

You Owe Me, My Love Chapter 31

Bai Rong returned to the office. Liu Yan passed by and saw her in the office. She stepped back again and asked in concern, "Bai, how was the post-processing yesterday?"

"I am about to divorce." Bai Rong said calmly.

"Really? You've made the right choice. I'll support you unequivocally." She smirked and said, "Is it because you went to see the hot guy yesterday afternoon?"

"No." Bai Rong shook her head and felt a little lonely, "We will never meet each other again."

"Why? He doesn't like the fact that you are married? I thought you were about to get a divorce?" Liu Yan said puzzledly.

"Our lives are too different. I want to rent a new house and then go to a law firm today. If I want to divorce successfully, I have to show evidence of Su Xuyan cheating on our marriage." Bai Rong said thoughtfully.

"The evidence of Su Xuyan cheating? That's simple. Leave it to me and I will handle it for you." Liu Yan said confidently.

"Thank you very much." Bai Rong thanked her friend earnestly. These three long years were finally coming to an end. She can finally be freed from this living hell. She suddenly realized that the feeling of letting go was very pleasant.

At that moment, there was a knock on the door. Bai Rong looked at the door. The Head of Obstetrics's face was somber, "Director asked for you. It's not good news so you better be mentally prepared."

"That scumbag, Su Xuyan. How far is he going to torture you?" Liu Yan defended injustice for her. Bai Rong's heart trembled.

She had a bad feeling about this, "I'll go down first."

Liu Yan watched Bai Rong go out and immediately called the director, "Dad, what's the matter? Are the higher ups still targeting Bai Rong?"

“A big shot from the Ministry of Health pressed on this matter asking it to be handled. I was supposed to deal with it yesterday but I postponed it one day. Hasn’t she thought of a way out of this yet? I have to report it to the higher ups.” The director said helplessly.

“Wait, I’ve got an idea. Don’t do anything yet, dad. Please hold on.” Liu Yan said with a flash of wit.

“Honey, what are you up to again? Dad has already helped you clean up a lot of mess; get me off the hook please.” The director said anxiously.

“I know. Just give me half an hour.” Liu Yan hung up the call.

She dug out Bai Rong’s phone from her bag and found a caller ID that was displayed as Chief. She took her cell phone to make a call. The phone rang twice and was hung up.

It was an emergency situation. Liu Yan couldn’t care if he was busy, so she called again but Gu Mingchen still hung up the call.

She quickly sent a text message: “Waiting for your help. Hurry up and answer the phone.” Liu Yan called again after sending the text.

Gu Mingchen answered, “What’s the matter?”

“Chief, please listen. Bai Rong got into trouble. She needs your help now.” Liu Yan said.

Gu Mingchen heard the voice of another woman and paused, “What happened to her?”

“Rong once went out to perform a task; delivering a baby of a pregnant woman. At that time, the ultrasound clearly showed that the umbilical cord surrounded the neck of the baby but she was already about to give birth. She had no choice but to perform a surgery. But who in the world would expect that this woman is her husband’s affair? She is about to divorce her husband. As a result, her husband incited the woman to sue her so that she would lose her job.” Liu Yan said plainly.

“Got it. I will settle it.” Gu Mingchen said in a deep voice.

Liu Yan heaved a sigh of relief and smiled when she heard him say that, “You’re really something else. No wonder Rong likes you.”

“Bai Rong likes me?” Gu Mingchen frowned with his cold eyes clearing showing his unbelief.

“Yes. She herself told me that she likes you. But she is a married woman, which is inappropriate. But don’t worry; Rong is now going all out to get a divorce.” Liu Yan said that deliberately.

She felt that Bai Rong was a good match for him.

Gu Mingchen went silent for a while then hung up the phone. The look of his eyes was softer than before.

He called the director of the hospital.

“Hello, I’m Gu Mingchen, Chief of the Special Forces Military Base. During the mission, Dr. Bai Rong followed my instructions. If anyone is looking for trouble, please ask that person to come look for me. It has nothing to do with the doctor.” He said in a deep voice.

The director was stunned. It was Gu Mingchen, the Chief of the Special Forces Military Base. Who called him? My daughter is too capable, isn’t she?

“Okay. Understood. I’ll take care of it.” the director said tremblingly.

Gu Mingchen hung up the call.

The director said to Bai Rong, “We’re done here. Chief Gu from the Special Forces just called and said that you were doing things according to his instructions, therefore it has nothing to do with you. Go back to work.” Hearing that, Bai Rong lowered her eyes.

Never in her wildest dreams would she have thought that Gu Mingchen was still willing to help her and she was greatly moved. She returned to the office.

The office was covered with roses and there were two paper bags next to the chair. Su Xuyan sat lazily at her desk and asked wickedly, “Do you like it?”

She didn’t like it, not in the least. There was a hint of indifference in Bai Rong’s eyebrows, “I haven’t got off work yet. Your presence here will affect my work.”

“I’ve asked around. You didn’t have any operation in the afternoon, thus my presence won’t affect your work.” He stood up and ran his fingers through her hair.

Bai Rong stepped back subconsciously.

Su Xuyan didn't like her rejection towards him and his eyes glinted, "What are you trying to do again?"

"It was you who pressured the director to fire me, right?" Bai Rong asked directly.

Su Xuyan paused, "I almost forgot about this. Hang on."

He made a call in front of Bai Rong and ordered, "Withdraw the complaint against Bai Rong."

He hung up the call after that and smirked while looking at his wife, "Look, baby. Problem solved. You won't suffer as long as you stick with me." She felt goosebumps rose on her skin upon hearing him calling her baby.

"I need to work now." Bai Rong said indifferently and sat on her desk.

Su Xuyan put the gift bag on Bai Rong's table, "Here are clothes and shoes. A friend of mine invited me for dinner. You should come too."

Bai Rong's face turned ashen at the thought of the Wife Exchange incident previously, "I won't go and I don't want to know your friend either."

"My bad. I messed up last time. I won't repeat it this time. I will pick you up at night." Su Xuyan flashed a smile and said domineeringly.

He turned and left Bai Rong's office.

Liu Yan saw Su Xuyan leaving Bai Rong's office, so she rushed over and asked worriedly, "That scumbag came to pester you again?"

"I'll be out of this living hell soon and it won't be long." Bai Rong said determinedly.

"Hurry up and get it over with. There's something better waiting for you." Liu Yan smiled ambiguously.

The face of Gu Mingchen flashed across Bai Rong's mind.

“By the way, I contacted the Chief and informed him about your situation. My dad told me that he solved the issue immediately. Regardless, you are going to get a divorce. Work something out with him after you get divorced.” Liu Yan incited.

You Owe Me, My Love Chapter 32

“His family surely won’t accept a divorcee.” Bai Rong said in a self-knowing manner.

Liu Yan poked Bai Rong’s head, “Why are you so pedantic? You don’t even have a child with Su Xuyan. In this day and age, the divorcee is more favored than the unmarried.”

“Let’s talk about this another time. I’ve got to work.” Bai Rong said.

Liu Yan saw the gift bag on Bai Rong’s table. She took it out to have a look.

A Chanel pink gauze skirt was inside and it looked sumptuous. “Su Xuyan gave it to you?” Liu Yan asked in a contemptuous tone.

“Yeah.” Bai Rong didn’t even look at the skirt.

“Su Xuyan is lavish to women, but he is open-handed to more than one woman. You won’t relent, will you?” Liu Yan asked worriedly.

Bai Rong raised her head; the look in her eyes was as clear as water, “I have already given up on him. It is not a matter of being soft-hearted.”

Liu Yan gave Bai Rong a thumbs up and agreed, “That’s right. I will be observing him in the meantime and once the evidence of him cheating is in my hand, I’ll hand it over to you.”

“Thank you, I have nothing to do this afternoon. I will head to the law firm to consult the situation.”

“Go ahead.”

Bai Rong consulted the lawyer for the specific situation. The lawyer said that if there is evidence of the man engaging in extramarital affairs, the divorce would be mandatory. Luckily, it was not difficult to get evidence of Su Xuyan cheating.

Her phone rang right after she came out of the law firm.

"Where are you? I heard that you took a leave this afternoon?" Su Xuyan asked suspiciously.

She didn't want to tell Su Xuyan that she was about to prepare for a divorce, lest he be on guard.

So she said perfunctorily, "Well, I wanted to catch some fresh air. I'm on my way back to the hospital now."

"See you at the hospital entrance in half an hour." The man said in displeasement and hung up the call.

Bai Rong took a deep breath. She just had to bear with it a little longer. She had been enduring for so many years; a few more days made no difference.

She went back to the office and put on the clothes given by Su Xuyan. The phone rang and it was him again.

"Bai Rong, there has to be a limit for arrogance. I've been waiting for you for ten minutes." Su Xuyan said angrily.

Bai Rong sneered. She waited for him for three years long; ten minutes was nothing. "I'll be there in five minutes." Bai Rong ignored his anger and hung up the call.

Su Xuyan got out of the car and looked at the exit then frowned. He got off work early to wait for her; wasn't she pushing her luck? Right then, she came out from the exit.

A hint of fascination flashed across Su Xuyan's eyes, glittering the beauty of his facial features. Bai Rong normally dressed herself in a mature look, but she was in fact only 24 years old.

The pink silk skirt suited her very well and the elegant material outlined her perfect figure. Especially the solid cutting until her knees, which made her calves look long and slender. She was exceptionally good looking when she dressed up. Beautiful things were pleasing to the eye. Su Xuyan cooled his temper and opened the car door.

Bai Rong got in the car and fastened the seatbelt then asked gently, "Where are you bringing me?"

"Peony Hall." Su Xuyan smirked and said.

Peony Hall of New Century was the most exclusive and luxurious room in A City. It was not a place that could be booked by an ordinary person.

Bai Rong followed Su Xuyan into the room.

Xing Jinnian took Su Xuyan's arm naturally and introduced him to Xing Bachuan with a smile, "Dad, he saved me yesterday."

Xing Bachuan smiled in satisfaction and stretched out his hand, "Minister Su is a young talent from the Ministry of Health. I believe we've met once before. Nice to meet you and thank you for saving my daughter."

Bai Rong stood at the door while watching them interacting intimately and smirked slightly. She seemed to have always been the unwanted one.

After Su Xuyan and Xing Bachuan shook hands, he squinted at Bai Rong who was standing at the door, "What are you doing over there? Come in."

Xing Bachuan turned ashen when he saw Bai Rong, his smile froze on his face.

"Xuyan, who is she?" Xing Jinnian asked defensively.

"I mentioned her to you before. She is my wife, Bai Rong." Su Xuyan said with a smile. He kept their ghastly expression under his eyes.

Xing Bachuan glanced at Xing Jinnian in discontentment. He thought that she hooked up with a young talent from the Ministry of Health as soon as she came back, but it turned out that he already had a wife. Furthermore, his wife was his unwanted biological daughter. He was feeling sick all over.

Su Xuyan pulled Bai Rong over and seated her down. The atmosphere was strangely depressing. "Bachuan, sorry that I'm late." Gu Tianhang walked in and apologized.

Seeing that it was Gu Tianhang, Xing Bachuan immediately got up to greet him and shook hands with him tightly. His cold face turned warm at once like flipping a book. "Your presence here is the greatest honor."

Xing Bachuan looked behind Gu Tianhang. He has got no time to withdraw his smile. "Like father like son. I'm honored to see the gallantry of the Chief. Please sit." Xing Bachuan said hypocritically.

Bai Rong looked at Gu Mingchen in surprise. She did not expect to meet him here.

His expression was tense, grim and there was no smile on his face. He glanced at her lightly and moved his eyes away as if he didn't know her.

"Chief Gu, I haven't seen you for ages." Su Xuyan smiled and deliberately held on Bai Rong's shoulder and pulled her into his arms.

"We're not that close." Gu Mingchen sat down proudly right across from Bai Rong; his alienated aura gave him an unruly height.

Not close. These two words made Bai Rong's heart tremble faintly. She seemed to recall saying these two words to Gu Mingchen too. Even so, he still helped her to resolve the dispute in the hospital. She lowered her eyes.

Xing Bachuan looked at Gu Mingchen then turned to look at Xing Jinnian with a pair of thievish eyes, "Chief Gu is young and promising. I wonder if you have a girlfriend?"

"I have a fiancée." He raised his head and looked at Xing Bachuan with a cold look, then took a quick glance at Bai Rong.

Her face was calm as if him having a fiancée had nothing to do with her. Was she really not close with him? His face became colder, then he poured a glass of red wine for himself and drank it in one gulp.

"What?" Xing Bachuan was quite disappointed. "When did this even happen? Gu, why haven't I heard it from you before?"

"I'll leave the children's matter to themselves. I can't say for sure either. However, I'm planning to announce this at the banquet tomorrow night." Gu Tianhang said happily.

"So he has a fiancée." Su Xuyan picked up his glass then motioned to Gu Mingchen and said in a suggestive tone, "You must have a good relationship with your fiancée that the both of you are unaffected after all these. You have my respect. Cheers to you."

Gu Mingchen did not pick up his glass.

Su Xuyan felt snubbed, "By the way, thank you for saving my wife yesterday. She hid herself in my embrace and covered her face with tears as if she was under tremendous grievance. She must be traumatized by what happened last night."

Gu Mingchen shifted his sharp gaze towards Bai Rong and grasped the glass tighter, "I guess she was actually frightened by what happened this morning instead."

You Owe Me, My Love Chapter 33

"Did anything happen this morning?" Su Xuyan looked at Bai Rong and a menacing glint flashed across his eyes.

She disliked his phoney intimacy and his casual nonsense. When did she hide herself in his embrace and cried? Bai Rong smirked sarcastically, "Will I not tell you about my fears if I have cried?"

Su Xuyan was displeased by her answer. He smirked with a cold look then put his mouth beside her ears and said in a low and ambiguous voice that could be heard by everyone, "That's right. Why would you be afraid of what happened this morning? You love to sleep together with me."

Gu Mingchen looked at Bai Rong with cold eyes. Bai Rong had a strong compulsion to slap Su Xuyan. She felt sick listening to him. He stroked her thigh, as though to punish her and pinched it hard.

Bang! Xing Jinnian flipped the glass. Bai Rong looked at her.

Xing Jinnian looked at Su Xuyan with her watery, glistening big eyes and her hands were shaking from being wronged.

Bai Rong was disgusted by her husband. He brought her here on purpose to make Xing Jinnian jealous. His plan was successful and she should leave on a high note now.

"Sorry. I need to go to the bathroom." Bai Rong picked up her bag and walked outside.

"Wait." Xing Jinnian stopped in front of Bai Rong and smiled softly, "My skirt is wet. Can you help me?"

Bai Rong fixed her eyes on her half-sister. She was not a heartless person, but she would be stupid if she were to bear with this knowing that it was a taunt.

"Don't you have a pair of hands, Ms. Xing? Sorry but I'm not free." She walked out of the room coldly and arrogantly.

There was a moment of awkward silence. Xing Jinnian caught up with Bai Rong after seeing that she left.

Su Xuyan put on a significant grin and his eyes were full of smiles; the sentimental little girls were jealous!

"You can't have a foot in both camps." Gu Mingchen picked up his glass and took a sip.

"I have a pair of big feet. No worries." Su Xuyan said mockingly.

Gu Mingchen looked at the man coldly. His phone rang, then he glanced at the caller ID and got up, "Excuse me for a moment." He picked up the phone and left.

"Chief, Miller, the terrorist organization leader that we have been stalking just arrived in A City. The informant reported that there may be a batch of arms trading recently. I guess it may be related to him. Should we catch him now or later?" Lieutenant Shang reported.

"He must be prepared to die since he dares come. Watch him closely and see what happens." Gu Mingchen ordered rationally.

He heard Bai Rong's voice coming from inside when he passed by the bathroom, so he stopped subconsciously.

"Is there anything for us to discuss about, Ms. Xing?" Bai Rong said coldly.

"I know you are my sister." Xing Jinnian smirked and said provocatively, "Su Xuyan told me that he got married with you just to meet me. There was a misunderstanding three years ago and I was forced to leave. Can you let him go now that I'm back, sister?"

She wanted to let the man go a long time ago. "What do you want me to do?" Bai Rong asked coldly.

"Get a divorce and fulfill our happiness." Xing Jinnian said bluntly.

Bai Rong chuckled; it seemed like every mistress had the same request.

Since her position as the official wife was precarious, so she might as well give it up.

"I will divorce with him as soon as he suggests it. I can even come out clean. I'll entrust this important matter to you then." Bai Rong said truthfully.

Xing Jinnian's face looked terrible and said sarcastically, "You knew very well that he deliberately used you to provoke me. Why would he divorce you? Bai Rong, let him go. He doesn't love you. You are nothing more than his tool to get back at me."

Bai Rong fixed her eyes on Xing Jinnian.

Fine then. Xing Jinnian couldn't understand her words. She shouldn't waste her time casting pearls before swine.

"Ms. Xing, is there anything else? Otherwise, I'm leaving." Bai Rong said plainly.

Xing Jinnian looked at her perfunctory attitude as though she had the upper hand. There was a surge of anger in her heart.

"Bai Rong, how shameless can you be? He doesn't love you, get it?" Xing Jinnian tore off her ladylike disguise and yelled.

Bai Rong lowered her eyes. A mistress calling the legal wife shameless. What an absurdity!

She couldn't care less about her and she left haughtily from her side.

"Bai Rong, I will make sure Xuyan divorces a disgusting woman like you." Xing Jinnian clamored.

Bai Rong saw Gu Mingchen after she walked out from the washroom and paused.

He held her hand while walking forward speedily into an empty room and closed the door. She was somewhat afraid of him now that her eyes flickered.

He didn't give her a chance to dodge; he put his hand on her head with his eyes locked on her sharply, "Are you an idiot or a fool? Did you by any chance think you can make Su Xuyan change his mind by obeying him? He is just enjoying the feeling of having women adoring him."

She knew that. Su Xuyan purposely brought her here to make Xing Jinnian jealous. But she had got no other option.

"I know what I'm doing." Bai Rong said.

She just had to bear with it for a few more days; she could get divorced as soon as she found the evidence and got rid of the hellish marriage completely.

"What are you doing? Compromising? A man won't love you just because you fawn on him." Gu Mingchen's chest was undulating in anger.

"I didn't fawn, nor did I love lopsidedly."

"Then what are you doing now? Slept with him in the morning?" The Chief's tone sharpened. He was abnormally unstable presently and his blood was about to boil.

"I didn't sleep with him; I never did it with him to begin with. He blathered." Bai Rong blurted out. She was upset after that.

She explained to him so eagerly, as if she was suggesting something to him. "I'm leaving." Bai Rong walked with her head stuffed.

The haze in Gu Mingchen's eyes gradually disappeared. It turned out that they didn't make out in the morning; they never got it on before. In short, he was her only man.

Gu Mingchen opened the door and went out. He watched Bai Rong walk into the elevator and he chased after her.

Xing Jinnian looked at them maliciously and sullenly; her eyes glinted and made a call.

“Sen, this is Jinnian. Are you somewhere around the Peony Hall now?” Xing Jinnian asked in a sweet voice.

“Yes. Anything? You missed me?” Sen said indecently.

“Help me with something. I will ask my dad to approve the project you applied for once it's done.”

“What is it?”

“Now a pair of men and women are leaving the Peony Hall. I will send you their pictures. Lock them in a room and drug them. You know what I mean.” A dark edge flashed across the eye of Xing Jinnian.

She didn't believe that Su Xuyan would still want Bai Rong if she cuckolded him.

You Owe Me, My Love Chapter 34

Bai Rong walked out of the restaurant.

She felt uneasy and her mind was in a mess.

Bai Rong knew it was because of Gu Mingchen.

It seemed like... She was starting to have feelings for him.

Just then, Bai Rong heard swift footsteps approaching her.

She turned around instinctively and saw a man in a mask who stepped in front of her and sprayed her face with a substance.

She could smell ether and blacked out shortly after.

When that man was stuffing her into a car, Gu Mingchen's voice came from behind with a sharp glint in his eyes, “What are you doing?”

The masked man turned back and started to attack Gu Mingchen, but the latter was faster. With one swift motion, he threw the man behind onto the ground.

The masked man fell onto the ground with the spray can still on his hand.

Gu Mingchen then rushed towards Bai Rong, but was blocked by another man in black.

Again, it didn't take the trained soldier even a minute to give the rascal a hard punch who then hit the car behind.

Gu Mingchen's reactions were simply too fast. No one was his match.

"Get in the car!" The first man shouted towards the second man.

The latter got up and hopped into the car.

Gu Mingchen watched as the vehicle drove away, with Bai Rong still in it.

He immediately chased after the car.

Just then, someone stuck a gun out of the car and fired a shot.

Gu Mingchen dodged while the car accelerated and disappeared into the distance.

Without delaying, he called the Department of Transportation. "I need your help to check on two cars. One is a black Volkswagen with car plate number **315. The other is a black Toyota with car plate number **510. Track them and call me back in ten minutes."

Finished speaking, he got into his car and drove off.

Su Xuyan waited for a long time but Bai Rong was still not back yet.

She did not pick up the phone either.

He was not pleased with that and was going out to look for her.

"Xuyan." Xing Jinnian called out softly behind him.

The man turned around and looked at her with a devilish smile. "Yeah?"

Xing Jinnian walked towards him, blushing. "I made a reservation for a room at the Grand Hyatt hotel."

Of course, he knew what she meant.

He enjoyed being pursued by women.

"What did you tell Bai Rong?" Su Xuyan asked.

Xing Jinnian could not tell what he had on his mind. His eyes were unreadable. "I love you, but your wife is someone else. I did have a lot to share with her but she left in a huff. So I didn't get to talk to her at all." She answered.

Su Xuyan let out a laugh. He lifted her chin and pecked on her lips.

"You are the only woman I have on my mind. Don't be like those other women who only know how to annoy me. You are a smart woman, so you should understand what I mean." Su Xuyan said meaningfully.

Xing Jinnian's head was buzzing.

Did Su Xuyan find out about something?

"Have you fallen for Bai Rong?" Xing Jinnian did not beat around the bush.

"What would I see in her? You just came back, so you should spend some time with your family." Su Xuyan said, and walked towards the elevator.

He did not look back.

The Department of Transportation called Gu Mingchen back ten minutes later. The two cars of his interest were both located at the abandoned pier.

Hearing that, he drove towards the pier immediately and arrived at the location one and a half hours later.

There were two cars. The surroundings were occupied by dead silence.

Gu Mingchen approached the cars, but there was no one inside.

He could see light flashing in one of the warehouses beside the pier.

Gu Mingchen ran towards the warehouse instantly.

He could see Bai Rong facing him. She was huddled up on the bed and shaking.

Something's wrong. Gu Mingchen ran inside worriedly.

"Bai Rong!" Gu Mingchen shouted.

Bai Rong's face was oddly flushed and her lashes fluttered. She opened her eyes and saw him. "Gu Mingchen, get out of here."

"Don't talk. I am taking you to the hospital now." Gu Mingchen lifted the woman in his arms.

Just as he turned around, the warehouse shutters were drawn down by the masked men.

"Dude, she's such a beauty. You can enjoy her tonight." The man outside said in a sinister voice.

Gu Mingchen finally realized what was going on with Bai Rong.

Her eyes were slowly losing focus as desire burned through her and mist started to form in her eyes. It felt like there were countless ants crawling on her body.

She must be feeling horrible.

Gu Mingchen knew exactly how that felt.

The same happened to him three years ago. He lost his senses and couldn't control himself. Bai Rong was passing by when it happened and that's the reason why he had done that to her.

"Hang in there. My men will be here soon." Gu Mingchen said as he put her on the bed.

He assessed the surroundings and found that there were cameras hidden at all four corners of the warehouse.

Bai Rong watched as he ripped off the wires from the cameras.

Her discomfort got worse and her mind was filled with X-rated images.

She let out a helpless sob and tears welled up in her eyes.

She had never done anything wrong in her life; She did not even talk bad about anyone behind their backs. What had she done to deserve this?

After Gu Mingchen made a call, he saw Bai Rong sobbing. He wiped away her tears, his heart aching.

Bai Rong looked at him longingly with desire. Her shimmering eyes were creating ripples in him. They were alluring.

The woman straightened herself and reached for Gu Mingchen's lips. She wrapped her arms around his neck and pulled him close.

Gu Mingchen froze.

Bai Rong's scent was intoxicating. Her tongue invaded his mouth urgently. She wanted to taste all of him.

A deep crease appeared between Gu Mingchen's brows. He was barely holding up.

Gu Mingchen could feel a burning sensation at his abdomen and drops of perspiration appeared on his forehead.

Bai Rong got anxious that the man was not moving. She started kissing him from his lips all the way to his Adam's apple.

Gu Mingchen had a sudden thought. He held her chin and pushed her away, then looked at her with his blazing eyes. "Do you know what you are doing now?"

Bai Rong's hands were already all over his chest.

The anguish that she was feeling had taken away all her senses.

“Give it to me. I want.” Bai Rong said as she kissed him again.

She was a bad kisser, but her lips were so soft. A sweet feeling started to ooze out from Gu Mingchen’s heart.

Gu Mingchen closed his eyes and stopped thinking.

He started actively reciprocating Bai Rong’s kiss, and their tongues engaged in a fierce battle of passion.

Even though Bai Rong was the one who was drugged, it was as though he was also feeling the effects. There was a tight feeling in his abdomen. The monster had fully awakened and was waiting to emerge.

Bai Rong’s hands were not able to stay still. They shifted towards his abdomen.

But in a flurry of activity, she had difficulty finding the right direction.

Gu Mingchen grabbed her hand and guided it into his pants.

His breathing got heavier and his eyes bored into Bai Rong.

“I am feeling terrible. I want it!” Bai Rong cried.

Gu Mingchen had his mind set. Even though he knew she was acting this way due to the effects of the drug, he did not want to miss it.

“Bai Rong, I will be responsible for you. I, Gu Mingchen, vow that you are the only woman I will ever have in my life.”

That was a promise he made as a soldier, and he intended to honor it.

You Owe Me, My Love Chapter 35

Bai Rong was already unable to see his face clearly. She shut her eyes and urged, “Hurry!”

"It's going to hurt a little when I enter. Bear with it." Gu Mingchen said in a concerned voice.

If not for the drug that was already in full effect, he would have definitely put in more effort into foreplay.

She nodded her head mindlessly.

Just as Gu Mingchen was going to unbuckle his belt, the shutters were drawn up.

He was alerted and looked towards the entrance.

Lieutenant Shang had rushed over with the soldiers, with a doctor along.

"Chief, are you alright?" Lieutenant Shang was very worried.

Gu Mingchen seemed out of sorts.

If they had been a few minutes late, he and Bai Rong would have done it.

He was slightly irritated and stood up. "Give her some sedative." Gu Mingchen ordered the doctor.

"Yes, Chief." The doctor injected sedative into Bai Rong.

She was already tired from the ordeal. As the sedative entered her body, the anguish that she had been feeling slowly subsided.

She fell asleep soundly.

Lieutenant Shang looked at Bai Rong's flushed face and the chief's disheveled appearance. There was a clear hickey showing on the man's neck. "Chief, were you molested?" He asked with concern.

Gu Mingchen swept him a sharp look and said, "You are talking too much."

He lifted Bai Rong up and carried her towards his car.

Lieutenant Shang touched his nose.

Why was he feeling as though he had done the chief a disservice...

Bai Rong woke up feeling disoriented. The first memory that crossed her mind was that of her being kidnapped.

She sat up in a fluster.

Things seemed to be getting clearer.

Bai Rong remembered being drugged yesterday. Gu Mingchen was the one who saved her.

And she almost took advantage of him.

That was so embarrassing.

"What are you thinking about when you're in such a daze." Gu Mingchen asked.

Only then did Bai Rong realize that Gu Mingchen was sitting on the sofa.

When she met his gaze, she recalled last night's events, and a blush of embarrassment spread across her cheeks.

"Nothing. I'm going to wash up now." Bai Rong got up and fled to the bathroom without looking at him.

Gu Mingchen stood up. He leaned against the door frame and looked at Bai Rong while she washed up.

"Do you remember what happened last night?" He asked.

Hearing the man, Bai Rong lowered her head.

Of course she did. Not only that, she also remembered how she had touched him there. The feel of it still lingered on her hands.

But Bai Rong wasn't going to admit it.

"Errr... No... I don't remember." She said with a guilty conscience.

Gu Mingchen's eyes darkened.

She does not even dare admit it?

He gritted his teeth and said, "You were drugged last night."

Bai Rong turned towards him; her eyes gleaming. "You saved me?"

Gu Mingchen let out a snort. "I slept with you."

"No, you didn't. Because your subordinates arrived." Bai Rong exposed his lie.

"Oh, so you do remember. Did you have short-term memory loss just now?" Gu Mingchen gave a knowing smile.

Bai Rong was speechless.

She had fallen into his trap. She looked towards the floor again and resented him for not saving her some face. "Why are you doing that?"

Gu Mingchen was overlooking Bai Rong, and she could feel his breath falling on her face.

"Do what? I thought you knew why." The tone of his voice softened. It sounded like there was a deeper meaning

Bai Rong could feel her heart thumping hard.

He indeed had feelings for her.

It was not just her imagination.

But she was still a married woman. That was not right.

Just then, Gu Mingchen's phone rang.

He frowned when he saw that it was Su Xuyan. He picked up and said coldly. "What is it?"

"Is Bai Rong with you? Get her to the phone!" Su Xuyan sounded furious.

Gu Mingchen glanced at Bai Rong and passed the phone to her. "It's Su Xuyan."

Never could Bai Rong have expected her husband would call Gu Mingchen to look for her.

She took over the phone and answered suspiciously. "What's the matter?"

"Did you sleep with Gu Mingchen?" Su Xuyan sneered, trying to suppress his rage.

"Don't judge others with that corrupted mind of yours." Bai Rong showed her displeasure.

"You'd better not be. Gu Mingchen is the chief of the special forces, and the youngest general in the history of the military. His dad is the deputy commander, who will become the commander-in-chief one day. If you are with him, it would leave a stain in his life. You are my wife. You belong to me, Su Xuyan." Su Xuyan said haughtily.

You belong to me, Su Xuyan. She hated that sentence.

"Don't you think you have too many women?" Bai Rong said coldly.

"But you are my only wife." Su Xuyan said in a stern voice, gritting his teeth and a sharp glint appeared in his eyes.

"Then you should have controlled your women better. If you had not condoned it, would they have dared to kidnap and drug me?"

Su Xuyan was shocked. "You were drugged?"

"Don't you already know who did it? I was kidnapped right after I stepped out of the restaurant. Not many people knew I was there. If you consider the motives and means, it should be obvious who did it. I don't wish to continue talking to you. Don't call me anymore." Bai Rong hung up angrily.

"Why would you still want that jerk?" Gu Mingchen asked her coldly.

Bai Rong recalled Su Xuyan's words.

Gu Mingchen was a general, and the first-in-command in the special forces. He might even become the commander-in-chief one day.

And her? She's a married woman.

He was so good to her. She should not be an obstacle to his bright future.

"I should go back now. I have to go to work today." Bai Rong nodded at him politely. She suddenly became distant.

Gu Mingchen did not like the way she was acting. He could feel his chest tighten.

He lifted her chin and said, "What is it you want me to do?"

Bai Rong stared straight into his beautiful eyes.

"To me, Chief is like the sun. When the sun is out, it gives me warmth. But if I am too close, I will be burned into ashes." Bai Rong said seriously.

"Am I that scary to you?" Gu Mingchen was bothered by what she said. His breathing was slightly labored.

"You're not scary. I am just speaking the truth."

"The truth is, you're just a coward." Gu Mingchen let go of her and turned around. "Leave."

Bai Rong nodded at him respectfully and grabbed her bag. She turned around and walked straight out of the door, without looking back.

Gu Mingchen punched the wall in frustration.

He creased his brows.

It was the first time in his life that he had lost control of his emotions like that.

After Bai Rong hung up on Su Xuyan, he had a sharp look in his eyes. He called Xing Jinnian right after. "Was it you who was behind Bai Rong's kidnapping last night?" He questioned her.

"Of course not. Who told you that? Was Bai Rong kidnapped yesterday?" Xing Jinnian acted innocent.

"Don't let me find out it was you. Otherwise, I won't let you off." Su Xuyan issued a stern warning.

"Didn't you say you don't love her?" Xing Jinnian was upset.

"Even if I don't have feelings for her, as long as she is still Mrs. Su, I will not allow anyone to bully her. That's all I want to say. I need to go now. I have something to do." Su Xuyan hung up, feeling irritated.

Xing Jinnian gritted her teeth.

Even though Bai Rong was still Mrs. Su, but very soon, she would no longer be.

She had other ways. She was the only one who could be Mrs. Su.
