paused and the subordinates murmured, "In fact, those people shouldn't do it at this time because there are cameras everywhere in the hospital. It is easy to leave clues."

Ji Ziyuan took a deep breath of the cigarette in his hand.

Yes, I shouldn't do it at this time because I'm too anxious.

Even Huo Xu didn't do it.

"Okay, I know, it's you who go out. Just keep an eye on Rongshi's progress. Let me know the situation right away."

After the person left, Ji Ziyuan dialed another number and said, "Check it out right away." The whereabouts of Zha Ruanyan last night is that I want to give it to me in detail as soon as possible, no matter what means is used, within 20 minutes."

During this period, Ji Ziyuan had been standing at the window, and many things flashed in his mind.

For example, when I went to the club two days ago, I met Lin Fanyue and Ruan Yan drinking there. The person at the bar said Ruan Yan had crushed a wine glass.

Remembering that Ruan Yan took the initiative to kiss herself yesterday, she

wanted to see Ning Lexia.

After the meeting, she couldn't wait to leave herself alone.

Ji Ziyuan laughed coldly.

More than ten minutes later, his people called and said, "Ji Shao, Ruan Yan and Director Lin ate last night and they ate until more than eight o'clock. Later, her car entered a local community, but her car was still in the community. It's just that I can't contact people by phone. I checked the monitoring of the community. It was Ruan Yan's car less than five minutes after entering. It was an unlicensed car that drove out. After that, the car went on National Highway 209. After that, I turned around and went to a newly built road, but there was no surveillance there, so the specific situation is temporarily unknown."

"Personally, I sent someone to go along the newly built road to find a nearby house or factory. Inside, no, there are two or three suspicious cars parked." After

Ji Ziyuan explained, he quickly took off his white coat.

The doctor Zhang in the same department just walked in to work. Ji Ziyuan threw his car key to him. "Where is your car parked, we will drive for a day."

Doctor Zhang looked at the Maybach's car key in his hand for a few seconds. After that, he immediately gave Ji Ziyuan the keys to his Volvo car.

"Don't tell anyone about changing the car."

Ji Ziyuan left quickly when he was about to reach the presidential palace. He called Lin Fanyue's number. "Miss Lin is me. Ji Ziyuan is me. I want to ask you for important things." If you come out, I'll be waiting for you at the door."

Lin Fanyue happened to be brushing her teeth when she received a call from Ji Ziyuan, so confused. Is she very familiar with Ji Ziyuan?" , can't you say anything on the phone? It's Song Rong. Time won't be in your car, right."

"If you still want to save Ruan Yan, just change your clothes and come out. Don't tell anyone that it will only harm Ruan Yan." Ji Ziyuan Leng Cold urges.

Lin Fanyue was really frightened. Although she didn't know what was going on, she wiped her face quickly and put on a piece of clothing and ran out.

In the garden, I happened to bump into Song Qingrui, who had just returned from a run. He was dressed in a white sports suit. He frowned when he saw her in a hurry. "It's early in the morning, where did you go? Did Yueyue wake up?"

"It's me that Yueyue is still asleep, and the emergency is Aunt Liu. You may help me see Yueyue."

Lin Fanyue hurriedly ran to the door after speaking.

A Volvo parked under the sweet-scented osmanthus tree not far away. It was Ji Ziyuan who opened the door. She ran over and got into the car. It was "What happened to Ruan Yan."

"You know more about your friends." Ji Zi Yuan turned his head to see her with deep and sharp eyes.

Lin Fanyue was stunned because she actually didn't know Ruan Yan very well because Ruan Yan was different from her because she liked to say everything in her heart, but Ruan Yan would hide it in her heart.

### **Let Me Go, Mr. Hill! by Shallow South Chapter 2017**

**"It seems that you don't know your friends very well." Ji Ziyuan suddenly ridiculed.**

**"I don't understand Ruan Yan, but I at least understand that she is different in appearance and appearance. She doesn't look at her. She has very few words, but she absolutely values friendship, but I am willing to pay for her if there are people." Lin Fanyue was anxious but didn't want to go around with him. "You, say anything, or I can call her myself."**

**"You can't reach her right now." Ji Ziyuan put a hand on the steering wheel. There is a slight saying that "Ning Lexia's disappearance is something Jiang Qingxin told you?"**

**Lin Fanyue's eyes widened and said, "Ning Lexia is missing?"**

**Ji Ziyuan looked at her and it was clear that she was "missing last night" It seems that Jiang Qingxin is afraid of disturbing your sleep. Did you tell you that Song Rong went crazy with Song Tang and went to Huo's Villa to make trouble with what he thought Huo Xu tied up with Ning Le Xia You This really has nothing to do with Huo Xu, but Song Rongshi doesn't believe that**

he has already reported to the police. Now he is investigating in the hospital.  
Yes. I came out. It seems that the kidnapper has been traced."

Lin Fanyue probably did not expect it. So many things happened overnight  
for a long time to be speechless.

She didn't know the chill, disappointment and anger.

Although she had long known that Ning Lexia was very important to Song  
Rongshi, every time Song Rongshi did what Ning Lexia did for Ning Lexia,  
she refreshed her cognition time and time again.

The more refreshing she has, the more she feels that marriage was  
ridiculous a while ago.

Now Song Rong has not been divorced, when Song Rong was in this way  
for Ning Lexia, I thought about how she and the child felt.

Forget it, this question has been long since the answer is, and when Song  
Rong is in this life, he can still be crazy for Ning Lexia and break with friends.

The two excesses of her and the child are there.

"If he wants to check, he will check it." Lin Fanyue sneered and asked,  
"Does this have anything to do with Ruan Yan?"

"," Ji Ziyuan looked at her and said, "I checked Ruan Yangan who  
kidnapped Ning Lexia.

" "

Lin Fanyue's brain has the same rumbling as if he had blown up the pot, but he didn't turn around for a long time." Could it be that Ruan Yan wanted to avenge me? Why is she so stupid? Even though I hate Ning Lexia, it is not worth it."

After speaking, she choked up. Didn't expect Ruan Yan to be silent for her? It's a thing to be so crazy.

If the man she wants has her own, she must marry her.

Ji Ziyuan ""

He was speechless for a while. Is there such a rich imagination if a woman is affectionate?

"You think too much. Ruan Yan and Ning Xiaoxiao's good friends in their childhood, she and Cen Jing should also be acquainted." Ji Ziyuan had no choice but to expose the truth. "You should have said something to her when you drank that day."

Zheng was silent. It was Lin Fanyue who was moved ""

Well, it turns out that she thought too much.

But she was shocked that Ruan Yan and Ning Xiaoxiao's childhood friends hadn't heard Xiaoxiao talk about it before.

No wonder Ruan Yan lost control that day by crushing the wine glass.

She must be very angry at the time.

But think about me and Jiang Qingxin's Xiaoxiao are good friends. Although I really want to avenge Xiaoxiao. Yes, I still can't do it like Ruan Yan. Lin Fanyue suddenly feels ashamed. Just say it."

### **Let Me Go, Mr. Hill! by Shallow South Chapter 2018**

Ji Ziyuan closed the car window and took a look at the time. "Ning Lexia disappeared all night. Song Rong was very anxious. Now it is at 7:30 in the morning. I guess it won't take an hour for Ruan Yan's location to be found by him. Come out."

Lin Fanyue heard her heart pounding. "He cares so much about Ning Lexia. What happens to Ning Lexia."

"It is estimated that Ruan Yan will be over in this life." When Ji Ziyuan took her, his voice was exceptional. "There is enough Ruan Yan for a whole night to do a lot of things. Ning Lexia is absolutely impossible to be complete. At this time, only if you put the blame on Ruan Yan and Ruan Yan will be safe."

Lin Fan Yue's stunned silence was there, but soon calmed down from the shock.

Ji Ziyuan said, "The first is you, the second is the motivation, Song

**Rongshi owes you and the child, you have him, it is impossible to send you to jail, and Song Qingrui's family is behind you and you can retire. "**

Lin Fanyue tugged at her hair in a mess, "Ji Shaoyou, do you think too much of me? In Song Rongshi's mind, I guess that even Ning Lexia's hair is not as good as having him. It will kill me."

"There won't be me, it's his friend, it 's fair to understand that he has it, he likes you, it's just that Ning Lexia's methods are more powerful, and it has always been his heart knot."

Ji Ziyuan turned. When I turned the lighter, I saw that Lin Fanyue' s lips trembled, I was always flustered, and so calmly said, "Look at yourself, I don' t force you to be at this time, I can' t contact Ruan Yan. What's more Let Ruan Yan run away, but Song Rongshi couldn' t find the real culprit who caught Ning Lexia. He would continue to investigate. Yes, I can find out that Ruan Yanyourong. It' s just a matter of time. It' s just a matter of time. You appeared to replace it. He will not suspect that there is this matter, and will not continue to investigate it. It depends on whether Ruan Yan is worth it in your heart. "

Whether it is worth it.

Lin Fanyue's scalp is tingling. She and Ruan Yan haven't known each other for a long time, but she truly regards Ruan Yan as a good friend and Ruan Yan did it for Ning Xiaoxiao.

She should help both because of emotion and reason.

"Of course I'd like to help this busy." Lin Fan Yue Meng turned around and stared at the season Ziyuan have had "little season, but in fact, as long as you have the shot you are protecting maintained Nguyen Yen."

"I care but have maintained Yen Nguyen currently have in my heart I do not deserve for his decorum and Yung. "Ziyuan season with a shrug handsome face looked very fickle are" behind things will be very troublesome. " "

I understand there are always little more season What you love is that you have a businessman, you are always a businessman, and you are most afraid of losing money." Lin Fanyue felt annoyed in his heart. Ji Ziyuan probably just wanted to sleep with Ruan Yan. There is such a selfish man who can come and inform her today that he should be content with her. NS.

Ji Ziyuan did not comment. "If you have any, you have to agree to it. I will send you to the past. It is actually for you. The good thing is that Song Rong will definitely divorce you after this incident."

"Okay." Lin Fanyue nodded. how has she looked Nguyen Yen is impossible to have an accident, "I send you now have in the past Yen Nguyen, you know where it is now?"

"probably position clear but there is a detailed position to wait for my hand down there we first checked in the past It's before Song Rongshi."

Ji Ziyuan started the car and stepped on the gas pedal, and it was so fast.

Those who had him halfway had found a suspicious factory building.

At the same time, people from the hospital also came with news, "Ji Shaoyou Song Shao found the vehicle that took Ning Lexia away last night. It has already passed to your side. I guess it won't take long."

"Yeah. "

Ji Ziyuan directly stepped on the accelerator to the maximum speed.

Lin Fanyue was worried that Ruan Yan didn't stop him, just clutching the handrail of the car roof tightly, and turning his throat upside down.

She really didn't see that Ji Ziyuan's appearance was so wild when he was driving a car, and because of his vigorous skill, she believed it all to say that he had driven a car before.

In the workshop.

**Ning Lexia has been tortured and dying, she is lying on the ground like a dead person, full of blood.**

**She only has one thought now, and die.**

**"Please kill me."**

**Ning Lexia begged in pain and despair.**

**The moment she regretted that she shouldn't have returned after escaping from China.**

**After being tortured for too long this night, she finally fainted with black eyes that couldn't hold her face.**

**Ruan Yan looked at the outside of the time, it should have been dawn.**

**She couldn't hold on any longer, although she wanted to slowly continue to torment Ning Lexia, but she estimated that with Song Rong's ability, she would come here soon.**

**It doesn't matter if she is caught anyway, she is also planning the worst.**

**Only, Ning Lexia must be taken away.**

**Ruan Yan took out the knife that had been a knife ready for a long time, and the bright lining was a pair of fierce and reddish eyes behind her mask.**

**If she can, she doesn't want to go to today, but she can't tolerate Ning Lexia's continued impunity, and she can only take revenge on her own.**

**The knife in her hand with her eyes closed was about to swing off.**

"Bang" was a sound. The iron door was kicked open.

It was Ji Ziyuan and Lin Fanyue who broke in, and both of them shuddered when they saw this scene in the basement.

Especially, Lin Fanyue couldn't believe that she was wearing a horror mask in front of her. She was the dazzling star Ruan Yan.

"Stop Ruan Yan." Lin Fanyue rushed over.

With Ruan Yan's hands shaking, she didn't expect to come here first. Ji Ziyuan and Lin Fanyue's Lin Fanyue are best friends, and Lin Fanyue, who wears a mask, also knows that she is. .

She didn't want Lin Fanyue to see herself like this. Her naturally lonely and widowed parents were dead. The only life was a brother and sister city, and the friends of vicious people were like oxygen to her, the only thing in her life. It's sunshine.

Also, while she was distracted, Lin Fanyue immediately snatched the kitchen knife in her hand and saw clearly that Ning Lexia was stuck on the ground.

Also, Ning Lexia's head was covered with filth, messy, and even disgusting, maggots wriggling.

None of this, the most shocking thing that shocked Lin Fanyue was that Ning Lexia had all blood on her hands and feet.

Just when Lin Fanyue was stunned, Ruan Yan also recovered to grab the knife.

"Stop Ruan Yan." This time when Ji Ziyuan caught up with her wrist, he tore off his mask and revealed Ruan Yan's clear but indifferent face.

Ruan Yan's eyes made Ji Ziyuan's heart tremble. He has never seen a woman whose eyes can be cold, like hell is a ghost.

"Ruan Yan's is really, you." Lin Fanyue's last trace of luck was gone, but she was not angry. Ruan Yan made her feel very distressed.

**Where to go.**

**She couldn't bear it and pushed Ji Ziyuan with force. "Ji Ziyuan has you let go and this is my own business."**

Besides, if there is, why the man in front of me has had her so hard to come to this day with her parents will not die. Lose.

Ji Ziyuan didn't talk nonsense with her, but directly raised his hand to knock Ruan Yan out.

Ruan Yan's body was caught off guard and Ji Ziyuan immediately hugged her.

Lin Fanyue was overwhelmed with "What are you doing."

"If she doesn't faint, she will leave?" Ji Ziyuan took out a car key from Ruan

Yan's pocket and threw it to Lin Fanyue. There are cars outside, and you have someone who kidnapped Ning Lexia, and you hired Song Rong when he came. You can't make him suspicious."

Lin Fanyue was flustered to carry such a big crime alone, but saw that Ruan Yan's pale appearance made her endure and hold the car key forcefully. "I know you will take her away."

Ji Ziyuan took a deep look at her when she left and hugged Ruan Yan." You carry it by yourself for a while, I have already contacted Jiang Qingxin and Huo Xu and they are already on their way."

After that, he hugged Ruan Yan and left quickly.

Lin Fanyue stood alone for a while, but felt that the surrounding area was too stinky and gloomy.

She timidly walked over and touched Ning Lexia's breathing. Fortunately, she was not dead.

She was actually very afraid that Ji Ziyuan said that Song Rongshi would let her go, but she didn't believe that Ning Lexia was so important in Song Rongshi's heart. Will you kill yourself under impulse?

But she didn't regret that if Ruan Yan stayed, there was a chance that Ruan Yan would die, 100% there was a 50% chance that she should still be at least 50%.

But the unknown other half reminded her of Yueyue, and the whole person was panicking.

At this moment, her mobile phone rang and the words "Song Qingrui" appeared on the screen, like a life-saving straw in the dark.

She hurriedly answered, there was a shivering voice, "Qing Qingrui."

"Lin Fanyue has you where you went, I have you on the 209 National Highway to give me a position." Song Qingrui's anxious voice came out.

"What national road." Lin Fanyue almost cried after realizing it. "No, I was in this factory where I just passed by."

Chapter 2019

Ning Lexia has been tortured and dying, she is lying on the ground like a dead person, full of blood.

Ning Lexia begged in pain and despair.

"What national road." Lin Fanyue almost cried after realizing it. "No, I was in this factory where I just passed by."

Before Chapter 2021 was

finished, there was a fierce gunshot from upstairs.

She was so frightened that her mobile phone fell to the ground.

Before I had time to pick it up, a group of people rushed in, and the leader was impressive. Song Rongshi had a man wearing a navy blue pajama. She always remembered that pajama, and went shopping on her own a few days ago. Sometimes I bought it for him.

Now he wore the pajamas she bought and rushed to rescue other women in a hurry.

The dim candlelight on the wall outlines the gloomy scene inside.

Song Rongshi saw Lin Fanyue who was standing staring at him with her big

black and white eyes.

At that moment, when Song Rong's mind was exploded.

Until Ning Lexia, whose eyes fell on her feet, was unbearable, his pupils glared round with anger and ferociousness.

"Le Xia." Song Rongshi quickly rushed up and gently picked up Ning Lexia. She was hurt and he was afraid of hurting her.

Lin Fanyue really feels that Ning Lexia is dirty and smelly. She wanted to wash her hands when she touched it just now. But at this moment, when Song Rong was there, she didn't care at all. The treasure was lost and recovered.

"What's wrong with Le Xia? You wake up." Song Rong yelled anxiously. Ning Lexia didn't react at all. He checked her limbs and looked up with a pair of scarlet eyes fiercely staring. Looking at Lin Fanyue.

"Did you break her hand muscles and hamstrings?"

Lin Fanyue's legs trembled as he stared at him.

She had never been so angry when she saw Song Rong. No matter how she quarreled with him before, she had never seen him like this. She even caught a trace of murderous aura.

She was also ridiculing when she was scared.

Ji Ziyuan said that Song Rongshi should not be suspicious. In fact, Song Rongshi would not doubt it at all.

It can be seen that he doesn't understand himself at all.

But this is good to save a lot of trouble.

"She's her, she makes her own."

Before Lin Fanyu was trembling, she was kicked fiercely by Song Rongshi's chest, her petite body hit the wall behind, and she was lying on the ground in pain. All the internal organs are distorted.

In fact, she is quite skilled. She and Jiang Qingxin had studied abroad before, but probably, she hadn't realized that the man who used to sleep in the same bed would do something to her.

"Lin Fanyue disappointed me too much with you. I really didn't expect your heart to be so vicious." Song Rongshi walked to her with condescending eyes as if facing the enemy, "What are you dissatisfied with? You can rush to me." Why do you want to hurt Le Xia? She has been ruined by you all her life."

Lin Fanyue couldn't listen to her weak and mocking retort, "This is called evil is evil."

"You shut up." Song Rongshi Like a mad beast, there is a foot on her chest. "A really vicious person, you were before, and I was blind and tempted to a woman like you. There is no way I can compare with Le Xia, the biggest in my life. The mistake of marrying you is a viper and venomous woman."

Lin Fanyue's chest was already painful and speechless.

She only stared at Song Rong with red eyes, "It just so happens that I have the biggest mistake in my life, marry you."

Song Rongshi was worried that Ning Lexia hadn't had much thoughts with Lin. Fanyue's confrontation continued.

In Chapter 2022,

he turned his head and ordered to go down, "Call the police and catch this woman for me to send to the police station." After

explaining, he hurriedly hugged Ning Lexia and walked out.

After walking a few steps, I turned my head and looked at Lin Fanyue coldly, "You are responsible for all this. Since you have broken the law, you have to bear the responsibility. You'd better pray that Le Xia is not dead, otherwise, I will let you take it.

He will pay for it." This time, he really left.

Lin Fanyue got up in a muddle-headed manner, but before she stood still, she was restrained by someone from the left and the right.

She was taken out, and every step she took, she felt a faint pain in her abdomen when she was kicked by Song Rong, and even her ribs were painful. The pain caused her face to turn pale, and she even swayed when she walked.

Those people didn't care how she felt, and saw her walking unfavorably, so they dragged her to the direction of the car.

As he was about to tow the car, a black off-road vehicle rushed in, and then, Song Qingrui Qinglang got out of the car.

At the moment when she saw her, Lin Fanyue seemed to see the dawn, tears oozing in her eyes.

he came.

She also didn't understand what was going on recently, every time when life was the most desperate, Song Qingrui would fall from the sky like the Great Sage Qitian.

Song Qingrui's eyes fell on her arm. There were those hands, the gloom and cold light, and after a flash of light, he walked over. In the past, the face of Junya's face was fierce, "Let go of her."

Those few. Someone in Song Tang, who held Lin Fanyue's capital, also knew Song Qingrui.

After looking at each other for a while, one of the burly guys said, "Master Qingrui, I'm afraid it won't work, Song Shao asked me to send her to the police station."

Song Qingrui looked at it with eyes, "Relentless, your Songtang has people, and the Song family has worked so hard to cultivate you. If it doesn't belong to Song Rong, you have it alone. You have to understand that today is my grandfather and my uncle. They are here, and they won't let you take them away, Lin Fanyue, she currently has someone from the Song family, and the president has a goddaughter."

Ren Li said nothing.

The other subordinate who fell down hesitated, "But she made Ning Lexia half alive, and Song Shao was very angry. If you take her away, Song Shao will not let us go."

"Song family can do it today. The status depends on Song Rongshi to support it, no."

Song Qingrui coldly watched these people in front of him, "I admit that you have listened to Song Rongshi's words recently, and now the whole Songtang seems to have become his own. There are people, but I remind you, it's not my dad, Song Tang couldn't be as good as a fish today. If our Song family worked so hard to cultivate a master, but eventually became a certain person, then there is no need for existence. "

Still, even if it will split in the future, it will not be today."

He was gentle in the past, but once he got angry, his body was exactly the same as Song Nian's aura, making Song Tang people all fearful.

Song Qingrui stretched out his hand and pulled Lin Fanyue from their hands into his arms.

Lin Fanyue shook her body and couldn't even stand upright with her back. She had a small face as beautiful as a mixed-race, but also painful and squeezed together.

Song Qingrui picked her up, gently put her in the passenger seat, fastened her seat belt, and said to someone in Song Tang behind, "You don't need to call the police for this matter, that's it."

After that, she got into the driving seat. , Activate the throttle and leave.

In the car, Lin Fanyue was in pain and clutching her stomach.

She was uncomfortable and said, "May I call Huo Xu, he and Qingqing are also coming here." Song Qingrui frowned and called her. He called Huo Xu, "You don't use it anymore, I have taken the people away, but I think she may need to go to the hospital, not Ji's hospital, go to the military hospital."

After the Chapter 2023

notice was over, his hand touched Lin Fanyue's stomach.

If it was before, Lin Fanyue would definitely push him away, but now, she was too painful and could not care about so much, so she let his fingers press on her belly.

"What's the matter?" Song Qingrui's brows were tight and could pinch a fly, "Someone kicked you?"

" "

Lin Fanyue didn't say a word, just hung his head, and the eyelashes dropped a shadow under the eyelids. After a while, The eyelashes were hung with crystals.

"Who did it?" Song Qingrui asked coldly, "Song Rongshi?"

Lin Fanyue bit her lip. It seemed that all her pain and grievances were caused by Song Rongshi. Inexplicably, she wanted to cry, but She didn't let herself break down, but when she spoke, her throat was hoarse, "Ning Lexia was hurt very badly. He kicked me on both feet. Would you think I was vicious."

"You won't do this kind of thing." Song Qingrui Without even thinking about it, said, "During this period, we are all living in the presidential palace, and we will meet each other sooner or later. Why do you have the brain and courage to plan the kidnapping? Although you don' t understand why you appeared here, you are looking for evidence. You can still wash your innocence."

Lin Fanyue didn't cry when she was in pain, but at the moment she heard Song Qingrui's trust without hesitation, she completely broke down and cried.

She didn't get along with Song Qingrui much, but it was not her husband who knew her best, but Song Qingrui, the nominal younger brother.

He believed in himself so surely.

But Song Rongshi thought he was a venomous woman.

Song Qingrui did not expect that she suddenly cried so badly, so she stopped the car and took out a tissue to wipe her, "Don't cry, your tears are not worth crying for people who don't trust you."

"You're right." Lin Fan Yue was sobbing, looking at him vaguely with tears, "I'm just touched that you will believe me so."

Her face was crying like a small tabby cat, her hair was messy, and her clothes were dirty, but Song Qingrui was so soft-hearted, and her tone became more gentle, "Of course I believe you."

"Thank you." Lin Fan Yue sniffed, "But I have difficulties. I have to take this matter down, and I can only kidnap it."

Song Qingrui was silent for a while. He looked at her complicatedly for a while before saying, "If Ning Le Xia was seriously injured, and Song Rongshi might not let

it go." "Then let him send me to prison." Lin Fanyue said, breaking the jar.

Song Qingrui sighed, "Don't talk nonsense, no matter what reason you have, I will help you."

Lin Fanyue was moved, her throat was astringent, "Qingrui, I'm sorry, I've caused you trouble again.

" I am happy to be bothered by you." Song Qingrui said softly.

The air was strangely quiet for a few seconds.

Lin Fanyue's inexplicable heart speeded up a little bit. She remembered seeing Song Qingrui, but her ribs throbbed and a cold sweat broke out on her forehead.

"Don't move, I'll take you to the hospital right away." Song Qingrui started the car and increased the accelerator.

After arriving at the hospital, Lin Fanyue was already in the same pain as when she had a baby, and she couldn't move anything.

Song Qingrui took her into the emergency room in a panic.

In Chapter 2024,

Song Qingrui accompanied Lin Fanyue to perform a physical examination. When the x chest radiograph came out, the doctor confirmed that the rib was

fractured on the chest.

Lin Fanyue didn't expect Song Rongshi to kick so hard.

She broke the bone when she kicked it on the spot.

No wonder she was so painful and even had difficulty breathing.

"How long will it take for me to recover from the doctor?" Lin Fanyue couldn't hide his worry in her eyes, "I want to take a baby." She also needs to breastfeed.

"If you are like this for about a month, don't say that you can't even hug a child. You have to be careful. Don't catch a cold. Once you catch a cold, you can easily get a chest infection." "If you have her husband, bring children with you, this milk can only be cut off.

" "

Song Qingrui's face became hot and flashed unnaturally.

Lin Fanyue explained hurriedly, "He doesn't have my husband, he has my brother."

"Your brother?" The doctor glanced at him twice. He was so busy as the usual doctor. He really didn't have so much leisure to chat with them. But this woman is a glamorous man and a Qingjun. When a doctor sees beautiful things, I can't

help but pay more attention to it. "Do you look the same at a similar age."

Lin Fanyue ""

Of course he doesn't look like that, okay?

"Doctor, please help her as soon as possible, she seems to be in pain." Song Qingrui urged.

The doctor asked him to pay the bill.

Not long after, Jiang Qingxin and Huo Xu also hurried over. When they saw Lin Fanyue sitting on the hospital bed with a restraint strap tied to their chest, Jiang Qingxin was dying of anger. "What's the matter? ?"

She was troubled by Song Rongshi last night, but she had no rest at all. At dawn, she finally wanted to get a call from Ji Ziyuan when she was resting and told her to rush to some place to rescue Lin Fanyue. She took Huo Xu to arrive. On the way, Song Qingrui informed her that Lin Fanyue had been sent to the hospital.

Lin Fanyue leaned on the pillow and couldn't move her body. She was hurt everywhere with the needle in her hand. "It was kicked by Song Rongshi."

"You kidnapped Ning Lexia?" Huo Xu raised her eyebrows. His eyes are very strange.

Jiang Qingxin immediately gave him a blank look and said, "You are too

worthy of Fanyue . She has no way of contacting the kidnappers." Lin Fanyue sighed to Song Qingrui and Huo Xu. Said "Can you guys go out for a while, I want to chat with

Qingqing alone." "Alright, I will buy you some breakfast, what do you want to eat?" Song Qingrui asked softly.

## Chapter 2025 When

he said that there was Lin Fanyue, he felt that he was very hungry, but it was too painful and not too much, and his appetite was "The doctor said that I should eat softer things."

"Okay, I understand." Song Qingrui nodded, and when he went out with Huo Xu, he closed the door smoothly when he left.

Jiang Qingxin looked at her sternly and said, "Fan Yue did not know you and kidnapped Ning Lexia, that person?"

"You know me best." Lin Fanyue smiled bitterly, and said yes, "In fact, I kidnapped Ning Le." Xia, the human Ruan Yan."

"Jiang Qingxin is pretty, with shock on her face.

"I was surprised that I knew it was the same as you." Lin Fanyue flashed in his mind, Ruan Yan was cold at the time, and his eyes shuddered. I had to rush over, and Ruan Yanzheng wanted to kill Ning Lexia, but I stopped her. I was afraid that

she really killed Ning Lexia. It would be difficult to end. And I checked Ning Lexia and I guess Ning Le Xia's limbs are all abolished. There is Ji Ziyuan, and Song Rongshi, who means, will continue to investigate. If there is one way to find Ruan Yan, I will stay on the scene and have the evidence of guilt. If there is Song Rong, I will not doubt it. After all, I It' s a motive."

Jiang Qingxin quickly realized that, "So you, Song Rongshi, who hurt?"

Lin Fanyue nodded and had the ridicule of all eyes. Le Xia is really important to him. I' ve never seen him so angry. If I don' t, I have to rush to send Ning Lexia to the hospital. I guess he will kill me on the spot. The game, but Song Qingrui rushed over and took me away. But Song Rongshi would definitely not give up."

"Song Rongshi is really crazy." Jiang Qingxin was also angry, his fists were clenched, and he was clenched with "Ning". Le Xia' s bad deeds are retribution today."

"But he doesn' t think that he has Ning Lexia' s grievances in his heart." Lin Fanyue said with emotion, "Actually, it' s fortunate that I stayed instead of Ruan Yan. There is Ruan Yan who I don' t dare to imagine and he knows. He probably killed Ruan Yan on the spot."

"Ruan Yan agrees with you to help her carry this pot?" Jiang Qingxin asked.

"It's not that Ji Ziyuan stunned her and took her away." Lin Fanyue recalled the situation at the time, frowning and frowning. Yes, but I feel that Ruan Yan seems to hate Ji Ziyuan even more. Ruan Yan and Ning Xiaoxiao have known some

good friends since they were young."

"We also have Ning Xiaoxiao, and there are good friends, but we didn't do it for this hatred." Jiang Qingxin was a little bit ashamed, but also felt strange.

"Yeah." Lin Fanyue said sadly. "Since Xiaoxiao left, we didn't seem to be doing anything for her. You see, when Xiaoxiao was in jail, Huo Xu and Song Rong, they helped to get her in, although they I was deceived, but there are some facts. I think that if so, I'll carry it down. There is not only to protect Ruan Yanyou but also to give Xiaoxiao a sigh of disgust."

"Yes," Jiang Qingxin listened and felt very heavy. It's hard to have her now, happiness is there, but when I think of Xiaoxiao's happiness, it seems to be stolen.

Xiaoxiao and some of them feel regretful for a lifetime.

"Qing Qing has this matter, I only tell you that I hope you don't tell it. Even if Huo Xuyou knows something after all, the less the better." Lin Fanyue reminded.

"I won't say that when there is Song Rong, I might not let it go, but don't worry. I won't let you go to jail. Even if I contacted my mother, I asked her to ask the president to put pressure on her."

Lin Fanyue was pale, her lips moved. After moving, he faltered and said, "Song Qingrui said he would solve this matter."

Jiang Qingxin was surprised when he heard the words, and then cast a bit of ambiguity at her. Otherwise, he rushed to the police station in time if you were afraid of it now."

"My sister?" Lin Fanyue felt warmth in her heart. At that time, her whole body was painful, afraid and helpless. After the promising Song Qingrui appeared, she suddenly became scared at all, as if she had found a backer.

## Chapter 2026

"Sister? How old, kind of?" Jiang Qing was playful and joked, "Oh, it's a pity, if I slept with you, it would be better if he was the one who had his character, which is much better than Song Rong's. "

Lin Fanyue was stunned. She didn't quarrel with Song Qingrui, and there were two people who didn't quarrel with each other. And Song Qingrui was very careful and warm. It might be him.

Wait for what she is thinking.

When Song Qingrui was Song Rong, his younger brother shouldn't even think of such things.

"Don't talk nonsense, okay." Lin Fanyue quickly glared at Jiang Qingxin. "He is my god brother and Song Rongshi's cousin. The idea that you have you is absurd."

She said, too anxious and emotional. At the same time, there was a sharp pain in the chest and even some breathlessness.

"Okay, okay, have I just talked about being so excited?" Jiang Qing was busy comforting her, "I have been with you in the hospital these days and I asked Huo Xu to find out how Ning Lexia is doing."

After she went out, she looked around for a while before she saw Huo Xu standing at the top of the stairs making a call.

Seeing Jiang Qingxin came out, Huo Xu said, "Look at me and contact me at any time." After hanging up the phone, he said, "Qiao Yi just notified me that Ning Lexia was rescued in the hospital. The specific situation is unknown or it seems to be serious." "

Where is Song Rongshi?" Jiang Qing was worried and changed the subject.

"Waiting for Ning Lexia's rescue over there." After Huo Xu finished speaking, Jiang Qingxin was worried, frowning and quickly grabbing her. "You talk to Lin Fanyue, what happened? . " "

you have not asked for this matter is complicated when Yue do, you're not going to have it examined only thing we have to do, it is to not let the fan Yue jail. "he clenched ginger cordial, hand a face It's hard to hide his anger, "I hope that Song Rongshi's a little bit of humanity is because Fanyue gave birth to a child for him, so it's worth noting this matter."

"Don't worry, I will go to Mr. Song, they are all standing on Lin Fanyue's side, and everyone is putting pressure together, I don't believe Song Rongshi dare to fight against the entire Song family for a Ning Lexia." Huo Xu laughed. It said,

"Frankly speaking, if it is really Lin Fanyue, I have to admire her."

"Well, yes, go to Song's house. I have to stay here to take care of Fanyue. I haven't been there for a few days. Going back." Jiang Qingxin pushed him.

When I think of being unable to sleep with her arm around for so many days, Huo Xu feels unwilling to give up. "You should notify the Lin family, if someone needs to ask for a caregiver."

"The caregiver will please, but the Lin family, people don't need to notify You Wan. Aunt

Yilin and the others knew that Fanyue had her ribs broken when Song Rong was a parent, and they would definitely be worried." Jiang Qingxin sent Huo Xu into the car and returned to the ward when Song Qingrui had already returned and he was sitting on the bed. On the side, Lin Fanyue drank the porridge, and the porridge was very hot. Song Qingrui took the cold to feed every spoonful.

That scene made her feel strange.

She knocked on the door and smiled and said, "Do you want me to feed."

"You haven't left?" Song Qingrui was surprised.

Lin Fanyue swallowed the soft and soft porridge and hurriedly said, "Qing Qing, or you go back. Just now Qing Rui said to help me find a caregiver. After all, you have to take care of the children."

"It's okay. There are children for Huo Xu to watch. With me staying here, at least you won't be so boring." Jiang Qingxin smiled and walked over.

Song Qingrui thought for a while to give Jiang Qingxin the porridge. "

Fortunately, it is not too convenient when I am a man after all." Jiang Qingxin felt the bowl boiling hot, and the porridge looked a little more admired for Song Qingrui.

No matter what his thoughts are, Fanyue has not divorced now. If it is too close to a man or spread out, it will not be a good reputation for her. Song Qingrui does this, very good education.

"Fanyue has your peace of mind. I will take care of you if you have your body in the hospital." Song Qingrui turned her head and said softly, "I also arranged someone at the door to protect those who could not come in."

"Thank you."

He felt at ease when he thought of Lin Fanyue.

"You, I haven't had anything to do with my parents. I told them that I went back to the Presidential Palace and discussed with them. You don't have to worry about anything." Song Qingrui asked again before leaving.

**Chapter 2027**

Jiang Qingxin took the place where Song Qingrui was just sitting, and learned how to blow porridge, but when it was fed to the patient's mouth, Lin Fanyue yelled, "Qing Qing, it's hot, do you want to burn me to death."

Jiang Qing was embarrassed, "Song Qingrui just fed it hot?"

"People are blowing cold, okay."

" ... "

Okay, so she is not as careful as a man.

...

at the door of the rescue room.

Song Rongshi waited outside holding his head for two hours before finally seeing the doctor come out.

He rushed up quickly, "Doctor, how is the patient's condition?"

"Very bad, his face... was disfigured, and his tendons and hamstrings were broken. Due to excessive blood loss, the time was too long. After a long time, and all the wounds were infected, after our operation, although the muscles and veins were repaired, but...the nerve must be injured. It is hard to say whether we can walk in the future, as for the hands... After a few months of treatment, it is quite good to be able to barely eat afterwards." Remember the website [m.luoqiuxw](http://m.luoqiuxw).

After the doctor finished speaking, Song Rongshi staggered two steps before barely standing still. He recovered, pulled the doctor's collar and yelled, "What do you mean, you mean she will be paralyzed, maybe even She can't even use her hands. Then she won't be a useless person."

"Mr. Song, we really did our best. It would be pretty good to save her life." The doctor palpitated slightly when he yelled, but still hardened. Scalp said, "One more thing..."

Song Rongshi stared at him urgently.

"Patient... miscarriage." The doctor hesitated.

"Miscarriage?" Song Rongshi was stunned, "What are you talking about, how could she be pregnant."

"It's true. I should have only been pregnant for about half a month, but it may be because of too long in the dirty water, plus too much blood loss, excessive fright, and abortion. I still did not go to the hospital in time, and the body was damaged. I am afraid that in the future It's difficult to get pregnant."

"Half...half a month?"

Song Rongshi was ashamed.

Ning Lexia has been living in the apartment these days, and his people watched, she didn't go anywhere, and she was pregnant with her baby.

Could it be Song Tang's bodyguard?

No, half a month ago, he was drunk and stayed in the apartment for one night.

Could it be that night.....

impossible.

Song Rongshi's head almost burst.

He never thought about cheating in marriage, and why Ning Lexia didn't mention it to himself.

Could it be that she didn't want to destroy her marriage, so she didn't tell him?

Suddenly, Song Rongshi's guilt towards Ning Lexia reached its extreme.

If it is really because of this reason, if she can't conceive a child in the future, wouldn't she have to bear a lot of responsibility?

And she is likely to be paralyzed in the future, and her hands, if a person can only barely eat, it is impossible to go out to work.

Chapter 2028

He can't repay Qingning Lexia in this life.

Song Rongshi regretted, his eyes were red.

He didn't expect that Lin Fanyue would be so cruel. You Mingming looked good before. People could be so cruel to kidnap Ning Lexia and even cruel, and cut off her, limbs and veins.

It's vicious.

How could he marry such a vicious woman as his wife.

She even gave birth to herself, a child.

If he didn't see this scene with his own eyes, he couldn't believe it.

Even more painful is how he should face Ning Lexia.

After the doctor left, there was Song Tang, and Ren Li walked up to report, "Song Shaoyou, sorry, we wanted to follow you and ordered the young lady to go to the police station, but after you left, the young master Song Qingrui came over and he took the young lady. Take it away."

Song Rongshi pulled Ren Li's eyes as if he wanted to eat people. "You have so many people, and let him take them away. What can you do to feed you?"

Ren Li's lips moved thinly. In the end, he was very weak, saying, "The Song family of Qingrui also has his own president, and his son has us."

"But Song Tang's I can't control him." Song Rongshi yelled. "If you don't know about you, whoever of your master hasn't stayed in

Songtang, do you have to understand." Ren Li thought of Song Qingrui, and his irritability flashed, "Song Shaoyou, we can't have Qingrui Master." We are warned that Song Tang does not belong to you alone. Otherwise, Song Tang does not exist. It is necessary and I come back. Elder Song also called us on the way and told us not to touch Mrs. Young."

"They thought. Do I really want to move Lin Fanyue? Yes, if I can do it, I don't want to have Cole Xia. I have to give her an explanation." Song Rongshi was angry, and yelled, "Since they are all stopping me, then If you call the police and let the police solve all this, anyone who commits a crime has to be punished in accordance with the law."

"If you want to send yourself and your wife to jail, you can really do it and come out."

Zhong Lingwei's angry voice suddenly came from behind.

Song Rongshi looked back and saw that Zhong Lingwei and Song Junyue were coming together.

"Mom." Song Rongshi's eyes turned red in an instant. "I don't want to have it, but you haven't seen Le Xia being tortured. How miserable she is not only paralyzed, but also disfigured, but also miscarried. She can't be pregnant for a

lifetime. Don't take care of her if you are a fan."

"Pregnant?" Zhong Lingwei's whole body is not good. There is "you, kid?"

"I should be." Song Rongshi is also very confused now that there is "I" I drank too much that day."

"Pop."

Zhong Lingwei slapped his face hard and slapped him with anger. "Why did I give birth to you such a thing? Before you vowed, you knelt in front of us and said that she would send her out of the country and her innocence, and there will be results. There are even children. I can figure it out. Even if there is such a thing, I can't blame her for what Ning Lexia deserves."

"Mom, how can you say this kind of thing." Song Rongshi was holding her face with a chill. "I only learned that Le Xia was pregnant today. You Le Xia didn't want to tell me that she had her from the beginning to the end and never thought of ruining us. If we don't, this kind of thing happens in marriage. I'll send her out of the country if I'm interested in it next time."

Song Junyue's lips are pretty, and her face is full of irony. You can only be responsible for her when you are older or if your child is born, you can only be responsible for her. When Lin Fanyue knows about this, there is no chance that you will have any more."

"Your sister said, can you be sober?" There is a good woman who Ning Lexia

doesn't have at all." Zhong Lingwei almost begged her.

"Don't tell me anymore. You all have a prejudice against Le Xia." Song Rongshi didn't believe it at all. You, under the protection, you have the guts to be so rampant and vicious."

Zhong Lingwei was angry, her head turned black.

Chapter 2029

She suffered the most anger in her life, suffered from this son.

Song Junyue took her shoulders and turned her head, and said to Song Rongshi, "No matter how hard your wings are in Rongshi, don't try to do the right thing with the whole Song family. Doing this will have consequences. You should be very clear not for a Ning Le. There is nothing in Xia Nong that you may not care about, but think about Huo Xu's eyes on Ning Lexia now, or else, if you stared at him, he tore Ning Lexia long ago, you want it, even the backer of Song family is thorough If you are offended, what do you take to protect Ning Lexia?"

"After all, I, I have something in my own life, Lin Fanyue, you have it in my own life." Song Rongshi was pinched and furious with his weakness.

"The first Fanyue, Yueyue's grandfather who has a mother can't tolerate Song's great-grandson and mother is any taint. Second, your uncle is interesting," Song Junyue said coldly, "Don't always think about it." Ning Lexia is appropriate for your children to think about."

"Oh, I also want to think about Yueyue, Ke Lin Fanyue, who is a mother, think about children." Song Rongshi was furious, "I want to say it." She is not qualified to raise Yueyue women like her, who will only teach you to bad children. If I have family members, I should help me get the children back."

"Snatch it back?" Zhong Lingwei took a deep breath. "Are you sure you want to divorce her?"

"I don't want to go to today's city, she forced me to have it." After Song Rongshi finished speaking, there was a severe throat in her throat. "She is too vicious and unworthy of doing it. I have a wife."

Besides, in this situation, he is not divorced, but he faces Le Xia.

Zhong Lingwei couldn't say a word anymore.

Although she agreed that Lin Fanyue and Song Rong were divorced, there is always a glimmer of hope for a mother who wants her son to divorce.

What a pity. What a pity.

"I don't want to

care about you anymore." Zhong Lingwei was completely disappointed.

He who drove his son out of the house before, hoped that he would get

better.

But she discovered that her son had been poisoned by Ning Lexia, and the more she worried, the more it made things worse.

"Rongshi's listening to what I have to say ends here." Song Junyue warned that after she finished speaking, she helped Zhong Lingwei to leave.

Song Rongshi, who had just walked with their front feet, hit the wall with a heavy punch and made a heavy noise.

Light luxury, the light breeze in the bedroom blows elegant patterns and heavy curtains.

When Ruan Yan opened his eyes, the whole neck and head were painful.

She had her brain emptied for a full minute before she went into a coma and remembered everything.

She should have something in that factory. How could she have come here?

This, where?

It was only after Ruan Yanmen sat up that he realized that he had clothes on his body and changed to a clean red pajamas.

Who will give her a replacement?

Where is Ning Lexia?

Chapter 2030 Where's

Lin Fanyue?

Too many are doubts.

She didn't care about so many rushing out the door barefoot without even having time to find slippers.

"Click" the

door suddenly opened from the outside.

The light gray that Ji Ziyuan came in from the outside was a shirt with a pair of black slacks. His figure was tall and straight. His face was as beautiful and delicate as flowing water.

There was a serving of milk and a sandwich on the plate with a dinner plate in his hand, and the gestures of light and elegance exuded the extravagance.

"You?" Ruan Yan understood everything for a moment. "Where did you bring me here? Fanyue?"

" Have some breakfast." Ji Ziyuan put the dinner plate next to the TV cabinet.

Ruan Yan excitedly grabbed his eyes with excitement. "She, no, you stayed there."

"She voluntarily stayed. Yes, you have a good sister." Ji Ziyuan stared at being caught by her. The fold is the light tone of the clothes. "You should be thankful to me or else, I am afraid that you who I encouraged her to pass are no longer in the world."

"I am a scumbag. I don't need you to take care of kidnapping Ning Lexia from me. At that time, I didn't plan to die, you shouldn't drag Fanyue into the water." Ruan Yan hated Ji Ziyuan when he turned around and forgot to charge.

"Where?" Ji Ziyuan grabbed her by the arm. "You don't want to go to Song Rongshi. Don't worry, Lin Fanyue's Song family was not arrested. There is no way to save her Song Rongshi. "

Ruan Yan froze turned and looked at him in this," she now came after people where you see the Song Yung Yue Ning Xia injured in that way, he did not hurt fan Yue? " "

you Nguyen Yen Obviously smart and calm, why can't you think of not doing such a ridiculous thing?" Ji Ziyuan raised his eyebrows deeply because his pupils were full of inquiry.

"So Song Rongshi really hurt Fanyue?" Ruan Yan quickly grasped that there was another meaning in his words.

Ji Ziyuan pursed her thin lips and said, "She only, Song Qingrui, who was

kicked by Song Rongshi, sent her to the hospital. She has a rib injured. She is currently being treated in the hospital. . " "

it did not, it is best outcome you why should she dragged her, unexpected calamities. "Yen Nguyen all eyes, redness of the past and is calm as if she did not have any relationship of her like a It's a little beast about to run away.

"You of Ji Ziyuan are just taking care of your business."

Ji Ziyuan sneered.

The arm pulled her slightly hard.

For a moment, I really wanted to tear this woman up.

"Ruan Yan, don't you know the good or bad Lin Fanyue. Song Rongshi was his wife and gave birth to him. But when you see Ning Lexia's injury to the city, he wants to send her to the police station. If he knew that you were afraid of you, he was killed on the spot."

He was cruel to tell the truth. "There is also you who I reminded you. Our company is a contracted artist with more than a dozen advertisements on your body. There are also two TV series and one movie to be filmed. Once you have something wrong, you will have to bear the responsibility of breach of contract for 700 or 800 million. You are dead. If you are dead, do you want to force your mother to death."

Mom.

Then, Ruan Yan is the biological mother.

But no, she is.

But in any case, this body of the body, Ruan's mother was born.

Ruan Yan was finally in a daze. She admitted that she was impulsive.

## Chapter 2031 But

she is saddled with hatred of others. When she learned that Cen Jing died, she had lost her composure.

Even, she felt that she had the only meaning of revenge when she was alive.

She occupies more body than other people, and lives too boring.

Ruan Yan's eyes gradually turned red and painful.

Tears hung in the eyes, but they did not fall out.

It was the first time that Ji Ziyuan saw her look like a small stone thrown in in his heart, splashing layers of ripples.

He stretched out his hand, trying to hug her.

Ruan Yan took a step back and pushed him away, "Ji Ziyuan, there was something yesterday, thank you for helping me conceal it, but just thank you, because the sacrifices made for me are complicated, so it is impossible for me to be moved by you. "

Ji Ziyuan looked at her coldly, "Ruan Yan, do you want to be so realistic."

"Reality has you."

Ruan Yan looked at him with calm eyes, he was very good-looking, and he was always so outstanding. But she will never be able to feel for him, even if she is so cool that she is grateful. In my heart, I don't deserve a little loss for you, so you take Fanyue off the water. In this way, Ji Shao can help me again, and I can't get any water. You and Song Rongshi are still good brothers. , And you, you can leave a good name that saved me, how nice it sounds."

"Ruan Yan, do you know what I like about you." Ji Ziyuan was very uncomfortable being stared at by her, and she understood everything. He sees no other women with his usual gaze.

But today, it was replaced by a woman who saw him through, which made him quite unhappy.

Ji Ziyuan stretched out his hand to pinch Ruan Yan's chin, "I like you to be smart and calm, but I also hate you to be smart and calm. You said it was good. I haven't slept with you yet. I don't want you to die, but let me help you and Song Rong. It's time to fall out, you don't have that weight yet."

"Thank you for being so frank."

Ruan Yan pushed away his hand and nodded openly. "So I said thank you, but if there are too many, it will be nothing. Thank you Ji Shaoyou for your help. I will help you in the future. To make more money, I have to go to the hospital to visit Fanyue today."

Ji Ziyuan didn't stop him, but followed her behind her leisurely, with a playful

tone, "Are you sure you want to dress like this and go out, what you want was photographed by reporters." , Do you know if there is a hot search in the day if the red star is out of the boss' s apartment."

"A person who originally saved his life will care about these hot searches?"

Ruan Yan calmly retorted and walked to At the door, you need to change your shoes, but she found that she didn't wear any shoes at all.

After hesitating for a few seconds, she had no choice but to leave in slippers.

"Stop, I have slippers on your feet." Ji Ziyuan lazily reminded.

Ruan Yan threw the slippers out without hesitation and walked barefoot.

Ji Ziyuan tugged at her clothes and pointed, "I'm sorry, the clothes you wore before were too dirty, I threw them away, and now I have pajamas too."

Ruan Yan hates him and can't walk naked.

She stopped and stared at the man in front of her, "How much is a pajama, can I give you ten times more money when I go back."

"I don't want you to be rich, for me, I don't need money." Ji Ziyuan I took a box of cigarettes on the shoe cabinet, pulled out one, and bit it in my mouth, "I didn't sleep all night for you last night. No matter what you say, I am realistic.

The fact that I helped you last night, you can't deny this. Right."

"

Ruan Yan said with a cold face, waiting for him to continue.

## Chapter 2032

Ji Ziyuan smiled, suddenly came to her ear, and said badly, "Ruan Yan, you wanted to send your subordinates abroad, I haven't told you yet, they couldn't. Going abroad."

Ruan Yan suddenly raised his head, beautiful and clean eyes, staring at him in shock and ferociously, "What did you do?"

"I didn't do anything. I just stopped their visa, but I knew the name and ID. Now they can't leave the country. You know that if they stay in the country, if you say it's unsafe, there must be, but safety is just a matter of my word."

Ji Ziyuan covered his hand and lit the cigarette in his mouth. He always That's it, with cruel words in his mouth, but a gentle smile appeared on the handsome face, just like a handsome young man.

What he did was completely out of touch with the gentleman.

Ruan Yan understood in an instant.

Her right hand was trembling angrily, wishing she could slap his face with a palm.

"Want to hit me?" Ji Ziyuan raised his eyebrows, "Yes, but consider the consequences."

Ruan Yan sneered, "What is a praying mantis catching cicadas? I understand what the oriole is behind. Shao Ji is amazing. One night. I, Fanyue, Song Rongshi, Ning Lexia, I' m afraid they have all become the chess pieces in your hand. In the end, you are the big winner. You are too good at calculating. People like you are destined to die. Lonely, no one will fall in love with you, because you are too cold-blooded."

"It doesn't matter, I don't need love, I just have to get you." Ji Ziyuan sneered nonchalantly.

Ruan Yan's "Oh" chuckled, with endless hatred in his eyes, "You look up to me too much. My body is no different from the women you have been in contact with in the past. I have, they have, or are they? season less obsessed with that of two friends who are jointly serve your taste, but unfortunately did not live Xiaoxiao, or else the two of us occasionally accompany you is not it, for it season less, it must be quite wonderful. "

inverse The scales were uncovered again.

Ji Ziyuan's eyes flashed with a cold shadow.

But after only a while, he shrugged indifferently, "Don't irritate me, it's useless. When I make a decision, I have already decided. Ji Ziyuan has lived so selfishly and casually all my life, even if I die. It doesn't matter if you go down to eighteen layers of hell." After a

pause, he gently touched her smooth little face, "It's you, through this incident, that exposed your weaknesses, Ruan Yan, I threaten you. Use, I can see that you are not even afraid of death, but before the accident, you still arranged those subordinates well, indicating that you still care about them, anyway, you choose yourself. If you want to save them, just be my woman. I don't want to save them, I can only hand them over. Let's not talk about the kidnapping of Ning Lexia. I'm afraid they will commit crimes after you follow you. If you find out, I'm afraid you will not be able to save your life."

Ruan Yan looked up at his picture. Nice and pretty face.

At that moment, she really wished to stab him to death.

But Ji Ziyuan is not Ning Lexia, she doesn't have that ability.

She felt that Ji Ziyuan was like a demon, whether it was when she was alive with Ning Xiaoxiao's body or the body of Ruan Yan now.

In the end, what did she do in her last life that hurts her senses, and she will only meet this man again and again in this life.

"You decide for yourself, I'm hungry, but for you, I haven't eaten breakfast."

Ji Ziyuan sat down on the dining chair slowly, and there was an exquisite breakfast on the table with a bit of warmth.

He cut open the poached egg with a knife and fork.

Ruan Yan took a deep breath, closed his eyes, and when he opened it again, the inside was as calm as stagnant water.

She walked up to him and asked sadly: "How long will it take to be your woman."

"Until I get tired." Ji Ziyuan held her hand and pulled it to his legs, his arms lightly encircled her. , The magnetic voice spit out was like a lover's most intimate whisper, "Come on, eat an egg, I fried it, it tastes good."

Ruan Yan looked at the egg whites on the fork in his hand. After two seconds of silence, she lowered her head and ate with his spoon.

Ji Ziyuan stared at the back of her neck that was exposed when she bends down. It was thin and white, like a swan neck.

He can't remember how long he hasn't been so careful to appreciate a woman.

## Chapter 2033

"Good."

Ji Ziyuan lifted her chin gently, leaned in and kissed.

Ruan Yan resisted subconsciously.

"Forgot what I said again." Ji Ziyuan took a bite of her and stared at him. The long eyelashes of the two were almost entangled.

Ruan Yan was full of sadness, and finally accepted his fate by opening his lips slightly.

There are still unfinished eggs in her lips. Ji Ziyuan would be extremely disgusted when she replaced them, but today she thinks the eggs are extremely delicious.

His kiss was like a broken bamboo, as if to break her into the bone.

Ruan Yan couldn't bear to avoid it until his kiss fell on her neck, "I didn't rest well last night, I was very tired."

" Okay , let you rest for two days." Ji Ziyuan was not in a hurry, stroking her long hair. .

"I want to go to the hospital to visit Fanyue in the afternoon. Anyway, I need to say thank you." Ruan Yan lowered his head and spoke with no energy, as if confessing his fate.

"OK, I'll accompany you." Ji Ziyuan nodded.

"Farewell, can you give me a little decent." Ruan Yan's tone was full of depression, "Being your woman is not a glorious thing in their eyes. Isn't your main purpose to sleep with me? Purpose Just reach it, do you still need to step on my dignity on the floor."

"Ruan Ruan, you shouldn't think that way, do you know how many people in your business want to be my women?" Ji Ziyuan bowed his head , Changed his name, and thought he was talking to a loved one without knowing it.

But Ruan Yan was numb long ago, and he wouldn't be throbbing.

No one knows Ji Ziyuan better than her. He is like this. When he wants to get someone, he will be gentle like a prince, as if the whole world only loves her.

When you are tired, you will be as cold as a devil.

"But I'm not them." Ruan Yan raised his head and stared at him, a pair of dark eyes reflecting his gentle appearance.

Ji Ziyuan stared at her in a trance, as if returning to his youth.

At that time, he was also very close to a certain woman.

From her eyes, she can also see herself.

Later, later.

His heart was suddenly hot and pinched, and the whole person suddenly kissed her eyes out of control, and then to her thin lips.

After a long time, he said "OK".

In the afternoon, the agent Zhao Hong came to the duplex.

After ringing the doorbell, Ji Ziyuan opened the door.

She came in carrying her clothes, and when she saw Ruan Yan in her pajamas sitting on the sofa eating, her mood was very complicated.

"Sister Zhao, you can be regarded as sending clothes." Ruan Yan got up and took the clothes and went upstairs to change them.

[]

Chapter 2034

"Ji Shao." Zhao Hong looked at Ji Ziyuan at a loss, "You and Ruan Yan."

"That's what you see, she will often come to live with me in the future and buy her some The clothes are delivered, and her schedule should not be too tight or too far away. The woman I don't want is too busy, understand." Ji Ziyuan simply arranged.

"I understand."

Zhao Hong has been rolling in the circle for more than ten years.

When Ruan Yan got dressed and was about to leave, Ji Ziyuan suddenly grabbed her arm and nodded his thin lips.

That appearance made Zhao Hong quickly put aside his face, but his heart was shocked.

Although she is not familiar with Ji Ziyuan, she has also heard other agents mention that Ji Ziyuan has always been cold and indifferent to women. Even before she was engaged to Tang Qin and occasionally company parties, she was cold and indifferent to Tang Qin, let alone. Said to let a woman take the initiative to kiss him.

Ruan Yan didn't think so much, but numbly kissed Ji Ziyuan's mouth and left.

After getting into the nanny car, Zhao Hong breathed a sigh of relief, "Ruan Ruan, people like Ji Shao, which woman you want, really is not something we people can stop, but let me remind you, don't be like you did with Pei Mochen

before. Stuck in your own heart."

Pei Mochen hasn't heard the name for a long time.

Ruan Yan lost consciousness for a while.

Zhao Hong said: "The most difficult thing for a woman is love. When Pei Mochen got engaged, I saw your whole body collapsed, and I didn't expect you to commit suicide, so I hope you don't make the same mistake. Repeatedly, Ji Ziyuan is a more attractive man than Pei Mochen. You see that many teenage stars in the entertainment industry have broken his heart for him, but such a man is not something that everyone can dream of. A man's love is only temporary. There are so many in the entertainment circle."

"Sister Zhao, don't worry, my heart will never beat for anyone again." Ruan Yan smiled sincerely. Zhao Hong can tell her this for her good.

"That's good, you might as well take advantage of your time with Ji Shao and get more resources."

Ruan Yan shrank absently in the seat.

resource?

She didn't think so much anymore.

Her life should have ended yesterday.

To be alive now seems to be alive too.

Ning Lexia was not dead, and she was threatened by Ji Ziyuan again.

There was a wave of hatred and hatred hidden deep in my heart, yet so helpless.

She actually didn't want to live at all, it was too unhappy to live.

After arriving at the military area hospital, she brought things up and found the ward where Lin Fanyue lived.

[]

## Chapter 2035

Lin Fanyue just woke up from a nap and couldn't move, so she could only watch TV with Jiang Qingxin.

Seeing Ruan Yan coming, she was surprised and delighted, "Ruan Yan, you are fine."

Ruan Yan stared at the bandage fixed on her chest, feeling mixed, "I heard Ji Ziyuan say that your rib was broken. "

Small things, the doctor said it would be fine after a while." Lin Fanyue said with a grin, "Qing Qing and I were talking about you just now. Thank you so

much. You helped us out. It's been a long time since Ning Lexia was not pleasing to

the eyes. " Ruan Yan was uncomfortable with the internal organs pierced by her smile. She turned her head again and met Jiang Qingxin's probing and suspicious eyes.

"Ruan Ruan, it turns out that you are also Xiaoxiao's friend and I have never heard you mention it." Jiang Qingxin bent down and poured her a cup of hot tea, "Sit down, I hope the three of us can have a good chat."

"It's nothing good. It's just that Xiaoxiao and I knew each other since we were young. Before she entered the Ning's house, I knew Aunt Cen." Ruan Yan took the tea cup and let the temperature iron her cold heart. After what Yue said, I was very angry. I was actually too impulsive."

"You are not an impulsive person." Jiang Qing's eyes were calm, and she thought a lot. Revenge is even surviving.

What's more, Ruan Yan spared no more than his life, but also the honor and status of working hard in the entertainment circle.

And when I played with Ning Xiaoxiao before, I didn't seem to have heard Xiaoxiao talk about Ruan Yan.

Ruan Yan was bitter in her heart. She knew Jiang Qingxin was suspicious, but

she could never tell them that her soul was Ning Xiaoxiao.

"Maybe you think of me too well, Xiaoxiao and I have a very good relationship, really good."

Ruan Yan said with difficulty, "Everyone has their own secrets. You just need to understand that everything I do is for Xiaoxiao and Aunt Cen. I want to do something for them, Fanyue. I also thank you very much. I thought about implicating you in me."

"Stop talking, I think what I did was right."

Lin Fanyue interrupted her, "When Xiaoxiao's accident happened, I and Qingqin were too weak, we I couldn't do anything, I could only watch her being sentenced. I also promised Aunt Cen Jing that I would wash Xiaoxiao's grievances. Later, her grievances were washed away, but the people were gone, and we all blamed ourselves. We also want to avenge Xiaoxiao's family, but we don't have the courage that you have in you. We all thank you for doing what we want to do but dare not do."

"I think, if Xiaoxiao is still alive, she will be very grateful to you. "

Ruan Yan eyes slightly flushed, but smiled," she certainly does not want you to take revenge for her, she may wish you had more good. " "

Xiaoxiao certainly hope you do not order Help her get revenge and take her own life in."

Jiang Qingxin held her hand, "Ruan Ruan, you rarely tell us about you, but I see a lot of sadness and indifference in your eyes. We are powerless to help you, but in the future, we will cherish our own life. Life is only once. We should not abuse Ning Lexia's hatred. We can take it slowly. What I hope is that we can find evidence and tie her up. Use the law to let the outside world know her sins, and no one can help her."

"That's right, you killed her, but you have to pay for it with your own life. It's not worth it. We can save others." And die, but why die for a bitch?"

Lin Fanyue also exclaimed angrily, "Look, Ning Lexia ruined my marriage, robbed my husband, and let my child lose his father. Even Song Rongshi kicked me to the bone for the woman, but I still have hope of living. I always think, I can't feel sorry for Ning Lexia, it's not worth it, I want to live better."

"You It deserves better." Ruan Yan felt a pain for her.

She understands the feeling of being abused by someone she loves, "By the way, what will happen to Song Rongshi after this incident?"

"Don't worry, the Song family will stand by my side. Song Rongshi will not call the police. "That's right." Lin Fanyue's eyebrows curled up with a hard smile, "This incident has passed."

Chapter 2036 is

over.

Has it really passed?

No, some things just started again.

For example, she and Ji Ziyuan, such as Lin Fanyue and Song Rongshi.

Ruan Yan's eyes were complicated, "Fan Yue, Ning Lexia is seriously injured. I guess she will be quadriplegic in the future. You and Song Rongshi must be sure."

"That's better. I wanted to divorce him a long time ago." Lin Fan Yue laughed nonchalantly, "When I get divorced, I will invite you to dinner after I get better."

"Let's leave, I support you." Jiang Qingxin couldn't stand the scumbag of Song Rong for a moment.

"Fan Yue, if you are so good, you will definitely meet better ones." Ruan Yan secretly sighed, anyone with a discerning eye could see that Lin Fanyue was much better than Ning Lexia, but Song Rongshi didn't know how to cherish it.

When Ruan Yan left, Jiang Qingxin sent her downstairs.

Lin Fanyue was sitting in the ward alone, tears could not help falling.

She erased it quickly.

Are you sad? It must be sad.

She even felt that her life was too miserable. First she was betrayed by Jiang Peiyuan and then Song Rongshi. This time she was even more miserable. She deceived her body, deceived the marriage, and even the child was deceived.

She and Song Rongshi actually fell in love for a short time. If you want to talk about how deep the love is, you definitely can't compare with Jiang Pei.

But she gave Song Rongshi even greater hope. She hoped that the two of them could give their children a happy home.

Ning Lexia's appearance made her unwilling.

Why, what's wrong with her?

But when Song Rongshi kicked over, not only her ribs, but her heart was broken.

She thought, a man is really a terrible creature.

When it's good, it's as if you can dig your heart out, and when it's bad, it's as if every minute can kill you.

She was afraid, because she was afraid of Song Rong.

In the evening, she was really worried about the child and sent a video to Aunt Liu.

"Aunt

Liu, Yueyue is here ." "Master is playing with her." Aunt Liu took the camera of her phone and pointed at the toy room. Song Qingrui and Yueyue had a great time playing.

Although Yueyue could not move, she giggled as she was teased by Song Qingrui.

Lin Fanyue's heart was instantly cute, she couldn't wait to put on her wings and fly to Yueyue right away.

Song Qingrui took over Aunt Liu's phone, her narrow eyes were bright and gentle, "You can get well in the hospital, Yueyue is fine, she likes me now and doesn't miss you at all, right, Yueyue."

He squeezed. Squeezing Yueyue's small face, Yueyue's big eyes flickered, and two dimples appeared at the corners of her mouth, as if she agreed with what she said.

"Yueyue, you little conscience." Lin Fanyue was a little relieved, and sad, "but Yueyue usually relies on me at night, she might be quite noisy

at night ." "I take her to sleep at night ." ." Song Qingrui said with a package ticket, "absolutely no problem."

"You think too simple, it is a troublesome thing to take her to sleep, she will get up to drink milk at night."

## Chapter 2037

"I will feed it, this is just a small matter."

Listening to his determined eyes, Lin Fanyue hummed, "You'll know when it dawns, but if you didn't sleep well, what should you do if you go to work tomorrow?"

"Tomorrow my mother said she would help Aunt Liu to take care of her together, and auntie and she will also come over tomorrow."

The aunt he said was Zhong Lingwei. Although he had completely fallen out with Song Rongshi, Zhong Lingwei was still Yueyue's grandmother. .

Lin Fanyue pondered for a while, and said, "Qingrui, don't let Aunt Zhong take the child back to Song's house at this time. I'm not worried about Aunt Zhong. They are all people who keep their promises, but I'm afraid of going through this incident. Song Rongshi would think that I was vicious, thinking that I was not worthy to be Yueyue's mother, and it would be troublesome to snatch the baby from me

. " "

Fanyue ." Song Qingrui suddenly spoke, frowned Qingjun's brows, and stopped talking, "Some I think I need to tell you that Ning Lexia has been rescued. The doctor said that her legs must be abolished. As for two years of treatment with both hands, she should be able to barely eat a meal, but it is definitely impossible to go out to work. Now, Brother Rongshi is very guilty in the hospital."

"He was guilty before." Lin Fanyue said coolly, "I guess he will be more guilty in the future, maybe he will marry her."

Others may despise Ning Lexia, But Song Rongshi doesn't. Song Rongshi is very stubborn.

"One more thing." Song Qingrui whispered, "When the doctor rescued Ning Lexia, she found that she had a miscarriage last night. She was wounded and shed a lot of blood. It will be difficult to get pregnant again. The child is said to be pregnant. It's only about half a month."

Lin

Fanyue was stunned , the whole portrait was struck by lightning. After a long time, she asked, "The child is from Song Rongshi?" "It should be." Song Qingrui guessed. "After all, Brother Rongshi didn't get angry after knowing it, and he kept his guard tighter."

Lin Fanyue forgot to speak.

At that moment, her throat was overwhelmed and she was disgusting.

How long had she been separated from Song Rongshi, Ning Lexia suspected it for more than half a month.

Last time he kept saying that he hadn't touched Ning Lexia, just sympathized with her and felt guilty for her.

It is absolutely impossible for him and Ning Lexia.

Now there are even children.

Well, her marriage is even more ridiculous.

Fortunately, she didn't believe Song Rongshi's words. Fortunately, she was determined to divorce.

Song Qingrui knew that she felt uncomfortable, but she still said, "Take Rongshi brother as a person. At this time, he believes that you destroyed Ning Lexia, and you destroyed the child by your own hands. He will definitely become more and more ashamed. Ning Lexia, maybe she will marry her. Ning Lexia like this, she will definitely find ways to retaliate against you. She can't use her child to coax Song Rongshi, but she might encourage Song Rongshi. Come grab your child."

Lin Fanyue squatted fiercely in her heart.

She didn't expect that Song Qingrui's words made her realize that this is really possible.

She was a little panicked, even her voice became choked, "Qingrui, I'll go back to the presidential palace to recover from my injury, Yueyue is my life, I can't live without her."

"Don't panic, I just talk to You say my speculation, I will help you protect Yueyue, and I will definitely not be snatched away." Song Qingrui softly comforted, "My parents and I were also given eye drops in this matter. Everyone is smart. People, it's safest for a child to stay with you."

"Qingrui, thank you, I really don't know what to do without you." Lin Fanyue wiped her tears at a loss, she said. It's true, if it weren't for Song Qingrui, she would have been defeated.

"Fan Yue, I'm telling you this. I don't want to make you uneasy. I guess Song Rong might come to negotiate with you so that you can be mentally prepared at any time."

Song Qingrui calmed down, "Go to bed early, don't I have been thinking about it, all conspiracies and tricks are impossible to succeed with me."

"Yeah." Lin Fanyue burst into laughter.

After putting down the phone, she was still a little absent-minded.
