

# The Return of the God of War [The Protector]

## Chapter 2571 - 2580

### Chapter 2571

This is completely different from the Chen Kong you have met before.

Chen Kong now is terrible.

The breath on his body rushed into the sky, as if to tear everything apart.

He is like a round of fierce sunset, radiant and terrifying, making it impossible to approach!

Just walk at will, like an ancient god.

It is so admirable that I can't help but kneel down to worship!

This is the ultimate performance!

Any move can cause mountains, cracks and rivers to collapse...

"Before I was worried that Chen Kong was too arrogant and challenged the top three of the gods alone! Now it seems that he is qualified!"

"That's right! I'm really looking forward to it more and more! One-to-three!"

"If Chen Kong sucked all the top three of the gods list, what realm would he reach???"

... As

soon as Chen Kong appeared, the crowd was completely exploded. NS.

It's boiling everywhere!

"It's too strong, isn't it? Is that what it's like to practice the Dafa to the ultimate state?" The god commander Tiance sighed.

He should have been fortunate enough to have seen the highest state of Sucking Gong Dafa and King Kong Undamaged Divine Art.

"It's too strong! It's definitely not what we can compare! The result of our match is to be sucked up alive!"

Ye Qingtian said humanely.

Ye Zhantian shook his head: "No, he hasn't reached the highest level of the ninth level! But it's just one step, a very small step. It's almost piercing the window paper!"

"It's so terrifying, is it worth it to get him to the highest level?"

Everyone shook their heads helplessly.

But then Tiance Shenshuai smiled vaguely.

But he chose the wrong opponent.

Whoever doesn't say anything else means that the King Kong is not bad magical skill has reached the highest ninth level in just a few hours.

You must know that King Kong is not bad for divine gong and the Dafa of Absorption is practiced to the highest level.

But who does not break his hand magic is fundamentally toy ah, like sideline .....

"Chen empty too strong! I would serve him as a universally invincible!"

"Ah then, he has always been a pick three wins! One of the words No one is his opponent!"  
The

top one hundred powerhouses in the gods list repeatedly sighed.

Chen Kong is too powerful now.

If you let them meet, everyone can't wait to run right away.

It's not an opponent at all.

Encountered only those who were sucked!

All the strong people in the top 100 of the god list were scared, not to mention the others.

But everyone's expectations are getting higher and higher.

The pinnacle of battle!

## Chapter 2572

Dark God, the three of them will show up quickly!

This battle is unforgettable in my life...

"Is this the coercion from the Xeon?"

"Hiss!!!"

Kirin ( Qilin ) and the others began to breathe in cold air.

Even though they were far away, they still felt oppressed, as if they were about to squeeze them into an explosion.

too strong! ! !

This is everyone's feeling, as if a mountain has been crushed down invisibly, and people are crushed into mud!

Everyone started to have difficulty breathing.

Everyone realized after the start, they were shocked in a cold sweat.

At the beginning, Chen Kong went to them specifically, but everyone was in retreat and didn't deal with it.

Otherwise, Chen Kong's current strength would belong to all of them.

They must have all been sucked up, leaving only an empty shell.

The most shocking people are Wen Lei.

I saw Chen Kong alone half a month ago, but now I see Chen Kong, he is a "god".

Great changes!

Absorbing power is indeed the fastest and craziest method to improve!

This is faster than any exercise in the new era!

"This...I believe that he and the master have the power to fight!"

Before, Zoey Lopez was convinced of the power of the Dark God, and felt that Chen Kong could not win anyway.

Now that Chen Kong appeared, she changed her mind.

It's too powerful!

"There's a fight! The weak is dying!!!"

Suddenly, a voice rang out from time to time.

Everyone is Levi Garrison!

But everyone is not surprised that Levi Garrison can say such a thing.

It would be strange if he didn't say a word!

In the past, Levi Garrison always sang this sentence against everyone...

But as soon as this was said, Zoey Lopez immediately covered Levi Garrison's mouth...

"It's me who is weak! Master Chen Kong is strong enough to pick the top three of the gods.  
..."

Zoey Lopez was afraid of being heard by others, especially Chen Kong.

Isn't that troublesome?

weak?

Chen Kong is weak?

You can say that everyone present is weak!

But you can't say that Chen Kong is weak!

If Chen Kong is weak, there will be no strong in the world.

How strong is he?

Still weak?

He is weak, what are these people present?

However, it is indeed weak for Levi Garrison!!!

He was a little disappointed!

To be exact, I was disappointed!

## Chapter 2573

Hearing that he sucked so many people's skills and a lot of energy, he was looking forward to it...

As a result, after Chen Kong had just arrived, Levi Garrison took a look.

I was immediately disappointed...

what are they all about?

Can't you attract a little bit of the strong after attracting hundreds of thousands of people?

Challenge yourself with the skill of sucking a bunch of chickens and dogs?

Don't look at sucking so much.

But all sucking is rubbish!

Let me put it this way.

Throw this kid to the former forbidden area No. 76, and suck a few "God" skills!

If he draws all the powers of the gods together, then he will definitely have a battle with himself.

Can even force one's true strength to come!

But now...

challenge yourself by sucking a bunch of rubbish?

It's ridiculous!

Levi Garrison admitted that he was indeed better than Ye Qingtian, Tiance God and so on.

It's almost reaching the highest state of Dharma absorption.

The contrast is the highest state of King Kong's non-destructive magic.

But it hasn't arrived yet...!

won't have any interest until Levi Garrison!

If this is the case...

Levi Garrison killed easily!

It's even easier than killing the "God" on the spot.

He is just a middle-to-high god, not even the top...

disappointment!

Too disappointed!

Levi Garrison's main annoyance was that he came here a day in advance and waited, expecting to meet a good opponent.

It turned out to be like this...

Levi Garrison wanted to leave on the spot.

Challenge a fart!

Just like this, I want to challenge three selves!

It's ridiculous!

At this time, Chen Kong has already come to the decisive battle area on the top of the world!

He has his hands on his back and is arrogant.

After a glance around, he said coldly: "Dark God?

One Finger Grandmaster? The

new master of the ancient Garrison Clan?

What about you guys? ? ? “

This shout was like a billowing thunder.

Many people were vomiting blood.

But after this shout, no one responded at all. The

three of the dark gods did not show up... The

court was silent.

Zoey Lopez and so on. People face great changes one by one.

## Chapter 2574

Shouldn't people have arrived here?

Why haven't they appeared yet?

Is there any change?

“Huh? People? How about the three of you? Haven't you all accepted my challenge? “

Chen Kong was happy, and he started shouting with a laugh.

His mission is to kill three people, where can they not show up? As

soon as these words went out, no one responded.

“Hahahaha...hasn't he appeared yet?” Still afraid to show up? “

Chen Kong raised his tone.

“Do you think you are afraid of the top three on the gods list... I never came...”

"It's possible!" It is probably afraid of Chen Kong's absorption of power, no matter how strong it is, you have to shrink back a bit! "

No wonder Chen Kong can pick three!" He has this strength! You look at the top three regard the God to frighten ..... "

.....

everyone began to talk.

This time even dyed plums are afraid to refute refuted.

In case the master really afraid of it?

" The three of you to the dark God Should you shrink your head? "

Quickly come out and fight with me!" "

Chen Kong began to yell frantically.

"Are you afraid of me?"

"It's ridiculous! The top three of the dignified gods are afraid to come!"

"If you are afraid, what do you agree to do with me?"

"Come out, I know you are already here!" If you don't want to fight, just kowtow to me!"

...

Chen Kong yelled frantically.

But none of the three of Dark God appeared!

No one showed up no matter how screaming, irritating, or insulting!

"It seems that the three dark gods are determined and will not come forward... Maybe this ranking is unnecessary for them, and it is right to live..."

Everyone sighed.

Chen Kong was a little confused.

He wants people to show up quickly and kill them one by one.

What's going on here?

No one came out...

Even the laboratory of the gods that had been observing was dumbfounded.

Especially Mr. X and them.

This is the moment waiting!

Get rid of their big troubles!

But the person does not show up.

What can you do?

They are in a hurry.

Chen Kong was too anxious.

He could only threaten: "Well, since you don't show up... I can only ruin your names on the stele! Stomping on your names with your feet severely..."

## Chapter 2575

Chen Kong wanted to use the most humiliating way to cite three. People come out.

It's just that there is still no response in the field.

But at this time, Levi Garrison in the crowd said helplessly: "What about this kid? I'll go to the bathroom!"

Levi Garrison left the crowd, and everyone didn't pay attention.

There are not many people around to take care of it.

Not to mention the others, they didn't even see Levi Garrison's disappearance.

After such a stimulus, the person still did not appear.

Everyone is anxious now.

Can the top three of the gods list appear?

People are forced to do this.

Not showing up yet?

Even Tiance Superintendent and Ye Qingtian were anxious.

What is Levi Garrison doing?

When faced with such an arrogant opponent, shouldn't he jump out and slap to death?

I'm afraid it's impossible!

They still have a little understanding of Levi Garrison's strength!

He is definitely not weaker than the current Chen Kong...

He has no need for timidity at all!

According to his personality, one of these three identities had already taken Chen Kong to the ground.

I'm so clamored now, I haven't shown up yet.

I really can't understand...

Everyone subconsciously looked in the direction where Levi Garrison was.

Just where is Levi Garrison?

Where did Levi Garrison go?

Why did he go?

Is it really gone?

Doesn't it seem to come out directly to accept the challenge?

Everyone looked at each other, wanting to see the answer in each other's eyes.

No one came out for a long time.

Chen Kong was anxious.

"I won't come out, right? I'll step on your name on the gods list first, and then dig out a little bit! Three cowards!"

Chen Kong furiously said.

He leaped and reached the Conferred God Stage not far away!

"Boom!"

He suddenly rose into the air and headed directly to the top of the stele!

Soon to the highest point...The

top three letterings of the gods list are right in front of his eyes!

It's so dazzling!

He wants to destroy it now!

But he wanted three real people to come out,

“Boom!”

Finally, he stood firmly on the stone tablet.

“Give you one more chance! If you don’t want to be laughed at by the whole world! Come out immediately!”

“In ten seconds, I will destroy your names!”

“This is your last chance!”

“Otherwise you will become The shame in this world!”

Chen Kong wanted to force people out.

I won’t be in a hurry.

If you can extend the time, extend the time.

This coincides with Mr. X’s idea...

“Three!”

...

He started to count down, but suddenly he glanced at the back of the stone tablet.

There seems to be... there are words?

Chen Kong stopped the countdown and began to look behind the stele...

“Ye...”

“Ye what??”

# Chapter 2576

You must know that you can only see the back when you step on the stone tablet.

But no one has ever qualified to go up.

I dare not.

Chen Kong is the only one.

After boarding, the secret was immediately discovered.

He tried to look behind.

“Levi Garrison...”

When trying to read the last word clearly, a voice sounded: “Chen Kong!!!”

Chen Kong immediately retracted his gaze and jumped down from the stone tablet.

One person was already standing on the Conferred God Stage-Underworld God.

Underworld God is the tenth on the list of gods.

He is qualified to stand here.

Chen Kong immediately smiled when he saw the evil god.

I want to deal with the matter here first, and then later look at the meaning of the words engraved on the back of the stele...

Anyway, don't worry!

“I know you, the capable man of God of Darkness! Why? Are you going to challenge me?”

Chen Kong sneered.

“No! I am confident, but I also know myself, I am not your opponent!”

“I am here to convey the meaning of the dark god...” the  
evil god said.

The words came out.

The eyes of everyone in the audience swept towards the evil god.

What does the dark god mean?

“Okay, you say! This tortoise dared not come to see me! Isn't it afraid of me?”

Chen Kong sneered.

Mingxie Shenle: “Afraid of you? Only you? Are you worthy?”

Chen Kong was about to get angry.

Underworld God took out a box and handed it to him.

“Boom!”

Before Chen Kong took the box, he already felt the terrible energy fluctuations in it.

This is more energy than anything he has encountered!

It was a hundred times stronger than what the Gods Lab gave him...

this...

he was already shaking.

Because I practiced the Dafa of Absorbing Gong, I wanted to absorb it all when I encountered such a strong force.

The key is the most powerful energy he has ever encountered.

Everyone else was surprised.

What exactly did Underworld God give him?

Make Chen Kong so excited?

Everything seems to be inconsistent with common sense...

“This is the crystal of Forbidden Land No. 76, which contains unimaginable energy! It is a powerful force you have never seen before!”

said the evil god.

“The Dark God feels that you are too weak to be his opponent! I hope you are stronger and draw a little more powerful power instead of sucking some garbage! You are too weak for him!

” He wants you to absorb all the energy in the crystal as quickly as possible! To strengthen yourself! In addition, the forbidden area No. 76 under the jurisdiction of the Bible organization can also be opened to you! It has rich resources and energy! You can absorb as much as you can...”

Underworld God explained.

At this time Chen Kong was already immersed in joy.

Holding a crystal in his hand, I can't wait to start sucking now.

With this terrible power, he can break through to the highest state of Suction Dafa...

or even reach the peak of the ninth level...

At this time, he could only break through the highest realm in his mind. As for killing the three dark gods, he had long forgotten.

# Chapter 2577

People can kill later.

What's more, he broke through to the highest state of Dafa, wouldn't it be easier to kill the three dark gods?

"Okay! Then postpone the day of the decisive battle! When I completely absorb the crystal energy and break through to the highest level, I will come and find the Dark God three!"

Chen Kong looked at everyone: "Because I have something else temporarily with the Dark God! So the decisive battle is delayed. Three days later!" After the

explanation, Chen Kong hurriedly left and went to Forbidden Land No. 76.

I want to quickly absorb the energy in the crystal, and strive to reach the highest state of power absorption Dafa.

Everything else is forgotten.

Does the inscription on the back of the stele have anything to do with him?

Underworld god left with a smile.

shocked.

Everyone present was dumbfounded!

what happened?

Chen Kong suddenly postponed everything?

what happened?

"Ahem..."

Levi Garrison came back from the toilet at this time.

He was actually going to give the Underworld God crystal just now.

Chen Kong was too weak, he didn't want to give it to himself.

This crystal was the remaining one-fifth of Levi Garrison's tempering "Divine Tribulation".

But this fifth of the energy is also unimaginable in the world.

Seeing how happy Chen Kong got it, I forgot about it.

Obviously the energy contained in the crystal is beyond his cognition... It is stronger than all the energy he has seen!

That's why he is so crazy!

Of course, from Levi Garrison's point of view, he is too weak to be so crazy!

That's right.

Levi Garrison just disliked him for being too weak.

I want to improve him, and even open the forbidden area No. 76 for him to strengthen.

In order to push his strength to the highest level in one breath!

In this way, Levi Garrison was interested in fighting him.

Not too weak.

Raised to the highest level, at least Levi Garrison can blast out a hearty punch...

Who knows the loneliness of invincibility?

In order to find a decent opponent, Levi Garrison made the opponent stronger at all costs and allowed him to practice to the highest level of Dafa.

No one understands Levi Garrison's good intentions.

In order to have an opponent, hesitate to rack his brains for the strength of the enemy.

One thing-do whatever it takes to make Chen Kong stronger!

“What’s the matter?”

## Chapter 2578

Everyone was wondering.

I don’t know what it means at all.

Moreover, they were too far away, neither the Underworld God nor Chen Kong heard what they said.

Without knowing what happened, Chen Kong left after a while.

Not only do they want to know, even Mr. X in the Lab of the Gods and the others urgently want to know.

Why did Chen Kong postpone?

And left?

Zoey Lopez discussed it for a long time, and the argument was inconsistent.

“You are talking about why Chen Kong left?”

Levi Garrison asked.

“Yeah! Don’t you know?”

Zoey Lopez snorted coldly.

Levi Garrison smiled: “Of course! The Dark God thinks he is too weak...”

“Huh?”

Everyone was taken aback.

“Is he too weak?”

“Is he still weak?”

Everyone was shocked.

“That’s not right, if the Dark God directly said he was weak, afraid that Chen Kong would get angry on the spot? How could he leave? Impossible!”

Xiao Feng asked.

“That’s because...”

Levi Garrison was about to speak when the Underworld God’s voice sounded: “That’s because my master wants to make him stronger! He gave him a crystal containing terrifying energy, and opened the forbidden area No. 76. The resources of, let him absorb energy and continue to be strong. Breaking through the limit and reaching the strongest state...” After the

Underworld God explained this, everyone understood.

It turned out that Chen Kong was busy improving.

No wonder it left in such a hurry.

What?

The dark god dislikes Chen Kong and weak?

Still struggling to make him improve?

What is this operation?

Dark god arrogant?

Or is he too confident in his own strength, for him, Chen Kong is too weak?

Or is there another reason?

“It is possible that Master really feels that Chen Kong is weak, and they are a bit bullied by taking the top three shots together. That’s why Chen Kong can improve!”

Zoey Lopez said.

“Well, this may be there! After all, the top three strengths of the gods list are unfathomable. No one knows how strong they are... They think Chen Kong is nothing but a junior, and he is another person! It doesn’t hurt to improve him...”

Most people think so.

“Forget it, wait three more days! If Chen Kong becomes stronger, then this battle will definitely be more beautiful!”

“Well, yes, good food is not afraid of late!”

...

Everyone decided not to leave.

Continue to wait for the arrival of the decisive battle...

“Well, yes, wait, I’m looking forward to it too!”

Levi Garrison was lying in the makeshift room with a look of expectation.

## Chapter 2579

He hoped that Chen Kong could become stronger and break through to the highest level.

In other words, Levi Garrison expected more than anyone present!

After Chen Kong left.

Almost everyone did not leave.

After all, as soon as he left, his position would be occupied again.

Next, the battle for territory or the vendetta will continue... This

is the case in the world with warriors!

Levi Garrison started to fall asleep...

Zoey Lopez and the others were anxiously waiting for the start of the decisive battle.

On the one hand, they were thinking about their own practice...It is

impossible for them to all walk out their own way like Levilia.

They really want to know what Tiance Mansion's next plan is?

What did Xuanyuan Qingya let herself and others wait for... The

Gods Laboratory...

"Mr. X finally found out! Chen Kong delayed and left because of the Dark God..."

Lucifer told Mr. X all the information he found.

"What? A crystal containing energy? Isn't it the result of the energy of Forbidden Land God No. 76?"

Mr. X was shocked.

The whole person jumped up all at once.

"Yes! It should be!"

“Not only that! The Dark God also opened the forbidden area No. 76 to Chen Kong, allowing him to absorb resources at will!”

Lucifer said.

“Ah? Dark God is he crazy? I have never seen such a thing! Make his opponent stronger? Chen Kong has all such important crystals?”

Mr. X and the others found it incredible.

This is completely impossible!

Unless the dark god is crazy.

“I heard that the Dark God thinks Chen Kong is too weak and wants to improve him and let him reach the highest level before he fights!”

“Now the outside world is spreading like this! Spreading the God of Darkness so wonderful...”

Lucifer said.

“Nonsense!!!”

“The Dark God is powerful! But he is not sick!”

“Think about it for yourself, do you think that the enemy is weak and racked your brains to let him improve to deal with yourself?”

“Let me give an example-at the beginning Levi Garrison! We are definitely better than him, but do you think about letting Levi Garrison improve and become stronger to deal with yourself?”

Hearing Mr. X asked.

Everyone shook their heads.

“That won’t be true! We are not fools! Levi Garrisonxiu wants to be improved a little! Wouldn’t he be pissed to death if he improved to deal with us?”

Mr. X nodded, “Well, this is the logic of normal people! God of Darkness It can’t be a brain damage, right?”

“That must not be! If a brain damage, how can it be so strong?”

everyone said.

“Then it shows that there is a problem...”

Mr. X began to analyze.

“Suppose the dark god thinks Chen Kong is too weak, let him raise him to the highest level and fight again! That’s true. But what about the other two? They also think Chen Kong is weak? They haven’t appeared from the beginning to the end...”

After x With such a reminder from the husband, everyone responded quickly.

That’s true.

I didn’t even see the new Patriarch of the ancient Garrison Clan and Master Yizhi...

## Chapter 2580

Can the Dark God represent them?

No way!

None of them expressed their opinions!

That means there is a real problem!

“Mr. X, do you know the truth?”

Lucifer asked.

“Since these two people did not express their views and allowed the dark god’s behavior! Then there is only one possibility-they are afraid!”

“Not only the Garrison Clan Patriarch and Yizhi Grandmaster are afraid, even the Dark God is afraid! They know the weird and terrifying of Sucking Gong Dafa. They know they are invincible and are likely to be sucked up. Therefore, they have been unable to escape!”

Hearing this, Lucifer raised a question: “What about the actions of the Dark God? Sent Chen Kong. Crystal, forbidden area No. 76 has been opened?”

Everyone looked over.

“There is only one reason-the dark god is actually cheating on Chen Kong! He is giving him a gift!”

“The energy contained in the crystal is terrifying, but everyone can draw very little! But the absorption of power is different! It can be completely absorbed! The Dark God At this point, sending the crystal to Chen Kong...

actually, there are two points...”

Everyone became more and more puzzled: “Then...the two points?”

“Point 1: Give Chen Kong such an important gift, and open the forbidden area No. 76, allowing him to break through to the highest realm of Gong Dafa! Just based on this situation. Mind, how did Chen Kong kill the Dark God three?” As

soon as Mr. X said this, the audience was in an uproar.

Yes!

Then I thought about it, this is the great kindness!

It is even said that Chen Kong’s cultivation to the first eight levels of Dharma Dafa is not as important as the last step!

Dark God is great kindness to him.

At that time, Chen Kong was embarrassed to kill him, and he would also like to thank the Dark God.

A grievance can be easily resolved.

“Secondly, after absorbing energy, Chen Kong can easily break through to the highest realm! He was promoted to the top of the gods list naturally! Overwhelming the three dark gods!

But the dark gods must not be ashamed...because Chen Kong was improved after being given crystal energy by them... to be bigger, they made it with one hand. They pushed Chen Kong to the top of the gods list with one hand...”

“I see! This is not the same as directly defeating him.” This way, you don’t need to do it! The Dark God trio made him sit on the top of the god list, and the three of them naturally retreated to the second place...”

Lucifer said immediately.

“Well, that’s it!”

“This is a strategy devised by the Dark God... It resolved a battle and saved the lives of the three! It also made the three of them famous! What a resourceful!”

Mr. X sneered: “Believe it or not, the three dark gods will still not appear after three days!”

“Believe! It must be so!”

Everyone nodded.
