Chapter 2531

Song Junyue looked unnatural by his dark eyes, "What do you want to say?"

"You really... quit?" Lin Fansen asked hoarsely.

"Well, I'm in the process of handing over the work in my hand, and I won't have to go to work in two days."

Song Junyue fastened her seat belt, and then found that the eyes of the man next to her became more unstable, "Then you will..."

"After a while, Lin Fansen pursed his thin lips irritably, "Is it really because of me that you didn't do it?"

"..."

Song Junyue looked at his troubled appearance, inexplicably funny, these words, today How many times have I asked, "Yes, my parents know, and they called me over to scold me. They may think that in my capacity, it is up to them to decide what kind of man to marry, or they think I am the president of the Song Group, I was afraid that I would be deceived, so I simply quit."

Lin Fansen was shocked for a while, he could probably think of what the Song family's parents said, but Song Junyue's simply made him very unbelievable. "Are you willing? Since graduation, you have spent all your hard work on the Song family..."

"I actually prefer freedom to power." Song Junyue explained seriously.

Lin Fansen really believed what Song Qingrui said now.

She and Song Rong were fighting for positions so that they could be with him after they were free.

But he is not a man of words when it comes to feelings.

Especially after being single for so long, the whole person is even a little uncomfortable.

All he could express was to squeeze her hand tightly.

"What are you doing, my hand hurts when you hold it." Song Junyue snorted suddenly in pain.

"Sorry..." Lin Fansen was startled, and quickly let go, "I was just thinking about something."

"What?" She looked at him, her eyes bright.

Lin Fansen's face became hot, and after a while, he clenched his fists and coughed, "Don't worry, no matter what you do or don't do in the future, I will take care of you."

Song Junyue sat upright and looked at the "tsk" in front of her. He said, "You're still the same as before, you won't speak sweet words, but before, when you scolded me, when you murdered me, it was quite a set."

"I misunderstood you before." Lin Fansen was embarrassed and ashamed.

Song Junyue shook her head and denied, "You didn't misunderstand me, before... I was indeed selfish and liked you, knowing that there was no possibility between us, but I still had a relationship with you, I promised you after returning home. When I saw the parents of both parties, I also missed the appointment, and even in order to make you give up, I even said that you are not worthy of me.

Lin Fansen was silent for a while before he said, "Can you tell me what you were really thinking when you broke up at that time, I want to know the answer, you owe me a truth?" There was a

sudden silence in the car.

Song Junyue's eyes trembled, she turned to look at him, the corners of her eyes were a little sour, "We are both too young, even if we try our best to be together, the two families will not accept it, you have to go back to Tongcheng to inherit the family business, and I have to go back to the capital to help my father stabilize the company, and to help my uncle get the presidency. I have to sit like this. Since I was a child, my uncle's family took great care of me. I was born in the Song family. What they gave, and, if I forcefully oppose the Song family, if I don't do it well, the family will also hurt your Lin family."

Lin Fansen understood, he nodded vigorously.

His eyes warmed slightly, and he finally understood the truth after so many years, "Why didn't you tell me the truth, if you told me the truth at the beginning, I would not have hated you and misunderstood you all the time."

"Fansen, you are so stubborn, If it is because of external reasons, you will definitely not retreat. You will go to my parents, or give up inheriting the family business, and make too much trouble. My affairs with you will be exposed in front of the Zhao Song family. It's not good for your future, that's what I don't want to see, I just hope you can go on like the future you described to me at first."

Song Junyue smiled bitterly, "At that time, I really hoped that you would forget me, and you could be in Tongcheng. Find a good girl to start over, but then I found out...you have always been alone..."

Lin Fansen thought about it, if he knew Song Junyue loved him, he would have no choice but to break up

Will not.

When I was young, even if I couldn't talk sweetly, I put love in the most important position in my life.

I always feel that no one can stop someone who truly loves them.

Thinking about it carefully, Song Junyue at that time was more mature than him, thinking farther and more rationally.

"Tell me, after getting married..., is he okay with you?"

Lin Fansen suddenly squeezed her hand tightly. In the darkness, his eyes were burning hot.

This question had been on his mind for far too long.

He had always been jealous of that person, and he didn't want to hear that person's name at all, but now he opened the scars himself.

Song Junyue was startled, "Actually, it's alright, Zhao Yan is a gentle and polite person, but when he went to marry, he was in poor health, and he was always in bed. , he went after two years, and his family is not bad."

"..."

Lin Fansen gave her a strange look, "Did you like him?"

"No." Song Junyue pursed her lips and thought. Laugh, is he jealous? Who asked him to ask.

She thought about it for a while, then tilted her head and said, "The one I like is the ice cube face type."

Lin Fansen coughed, his heartbeat quickening unsatisfactorily.

Didn't say anything.

After a full minute of silence, he restarted the car.

Song Junyue thought he was going to drive, but he suddenly came over and kissed her lips fiercely.

It's the kind of pro-French who can't wait to tear her down to the bone.

Song Junyue was almost breathless by his kiss.

Don't you usually look aloof and cold, don't you just flirt with a sentence, so you can't hold your breath.

She is also cheap, and just like before, she just wants to make his cold face out of control.

He almost forgot about the hurt he had done to himself.

Song Junyue scratched twice on his neck, staring at him coldly with a pair of black and white eyes.

"You were the one who teased me first." Lin Fansen complained dryly, covering his neck, and those eyes showed a trace of grievance for the first time ever.

"Did I flirt with you? You hurt me. Are you sure I flirted with you? Are you an ice cube face?" Song Junyue threw several question marks on her face, "Don't just match the number... um "... Before

she could finish speaking, she was bitten by the wolf's mouth again.

"It's useless, I've already taken my seat." Lin Fansen pressed her upper and lower lips tightly to hers, but in her slightly cold voice, she spit out pleasant words, "I promise, I won't hurt you again, in the future. I will definitely be gentle, you make me heavier, I will be heavier."

"Boom"

Song Junyue seemed to have a pot of hot oil poured on her face, hot and hot, "Rogue."

"I am a duplicitous rogue." Lin Fansen admitted, "I say no, but I am more sincere than anyone else in my actions. , Song Junyue, you won, no matter if you abandoned me first or not, you can see that I have never forgotten you, you have been married, but I have never even been a woman. In my life, after meeting you, It 's a loss."

Unconsciously, Song Junyue's eyes gradually became gentle, "What did you say about me before, second-hand goods? You don't like me, the women posted upside down are worthless, and I'd rather never know me. "

..."

Lin Fansen was beaten in the face.

Why does this woman have such a good memory?

For a long time, he murmured, "I'm a duplicitous person, and you didn't know it the first time." The

man's eyelashes drooped aggrievedly.

The ice cube face became like an innocent child.

Song Junyue wrapped her hands around his neck. At this moment, her heart felt unbelievably soft, "Then you can't hurt me in the future."

"Well."

"Then you can't be cruel to me in the future."

"Well."

"Will you let me dry your clothes?"

"When did I let you dry your clothes?" Lin Fansen said that he was wronged, he wanted her to dry, but she didn't listen to her at all, okay?

"Don't touch me in the future without my consent."

"..."

Lin Fansen's delicate lips moved unacceptably, and he didn't want to compromise.

"I don't even have a job because of you." Song Junyue sighed.

"Okay." Lin Fansen nodded resignedly.

"Then who am I to you?" Song Junyue finally asked the last question with a smile.

“...Wife?” Lin Fansen asked tentatively, racking his brains.

“That’s right, drive home, I’m really tired.” Song Junyue pushed him away and gave an order softly.

Seeing the tiredness in her eyes, Lin Fansen immediately started the car, “Go to my place or yours?”

“Go to my place, your place is too small.” Song Junyue made a choice.

Lin Fansen was a little heartbroken, and then said resentfully: “You didn’t say that you were too young when you lived there before.”

“At that time, you hated me so much, and I dare to say that you will definitely say something to me: If you think you are young, you can get away.” Song Junyue imitated his appearance and gave him a cold sideways glance.

Lin Fansen immediately pursed his lips, well, he probably... did say that at the time.

“Besides...”

The woman in the front passenger seat started red lips gently again, “Who made me want to be with you at that time, I don’t think I would dislike living in a few square meters. “Small.”

“...”

Lin Fansen, who had some snacks, suddenly felt as if his heart was full of honey. Although his face was still that ice cube face, his whole body was like a lion being swept away. Even a little shy.

“However, your injury made me almost think that my life was going to go in, and I was afraid. I have a shadow over there, and I don’t want to go there for the time being.” Song Junyue’s words changed again.

Lin Fansen's heart seemed to fall from the sky again, he freed his hand to squeeze her finger, and said in a hoarse voice, "I promise, I won't in the future."

Today, he has promised many times.

Song Junyue didn't want to mention it frequently, "And next time, I'll never let you go. If you like someone, you don't necessarily have to take your own life to like them, and I don't have any tendency to be abused."

"Well, you're right."

Lin Fansen answered honestly, "If you don't live there, I can live here."

After returning to the community where she lived, Lin Fansen opened the trunk of the car, and there were several bags in it Ingredients.

Song Junyue glanced, "When did you buy it?"

"When you drop by the supermarket," Lin Fansen lifted the bag with two strong arms.

After returning home, Song Junyue sat on the sofa to rest. Today, her brain has been working, and she is very tired.

Lin Fansen rolled up his sleeves and started cooking. Knowing that she was not feeling well these days, he proudly stewed a chicken soup.

When the soup was being boiled, Mother Lin called, "Aren't you going to come back to eat and sleep today?"

"...Well." Lin Fansen answered in a low voice.

Mother Lin was not disappointed, but became happy, "Do you live in the apartment every day? Do you want me to come over tomorrow?"

She couldn't wait to see her future daughter-in-law.

Seeing that this son is not at home every day, maybe it won't be long before he will be able to hold his grandson.

"No, I don't live there." Lin Fansen flatly denied.

Mother Lin's eyes lit up, "You are... living in the woman's house? Son, okay, you have the ability, wait, why did I hear the sound of the pressure cooker, are you cooking?"

" "

Yes, yes, I usually look at you like ice cubes, but I didn't expect you to know how to cook for your girlfriend now. You have something to do. Look at when you bring your girlfriend home and let your mother show off her cooking skills. Art." Mother Lin laughed so hard she couldn't close her mouth.

"I'll bring her back when the time is right, I'm busy."

Lin Fansen hung up the phone after he finished speaking.

He glanced at the living room, Song Junyue was looking at the notebook while on the phone, she seemed to be busy with work, and the soft light above her head fell on her.

Lin Fansen seemed to see the same thing happened when the two of them were in the rental house in country M.

At that time, she was busy studying and researching, and the peaceful appearance made him make up his mind to continue like this with her.

Going around for years.

He suddenly lowered his head and smiled.

It was true that she forced herself to get married, but when he got married, he was dissatisfied with ten thousand people on the surface, but in his heart, he was actually not so conflicted.

"Eating." The

man's voice sounded above his head.

Song Junyue raised her head, and when she met his eyes, she was still immersed in business and did not recover.

Song Xingchen on the other side of the phone exploded, "Sister, who are you having dinner with? I heard a man's voice, who doesn't look like Brother Ling Ye's."

"Okay, no wonder you left your job suddenly. Do you have a man, that's why you gave me all your work..." The

room was very quiet, and Song Xingchen's voice could be heard even if the amplifier was not turned on.

Song Junyue decisively cut off the phone.

"Song Xingchen?" Lin Fansen asked.

"Well, he is not motivated. He works like soy sauce every day. He just wants to fall in love." Song Junyue said helplessly.

"He is the third child, with a brother and a sister. Anyway, it's not Song's turn to take over. It's normal that he doesn't need to be motivated." Lin Fansen echoed.

After being stunned for a few seconds, Song Junyue suddenly smiled, "If only I were the third child, I don't need any pressure. It would be nice to talk to you about love every day."

"You are not that kind of person." Lin Fansen pretended to be a bowl of rice. , glanced at her, "You are a woman better than a man."

"...Are you complimenting me or hurting me." Song Junyue stepped on him under the table.

Lin Fansen's eyebrows almost softened.

In the eyes of outsiders, Song Junyue was cold and arrogant, but when two people fell in love, she would always put away her hard, thorny shell in front of him, revealing her truest appearance.

The most memorable thing about him was her.

"Am I wrong? When you were in college, there was no man in the school who could compare to you." Lin Fansen said in a low voice, "Everyone said that I was looking for a girlfriend like you, and I was destined to lose my husband in this life."

Song Junyue was taken aback for a moment . , then laughed.

Of course she had heard those words.

In college, she was always arrogant and beautiful. Many boys liked her but didn't dare to chase her. She didn't give a good face when she dared to chase.

However, she just fell in love with Lin Fansen, a person who can't say nice things but is stubborn.

People have conquest in their hearts, so she wanted to conquer Lin Fansen's ice lolly, and ended up putting herself in it.

"Are you sure your husband is in bad shape?" She said with a smile on her face, "You torture me a lot. On the surface, you look innocent, but in your bones, can you torture a woman to the hospital? Report to the police, just because of my injury, the police can convict you of that kind of crime."

"...I was wrong, wife, eat eggplant." .

After eating, Lin Fansen hurried to wash the dishes, and didn't even dare to let her touch the dishes, lest she would hold on to the matter.

It's just that after finishing the work at hand, Lin Fansen found that he didn't have any clothes to wash or even daily necessities here.

Thinking of Song Junyue's injuries, she was too embarrassed to drag others around, so she had to say, "Wife, I'll go back to the apartment and bring some clothes to wash."

"No need."

Song Junyue lazily read from her notebook. He raised his head, "When you were eating before, I already contacted someone, and all your clothes and toiletries will be delivered."

Lin Fansen's brows wrinkled strangely, "Is this considered a bag?"

"Your salary is stuck in my hands." Song Junyue replied with a smile.

Ling Ye said that she doesn't know much emotionally. She really doesn't know other men, but Lin Fansen still understands, "Money will be deducted from above."

Lin Fansen felt less awkward, he didn't care about his own The other half is strong, but that doesn't mean he can accept eating and drinking, "If you want to buy anything, you can also charge it from my card. Although I don't have the money you have, I can still let you spend whatever you want. Guaranteed."

"Well, I won't be polite."

Song Junyue closed the computer, "I'm going to take a shower, if the things are delivered, you can put them in the cloakroom." After

a while, the doorbell rang.

After Lin Fansen opened the door, a middle-aged woman wearing a professional women's dress walked in first, followed by several women holding men's clothes.

"Hello, I'm the general manager of Xinlong Shopping Mall. We're here to deliver clothes to Miss Song."

After the middle-aged lady introduced herself, a row of men's clothes was brought in, all of which were his code, except on weekdays. The suits worn, as well as loungewear, pajamas, nightgowns and shoes, even towels and changing toothbrushes, men's skin care products.

Lin Fansen roughly pondered the price of these things, and then when those people left, he decisively took out his mobile phone and transferred a lot of money to the card given to Song Junyue.

It was his own money anyway, and it was okay for his wife to prepare clothes and daily necessities for him meticulously.

Lin Fansen has never been a particularly macho man.

On the contrary, he even felt that Song Junyue was very caring.

She is so careful, so as a man, she has to do something.

So, when Song Junyue came out of the shower, Lin Fansen immediately came over with a hairdryer to blow her hair.

After blowing, she raised her head and saw the neatly blown hair in the mirror, her pink lips curled up, "It's a good blow, I've been blowing girls' hair for so many years."

"No." Lin Fansen took a straight look "After breaking up with you, I never told anyone."

"But you talked about your girlfriend, and a few days ago, you almost married... your little secretary." Song Junyue gouged out She glanced at her, don't look at her calm at the time, but she kept it all in her heart.

Song Junyue: "..."

"Come on, I'll change the medicine for you." Lin Fansen picked her up, put her on the bed, and took out an ointment in his hand.

Song Junyue recognized at a glance that this was the medicine prescribed by the hospital, mainly to smear the wound there, and somehow it got into his hands.

She blushed and hurriedly blocked him, "I don't need you, I'll do it myself."

"I just want to see your injury." Lin Fansen frowned, "It's not that I haven't seen it."

"But I don't want you right now . Look." Song Junyue grabbed the medicine, ignored him, and went straight to the bathroom.

Lin Fansen had nothing to do.

At half past ten in the evening, when Lin Fansen first went to bed, Song Junyue came over with a few bottles of men's skin care products, raised her slender eyebrows and smiled, "You didn't use the skin care products I bought for you?"

Lin Fansen looked at the ice cube face After a glance, his body tightened, "Men don't need to use these."

"But I bought it for you, so you have to use it."

"Don't be too long-winded."

Song Junyue ignored his changes, anyway, he was injured, and he couldn't use force, "Look at your face. It's all so rough, don't use it yet, beware of getting old and ugly, watch my steps, use water first, then use this..."

She bent down and smeared a little on his face.

The woman's hands were soft and fragrant, and when she lowered her head, the curvature of the pajamas was looming.

Lin Fansen only felt that his body was being roasted on the fire.

I want to push her away, but who doesn't like this picture.

No wonder so many old men in the company like to find beautiful and young women for massage, ahem, of course, he never did.

After finally applying it, Song Junyue sat up, Lin Fansen didn't let her leave, pulled her arm, kissed her and fell onto the bed.

Lin Fansen that night was like melting ice.

Although the two didn't have a relationship, it seemed to make up for the wedding night, and he didn't kiss enough.

"Yes, the upper limit cannot exceed 100,000." Lin Fansen said lightly.

Lin Fanyue's whole body is not well, "Brother, I am your sister. I bought tens of millions of things for Sister Junyue without blinking your eyes. You are too much."

"Aren't you rich yourself?" Lin Fansen Indifferently retorted, "I want to raise a woman in the future, so I can't just give you any money. You go to Song Qingrui."

Lin Fanyue didn't want to talk anymore, so she was very sad, as if her brother finally didn't belong to him.

In the end, she resignedly chose a small necklace for herself.

After the selection, Lin Fansen took her upstairs to women's clothing, "You have a good eye, help Junyue pick some clothes and shoes."

Lin Fanyue: "..."

While Lin Fansen was not paying attention, she stole I secretly took a photo for Song Qingrui: [I really didn't expect that one day, my own man would bring me to pick clothes, shoes, and jewelry for other women, crying and crying]

Song Qingrui: [Your brother?]

Lin Fanyue: [Smart, I didn't realize that my brother was so generous to women before]

Song Qingrui: [Be good, I'll take you to buy it tomorrow.]

Lin Fanyue: 【My brother bought a pair of 60 million diamond rings for Sister Junyue. 】

Song Qingrui: [Cough, it's a bit expensive, why don't you buy it for me?]

Lin Fanyue: 【Go away! 】

Song Qingrui: [Treasure, don't worry, I will never ask for a diamond ring of 60 million yuan, 6,000 yuan is fine. Look at how much Sister Junyue is worth, I am different. I am low in value and easy to support. .]

Lin Fanyue: [Okay, I'll think about it.]

"Help me choose clothes." Lin Fansen suddenly came over, saw his sister holding a mobile phone, and at a glance, he knew that he was chatting with Song Qingrui again.

"Can't you pick it yourself?" Lin Fanyue rolled her eyes rudely, "Besides, you can bring Sister Junyue with you."

"She's not very interested in shopping for clothes." Lin Fansen paused and added, "Her usual clothes, skin care products, and jewelry are also delivered directly from the mall."

"..."

After hearing this, Lin Fanyue silently admired for a few seconds, why she was not delivered, sad.

"Brother, since she has so many clothes, what else do you buy? Don't waste your money."

"It doesn't matter, she will wear it when she buys it back. She wears different clothes every day, without the heavy ones." Lin Fansen said lightly, This was his dream when he was young, but at that time, he could only study part-time and work without money, but now it is different.

Lin Fanyue gave him a horrified look.

In the past, his brother always regarded women as air, and he didn't understand the style. He really didn't see his brother's potential to spoil his wife.

Sure enough, when a man falls in love, even ice cubes can become unrecognizable.

She just doesn't understand, since you like people so much, who are you pretending to be so cold and mean before, is it necessary?

After Lin Fansen bought the good things, he ruthlessly sent his sister back to the company, and then dragged a truckload of goods away.

...

In the evening, he attended a birthday party for a business partner. He thought it was just an ordinary party, but he didn't expect to meet Qiu Yuxin's parents there.

Qiu Yuxin didn't come. When Father Qiu saw him, he shook hands with a smile, "Mr. Lin, congratulations." Lin Fansen's

eyes showed a hint of doubt, "Where does the joy come from?"

He smiled and said, "I've climbed up the eldest Miss Song family, aren't you happy?"

"Mrs. Qiu, please be careful when you speak." Lin Fansen's eyes darkened, his tone slightly cold.

"Am I wrong," Mother Qiu sneered, "Outsiders think that the Lin family is today, and it really depends on you, Lin Fansen. It turns out that Mr. Lin betrayed his beauty, too, so handsome, it's really a waste not to climb high branches. , It's also our fault that Yuxin is blind. In order to save you, you are still lying at home and can't go anywhere. You said that if outsiders knew that President Lin had promised to marry us Yuxin, but because he climbed up to Song Junyue, he immediately took it away. My daughter was kicked out, what will others say about you."

"What do you want to do?" Lin Fansen narrowed his eyes.

Seeing that he didn't deny it, Father Qiu sighed, "Look, you have climbed the big tree of Song Junyue, Lin's future is boundless, let's look at our family Yuxin, in order to save you, you are tortured by leg injuries every day. , those leg injuries are all scars, and their worth will definitely be greatly reduced in the future, so let's see if you can tell Song Junyue so that our investment company can participate in Song's hydropower project in the north."

Lin Fansen stared at him with suspicion. He said, "Mr. Qiu has a good calculus, but you are too eloquent. Your daughter just saved me from an injury. Not only did I lose hundreds of millions of dollars in appearance, but now I still want to participate in this kind of thing. Your Qiu family is really greedy for big projects at the national level."

Father Qiu was not angry, but still smiled, "Mr. Lin, don't say that, it's not because of you that Song Junyue likes you. Face, your body, if it wasn't for my daughter who sacrificed herself to save you and left you intact, or you thought you could climb up to Song Junyue, I guess, the problem that Lin encountered before was solved suddenly, I am afraid that is also the reason for President Lin's dedication Let's go."

Lin Fansen's temples jumped. As a man, he was repeatedly challenged with dignity. If it wasn't at the banquet, he would definitely have done it, "I think you have found the wrong person, Song Junyue is no longer the president of the Song family. "

The skinny Camel is bigger than Ma. Even if she leaves, the company is full of high-level executives who listen to her. It's just a project. It's a trivial matter."

Chapter 2540

Father Qiu said lazily, "If you don't want to help, then I have to tell people how you, Lin Fansen, cancelled the marriage with my daughter in order to climb the high branches, and the facade you transferred is the best. Evidence, guess, will the people in the capital still look up to you? You don't need to care about others. If this kind of thing spreads to the ears of the Song family, they will think that you have ulterior motives, climb the dragon and the phoenix, and Song Junyue will rob others. I'm afraid it's hard to raise your head as a man."

Lin Fansen has seen many shameless people in his life.

But it is rare to see someone as shameless as the Qiu family in a wealthy family.

Originally, those two facades wanted to completely repay Qiu Yuxin's life-saving grace, but they did not expect to end up threatening him.

Sure enough, he shouldn't be soft-hearted.

"Okay, I'll go back and discuss it with Junyue, but I don't know if I can talk about success or not. After all, like you said, I just rely on this face, there are more men with better faces than me. Let's go."

Lin Fansen left a sentence expressionlessly and turned to leave.

Father Qiu was stunned for a while, Mother Qiu said anxiously: "What does he mean, what if Song Junyue doesn't want to."

Father Qiu snorted coldly, "Dignified Miss Song, I don't believe Song Junyue can afford to lose face for stealing someone else's man. "

That's what we said, we didn't follow that..." Mother Qiu was a little flustered, "Will it irritate people?"

Father Qiu palpitated, but then he thought of the huge The project, and said coldly: "If Lin Fansen doesn't listen, let's follow what that person said. Although he promised us verbally, it is still not as good as the benefits of the project. Song Junyue is leaving the Song family now, and it will be a long time later. She must have been playing games with her father for a while, she should agree to our conditions, after all, does Miss Song lose face by stealing other people's men?"

"Indeed, as long as we can cooperate with the Song family on that project, we can earn more than one billion yuan casually. At that time, our Qiu family will be able to go further. With money, many things will be easier to do."

...

After the birthday party, Lin Fansen left first.

He didn't care about Qiu's family's threat to his reputation. He said whatever others wanted to say, and the messages would not affect his earning.

His only worry was that the Song family would be even more unable to accept him and Song Junyue.

His parents may also feel ashamed.

It's just that this is a bit strange, how did the Qiu family know that he was with Song Junyue.

Could it be from the Song family?

Or...that Ling Ye?

Lin Fansen was even more suspicious of the latter.

He drove to the Song Group.

Song Junyue is working overtime tonight, and the more she has to leave, the more things she has to deal with.

He waited in the parking lot for half an hour before seeing Song Junyue appear.

"Actually, you don't have to come to pick me up specially, I can drive back by myself." She opened the car door, and a smile appeared on her snow-like face.
