The Return of the God of War [The Protector]

Chapter 2893 - 2895

Chapter 2893

The terrible power gushes out and directly presses on it.

Other powers of the kingdom of God also used the most terrifying force to suppress.

“Puff!”

“Puff!”

...

Ye Qingtian and all the coalition powerhouses in front of them were all suppressed by terrible forces, and fell to the ground one by one.

In an instant, all the strong in front of this position knelt down in front of the kingdom of God!

“Facing God! Do you surrender or not??” Mr. X’s voice runs through the world.

Like the roar of thunder in the depths of the sky!

With the majesty and pressure of the gods!

They are the high gods!

All ordinary human beings in front of them can only kneel on the ground, surrender to God, as slaves, and pray for God’s forgiveness.

“In front of God, you are all ants!”

“Kneel down and surrender!! Become a slave to God!”

Other powerful people in the kingdom of God also shouted.

Stronger coercion is coming!

Everyone knelt on the ground, and their legs began to sink into the ground.

The weaker ones even plunged their entire body into the earth and merged with the soil.

God is inviolable!

The coercion is overthrown!

...

“what!!!”

Ye Qingtian and the others were struggling to get up like desperately.

It’s just that everyone seems to be pressing against Mount Tai, or even the sky.

Can’t get up at all.

I can’t even move my legs...

This is the coercion of God!

No matter how hard you try, you can’t survive their coercion.

Not to mention it!

Thousands of people are crawling on the ground in front of them.

The scene is too shocking!

The next position behind, in the command room.

See everything clearly.

It was shocking.

The impact on them is too great!

Is this the kingdom of God?

Are they gods?

If you say no!

How to explain this strength?

Not even the Great Summer Palace, the Siberian Star of the Eagle Nation, and the guards of the gods of Jerusalem!

All kneel to the ground!

Chapter 2894

How strong are they?

Isn't this a god yet?

There is nothing to do!

They are going to kill them next!

Looking at the coalition forces on the ground behind him, they were densely packed with a terrifying number.

But is it useful?

There is no use!

Unstoppable!!!

These people in front can't stop it!

Don't even think about other people!

For the present...

Do you really have to wait for Levi Garrison?

Nothingness!!!

If the army has been commanded by Levi Garrison, there is probably still some hope.

Now there is absolutely no hope at all!

"Hey!"

Many people have sighed softly.

They have imagined the scene of being defeated by the kingdom of God.

By then everyone will be a slave...

Unwilling!

But there is no way!

...

Ahead.

Mr. X looked at the thousands of people who were crawling in front of him, and he shouted:
"Get up! Look at you! There is no counterattack at all! I can only control it in my hands to ravage!"

“You have to understand a truth! Since ancient times, ordinary humans have been unable to contend with Gods! Gods are above the world!”

...

Hear words of sarcasm.

The Underworld God and others sacrificed their lives one by one, trying to stand up.

After mobilizing the power of the whole body, I wanted to struggle.

Stand even if you die.

It’s definitely not kneeling in front of these people!

“God??? You are not at all! You are human just like us!”

Ye Zhantian was the most violent, fighting for the price of exploding his whole body, he actually curled up with his legs and stood up a little bit.

Shock!

Everyone was shocked!

The coalition forces were shocked here.

The blood boiled over one by one.

The people across the Kingdom of God were also shocked.

Does this work?

This is defying their supernatural power, this is ignoring them!

can not stand!

If Ye Zhantian really stood up, he would be insulting them and slap them in the face!

no!

This will definitely not work!

In any case, Ye Zhantian can't be allowed to stand up!

Pressure!

Their only way now is to put pressure on it!

In an instant, Ye Zhantian seemed to carry several mountains on his body.

The legs that were supposed to stand upright are bent again...

“what!!!!”

However, Ye Zhantian stood up amidst bursts of roars.

But bloodstains burst out on him...

He is fighting for his life!

He and "God" are equal!

angry!

Shame!

Angry!

This is an insult to the majesty of God!

Taunting them fiercely!

It seemed that Ye Zhantian stood up alone, but in fact thousands of people stood up.

They don't even treat their kingdom of God as the same thing!

What a shame!

"Don't let him get up!!!"

Mr. X shouted.

The power of a strong man is pressing on Ye Zhantian's body, to crush him.

But Ye Zhantian desperately managed to withstand all the pressure.

It's just that the cracks on his body are getting bigger and bigger!

"Kneel! Kneel me down!"

Mr. X is also crazy.

Constant pressure!

Let Ye Zhantian kneel down in front of him!

"impossible!!!"

“what!!!”

Ye Zhantian roared in a rage, he really stood up.

No fear of any “god” coercion!

Look dumb!

Everyone looked at him incredulously.

The kingdom of God is also silent...

This is an extreme insult to them!

Everyone can't hold back their face.

God Sh*t!

“Boom boom...”

But in the next second, Ye Zhantian's body exploded.

A little bit burst...

Although he stood up.

But he has endured several times, even dozens of times the strength of his body!

I have already surpassed the greatest limit!

It is completely supported by willpower!

Now that the limit is exceeded, the body explodes naturally!

“Zhantian!!!”

Ye Qingtian and others shouted hysterically.

Thousands of allied troops behind him also cried!

Ye Zhantian set a good example for everyone!

I would rather die than succumb to others!

I would rather die than despise God at the sky!

At this moment, everyone was not so scared, and even said they were not scared anymore.
