

# The Return of the God of War [The Protector]

## Chapter 2651 - 2660

### Chapter 2651

Jiao Tianyu held the artifact and looked at Levi Garrison in surprise and asked.

Others also said one after another: "Yes, I don't know what's going on. Get up early in the morning, the artifact is here! Very strange!"

"We haven't moved at all! Besides, if the artifact is hidden in the laboratory, we also don't have the ability to take it out!"

...

Everyone was surprised.

Levi Garrison took over the artifact.

Looked carefully.

suddenly.

He has a bad feeling!

not good!

The artifact was actually sent back.

It's just that they haven't been sent back to the laboratory.

But sent to myself.

It suddenly appeared in Levi Garrison's mind that when the group of guys left last night, they looked at him meaningfully.

At that time, Levi Garrison thought they were laughing at that he couldn't find them.

Now it seems that there are other ideas.

They were trying to send the artifact to themselves, and then they were arranging the artifact by themselves.

All this is already in the calculations.

No wonder the artifact has not returned yet.

The reason is here.

not good!!

"boom!!!"

Levi Garrison's body trembled suddenly.

At this moment, a large number of people rushed in.

Levi Garrison also held the artifact in his hand.

Everyone saw it at a glance!!

"Hahahaha... Am I wrong? Levi Garrison stole the artifact! He also bought a fake one!"

"Everyone gets the money! See what else he can refute!"

"I have to say that Levi Garrison is stupid. He stole the artifact and hid it, and even showed it to everyone! Didn't this come to the door by himself?"

...

Thousands of people saw it with their own eyes.

A hundred mouths can't argue!

Even Levi Garrison laughed himself.

It turns out that these spies are secretly thinking about the Fa, what about themselves?

But a little too naive, pediatric stuff.

But hear here.

Jiao Tianyu and others immediately began to defend: "Everyone is misunderstanding! We saw the artifact here when we got up in the morning! I don't know who put it here!"

"Instructor Ye just came back! He didn't steal it!"

"Yes, besides, he has no motivation to steal, he doesn't like this stuff..."

...

"Ho ho, do you fart? Still motivated?"

"What is the power of the artifact? Everyone saw it yesterday! Who is not greedy! Even the major mentors are unavoidable. As for you, you are the group that is the least likely to get the artifact. Your mentor is greedy for the artifact, so I changed the package!"

## Chapter 2652

"And he was the tutor to the guard last night, he can do it very easily!"

"Tiance God Commander said that outsiders can't steal the artifact! Unless you are! This just shows that Levi Garrison did it!"

"Furthermore, we have seen all this with our own eyes! Do you still have to quibble?"

...

Everyone said this, no matter how Jiao Tianyu and the others argue, it will be futile.

After all, the lost artifact was found here, and Levi Garrison took it personally.

Nothing is useful!

“Levi Garrison was secretly learning our exercises a few days ago, and it is not weird to steal the artifact now!”

“He is so weak, he can understand if he wants to be strong!”

...

Everyone said one after another.

They look ugly after plum dyeing.

Looking at Levi Garrison incredulously.

Did he really steal the artifact in order to become stronger?

It's not that they don't believe in Levi Garrison, but the evidence is solid.

Also, stealing the exercises was also caught on the spot.

Everything is ironclad proof.

...

Immediately, someone changed their words: “But Levi Garrison stole the artifact and is still a mentor! The academy will give you an explanation! Otherwise, it will be difficult to convince the crowd!”

“Yes! Give an explanation! Stealing artifacts should be dealt with!”

“Levi Garrison is still a mentor, so he deserves to be more guilty!”

...

Everyone shouted.

It means to force the palace.

They were stunned.

Don't know how to deal with it.

They realized it later, and it was only later that they understood all this.

But everything is too late.

"Everybody gets the loot! Seen by everyone! Levi Garrison is stealing!"

Yin Zhengping shouted.

This is directly deciding Levi Garrison to death.

There are all personal and physical evidences, and there are motives...

The dozens of spies from last night showed successful smiles and looked at Levi Garrison, the scapegoat.

"Levi Garrison, what do you have to say? We listen to your sophistry!"

Thousands of eyes stared at Levi Garrison.

It seemed to melt him.

"I have nothing to say! As you can see, things are in my hands!"

Levi Garrison smiled.

But even if he took it back, it was called taking it.

Because this is his thing!

Jiao Tianyu and the others wanted to argue, but they didn't know what to say.

A hundred mouths can't argue!

"Since Tutor Ye admits it himself! Then the academy should punish accordingly, right?"

"Yes, Teacher Ye has a special identity, so he deserves to be more guilty!"

"Punish, punish!"

## Chapter 2653

Thousands shouted.

Zoey Lopez and Azure Dragon (Qinglong) bowed their heads one after another.

It feels very embarrassing.

Can't wait to find a seam to drill in.

They didn't want to admit their relationship with Levi Garrison.

What a shame.

All of them lowered their heads, not wanting to say that they knew Levi Garrison.

He actually did such a thing!

"this....."

Tiance Shenshuai several people are embarrassed.

How dare they punish Levi Garrison?

But in order to quell public anger, a series of measures must be taken.

"This matter is of great importance. After we discuss it, let the dean and deputy dean make a decision!"

Tiance Shenshuai said.

He wanted to use the gimmick of the dean and deputy dean to suppress this group of people.

As a result, everyone did not agree.

“No! This evidence is conclusive and must be dealt with! Otherwise, it will be difficult to convince the public!”

“Aren’t the results obvious? What else is there to discuss?”

...

Under the lead of these spies Yin Zhengping, Levi Garrison was to be punished on the spot.

“Dispose of it on the spot! I think the thief is just a three-handed act! So, cut off his hands! Let him kneel in front of the gate of the academy and confess all day and night, and this matter will be resolved!”

Someone shouted.

Levi Garrison recognized this person as Fan Zhisheng from last night!

“Okay, that’s it!”

...

A hundred responses.

Each one had to punish Levi Garrison in this way.

Fan Zhisheng sneered.

A look of success.

“Did you say you want to cut off my hands? Make me kneel?”

Levi Garrison's eyes fixed on him.

"Yes! Wrong! This is the price you paid for stealing!"

Fan Zhisheng sneered.

Levi Garrison did not speak.

He just stepped forward step by step and came to Fan Zhisheng.

Fan Zhisheng also smiled.

Looked at him disdainfully.

"Snapped!"

"boom!"

"boom!"

Suddenly, Levi Garrison made a move.

First, he slapped him severely with a slap, then knocked him to the ground with a punch, and kicked Fan Zhisheng more than ten meters away.

shocked!

The whole audience was stunned!

## Chapter 2654

No one thought that Levi Garrison would suddenly do something.

Fan Zhisheng was even more stunned.

It stands to reason that he is at the forefront of the quasi god list, and he doesn't know where he is stronger than Levi Garrison.

But who would have thought that he could not fight back.

"Puff..."

Fan Zhisheng gurgled blood after falling to the ground.

Was beaten to death.

He would never have thought that Levi Garrison had been eyeing him last night.

Starting from the vertical middle finger, Levi Garrison wanted to beat him a long time ago.

Now he jumped up to catch up by himself.

Levi Garrison will naturally not let it go.

It took a few minutes for everyone to react one after another.

"Levi Garrison, what are you doing?"

"How do you hit someone?"

...

Several spies with Fan Zhisheng shouted subconsciously.

"Snapped!"

"Snapped!"

...

Levi Garrison slapped their faces again.

Senseless.

Someone speaks again.

Levi Garrison slapped again.

soon.

There was silence in the field.

No one dared to speak.

Speaking must be drawn!

But not everyone smokes Levi Garrison.

They were all participants in the theft of artifacts last night.

“Are you looking for death? Think we can’t beat you?”

Many people will fight back.

At this time Fan Zhisheng raised his hand and shouted: “Don’t! Wait a minute! Don’t get caught!”

“He hit us like this, nothing more than forcing us to shoot! Once we do it, the nature changes! He is the tutor of Kunlun College anyway, we hit the tutor, we are guilty, and he can use this to offset it. NS!”

After hearing what Fan Zhisheng said, everyone nodded in agreement.

They were amazed at the depth of Levi Garrison’s strategy.

Actually use this kind of aggressive method.

Levi Garrison is happy: “You think too much, I just want to hit you!”

## Chapter 2655

“Boom boom...”

With that, Levi Garrison stepped forward and kicked Fan Zhisheng.

Fan Zhisheng gritted his teeth, his face full of anger.

Although he endured the pain, he swore to the death not to fight back.

Levi Garrison didn't get used to him, punching and kicking.

If it weren't for Tiance Shenshuai to stop him, or Fan Zhisheng would be beaten to death.

“Calm down! Calm down!”

Tiance Shenshuai waved his hand.

“Teacher, Levi Garrison committed the crime of theft and beat someone again. He must be punished severely!”

Everyone shouted.

“Shut up to me! When did you decide at Kunlun College? This matter is decided by the dean and the others! No one can mention it again!”

“Come here, take the artifact away!”

...

With such a tough attitude, the gods of Tiance dared not speak.

Soon everyone dispersed.

“That's the end of the matter? Is there any more?”

The students who left were very angry.

Still discussing this matter.

“Let the dean think about making a decision. Isn’t it obvious? That’s the end of this matter.”

Humane.

“But... But Levi Garrison stole something and was hit by us! This is nothing?”

“I’m not convinced!”

“I’m also not convinced!”

...

Not only the spies in the Lab of the Gods, but also many others find it unfair.

“You are not convinced! Talk to the gods and the gods of Tiance!”

“Don’t you still see it? Kunlun Academy tried to protect Levi Garrison! Besides, the artifact was also found! This matter is gone!”

Yin Zhengping said.

The injured Fan Zhisheng also echoed: “Yes! Wrong! We underestimated Levi Garrison’s status! His status in Kunlun College and even Daxia is very important!”

“Don’t say anything else, the identity of the king of the word side by side is bigger than the sky! As long as he doesn’t do anything to damage Daxia or pierce the sky, they can all be guaranteed!”

“After all, in the past, the king of the word side by side was Daxia’s savior! The status in their hearts is completely different!”

“It’s not a person who can’t even make it on the quasi god list in our concept!”

This time, everyone knows one thing-Levi Garrison’s status is too high and too high!

It is estimated that Levi Garrison can be exchanged for Daxia’s treasures!

Afterwards, these spies told the matter to the Lab of the Gods.

# Chapter 2656

Shortly after.

Several people from Tiance Shenshuai approached Levi Garrison.

“Now it seems that they designed it early in advance and put the artifact with me. I stole the frame!”

“Then it means that the artifact didn’t leave at all last night and has been in Kunlun Academy!”

Levi Garrison analyzed.

“But if the artifact is not taken out, how do the people behind them know?”

Tiance asked the superintendent.

“It’s scanned! There are advanced equipment for scanning, and the data can be transmitted over, no physical objects are needed!”

Levi Garrison has roughly understood everything.

Levi Garrison smiled: “If I guess wrong, now their equipment is still in Kunlun Academy... Then they will find a way to send it away...”

“Yes, if they have such a scanning instrument! It will never be safe to put in Kunlun College! Sooner or later they will be discovered! For this reason, they will definitely send it away!”

“We just need to stare! See who they have given these instruments to by then, and then see where the final equipment will be. There will definitely be clues!”

“I immediately arranged people to stare at them!”

...

There was a glimmer of hope that Levi Garrison would never let it go.

But he once again sighed that the Gods Lab was cautious in doing things.

Originally this was a great opportunity, but I didn't realize it at all.

After Levi Garrison explained to them, he just returned to the station.

Zoey Lopez and his party approached him.

"Is there anything? If you don't practice hard, what are you doing here?"

Levi Garrison asked.

In fact, these days, Levi Garrison is very happy instead of being with Zoey Lopez and them.

"Let's discuss one thing with you!"

Zoey Lopez said with a complicated expression.

"In fact, we all discussed for a while, and finally a show of hands voted. Everyone unanimously agreed on this decision!"

Levi Garrison smiled: "What the hell is going on, just talk about it!"

"I....."

Zoey Lopez hesitated but couldn't say it.

"Madam, let me talk about it!"

Having felt Xiao Feng of the divine tool, the whole person is extremely confident.

Before that, he didn't dare to say that to Levi Garrison.

After feeling the peerless power, I am full of confidence.

He stood up and said: "Master! We just discussed and made a decision-we all unanimously recommend that you resign as a tutor! Leave Kunlun College! This is not for you!"

“Master, we know you very well. You don’t like rules and regulations. You like freedom! Kunlun College is not suitable for you either as a tutor or a student!

If you continue to stay in Kunlun College, many things will happen! And you’re also mischievous! You can’t rely on being meritorious to Daxia and having a high status, you can behave in Kunlun students!

What happened this time is just a wake-up call, if you don’t leave, more and bigger things may happen! It will be troublesome if you can’t collect it at that time! “

## Chapter 2657

After Levi Garrison listened, his expression was grave: “Is this the opinion of all of you?”

Zoey Lopez and others immediately nodded: “Yes, not wrong! We have discussed it unanimously!”

“Now, please take the initiative to leave Kunlun College and resign from the position of instructor! Otherwise, you may be kicked out at that time, or more serious!”

...

Everyone said.

They are all well thought out.

Levi Garrison staying here is not good for him, nor good for them.

Has been affecting them.

“Thank you for your suggestion, but I don’t accept it!”

Levi Garrison turned and left.

“you.....”

Plums can't make them angry.

But there is no way.

He still has to go to business, where there is no time to gossip with them.

Sure enough, Levi Garrison had just returned to the station.

He received a message from the Underworld God.

"Master! Agents of the Sky Shield of the Warhawk Nation were found around the Daxiaye Clan! A total of 17 people! I have sent someone to arrest them!"

"Are the Sky Shield Bureaus here? Sure enough, they couldn't help it!"

Levi Garrison was surprised and happy.

"Yes! You know that the Sky Shield Bureau hasn't set foot in Daxia for four years. This time it suddenly sent seventeen people, which is incredible!"

"So I was arrested immediately!"

...

the other side.

The Tianshield Bureau knew about the arrest of the seventeen agents for the first time.

Agent Black Hawk was anxious.

Mr. X was immediately contacted.

"The matter is urgent! Don't let people be interrogated! Otherwise, something big will happen! It must be rescued immediately, the sooner the better!"

"It is more difficult to rescue with my current ability, Mr. X, can you send someone there?"

Agent Black Hawk asked.

"I thought of a good way..."

2590

## Chapter 2658

Mr. X said.

Not only the Black Hawk agent is curious, but the people around Mr. X are also curious.

What is the solution...

"They arrest people, and you arrest people too!"

Mr. X smiled.

The Black Hawk agent was dumbfounded, and asked in disbelief: "Catch people? Who are we catching?"

Lucifer was even more confused: "Mr. X, you mean to catch people and change it, right? But it doesn't work to catch anyone! Really valuable and useful people can't catch it!"

"Well, if I can catch the gods of Tiance, I can definitely exchange my people back! But how can I catch someone of this level?"

Agent Black Hawk looked distressed.

"It's enough to catch one person!"

Mr. X sneered.

"Who?"

"Levi Garrison!"

“Huh? Levi Garrison?”

The Black Hawk agent and Lucifer and others are incredible.

Agent Black Hawk expressed doubt: “Can it work? What is the value of a Levi Garrison? Can I get back to the seventeen agents of mine?”

“If I had thought the same before, but the message from the spies not long ago... Levi Garrison was in Daxia and had a very high status in Kunlun Academy!

We have always underestimated Levi Garrison’s status, and countless people protect him just by the name of the king.

Even if his strength is not enough now and can’t keep up with the times, but for Da Xia, he is a symbol of spirit! Daxia people are superstitious about this! Therefore, his status is much higher than we thought.

As long as you catch him, let alone change your subordinates, you can change to other people! “

Mr. X said.

“Yes, this time the theft of the artifact is so big, it’s gone. It shows his status.”

After hearing this, Agent Black Hawk nodded immediately: “Okay, I’ll send someone to catch Levi Garrison!”

The Eagle Nation Sky Shield was idle for a moment.

The Black Hawk agents immediately summoned eight top presences.

“Agent Polar Bear, Agent Blade, you lead the team. Be sure to bring Levi Garrison back!”

The eight agents took the fastest flying boat and arrived near Kunlun College at the fastest speed.

...

In the Kunlun College resident.

Levi Garrison was waiting for Garrison clan to send the captured agents.

He will interrogate himself.

The waiting process was long and he was boring.

Follow the Wind Cthulhu to ask the spies of Kunlun Academy whether to transfer their equipment...

Feng Xie Shen was arranged by him around Kunlun College.

After all, this is a very important place.

Someone must be in charge.

“Master, the person who transferred the equipment can’t see it. But I saw other people! First wait for me to scan and inquire...”

Various equipment was installed around Kunlun College, and the agents sent by the Tiandeng Bureau just broke into the surveillance area.

## Chapter 2659

They didn’t think of it anyway.

I was discovered as soon as I arrived at Kunlun College...

After all, I don’t know all of this.

“I found out, these eight are the top agents of the Sky Shield! The ones headed by are Polar Bear and Agent Blade...”

Feng Xie Shen passed the information of the eight people to Levi Garrison.

Levi Garrison looked at the information and was stunned.

What are they doing here?

They definitely came to Daxia to rescue the seventeen agents.

But what are you doing here?

Is it possible to predict that people will be sent here in advance?

So come here?

impossible!

People are still in transit, it is impossible for anyone to know.

They must have something else...

Levi Garrison would not think about grasping himself anyway!

Someone in the world dare to come and arrest yourself?

“Pay close attention! See what they are going to do?”

Levi Garrison didn't let the grass start scared the snake.

“clear!”

soon.

Eight agents including Polar Bear entered Kunlun College.

A message from the Wind Cthulhu came.

“Master, there seems to be something wrong, they are heading towards you! Maybe they are heading towards you!”

“what?”

“Come for me?”

Levi Garrison was stunned.

I don't know what these eight people are doing.

But he is also curious about what they are doing here?

The Wind Cthulhu sent a message, but it took only a few dozen seconds.

Levi Garrison noticed the approach of the eight people.

They are fast, and they have great ways of hiding their bodies.

At least no one else at Kunlun College found out.

The eight polar bears think that they are seamless, leaving no clues or making any movement.

Mysteriously approached Levi Garrison's residence.

It's like appearing out of thin air.

Entering Levi Garrison's residence, Agent Polar Bear showed a disdainful smile.

He even felt that the Black Hawk sent eight of them to join hands to catch Levi Garrison.

It is enough to catch Levi Garrison alone...

Levi Garrison pretended to sleep to see what they were going to do.

“Wake up! I know you are pretending!”

The polar bear snorted coldly.

Levi Garrison smiled, opened his eyes, and sat up.

“Who are you? What are you doing here?”

Levi Garrison asked immediately.

Agent Blade sneered: "Take you to a place! Just your strength, give up resistance! Otherwise, it will be the pain of flesh and blood!"

In their opinion, Levi Garrison is too weak.

There is no power to fight at all.

"take away!"

## Chapter 2660

The polar bear gave an order.

The two agents stepped forward, first using advanced equipment such as handcuffs to control Levi Garrison's hands and feet.

Immediately afterwards, he lifted him and quickly left.

Levi Garrison didn't resist, let them take it away.

He looked at what this group was going to do.

The eight people quickly left Kunlun College with Levi Garrison.

Feng Xie Shen watched all this and saw the eight people carry Levi Garrison away.

He was happy.

As if seeing the biggest joke in the world, my stomach hurts with laughter.

This group of people had no idea what they carried back.

This is the ancestor!

Thinking of the blockbuster movies of the Kingdom of the Eagles, many times they dig back into demons and the like. There is no difference from the current situation.

After completely leaving the area of Kunlun College, a flying boat responded.

After bringing Levi Garrison up, he immediately took off and left at the fastest speed.

Levi Garrison slept.

Dazed, talking in the ear.

Levi Garrison opened his eyes and came to an unfamiliar environment.

It is a laboratory full of modern science and technology.

In addition to the eight people who brought them back, there are many others.

One of the people with a black eagle on his neck woke up when he saw Levi Garrison.

“You are so afraid of him? You still use locks to deal with him? Are you still afraid of him running away?”

Agent Black Hawk said disdainfully.

The polar bear slapped his head: “Yes, with his strength, can we still be afraid of him running away?”

“It’s shameful to say it! We also use the strongest locks of the Sky Shield! If you are trapped by these locks, no one will want to open it unless you use a magical weapon! Even the top ten of the gods! This is used to lock it. The highest level enemy!”

Agent Blade said.

Levi Garrison was very optimistic about the shackles on his body.

The material and design of this lock are super advanced.

It's really hard to open.

Even if the gods and the like of Tiance were trapped by these locks, they couldn't escape.

"Levi Garrison, Levi Garrison, do you remember that time? You smashed into the war eagle country alone, and you killed it dimly! Let us not be able to parry at all, and finally watched you leave!

You are the nightmare of the Warhawk Kingdom, the devil we hate to the bone! You bring us the greatest shame! "

"The knife you inserted into the earth will always be remembered! It is the pain in our heart forever!"

The Black Hawk agent said, everyone was staring at Levi Garrison.

His eyes are full of terrible anger!

He was telling the truth!

Everyone in the War Eagle Nation could not wait to cut Levi Garrison a thousand swords.

I hate seeing him!

Can't wait to torture him with the cruelest means!

"But now? You were easily caught by us! No resistance!"

"According to your Daxia's words-thirty years in Hedong, thirty years in Hexi! Once you were a headache for the War Eagle Nation, but now, we play you at will!"

"It's really embarrassing to think about it! Seeing you are so weak, I can't hate it!"

Agent Black Hawk mocked.
