

Chapter 751 – 760 of A Dish Best Served Cold Novel

Chapter 751

Therefore, when he heard Shen Jiuwan's arrival, Simon Qiu did not rush to greet him, but looked at Leonard Chu and Terrisa Qiu suspiciously.

"Leonard, this Shen Jiuwan, was you invited?" "No, uncle. I didn't talk to the Shen family long ago."

Leonard Chu shook his head directly.

If it had been before, Leonard Chu would still think that the Shen family came for his face.

But after so many things, Leonard Chu had undoubtedly seen clearly a long time ago, and the Shen family didn't take him seriously.

Otherwise, why did Shen Jiuyi give him a fake painting?

Later, after eating at Yunjing Hotel, they directly called the police and sent them to the police station.

Before the daughter country, Shen Meng did not talk about affection at all.

Therefore, after all sorts of things, both Leonard Chu and his wife understood that the Shen family were hypocrites.

On the surface, Mr. Chu and Mr. Chu's shouts were affectionate, and the toast was also respectful enthusiasm, but in fact they pretended to cheat him.

Before and after, Leonard Chu and his wife did not know how much money the Shen family had given.

Do you still owe them four million?

After hearing Leonard Chu's answer, Simon Qiu nodded, and he felt more confident in his heart.

"If this is the case, it must be for me."

"Go, wife, go out to meet President Shen."

Simon Qiu smiled immediately, his face full of arrogance and excitement.

At this moment, Simon Qiu's heart was almost crazy.

Do you think you are so awesome?

Even the Shen Group came to join him.

Although Shen Jiuwan was only the second-in-command of the Shen Group, he was undoubtedly a thousand times stronger than the surrounding factory directors and factory directors. This forced his identity to rise all at once.

As a result, Simon Qiu could no longer suppress the excitement in his heart, and even in the envy and respect of everyone, he took his wife to greet him outside the hotel.

“President Shen, why are you here?” “We are a small business. I was afraid to disturb President Shen before, so I didn’t dare to send you an invitation.”

“Unexpectedly, Mr. Shen, you actually arrived in person today.”

“Haha~ “Haha~” Simon Qiu was so excited that the hands holding Shen Jiuwan were shaking.

Seeing Simon Qiu, Shen Jiuwan also smiled and asked respectfully: “Excuse me, but you, Mr. Chu?” “Yes, yes, I am Chu Xian...

“Perhaps because of excitement, Simon Qiu just said a few words, but his brain came out, but Simon Qiu realized something was wrong when he said it, and his old face twitched, “Huh...what?

What are you talking about?

“I said, you are Mr. Chu?”

I brought a generous gift, specially to congratulate Mr. Chu.

“Shen Jiuwanzong said. But when he heard this, Simon Qiu’s mood immediately fell. It turned out to be Leonard. He just said, how could he be such a big face, so that the Shen family can send someone personally. He. With a faint loss, Simon Qiu immediately turned around and shouted: “Leonard, Terrisa, come out?

Shen always comes to you.

“What? Leonard Chu and Terrisa Qiu were really shocked, and they were shocked at the time. “Chong...for us?”

Leonard Chu and Terrisa Qiu looked at each other, obviously a little surprised. They didn’t understand what the Shen family was doing. “Terrisa, what are you doing in a daze?”

“Don’t you go out to meet you?”

“Is President Shen waiting outside?”

Silviana Wang suddenly smiled and urged.

Chapter 752

Elder Qiu also urged them to go quickly and don’t lose their manners.

In this way, the couple caught the ducks and put them on the shelves. When they went outside, they saw Shen Jiuwan.

“You are Mr. Chu?” Shen Jiuwan asked politely.

Leonard Chu nodded: “I am. Are you really here to congratulate me?” Leonard Chu still seemed a little skeptical, and confirmed again.

Shen Jiuwan immediately bowed down and respectfully said: “Mr. Chu really is as my brother said, the hero is young.”

“Today, Shen Jiuwan, on behalf of the Shen Group, came to congratulate Mr. Chu.”

“Ha~ Terrisa, it really came for us.”

Leonard Chu was happy when he heard this.

It doesn’t matter whether the other party is true or false, but when he comes, it is to give him Leonard Chu face, and he can also pretend to be forced by the way. Of course Leonard Chu welcomes it.

As a result, the suspicion in the hearts of the couple was swept away, and then smiled and said: "Quickly, Mr. Shen, let's get inside first."

During the conversation, Terrisa Qiu and his wife introduced Shen Jiuwan into the hall.

"This is my mother, this is my dad, and the one above is my grandfather. That is, the old man of the Qiu family."

After arriving in the hall, Leonard Chu and his wife introduced them like Shen Jiuwan.

Every time someone introduced, Shen Jiuwan stepped forward to shake hands respectfully, with a low gesture.

When other guests on the side saw this, they were shocked and exclaimed.

"The fourth son-in-law of the Qiu family is so shameless."

"At a young age, let the Shen Group personally send someone to congratulate him. In front of him, the attitude is so low?" "Qiu family, find someone What a grandson-in-law~" Everyone sighed with envy.

As for Terrisa Qiu and Leonard Chu, they felt the envy and admiration of everyone, and they were even more energetic and proud.

At this time, Shen Jiuwan stepped forward, in front of everyone, and gave a brand new watch to Leonard Chu.

"Mr. Chu, you are in a hurry, a little courtesy, please accept it with a smile."

Seeing this watch, many people present had their eyes straight.

"I'm going, this is a Rolex gold watch."

“The worst starts with 10,000 Dollar.”

“With the wealth of the Shen family, this watch will cost at least several hundred thousand, right?” “It’s worthy of being a Wrillfill giant. Generous!” Everyone trembled again.

Seeing this, Terrisa Qiu immediately took the watch over, as if she was afraid that Shen Jiuwan would regret it, she took it apart and put it on Leonard Chu in person.

“Haha, it’s quite appropriate, Mr. Shen thank you.”

Terrisa Qiu thanked him.

“Mr. Chu likes it.”

Shen Jiuwan smiled respectfully. After giving the present, out of courtesy, Shen Jiuwan turned around to visit Mr. Qiu.

“Mr. Qiu, you have a good grandson-in-law.”

“With Mr. Chu here, Qiu’s family will be the No. 1 wealthy family in Noirfork in the future.”

“Today I will take the lead, and my brother will bring Wrillfill a kind of rich and powerful. , Everyone comes to congratulate.”

What?

“Patriarch Shen will come too?” “Hahaha~” “Okay, good!” “At that time, my Qiu family will surely welcome the whole family and welcome Patriarch Shen to come.”

Hearing Shen Jiuwan's words, Qiu The old man and the others trembled again, and his face smiled even more.

"Old man Qiu is serious. Mr. Chu's opening ceremony will be celebrated by Wanbang. Compared with the real heroes and powerful men, our Shen family is just a small role."

"But before that, I was sinking Jiuwan. Wine, I wish Mufan Real Estate a good business!" "I wish Mufan Real Estate a prosperous business!" In the voice of respect and respect, Shen Jiuwan drank a glass of dirty wine before the table.

However, who could have thought that at the moment when Shen Jiuwan's words fell, there was a dead silence in the whole house.

The smile on Old Man Qiu's face instantly stagnated.

Simon Qiu and others were even more old-fashioned.

The look of the guests present also changed.

Chapter 753

Mufan Real Estate?

What the hell?

Shen Jiuwan's words stunned everyone present.

Especially the guests in the whole hall, subconsciously asked Xiang Qiuguang.

"Ms. Qiu, isn't it QMove Logistics?" "You changed your name?" "When did you enter real estate?"

“That’s not right, Mufan Real Estate, isn’t it the one that went on the news yesterday?” “Is President Shen confused?” The guests were confused, and they obviously couldn’t understand the situation.

Father Qiu also looked a little ugly, and his original smile disappeared immediately.

Nowadays, the four words Mufan Real Estate are undoubtedly a shame for the Qiu Family, and it is the existence that everyone in the Qiu Family hates and despises.

But now at the ribbon-cutting ceremony of their QMove Logistics, Shen Jiuwan is here to congratulate Mufan Real Estate.

What does it mean?

Isn’t this hitting their Qiu family in the face?

“President Shen, did you remember it wrong?” “We are QMove Logistics, not Mufan Real Estate.”

Senior Qiu said in a deep voice, his tone already a little bit unhappy.

The faces of Simon Qiu and others were also a little blue and ugly, wondering if Shen Jiuwan was old and confused?

Can QMove Logistics also be called Mufan Real Estate?

Are the two names similar?

It doesn’t look like a word!

“Ha~” “Haha~” “Grandpa, President Shen must be too excited to see you. I called the wrong name just now.”

“Don’t mind, just pretend to have never heard of it. I’ll let President Shen overthrow and repeat it. .”

Terrisa Qiu and Leonard Chu were also a little embarrassed, and quickly came out to round the field.

The face of Old Man Qiu looked much better now, and the grudge in his heart immediately disappeared.

“Well, I’m not angry.”

“It’s just that today is the ribbon-cutting celebration of our Qiu Shui Logistics. On the day of great rejoicing, Mr. Shen said that the name of a bastard company is due to the bad image of our Qiu family.”

“Well, Shen You can say it again, and toast us a glass of wine, I won’t pursue this matter anymore.”

Old man Qiu is leaning on the old and selling the old, with a high posture.

It seems that Shen Jiuwan’s respect and respect to their Qiu family just now made this old man Qiu a little swollen, and the tone of his words to Shen Jiuwan was somewhat commanding.

However, listening to the people’s words, Shen Jiuwan was instantly taken aback: “What did you say?” “This is the ribbon-cutting ceremony of QMove Logistics?” “Isn’t it the opening ceremony of Mufan Real Estate?” Shen Jiuwan was a little dazed. He stared at him and asked immediately, only to think that the matter was serious.

“Of course not. How can a garbage company like Mufan Real Estate have the pomp and power of our QMove Logistics?”

“Not even qualified to compare with us.”

Silviana Wang said proudly.

But after Shen Jiuwan heard it, he immediately drank: “Shut up!” “How noble is Mufan Real Estate? How can you insult such an idiot?” “Fortunately, the second master is not here. Otherwise, it’s just you. One sentence is enough to kill you!” Shen Jiuwan said this too harshly, and Silviana Wang was almost frightened at the time.

Her face was as pale as paper, and her body shrank back, as if she was really afraid that Shen Jiuwan would take her life.

“Huh?” “President Shen, what do you mean by this?” “Are you here today to congratulate Qiu Shui Logistics?” Old man Qiu frowned and asked in confusion.

“Autumn Water Logistics? What is that thing?” “I came to attend the opening ceremony of Mufan Real Estate today to congratulate Mufan Real Estate.”

Shen Jiuwan said in a low voice, unceremoniously.

“Mufan Real Estate?” “Isn’t that the small company opposite?” a guest whispered among the crowd.

Chapter 754

After hearing this, Shen Jiuwan only understood.

Do you dare to be in the wrong place?

Thinking of this, Shen Jiuwan was also depressed, his old face sank immediately.

Second Austria!

“It’s not Mufan Real Estate, what are you messing around for me?” “A bunch of turtles!” “It was almost destroyed by you!” “Hurry up and get the watch for me?” Shen Jiuwan’s old face was sullen and angry. I had to curse it directly, taking the Rolex gold watch from Leonard Chu aside, turned his head and left.

“Autumn Water Logistics?” “What shit company?” “I have never heard of it, and I have a face to be congratulated by our Shen Group?” “A group of turtles, do you deserve it?” Shen Jiuwan undoubtedly thought about the wrong thing. More angry.

If this is spread, he Shen Jiuwan still can’t make people laugh?

Participating in a celebration can still get into the wrong door, I guess his brother will scold him if he knows it!

Thinking of this, Shen Jiuwan is undoubtedly even more angry.

He cursed while walking, and vented his anger on the Qiu family.

Then, in the stunned gaze of the people in the room, they saw that Shen Jiuwan, after walking out of the Yulong Hotel, went directly into the Mufan property opposite.

Mufan Real Estate.

There are only a few people in the company of Novosibirsk.

Without exception, they are all company employees.

But everyone was depressed, with an ugly face, standing there uncomfortably.

No one attended the opening ceremony of the company, and employees of the company naturally felt ashamed.

Helen Qiu was silent. Although she tried to be calm, the embarrassment and sadness in her heart were still so vivid.

Today's ending, even though she had expected it.

However, Helen Qiu still felt desolate and wronged in her heart when she saw the empty hall and the opening ceremony that no one cared about.

After working hard for so long, it ended up like this.

No matter how strong the heart is, it will hurt at this time, right?

.....

"You are useless."

"Success is not enough to fail."

"Aren't our family miserable enough?" "Now you are bewitching our Helen to hold the opening ceremony."

"I think you are deliberate, deliberate. Let our family be ashamed."

At this time, Sherry Han was still cursing at Mark.

The harsh sound echoed through the entire hall.

"Mom, have you scolded enough?" "I don't blame Mark, it's my own responsibility."

Helen Qiu couldn't listen anymore, but defended Mark.

At this time, Helen Qiu still speaks to Mark, and Sherry Han is undoubtedly even more angry: "Why don't you blame him?" "If it weren't for this insult to

instigate you, we would be so humiliated today?” “He is a waste and asks for money. I don’t have money, I want people and I don’t have any connections, and I keep clamoring to hold the opening ceremony.”

“If he really has the ability, don’t just fart here. If he has the ability, please invite a few millionaires to give his wife town a place? As soon as Sherry Han’s words fell, the company’s door was pushed open.

“Excuse me, is this Mufan property?” Huh?

Seeing the middle-aged man in a suit and leather shoes with a flattering and respectful smile in front of him, the entire hall was stunned.

“Are you?” Helen Qiu wondered.

“Haha~” “I am Shen Jiuwan, the vice president of Shen Jiuwan.”

“Today, on behalf of the Shen Group, we are here to congratulate you.”

“I wish Mufan Real Estate a good business and wealth!” Shen Jiuwan’s respectful voice, Echoed for a long time.

But all the people in Mu Fan’s house shuddered, and Helen Qiu stood up from his seat in shock.

Shen Group?

Shen... Shen Jiuwan?

Wrilfill giants, the Shen family?

The arrival of Shen Jiuwan undoubtedly set off a monstrous wave in the otherwise deserted and calm Mu Fan property.

While Helen Qiu, Sherry Han and others were still in a tremor, Mark's faint voice was quietly sounded: "Well, Shen Family, it's also intentional."

"Since I'm here, find it myself. Sit somewhere."

Chapter 755

The arrival of Shen Jiuwan made Mufan's real estate no longer peaceful.

At the entrance of the Yulong Hotel, Silviana Wang, Jiang Hong and others from the Qiu family looked at the smiling and respected Shen Jiuwan in front of the Helen Qiu family from a distance, but they were suddenly stunned.

"This...Is this really the second head of the Shen family?" "Is it really the vice president of the Shen Group?" "Keep your knees to the whole family. Is there such a boss?" Jiang Hong looked at it from a distance, filled with consternation, it was impossible to believe it. Own eyes.

"Fake? Isn't this the actor invited?" Silviana Wang also trembled and said in disbelief.

"Yes!" "This must be the actor Helen Qiu and the others invited."

"Otherwise, the family will be useless, and there will be a poor country, how could the vice president of the Shen Group congratulate them?" So respectful?" For a moment, everyone nodded, all thinking that Shen Jiuwan was an actor invited by Helen Qiu.

"A scum like Helen Qiu, for the sake of vanity, dare to make up and deceive people on occasions like annual meetings. Now, in order to satisfy my vanity, it is not a strange thing for 2a1b42ee to hire a few actors."

Qiu Terrisa sneered coldly. She still scorned Helen Qiu's family and looked down upon them.

I would not believe that they have the ability to let the vice president of the Shen Group come to congratulate himself.

“But, what about the Rolex gold watch? The actor can ask for it. You can’t ask for hundreds of thousands of watches?” Someone in the crowd questioned.

Silviana Wang snorted: “Oh, fake. A fake watch costs tens of dollars.”

“That’s right.”

Everyone nodded, obviously agreeing with Silviana Wang’s words.

“Okay, it’s just a drama, everyone don’t care. Hurry up and get your seat, ready to have a banquet.”

At this time, Simon Qiu greeted everyone to go back to their seats.

However, at this time, in front of the road, a pink Maserati crossed the sky with a deep roar, even if it stopped in front of the hotel.

After a while, the immature voice of the Singer Boy resounded through the world again.

“Wrifill Li Family’s daughter, Li Xueqi is here!” Boom~ Like a huge boulder like a sea, setting off a monstrous wave.

After the reputation of Wrifill Li’s family came out, everyone present trembled.

Wrifill Li’s house?

Lee...

Ericson Li’s family?

Just as everyone was puzzled, a cry of exclamation came from the crowd again.

“Li Xueqi?” “Could it be Second Ye’s sister, Princess Li’s parents, Li Xueqi?” What?

Princess Li’s parents?

Simon Qiu’s face smoked.

Leonard Chu’s body also trembled.

As the saying goes, one wave has not settled, one wave has risen again.

Everyone thought that Li Xueqi in front of him, even if he was from the Li family in Wrillfill, was afraid that it would be an insignificant role.

But Simon Qiu and the others didn’t expect that this time, it was the eldest princess of the Qiu family and Ericson Li’s sister, Li Xueqi?

God!

Why is she here?

In an instant, the faces of the Qiu family were all pale.

Simon Qiu, Nelson Qiu and others looked at each other, and Leonard Chu was also terrified.

In quite a few minutes, no one in the house dared to greet him.

“Brother, you...you invited?” Jiang Hong’s voice trembled.

“How is it possible? No matter how powerful I am, Simon Qiu can’t invite the eldest princess of the Qiu family?” The last time that Shen Jiuwan, Simon Qiu dared to welcome him, but this one, he really didn’t dare. welcome.

After all, the status gap is too big.

That’s Ericson Li’s biological sister.

This class of people is completely an existence that he can’t afford to climb up.

Did you ask?

Jiang Hong’s voice trembled. “What about trouble?”

how is this possible?

No matter how awesome my Qiuguang is, can’t I invite the eldest princess of the Qiu family?

“The last time that Shen Jiuwan, Simon Qiu dared to welcome him, but this one, he really didn’t dare to welcome him. After all, the status gap is too big. That is Ericson Li’s sister. This class of people , It was an existence that he couldn’t afford to climb.

Chapter 756

“Fourth brother, is it yours?” Simon Qiu looked at Nelson Qiu on the side again.

Nelson Qiu’s old face twitched, and he shook his head quickly:

“No...impossible. My prestige in Wrifill is not as good as your eldest brother?”

“A big man you dare not ask, how dare I ask?” “That’s not it. The eldest brother’s person is not yours, who is it going to be?” “Could it be...”

Thinking of this, the eyes of all the people in the hall turned to Leonard Chu in the middle of the hall.

“Leonard, Miss Li, are you here?” Among the Qiu family, the only one who could be able to invite the Li family was probably Leonard Chu.

Although the Wrillfill Chu family is not a wealthy family like the Shen family, their power and status in Wrillfill are undoubtedly much higher than the Qiu family.

What’s more, Leonard Chu’s family is said to have something to do with Wu City.

Therefore, relatively speaking, the possibility of Li Xueqi flying over Chuwen is undoubtedly the greatest.

But Leonard Chu was also a little confused at this time.

He doesn’t remember any contacts between his family and the Li family in Wrillfill.

After all, Ericson Li has an irreplaceable position in Wrillfill, and he is the leader of the entire Wrillfill.

And their Chu family first came to Wrillfill for only seven or eight years. Even though they have accumulated a lot of wealth by relying on real estate operations, their background is far too poor.

When the status gap is too great, their Chu family can’t talk to the Li family naturally.

Leonard Chu remembered that the only time his father had contact with Ericson Li in so many years was when Wu Yong’s father had set a meal and borrowed the light of Wu Shi.

Even his dad can't climb the high branch of the Li family, let alone he is a junior?

Therefore, Leonard Chu, who has always been high-profile, was undoubtedly persuaded when facing the people of the Li family, and he did not dare to recognize it.

Shaking his head again and again, he said tremblingly: "Yes..."

Probably not.

Seeing Leonard Chu shaking his head, the Qiu family was suddenly surprised. "Could it be that she also went to Helen Qiu's family?"

Jiang Hong guessed indiscriminately. Silviana Wang exploded as soon as he heard it, and cursed directly: "Nonsense!"

"That family is useless, Princess Li will go to congratulate them when she is blind."

"Okay, it doesn't matter who came."

We first went out to greet us. When we met, we naturally knew who was coming.

"Seeing that no one dared to pick up this guest, Simon Qiu suggested that everyone in the Qiu family should go to meet him. Leonard Chu did not follow, but left the hall to greet the guests. Father Qiu also sits in the middle of the town, waiting for Li. The princess of the parents came to congratulate. As soon as they left the hotel, Simon Qiu, Terrisa Qiu and others saw a beautiful and beautiful figure walking over. I saw Li Xueqi dressed in a white dress, with a dusty and stunning temperament, and a cold, pretty face. At this time, a rare smile appeared, and he walked in the direction of the Qiu family. "Haha~"
"Miss Li, your daughter, who can come to our remote place, my Qiu family is flattered."

Simon Qiu and the others laughed excitedly, with respectful and flattering faces, and hurriedly stepped forward to shake hands with Li Xueqi. Li Xueqi politely smiled and said, "Uncles are polite."

It is also an honor for Xueqi to participate in Mr. Chu's celebration.

"I don't know if Mr. Chu and Mrs. Chu are here?"

"Li Xueqi's words shocked everyone in the Qiu Family. "I'm going, it really came from Chongwen?"

"Leonard's family, is it so powerful already?"

Did the Li family come to congratulate?

"Simon Qiu and others trembled for a while, and they undoubtedly looked at Leonard Chu three-pointer again in their hearts. Afterwards, Simon Qiu and others looked at Terrisa Qiu aside in unison. "Look for...

Looking for me?

"Helen Qiu was stunned at the time, her pretty face was frightened, and a little flattered. Obviously, even her didn't expect that the eldest princess of the Li family actually came for her husband's reputation! Her husband! , Is it so awesome already? "Haha~" "Terrisa, what are you still doing? Ms. Li made a special trip to cheer you up. Why don't you go and thank them?"

When Terrisa Qiu was panicked, Silviana Wang who was on the side was very happy, only feeling out of the limelight. The eldest princess of Wrill Li's family came to hold her daughter-in-law's place, this force can be pretended to be big.

Chapter 757

“Ah~” After being reminded by Silviana Wang, Terrisa Qiu woke up from the endless ecstasy.

Immediately, he hurried forward, full of excitement, laughing and shaking hands, and thanked the woman with dusty temperament in front of him: “Haha, Miss Li came from afar, and I and my husband Chu Mr. I feel honored and grateful.”

“We don’t know beforehand. We have missed a long way. Please forgive me.”

Terrisa Qiu is an arrogant temperament, but in front of the princess Li’s parents, she naturally dare not put on airs.

After all, can the gap between status and status lie here?

Li Xueqi came to congratulate them today. Terrisa Qiu didn’t think the Li family was here to curry favor with them. He probably just came to cheer and save face for her husband.

Terrisa Qiu naturally didn’t dare to neglect her face like this, with full of honor and enthusiasm, she held Li Xueqi’s hand without letting go.

“You are, Mrs. Chu?” “Mr. Chu’s wife?” Terrisa Qiu’s enthusiasm made Li Xueqi a little flattered.

As the vanguard of the Li family, she arrived early this time, one purpose is to help her brother to investigate the situation, and the other purpose is to get closer to Mr. Chu’s personal relationship.

You know, after the Taishan Martial War, Mr. Chu became famous in the first battle, swept across Liuhe, and became the honor of Noifork. The 18 prefecture-level cities in the province were all based on them. Even big men like Chen Ao, Condescendingly.

With such dignity and status, the Wrifill Li family can naturally try to indulge.

Li Xueqi offended Mr. Chu last time because of her ignorance. She thought she would be a cold bench this time and Mrs. Chu and his wife would not wait to see her, but she did not expect that Mrs. Chu would be so friendly and approachable.

For a while, Li Xueqi was also sincere and fearful. Facing Terrisa Qiu's enthusiasm, she felt that she couldn't bear it, and she repeatedly thanked her.

"Mrs. Chu is really polite."

"You have a jade body and a golden body. It is a great honour for Xueqi to go out to meet me personally."

"Actually, many days ago, Xueqi wanted to visit Mr. Chu. I've been with my wife, but I've always been afraid of interruption. I took this opportunity to visit and congratulate my wife."

"This necklace is my gift to my wife. I wish my wife a youthful and beautiful flower."

In the meantime, Li Xueqi gave a quiet and beautiful gift box to Terrisa Qiu.

After receiving the gift box, Terrisa Qiu opened it and took a look.

At that moment, I just felt a burst of jewellery, blowing on my face.

"This...this is..."

"This is, Jinmantang!" "Lao Fengxiang's treasure of the town shop."

"The market price is at least 600,000 Dollar!" At the moment when Li Xueqi's gift was opened, Simon Qiu and others did everything. All surrounded.

After seeing it, the second aunt Jiang Hong called out in surprise.

“I have never been willing to buy this necklace.”

“Unexpectedly, Terrisa, today you will get it without spending a dime.”

“Second aunt envy you?” “You are so happy!” Looking at the golden light in front of you Jiang Hong herself was mad with envious of the glittering gold necklace, and her eyes were red.

If it hadn't been for Simon Qiu to pull it from behind, I guess Jiang Hong had already put her face on it.

Six... six hundred thousand?

Or at least?

After learning the value of the necklace, Terrisa Qiu took a sigh of relief, but she was crazy with joy.

Worthy of being the eldest princess of the Li family, 600,000 were given away in just one meeting.

“It's too expensive, Miss Li. This is the first time you met, you gave such a gift, how could I be embarrassed to accept it?” Terrisa Qiu pretended to refuse, yelling embarrassment on her mouth, but she held the necklace sincerely with her hands. Put it in.

After a few more greetings, Li Xueqi asked, “Madam, where is Mr. Chu? Are you not here today?” After chatting outside for a long time, Li Xueqi didn't see Mr. Chu's face, and suddenly became a little curious.

After a few more greetings, Li Xueqi asked, “Madam, where is Mr. Chu? Are you not here today?” After chatting outside for a long time, Li Xueqi didn’t see Mr. Chu’s face, and suddenly became a little curious.

Chapter 758

“Haha, Miss Li, you see that I am so happy and confused.”

“Come on, please, is my husband waiting for you in the hall?” Terrisa Qiu took the present, smiled triumphantly, and took Li Xueqi to her Left in the hall.

“Quickly, Leonard.”

“Miss Li came to our house and gave me a necklace worth 600,000 Dollar?”

“Come out to meet you soon.”

Terrisa Qiu shook the necklace in her hand and said loudly. Shouted.

It seems that for fear that others will not know, the Li family is just for the sake of his family.

Sure enough, after hearing these words, the whole room was shocked again.

“This fourth oldest family is amazing!” “Even Princess Li’s family can invite in?” “Old man, you Qiu family, this is a real dragon!” Many people were surprised and sighed, and the words were full. Is envy.

“Haha~” “It’s my family who is full of ambitions and found a good grandson-in-law for this old man of me.”

The arrival of Li Xueqi undoubtedly wiped out the displeasure of the old man Deqiu.

Originally, the old man Qiu wanted to go to meet him in person, but when he thought about it, as the Patriarch of the Qiu family, his posture was naturally higher. No matter how powerful Li Xueqi was, he was only a junior. Why should he meet him personally?

So, the old man Qiu waved his hand and said: “Leonard, you go quickly. Miss Li came to congratulate yourself, we can’t be bad manners, you can quickly bring Miss Li over.”

“Ha~ OK, grandpa.”

Leonard Chu was undoubtedly too excited at this time.

He didn’t dare to meet him at first, but he didn’t expect that he was really coming for him?

Is your father, already so awesome?

Even the Li family in Wrillfill has become involved?

If this is the case, Leonard Chu is afraid that he will pretend to be big!

So Leonard Chu laughed, no longer hesitating, in the admiration and envy of everyone, facing the direction Li Xueqi came, he stepped forward immediately.

That arrogant look is so energetic.

In this way, Leonard Chu was in full view and immediately stretched out his hand to Li Xueqi.

“Miss Li, hello.”

“It’s just a celebration. I didn’t expect you to come here in person?”

“However, I remember this favor. In the future, my wife and I will go to the house and visit in person.”

Leonard Chu smiled triumphantly, almost squeezing an apple with his mouth wide open, and leaning on it. We are about to shake hands with Li Xueqi.

However, looking at the young man who appeared in front of him who didn’t know where, Li Xueqi couldn’t help frowning and wondering: “You are?” Huh?

Li Xueqi’s words stunned everyone.

What’s the situation?

Especially Leonard Chu himself, his face turned black at the time.

Cursed secretly in my heart.

Peat?

You come to worship me, don’t you know me?

Is there a mistake?

“Miss Li, he is Leonard Chu. Didn’t you come to him to congratulate him?”
Simon Qiu wondered beside him.

“Leonard Chu?” Lu Xueqi raised her eyebrows, “I don’t know what Leonard Chu is.”

“I’m here to congratulate Mr. Chu.”

“Isn’t this the opening ceremony held by Mufan Real Estate?”

Chapter 759

What?

Mufan Real Estate?

As if a slap in the face of Simon Qiu and others, the Qiu family was shocked.

When they heard Li Xueqi’s words, their eyes almost stared out.

“Miss Li, did you make a mistake?” “Mufan Real Estate is a small broken company. Is it worth your greeting?” Silviana Wang said in disbelief.

“Yeah, that family is just a mess.”

“The president of the company married a door-to-door son-in-law to be her husband.”

“This kind of humble and contemptible person, why are you eligible to be congratulated by you?” Jiang Hong and others are also Old-eyed round stool, incredible way.

Simon Qiu was also surprised and full of heart, and stepped forward and said: “Miss Li, are you sure you are attending the opening ceremony of Mufan Real Estate, not our QMove Logistics ribbon-cutting ceremony?” Seeing everyone’s strange expressions, Li Xueqi’s heart also began to begin. Beat the drums.

Could it be that she was really wrong?

Finally, she seemed to remember something, and turned to look at Terrisa Qiu who had just accepted her gift. The fox questioned: "Excuse me, aren't you Helen Qiu, Miss Qiu?" "Of course not!" "How could I be? That wimpy woman?" Terrisa Qiu flatly rejected it.

What she despised the most was Helen Qiu and his wife. Now when someone asked if it was Helen Qiu, Terrisa Qiu was like a kitten stepped on its tail and directly rejected it.

Upon hearing this, Li Xueqi felt embarrassed.

This is embarrassing.

"Well, I don't know who Miss Helen Qiu Qiu is?" Li Xueqi asked again under the shame.

"Ms. Li asked her why? Helen Qiu's family didn't know how to make progress, was willing to fall, and did such embarrassing things. Now they are facing their poor opening ceremony?" Silviana Wang sneered.

what?

opposite?

When Lu Xueqi heard it, she was shocked.

He quickly turned his head and looked at the opposite side, only then did he notice the four inconspicuous characters in front of the opposite door, Mu Fan Real Estate.

"That's right."

Li Xueqi smiled awkwardly, and then apologized: "Um, sorry, I went wrong. If there is any interruption, please forgive me."

What?

"go...

Going to the wrong place?

"Simon Qiu and the others were dumbfounded at the time. They just felt like being struck by lightning on their faces. What's the matter with this? Just now Shen Jiuwan went wrong, and now there is another Li Xueqi at 0c616941? Good day! Did you make a mistake? Qiu The family is almost crazy at this time. Dare to feel that they were happy for a long time, is Quante unnecessary? The Qiu family's old face twitched, full of consternation, and Li Xueqi stopped staying after knowing that she had come to the wrong place and quickly turned and left. Before leaving, Li Xueqi naturally wanted to bring the necklace back. It was a gift for Madam Chu. The woman who didn't know where came out in front of her, of course Li Xueqi would not discount the necklace. In fact, Li Xueqi was also a little angry. I thought this Terrisa Qiu was also quite shameless. Was this gift for you? Didn't I know how to count it? I really thought that anyone could receive a gift from her Li family? But Li Xueqi just kept these words in his heart. After all, she made a mistake. No wonder someone else asked for the necklace back. However, what made Li Xueqi so speechless was that she just failed to get back from Terrisa Qiu. Take Xiang Liang back in his hand. "Miss, please let go.

"Li Xueqi smiled lightly, still maintaining the minimum demeanor. "This is my necklace, why should I let go?"

"However, Terrisa Qiu didn't let it go at all. At that time, Li Xueqi was speechless, and smiled helplessly: "Miss, I bought this necklace with my money. When will it become yours?"

"

I really thought that anyone could receive a gift from her Li family?

How many jins are you, don't you know?

However, Li Xueqi just kept these words in her heart. After all, she made a mistake. No wonder someone else asked for the necklace back.

However, what made Li Xueqi speechless was that she just failed to get Xiang Liang back from Terrisa Qiu's hands.

"Miss, please let go."

Li Xueqi smiled lightly, still maintaining the minimum demeanor.

"This is my necklace, why should I let go?" However, Terrisa Qiu didn't let it go at all.

At that time, Li Xueqi was speechless, and smiled helplessly, "Miss, I bought this necklace with my money. When will it become yours?"

Chapter 760

"But you gave it to me just now, that's mine."

"You~" Li Xueqi was totally fascinated at that time.

It was angry again, and it was funny.

I thought to myself, why is there such a shameless person in this world?

Fortunately, I admitted the wrong person.

Otherwise, if she is Mr. Chu's woman, can there be peace in this Noifork land?

"Madam, I'll repeat it to you again."

"I gave this "Golden Mantang" necklace to Miss Helen Qiuqiu, not you?" "Now, do you understand?" Li Xueqi suppressed The anger in my heart repeated again.

But where did Terrisa Qiu listen to this, no matter what Li Xueqi said, she still clung to the necklace tightly, not letting go.

"Miss, if you don't give it anymore, don't blame me for being impolite."

Li Xueqi was also angry with Terrisa Qiu's shamelessness, and finally said coldly and directly gave Terrisa Qiu an ultimatum.

But Terrisa Qiu still didn't mean to let go.

In the end, Li Xueqi didn't bother to be polite with her. She pushed and pulled directly. A beautiful woman not only snatched the necklace back intact, but also threw Terrisa Qiu directly to the ground in front of everyone.

Li Xueqi is also a martial artist, since she was a child, she has followed many masters to learn martial arts to build physical fitness. In terms of strength, there are few men who can compare with her, not to mention the powerless man in front of her. Miss Jiao is Terrisa Qiu.

Only now, Li Xueqi is actually quite polite.

If this were at home, Li Xueqi would have beaten her all over the floor to find teeth.

"Toast, not to eat fine wine, and to be bitter!" "Do you dare to be greedy for Mrs. Chu's things?" "Do you deserve it too?" Li Xueqi snorted coldly, holding

the necklace as if she went away angrily, and didn't look back. He walked towards Mufan Real Estate opposite.

But Terrisa Qiu yelled and screamed in pain while lying on the ground.

"Ah~" "It hurts me to death."

"a*shole, dare to beat me!" "I declare that she is dead~" "Leonard, you help me teach her, I want her to regret~" Being so humiliated, Qiu Terrisa was undoubtedly angry, shouting full of grievance and resentment.

Leonard Chu's face turned black at the time.

This bastard actually asked him to teach the eldest princess of the Li family?

Also you announced?

Are you declaring a fart?

Don't want to live anymore?

!

!

Angrily, Leonard Chu walked over and immediately cursed in a low voice: "Shut up, you!" "Isn't it shameful enough?" When Leonard Chu was angry, the old man Qiu behind looked at him from a distance, but he was full of heart. doubt.

"Leonard, what's the matter?" "Miss Li didn't respect the wine, why did she leave so soon?" "It's too rude, right?" Mr. Qiu's sullen voice came not far away.

Mr. Qiu didn't hear their conversation just now.

But obviously, Li Xueqi's behavior made him extremely unhappy.

According to Simpson Qiu, he is also the Patriarch of the Qiu Family and the founder of Qiu Shui Logistics. He came to congratulate him, and he didn't even give him a toast. This would not take him seriously.

Of course Mr. Qiu was angry.

But Simon Qiu and others twitched at the corners of their eyes, with an ugly face replied: "Don't even think about toasting."

"They didn't come to worship you at all?" "She went to the third child's family."

I went to worship Mufan Real Estate to celebrate the opening ceremony for others."

What?

The third family?
