

# Let Me be Your Ex Chapter 151- 160

## Chapter 151

“You haven’t eaten anything since you came back last night? It’s strange if you don’t have a stomachache when you drink.” Miriam handed the cup to him, her fair and pretty face was serious and helpless, “There is nothing at home, drink first. Some water, I’ll buy it later.”

Mu Ming took the cup and pursed his lower lip guiltily, “Sister Miriam, thank you, but don’t have to be so troublesome. I plan to go back to City Two tonight.”

Miriam put the blanket he had brought from the bedroom on him. Hearing the words, his face became cold. “Tonight? Don’t even think about your shameful appearance. I will approve you for two more days off. Go back to me.”

“Sister Miriam...I...”

“I am the leader, this is an order.” Miriam interrupted him with a stern face.

Yan Ke left the house and threw the trash away. She was not in the room. She was holding a cup and whispered, “Also say me, you are still a pregnant woman.”

Miriam squinted her eyes and curled her lips with a cool smile. “It’s not like someone. Drinking alcohol can almost kill yourself. Don’t toss about it without the amount of alcohol. I am healthy, anyway.”

“Healthy?” Mu Ming’s spiritless face showed deep doubts, black and white eyes glanced at her forehead, “Either you have a fever to faint, or you almost fall into disrepair. I think you can toss better than me.”

“ ... ”

Miriam’s eyebrows trembled and she was a little depressed, and did not continue to fight with him because of his discomfort.

After a few seconds of silence, she got up and looked at the house.

Mu Ming looked at her slender back, drank her saliva, covered the strange emotions under her eyes, and pretended to ask casually: “Sister Miriam, what did you do in Lincheng today? Why didn’t you listen to you yesterday?”

Miriam stared at the pictures on the wall, and replied casually: “It was arranged temporarily and entrusted by others to see a late friend.”

There was a low smile that couldn’t hear any emotions from behind, “It seems that I and Sister Miriam are quite destined. At the same time and at the same place, we are paying homage to old friends.”

Miriam was startled and slowly turned her head to look at him. The boy hung his head and couldn’t see his expression, but the laughter made her feel a little uncomfortable.

She was silent for two seconds, her eyes returned to the photo, and she asked softly, “This is your mother?”

There was no answer behind him.

Miriam said to herself: “Very beautiful.”

It's not flattery. Although the woman in the photo has reached middle age, her facial features are still bright and gentle.

"Really? Maybe I've watched a lot since I was a child. I don't think it's strange." Mu Ming raised his head, and his dark eyes stared straight up. I don't know if I was looking at the photo or looking at her, the hatred in his eyes faintly filled with struggle and pain.

At this moment, there was a knock on the door, probably because Yan Ke was back, and Miriam immediately retracted his thoughts and went to open the door.

Mu Ming put down the cup and raised his eyes again, Jun's face had already returned to his calmness, and he could not see anything except pale and weak.

"I bought something from a nearby supermarket, you may need it." Yan Ke walked to the living room and put the things down.

Miriam was overjoyed, "Thank you, I will transfer the money to you later."

Yan Ke said nothing, put the things down and stood aside.

Miriam still wanted to say something, she seemed to have figured out his temperament, and then she shut up.

He was a security guard hired by Bryan, and naturally he would not listen to her. Her politeness was basically pure nonsense to his position.

## Chapter 152

Miriam carried the bag and turned to the kitchen. Mu Ming lay on the sofa and turned her head to look at Yan Ke, her eyes deep, and she quickly turned away.

Not long after, Miriam came out of the kitchen, brought out two bowls of noodles, and put them on the table in the living room. She raised her eyes and swept around. She didn't find Yan Ke's figure. She was startled, "Where is the person?"

"Oh, that gentleman went out to answer the phone." Mu Ming looked at the door.

Miriam stopped asking, brought out a bowl of noodles, handed him the tableware, and smiled lightly, "I'll cook a little more, let's eat together."

Mu Ming frowned slightly, sat up, and said in embarrassment, "Sister Miriam, trouble you."

"If you know the trouble, don't do such silly things again next time. Fortunately, I'm here, otherwise I don't know what will happen." Miriam scolded him and sat down with chopsticks, stirring the noodle soup.

After a long while, he raised his eyes and looked at the door.

Mu Ming followed her gaze and suddenly said with curiosity: "Sister Miriam, what kind of friend is that gentleman? He looked so cold, and he made an expression for a long time."

Miriam's expression was slightly stiff, she immersed herself in a sip of soup, and said with a perfunctory smile: "Just an ordinary friend who came here to visit with me."

How many expressions the security guard can have, she has seen him so many times, and she always looks the same. Maybe her job is to pretend to

be cool, and she doesn't care much, but compared to Bryan's kind of people, Yan Ke is lighter.

Mu Ming smiled, "I thought Sister Miriam, you were going out with a bodyguard, it was so cool."

"Sister is not a big money." Miriam pulled a guilty smile on her lips, stirring her face, and changing the subject calmly, "There is not enough food, there is still in the pot, I will help you when I leave. Buy a little and have a good rest at home in the next two days."

Mu Ming, "...I'm sorry, Sister Miriam, I have caused you so much trouble."

Miriam hooked her lips and patted his shoulder with a soft and clear voice, "This sister is not for nothing. You helped me, so sister will naturally not look at you."

Mu Ming immediately showed a grateful expression, and said in a low and serious voice: "Then you have to take care of yourself. I am not in the company. No one will help you cover your pregnancy. You have to be careful."

"..."

Miriam was a little dumbfounded, but still solemnly promised, "Okay, I will be careful."

Because the company now only knew about her pregnancy, he rushed to the front to cover every time she encountered something she couldn't do. It was indeed hard for him many times.

There was a movement at the door, it was Yan Ke who came back, which interrupted the conversation between the two.

Miriam smiled lightly and said, “Mr. Yan, I have cooked a little more noodles. You should also eat a little bit. You will have to hurry up later.”

Yan Ke was stunned. He wanted to refuse, but when he caught Miriam’s profound eyes, he bent down and sat down, “Thank you.”

After a brief meal, Miriam was afraid that it would be too late to return, so she settled her pastoral name and confirmed that he would have nothing more to do before leaving with Yan Ke.

It was getting late and the car was driving smoothly on the highway. When Miriam was sitting tired and about to fall asleep, she was suddenly awakened by a phone call.

She yawned, rubbed her sleepy eyes, glanced at the note, and pressed to connect.

The thick nasal voice is very hoarse, “Hey.”

“Tired?” The man’s low voice showed concern.

Miriam sat up lazily and leaned against the car door, yawned again, and said in a spirited tone, “It’s okay, what’s the matter?”

After a day of tossing, she was tired even with her previous body, not to mention that she is still wearing a big belly, and so many things have happened today. She is really exhausted at this time, but what is the use of telling him.

“Yan Ke told me.” The man said lightly.

Miriam was stunned for a few seconds, and subconsciously looked at Yan Ke who was driving seriously in front of him, and then curled his lips, “It seems that you don’t want to protect me, you want to monitor me?”

“Miriam, this is not a trivial matter, you have to take it to heart.” Bryan’s worry in his tone did not conceal any, “However, you don’t have to panic, I will find out.”

Miriam closed her eyes, turned her eyes to the night outside the window, and pulled out a frivolous smile, “Mr. Shao, I will take my business to heart. It has nothing to do with you. Don’t waste your time. Also, you let Yan Ke will go back tomorrow, and I will be careful myself.”

“No, I don’t have to talk about this, and I won’t agree to you.” The man refused cleanly, but his voice was still flat, “It’s someone who wants your life. It’s almost always related to your dad. They absolutely I won’t give up easily.”

Miriam’s face gradually became cold, her eyes darkened.

After a long while, he sneered and deliberately mocked: “It may be related to you. I know that there are a few people in the relationship between us. They are all not pleasing to my eyes, even if they don’t want my life, they are hurt. A courtyard can also dispel hatred, so you should stay away from me and don’t bother me.”

Although she knew that Sophia was not that courageous yet, she couldn’t guarantee that her father’s enemies knew of her relationship with him and turned around to blackmail him.

The man lightly mocked, “I’m not afraid that you will hurt me. You blame me first, Miriam, can you be more selfish?”

“...”

Miriam pouted, “People don’t kill themselves for their own sake.”

“If you hurt my heart so much, you are not afraid of the death of heaven.” The man chuckled.

“ ... ”

Miriam was taken aback, how could he smell a scent of being molested?

Tensed in her heart, she touched her hot face and smiled sarcastically, “It’s really thicker than a city wall. A cold and ruthless person like you, do you have the heart?”

“You are more caring than me. If a male subordinate is drunk, he will run over to see him personally.”

The man’s tone is neither salty nor light, nor is there any strangeness, but Miriam just heard something strange.

She raised her brows and curled her lips with a chuckle, “Yes, I have always been a good leader who cares about subordinates. If it wasn’t for family affairs, I might have to stay there to watch him at night.”

“Is that the one named Mu Ming?”

Miriam was taken aback for a moment, and snorted briskly, “Yes.”

The man replied lightly, “He is young and handsome, and probably looks down on older pregnant women like you. If you step forward, he will at most treat you as his mother.”

“ ... ”

Miriam’s pretty face turned green for a moment, gritted her teeth angrily, sat up, and said angrily: “I’m such a damn son. If you want you to eat carrots and worry about it, I’m dead!”

After finishing speaking, she cut off the call without hesitation, her red lips tightened angrily, and her face was dark.

Bastard! Is she that old? Even if she is a pregnant woman, she is now a beautiful pregnant woman.

Sure enough, he still couldn't talk to him.

## Chapter 153

After returning to her senses, she looked at Yan Ke in front with a gloomy look in her eyes.

She was really faithful and reported everything she did today.

The driving man immediately felt a chill in his back, moved his lower body uncomfortably, and continued to drive steadily.

It's too late to return to City Two.

Miriam returned home with exhaustion. When Tian Tian saw her coming back, her big eyes lit up, and she put down the bowl and ran towards her.

“slower.....”

The little girl held her legs happily.

“Have you eaten?” Lu Mu asked.

Miriam took the child in her arms and walked over, smiling lightly, “Not yet.”

“How come you haven’t eaten until now? Why is your boss becoming more and more harsh on you, you can’t do this...” Mother Lu sighed and complained, and got up to go to the kitchen to prepare tableware for her.

Miriam pursed her lips and did not explain, she lowered her head and started feeding Tian Tian to dinner, and then softly said: “Sorry, Tian Tian, auntie is too busy today, will you take you out tomorrow?”

The little girl blinked her eyes, chewed the rice in her mouth, and nodded obediently.

After the meal, Miriam put the child in the bedroom, took advantage of Lu’s mother to clean up the kitchen, and went to Lu’s father’s room.

“Miriam, you are back.”

“Ok.”

Father Lu looked at her, but stopped talking.

Miriam didn’t sit down either, and said lightly: “I have done everything you explained, so I can rest assured.”

After all, she didn’t say much, turned around and left.

“Wait, Miriam.” Father Lu called her out, his expression vaguely tangled.

Miriam stopped and looked at him, “You have something else?”

“You don’t want to know... what happened with her and how she died.”

Miriam’s expression was dull, “I haven’t lived my own life yet. I don’t want to participate in the things of your previous generation. Moreover, people have

passed away. If you really feel uncomfortable in your heart, you can follow My mother said, you two are husband and wife after all.”

Without waiting for his response, Miriam opened the door and left.

...

The Lincheng incident was buried in Miriam’s heart. Two days later, the police called her and she remembered it again.

Sitting in the office, she frowned as she listened to the phone.

“You said that the car had also appeared at the entrance of the cemetery? Then you mean, he has been watching me since I left the cemetery?”

“According to the time frame, when you appeared in the cemetery, the car was nearby. This possibility is not ruled out.”

“Since the car can be photographed at the entrance of the cemetery, can’t the driver get in the car in the surveillance?”

The policeman said: “Yes, we are also investigating, so I want to send you confirmation to see if it is an acquaintance.”

Miriam’s expression flickered, “Okay, you can send it over now, let me take a look.”

A ten-second video was sent over there quickly, and someone opened the door and got into the car.

She pressed the pause button and looked at the figure on the screen carefully, which looked a bit like her vague memory, black trench coat, hat, mask, almost completely black.

but.....

She frowned slightly, wondering if it was the camera angle of the surveillance camera. She watched for a long time and always felt that something was different. When the car crashed, she saw the figure in the driver's seat in a daze. He was a very thin person, but This one is obviously strong, and the hat looks a little small.

Maybe she was just wrong.

After confirming that she was not someone she knew, she replied to the police and continued to immerse herself in her work, but the dark shadow lingered in her mind, making her uneasy.

## Chapter 154

While sinking into deep thought, Miriam felt his clothes being pulled. After regaining consciousness, she lowered her head to face a tender and cute face, froze for a moment, and asked softly, "Tian Tian, what's wrong?"

The little girl hugged the toy, just looked at her and didn't speak.

Miriam's eyes moved slightly, and she asked, "Pee?"

Seeing her dumbly nodded, Miriam smiled suddenly, "Go, Auntie will take you."

Opening the door led her to walk outside, passing by the office area, attracting the attention of everyone, everyone greeted the little girl.

Before going out, Xiao Zhang suddenly walked in and looked at her and said: "Sister Miriam, the opposite Long Teng invites everyone from our department to gather together tomorrow night."

As soon as this remark came out, the whole department suddenly became agitated.

“Long Teng? Isn’t this just friendship?” A boy teased: “If only there were beautiful ladies.”

Immediately a girl rolled her eyes and said, “Don’t you guys have girlfriends? You are still eating the bowl and looking at the pot, but... if you have a handsome guy, it’s best to be like Mr. Shao, handsome Also talented.”

The corner of Miriam’s mouth twitched, ignoring the discussion around him, and looking at Xiao Zhang calmly, “When did it happen?”

“Just now, the message from the executive opposite.” Xiao Zhang showed her the cellphone information.

Miriam glanced around, but couldn’t see any expression on her face. She just thought about it for a second, looked at everyone, and asked, “Do you have time?”

Company friendships are more common, not surprising, and Longteng is much higher than Yingxin. It is already an opportunity to be able to see a small company like them. Even if she is not interested, she should consider it for the subordinates in her department.

Sure enough, everyone nodded, but they all wanted to see what the scenes of those big companies were like.

Miriam didn’t have any comments, and nodded to Xiao Zhang neatly, “Okay, you reply to them, we will be there on time.”

“Okay.” Xiao Zhang nodded, turned around and left.

The surroundings suddenly became lively again.

“We will discuss it after work and continue to work.”

Miriam faintly smiled and gave orders and then led Tian Tian out.

Coming out of the bathroom, the little girl stopped walking as she walked.

Miriam was startled and looked down at her, “What’s the matter?”

Tian Tian looked at her, and slowly raised her little finger in one direction.

Miriam looked along, blinking her eyes, “Do you want to go there to play?”

Over there is the company’s leisure area, with diverse colors and large enough space.

Thinking that she was suffocated after being in the house for a long time, Miriam curled her eyebrows and smiled, “Okay, let’s go over.”

Called and asked Xiao Zhang to bring the notebook over, and she sat on the sofa while working while watching her play.

After a while, people from other departments passing by will have to ask.

“Manager Lu, is this your child?”

“Manager Lu, your daughter is so old? So cute.”

“ ... ”

Some colleagues of the same level went straight to tease, scaring the little girl very much, and Miriam was so dry that she wanted to curse.

In the end, he could only hold his forehead, close the computer, and beckon to the little girl, “Tian Tian, come here.”

The little girl ran up to her, touched her face affectionately, with a sweet smile on her brows.

Miriam’s heart warmed, and an impulse came up suddenly, staring at her mouth, pausing every word, carefully tentatively, “Do you like Auntie? If you like it...Would you say it for Auntie?”

Tian Tian’s pure eyes looked at her quietly, her little hand placed between her lips and bit gently, showing no signs of wanting to speak.

Miriam didn’t give up, her expression became more gentle and her voice softer, coaxing: “Don’t Tian Tian like me?”

The little girl shook her head immediately, obviously she could understand her.

Miriam was overjoyed, pretending to be aggrieved, “I don’t believe...”

Tian Tian’s long eyelashes fluttered, and the pink lips squirmed slowly, and there was a feeling of leaping and testing, as if something was about to break through his throat.

Miriam’s expression lit up, and she stared at her without daring to blink, and swallowed fiercely with nervousness and expectation.

Is she going to talk?

“Manager Lu.”

A sound suddenly exploded in the silent space, not only scaring Miriam, but also shaking the little girl. The sound that hadn't opened her mouth was also completely silenced, and she leaned against her in fear.

Miriam's expression was lost for a moment, she raised her eyebrows and turned to look at the person who had just made the sound.

A meticulous woman in a professional suit, in her thirties, she looked like she was quite upright. She probably saw her when she was passing by, stopped to say hello, but raised her brows slightly unkind.

"Manager Zheng, what's the matter?" Miriam smiled lightly, and did not get up.

The manager of the marketing department, Zheng Yun, and the entire company know that a career-oriented strong woman in her thirties who is still unmarried is a bit harsh and strict.

Originally, the two didn't have much contact. Miriam didn't care who she was, but recently, she always felt that this woman was very hostile to her. At the meeting, she was targeted at her for no reason, and the leaders were also all kinds of yin and yang, unclear. She thought she had robbed her man.

"You all know that you gave birth to a lovely daughter, and you don't need to take it to the company every day. Do you take the company in charge? You still take your children here during working hours." The woman smiled lightly, her tone cold.

To Miriam, who has become accustomed to her sour tone these days, Qiao's face didn't show any irritation at all. She said clearly and politely, "Mr. Zheng misunderstood. She is very good and didn't give it to anyone. Add chaos, and I didn't have any delay in work because of this."

Zheng Yun sneered, “You are a manager, so you can’t even afford to hire a nanny? If you bring your children to the company like you, this place will be transformed into a nursery.”

“Manager Zheng has never given birth to a child. Naturally, I don’t know the trouble of having a child. The child is too clingy. It’s useless to ask for more nanny. Moreover, I have asked Mr. Henry for advice on this matter.” Miriam said lightly. , Looked down and stroked Tian Tian’s head.

A woman in her thirties who was not married, let alone had a child, her words undoubtedly poke Zheng Yun’s sore spot, and the woman’s face suddenly became a little ugly.

But she suddenly remembered something, and sneered, “It’s better not to be born than to be abandoned when you were born, don’t you think, Manager Lu?”

A cold color flashed across Miriam’s pale face. Although Zheng Yun didn’t know that Tian Tian was not her child, the divorce was a fact.

She hugged Tiantian, took her notebook, and walked by her side with her lips pursed. Her pink face was radiant, and the corners of her lips evoked a very faint smile, “Older parturients are very dangerous....If you want to have a baby, it’s better to be early. .”

“ ...”

With the remaining sound, she has gone far.

Zheng Yun stood behind, his eyes cold as if quenched.

## Chapter 155

Soon, Miriam knew why Zheng Yun suddenly hated her so much.

At lunchtime, in the company cafeteria, Miriam sat across from the table with the two little gossip girls in the department who caught a glimpse of Zheng Yun who was cooking, and directly came over and whispered.

“Recently, the people from the marketing department saw our department all the unpleasant, and their eyes really wanted to eat us.”

Miriam glanced into the distance, lowered her head and continued to feed Tian Tian, smiling low, “Is it as exaggerated as you say? We don’t usually hand over anything with them, why should we look at us?”

“Sister Miriam, haven’t you felt it?” A girl looked at her in surprise.

Mu Ming brought the food to the table and asked with a smile, “What didn’t you feel?”

Miriam’s eyebrows trembled a few times, and he felt like he was in a paparazzi team. It was a kind of trivial discussion.

“What else is the people in the marketing department. Because Sister Miriam recently won the two biggest projects this year, they didn’t grab it, and the performance couldn’t make it up. The bonus will definitely shrink at the end of the year.

Miriam was taken aback, looked up at the girl, did not speak, but suddenly became clear in her heart.

It turns out that Zheng Yun targeted her because of this?

But those things with Monk Long Teng were not what she wanted to do. It was not her job originally. There was no way for Mr. Henry to ask her. How could she blame her, but if she had money, she would naturally not take it lightly. give up.

Mu Ming disagrees with his lips, “That’s what our sister Miriam deserves, and we exchanged hard work. How can we say that it is a rob? We didn’t rob them.”

The two girls smiled, “Yes, yes, but those people are also stingy. We haven’t been jealous of them before.”

Miriam lowered her head and wiped her mouth, and said with a smile: “Be low-key, you haven’t got the money yet, why are you happy?”

Longteng’s project investment has been finalized, but Fengrui is still going through the process, and she doesn’t know if there will be an accident. After all, she really can’t see through Shang Rui, and she’s not sure if he really wants to cooperate. .

“You have money to have motivation, of course you are happy.” Mu Ming smiled and stretched out his hand to tease Tian Tian, his face unruly.

Miriam raised her eyebrows, glanced at him, and the doubts in her heart surged again.

The academic qualifications and ability in the pastoral name, if it is really for money, how can you stay here.

Probably because her eyes were unconcealed, Mu Ming was aware of it and looked up at her puzzledly, “Sister Miriam, why are you looking at me like this.”

Miriam didn’t cover it, looking at him with beautiful eyes, and asked directly, “If you were given a chance, you could go to work in large groups like Longteng and Fengrui, would you go?”

Mu Ming looked startled, but he didn’t retreat or evade, and smiled casually, “Of course I would like to go if I have the opportunity, but I have self-knowledge, so it’s better to be down to earth.”

The two girls at the same table encouraged: “Tsk, little brother Mu Ming, you don’t see that you are quite ambitious. Sisters believe you will definitely enter the top 100 companies in the future.”

The complexity of Miriam’s eyes was well concealed, but the smile on her lips faded a lot, “Well, I believe you too.”

Everyone has their own choice, even if she is puzzled, why should she explore the privacy of others.

After that, Miriam stopped asking.

The next night, when Tian Tian was sent home after get off work, Miriam drove to the designated place.

I heard that the branch of Longteng had contracted half of the hotel. After she arrived, everyone in her department had already arrived.

“Sister Miriam, here.”

Miriam walked towards them, like a small cocktail party, dozens of people, very lively.

“Which leader has their company come?” She lowered her head and asked Xiao Zhang in a low voice.

As the leader of the fraternity department, she has been late and must go to say hello.

“Over there, it’s Director Han.” Xiao Zhang pointed to the distance.

“Well, come and have a look with me.” Miriam smoothed the collar, and walked over her long slender legs, with a right smile from the corner of her mouth.

“Mr. Han, sorry, I’m late.”

The middle-aged bald man heard the voice, turned his head and saw her, he suddenly smiled, “Mr. Lu, you are finally here.”

## Chapter 156

“Hello, President Han.”

Miriam politely stretched out her hand.

“Manager Lu, let everyone in your department let go, you’re welcome.” Mr. Han smiled heartily.

Miriam smiled faintly, “It is estimated that I did not arrive just now. They are afraid of being rude. I will talk about them when I look back.”

Mr. Han pointed to a group of playful young men and women in front of him, and praised: “Mr. Lu is really good at teaching people. The group of people below me are ignorant children. You see them crazy. Don’t laugh.”

“Young people, work hard when it’s time to work. Since you come out to play, you should let go. President Han is the most enlightened leader. The people in our department are all scared by me.”

Miriam smiled neither humble nor overbearing, and the flattery in her tone was calm.

Then, in front of Mr. Han, she turned to Xiao Zhang and said, “Let them not be cautious, get to know them all, and don’t care about me too much.”

Xiao Zhang nodded, turned and walked away.

Mr. Han’s eyes flashed slightly, his bright forehead reflected the light, and he suddenly smiled at her: “Manager Lu, let their young people go and make trouble, let’s sit next to you for a while?”

Miriam had no reason to refuse, and nodded politely, “Okay, please.”

She is only in her twenties, is she very old?

There was a couch next to them, and the two sat down next to each other.

President Han waved, and the waiter brought two glasses of red wine and walked over.

Miriam’s eyes changed slightly, her face didn’t show up.

Mr. Han held both hands and handed her a cup, thinking that he was a gentleman, “Manager Lu.”

Miriam smiled, took it, touched him, took a sip, and put it down, “Mr. Han, you can also play with them.”

“No, I’m old.” The man sighed with emotion while holding his glass, touched his chin, “If I were ten years younger, I would definitely be better at playing than them, but an elegant and beautiful lady like Manager Lu should be the one The most dazzling in the audience.”

Miriam blushed very cooperatively, and lowered her head pretending to be ashamed, “Mr. Han, you have passed the award. This kind of occasion belongs to a young man. I’m all married.”

After working for a few years, she has not learned anything else. She has improved a lot in the ability to look at people, especially this kind of respectable old man. She can distinguish between true and false. Once she comes over, this person’s eyes are Never removed from her.

She didn’t believe they were still interested in a married woman.

“Manager Lu was married?” Sure enough, President Han was a little surprised.

Miriam also pretended to be taken aback, and then smiled indifferently, “I thought everyone knew it, but just left.”

Self-deception is often a means to protect herself, and she doesn’t care much about this image.

“Leave? Manager Lu really dare to love and hate, so young, I can definitely meet better.” President Han’s eyes flashed across a cold color, but the smile remained the same, his tone was kind.

“I think so too.” Miriam was not humble at all, showing a bit of shrewd and capable arrogance, with red lips curled up, she took the initiative to raise a glass and touched him, her voice soft and calm, “Does Han always have children? “

In this kind of situation, it is not appropriate to talk about work, and if you want to avoid the other party’s unruly thoughts, it is of course best to talk about family affairs.

Mr. Han didn't expect that she would suddenly come to this topic. He was taken aback for a moment, then he sank and smiled lightly, "There are two, both of whom are in junior high school."

"One son and one daughter?"

"Ok."

Miriam was really surprised, "Then you are really a winner in life, and you have a successful career."

Don't forget to remind you besides flattery.

The man smirked, "It's okay."

"Then you and your wife must be very affectionate." Miriam thoughtfully pushed the fruit snack in front of him and smiled casually.

The expression on Han Zongguo's face became more rigid, and he glanced away, "Uh... it's okay."

Miriam smiled politely and stopped talking.

After a while, Mr. Han's cell phone suddenly rang, and he nodded apologetically to her, "I'm sorry, I'll answer the call."

"It's okay, you are light."

President Han took out his mobile phone, walked straight to the far corner, pressed to connect, and his face instantly became gloomy.

"This is the present you gave me tonight? A second-hand product is also stuffed with me?"

There was a sneer from a woman on the phone, “Do you still want me to find you a pure and innocent girl? I let you do things tonight, not for your pleasure. If it breaks my business, I will do it tomorrow. Shake your ugly things out and get you out of the company!”

“You!” Mr. Han’s face turned black.

“You know, what our president hates most, I can let you sit in this position, and I can ruin you immediately.”

President Han’s expression changed.

Miriam sat alone for a while, and Mr. Han hadn’t come back yet, Mu Ming came up, “Sister Miriam, why don’t you go there?”

In front of Mu Ming, she was too lazy to pretend, and pulled the corners of her lips casually, “I don’t want to move if I can’t move.”

Now that the belly is getting bigger and bigger, pregnant women are prone to sleepiness and fatigue. She endures working every day.

Mu Ming frowned immediately, and said concerned: “Why don’t you go back first, we still have us here.”

“No, their director is an old and cunning character. If I leave, tomorrow the industry will report that Yingxinyan is above the top, and he will not even give Longteng’s face. I will definitely scold me when I look back.”

Mu Ming tilted his head and leaned closer and whispered: “You don’t wonder why they only invited our department? Did you know Director Han before?”

“I don’t know.” Miriam’s expression slowly turned right, and she also thought about it, “I don’t know too well.”

It was the first time she met Mr. Han.

It is the director of the Longteng branch. She hadn't met before when she went to the company with Bryan.

Mu Ming said in a low voice, "That old man, isn't it because you are young and beautiful?"

"..."

Miriam was startled, her deep and dark beautiful eyes stared at him without turning for a while before she said in surprise, "Mu Ming, are your eyes see-through?"

I can see everything.

Of course she knew that it could not be perspective, but she was a little surprised by his keenness, which made her think of his ability again.

Mu Mingjun's face immediately became cold, "What did the old man really do to you?"

"No, he doesn't dare to have that courage." Miriam smiled.

Mu Ming glanced at her and suddenly smiled, "Yes, if he dares to move you, Mr. Shao will probably tear him up."

"..."

Miriam glared at him secretly, without saying a word.

She finally understands now, this kid probably has seen her relationship with Bryan long ago, and is pretending to be stupid.

President Han came back and said to everyone, “Supper is ready, everyone should go upstairs.”

“Really willing to book half of the hotel.” Mu Ming chuckled, his eyes somewhat meaningful, “Sister Miriam, you say, who pays the money, Long Teng? Will they always know about it?”

“I just invited you to dinner, what are you doing?” Miriam glanced at him sideways.

Everyone moved upstairs, a large luxury private room.

At a round table with forty people, Mr. Han invited Miriam to sit beside him.

Mu Ming was about to sit down when she saw it, and was pushed away by Miriam calmly, smiled into the seat, and then gave him a soothing look.

When everyone was seated and the food was served, several waiters came up with a few large plates of red hairy crabs.

President Han smiled and greeted, “Don’t be polite, eat, there will be more later.”

Then he took the initiative to put one in front of Miriam, “Manager Lu taste it, these are all fresh hairy crabs delivered by the hotel today.”

Crabs have a cold nature and pregnant women should not eat them. Miriam glanced at it and smiled politely, “Thank you, I can do it myself.”

After all, she picked up the tool next to it and peeled it slowly and carefully, deliberately delaying the time. When the crabs were divided, she pushed the peeled crab meat in front of President Han, and said with great enthusiasm, “Mr Han , This is my heart, you must finish it.”

President Han was stunned, his bald head turned light, and his face flattered, “For me?”

Miriam endured the nausea and nodded with a smile, “Yes.”

Mu Ming Yu Guang glanced at him and said nothing.

President Han ate with a red face, completely unaware that Miriam hadn't even touched it.

But he could not hide past the first day of the first year but not the fifteenth. Miriam's expression changed at the first glance of the dishes that came up one after another.

Most of them are not eaten by pregnant women. She usually pays attention at home and never touches them. They are basically all on this table.

But Mu Ming didn't know, and thoughtfully gave her some, “Sister Miriam, you eat.”

President Han just received his mind, it was time to show her, and put a small pile in front of her in one breath, “Manager Lu, you are too skinny, eat more.”

Miriam's expression became stiff and undetectable, and she smiled dryly, “Mr. Han, I can do it myself, you can eat it.”

Turning her face, she frowned slightly, her eyes narrowed slightly.

These dishes...it's a coincidence.

Pretending to be elegant and eating small bites of vegetables, Miriam didn't understand yet, the waiter walked in again pushing the cart.

"Mr. Han, the wine has woken up, do you want to serve it now?"

"let's go."

The waiter nodded and filled the bottles one by one.

Miriam Yu Guang caught a glimpse of the wine that was still air-conditioned, her eyes flashed, and her brows deepened.

Iced wine?

Mu Ming also found out, and turned his head to look at her.

President Han stood up with a glass of wine and said, "Today is the first official gathering since the cooperation between Longteng and Yingxin. I hope that we will work together in the future and there will be more opportunities for such exchanges. Cheers, everyone."

Everyone got up, laughed and toasted, "Cheers!"

Miriam held up the cup with an expression. Just as she was about to reach out to clink the cup, she was suddenly pulled off by Mu Ming, and the boy's loud voice interrupted everyone.

"Manager, can't you drink alcohol?"

Everyone was taken aback and looked at her together.

Miriam was also blank, looking at Mu Ming blankly.

Mu Ming took the cup from her hand and said in surprise: “Your heart is too big, and the injury on your head is not healed. Haven’t you been taking medicine recently? How can you drink alcohol?”

As soon as a reminder, the subordinates of her department also remembered and joked: “Sister Miriam, are you confused by eating.”

Mr. Han frowned, “Injury? Manager Lu, what’s wrong with you?”

Miriam smiled awkwardly, lifted the hair on her forehead, and explained, “I was injured before, so it’s not a big problem anymore.”

Although the scar has not disappeared, she hasn’t taken any medicine for a few days, but she has to admire how fast this kid’s brain turns.

President Han immediately cared: “We are here to play tonight, not to hurt our body. After taking medicine and drinking, if something happens later, President Henry will definitely find me trouble.”

“How can I discourage everyone? How about I use juice instead.” Miriam smiled embarrassedly.

President Han waved his hand to the waiter, “Give her a glass of white water, it will be hot.”

Miriam said awkwardly, “Mr. Han, don’t have to be so troublesome.”

The waiter ran out quickly and came in quickly with water.

Miriam glanced at him pretending to be grateful and toasted, “Thank you, President Han, and I respect you all.”

The scene became lively again.

After being toasted, she drank a few glasses of water and wanted to go to the bathroom. She stood up and whispered to Mr. Han, "I'll go to the bathroom."

"okay."

Mr. Han glanced at her and continued to eat.

After leaving the room, Miriam finally breathed a little bit of cool air. She didn't know if she was held back in it, or she had said too much. She felt a scorching sensation on her face and a bit stuffy in her chest.

She didn't care too much, rubbed her cheek with her hand, and went to the bathroom.

"Sister Miriam!"

Miriam was startled when she heard someone calling her. She turned around and saw that Mu Ming was catching up, "Why did you run out."

"I'm worried about you." Mu Ming rolled his eyelids and curled his lips triumphantly. "I am the only one who knows that you are pregnant. Do you know that I was scared all night? Fortunately, I was just witty."

Miriam looked at his lips with a warm smile, "Thank you very much, Mr. Mu, I will definitely let you be a godfather after the baby is born."

Mu Ming snorted, "It's pretty much the same."

"Okay, you go back, I'll go to the bathroom."

Mu Ming raised his eyebrows and swept the surroundings, jokingly: “The hotel is so big, can you find the bathroom?”

Miriam’s face turned black, and gritted her teeth to retort, “I am a road idiot and not an idiot. Can’t you ask people if you can’t find it?”

While she was talking, she felt that her body was getting hotter and hotter, and she pulled her neckline with her hands.

Mu Ming looked at the strange redness on her face, her black eyes deepened, and smiled casually, “I’ll take you there.”

Miriam was not polite to him, and slapped him on the shoulder severely, “Then hurry up.”

Mu Ming walked ahead and led the way.

As she walked, she frowned and looked around. She swallowed hotly, her head was a little dizzy, and she said in confusion, “Makiming, do you think the air conditioner in this hotel is too high, it’s hot.”

Mu Ming walked in front, without turning his head, Yun Qingfeng smiled lightly, and there was a long and thin coolness in his smile, “You are silly to drink, this is not winter, the hotel is always constant temperature.”

“wrong!”

The voice behind her suddenly sank, deepening the irony in the corner of Mu Ming’s eyes. It was fleeting, and she looked back at her strangely: “What’s wrong?”

Miriam stretched out her hand to support the wall, pressing her dizzy eyebrows with her fingers, her blushing face showed a different coldness from before, “I didn’t drink.”

## Chapter 158

Mu Ming also seemed to have discovered something suddenly, looking at her face, frowning, “Why is your face so red? Did you have a fever again?”

Miriam tightened her eyebrows and raised her eyes to look at him. Her eyes were blank but patient, her voice was extremely hoarse, “Heat, fever?” How could it be possible, it obviously didn’t feel like fever.

“Mu...” There was fear in her heart, and she suddenly wanted to hold Mu Ming, but before her hand touched his clothes, her fuzzy eyes fell into darkness completely, and her whole body fell down. Mu Ming’s eyes were dim, and at the last moment the woman fell, he stretched out his hand to let her lean in his arms, and Jun’s face was still indifferent.

The sound of footsteps slowly came from the deadly corridor, and the ground rubbed by high heels was crisp and loud. The graceful figure gradually appeared. The woman took off her sunglasses, saw the woman who passed out in his arms, her red lips were aroused, “Give her to me.”

Mu Ming squinted his eyes slightly, and tightened Miriam’s hands, without answering, as if he was hesitating. The woman looked at him suddenly raised her eyebrows, the corners of her lips deepened, her eyes were silky with sarcasm, “Why? Not willing again? This is the plan you thought, and now you regret it? Don’t forget, after tonight, You can get what you want.”

The man pursed his lips, his eyes were dark and terrifying, his cold face was covered with strong hostility, he lowered his head and stroked the face of the woman in his arms, suddenly smiled, emphasizing very lightly, “Miss Fu, it is cheaper for others, you might as well be cheaper “f&ck me.” The charming woman with curly hair was Sophia. She was taken aback, looked at him and mocked, “I thought that only the kind of old man surnamed Han has abnormal habit. I didn’t expect you to have such a young and handsome taste. It’s also so heavy, a pregnant woman, besides having a nice face, you can also be interested.”

The man didn't bother to continue to talk to her, and turned around to leave with his arms around him. Sophia narrowed her eyes and said coldly: "Wait, Mu Ming, you have to think clearly, emotionally, when she wakes up and find out, you will have no chance in the future. Give the person to Lao Han and leave it tonight. What's the matter, having my dad here will have no effect."

Mu Ming looked back at her with a sneer, "Didn't I take people away just to reduce the trouble for you? Miss Fu, we are just cooperating, and I don't need you to intervene in anything." Sophia narrowed her beautiful eyes and became angry. Sullen voice said: "Do you still remember that we were cooperating. I spent a whole night of effort, and I didn't accomplish anything when I looked back. Did you play with me?"

"The result you want will be sent to you tomorrow morning." Mu Ming's tone was extremely cold, and he took out the phone from Miriam's arms and threw it to her, "Here is the video you want." Sophia glanced at him very quickly. Turn on the phone, turn to Miriam's previous threatening video, click the delete button, and then return the phone to him, warning, "Remember what you said."

Mu Ming ignored her, bent over and hugged Miriam and walked towards the previously reserved room. Sophia's eyes flashed fiercely, and her smile grew thicker. She was still waiting for the good news.

That time she was threatened by Miriam and ran into Mu Ming when she left Yingxin. She thought she was the fan of that woman, but she didn't expect to come to Infernal Affairs. This kid really hid it. She was not interested in understanding or inquiring about the others. Since they had the same purpose, she just had to wait for the news.

In the hotel suite. The big room was dim and quiet with only a small lamp on the bedside turned on.

There was a person lying in the white silk bedding, and there was a low moan, like a cat, with some faint pain. The person sitting on the sofa in the corner did

not move for a long time. Only a black shadow could be seen in the dimness. The fuzzy outline was facing the bed and staring at the side closely. The dark breath was spreading silently.

After a long time, the person on the bed seemed to have fallen asleep again, and the figure in the corner slowly walked out. The tolerant blue veins on his forehead were especially obvious. His fists were clenched, and his tight face showed no expression. He looked coldly at the bed. People, the emotions in the eyes are thick and complex. Mu Ming moved his stiff hand, took out a bottle of medicine from his body and poured out two pills.

Gently squeezing her chin, he twisted his eyebrows and tangled for a few seconds, still slowly stuffing the medicine into her mouth. "I'm sorry... after tomorrow, I will never show up again..."

Before the hoarse murmur fell, the phone on the table suddenly vibrated violently. Mu Ming shook his hands in shock, and a pill of medicine rolled through his fingers to the ground.

He was taken aback, turned his head and glanced at the illuminated screen of the phone, his pupils constricted. He stood in a stalemate for a minute and did not answer, but the struggle in his eyes made his breathing a little disordered.

The phone fell silent, and after a few seconds, it began to vibrate again. Mu Ming bit his lower lip, the blue veins on his forehead almost broke, and finally reached out and picked up the phone and pressed to answer.

He didn't speak, and a voice soon came from the phone, "Hello? Miriam, where are you now?" The low male voice.

"Hello? Miriam?" There was still no response, and there was a vague anxiety.

Mu Ming's tight, almost purple lips finally opened, and his voice became hoarse, "Mr. Shao." "..."

... Early the next morning, Miriam was awakened by the dazzling light, opened her eyes, and the bright and white room was lit by sunlight through the windows.

Rubbing her sore head, she was stunned for a while and remembered something, her face suddenly turned pale, and she hurried to lift the quilt. He felt his body and saw that his clothes were intact, and he was slightly relieved.

Why is she here? last night?

With a face of doubt and no hesitation, she climbed out of the bed, put on her shoes and walked out. The door happened to be pushed open.

Seeing the person coming, she suddenly stopped, "Bryan?" "Wake up?" The man was dressed in a dark shirt, suit and pants, handsome and calm, and smiled faintly at her.

Miriam couldn't turn around, and blinked in confusion, "You, you... why are you here?" No, didn't she have a dinner party last night?

Then...Go to the bathroom...It feels hot and uncomfortable...The more you remember, the harder Miriam's face becomes.

Bryan walked over, touched her forehead, and faintly explained, "I went back to City Two last night and called you. Mr. Mu picked it up and said that you have a fever, so I can only send you to the hospital." "Fever?" Miriam's eyebrows were tightly twisted together, and he suddenly clasped his big palm, lowering his voice, "No, it's definitely not a fever."

She can tell if she has a fever. Was it drugged last night?

But she barely drank, just drank a few glasses of water while eating, and then got up to go to the bathroom... Then she didn't know anything. She should have passed out at that time, and Mu Ming seemed to be there. He gently

hugged the person into his arms, looked straight ahead with deep eyes, and said in a low voice: "Miriam, it is indeed a fever. The doctor has checked it. The pregnant woman's body is very weak and you don't pay much attention to it. This always happens."

Miriam didn't pay attention to his movements, her whole mind was thinking deeply, she raised her eyes suspiciously, "Really?" She still felt something wrong.

The burning was too sudden, and how could it be possible to faint so quickly.

## Chapter 159

Bryan looked at her lightly, "What are you doubting?"

"I..." Miriam's eyes moved slightly, and she suddenly asked, "Where is Mu Ming?" He should be able to tell if Mu Ming was by her side at the time if she had a fever.

"Mr. Mu has returned to the company, and I asked him to say hello to your company." Bryan sat down again with her, his low voice approaching gentleness, "If you feel uncomfortable, take a rest, I'll do other things. Deal with it, eh?" Miriam looked at him with a solemn expression, as if still thinking about those things.

After a long while, he looked down and asked, "You sent me to the hospital, do those people like President Han know?" "I don't know, I just want to come back to see you, and I didn't notify you in advance." The man's eyes overflowed with a warm smile and he stretched out his hand and rubbed it. Her hair.

Every day in Jincheng, he was planning how to see her this morning, and hurried back as soon as he finished his work. Miriam's heart was warm, and her cold expression was a bit unable to hold, she pushed him gently against

his chest, “Why do I feel more and more that you are a plague, every time you appear by my side Good thing, can you stay away from me?”

The man raised his eyebrows and looked at her with a faint smile, “Why don’t you say that every time you encounter danger, I will save you. If you don’t thank me, I still have to show my face.” Miriam choked off successfully. Staring at him, then stretched out his hand, “Where is my phone?”

Bryan said indifferently, “I have called at your house, and the company has taken leave. I don’t need a mobile phone. Either lie down and rest or I accompany you out for dinner.” Miriam’s slapped face immediately became angry. , Said coldly: “Bryan, why are you? That is my mobile phone, you give it to me, I will not eat with you, and I am not in the mood to lie down here, I want to go home.”

She still didn’t understand what happened last night. She believed her instinct. It was definitely not a simple sorority. That table of dishes, those glasses of water... There must be a problem. Bryan didn’t know, Mu Ming must know something. If she was really drugged last night, how could she just lie down for one night? She is not a three-year-old child, and those things in the workplace are nothing new.

“Okay, I will accompany you home.” The man’s expression didn’t have any waves, his expression was gentle and patience. Miriam’s eyes suddenly changed, “Didn’t you say I was sick?”

She had a fever before, and he forced her to the hospital with a cold face.”The fever has gone, since you don’t want to stay here, you can go home and rest.” Bryan looked at her quietly with non-fluctuating black eyes.

Miriam pressed her pink lips, looked at him sharply, her voice deep, “You lie to me, I don’t have a fever at all? I was drugged by someone last night.” Bryan’s eyes darkened and his arms stretched out. In the past, she pulled her into her arms again and held her tightly, with her thin lips pressed against her ears,

and said in a low voice, “Whether it’s a fever or medication, it’s fine now. I will take care of other things. You don’t need to worry about it anymore. Up.”

Miriam tightened her lips, her heart sinking and sinking. Sure enough, she was really drugged last night, and he knew it.

It was only the first time she met with that President Han. Even though it was the medicine given by him, how could the other explain? Few people knew about her pregnancy. Five fingers clenched slightly, her eyes became more complicated, her breath softened, “No matter what you find out, tell me.”

She had to admit that she had no other way except to report to the police, but it was too slow and there were many processes, and she didn’t have that much patience. Bryan pulled out a small smile on his lips, “Okay.”

“Can you let me go now?” Miriam broke his hand on her waist and gritted her teeth. Suddenly I remembered something, his expression became a little weird, and a little embarrassed, “Last night...Last night, when you sent me to the hospital...I, did I do anything?”

Although she hadn’t seen that kind of medicine, she had also heard that she couldn’t remember what people did when they woke up without consciousness. Bryan let go of her, her thin lips pursed with a faint smile, and there was nothing strange on her handsome face, “Don’t you remember?”

“...” Miriam blushed, looking at him stuttering: “Me, what do I remember? When I first passed out, I must be with Mu Ming...I, I just wanted to ask if there was any What to do with him in case the company is embarrassed when meeting.”

Anyway, she didn’t remember it anyway. On Mu Ming’s side, she would know when she went back and asked. In front of the kid, she was not embarrassed. Bryan darkened his eyes for a few minutes and looked at her blankly, “Are you not afraid of what he did to you?”

“He won’t.” Miriam retorted without thinking. The man’s face suddenly became colder, and Jun’s face was covered with a thin layer of chill, and the corners of his lips were sneered. “You are quite relieved of him.”

If he hadn’t made the call back then, what would be the result now? He bowed his head and rolled up his cuffs to cover the thick black meaning in his eyes.

Miriam bit her lip, blushing into anger, “He knows I’m pregnant, what can I do? Even if you don’t come, he will definitely send me to the hospital.” Bryan pinched her chin, staring at her small face with black eyes. Don’t allow her to dodge, “What if I didn’t send you to the hospital last night? Will you...are you angry with me today?”

“...” The woman’s cheeks became even more red, and she was almost bleeding, biting her lips lightly and staring at him.

The man looked at the soft matte in front of him, his cheeks radiating seductive luster, his Adam’s apple rolled silently, bowed his head and approached, emphasizing that he was still faint, “Huh?” Miriam avoiding her eyes, seeing him suddenly approaching, her heart became even more flustered. In a panic, he pushed him away in a panic, “I’ll go to the bathroom.”

Turned around and walked down like a run. Will she be angry? She didn’t know either.

Then why did he send her to the hospital for fear of her being angry, or for fear of hurting the child? In fact, it has been four months, and it’s not that dangerous... heh heh... what is she thinking?

Seeing her disappear, the man’s face sank a little bit in the pale ward, the chill in his eyes was bone-chilling. He took out his cell phone and made a call.

“Yan Ke, how is it?” “I found out that the medicine in Miss Lu’s body is the same type of medicine commonly used in nearby nightclubs. It is not available

in the market, but other channels are not excluded. However, among those people, Only Director Han frequented the nightclub, and had the most contact with Miss Lu at the party last night.”

Bryan twitched his eyebrows and was silent for two seconds, and then said coldly, “Well, I know, there is one more thing. Last time you went to Lincheng with her, you also met Mr. Mu?” Yan Ke, “Yes.”

The man narrowed his eyes slightly, “You continue to investigate the car accident, Mr. Mu...you can also find out if you have time.” “Well, good Manager Shao.”

## Chapter 160

He has seen that pastoral name several times. He didn't pay much attention at first, it was just last night...

I hope he didn't think too much.

Getting in the man's car, Miriam went home first, but it doesn't mean that she let go of what happened last night.

Jinglin Bay.

Miriam entered the room, and Bryan, who was cheeky and hard to follow, also entered the door.

Mother Lu saw the two come back together, she didn't feel much surprise on her face, she just saw the inexplicable light in their eyes, making Miriam feel uncomfortable.

“Xiao Shao, sit wherever you like.” Mother Lu smiled easily and waved to the man.

Bryan smiled warmly, glanced at Miriam, and said, "I'll go see my uncle."

Mother Lu pointed to a room without mind, "In that room."

Before Miriam had time to stop, the man had already bypassed her and walked towards the bedroom.

She glanced at the man blankly, and still said nothing, went to the living room and sat with Mother Lu.

Tian Tian probably heard something, seeing her from the crack of the door, her eyes lit up, and she ran out.

Miriam's face also softened, and smiled and waved, "Come here."

The little girl slipped into her arms and nuzzled in her arms obediently.

Miriam touched her soft face, looked at Mother Lu, and asked nonchalantly: "Mom, you don't even ask why I didn't come home last night?"

Mother Lu didn't even look at her, she continued to chase her TV series, and snorted, "I'm not a three-year-old kid anymore, and I want to keep you in charge? You don't bother me, your dad pays you back alone. Not enough for me to worry about?"

Miriam was sad, with an aggrieved expression, looking at her sadly, "Mom, I'm a pregnant woman, who could not wait to follow me every day? You don't even look at me now?"

"Women's college is not staying. Someone cares about you more than I do, so I can save a bit of effort." Lu's mother tongue is still faint and unaffected.

Ok.

Miriam was discouraged, put his aggrieved expression away, glanced at the bedroom door, and asked coolly, “Last night, he told you why I didn’t come back?”

Mother Lu was finally willing to look away from the screen and glanced at her, and snorted disgustingly, “You are ashamed to ask, don’t be ashamed, it’s with Xiao Shao, or I have to interrupt your leg.”

“ ... ”

Miriam’s face was dumbfounded, and he blinked his eyes fiercely, bewildered as his wife.

Ashamed?

Did she do anything outrageous?

What did the man tell her mother last night? She could be sure that it was definitely not about going to the hospital, otherwise her mother would definitely be caring about her now.

However, she did not continue to ask, she just coughed, and said angrily: “Why do you feel at ease with him? You are not afraid of what he does to me?”

“The child belongs to him, what can he do to you?” Mother Lu was obviously despising her question, and then accused her of her thoughts, “Furthermore, Xiao Shao has never made any mistakes, and she realized after the divorce. If you have your own problems, you can make up for it wholeheartedly. Why are you still facing others with a stinky face every day.”

“ ... ”

After listening to Lu Mu’s words, Miriam’s expression changed.

“Mom, you... you didn’t say that before, you clearly said that you respect me no matter what I choose...” In just a few days, she turned back, and that guy was brainwashing too quickly, right? ?

Mother Lu glanced at her and said righteously, “Mom respects your choice, but you also have to be free? Jincheng is so far away, how busy is his boss managing such a big company, and he still thinks of you. I ran back every few days and I couldn’t see it anymore.”

Miriam choked, smashed her lower lip with some reason, and curled her lips: “I didn’t let him toss back and forth like this.”

Before the divorce, if he could be like this, she would rather not work and go to Jincheng to be a cleaner with him.

However, to be honest, Miriam’s heart is also a little shaken now, but women are usually the most vulnerable when they are sick or in trouble. Any man who takes such meticulous care will make her feel soft.

Therefore, she hesitated, and a little timid, did not dare to respond easily.

Taking Tian Tian as a comfort, she took it in her arms, and Miriam helped her melancholy.

Mother Lu glanced at her again, as if she hadn’t noticed her depression, and continued to preach, “If he looks at your face in everything, is he still a man of opinion? Your belly is getting bigger and bigger and bigger. Danger, I don’t worry about you running outside, let alone him. He knows that you have self-esteem. It is probably impossible to persuade you to resign. He can only toss back and forth.”

Miriam’s expression was stiff, and she lowered her head without speaking.

What her mother could see, she did not fail to see it, but the three years she had paid were enough to turn away every good thing he has done to her now.

In Father Lu's room, Bryan sat on the chair next to the bed, with a calm expression showing the steadiness of a mature man. He looked at the thin old man on the bed, "Because of you, someone is watching her now."

He didn't want to blame, he just told him.

Father Lu's face turned pale, and his muddy eyes reflected panic, "Bryan...Miriam, Miriam can't have an accident. She is innocent. The mistake I made has nothing to do with her."

"I know, I won't let anyone hurt her." Bryan has no expression, but there is no light in his eyes.

The panic on Father Lu's face did not go away, he just chuckled, and said in a vacant voice: "She always said that the person I'm sorry except for the people is her mother. Actually... I'm most sorry for her, since childhood. , I haven't done anything for her, and she rarely acted like other daughters to me and asked me what I wanted..."

As he said, he slowly looked at Bryan with complicated eyes, "The only thing she asked of me...I went to your dad that year..."

...

Bryan walked out of the bedroom with a heavy heart, went to another room, and saw the woman sitting on the floor with a cushion lying on the coffee table teaching the little girl to write, facing the light as if she was gentle for a time, let him There was a touch in my heart, and my mind couldn't help but remember what Lu Father had just said.

He originally thought that both of them were forced into that wrong marriage. It turned out that... he was the only one who was forced to act in front of him for three years.

Miriam felt the line of sight, turned to look over, and ran into those deep eyes in an instant.

After looking at each other for ten seconds, she suddenly became awake, her heart trembled, and her voice was gentle and quiet, "Wait, I will leave after packing."

After giving Tian Tian a little homework, Miriam cleaned up and followed the man downstairs.

She wants to return to the company, and he happens to want to return to the company.

After driving the car for a long time, the two of them didn't speak. Miriam didn't intend to speak, but the man's sudden silence made her a little uncomfortable, and she felt like the feeling before the divorce, cold and cold.
