

# Chapter 711 – 720 of A Dish Best Served Cold Novel

## Chapter 711

Han Dongmin also hung up the phone, a gloomy old face, a little unhappy.

Obviously, he also began to suspect that Mark was really capable, and he was still blowing it out.

After all, this speech is too casual, the tone is simply outrageous.

“Han Shi, I said it a long time ago, that Master Ye is totally unreliable?” “It feels like a junior middle school kid who has just entered the society?” “I don’t know where you heard from him. Can you let Ericson Li and the others respect each other?” “How could he be a fledgling bastard with such ability?” “Han Shi, don’t you be fooled by a door-to-door son-in-law?” Han Dongmin just pressed hands-free , Meng Guang heard the conversation between him and Mark.

At this time, Meng Guang still had a red mark on his face, which was beaten by Han Dongmin just now.

Just now, when he heard Han Dongmin’s words, he really thought he had provoked some big people.

But after calming down, Meng Guang felt that something was wrong.

After all, if Mark is really so powerful, would he stay in the little Qiu family?

Be a poor son-in-law?

Moreover, Mark is too young. At this age, no matter how powerful, what can he have?

Coupled with the understatement of “I’ll do it” by Mark just now, this tone is too big, and it makes people feel that Mark is completely bluffing and talking nonsense.

It’s like someone standing in front of you telling you that he can destroy the earth, do you believe it?

I certainly won’t believe it!

This is how Han Dongmin and Meng Guang feel now.

Niubi has been blown, it is not Niubi, it is a shame.

Therefore, even Han Dongmin had to wonder if Mark was really pretending to be a big man to fool himself.

Thinking of this, Han Dongmin walked over and helped Meng Guang from the ground: “Xiao Meng, I’m sorry, I was impulsive just now.”

“But, I still can’t figure it out. If it really is like you said, this Mark has been What is his motive?” Han Dongmin asked suspiciously.

There are reasons for doing anything.

If Mark is really coaxing himself, there must be a reason.

Meng Guang sneered, “Is there any reason to pretend to be forced. Han Shi, do you think you would be so respectful to him if he didn’t blow?”

“The lord of the city is so courteous to him. His vanity is undoubtedly extremely satisfied. Moreover, his social status will also rise. Maybe it is because of your reputation that he made Wrilfill Ericson The Lord is so respectful to him.”

“Isn’t it true that the fox is pretending to be a tiger?” Meng Guang’s words seemed to be initiating, and Han Dongmin was stunned by many things.

“Yes, you’re right. I checked Mark’s family background, rural background, poor family son, and son-in-law of the Qiu family. I was always wondering how this kind of person could make Ericson and the others so respectful.”

“Now It seems that this stinky boy has been borrowing my name to strengthen his power!” “I am really a fan of the authorities, and bystanders are clear.”

“Xiao Meng, I have to thank you. If it weren’t for you, I’m afraid I would have to be fooled. The kid uses it.”

Han Dongmin suddenly realized that he couldn’t help feeling, and finally Xie Xiang Meng Guang.

“Han Shi, I am your assistant. It is my duty to help you gain insight into people’s hearts and make suggestions.”

“I guess the son-in-law will have to call you later and continue to talk to you about the annual entrepreneurial meeting. At that time, Han Shi won’t have to save him face, just tear his face.”

## Chapter 712

“This kind of country turtle, if you give him a good face, he has to move his nose to his face!” Hearing Meng Guang’s words, Han Dongmin nodded.

Sure enough, within a short time, Mark called. Just as Meng Guang expected, Mark was telling him about the entrepreneurial annual meeting.

“Han City, everything is settled.”

“Someone will call to inform you in a while.”

“And what you have to do is to continue to prepare for the annual meeting of entrepreneurs according to the original plan, and call my wife to inform you.

“Do you understand?” Mark’s faint voice came from the phone.

While Han Dongmin listened, he smiled: “Master Ye, is it over?” “Huh? What is it over?” Mark frowned.

As soon as Mark’s words fell, Han Dongmin exploded and yelled at the phone: “Why pretend to me?” “I really thought I was an idiot, Han Dongmin!” “You just believe me when you say it?” “It’s still settled?” “What are you trying to settle?” “That’s Jiang Hai’s leader, I can’t settle it, just you?” “You are a stinky brat, no official, no job, no background, dare to brag here? “It’s such a daring thing!” Han Dongmin scolded angrily. He didn’t expect that Mark was still playing with him now, and he said that he had settled the matter.

What a joke!

People in the provincial government office, he couldn’t talk, Mark is a stinky kid, can he settle it?

Han Dongmin naturally doesn’t believe it!

Only thought that Mark was making fun of him as a fool.

“Boy, for the sake of you helping me before, if you play with me, you won’t be held accountable.”

“In the future, don’t let me see you again.”

“Otherwise, the city will let you sit in prison. !” Bah~ After speaking, Han Dongmin hung up the phone.

The anger in his heart was uttered, and Han Dongmin only felt that he was extraordinarily relaxed, and even gave Meng Guang a triumphant glance: “How about it, Xiao Meng, is the speech in this city just okay?” Meng Guang did not answer, just stretched He gave a thumbs up to Han Dongmin.

Awesome!

“Throwing off one of the burdens on my body, the whole person suddenly became much easier.”

“Go, let’s go to work.”

After turning his face with Mark, Han Dongmin stopped thinking about this matter anymore, greeted his assistant Meng Guang, and was about to leave.

At this moment, a phone call came.

“That stinky boy, ff331b2d?” Han Dongmin almost subconsciously thought it was Mark again, but when he looked down, he was shocked.

This is the phone of the province!

Han Dongmin didn’t dare to neglect, and quickly picked up.

However, nearly the next moment, Han Dongmin’s old face turned pale.

“What?” “Your meeting was postponed? Let’s hold the annual meeting of entrepreneurs first?” Han Dongmin said in shock.

The voice on the other end of the phone was also taken aback: “What, don’t you know? Didn’t you call the province?” “But you old boy, the relationship is okay, you call me Noirfork Province It’s in the house.”

“The above death order is to hold the annual meeting of entrepreneurs first, and our meeting is postponed.”

..... Listening to the words on the phone, Han Dongmin was completely scared, his brain blank.

He is not a fool.

He guessed it almost instantly, all of this is probably Mark’s handwriting!

However, Han Dongmin never thought that Mark’s handwriting was so big?

If it’s flat, it’s flat!

The leader who came to inspect in Lian Province specifically gave way because of a word from Mark.

Thinking of this, Han Dongmin is undoubtedly more panic.

God, who was he just scolding?

## Chapter 713

“Han Shi?” “What’s the matter?” “Is it a call from the province, urging you to hurry up to prepare for the meeting?” “I said, the country boy was fooling you.”

“He’s a son-in-law, Ji He is unnamed, and still ping Edensberg’s leadership?” “What does he rely on? Does he rely on his mouth?” “Han Shi, you are too kind and too easy to believe in others. But it’s okay, with me?” “What will you do in the future,” Discuss with me, as your assistant, I will definitely help you make suggestions to keep you away from the villain.”

Meng Guang had just taken the documents from the room at this time, and he did not hear the phone call Han Dongmin had previously spoken.

But it doesn’t matter. He has basically guessed it. It is estimated that people from the province asked Han City to quickly prepare for the relevant meeting.

At this time, Meng Guang was still smiling flatteringly, with an expression of inviting credit.

However, Han Dongmin was already confused. After hanging up the phone, his brain was blank.

Now, after hearing that Meng Guang was still asking for credit, Han Dongmin kicked it in anger.

“Stay away from the villain” “Stay away from your mother!” “You idiot, Han Dongmin was smashed to death by you!” “I’m really blind. Why did I listen to your idiot just now?” Han Dongmin was almost at this moment. I was about to cry, my chest was blown up!

He now has the heart to kill Meng Guang.

Originally, the misunderstanding between him and Mark just now had been resolved. He just had to wait quietly for the call to prepare for the entrepreneurial annual meeting, as Mark said.

However, just because of Meng Guang’s nonsense and telling the truth, he was finally fooled in, and he really believed the nonsense of Meng Guang. As a result, Mark’s call made him scold Shengsheng back.

It's alright now, Mark was offended to death by him.

Han Dongmin is so angry now that he can't wait to kick Meng Guang to death!

"Han Shi, why did you beat me, I...

I don't understand?

"Han Dongmin kicked the ground again, Meng Guang was full of grievance and puzzlement. "Damn!

"Do you still have the face to ask why?"

"Do you still have the face to feel wronged here?"

"Han Dongmin had a big ear scraped up again at that time, and directly inflamed Meng Guang's face and cursed while beating. "You know, just a moment ago, the Noirfork Provincial Government personally issued instructions to postpone the meeting, specifically for the company. Family years give way, let us first hold the annual meeting of entrepreneurs.

Boom~ Meng Guang stayed there at the time like a thunderbolt. In a pair of old eyes, there was a thick look of astonishment and disbelief. "This...this" "Is it... it's him."

Your handwriting?

"But this... how is this possible?"

" "This is impossible?

"How could he, a poor disciple, have such energy?"

Enough to control, Noirfork Provincial Government?

“Meng Guang is not a fool either. The moment he heard Han Dongmin’s words on 7ebb5e5d, he got in touch with Mark’s words before. However, he really couldn’t believe that Mark really did these things? At that time, Han Dongmin still cursed angrily. “Is this the hillbilly in your mouth?”

“This is your son-in-law?”

“But now, because of his words, even Jiang Hai’s leadership has given way.

“Do you still think he is a fake tiger?”

“Do you still think he was talking nonsense just now?”

“I’m so blind, I believe you such an idiot?”

## Chapter 714

Han Dongmin was so furious, he kicked it again and kicked Meng Guang directly to the ground.

But now Han Dongmin couldn’t care about being angry, and quickly asked the driver to take him to Mark to apologize.

Now this misunderstanding is big. He was just scolding Mark while holding the phone. Now Han Dongmin only hopes that Lord Mark has a lot of people, and forgive him this time.

As for Meng Guang, Han Dongmin directly asked him to pack up his things before leaving.

“My Han Dongmin’s temple is small and can’t accommodate your big Buddha!” “After today, don’t let me see you again~” Boom~ The wheels were speeding, and Han Dongmin got in the car and left.

Here, only Han Dongmin's anger echoed.

Meng Guang lay on the ground like a waste dog, full of sorrow, panic on his old face.

Until now, in Meng Guang's heart, there are still stormy waves swept through.

He didn't expect that the poor fellow he had previously dismissed would become his own gravedigger?

It took him all his life to reach the heights he is today.

But now, just because of his own ignorance and prejudice against Mark, he made his efforts to utter waste. Mu Fan Real Estate.

At this time, Helen Qiu was sitting in the office, waiting expectantly for a call.

After coming to the company in the morning, Helen Qiu thought for a long time.

She feels that if she wants to hold the opening ceremony well, she must find a way to attend this annual meeting of entrepreneurs in Wrilfill.

Only when she walks into this circle can she invite the bigwigs of the Wrilfill business community.

But Mark obviously couldn't count on it. Is Helen Qiu still full of anger when she teased her last night?

Therefore, after Helen Qiu thought for a long time, she could only call her best friend, hoping that Susie could use her father's relationship to help herself get the entrance ticket to the annual meeting of entrepreneurs.

Finally, the call came.

Helen Qiu answered the phone immediately and asked quickly, "Cici, how is it? Have you got the tickets?" Susie did not answer directly, but told Helen Qiu to go downstairs: "I'm downstairs in your company now."

Good!" Helen Qiu agreed immediately, and ran downstairs quickly.

After seeing Susie, I couldn't wait to ask about the tickets.

However, Susie shook her head: "Helen, I'm sorry for dc19190d, I couldn't get you tickets for the annual meeting."

"And, even if I get it, I'm afraid I won't be able to help you. My father said. , The annual meeting of entrepreneurs was postponed and put it in seven days. Then your opening ceremony will be over. "What?

"Seven days later? Isn't it tonight?" Helen Qiu wondered.

"It is said that the leader of the province took up the space. The annual meeting of entrepreneurs had to be postponed."

Susie explained.

Helen Qiu suddenly sighed in loss, and the original hope was undoubtedly shattered again.

She attended the annual meeting just to give Mufan real estate a little more momentum and prepare for the opening ceremony.

But now it seems that it is meaningless to participate in this annual meeting of entrepreneurs.

"Ms. Qiu, what's wrong with you?" "Listen, what's the matter?" At this time, he thought he was a handsome man with a neat suit, but he just came out of the company. Seeing Helen Qiu's disappointed look, he suddenly Go up and ask with concern.

“It’s okay, Manager Zhang. I won’t bother you for a small matter.”

Helen Qiu refused.

“Mr. Qiu is beautiful, it’s my honor to serve you, how can I be troublesome?”  
The handsome man smiled faintly, his elegant laughter made people feel like spring breeze.

## Chapter 715

The elegant and handsome man in front of him is not someone else, but Zhang Xiaosong’s son, Zhang Zhengfu.

Zhang Zhengfu’s admiration for Helen Qiu is not a day or two, but since the last time Wang Xingduo led someone to seize the company and Mark’s supernatural power attracted Han Dongmin to come to worship in person, Zhang Zhengfu has also constrained a lot in the company and dare not go any further. Have any unreasonable thoughts about Helen Qiu.

After all, if the vice mayor of Wrilfill is so respectful, Helen Qiu’s husband must be a big man.

Isn’t he looking for death if he covets the wives of these characters?

However, after Zhang Zhengfu got to know it later, he learned that he was thinking too much and that Mark was a big man.

From the beginning to the end, this incident was nothing but a favor from Han Dongmin.

This favor is over. Mark and Han Dongmin naturally have nothing to do with each other.

Han Dongmin is still the deputy mayor, and Mark is still his son-in-law.

Therefore, after learning the truth of the matter, Zhang Zhengfu no longer had any scruples and continued to pursue Helen Qiu.

Now, seeing Helen Qiu's loss and worry, Zhang Zhengfu naturally went up and got close.

But Helen Qiu's attitude towards Zhang Zhengfu has always been indifferent, as if to avoid suspicion, she also deliberately alienated him at this time, saying that she was okay, just let him do his job.

Susie looked at the scene before her, as if she understood something, with a smile on her mouth, she asked Zhang Zhengfu: "Manager Zhang, I think you have such an extraordinary manner and manners. You must be a son of a big family?" Zhang Zhengfu is humble. He shook her head: "Father Zhang Xiaosong, the big family can't talk about it, but we shouldn't hold back our Vietnamese citizens."

"Zhang Xiaosong? Why is this name so familiar?" Susie frowned, and she was puzzled. Quietly used the mobile phone to check the Internet.

But it doesn't matter if you don't check it. When Susie saw Zhang Xiaosong's personal introduction on the Internet, her beautiful eyes were shocked: "You...

Could it be that your father was Zhang Xiaosong, who was ordered to revitalize a tens of billions of state-owned enterprises with only 100,000 Dollar?

"I go!

"Helen, it's okay, your company still hides such a rich young master, why didn't you tell me earlier?"

"The background of Master Zhang is no weaker than your brother-in-law Leonard Chu.

After learning about Zhang Xiaosong's background, Su Qian's gaze at him was no doubt different in an instant. "Okay, Cici, pay attention to the image.

If it's okay, you can go. I won't give it away. I have to go back to work.

"Helen Qiu is not very interested. No matter how strong Zhang Zhengfu's background is, what does it have to do with her. As for her father Zhang Xiaosong, Helen Qiu has even more opinions on him. After this old man tricked himself into Mufan's real estate, he Just don't ask. He only sent his son, which is called full authority to represent him. As for Zhang Xiaosong himself, he is still the big boss in his state-owned enterprise. Usually busy, Helen Qiu can't get in touch at all. He. Zhang Xiaosong didn't even plan to come to the opening ceremony, saying that she would study abroad and would not go back. But Helen Qiu also thought about it. It's okay if Zhang Xiaosong does not participate in the management of the company, which is more conducive to her own performance. Otherwise, , I am afraid that I will be constrained everywhere and difficult to do, but will become a foil. "Nothing?

"How can it be all right?"

"Don't you want tickets for the annual meeting of entrepreneurs?"

"The father of this manager Zhang is the boss of a state-owned enterprise, and it happens to be within the system.

With his relationship, is it not a matter of minutes to get a few tickets from the city government?

"Su Qian said to Helen Qiu.

## Chapter 716

Helen Qiu shook her head, "No. I have delayed it for seven days. What's the point of going there?" Zhang Zhengfu on the side obviously heard their

conversation, and suddenly said, “Ms. Qiu originally wanted to participate in Wrillfill City. This year’s annual meeting of entrepreneurs?” “Don’t worry about this, I’ll get it for you.”

Zhang Zhengfu patted his chest.

Helen Qiu hurriedly stopped, saying no, she didn’t want to participate.

However, where Zhang Zhengfu listened, he only thought it was Helen Qiu who was polite to him again.

After finally encountering an opportunity to please his sister, Zhang Zhengfu would naturally not let it go.

Therefore, Zhang Zhengfu called his father.

Zhang Xiaosong was in a meeting, so he didn’t hang up.

“Huh?” Zhang Zhengfu frowned suddenly.

“Manager Zhang, what’s the matter? Can’t you get it either?” Susie asked in confusion.

“It’s okay, since I promised Mr. Qiu, I will definitely get it for you, so don’t worry.”

Just kidding, the sister paper you like is watching here, and the ticket has to get anything.

This force has been pretended to be out, otherwise this face will be lost.

Therefore, Zhang Zhengfu fought again.

Zhang Xiaosong hung up again over there.

“It’s weird? Why does Dad keep hanging up on my phone?” Zhang Zhengfu was also anxious, calling seven or eight in a row, and the last one finally got through.

“Dad, you finally answered my call.”

“Quickly, hurry up, get me some tickets for the annual meeting of entrepreneurs, I and Qiu...”

“However, before Zhang Zhengfu finished speaking, Zhang Xiaosong, who was so angry on the other end of the phone, directly blasted his head and covered his face in angrily: “a\*shole, what are you making indiscriminately during a meeting?”

“I want tickets, I want your mother!”

“Well, let me stay cool.”

“Entrepreneur annual meeting, is that the place you can go?”

“What did you do, shame me?”

“Watch me go back and clean up you!”

Zhang Xiao was so angry that he was in a meeting just now, and this rebellious child called for a while, calling his soul? At that time, Zhang Xiaosong didn’t give Zhang Zhengfu a good temper, so he hung up directly. “How?

Manager Zhang?

Is it done?

Seeing Zhang Xiaosong hung up the phone, Su Qian blinked her beautiful eyes and asked expectantly. Helen Qiu also looked over at this time. "This~" Zhang Xiaosong was suddenly embarrassed and didn't know how to explain it. Suddenly, Helen Qiu's cell phone rang. "Huh?"

Unfamiliar phone?

"Who would it be?"

Helen Qiu was puzzled, and immediately answered. "Excuse me, is it Ms. Helen Qiu?"

"The speaker seemed to be a little apprehensive, speaking with a vibrato. "You are?"

Helen Qiu was even more puzzled. "I'm Han Dongmin, that, Miss Qiu, I'm sorry, I'm just letting you know now."

At 7:00 tonight, Wrilfill Convention and Exhibition Center, I hope you can come to the Wrilfill Entrepreneur Annual Conference.

Han Dongmin smiled flatteringly. "What?"

tonight?

Isn't the annual meeting postponed?

Helen Qiu said in surprise. "There has been another change here. The annual meeting is held as scheduled. I hope you can participate.

" "really?"

Great, thank you Han Shi.

“Helen Qiu was overjoyed immediately. She didn’t expect that to attend an annual meeting, it would be a lot of twists and turns. Fortunately, the result was good. “Besides, ask, is Master Ye with you?”

“No, he is at home.”

Helen Qiu didn’t know why Han Dongmin asked where Mark was, but she didn’t ask much. She was completely immersed in the joy of participating in the annual meeting of entrepreneurs. Soon, Helen Qiu hung up the phone. Helen, who made it so happy?

Susie asked curiously. Helen Qiu gave Han Dongmin’s phone number to Susie once again. Susie was also shocked when she heard that: “I’m going, Han City personally notified you?”

“

## Chapter 717

“Manager Zhang, thank you so much this time.”

“Helping us in Mufan Real Estate!” “Thank you really~” Helen Qiu was full of excitement and joy, and thanked Zhang Zhengfu again and again.

Originally, Helen Qiu had already given up.

But she did not expect that after Zhang Zhengfu made a phone call, the annual meeting was held as scheduled, and Han Shi personally called her and invited her to participate.

At this moment, Helen Qiu remembered Mark’s teasing on him again last night. When the two were compared, Zhang Zhengfu was undoubtedly more reliable than Mark.

But Helen Qiu didn't blame Mark. After all, Mark's family background was there, and he was destined to not have much face and ability.

She was angry that Mark even teased her last night, causing her to wait for nothing.

Looking at the excitement and surprise of the two women in front of him, Zhang Zhengfu was undoubtedly a little confused at first.

Obviously don't understand, what happened?

Didn't his father not agree to him just now?

Why did you agree to this again, or did Han Dongmin specifically inform?

"Could it be that Dad's mouth is tofu heart?" "He said that he disagrees, but he secretly took care of the matter?" "But let Han Shi call in person, dad's face is fine."

Thinking of this, Zhang Zhengfu Suddenly overjoyed, thinking that his father really loved him.

After thinking about this, Zhang Zhengfu cleared his throat and faintly pretended to say: "Mr. Qiu, it's just a small matter, so what's the point. As long as I can help you, I'm very satisfied."

"However, Master Zhang, you It's really amazing."

"A phone call will solve everything."

"Not only is the annual meeting held as scheduled, but Han City personally informs."

“This face is so monstrous~” Susie became more surprised as she thought about it. Zhang Zhengfu praised again and again.

Zhang Zhengfu waved his hand, calmly, “It’s nothing, it’s all my dad’s face, you know, my dad has some reputation in the political and business circles of Wrifill. This kind of trivial matter can be settled with a few words. I can’t. I’m just a small clerk.”

This is pretending.

It seems humble, but Zhang Zhengfu’s words are full of pressure.

Susie was secretly admired, and then she whispered to Helen Qiu to let her seize the opportunity.

“Young Master Zhang is a talented person, and the family is rich and powerful. Isn’t this kind of person tens of millions of times better than that of Mark, you won’t be tempted?”

“Helen, listen to me, I think this young master also means something to you. You should get in touch with him more and try to get sparks as soon as possible.”

Su Qian whispered to Helen Qiu.

Helen Qiu glared at her: “Cici, what are you talking about? How come you are like my mother. I tell you again that I have no plan to divorce Mark.”

“You~” Susie was helpless.

But when I think about it, I’m relieved. I guess it’s a stranger after I first met.

If you have more contact in the future, maybe Helen Qiu will change her attention.

And this time.

Han Dongmin finally found Mark and apologized to Mark with a bitter face and apologized.

Han Dongmin, who has seen Mark's ability, has the slightest majesty and demeanor when he scolded Mark before.

At this moment, he was terrified as if he had caused a catastrophe, and his attitude was very low.

Seeing Han Dongmin's panic, Mark sneered, "Han Shi, what's the matter with you?" "Isn't it so majestic just now?" "You said I was brave?" "Sitting at the bottom?" "Why did this change his attitude after a while?" Mark smiled faintly, but the coldness in the words made Han Dongmin fearful.

## Chapter 718

Han Dongmin's face was bitter. He almost cried when he heard Mark's words: "Master Ye, don't bury me anymore."

"I really knew it was wrong."

"I was bewitched by the villain just now. , I just babbled to Master Ye. Otherwise, you just borrowed me some courage, and I dare not say that you are a courageous person?" "Master Ye used to be wise to save me from crisis, to me Han Dong People have the grace to recreate. If I were not deceived by others, how could Han Dongmin be ungrateful and maliciously slander Master Ye?" Han Dongmin said bitterly, speaking sincerely and sincerely.

To Mark, he was really full of regret and regret.

Seeing that he apologized this time, Mark was sincere, so he didn't embarrass him any more.

“Well, I see you apologize sincerely, and I won’t hold you accountable this time.”

“But, I don’t want another time.”

“Otherwise, you can’t afford the consequences.”

“Do you understand?” Mark’s faint words were full of majesty.

There were gusts of cold wind blowing around this Trivan Lake.

Han Dongmin suddenly fell down like garlic, repeatedly saying yes.

To Mark, he really didn’t have any disrespect anymore.

After all, the energy of the man in front of him makes him feel terrible!

“Much of the annual meeting, have you notified Helen?” Mark asked immediately.

Han Dongmin nodded: “According to what Master Ye said, all have been notified.”

“It will be held at the Wrifill Convention and Exhibition Center at 7pm.”

“This is the admission ticket.”

After Han Dongmin gave the admission ticket to Mark, he also Then left.

On the way back, Han Dongmin breathed a long sigh of relief.

He didn’t know why, when facing Mark, he always felt that there was a huge oppression lingering on him.

This kind of majesty and this kind of mind made Han Dongmin have to tremble. Is this Mark really just a young man in his early twenties?

“It seems that I have to meet Ericson Li some time to find out what kind of background Master Ye has.”

Han Dongmin thought in his heart.

In this way, the day passed quickly.

At five o'clock in the evening, Helen Qiu left work early, and then waited downstairs in the company with Susie.

Zhang Zhengfu said that he went home to get the admission ticket, and he would pick them up later.

At the same time, Mark also changed into the suit that Helen Qiu bought for him before, and was going to attend the annual meeting of entrepreneurs in the evening with Helen Qiu. At this time, Mark was holding what Han Dongmin gave him. Admission ticket.

Although there is only one, this admission ticket can carry two family members, so one is completely enough for Mark and Helen Qiu.

But Mark waited left and right, seeing that it was almost six o'clock, and Helen Qiu didn't go home either.

“What's the matter?” “Is this woman just forgotten?” Mark was a little impatient. In his opinion, even if Helen Qiu didn't want to take him with him, she would have to go home and get the admission ticket. what.

But it looked like it was going to be seven o'clock, and Helen Qiu hadn't gone home yet, Mark had to feel a little heartbroken.

Worried, Mark went directly to Helen Qiu Company.

When Mark arrived, Zhang Zhengfu also happened to drive back from home with the admission ticket.

“Ms. Qiu, be careful?” Zhang Zhengfu helped Helen Qiu open the car door, a gentleman’s reminder.

“Thank you.”

Helen Qiu replied politely, and then sat in.

At this time, Susie was also about to get in the car, but as soon as she turned around she saw Mark running from a distance.

“Damn, why is this hillbilly here?” Susie’s eyes jumped, her face scornful.

“Suzy, where is Helen? Where is she?” Mark asked anxiously.

“

entrepreneurs.”

Mark said truthfully.

After Susie heard that, she was mad at Mark’s shameless words.

“I’m going!” “Did you make a mistake?” “Did Master Zhang invite you?” “If you didn’t invite you, you just licked your face?” “Why are you so thick?” “Damn!” “I Susie has never seen a brazen person like you in her life.”

Susie was so angry to death.

Hearing Mark’s tone, it seemed as if he were going to attend the annual meeting of entrepreneurs with them.

But the point is that Zhang Zhengfu never invited him.

He was fine, and came over while licking his face.

When he came up, he said unceremoniously that he would attend the annual meeting of entrepreneurs.

“Are you an entrepreneur?” “You are a door-to-door son-in-law, what are you going to do?” “Are you going to be ashamed?” “You are really interesting!” Susie was full of contempt. After speaking, she ignored Mark and opened it. Then the door got into the car.

Zhang Zhengfu also noticed Mark at this time, and immediately sneered.

“Heh, isn’t this Mr. Qiu’s door-to-door son-in-law?” “The man dressed looks like a dog, what? This is also going to be drenched in my light and go to the annual meeting of entrepreneurs with me?” “I’m so sorry, Che It’s full, I can’t help.”

“Want to go, run by yourself?” Zhang Zhengfu sneered, opened the car door, got in, and the ignition started.

But Mark frowned, listening to the meaning of their words, could it be that Helen was also in this car?

Just as Mark stepped forward to find out, Zhang Zhengfu had already started the fire at this time.

When the accelerator is at the bottom and the wheels are spinning, this Audi q7 rushes out like an arrow from the string.

Zhang Zhengfu was obviously deliberate and deliberately prevented Mark from seeing Helen Qiu.

“Damn it!” “Stop~” “Stop it for me.”

“Helen, Helen~” .....

Mark yelled loudly from behind, but Zhang Zhengfu was already carrying the two women, galloping away.

The low roar sounded like a beast’s low roar, but it cut through the sky and soon merged into the traffic ahead.

Inside the car.

Helen Qiu seemed to hear something, and she frowned immediately: “Cici, is Mark here?” “Why do I seem to hear Mark’s voice?” In doubt, Helen Qiu prepared to put down the car window and look back. Looked, but Susie pulled it back.

“Helen, you must have heard it wrong.”

“Your door-to-door husband, I guess he’ll wipe the floor at home. Why come to your company if he is free?” “Don’t think about it.”

Susie made up a nonsense.

She has always encouraged her best friend Helen Qiu to kick Mark off and find another husband.

Now, this is not an excellent opportunity. Of course, Susie does not want this great opportunity to be disturbed by Mark.

So Susie naturally didn’t want Mark to follow along.

“Have you really heard it wrong?” Helen Qiu was still a little suspicious, and finally broke free of Susie’s obstacles, poking her head out and looking back.

However, in Helen Qiu's sight, there were only the water-like traffic and dim lights.

Even if there are people, I am afraid they are already buried in the endless night.

Therefore, Helen Qiu naturally did not see Mark.

"Maybe, I really heard the hallucinations."

Thinking of this, Helen Qiu shook her head and whispered.

Then I borrowed Susie's mobile phone and sent Mark a WhatsApp.

His mobile phone ran out of power, and it turned off automatically after receiving Han Dongmin's call just now.

"Mark, I won't go back for dinner at night. I'm going to attend the Wrilfill Entrepreneurs Annual Meeting. I hope everything goes well."

## Chapter 720

After sending it, Helen Qiu added another mischievous smile.

Just forgive that guy.

Forgive Mark for teasing him last night.

There will inevitably be conflicts between husband and wife.

Understand each other, take a step back, and the contradiction will be solved.

"Ciao, did you really go?!" In front of the company, Mark looked at the news from WhatsApp ShangHelen Qiu, and was so angry that he exploded.

Mark was depressed at this time.

This special mother, feeling busy for a long time, let others take advantage of the loopholes?

But Mark also knew that Helen Qiu could not be blamed for this matter.

After all, Helen Qiu didn't know that she was still waiting for her at home and wanted to join her to attend the annual meeting of entrepreneurs.

I don't know that this year's meeting was held as scheduled by Mark, let alone that Han Dongmin's call was made by Mark.

Under this blunder, such a dramatic ending came into being.

At that time, Mark had an old face in black, and immediately called Han Dongmin, and asked, "I asked you, how did you tell my wife?" "Didn't you tell him to go home to get his admission ticket?" This...this..."

Han Dongmin panicked, unable to remember for a moment how he had told Helen Qiu back then, but replied tremblingly, "Should...should I say it?" You should be your mother!

Mark was so angry that he could not wait to follow the wireless signal to kill him.

"Okay, come and pick me up quickly."

"But, this..."

Is it less than seven o'clock?

"Han Dongmin said in a low voice."

"Mark said impatiently. Han Dongmin had no choice but to rush over in advance. — Wrifill Convention and Exhibition Center. When Helen Qiu and others arrived, the outside was already full. Cars. What Land Rover, Mercedes-Benz, Cayenne~ The luxury cars that are rarely seen on weekdays, but at this time they are gathered together, all parked outside the venue. More than that, there are more armed police patrols near the exhibition center, and the security guards are on duty alone. There were two rows at the door, within a hundred meters of a radius, no other people were allowed to approach. "My God!

" "what is it today?"

“Luxury cars gathered!”

“There are so many big people?”

“What high-level meeting is this exhibition center going to hold?”

“Does the richest man come?”

The men and women who walked by talked a lot, and they all cast their longing envious eyes inside the convention and exhibition center. For many people, the convention and exhibition center in front of them is likely to be a place that they will never reach in their lifetime. “A group of turtles!

“At your level, how can you know what kind of occasion is tonight?”

Susie and Zhang Zhengfu got out of the car, and looked at the onlookers outside with disdain. How strong is the sense of superiority in the eyebrows? “Let’s go, Sissy, don’t be arrogant, go in. Right.

“It was the first time to attend this kind of entrepreneurial event, Helen Qiu was undoubtedly a little excited, pulling Susie and walking forward together. “Any invitation?

“At the door, the staff briefly looked at the admission ticket in Zhang Zhengfu’s hand, and then let it go. After a polite greeting, the lady of etiquette led them to the venue to take a seat. And the three of them left in Helen Qiu. Before long, a number of luxury cars approached outside the Convention and Exhibition Center. The door opened, and the glorious Terrisa Qiu dressed up, assisted Mr. Qiu and walked down. “Grandpa, how?

“Your long-cherished wish for many years, now relying on me and Leonard, has it been achieved for you?”

“Your granddaughter me, it doesn’t hurt for nothing, right?”

“Terrisa Qiu said triumphantly, her eyes full of pride.

“Let’s go, Cici, don’t be arrogant, and go in.”

For the first time to participate in this kind of entrepreneurial event, Helen Qiu was undoubtedly a little excited, pulling Susie and walking forward together.

“Are there any invitations?” At the door, the staff briefly looked at the admission ticket in Zhang Zhengfu’s hand, and then let it go. After a polite greeting, the lady of etiquette led them to the venue.
