The Return of the God of War [The Protector]

Chapter 2914 - 2915

Chapter 2914

The Heavenly Master Mansion of the Sword Demon Division is here, and even the Galactic Guardian Alliance is here.

This battle is the real beginning for them...

Mr. X glanced at Levilia whose breath was weakening in front of him, and he shouted: "Her medicine is not working! Take her down with me!"

They have to understand everything about the Summoner from the Lord before the main gods meets the Summoner, knowing themselves and the enemy, so that they can survive a hundred battles.

And Doctor Dark is coming soon.

At this moment, if Levilia was taken down, the Dark Doctor came, and immediately began to research, looking for the weakness of the Sword Demon Division.

After the main priest comes out, it can be used directly. For so long.

The supreme pill that Levilia took is losing its efficacy bit by bit.

Her strength is slowly declining accordingly.

It is no longer possible to control the situation.

It is already very difficult to deal with the power of the kingdom of God.

But at this moment, suddenly there were a few more figures in front of the giant crossbow in the rear.

Start the bow and crossbow directly, and all the remaining four super bows and arrows are activated.

It was too late for the men of the Titan War God to stop.

This is impossible!

Unscientific!

Beyond everyone's expectations!

The craziest thing is the coalition side!

They are going crazy!

When does the superbow crossbow have such power?

Are they all the same super bows and arrows?
