Next, it might not be them attacking, but Levi Garrison's attacking.

But they also went to kill Levi Garrison in advance, but they all failed.

What can they do?

...

After laying out all the lines of defense.

Levi Garrison gathered the responsible persons from various countries.

These persons in charge are all his lieutenants and follow his instructions.

"Next, we have to take action in front of the Lab of the Gods! This way we can take the initiative! We won't fall into passiveness!"

"If you take the initiative first, you can test the approximate strength of the Gods Lab!"

I didn't expect that Levi Garrison would take the initiative to attack, and I didn't even think that Levi Garrison would be so hasty, and would attack directly with a few words so soon.

It was completely beyond their expectations.

It's not ready at all.

Levi Garrison's attack had already come.

"We underestimated Levi Garrison again, it's absolutely amazing!"

"I didn't even dream of thinking that they took the initiative to attack!"

"Turn on the defense system immediately!!!"
