sword is powerful! But I don't know that I still have an Earth Sword in my hand. In fact, there is a secret that almost no one knows. The combination of Heaven Sword and Earth Sword is the most terrifying artifact! One plus one is greater than two. !"

"Earth sword is the sword of the netherworld, the element that merges into darkness! The sky sword is the sword of the strong sun! The element that merges into the sun! The fusion of the heavenly sword and the earth sword is the fusion of Yin and Yang that Velador demands! That's why it will be produced. Qualitative change!"

Dark God explained.

"So God of Darkness, you got the sword and the sword, just want to combine them! Then go to Velador?"

Underworld God asked.

The Dark God nodded: "This is one of my purposes!"

"That's why I will leave you behind, and there will be an afterthought! The reason is that I must get the Heavenly Sword!"

The Dark God also ordered the Underworld God task.

...

As the day when the heavenly sword is unearthed is getting closer, there are more and more rumors about the heavenly sword.

Among them, there is a question in the world: how strong is the sky sword?

There has been no definite answer to this question.

Many people just blindly compete for...

But today there is a vivid answer.

It is the Heavenly Sword that can kill the strong blood clan, even the blood ancestors! You can also beheaded!

Because the sky sword is the sword of the sun!

Specially restrain the physique of the blood race!

The news came out.

It caused an explosive sensation.

Since Xuezu was released three years ago, the superpower of the blood race has surfaced and appeared in the world.

Many people know the extraordinary talents of the blood race.

Especially those blood ancestors are immortal and can sleep for thousands of years or even longer.

Many powerful people have tried various methods and ancient weapons and modern technological weapons, and they can't kill the blood ancestors at all.

There is no weapon or method to restrain the blood race.

They can't kill at all.

In the past three years, the blood clan has also become a super power.

The four blood ancestors are completely awakened, and almost no one can beat them.

Now the Heavenly Sword can slay the blood ancestors, explaining to everyone how powerful the Heavenly Sword is.

So there are more people who want to snatch the Heavenly Sword.

For example, the enemy of the blood clan, the enemy of the blood clan, etc. have also joined the ranks of looting.

Not only that, even the blood race also joined the ranks of snatching.

This kind of weapon that can target their physique and kill their blood ancestors must not fall into the hands of other people.

Instead of falling into the hands of the enemy and posing a threat to the blood, it is better to seize it yourself.

So the blood race also joined the ranks of the competition.

Even some big chaebols and old financial families have all joined the competition.

Although they can't use Heavenly Sword.

But they can use the Heaven Sword as a bargaining chip to trade with others, or use the Heaven Sword to hire some strong men.

This made the competition for the Sky Sword reach a fierce stage.

It was also the biggest dispute in three years!

Originally, Tiance Mansion thought that the Heavenly Sword was stable and would stay in Velador.

But it's getting worse now.

The Heavenly Sword gradually became a divine weapon that opened up the world.

It seems that the whole world is fighting for it.

Various alarms have been coming from Tiance Mansion.

Unidentified elements entered Velador...

East, west, south...

One by one.....

The command from Major Tiance was not to stop, but to let them in.

Blocking now is too loss of strength.

It's better to keep it and come in together.

However, the Marshal Tiance also had a plan.

His purpose for doing this is simple.

Chapter 2192

Deliberately letting everyone in is to write down everyone's identity information as much as possible.

This is equivalent to all being under the control of Tiance Mansion.

Those who came are still strong from all over the world.

This is conducive to Tiance Mansion's control of the future situation.

After all, knowing oneself and one another can survive a hundred battles.

"What? Sarah is here? Okay, always pay attention! Don't be scared for the time being!"

"There is a surprise this time, not only to win the heavenly sword, but also to get rid of many enemies!"

Marshal Tiance smiled.

...

The other side.

Case York.

Junjun has been with grandpa and grandma these days.

Hearing that the Heavenly Sword was born, Aubrey also wanted to join in the fun.

This time she came out, she was experienced.

Just take this opportunity to see if I can find clues to my parents.

So Aubrey also went to the place where the Heavenly Sword was about to be born.

But she didn't take her grandma and grandparents with them anymore.

Dangerous things after all.

Junjun may not be able to take care of it, so she went straight alone.

Seeing Aubrey walking alone, the ancestors in the dark all sighed: "Junjun has grown up!"

They are also more relieved.

But also depressed.

Junjun growing up means to be separated from them.

"No way, Junjun has to shoulder some of the responsibilities she should shoulder! We can only provide a little help, we can't protect her for life!"

The female ancestor sighed.

The place where the Heavenly Sword came out was in the snow-capped mountains in the northern boundary of Velador.

A place of extreme coldness.

Because the Heavenly Sword is the sword of the most yang, it can actually be hidden and breathless in such a place of the most yin and cold, and it will not be discovered for so long.

Otherwise, the breath of the sword of the sun would have leaked out long ago.

Therefore, the Heavenly Sword will not be discovered for so long.

If it hadn't been for a certain energy organization to excavate energy materials, they would not find it here.

But because the sky sword is in a very deep and deep place, it is not easy to dig, so the time of excavation has been pushed back and forth.

This time has been confirmed.

At noon tomorrow, also when the sun is blazing, the Heavenly Sword will come out.

The day before, this area was full of countless strong people.

There are countless strong people coming.

More people gather.

Many people are already fighting and killing.

After all, there are people from all over the world, and it is easy to encounter their own enemies.

The Heavenly Sword has not yet come out, and the killings continue.

A corpse is placed everywhere...

It's like purgatory...

However, the real big forces are all on the stage at the last moment, and they will never appear the day before.

But many have already arrived.

It's just hiding in the dark.

Aubrey also arrived here the day before.

Many people saw Aubrey a little girl and wanted to bully her, but Aubrey beat him back.

to be honest.

This is the one who can't be bullied this time.

Secretly followed several ancestors.

However, Aubrey was still smart and low-key enough to hide himself without attracting much attention.

Otherwise she will be the focus early.

At this moment, the old lair of the Bible organization, the dark cage.

The Huoyun Evil God has passed out.

He couldn't live on such a life as good as death. After all the torture, he let go of himself and died.

Has been fainting for a long time.

His breath dissipated a little bit.

It was different from Levi's breath dissipating.

He is losing his vitality, and when he loses his breath, Huoyun Cthulhu will also die.

“boom!”

But at this moment, Huoyun Cthulhu suddenly felt a terrifying energy fluctuation.

He was immediately awakened in a fainted state.

Soon he knew where this energy fluctuation came from...

Levi next to you!

At this moment, Levi is as hot as the sun, and the terrifying energy is getting stronger and stronger, just as the sun is getting closer and closer to the evil god of fire cloud, and the heat is getting more and more terrifying...

Oh My God! ! !

The Protector Novel Levi Garrison Chapter 2193 – 2194

Chapter 2193

Huo Yun Cthulhu felt that he was about to be melted by this terrible energy.

He couldn't bear it at all!

If nothing is guarded, he will disappear immediately.

Huo Yun Cthulhu was stimulated by this energy, and he also recovered.

He hurriedly used all his best to resist the terrible energy fluctuations emanating from Levi's body.

what happened?

What's wrong?

In the past two years, Levi's breath of retreat has become weaker and weaker, and in the end he has no breath.

Like the dead monk.

Huo Yun Cthulhu would not wake up no matter how he called, he would be Ye Jun dying.

But how could such a powerful energy burst out of him at this time?

Incredible!

Is there any hope?

Is his retreat going to end?

But it was too late for him to think, and terrible energy bombarded him.

It directly made his throat sweet and full of bruises.

Huoyun Cthulhu was stunned!

This is just a breath overflow, it is such a terrifying energy fluctuation.

It is no exaggeration to say that Levi is like the sun.

The aura exuding from his body turned into terrible energy and burned and melted Huoyun Cthulhu.

“what!!!”

The Huoyun Cthulhu felt that his body's skin was cracking, his body's organs were about to explode, and his soul was about to be pulled away.

He felt the extreme pain.

Huoyun Cthulhu was actually considered a two-year retreat.

Much stronger than before.

Now he does everything he can to block this energy fluctuation in actual combat.

“puff!”

Although he was struggling to resist, the blood overflowed in the delicious food, more and more.

“what!!!”

The pain is getting stronger and stronger, and the soul will be torn apart.

The Fire Cloud Cthulhu used the strongest defense in his life to resist this energy fluctuation.

But he screamed louder and louder, and the blood was getting more and more, and there were wounds on his body.

...

Huoyun Cthulhu has never received such a death threat in his life.

But this is just the energy fluctuation of Levi's body.

If his real energy escapes, how strong will it be?

have no idea.

Anyway, the evil god Huoyun must be instantly shattered and turned into nothingness...

Can't even leave a scum.

Unimaginable horror!

Huoyun Cthulhu's whole person was trembling, he was terrified, really terrified.

Levi's whole body is getting hotter and hotter, as if the sun is about to press on the Huoyun Cthulhu.

What Huoyun Cthulhu didn't know was that earth-shaking changes had taken place outside the dark cage.

Red lightning raged in mid-air, making terrible sounds.

It's as if the world is angry.

“what!!!”

The Huoyun Cthulhu screamed hysterically.

His body is about to explode!

He is dying.

In fact, he always wanted to die, and finally let go of himself.

But now that he felt the energy fluctuations in Levi's body, he felt hopeful again.

He doesn't want to die!

He wants to live!

But the hot energy in front of him would tear him to pieces.

“what!!!”

At the moment when Huoyun Cthulhu's body exploded, all of the energy suddenly retracted, all of it retracted into Levi's body.

In an instant, the pressure on Huoyun Cthulhu disappeared.

At the moment of life and death, the Evil God Huoyun was rescued.

“Huh! Huh!”

He was gasping for breath...

He has died once...

At this time, he saw Levi, who was closed, suddenly opened his eyes. There seemed to be lightning in his eyes, as if the stars turned upside down and the universe shattered.

What kind of look is that!

This look seemed to penetrate his soul!

powerful!

too strong!

It's so outrageous!

This experience is unprecedented!

Transformed!

He felt Levi's transformation.

There was an ethereal aura on his body, as if it merged with everything in the world.

That feeling is very, very strange.

This feeling has only been experienced in Master Levi...

"Sir, your retreat is over?"

Huo Yun Cthulhu asked excitedly.

"Um!"

Finally there is a response.

Chapter 2194

With this response, the Evil God Huo Yun waited for two years.

Finally heard Levi's voice.

Levi opened his eyes and stood up after speaking.

“More than two years!”

Levi sighed.

The Fire Cloud Cthulhu rekindled hope and looked at Levi excitedly.

Judging from the breath that had just escaped, he was full of confidence in Levi.

“Sir, can you open it?”

Huoyun Cthulhu’s voice was obviously trembling.

Levi smiled: “Let me try!”

“Stand behind me!”

The evil god Huoyun stood behind Levi when he heard the words.

“boom!”

He smiled, raised his fist, and blasted out a flat punch.

But this seemingly ordinary punch has the power to surpass the limit of time and strength!

Unpretentiousness is the highest state!

This is Levi’s pursuit of ultimate speed and strength for two years of retreat!

This punch seemed ordinary, but it was Levi’s answer sheet for more than two years of retreat!

“Buzzing...”

The trembling sound of time and space came from the ears of the evil god Huoyun, feeling the terrible fluctuations, and this punch actually became progressively stronger.

There was a wave of anger!

Huo Yun Cthulhu found out in shock that Levi's fist hadn't hit the wall yet.

The wall felt the terrible energy spread, and it was deformed and recessed in it.

This deformation is getting more and more severe!

“boom!”

Until Levi slammed up, Huo Yun Cthulhu's ears were deaf, his eyes were blurred, and his brain consciousness was blank.

This punch seemed to beat the world into a state of chaos.

Let the soul of Huoyun evil god pull away...

When Levi hit it down with a punch, lightning raged in the air outside.

“Crack!!!”

Shattered.

The wall in front of Levi and Huoyun Cthulhu shattered!

Exploded!

The metal wall immediately outside was all shattered!

Levi's vision widened.

“boom!”

“Kacha Kacha...”

The entire dark cage was shattered inch by inch, and in the end, the entire dark cage was blown to pieces.

There is nothing left.

With Levi's punch, the world collapsed, and the sun and the moon reversed.

The dark cage was directly destroyed.

Although there is a device for transforming energy between the two metal walls of the dark cage, most of the power you play will be transformed, and the metal wall will not be hurt at all.

However, this conversion device also has an upper limit. When the upper limit is reached, there will be energy that cannot be converted.

Even the transformation device will explode...

Now Levi's punch is too strong and too strong!

Strong enough to shock the world!

Directly exceed the upper limit and tolerance of the conversion device.

“Crack!”

The instant transformation device bursts into pieces, directly turning into nothingness.

If the transformation device fails, then the two metal walls are directly bombarded by force.

Therefore, all the power of Levi's punch hit the two walls, which caused the two walls to burst.

With Levi's punch, the red blood cloud outside was directly dispersed.

The complex mountains also split in the middle.

The dense fog not far away has all been dissipated...

With a punch, this place of purgatory was beaten into the blue sea and blue sky!

This is Levi's current strength!

The dark cage that the Dark God could only open with his powerful strength and the magical sword was blasted open by Levi.

fear!

Horrible!

The Huoyun Cthulhu did not respond for a long time.

It feels like the soul is separated from the body...

He died again.

Too fucking strong.

How can there be such a strong person?

Although Huoyun Cthulhu had seen Levi's master, he had even seen his shots.

But Levi was not as shocked!

He even thinks that Levi is stronger than his master now.

The Fire Cloud Cthulhu lay on the ground, breathing heavily, feeling the blue sky and white clouds.

It's been a long time!

The outside world is so good!

Levi also looked up to the sky and roared: "God of darkness, you can't hold me down! I'm Levi out!!!"
