

TPOL chapter 1406

<p>Under the effect of thunder and lightning, that little bit of mental power that Grant Xenos had on Alex became almost negligible, and soon, he had lost the hold it had on Alex and was shaken off!</p>

<p>“D*mn!” Grant was flustered and exasperated. He had thrown away his mask and even showed his true face.</p>

<p>He thought that he would be able to catch Alex in these desperate situations, but he didn’t expect Alex to have this kind of ability.</p>

<p>While he was floating on the surface of the sea and regretting his choices, a loud ‘boom’ came from the front of him. It was extremely shocking, and it sounded as though Alex’s sword that was flying had hit something in the sea.</p>

<p>He hurriedly gave chase. It was an island!</p>

<p>The dark surface of the night sea, coupled with the flashes from the thunder and lightning, the waves were soaring into the skies.</p>

<p>Alex had accidentally knocked into an island. And he had broken the small island.</p>

<p>He and Phoebe were soaked to the bones and embarrassed to the core as they fell into the sea.</p>

<p>It was at this moment that Grant arrived.</p>

<p>Alex roared. “Grant Xenos, as Lord Commander of Department Six, you have actually done such a shameless thing. Are you seriously that shameless?!”</p>

<p>Grant said, “I gave you a chance, but you didn’t cherish it. When you die, who else will know that it was I, Grant Xenos, who did it? It’s fine if you don’t want to give me the Holy Book, I’ll drag it out of your dead body. Die!”</p>

<p>Boom, boom, boom!</p>

<p>The two fought on the surface of the sea. They didn't even notice that in the center of the storm, occasional lightning would strike.</p>

<p>At the moment when lightning struck, a strange image appeared beside it... It looked like an illusionary island that was broken, incredibly unreal as if it was just the corner of a painting. However, on the island, there was an incomplete palace building.</p>

<p>Clang!</p>

<p>The Lord Commander was seriously shameless.</p>

<p>Such a big shot had made a move against Phoebe, which forced Alex to save her. For that reason, Alex suffered a considerable loss and was assaulted repeatedly. If it weren't for the Ultimate Book of Medicine that seemed to go against the law of nature and heal his injuries quickly, he definitely would have fallen from the blows he received.</p>

<p>This time, Alex blocked the attacks with the Seven Blades of Death.</p>

<p>However, the strong impact from the blow knocked Alex and Phoebe backward, flinging them into the air. At this moment, a flash of lightning happened to strike down.</p>

<p>The picture of the torn island appeared again.</p>

<p>At this moment, Grant was facing it, and he saw it clearly. He was stunned... Then, he saw personally how Alex seemed to have passed through a certain portal in space and entered the illusionary looking island.</p>

<p>"This..?"</p>

<p>Without any hesitation, he rushed in after them. Almost just before the painting like image disappeared, he plowed into it.</p>

<p>The scene had just been the raging seas and torrential rains with violent winds, but at this moment, it suddenly changed into a large, lush bamboo forest. Although it was still night, the wind blew gently, and the bamboo leaves swayed with it softly. It was as though they

had stepped into a different world suddenly, and it made people feel mystified.</p>

<p>“A force field?” Grant had seen many things in his life, but he was still surprised.</p>

<p>The important thing here was that this force field was hidden in the depths of the sea, which was incredible by itself.</p>

<p>‘Could it be that this island and the palace in front were all within the same force field?’</p>

<p>At the same time, he looked at Alex, who had fainted but was still holding Phoebe tightly in his arms. “Hmph, what an infatuated idiot! You’re the same as your father. Otherwise, I wouldn’t be this helpless when dealing with you!”</p>

<p>Grant walked over and kicked Phoebe away.</p>

<p>Then, he was about to search Alex’s body when a lazy, ethereal voice said, “You kicked me and hurt me.”</p>

<p>Grant raised his head and looked at Phoebe. He sneered coldly, “What about it?”</p>

<p>Phoebe looked at Alex, who had passed out, then said to Grant, “Surrender, and I might consider sparing your life!”</p>

Chapter 1407

<p>“Surrender?”</p>

<p>Grant Xenos wondered if there was something wrong with his hearing. This trash like weak woman that had been unconscious from the beginning, who had been relying on Alex to rescue and survive up to this point, was telling him to surrender. Now, wasn’t this a funny thing?</p>

<p>However, what made it more laughable was when Phoebe had said those words, she had said it like it was the most natural thing in the world.</p>

<p>Grant stopped searching Alex and faced Phoebe with a strange smile as he said, “Miss Larsen, you seem to have a lot of confidence. Where does it come from, I wonder? Even if your father were here, he would also kneel and bow his head once he sees my face and how angry it is. And you, you’re asking me to surrender?”</p>

<p>Phoebe?</p>

<p>Ah, the person who was talking obviously was not the real Phoebe, but Yuno.</p>

<p>She merely spared a glance at Grant, then looked at the island they were on. Especially the palace a few kilometers away that stood quietly in the dark. She saw something unusual, and for a moment, she smiled satisfactorily.</p>

<p>Faced with Grant’s question, Yuno replied, “Yes, that’s right. Actually, a person like you, even if you were kneeling in front of me last time, I wouldn’t even spare you a glance because you’re just too weak, and you’re trash. My patience is limited. I’ll give you ten breaths of time to consider. Surrender means you kneel. If you’re not willing to, then die!”</p>

<p>Grant couldn’t believe that such words actually came out of Phoebe’s mouth.</p>

<p>“I don’t even need to think about it! For Wayne Larsen to give birth to a child who’s mentally disabled, I will take on this difficult job and deal with you on his behalf!”</p>

<p>As Grant said that, he rushed toward Phoebe. He raised his hand, and the Three Return Zeal was up. Then, he slammed it down, aiming at Phoebe’s head.</p>

Faced with such a deathly crisis, a force that could move mountains and overturn seas, not a single hint of fear was on Phoebe's face, and she merely put up a finger.

However, Grant's face changed as soon as she put up that finger.

The space in front of him suddenly felt like it had shackled him down. His Three Return Zeal seemed to have frozen, and he couldn't make a single move forward. Even his body was stiffly frozen.

He saw endless mysterious runes bursting from Phoebe's outstretched finger. In his eyes, it looked like a starry sky.

"No, no!" He could feel the threat of death looming over him.

Having lived such a long time, he had never felt such fear or helplessness.

'This woman! Was she a god?!'

However, she was Wayne Larsen's daughter. How could she have such strong powers?

"What now? Are you willing to surrender?" Yuno asked in a light and calm voice.

"I... I surrender!" The usually dignified Lord Commander went down on his knees with a 'thud'. It wasn't like he was sincere in surrendering, but the pressure from Yuno's fingertips was so great that he felt as though he was suffocating, as though an entire mountain had been pressed down on his being.

His honest thoughts were, 'F*cking d*mnit! How dare this little b*tch have me surrender? Just wait, I'll give in today, but I will let you know eventually what it means to have offended me!'

Grant was the Lord Commander of Department Six, and he was as strong as a master at Martial Honor rank. Why would he kneel like this to anyone?

However, Yuno seemed to have some insight into his inner thoughts and calmly said, "You seem unsatisfied."

<p>Grant's heart shook at that, and he hurriedly said, "No, I wouldn't dare."</p>

<p>Yuno shook her head gently. "It's no issue. As long as you give in at this moment, I'm not afraid of the backlash from you later on."</p>

<p>She thought about it for a bit, then tapped on Alex's eyebrow.

Soon, Alex woke up.</p>

<p>The moment he woke up, he saw Phoebe kneeling in front of him, and Grant, that old b*stard was also in front of him. The first reaction he had was to grab Phoebe by the waist and pull her close to him, violently retreating to the side.</p>

<p>After retreating for about hundreds of meters, he found that Grant did not chase after them, and he finally stopped. "Phoebe, are you alright? When did you wake up? Huh, where are we? Aren't we supposed to be at sea?"</p>

<p>Finally, Phoebe let out a cold snort and said, "Unhand me!"</p>

</div>

Chapter 1408

<p>"Huh? What do you mean, unhand you?"</p>

<p>"I'm asking you to release your hands!" Yuno's tone had significantly fluctuated, and there was also a tremor in it</p>

<p>Alex was stunned, only to realize that his left hand was in an indecent place. In a hurry just now, he had grabbed Phoebe's breast. No wonder the sensation under his palm had felt different.</p>

<p>"Oh, I'm sorry!"</p>

<p>Alex hurriedly took his hands off her.</p>

<p>And then, Yuno said, "I'm not Phoebe."</p>

<p>Now, Alex was even more embarrassed. Yuno had come out, and he hurriedly said, “Ah, Senior Yuno. Um, what happened? Just now, I was knocked unconscious... It was Senior Yuno who saved me.”</p>

<p>Yuno said, “You’re just too weak right now! I don’t feel assured asking you to protect my body!”</p>

<p>“...That... Why is Grant, he... Why is he kneeling on the ground?”</p>

<p>“I got him to surrender!”</p>

<p>“Senior, that’s great!”</p>

<p>This was not flattery; it really was how Alex felt.</p>

<p>This Lord Commander was really someone that was difficult to handle once entangled with, and he had knocked out Alex at the end. If Yuno hadn’t rescued him, he would have been at Grant’s mercy.</p>

<p>“Have this guy be your servant from now on. At this stage, he still has some uses,” Yuno said.</p>

<p>Alex shook his head. “I’m afraid he won’t agree to that. Even if he somehow reluctantly agrees, I would still have to worry about him turning traitor, and I dare not use such a servant.”</p>

<p>“Don’t you know that there’s such a thing called Soul Contract in this world?”</p>

<p>Alex was taken aback. Then, a realization came to him. According to the Ultimate Book of Medicine, a Soul Contract was a contract used to restrain others. Once the person who had been restrained had the desire to kill the contract owner, the contract owner would feel it immediately, and with just a single thought, the contract owner would be able to control the life and death of the one restrained. It was very oppressive and domineering!</p>

<p>However, a Soul Contract was not an easy thing.</p>

<p>It had considerable high requirements of the spiritual consciousness that were required from the caster.</p>

<p>For example, Alex was now only at the rank of Divine Transcendence, and he had just manifested his spiritual consciousness. If he wanted to use the Soul Contract technique, it was equivalent to an idiot daydreaming.</p>

<p>“Senior Yunuo, I’m just at Divine Transcendence rank!”</p>

<p>“I know. That’s why I will help you!”</p>

<p>***</p>

<p>At the same time, at Crow Mountain in Michigan. Cheryl and the others had already seen Phoebe’s Mercedes-Benz GLC, which was a decent, good car, had long since been turned into scraps of metal.</p>

<p>As for the roads of the track, it was in an even more terrible state. It looked as though a bomb had exploded here.</p>

<p>“Alex, Phoebe!” Cheryl was so anxious. Tears were pouring out of her eyes.</p>

<p>Judy, who had come out from the Porsche 911, had also arrived at the scene, but her expression was calm and indifferent. There was not a hint of sadness on her face. It was as though the person involved in the accident had not been her cousin, and happiness bloomed in her heart instead. With Phoebe dead, for the Quarters family to want to marry the Larsen family, Judy was the only person left that would be able to.</p>

<p>She smiled as she said to Joel, “This b*tch deserves it. Brother Joel, since my cousin is dead, I’ll marry you!”</p>

<p>Joel’s face was red with rage, and he slapped Judy without reservation. “You idiot!”</p>

<p>But very quickly, everyone soon found that there was no one in the wrecked car.</p>

<p>The people from Sakura Racing Club also pulled up the footage from the camera then. Before the camera was destroyed, the scene had been recorded.</p>

<p>Then, when the footage was played in front of everyone, their mouths opened in shock as they cried out in surprise.</p>

Chapter 1409

<p>A person!</p>

<p>They saw a person descend from the sky and fall on top of the GLC that Alex was driving. They played back the scene in slow motion. They saw the man step onto the roof, and the roof exploded.</p>

<p>In such a situation, could the people inside the car even survive?</p>

<p>Even Cheryl felt that the hope was slim. Even if Alex was extremely powerful and could withstand that impact, what about Phoebe? She was just an ordinary person. How could she survive that blow?</p>

<p>However, where were the people inside the car? Where had they gone to?</p>

<p>The screen had no more footage after that.</p>

<p>“This... This is too exaggerated! Who is that man who fell from the sky, and where did he come from?”</p>

<p>“That’s not an illusion, right?”</p>

<p>“What do we do now? Report it to the police?”</p>

<p>“Call the police. We have to call the police. That’s Phoebe Larsen, the only daughter of Magistrate Wayne!”</p>

<p>Very quickly, the news reached Wayne and Grace’s ears. The husband and wife rushed over to check on the situation.</p>

<p>The first thought that ran through their mind was, did the people from Leviathan Gate appear again?</p>

<p>They tried calling Phoebe and Alex on their phones and had long since been unable to get through... When Alex fell into the sea a few times, both their phones had been soaked through, and it was spoiled. And now, they were on the mysterious island behind a force field, where they, even more so, couldn't get any signal.</p>

<p>"What, Alex is missing?"</p>

<p>When Zachary got the news, he was taken aback. He quickly reported the matter to the president of the Divine Constabulary, Geronimo Melvis. Geronimo really liked this grandson of his right now. Perhaps because of that, the fondness he had for Alex had extended to the people involved with him. Or maybe it was because he felt guilty toward Brittany, and his focus was now on this mother-son pair.</p>

<p>Also, after he had seen Alex's martial arts and cultivation, there was a thought in his mind that he wanted Alex to become the president of the Divine Constabulary.</p>

<p>Half an hour later, the Divine Constabulary came with a team, together with the police force from Michigan, the special brigade, and a large number of firefighters all rushed to the race track on Crow Mountain and launched a large scale search and rescue operation.</p>

<p>And so, the second son of the Quarters family was faced with the awe inspiring president of the Divine Constabulary.</p>

<p>"President Melvis, hello! I'm Joel Quarters, from the Quarters family. It's a bit surprising to see President Melvis here."</p>

<p>When Joel had been brought here by the people from the Divine Constabulary, he wasn't aware of anything about the situation yet. He merely thought that this was a routine questioning.</p>

<p>Therefore, he was calm, and when faced with Geronimo, he spoke as though he was speaking to his peers. As a result, Geronimo gave a

tight, big slap at Joel's face. The blow also took out one of his big teeth.

Joel's face instantly swelled.

He was utterly dumbfounded, and his eyes were fixed upon Geronimo. "President Melvis, why did you hit me? People from the Quarters family aren't that easy to bully."

The answer to his words was just another slap.

Slap!

This time, Joel fell to the ground with a thump.

Geronimo raised his leg to step on Joel's chest. "The Quarters family is very amazing! I heard that you were the one to propose racing to compete against my grandson? Why? Is my grandson's fiancée someone the Quarters family can set their sights on and yearn for? In front of my grandson, you're not even an ant! Let me tell you, if anything happens to my grandson, you can wash that neck of yours and wait for me. I will take down your head personally!"

Joel felt the pain in his chest, and his face hurt even more than his chest. However, the shock in his heart was worse, and he almost fainted when he heard those words.

Chapter 1410

"Y-Your grandson? Who is that?"

"Who do you think it is? It's Alex Rockefeller!"

Whoosh!

Joel was stunned, speechless, and his eyes wide. No one had told him that Alex was Geronimo Melvis' grandson!

<p>This f*cking thing. Others might not know how explosive Geronimo's fiery temper was, but Joel was very well aware of it. It wasn't even a secret in Alaska, and some time ago, he had indeed heard of a grandson of Geronimo that had visited him. The Melvis family had been turned upside down, and two Grandmasters had even had to give way in the face of superior strength, making a strategic withdrawal.</p>

<p>This matter had spread like wildfire among the circle of the wealthy and young people in Alaska, and the stories sounded more fictional than real. Countless of them wanted to catch a glimpse of the true face of Geronimo's grandson, and there were even countless celebrities in Alaska who wanted to spark something with him. Even Joel himself had wanted to get acquainted with him. Still, he never thought that he would so utterly refute the grandson of Geronimo, and Joel even wanted to throw a million dollars at him to chase away the so-called poor bodyguard.</p>

<p>At this moment, he thought to himself, wasn't the Quarters family done for?</p>

<p>Just at this moment, Zachary came in to report, "President, there were suspicious traces found under the cliff."</p>

<p>Geronimo turned around and left without any hesitation.</p>

<p>He followed Zachary to where Alex and Grant had jumped off from the cliff, and they saw clear footprints, which had sunk deeply, as though the steps had been extremely heavy.</p>

<p>"President, there are footprints of two people here."</p>

<p>"Two people? Then, one of them must be my grandson. Fine, I knew it. How could my grandson die so easily?"</p>

<p>Soon, someone found a platinum earring on the ground. After Grace had clarified, it was confirmed that this was the earring Phoebe had been wearing.</p>

<p>At this moment, another person from the Divine Constabulary sent a message, “President Melvis, there are traces of a suspected fight breaking out ahead.”</p>

<p>“What do you mean, ‘suspected’? You mean it can’t be confirmed?” Geronimo asked angrily.</p>

<p>“President, this... It’s because it’s quite weird. It doesn’t seem to be the results of the power of a human.”</p>

<p>“Really?”</p>

<p>As a result, everyone went ahead to take a look.</p>

<p>It was the many large old trees that had been chopped down, and the cut was extremely flat and clean. It was all cut at the same height, and it looked as though the trees had been laid on the cutting board and cut through. But, there were at least a dozen of those gigantic trees that had been cut down, and it stretched a few tens of meters forward and backward.</p>

<p>It couldn’t be that a forty meter long knife had been used to cut them all down in one swing, right?</p>

<p>“President, according to our observations, the last place they were at should be the cliff near the sea. We’ve found a pig mask!”</p>

<p>“It’s possible that they jumped down from the cliff, but... If they had jumped off from the cliff, then all the leads were gone, and it was impossible to follow up anymore...”</p>

<p>***</p>

<p>On the mysterious island.</p>

<p>Whoosh!</p>

<p>A mysterious and abstruse rune array had formed above Grant Xenos’ head. Then, it formed a miraculous Soul Contract with Alex.</p>

<p>Grant originally didn’t care much for it. It was such a mess array, what kind of contract was that? Who would believe you?</p>

However, once the Soul Contract was formed, he instantly regretted it, because at that moment, he suddenly understood what it entailed. With the existence of this Soul Contract, his soul was shackled, and his life and death was now in Alex's hands. He
could no longer break free from it, ever!

If Alex wanted him alive, then he would live. If Alex wanted him dead, then he would die.

There was no room for negotiation.

For an instant, he had the thought of killing not only Alex, but also Phoebe.

But in the next moment, a sharp pain shot through his head, and it felt as though his soul was completely torn apart. The intense pain had him stumbling to the ground, holding his head and rolling. Finally, he crawled and crept on the ground, constantly crying for mercy.
