Chapter 2521

"Dad, I forced Lin Fansen to get married." Song Junyue suddenly said, "He didn't confuse me."

Song Ji laughed angrily, "You already spoke for him, and you said that you didn't confuse you, Song Junyue, I thought Song Junyue didn't confuse you. You are the calmest at home. I didn't expect you to be emotional. Look at what ecstasy soup he gave you. To be honest, I didn't support Lin Fanyue and Song Qingrui before, but Song Qingrui is not my son after all. It's like they really love each other, but now that Lin Fansen is entangled with you again, I really begin to suspect that the Lin family's purpose is not simple."

Song Junyue couldn't help frowning tightly, "Dad, you really misunderstood, I He and Lin Fansen actually met back when I was studying abroad, and he was my first love."

Song Ji was stunned, but then his face darkened, "Didn't you say you didn't fall in love abroad?"

"You just want me to marry . To Zhao Yan, tell you to fall in love, so that you can find him."

Song Junyue pursed her lips coldly, "For so many years, I have done what you wished, but I have grown up, and I want to marry someone I love. Isn't it the right person?"

"Why didn't you tell me about this earlier." Song Ji said angrily, "If we knew that your first love was Lin Fansen, we would not have let Rongshi marry Lin Fanyue."

" If Song Rong doesn't marry Lin Fanyue, how can I see Lin Fansen again?" Song Junyue said suddenly.

This time, it was Song Ji's turn to be shocked.

Probably the two of them did not expect that this daughter was designing a long time ago, which means that all of them were designed.

"Beast, you have taken advantage of everyone." Song Ji pushed Zhong Lingwei away, slapped Song Junyue's face with a slap, "Go and divorce this marriage immediately, while everyone still doesn't know about it."

Song Junyue The incitement staggered back, and pressed one hand on the sofa. After a few seconds, he barely stood still, but half of his face seemed to be in a state of numbness.

"Why should I get a divorce." She whispered, "Is it my marriage or yours

?" "What did you say?" Song Ji pointed at her in disbelief, "Marriage is a matter of two families, not two people. You and Song Qingrui are both like this, and I have to doubt whether the Song Group will directly become the Lin family in the future."

"If you have such a situation. I can leave the Song family."

Song Junyue said with a little tiredness, "I can also hand over the rights in my hand, and I will not interfere in any Song family's affairs in the future."

Song Ji was shocked for a while, then sneered, "You You grabbed the position from Rong Shi before, and I was afraid that I would go against you and make me the chairman of the board. Would you be willing to let go of power?"

"Believe it or not, I never actually thought about grabbing this position. It's just that in that situation, I brought her into the Song family by Lin Fanyue. Rong Shi was sorry for her and refused to divorce her. I didn't want Lin Fansen to do some impulsive things. In addition, Rong Shi was too fond of Ningle at the time. It's summer, and I'm also worried that Ning Lexia and Rong Shi will covet the Song clan after they get married, so Rong Shi will lose his right to inherit."

When Song Junyue explained, she was calm from beginning to end, "Now I've got what I wanted, And if you suspect the Lin family, then I can leave. Anyway, Dad, you are only in your fifties. You can still teach Xingchen hand-in-hand. I know that you and grandpa didn't want to hand the Song family into my hands. Song Ji was stunned and hesitated.

After all, he was still young, and he felt unwilling when he was overridden.

But what if he could work until he was seventy years old, Song Rongshi was stupid, he still didn't know what kind of character Song Xingchen was.

Not to mention that all his mind was on falling in love, even if he was forced to take over the Song family, he might not be able to suppress those directors of the Song family.

Zhong Lingwei looked at her daughter complicatedly, and found that she never really understood her, "Jun Yue, is it worth giving up the Song family for a man, even if Lin Fansen is your first love, it's been a long time, don't regret it You are very smart, but you are still too simple on the road of love. Women will never betray their careers at any time."

"Mom, I let go, not because I don't want this career, I just don't want to be betrayed by Song. I'm bound to do what I want to do."

Song Junyue laughed at herself, "Mom and dad, in good conscience, haven't I done enough for the Song family, since graduating, I've been a cow and a horse for the Song family. , In my life, I have studied the major that you want me to learn, and the man you want to marry is the man you

want me to marry. Since I was a child, others have said that I am the proud daughter of the sky, and I am the first in grades every year. Never worry about my parents. , well-behaved and obedient.

But a proud girl like me is in her most beautiful years, because Chongxi married a seriously ill man. At that time, all of you knew that Zhao Yan could only live for two years, but you still let me marry Are you widowed at a young age?

I have never complained against you, because you gave birth to me and gave me the best education, but for so many years, I went to work at 6 o'clock every day and got off work at 11 o'clock every day. It should be paid off."

Zhong Lingwei was heartbroken and shed tears, "Jun Yue, I'm sorry..." The

daughter was too strong, plus she had two other sons, the old man said that Song Rongshi was the Song family. The future heir, so she puts all her focus on her son and ignores her daughter.

But they forgot that Song Junyue was the first child of two people when she was just born, but they were actually very happy.

"There's nothing to be sorry for. You gave birth to me, which is the greatest gift. It's just that I'm also a person, so I'll be very tired."

Song Junyue looked at Zhong Lingwei's crying, but she didn't have too many expressions. Maybe I expected it when I was a child, but I grew up gradually. I'm numb and cold, "Now I have the money, I want to try something I haven't tasted before, since you suspect that Lin Fansen's motives are impure, then I'll leave, even if I'll be let down by him in the future, I I don't regret it, because in this life, this time, I'm doing what I want to do."

After speaking, she turned and opened the door, ready to leave.

Song Ji stared at her back complicatedly, "Song Junyue, don't regret it."

"There is nothing to regret."

”Bitter?” Song Ji said unhappily, “Such a big Song family belongs to her, she ranks 50th on this year’s list of the world’s richest people, if it weren’t for the Song family, she would be young So much money?”

”Actually, money doesn’t come with life or death. Junyue has never been a person who pursues luxury goods. You see, her monthly expenses are much less than mine. “

Zhong Lingwei said, “I was very uncomfortable when I asked her to marry Zhao Yan, but you and the old man asked her to marry, I can’t help it... Now she has finally found someone she likes... “...”

”But that person is Lin Fansen.” Song Ji reminded, “Don’t forget, Yueyue owns the shares of the Song family, and now Yueyue is brought by the Lin family and is also with the Lin family. Will they recognize her in the future? Our two grandparents are not sure, plus what is in Song Junyue’s hands, if Lin Fansen has a different opinion in the future, I am afraid it will bring

disaster to the Song family.” Zhong Lingwei was silent, “Your health is not very good, Xingchen is actually Not very good, I think so, since Junyue proposes to leave, let her leave temporarily. You can temporarily manage the company for a few years. If Lin Fansen has ideas about Song, she will definitely encourage Junyue to come back, or talk to Ning Lexia. If Lin Fansen is really good to Junyue, since we can't stop it, then it's not complete." Zhong Lingwei sighed, "Actually, from the matter of Rong Shi, I thought about it, and I tried my best to separate. He and Ning Lexia, even if he married Lin Fanyue, wouldn't they be able to let go? In the end, they both liked both, but instead caused today's tragedy. Let's not intervene in some things, lest we end up hurting our children. , and make them hate us."

Song Ji sighed, "That's different, Ning Lexia is too vicious, I should have driven her away from the beginning."

Zhong Lingwei shook her head disapprovingly, "You will only hate you when you drive away the Rong Shi at that time. What you can't get is what you will never forget in your heart. The same is true for Jun Yue. Don't say it, isn't the way we educate Rong wrong?"

Song Ji was silent when Song Rong was mentioned.

After a long time, he said, "Then I'll listen to you."

.....

In the office.

Song Junyue called the secretary in, "Find someone to clean the chairman's office carefully, and I'm anxious to hold a meeting with the company's executives in the afternoon."

Secretary Zeng Ai was stunned, "Mr. Song, the chairman wants to... ..back?"

She was stunned, God knows how much thought was spent by President Song on the overhead.

Especially when he saw the red marks on Song Junyue's face, the secretary made up a big drama in his mind.

"Yeah." Song Junyue said lightly, "Call Song Xingchen over, and then let him take over my position." The

Song Junyue didn't say anything, just calmly look at her.

When Zeng Ai left, her steps were staggering, and there was a hunch that the Song family seemed to be changing again.

After a while, a rumor spread in the Song Group.

"Hey, have you heard? The chairman and his wife came to the company this morning and called Mr. Song over. When Mr. Song came out, his face was covered with wounds, as if he had been beaten."

"Why did you hit Mr. Song?" Ah."

"I don't know, anyway, after I came out, there was a rumor from Song's office. It seems that Song is going to hand over the position at hand."

"No, I don't want President Song to leave. After President Song took office, our wages have increased."

Even Lou Zhong Lingwei and Song Ji on the top also received rumors, obviously Song Junyue is not joking.

Half an hour later, Zhong Lingwei came in with a bottle of medicine in her hand, "Junyue, is your face still hurting? I'll give you some medicine."

Song Junyue, who was about to hand over her work, glanced at her mother with a complicated look, "Mom, you don't have to worry that the Song family will be taken away by the Lin family, I'm ready to submit my resignation report here."

"Jun Yue, can we be considerate of each other?" Zhong Lingwei sat opposite her, "Over the years, your father and I have indeed I'm also very wronged. Your father was impulsive just now, but he also has his concerns. After all, the Song family is the inheritance accumulated by the ancestors of the Song family. If it wasn't for the Lin family, we might not have so many concerns."

Song Junyue was silent. She pursed her lips, "Mom, I've always distinguished between love and work, so I won't be so confused."

"But we're not you, and we don't know Lin Fansen, right?" Zhong Lingwei said softly, "I and your dad After discussing it, take a step back, you can temporarily suspend your job, but you have to declare that you have resigned. If Lin Fansen has always been good to you, and has not kept away from you because you are not in charge of the Song family, then your father and I are willing to Support you together."

Song Junyue understood, and then it was a little funny. When she was the president of the Song Group, Lin Fansen didn't give her a good face.

However, if her parents want to use this method, then she is willing to cooperate with them, just so she can take a good rest for a while.

"I'm free." She said lightly.

Zhong Lingwei breathed a sigh of relief, "It's good if you can understand us, then do you and Lin Fansen live together?"

"Well." Song Junyue thought about it and said, "His parents don't know about our marriage, because Lin Fansen About Yue, they don't like our family very much, so they didn't talk about it for the time being."

Zhong Lingwei opened her mouth, so after a long time of trouble, her own daughter was still not entertained at Lin's house?

She was a little angry.

Why, what's wrong with my daughter, the Lin family still doesn't look down on it, "What about Lin Fansen, is he good to you?"

"It's normal, I broke up with him suddenly and married Zhao Yan, He has never let go of the pimple, and he hates me quite a bit, we are still in the process of running in, if the running-in is not good, we may get divorced."

Zhong Lingwei: "..."

So she was asking about loneliness?

"Jun Yue, do you think you can do this? Where is that Lin Fansen worth it?"

Song Junyue nodded, “By the way, Ling Ye said about me and Lin Fansen?”

”Mom, don’t spread the word about my marriage for now.” Song Junyue reminded calmly.

An hour later, Song Xingchen received the news and hurried back. When he saw her, his whole face collapsed, “Sister, why did I hear the news that you are leaving, my God, this is impossible. Come on.”

”It’s true, you come to my office these few days, and we will hand over the affairs at hand.” Song Junyue said lightly, “You should also get acquainted with the people in my office as soon as possible, but don’t panic too much, Dad. Xingchen's eyes widened in disbelief, "Don't be joking, you took a lot of effort to get the Song family, and you let it go so easily? Sister, what happened to you, did you have a quarrel with your parents?"

Song Junyue neither admitted nor denied, but pulled her red lips noncommittally, "What's the point of sitting in this position, I'll be a bull and a horse for the Song family, The work of leaving early and returning late has always been questioned in the end, and I don't even have any freedom at all. I can't figure out whether the suitors around me like me or my identity. I want to understand, it's better than that. The news of the internal turmoil in the Song family soon spread, and by the afternoon, even the outside media had paid attention to the matter.

After all, the Song Group is one of the strongest companies in China, and there are tens of thousands of employees below it. A little bit of wind and rain may cause market shocks.

The news about the departure of President Song immediately rushed to the hot search.

Song Qingrui quickly got in touch with Song Junyue, "Do you really want to leave the company or just pretend?"

"I really can't hide anything from you." Song Junyue smiled, "My parents knew about Lin Fansen and I, and they were worried that Lin Fansen was fighting. Lin's idea, so let me play such a play, if Lin Fansen passes this test, they will accept him."

"Uncle really thinks too much, the Lin family are all arrogant people, it is impossible to have such a mind. Song Qingrui laughed and laughed, "But they don't know Lin Fansen very well after all, and they also need to understand their concerns."

"So I respect them, and I have my own plans."

"You can learn from me." Song Qingrui joked, "I also resigned for Fanyue before, and I moved Fanyue. Lin Fansen and Fanyue are brothers and sisters, tsk, this time, I will definitely be moved to death. You see that you don't even want Song for him. He can't be right. You're giving up."

Song Junyue was stunned for a moment, "I've never thought about this, one is that I'm really tired recently and I want to rest well, the other is that I want to exercise Xingchen, he can't be like this all the time, and the third is that I and Lin Fansen Ling Ye already knows about the marriage, the father and son of the Ling family may not give up, but I don't care, I'm afraid they will use means."

"It's good, but I always know what they want to do."

Song Qingrui smiled slightly, not to mention that among the relatives of the Song family, he has the best relationship with Song Junyue, and chatting with smart people is like this.

In a sense, he and Song Junyue have always been people at the top of the food chain. Ling Ye and the others are standing below without knowing it. They thought they were well hidden. In fact, everyone just didn't expose it, and they were mutually beneficial.

Some people just don't know.

"Sister Junyue, you are so powerful, uncle and the others are still worried that you will be deceived by men. Oh, I think they should worry about themselves first, and don't be deceived by others," Song Qingrui teased.

"Forget it, in the eyes of the elders, we will never be as cautious and mature as they are, and we can't afford to fight with them."

"It's true."

Ok.....

What are you going to cook tonight?

Lin Fansen, who hadn't cooked seriously himself for several years, took out his mobile phone and started downloading the recipe app.

On the way to the party in the afternoon, he ordered a recipe by the way, which contained a video, and suddenly said "Today Xiaohao will teach everyone to make a Kung Pao chicken...".

Lin Fansen was startled and quickly closed the video.

The secretary driving in front almost lost his steering wheel.

Was he hallucinating his ears and heard that Mr. Lin was learning the recipe?

He glanced at Lin Fansen quietly, and always felt that today's President Lin was very strange. He took his mobile phone and looked at it many times for no reason. He couldn't be in love, right?

Thinking of this, he couldn't help but gossip all over his body.

After arriving at the restaurant, Lin Fansen shook hands with the builders he met.

"I'm sorry to keep everyone waiting for a long time, and the road is stuck in traffic." Lin Fansen said apologetically.

"It doesn't matter, just a few of us are chatting." Boss Zhou smiled.

"Isn't this a matter of Song Junyue's sudden resignation?" Boss Lou patted his thigh and said, "I bought several million of Song's stocks last month, and it is estimated that the market will drop sharply tomorrow. The outside world is not very good at Song Xingchen. Take over, sigh, this time it must be a loss."

"Several of my friends have bought it, and the circle of friends is now mourning." Boss Zhou sighed and said, "I heard that funds are running away this afternoon, and there must be a big drop. , I just don't quite understand. Didn't I say Song Junyue was firmly seated in the Song family before, why did he suddenly leave his post, not to suspend his position."

"Forget it, the Song family belongs to their Song family, and it has nothing to do with us, but it only hurts us shareholders."

In the morning, I also heard that her company has a lot of things to deal with.

It didn't look like he would leave the Song family at all.

Could it be that something happened today?

Lin Fansen thought of Ling Ye that he met in the morning. That Ling Ye is the son of a company director. Could it be that the Song family knew about Song Junyue's marriage to him and forced her to leave?

It's impossible, Song's is now Song Junyue's final say, who can force her.

"Mr. Lin, your sister has a good relationship with the Song family, have you heard any rumors?"

"Mr. Lin?"

Several bosses called Lin Fansen several times, and he gradually recovered, but Jun's face was not very good-looking .

"I don't know." Lin Fansen quickly calmed down, "I will ask the secretary to communicate with you about the details of the cooperation. If you are still interested in cooperation, we will finalize it as soon as possible. If not, you can consider it for a while, I am here. ...I'll be in a hurry later. ..."

When he returned to the box, several bosses saw that he was absent-minded and said, “Mr. Lin, if you are really in a hurry, why don’t you go first, we can make an appointment another day.”

”Well.”

Lin Fansen really couldn’t sit down. .

After leaving, he drove straight to the Song Group.

In the morning, he dropped Song Junyue off here, and now he’s back here before four o’clock in the afternoon.

In his capacity, he couldn’t go up rashly, he could only take out his mobile phone and continue to call Song Junyue, but still no one answered.

Lin Fansen frowned in annoyance, and the phone was tightly clutched in his hand.

”You’re too embarrassed to be here.”

A luxury car parked behind him. Ling Ye in a neat suit got out of the car and walked towards him while digging buttons.

Lin Fansen looked back and looked at him blankly.

After Ling Ye glanced at him up and down, he suddenly sighed helplessly, “Mr. Lin, you really hurt Jun Yue, because of you, all her years of forbearance and hard work have been in vain.

Chapter 2528

Ling Ye looked at his paralyzed face and looked down on him in his heart, but he still had a persuasive tone on his mouth, "Uncle Song and the others already know about you, because of you, Junyue and them are very old. There was a fight, didn't you see the news, Junyue was dismissed from the position of president, she worked hard to expand the Zhang Song family, and developed the company to the scale it is today, but it was all cheaper for Song Xingchen, if I were you, if You really love her, in order not to drag her down, I will leave quietly."

Ling Ye thought that the reason why Lin Fansen placed Song Junyue was because of her power.

Now that she is no longer the president of the Song Group, Lin Fansen must have been very flustered.

"So...you told me this, did you want to tell me that Junyue didn't even want the company for me?" Lin Fansen's expressionless face finally tightened.

Ling Ye was stunned, and always felt that what he asked was a bit strange. For him, was this the point? "Yeah, anyway, she can't even stay with the Song family for you, so the Song family can't accept it. Song Junyue is with you, I advise you to give up early, what doesn't belong to you is not yours after all, you are not from the same world at all."

After making up the knife, Ling Ye took his long legs and left.

He felt that since Lin Fansen was an ambitious person, he should also be a smart person.

I hope Lin Fansen will leave Song Junyue as soon as possible. After all, he didn't expect that Song Junyue, who usually looks like a smart person, is so emotionally stupid. For a man, he doesn't even want the company.

Since she is so in love with her brain, he must chase after Song Junyue.

Lin Fansen stood there in a daze.

Although Jun's face is still indifferent, his heart has been turned upside down.

Ling Ye's words let him know that Song Junyue's departure had something to do with him.

In the past, he always felt that Song Junyue didn't love him, and even hated her, but now he realized that Song Junyue cared so much about him.

For him, even the Song family could give up.

He was simply not a thing. She loved him so much, but he always suspected that he had hurt her with so many vicious words.

In fact, he didn't deserve her to be so nice to him at all.

Lin Fansen thought about it, his eyes couldn't help turning red.

When the phone rang, Song Junyue called, "Why did you come to my company? I have been in a meeting just now, but I didn't see it, where are you?"

"The place where I dropped you off in the morning." Lin Fansen heard her now. The voice, the whole person can't calm down, "When will you get off work, I have a lot to tell you."

"Do you want to ask me about my resignation?" Song Junyue whispered, "I just feel too tired, I want to rest well, and Xingchen's boss is not too young, I hope he can be mature and sensible after I leave..."

Lin Fansen interrupted her excitedly. The more she explained, the more she concealed, “I already know, did you leave your job because I fell out with your parents?”

”...”

Song Junyue was stunned, although there were some reasons, But where did he know it, and it seems that he has a lot of brains.

Seeing the silence over there, Lin Fansen became more certain, and he growled angrily, “Song Junyue, why are you so stupid, is it worth it for me, I usually treat you badly and hurt you, always murdering you and misunderstanding you, I’m not worth it at all.”

Song Junyue: “...”

He was suddenly so self-aware that she really didn’t know what to say.

But I don’t know, the more silent she is, the more at a loss Lin Fansen is, “Jun Yue, I want to understand, I shouldn’t have hated you all the time before, I haven’t thought about it carefully from your position, we all let go of the past. How are you, I swear, no matter who you are or who you are in the future, I...I will never leave you.”

This time, after Lin Fansen finished speaking, he was also silent, mainly his handsome face. Embarrassed red.

He has always been more reserved and rarely speaks his mind.

Today I was mainly moved by her.

As Song Qingrui said, she is trying hard to walk towards him, and he has to work hard too.

In the past, he accused her of being selfish for her own interests, but now, she doesn't even want her career for her own sake. If he still questioned her feelings, then he would be nothing.

In fact, thinking about it carefully, he didn't seem to have sacrificed anything for her, but just blindly blamed her for betraying the feelings of the two people at the beginning.

"Fansen...."

Song Junyue's heartbeat suddenly accelerated on the other side of the phone. She really didn't understand that Lin Fansen's sudden change was so big, "I need an hour to get off work..."

"Then I'll wait for you downstairs." Lin Fansen said hurriedly.

"...Okay." When the

two ended the call, they were still confused.

...

Inexplicable, a little funny, and a little complicated.

Just yesterday, she was still worried about the relationship and future of the two, and even thought that the two were not suitable.

"Dong dong"

There was a knock on the door outside.

"Come in."

She returned to her seat, Ling Ye walked in quickly, with a solemn expression, "Are you really going to leave? Junyue, I don't believe you would do this, do you have any other ideas? "

Song Junyue raised her head and looked at him slowly, "What do you think I should think?"

"You've always been smart, I can't guess." Ling Ye's brows were heavy, "But I believe you are not a confused person, now you are Song. Dad can't do anything about you at all, why should you give up the good situation that you finally developed, if my uncle regains his rights, he will definitely focus on supporting his son."

"Yes, no matter how hard I try, I will always be her daughter?"

Song Junyue smiled noncommittally, "Look, thanks to you, I told my parents about me and Lin Fansen, aren't they angry? In their hearts, Lin Fansen doesn't care about me. It's the Song family. What they mean is that as long as I stay in the Song family for one day, I will not have the final say in my marriage. I don't believe that my vision will be so bad, so I voluntarily resign, so that no one should stop us. Together."

Ling Ye looked at her in surprise, "Jun Yue, you are not such a confused person, I don't believe it, is it worth it for a man."

"Ling Ye, many people coveted my position, but I never got it. , and I got it, and the taste is the same. Besides, I have always been a woman, and I have been alone for a long time, and I also want to find a man I love to marry and have children, which is my current wish."

"Okay."

Song Junyue nodded, without asking "why", as if he didn't even know more about it. Not in the mood.

Ling Ye seemed to be pouring enthusiasm on the ice water, and was extremely powerless.

"I still have a lot of things to do..." Song Junyue reminded him that he was busy.

Ling Ye reluctantly turned around and walked to the door, took a deep breath and turned back, "Jun Yue, I don't believe you can't feel my feelings for you. When you and Zhao Yan got married before, our Ling family couldn't help you. Qualification, I have been waiting for you for so many years."

Song Junyue's delicate body slowly leaned into the leather seat, her beautiful and deep eyes calmly seemed to be not hearing a confession from the opposite sex, "Ling Ye, your I'm very clear about my intentions, but I didn't give you any ambiguity. If I wanted to have anything with you, I would have accepted your meaning long ago, but I didn't. You and I are smart people and should understand.

"I thought you were busy with work, and I was willing to wait for you all the time." Ling Ye whispered, "Besides, you are so busy with your career, I admit that your career is very good, but you are always a novice when it comes to love.... "

Thank you for treating me this way."

Song Junyue pursed her lips lightly, "But I had already talked to a boyfriend for several years when I was studying abroad, and I got married again when I returned to China. I believe I am very fond of my own feelings." It's clear, and even a smart person wouldn't find a partner in the same company or a man in the same industry as a boyfriend."

Ling Ye's brows suddenly tightened, and he forced a smile, "Jun Yue, what do you mean, you don't trust me? We How many years have you known each other?"

Song Junyue raised her eyebrows, "Ling Ye, there is no one you can absolutely trust in the shopping mall, okay? Let's take an analogy. If I ask you to be my husband, you are very capable. When I am pregnant in the future, I will be very worried when I am weak. , will you take away my rights? I'm also worried about the marriage of the two directors' children, whether one party's ambitions will become bigger and bigger, and no one can fathom the ambitions of others."

"Jun Yue, I've never been this kind of person," Ling Ye's face almost couldn't hold back, and even, under her fierce gaze, cold sweat broke out from behind her back, "If you don't believe me, I can leave."

"Even if you If I leave my job, I can't be with you." Song Junyue was always indifferent, "Ling Ye, don't disturb my work, okay? My husband is still waiting for me downstairs."

Song Junyue narrowed her eyes. What she hated most was when others slammed the door in front of her.

Especially today is Ling Ye's second time.

He really didn't know his identity.

...

In the evening, Song Junyue got off the private elevator with her bag.

At a glance, I saw the Porsche parked next to it.

Lin Fansen also saw her, and hurriedly got out of the car and opened the car door, then his eyes moved down from her face until it fell to...

"Look?" Song Junyue glared at him fiercely, then got into the car and slammed the door hard.

Lin Fansen touched his nose. Can you understand? He just lost his job, and his injuries are not healed. His temper is normal.

The more he thought about it, the more regretful he felt. He hurriedly got into the driver's seat, but he didn't drive in a hurry, but watched her seriously.
